2.20 (1) multiply the referendum allowance the district would have received for fiscal  
 2.21 year 2015 under Minnesota Statutes 2012, section 126C.17, subdivision 1, based on  
 2.22 elections held before July 1, 2013, by the resident marginal cost pupil units the district  
 2.23 would have counted for fiscal year 2015 under Minnesota Statutes 2012, section 126C.05;

2.24 (2) add to the result of clause (1) the adjustment the district would have received  
 2.25 under Minnesota Statutes 2012, section 127A.47, subdivision 7, paragraphs (a), (b), and  
 2.26 (c), based on elections held before July 1, 2013;

2.27 (3) divide the result of clause (2) by the district's adjusted pupil units for fiscal  
 2.28 year 2015;

2.29 (4) add to the result of clause (3) any additional referendum allowance per adjusted  
 2.30 pupil unit authorized by elections held between July 1, 2013, and December 31, 2013;

2.31 (5) add to the result in clause (4) any additional referendum allowance resulting from  
 2.32 inflation adjustments approved by the voters prior to January 1, 2014;

 2.34 levy and local optional aid under section 126C.10, subdivision 2e, divided by the adjusted  
 2.35 pupil units of the district for that school year; and

(7) if the result of clause (6) is less than zero, set the allowance to zero.

(b) A district's referendum allowance equals the sum of the district's initial referendum allowance, plus any new referendum allowance authorized between July 1, 2013, and December 31, 2013, under subdivision 9a, plus any additional referendum allowance per adjusted pupil unit authorized after December 31, 2013, minus any allowances expiring in fiscal year 2016 or later, provided that the allowance may not be less than zero. For a district with more than one referendum allowance for fiscal year 2015 under Minnesota Statutes 2012, section 126C.17, the allowance calculated under paragraph (a), clause (3), must be divided into components such that the same percentage of the district's allowance expires at the same time as the old allowances would have expired under Minnesota Statutes 2012, section 126C.17. For a district with more than one allowance for fiscal year 2015 that expires in the same year, the reduction under paragraph (a), clause (6), to offset local optional revenue shall be made first from any allowances that do not have an inflation adjustment approved by the voters.

(3) the product of the referendum allowance limit the district would have received for fiscal year 2015 under Minnesota Statutes 2012, section 126C.17, subdivision 2, and the resident marginal cost pupil units the district would have received for fiscal year 2015 under Minnesota Statutes 2012, section 126C.05, subdivision 6, plus the adjustment the district would have received under Minnesota Statutes 2012, section 127A.47, subdivision 7, paragraphs (a), (b), and (c), based on elections held before July 1, 2013, divided by the district's adjusted pupil units for fiscal year 2015; ~~minus \$424 for a district receiving local optional revenue under section 126C.10, subdivision 2d, paragraph (a), minus~~

The reduction shall be computed on the basis of the amount so ascertained.

12.29 (6) integrate strong academic content into career-focused courses and applied and  
12.30 experiential learning opportunities and integrate relevant career-focused courses and  
12.31 applied and experiential learning opportunities into strong academic content;

12.32 (7) help identify and access appropriate counseling and other supports and assistance  
12.33 that enable students to complete required coursework, prepare for postsecondary education

13.1 and careers, and obtain information about postsecondary education costs and eligibility  
13.2 for financial aid and scholarship;

13.3 (8) help identify collaborative partnerships among prekindergarten through grade  
13.4 12 schools, postsecondary institutions, economic development agencies, and local and  
13.5 regional employers that support students' transition to postsecondary education and  
13.6 employment and provide students with applied and experiential learning opportunities; and

13.7 (9) be reviewed and revised at least annually by the student, the student's parent or  
13.8 guardian, and the school or district to ensure that the student's course-taking schedule keeps  
13.9 the student making adequate progress to meet state and local academic standards and high  
13.10 school graduation requirements and with a reasonable chance to succeed with employment  
13.11 or postsecondary education without the need to first complete remedial course work.

13.12 (b) A school district may develop grade-level curricula or provide instruction that  
13.13 introduces students to various careers, but must not require any curriculum, instruction,  
13.14 or employment-related activity that obligates an elementary or secondary student to  
13.15 involuntarily select or pursue a career, career interest, employment goals, or related job  
13.16 training.

13.17 (c) Educators must possess the knowledge and skills to effectively teach all English  
13.18 learners in their classrooms. School districts must provide appropriate curriculum,  
13.19 targeted materials, professional development opportunities for educators, and sufficient  
13.20 resources to enable English learners to become career and college ready.

13.21 (d) When assisting students in developing a plan for a smooth and successful  
13.22 transition to postsecondary education and employment, districts must recognize the unique  
13.23 possibilities of each student and ensure that the contents of each student's plan reflect the  
13.24 student's unique talents, skills, and abilities as the student grows, develops, and learns.

13.25 Sec. 10. Minnesota Statutes 2014, section 120B.30, subdivision 1, is amended to read:

13.26 Subdivision 1. **Statewide testing.** (a) The commissioner, with advice from experts  
13.27 with appropriate technical qualifications and experience and stakeholders, consistent with  
13.28 subdivision 1a, shall include in the comprehensive assessment system, for each grade  
13.29 level to be tested, state-constructed tests ~~developed as computer-adaptive reading and~~  
13.30 ~~mathematics assessments for students that are~~ aligned with the state's required academic  
13.31 standards under section 120B.021, include multiple choice questions, and are administered  
13.32 annually to all students;

13.33 (1) in mathematics grades 3 5 through 7, 8 and 11;

13.34 (2) in reading, grades 3 through 5, 8, and 10; and

14.1 (3) in science, grades 5, 8, and once in high school. The high school test shall  
14.2 assess the life science standards.

14.3 Assessments under this section must comply with the requirements under the federal No  
14.4 Child Left Behind flexibility waiver. Before any change to state standardized assessment  
14.5 is effective, the Department of Education must obtain a corresponding amendment to its  
14.6 federal flexibility waiver.

14.7 (b) Reading and mathematics assessments for all students in grade 8 must be aligned  
14.8 with the state's required reading and mathematics standards, be administered annually,  
14.9 and include multiple choice questions. State-developed high school tests aligned with the  
14.10 state's required academic standards under section 120B.021 and administered to all high  
14.11 school students in a subject other than writing must include multiple choice questions. The  
14.12 commissioner shall establish one or more months during which schools shall administer  
14.13 the tests to students each school year. The commissioner shall determine the testing  
14.14 process and order of administration.

14.15 (c) The state assessment system must be aligned to the most recent version of  
14.16 academic standards as described in section 120B.023 three school years from the effective  
14.17 date of the academic standards rule. The commissioner must not develop statewide  
14.18 assessments for academic standards in social studies, health and physical education, and  
14.19 the arts.

14.20 (d) For purposes of conforming with existing federal educational accountability  
14.21 requirements, the commissioner must develop and implement computer-adaptive reading  
14.22 and mathematics assessments for grades 3 through 8 and high school reading and  
14.23 mathematics tests aligned with state academic standards, and science assessments under  
14.24 paragraph (a), clause (2), that districts and sites must use to monitor student growth  
14.25 toward achieving those standards.

14.26 (e) The commissioner must ensure that for annual computer-adaptive assessments:

14.27 (1) individual student performance data and achievement reports are available  
14.28 within three school days of when students take an assessment except in a year when an  
14.29 assessment reflects new performance standards;

14.30 (2) growth information is available for each student from the student's first  
14.31 assessment to each proximate assessment using a constant measurement scale;

14.32 (3) parents, teachers, and school administrators are able to use elementary and  
14.33 middle school student performance data to project students' secondary and postsecondary  
14.34 achievement; and

14.35 (4) useful diagnostic information about areas of students' academic strengths and  
14.36 weaknesses is available to teachers and school administrators for improving student

15.1 instruction and indicating the specific skills and concepts that should be introduced and  
15.2 developed for students at given performance levels, organized by strands within subject  
15.3 areas, and aligned to state academic standards.

15.4 Subd. 1c. **Assessment graduation requirements.** ~~(1)~~ (a) Students enrolled in  
15.5 grade 8 through the 2009-2010 school year are eligible to be assessed under ~~(i)~~ (1) the  
15.6 graduation-required assessment for diploma in reading, mathematics, or writing under  
15.7 Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraphs (c), clauses (1) and  
15.8 (2), and (d), ~~(ii)~~ (2) the WorkKeys job skills assessment, ~~(iii)~~ (3) the Compass college  
15.9 placement test, ~~(iv)~~ (4) the ACT assessment for college admission, or ~~(v)~~ (5) a nationally  
15.10 recognized armed services vocational aptitude test.

15.11 ~~(2)~~ (b) Students enrolled in grade 8 in the 2010-2011 or 2011-2012 school year  
15.12 are eligible to be assessed under ~~(i)~~ (1) the graduation-required assessment for diploma  
15.13 in reading, mathematics, or writing under Minnesota Statutes 2012, section 120B.30,  
15.14 subdivision 1, paragraph (c), clauses (1) and (2), ~~(ii)~~ (2) the WorkKeys job skills  
15.15 assessment, ~~(iii)~~ (3) the Compass college placement test, ~~(iv)~~ (4) the ACT assessment for  
15.16 college admission, or ~~(v)~~ (5) a nationally recognized armed services vocational aptitude test.

15.17 ~~(3)~~ (c) For students under ~~elause (1) or (2)~~ paragraph (a) or (b), a school district may  
15.18 substitute a score from an alternative, equivalent assessment to satisfy the requirements of  
15.19 this paragraph.

15.20 ~~(b) The state assessment system must be aligned to the most recent revision of~~  
15.21 ~~academic standards as described in section 120B.023 in the following manner:~~

15.22 ~~(1) mathematics;~~

15.23 ~~(i) grades 3 through 8 beginning in the 2010-2011 school year; and~~

15.24 ~~(ii) high school level beginning in the 2013-2014 school year;~~

15.25 ~~(2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012~~  
15.26 ~~school year; and~~

15.27 ~~(3) language arts and reading; grades 3 through 8 and high school level beginning in~~  
15.28 ~~the 2012-2013 school year.~~

15.29 ~~(e)~~ (d) For students enrolled in grade 8 in the 2012-2013 school year and later,  
15.30 students' state graduation requirements, based on a longitudinal, systematic approach to  
15.31 student education and career planning, assessment, instructional support, and evaluation,  
15.32 include the following:

15.33 ~~(1) demonstrate understanding of required academic standards~~ participation on a  
15.34 nationally normed college entrance exam, in grade 11;

15.35 ~~(2) achievement and career and college readiness tests in mathematics, reading, and~~  
15.36 ~~writing, consistent with paragraph (c) and to the extent available, to monitor students'~~

continuous development of and growth in requisite knowledge and skills; analyze students' progress and performance levels, identifying students' academic strengths and diagnosing areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and, based on analysis of students' progress and performance data, determine students' learning and instructional needs and the instructional tools and best practices that support academic rigor for the student; and

(3) (2) consistent with this paragraph and section 120B.125, age-appropriate exploration and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment without need for postsecondary remediation. Districts and schools, on an annual basis, must use the career exploration elements to help students, beginning no later than grade 9, and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. Districts and schools must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.

(e) Based on appropriate state guidelines, students with an individualized education program may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

~~Expectations of schools, districts, and the state for career or college readiness under this subdivision must be comparable in rigor, clarity of purpose, and rates of student completion.~~

(f) A high school student under clause (2) not yet ready for career and college must receive targeted, relevant, academically rigorous, and resourced instruction, which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation. Consistent with sections 120B.13, 124D.09, 124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students. ~~Students are not required to achieve a specified score or level of proficiency on an assessment under this subdivision to graduate from high school.~~

~~(d)~~ (g) To improve the secondary and postsecondary outcomes of all students, the alignment between secondary and postsecondary education programs and Minnesota's workforce needs, and the efficiency and cost-effectiveness of secondary and postsecondary programs, the commissioner, after consulting with the chancellor of the Minnesota State Colleges and Universities and using a request for proposal process, shall contract for a series of assessments that are consistent with this subdivision, ~~aligned with state academic standards,~~ and include career and college readiness benchmarks. ~~Mathematics, reading, and writing assessments for students in grades 8 and 10 must be predictive of a nationally normed assessment for career and college readiness. This nationally recognized assessment must be a college entrance exam and given to students in grade 11. This series of assessments must include a college placement diagnostic exam and contain career exploration elements.~~ The commissioner and the chancellor of the Minnesota State Colleges and Universities must collaborate in aligning instruction and assessments for adult basic education students and English learners to provide the students with diagnostic information about any targeted interventions, accommodations, modifications, and supports they need so that assessments and other performance measures are accessible to them and they may seek postsecondary education or employment without need for postsecondary remediation. When administering formative or summative assessments used to measure the academic progress, including the oral academic development, of English learners and inform their instruction, schools must ensure that the assessments are accessible to the students and students have the modifications and supports they need to sufficiently understand the assessments.

~~(f)~~ Districts and schools, on an annual basis, must use the career exploration elements in these assessments to help students, beginning no later than grade 9, and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. Districts and schools must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.

~~(2)~~ Students in grade 10 or 11 not yet academically ready for a career or college based on their growth in academic achievement between grades 8 and 10 must take the college placement diagnostic exam before taking the college entrance exam under clause (3).

~~Students, their families, the school, and the district can then use the results of the college placement diagnostic exam for targeted instruction, intervention, or remediation and improve students' knowledge and skills in core subjects sufficient for a student to graduate and have a reasonable chance to succeed in a career or college without remediation.~~

~~(3) All students except those eligible for alternative assessments must be given the college entrance part of these assessments in grade 11. A student under this clause who demonstrates attainment of required state academic standards, which include career and college readiness benchmarks, on these assessments is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.~~

~~(4) (h) As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.~~

~~(5) A study to determine the alignment between these assessments and state academic standards under this chapter must be conducted. Where alignment exists, the commissioner must seek federal approval to, and immediately upon receiving approval, replace the federally required assessments referenced under subdivision 1a and section 120B.35, subdivision 2, with assessments under this paragraph.~~

~~(e) In developing, supporting, and improving students' academic readiness for a career or college, schools, districts, and the state must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation. The commissioner, in consultation with local school officials and educators, and Minnesota's public postsecondary institutions must ensure that the foundational knowledge and skills for students' successful performance in postsecondary employment or education and an articulated series of possible targeted interventions are clearly identified and satisfy Minnesota's postsecondary admissions requirements.~~

~~(f) (i) For students in grade 8 in the 2012-2013 school year and later, a school, district, or charter school must record on the high school transcript a student's progress toward career and college readiness, and for other students as soon as practicable.~~

~~(g) (j) The school board granting students their diplomas may formally decide to include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.~~

~~(h) The 3rd through 7th grade computer-adaptive assessment results and grade 8 and high school test results shall be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner must establish empirically derived benchmarks on adaptive assessments in grades 3 through 7 that reveal a trajectory toward career and college readiness. The commissioner must disseminate to the public the computer-adaptive assessments, grade 8, and high school test results upon receiving those results.~~

~~(i) The grades 3 through 7 computer-adaptive assessments and grade 8 and high school tests must be aligned with state academic standards. The commissioner shall determine the testing process and the order of administration. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.~~

~~(j) The commissioner shall include the following components in the statewide public reporting system:~~

~~(1) uniform statewide computer-adaptive assessments of all students in grades 3 through 7 and testing at the grade 8 and high school levels that provides appropriate, technically sound accommodations or alternate assessments;~~

~~(2) educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;~~

~~(3) state results on the American College Test; and~~

~~(4) state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.~~

~~(k) For purposes of statewide accountability, "career and college ready" means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.~~

~~(l) For purposes of statewide accountability, "cultural competence," "cultural competency," or "culturally competent" means the ability and will to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.~~

~~(l) Students are not required to achieve a specific score or level of proficiency on an assessment under this subdivision to graduate from high school.~~

Sec. 11. Minnesota Statutes 2014, section 120B.30, subdivision 1a, is amended to read:

Subd. 1a. **Statewide and local assessments; results.** (a) For purposes of this section, the following definitions have the meanings given them.

(1) "Computer-adaptive assessments" means fully adaptive assessments.

(2) "Fully adaptive assessments" include test items that are on-grade level and items that may be above or below a student's grade level.

(3) "On-grade level" test items contain subject area content that is aligned to state academic standards for the grade level of the student taking the assessment.

(4) "Above-grade level" test items contain subject area content that is above the grade level of the student taking the assessment and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards above the grade level of the student taking the assessment. Notwithstanding the student's grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(5) "Below-grade level" test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards below the student's current grade level. Notwithstanding the student's grade level, administering below-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(6) For purposes of statewide accountability, "cultural competence," "cultural competency," or "culturally competent" means the ability and will to interact effectively with people of diverse cultures, native languages, and socioeconomic backgrounds.

~~(b) The commissioner must use fully adaptive mathematics and reading assessments for grades 3 through 7 beginning in the 2015-2016 school year and later.~~

~~(c) For purposes of conforming with existing federal educational accountability requirements, the commissioner must develop and implement computer-adaptive reading and mathematics assessments for grades 3 through 7, state-developed grade 8 and high school reading and mathematics tests aligned with state academic standards, and science assessments under clause (2) that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, health and physical education, and the arts. The commissioner must require:~~

~~(1) annual computer-adaptive reading and mathematics assessments in grades 3 through 7, and grade 8 and high school reading and mathematics tests; and~~

21.1 ~~(2) annual science assessments in one grade in the grades 3 through 5 span, the~~  
21.2 ~~grades 6 through 8 span, and a life sciences assessment in the grades 9 through 12 span,~~  
21.3 ~~and the commissioner must not require students to achieve a passing score on high school~~  
21.4 ~~science assessments as a condition of receiving a high school diploma.~~

21.5 ~~(d) The commissioner must ensure that for annual computer-adaptive assessments:~~

21.6 ~~(1) individual student performance data and achievement reports are available~~  
21.7 ~~within three school days of when students take an assessment except in a year when an~~  
21.8 ~~assessment reflects new performance standards;~~

21.9 ~~(2) growth information is available for each student from the student's first~~  
21.10 ~~assessment to each proximate assessment using a constant measurement scale;~~

21.11 ~~(3) parents, teachers, and school administrators are able to use elementary and~~  
21.12 ~~middle school student performance data to project students' secondary and postsecondary~~  
21.13 ~~achievement; and~~

21.14 ~~(4) useful diagnostic information about areas of students' academic strengths and~~  
21.15 ~~weaknesses is available to teachers and school administrators for improving student~~  
21.16 ~~instruction and indicating the specific skills and concepts that should be introduced and~~  
21.17 ~~developed for students at given performance levels, organized by strands within subject~~  
21.18 ~~areas, and aligned to state academic standards.~~

21.19 ~~(e) (b)~~ The commissioner must ensure that all state tests administered to elementary  
21.20 and secondary students measure students' academic knowledge and skills and not students'  
21.21 values, attitudes, and beliefs.

21.22 ~~(f) Reporting of state assessment results must:~~

21.23 ~~(1) provide timely, useful, and understandable information on the performance of~~  
21.24 ~~individual students, schools, school districts, and the state;~~

21.25 ~~(2) include a growth indicator of student achievement; and~~

21.26 ~~(3) determine whether students have met the state's academic standards.~~

21.27 ~~(g) (c)~~ Consistent with applicable federal law, the commissioner must include  
21.28 appropriate, technically sound accommodations or alternative assessments for the very  
21.29 few students with disabilities for whom statewide assessments are inappropriate and  
21.30 for English learners.

21.31 ~~(h) A school, school district, and charter school must administer statewide~~  
21.32 ~~assessments under this section, as the assessments become available, to evaluate student~~  
21.33 ~~progress toward career and college readiness in the context of the state's academic~~  
21.34 ~~standards. A school, school district, or charter school may use a student's performance~~  
21.35 ~~on a statewide assessment as one of multiple criteria to determine grade promotion or~~  
21.36 ~~retention. A school, school district, or charter school may use a high school student's~~

22.1 ~~performance on a statewide assessment as a percentage of the student's final grade in a~~  
22.2 ~~course, or place a student's assessment score on the student's transcript.~~

22.3 Sec. 12. Minnesota Statutes 2014, section 120B.30, is amended by adding a  
22.4 subdivision to read:

22.5 Subd. 1b. **Special and extenuating circumstances.** The Department of Education  
22.6 shall develop a list of circumstances in which a student may be unable to test. The list  
22.7 shall include but not be limited to: students transferring to Minnesota from another state,  
22.8 students transferring from nonpublic to public school, students hospitalized, and parental  
22.9 opting out of the student's testing. Students unable to participate in statewide assessment  
22.10 due to a circumstance on the list authorized under this subdivision shall not be penalized  
22.11 for missing the opportunity to take a test.

22.12 Sec. 13. Minnesota Statutes 2014, section 120B.30, subdivision 3, is amended to read:

22.13 Subd. 3. **Reporting.** (a) The commissioner shall report test results publicly and  
22.14 to stakeholders, including the performance achievement levels developed from students'  
22.15 unweighted test scores in each tested subject and a listing of demographic factors that  
22.16 strongly correlate with student performance. The test results must not include personally  
22.17 identifiable information as defined in Code of Federal Regulations, title 34, section 99.3.  
22.18 The commissioner shall also report data that compares performance results among school  
22.19 sites, school districts, Minnesota and other states, and Minnesota and other nations. The  
22.20 commissioner shall disseminate to schools and school districts a more comprehensive  
22.21 report containing testing information that meets local needs for evaluating instruction and  
22.22 curriculum. The commissioner shall disseminate to charter school authorizers a more  
22.23 comprehensive report containing testing information that contains anonymized data where  
22.24 cell count data are sufficient to protect student identity and that meets the authorizer's  
22.25 needs in fulfilling its obligations under section 124D.10.

22.26 (b) Reporting of state assessment results must:

22.27 (1) provide timely, useful, and understandable information on the performance of  
22.28 individual students, schools, school districts, and the state;

22.29 (2) include a growth indicator of student achievement; and

22.30 (3) determine whether students have met the state's academic standards.

22.31 (c) The grade 3 through 7 computer-adaptive assessment results and grade 8 and  
22.32 high school test results shall be available to districts for diagnostic purposes affecting  
22.33 student learning and district instruction and curriculum, and for establishing educational  
22.34 accountability. The commissioner must establish empirically derived benchmarks on

23.1 adaptive assessments in grades 3 through 7 that reveal a trajectory toward career and  
23.2 college readiness. The commissioner shall establish composite career and college-ready  
23.3 scores in grades 5, 8, and high school. The composite scores shall predict performance on  
23.4 a college entrance exam. The commissioner must disseminate to the public test results  
23.5 upon receiving those results.

23.6 (d) The commissioner shall include the following components in the statewide  
23.7 public reporting system:

23.8 (1) uniform statewide computer-adaptive assessments of all students in grades  
23.9 3 through 8 and high school levels that provide appropriate, technically sound  
23.10 accommodations or alternate assessments;

23.11 (2) educational indicators that can be aggregated and compared across school  
23.12 districts and across time on a statewide basis, including average daily attendance, high  
23.13 school graduation rates, and high school drop-out rates by age and grade level;

23.14 (3) state results on the ACT; and

23.15 (4) state results from participation in the National Assessment of Educational  
23.16 Progress so that the state can benchmark its performance against the nation and other  
23.17 states, and, where possible, against other countries, and contribute to the national effort  
23.18 to monitor achievement.

23.19 Sec. 14. Minnesota Statutes 2014, section 120B.30, is amended by adding a  
23.20 subdivision to read:

23.21 Subd. 3a. **Administration and usage.** A school, school district, and charter school  
23.22 must administer statewide assessments under this section, as the assessments become  
23.23 available, to evaluate student progress toward career and college readiness in the context  
23.24 of the state's academic standards. A school, school district, or charter school may use a  
23.25 student's performance on a statewide assessment as one of multiple criteria to determine  
23.26 grade promotion or retention. A school, school district, or charter school may use a high  
23.27 school student's performance on a statewide assessment as a percentage of the student's  
23.28 final grade in a course, or place a student's assessment score on the student's transcript.

23.29 Sec. 15. Minnesota Statutes 2014, section 120B.30, subdivision 4, is amended to read:

23.30 Subd. 4. **Access to tests.** Consistent with section 13.34, the commissioner must  
23.31 adopt and publish a policy to provide public and parental access for review of basic  
23.32 skills tests, Minnesota Comprehensive Assessments, or any other such statewide test  
23.33 and assessment developed assessments which would not compromise the objectivity or  
23.34 fairness of the testing or examination process. Upon receiving a written request, the

24.1 commissioner must make available to parents or guardians a copy of their student's actual

35.10 recommended for licensure under subdivision 5 or successfully demonstrates to the board  
35.11 qualifications for licensure under subdivision 6.

35.12 Sec. 26. Minnesota Statutes 2014, section 122A.40, subdivision 8, is amended to read:

35.13 Subd. 8. **Development, evaluation, and peer coaching for continuing contract**  
35.14 **teachers.** (a) To improve student learning and success, a school board and an exclusive  
35.15 representative of the teachers in the district, consistent with paragraph (b), may develop  
35.16 a teacher evaluation and peer review process for probationary and continuing contract  
35.17 teachers through joint agreement. If a school board and the exclusive representative of the  
35.18 teachers do not agree to an annual teacher evaluation and peer review process, then the  
35.19 school board and the exclusive representative of the teachers must implement the state  
35.20 teacher evaluation plan under paragraph (c). The process must include having trained  
35.21 observers serve as peer coaches or having teachers participate in professional learning  
35.22 communities, consistent with paragraph (b).

35.23 (b) To develop, improve, and support qualified teachers and effective teaching  
35.24 practices and improve student learning and success, the annual evaluation process for  
35.25 teachers:

35.26 (1) must, for probationary teachers, provide for all evaluations required under  
35.27 subdivision 5;

35.28 (2) must establish a three-year professional review cycle for each teacher that  
35.29 includes an individual growth and development plan, a peer review process, and at least  
35.30 one summative evaluation performed by a qualified and trained evaluator such as a school  
35.31 administrator. For the years when a tenured teacher is not evaluated by a qualified and  
35.32 trained evaluator, the teacher must be evaluated by a peer review;

35.33 (3) must be based on professional teaching standards established in rule;

(4) must coordinate staff development activities under sections 122A.60 and 122A.61 with this evaluation process and teachers' evaluation outcomes;

(5) may provide time during the school day and school year for peer coaching and teacher collaboration;

(6) may include job-embedded learning opportunities such as professional learning communities;

(7) may include mentoring and induction programs;

(8) must include an option for teachers to develop and present a portfolio demonstrating evidence of reflection and professional growth, consistent with section 122A.18, subdivision 4, paragraph (b), and include teachers' own performance assessment based on student work samples and examples of teachers' work, which may include video among other activities for the summative evaluation;

(9) must use data from valid and reliable assessments aligned to state and local academic standards and must use state and local measures of student growth and literacy that may include value-added models or student learning goals to determine 35 percent of teacher evaluation results;

(10) must use longitudinal data on student engagement and connection, and other student outcome measures explicitly aligned with the elements of curriculum for which teachers are responsible, including academic literacy, oral academic language, and achievement of content areas of English learners;

(11) must require qualified and trained evaluators such as school administrators to perform summative evaluations and ensure school districts and charter schools provide for effective evaluator training specific to teacher development and evaluation;

(12) must give teachers not meeting professional teaching standards under clauses (3) through (11) support to improve through a teacher improvement process that includes established goals and timelines; and

(13) must discipline a teacher for not making adequate progress in the teacher improvement process under clause (12) that may include a last chance warning, termination, discharge, nonrenewal, transfer to a different position, a leave of absence, or other discipline a school administrator determines is appropriate.

Data on individual teachers generated under this subdivision are personnel data under section 13.43. The observation and interview notes of peer coaches may only be disclosed to other school officials with the consent of the teacher being coached.

(c) The department, in consultation with parents who may represent parent organizations and teacher and administrator representatives appointed by their respective organizations, representing the Board of Teaching, the Minnesota Association of School

Administrators, the Minnesota School Boards Association, the Minnesota Elementary and Secondary Principals Associations, Education Minnesota, and representatives of the Minnesota Assessment Group, the Minnesota Business Partnership, the Minnesota Chamber of Commerce, and Minnesota postsecondary institutions with research expertise in teacher evaluation, must create and publish a teacher evaluation process that complies with the requirements in paragraph (b) and applies to all teachers under this section and section 122A.41 for whom no agreement exists under paragraph (a) for an annual teacher evaluation and peer review process. The teacher evaluation process created under this subdivision does not create additional due process rights for probationary teachers under subdivision 5.

(d) Consistent with the measures of teacher effectiveness under this subdivision:

(1) for students in kindergarten through grade 4, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that grade; and

(2) for students in grades 5 through 12, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that subject area and grade.

All data created and used under this paragraph retains its classification under chapter 13.

Sec. 27. Minnesota Statutes 2014, section 122A.41, subdivision 5, is amended to read:

**Subd. 5. Development, evaluation, and peer coaching for continuing contract teachers.** (a) To improve student learning and success, a school board and an exclusive representative of the teachers in the district, consistent with paragraph (b), may develop an annual teacher evaluation and peer review process for probationary and nonprobationary teachers through joint agreement. If a school board and the exclusive representative of the teachers in the district do not agree to an annual teacher evaluation and peer review process, then the school board and the exclusive representative of the teachers must implement the state teacher evaluation plan developed under paragraph (c). The process must include having trained observers serve as peer coaches or having teachers participate in professional learning communities, consistent with paragraph (b).

(b) To develop, improve, and support qualified teachers and effective teaching practices and improve student learning and success, the annual evaluation process for teachers:

(1) must, for probationary teachers, provide for all evaluations required under subdivision 2;

(2) must establish a three-year professional review cycle for each teacher that includes an individual growth and development plan, a peer review process, and at least one summative evaluation performed by a qualified and trained evaluator such as a school administrator;

(3) must be based on professional teaching standards established in rule;

(4) must coordinate staff development activities under sections 122A.60 and 122A.61 with this evaluation process and teachers' evaluation outcomes;

(5) may provide time during the school day and school year for peer coaching and teacher collaboration;

(6) may include job-embedded learning opportunities such as professional learning communities;

(7) may include mentoring and induction programs;

(8) must include an option for teachers to develop and present a portfolio demonstrating evidence of reflection and professional growth, consistent with section 122A.18, subdivision 4, paragraph (b), and include teachers' own performance assessment based on student work samples and examples of teachers' work, which may include video among other activities for the summative evaluation;

(9) must use data from valid and reliable assessments aligned to state and local academic standards and must use state and local measures of student growth and literacy that may include value-added models or student learning goals to determine 35 percent of teacher evaluation results;

(10) must use longitudinal data on student engagement and connection and other student outcome measures explicitly aligned with the elements of curriculum for which teachers are responsible, including academic literacy, oral academic language, and achievement of English learners;

(11) must require qualified and trained evaluators such as school administrators to perform summative evaluations and ensure school districts and charter schools provide for effective evaluator training specific to teacher development and evaluation;

(12) must give teachers not meeting professional teaching standards under clauses (3) through (11) support to improve through a teacher improvement process that includes established goals and timelines; and

(13) must discipline a teacher for not making adequate progress in the teacher improvement process under clause (12) that may include a last chance warning, termination, discharge, nonrenewal, transfer to a different position, a leave of absence, or other discipline a school administrator determines is appropriate.

Data on individual teachers generated under this subdivision are personnel data under section 13.43. The observation and interview notes of peer coaches may only be disclosed to other school officials with the consent of the teacher being coached.

(c) The department, in consultation with parents who may represent parent organizations and teacher and administrator representatives appointed by their respective organizations, representing the Board of Teaching, the Minnesota Association of School Administrators, the Minnesota School Boards Association, the Minnesota Elementary and Secondary Principals Associations, Education Minnesota, and representatives of the Minnesota Assessment Group, the Minnesota Business Partnership, the Minnesota Chamber of Commerce, and Minnesota postsecondary institutions with research expertise in teacher evaluation, must create and publish a teacher evaluation process that complies with the requirements in paragraph (b) and applies to all teachers under this section and section 122A.40 for whom no agreement exists under paragraph (a) for an annual teacher evaluation and peer review process. The teacher evaluation process created under this subdivision does not create additional due process rights for probationary teachers under subdivision 2.

(d) Consistent with the measures of teacher effectiveness under this subdivision:

(1) for students in kindergarten through grade 4, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that grade; and

(2) for students in grades 5 through 12, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that subject area and grade.

All data created and used under this paragraph retains its classification under chapter 13.

Sec. 29. Minnesota Statutes 2014, section 124D.09, subdivision 5, is amended to read:

Subd. 5. **Authorization; notification.** Notwithstanding any other law to the contrary, an 11th or 12th grade pupil enrolled in a school or an American Indian-controlled tribal contract or grant school eligible for aid under section 124D.83, except a foreign exchange pupil enrolled in a district under a cultural exchange program, may apply to an eligible institution, as defined in subdivision 3, to enroll in nonsectarian courses offered by that postsecondary institution. Notwithstanding any other law to the contrary, a 9th or 10th grade pupil enrolled in a district or an American Indian-controlled tribal contract or grant school eligible for aid under section 124D.83, except a foreign exchange pupil enrolled in a district under a cultural exchange program, may apply to enroll in nonsectarian courses offered under subdivision 10, if (1) after all 11th and 12th grade students have applied for a course, additional students are necessary to offer the course or (2) the course is a world language course. If an institution accepts a secondary pupil for enrollment under this section, the institution shall send written notice to the pupil, the pupil's school or school district, and the commissioner within ten days of acceptance. The notice must indicate the course and hours of enrollment of that pupil. If the pupil enrolls in a course for postsecondary credit, the institution must notify the pupil about payment in the customary manner used by the institution.

41.1 Sec. 30. Minnesota Statutes 2014, section 124D.09, subdivision 5a, is amended to read:

41.2 Subd. 5a. **Authorization; career or technical education.** A 10th, 11th, or 12th  
41.3 grade pupil enrolled in a district or an American Indian-controlled tribal contract or grant  
41.4 school eligible for aid under section 124D.83, except a foreign exchange pupil enrolled in  
41.5 a district under a cultural exchange program, may enroll in a career or technical education  
41.6 course offered by a Minnesota state college or university. A 10th grade pupil applying  
41.7 for enrollment in a career or technical education course under this subdivision must have  
41.8 received a passing score on the 8th grade Minnesota Comprehensive Assessment in  
41.9 reading as a condition of enrollment. A current 10th grade pupil who did not take the 8th  
41.10 grade Minnesota Comprehensive Assessment in reading may substitute another reading  
41.11 assessment accepted by the enrolling postsecondary institution. A secondary pupil may  
41.12 enroll in the pupil's first postsecondary options enrollment course under this subdivision.  
41.13 A student who is refused enrollment by a Minnesota state college or university under this  
41.14 subdivision may apply to an eligible institution offering a career or technical education  
41.15 course. The postsecondary institution must give priority to its students according to  
41.16 subdivision 9. If a secondary student receives a grade of "C" or better in the career or  
41.17 technical education course taken under this subdivision, the postsecondary institution  
41.18 must allow the student to take additional postsecondary courses for secondary credit at  
41.19 that institution, not to exceed the limits in subdivision 8. A "career or technical course" is  
41.20 a course that is part of a career and technical education program that provides individuals  
41.21 with coherent, rigorous content aligned with academic standards and relevant technical  
41.22 knowledge and skills needed to prepare for further education and careers in current and  
41.23 emerging professions and provide technical skill proficiency, an industry recognized  
41.24 credential, and a certificate, a diploma, or an associate degree.

41.25 Sec. 31. Minnesota Statutes 2014, section 124D.09, subdivision 9, is amended to read:

41.26 Subd. 9. **Enrollment priority.** (a) A postsecondary institution shall give priority to  
41.27 its postsecondary students when enrolling 10th, 11th, and 12th grade pupils in its courses.  
41.28 A postsecondary institution may provide information about its programs to a secondary  
41.29 school or to a pupil or parent and it may advertise or otherwise recruit or solicit a secondary  
41.30 pupil to enroll in its programs on educational and programmatic grounds only except,  
41.31 notwithstanding other law to the contrary, and for the 2014-2015 through 2019-2020  
41.32 school years only, an eligible postsecondary institution may advertise or otherwise recruit  
41.33 or solicit a secondary pupil residing in a school district with 700 students or more in grades  
41.34 10, 11, and 12, to enroll in its programs on educational, programmatic, or financial grounds.

(b) An institution must not enroll secondary pupils, for postsecondary enrollment options purposes, in remedial, developmental, or other courses that are not college level except when a student eligible to participate and enrolled in the graduation incentives program under section 124D.68 enrolls full time in a middle or early college program. A middle or early college program must be specifically designed to allow the student to earn dual high school and college credit with a well-defined pathway to allow the student to earn a postsecondary degree or credential. In this case, the student shall receive developmental college credit and not college credit for completing remedial or developmental courses.

(c) Once a pupil has been enrolled in any postsecondary course under this section, the pupil shall not be displaced by another student.

~~(b)~~ (d) If a postsecondary institution enrolls a secondary school pupil in a course under this section, the postsecondary institution also must enroll in the same course an otherwise enrolled and qualified postsecondary student who qualifies as a veteran under section 197.447, and demonstrates to the postsecondary institution's satisfaction that the institution's established enrollment timelines were not practicable for that student.

Sec. 32. Minnesota Statutes 2014, section 124D.10, subdivision 3, is amended to read:

Subd. 3. **Authorizer.** (a) For purposes of this section, the terms defined in this subdivision have the meanings given them.

"Application" to receive approval as an authorizer means the proposal an eligible authorizer submits to the commissioner under paragraph (c) before that authorizer is able to submit any affidavit to charter to a school.

"Application" under subdivision 4 means the charter school business plan a school developer submits to an authorizer for approval to establish a charter school that documents the school developer's mission statement, school purposes, program design, financial plan, governance and management structure, and background and experience, plus any other information the authorizer requests. The application also shall include a "statement of assurances" of legal compliance prescribed by the commissioner.

"Affidavit" means a written statement the authorizer submits to the commissioner for approval to establish a charter school under subdivision 4 attesting to its review and approval process before chartering a school.

(b) The following organizations may authorize one or more charter schools:

(1) a school board, intermediate school district school board, or education district organized under sections 123A.15 to 123A.19;

(2) a charitable organization under section 501(c)(3) of the Internal Revenue Code of 1986, excluding a nonpublic sectarian or religious institution; any person other than a

natural person that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with the nonpublic sectarian or religious institution; and any other charitable organization under this clause that in the federal IRS Form 1023, Part IV, describes activities indicating a religious purpose, that:

(i) is a member of the Minnesota Council of Nonprofits or the Minnesota Council on Foundations;

(ii) is registered with the attorney general's office; and

(iii) is incorporated in the state of Minnesota and has been operating continuously for at least five years but does not operate a charter school;

(3) a Minnesota private college, notwithstanding clause (2), that grants two- or four-year degrees and is registered with the Minnesota Office of Higher Education under chapter 136A; community college, state university, or technical college governed by the Board of Trustees of the Minnesota State Colleges and Universities; or the University of Minnesota;

(4) a nonprofit corporation subject to chapter 317A, described in section 317A.905, and exempt from federal income tax under section 501(c)(6) of the Internal Revenue Code of 1986, may authorize one or more charter schools if the charter school has operated for at least three years under a different authorizer and if the nonprofit corporation has existed for at least 25 years; or

(5) single-purpose authorizers formed as charitable, nonsectarian organizations under section 501(c)(3) of the Internal Revenue Code of 1986 and incorporated in the state of Minnesota under chapter 317A as a corporation with no members or under section 322B.975 as a nonprofit limited liability company for the sole purpose of chartering schools. Eligible organizations interested in being approved as an authorizer under this paragraph must submit a proposal to the commissioner that includes the provisions of paragraph (c) and a five-year financial plan. Such authorizers shall consider and approve charter school applications using the criteria provided in subdivision 4 and shall not limit the applications it solicits, considers, or approves to any single curriculum, learning program, or method.

(c) An eligible authorizer under this subdivision must apply to the commissioner for approval as an authorizer before submitting any affidavit to the commissioner to charter a school. The application for approval as a charter school authorizer must demonstrate the applicant's ability to implement the procedures and satisfy the criteria for chartering a school under this section. The commissioner must approve or disapprove an application within 45 business days of the application deadline. If the commissioner disapproves the application, the commissioner must notify the applicant of the specific deficiencies in writing and the applicant then has 20 business days to address the deficiencies to the

commissioner's satisfaction. After the 20 business days expire, the commissioner has 15 business days to make a final decision to approve or disapprove the application. Failing to address the deficiencies to the commissioner's satisfaction makes an applicant ineligible to be an authorizer. The commissioner, in establishing criteria for approval, must consider the applicant's:

- (1) capacity and infrastructure;
- (2) application criteria and process;
- (3) contracting process;
- (4) ongoing oversight and evaluation processes; and
- (5) renewal criteria and processes.

(d) An applicant must include in its application to the commissioner to be an approved authorizer at least the following:

- (1) how chartering schools is a way for the organization to carry out its mission;
- (2) a description of the capacity of the organization to serve as an authorizer, including the personnel who will perform the authorizing duties, their qualifications, the amount of time they will be assigned to this responsibility, and the financial resources allocated by the organization to this responsibility;
- (3) a description of the application and review process the authorizer will use to make decisions regarding the granting of charters;
- (4) a description of the type of contract it will arrange with the schools it charters that meets the provisions of subdivision 6;
- (5) the process to be used for providing ongoing oversight of the school consistent with the contract expectations specified in clause (4) that assures that the schools chartered are complying with both the provisions of applicable law and rules, and with the contract;
- (6) a description of the criteria and process the authorizer will use to grant expanded applications under subdivision 4, paragraph (j);
- (7) the process for making decisions regarding the renewal or termination of the school's charter based on evidence that demonstrates the academic, organizational, and financial competency of the school, including its success in increasing student achievement and meeting the goals of the charter school agreement; and
- (8) an assurance specifying that the organization is committed to serving as an authorizer for the full five-year term.

(e) A disapproved applicant under this section may resubmit an application during a future application period.

(f) If the governing board of an approved authorizer votes to withdraw as an approved authorizer for a reason unrelated to any cause under subdivision 23, the

authorizer must notify all its chartered schools and the commissioner in writing by July 15 of its intent to withdraw as an authorizer on June 30 in the next calendar year, regardless of when the authorizer's five-year term of approval ends. The commissioner may approve the transfer of a charter school to a new authorizer under this paragraph after the new authorizer submits an affidavit to the commissioner.

(g) The authorizer must participate in department-approved training.

(h) The commissioner shall review an authorizer's performance every five years in a manner and form determined by the commissioner and may review an authorizer's performance more frequently at the commissioner's own initiative or at the request of a charter school operator, charter school board member, or other interested party. The commissioner, after completing the review, shall transmit a report with findings to the authorizer. If, consistent with this section, the commissioner finds that an authorizer has not fulfilled the requirements of this section, the commissioner may subject the authorizer to corrective action, which may include terminating the contract with the charter school board of directors of a school it chartered. The commissioner must notify the authorizer in writing of any findings that may subject the authorizer to corrective action and the authorizer then has 15 business days to request an informal hearing before the commissioner takes corrective action. If the commissioner terminates a contract between an authorizer and a charter school under this paragraph, the commissioner may assist the charter school in acquiring a new authorizer.

(i) The commissioner may at any time take corrective action against an authorizer, including terminating an authorizer's ability to charter a school for:

(1) failing to demonstrate the criteria under paragraph (c) under which the commissioner approved the authorizer;

(2) violating a term of the chartering contract between the authorizer and the charter school board of directors;

(3) unsatisfactory performance as an approved authorizer; or

(4) any good cause shown that provides the commissioner a legally sufficient reason to take corrective action against an authorizer.

Sec. 33. Minnesota Statutes 2014, section 124D.10, subdivision 4, is amended to read:

Subd. 4. **Formation of school.** (a) An authorizer, after receiving an application from a school developer, may charter a licensed teacher under section 122A.18, subdivision 1, or a group of individuals that includes one or more licensed teachers under section 122A.18, subdivision 1, to operate a school subject to the commissioner's approval of the authorizer's affidavit under paragraph (b). The school must be organized and operated as a

nonprofit corporation under chapter 317A and the provisions under the applicable chapter shall apply to the school except as provided in this section.

Notwithstanding sections 465.717 and 465.719, a school district, subject to this section and section 124D.11, may create a corporation for the purpose of establishing a charter school.

(b) Before the operators may establish and operate a school, the authorizer must file an affidavit with the commissioner stating its intent to charter a school. An authorizer must file a separate affidavit for each school it intends to charter. An authorizer must file an affidavit ~~by May 1 to be able to charter a new school in the next school year after the commissioner approves the authorizer's affidavit~~ at least 14 months before July 1 of the year the new charter school plans to serve students. The affidavit must state the terms and conditions under which the authorizer would charter a school and how the authorizer intends to oversee the fiscal and student performance of the charter school and to comply with the terms of the written contract between the authorizer and the charter school board of directors under subdivision 6. The commissioner must approve or disapprove the authorizer's affidavit within 60 business days of receipt of the affidavit. If the commissioner disapproves the affidavit, the commissioner shall notify the authorizer of the deficiencies in the affidavit and the authorizer then has 20 business days to address the deficiencies. The commissioner must notify the authorizer of final approval or disapproval within 15 business days after receiving the authorizer's response to the deficiencies in the affidavit. If the authorizer does not address deficiencies to the commissioner's satisfaction, the commissioner's disapproval is final. Failure to obtain commissioner approval precludes an authorizer from chartering the school that is the subject of this affidavit.

(c) The authorizer may prevent an approved charter school from opening for operation if, among other grounds, the charter school violates this section or does not meet the ready-to-open standards that are part of the authorizer's oversight and evaluation process or are stipulated in the charter school contract.

(d) The operators authorized to organize and operate a school, before entering into a contract or other agreement for professional or other services, goods, or facilities, must incorporate as a nonprofit corporation under chapter 317A and must establish a board of directors composed of at least five members who are not related parties until a timely election for members of the ongoing charter school board of directors is held according to the school's articles and bylaws under paragraph (f). A charter school board of directors must be composed of at least five members who are not related parties. Staff members employed at the school, including teachers providing instruction under a contract with a cooperative, members of the board of directors, and all parents or legal

guardians of children enrolled in the school are the voters eligible to elect the members of the school's board of directors. A charter school must notify eligible voters of the school board election dates at least 30 days before the election. Board of director meetings must comply with chapter 13D.

(e) A charter school shall publish and maintain on the school's official Web site: (1) the minutes of meetings of the board of directors, and of members and committees having any board-delegated authority, for at least one calendar year from the date of publication; (2) directory information for members of the board of directors and committees having board-delegated authority; and (3) identifying and contact information for the school's authorizer. Identifying and contact information for the school's authorizer must be included in other school materials made available to the public. Upon request of an individual, the charter school must also make available in a timely fashion financial statements showing all operations and transactions affecting income, surplus, and deficit during the school's last annual accounting period; and a balance sheet summarizing assets and liabilities on the closing date of the accounting period. A charter school also must include that same information about its authorizer in other school materials that it makes available to the public.

(f) Every charter school board member shall attend annual training throughout the member's term on the board. All new board members shall attend initial training on the board's role and responsibilities, employment policies and practices, and financial management. A new board member who does not begin the required initial training within six months after being seated and complete that training within 12 months of being seated on the board is automatically ineligible to continue to serve as a board member. The school shall include in its annual report the training attended by each board member during the previous year.

(g) The ongoing board must be elected before the school completes its third year of operation. Board elections must be held during the school year but may not be conducted on days when the school is closed for holidays, breaks, or vacations. The charter school board of directors shall be composed of at least five nonrelated members and include: (i) at least one licensed teacher employed as a teacher at the school or providing instruction under contract between the charter school and a cooperative; (ii) at least one parent or legal guardian of a student enrolled in the charter school who is not an employee of the charter school; and (iii) at least one interested community member who resides in Minnesota and is not employed by the charter school and does not have a child enrolled in the school. The board may include a majority of teachers described in this paragraph or parents or community members, or it may have no clear majority. The chief financial

48.1 officer and the chief administrator may only serve as ex-officio nonvoting board members.  
48.2 No charter school employees shall serve on the board other than teachers under item (i).  
48.3 Contractors providing facilities, goods, or services to a charter school shall not serve on  
48.4 the board of directors of the charter school. Board bylaws shall outline the process and  
48.5 procedures for changing the board's governance structure, consistent with chapter 317A.  
48.6 A board may change its governance structure only:  
48.7       (1) by a majority vote of the board of directors and a majority vote of the licensed  
48.8 teachers employed by the school as teachers, including licensed teachers providing  
48.9 instruction under a contract between the school and a cooperative; and  
48.10       (2) with the authorizer's approval.  
48.11 Any change in board governance structure must conform with the composition of  
48.12 the board established under this paragraph.  
48.13       (h) The granting or renewal of a charter by an authorizer must not be conditioned  
48.14 upon the bargaining unit status of the employees of the school.  
48.15       (i) The granting or renewal of a charter school by an authorizer must not be  
48.16 contingent on the charter school being required to contract, lease, or purchase services  
48.17 from the authorizer. Any potential contract, lease, or purchase of service from an

72.33 in an early childhood program when that placement is necessary to address the child's  
72.34 level of functioning and needs. When transportation is provided, scheduling of routes,  
72.35 establishment of the location of bus stops, manner and method of transportation, control

75.24 Sec. 13. Minnesota Statutes 2014, section 125A.027, is amended to read:

75.25 **125A.027 INTERAGENCY EARLY INTERVENTION COMMITTEE**  
75.26 **RESPONSIBILITIES LOCAL AGENCY COORDINATION RESPONSIBILITIES.**

75.27 Subdivision 1. **Additional duties School board and county board responsibilities.**

75.28 (a) It is the joint responsibility of school and county boards to coordinate, provide, and  
75.29 pay for appropriate services and to facilitate payment for services from public and private  
75.30 sources. Appropriate services for children eligible under section 125A.02 and receiving  
75.31 services from two or more public agencies of which one is the public school must be  
75.32 determined in consultation with parents, physicians, and other education, medical health,  
75.33 and human services providers. The services provided must conform with a standardized  
75.34 written plan for each eligible child ages three to 21.

(b) Appropriate services include those services listed on a child's standardized written plan. These services are those that are required to be documented on a plan under federal and state law or rule.

(c) School and county boards shall coordinate interagency services. Service responsibilities for eligible children, ages three to 21, may be established in interagency agreements or joint powers board agreements. In addition, interagency agreements or joint powers board agreements may be developed to establish agency responsibility that ensures that coordinated interagency services are coordinated, provided, and paid for and that payment is facilitated from public and private sources. School boards must provide, pay for, and facilitate payment for special education services as required under sections 125A.03 and 125A.06. County boards must provide, pay for, and facilitate payment for those programs over which they have service and fiscal responsibility as referenced in section 125A.023, subdivision 3, paragraph (c), clause (1).

Subd. 1a. Local governance structure. (a) ~~The governing school boards of the interagency early intervention committees and county boards~~ are responsible for developing and implementing interagency policies and procedures to coordinate services at the local level for children with disabilities ages three to 21 under guidelines established by the state interagency committee under section 125A.023, subdivision 4. Consistent with the requirements in this section and section 125A.023, the ~~governing school boards of the interagency early intervention committees and county boards~~ may organize as a joint powers board under section 471.59 or enter into an interagency agreement that establishes a governance structure.

~~(b) The governing board of each interagency early intervention committee as defined in section 125A.30, paragraph (a), which may include a juvenile justice professional, shall:~~

~~(1) identify state and federal barriers to local coordination of services provided to children with disabilities;~~

~~(2) implement policies that ensure a comprehensive and coordinated system of all state and local agency services, including practices on multidisciplinary assessment, standardized written plans, dispute resolution, and system evaluation for children with disabilities ages three to 21;~~

~~(3) coordinate services and facilitate payment for services from public and private institutions, agencies, and health plan companies; and~~

~~(4) share needed information consistent with state and federal data practices requirements.~~

**Subd. 2. Appropriate and necessary services.** (a) Parents, physicians, other health care professionals including school nurses, and education and human services providers

jointly must determine appropriate and necessary services for eligible children with disabilities ages three to 21. The services provided to the child under this section must conform with the child's standardized written plan. The governing school board of an interagency early intervention committee or county board must provide those services contained in a child's individualized education program and those services for which a legal obligation exists.

(b) Nothing in this section or section 125A.023 increases or decreases the obligation of the state, county, regional agency, local school district, or local agency or organization to pay for education, health care, or social services.

(c) A health plan may not exclude any medically necessary covered service solely because the service is or could be identified in a child's individual family service plan, individualized education program, a plan established under section 504 of the federal Rehabilitation Act of 1973, or a student's individual health plan. This paragraph reaffirms the obligation of a health plan company to provide or pay for certain medically necessary covered services, and encourages a health plan company to coordinate this care with any other providers of similar services. Also, a health plan company may not exclude from a health plan any medically necessary covered service such as an assessment or physical examination solely because the resulting information may be used for an individualized education program or a standardized written plan.

~~Subd. 4. **Responsibilities of school and county boards.** (a) It is the joint responsibility of school and county boards to coordinate, provide, and pay for appropriate services, and to facilitate payment for services from public and private sources. Appropriate service for children eligible under section 125A.02 and receiving service from two or more public agencies of which one is the public school must be determined in consultation with parents, physicians, and other education, medical health, and human services providers. The services provided must be in conformity with a standardized written plan for each eligible child ages 3 to 21.~~

~~(b) Appropriate services include those services listed on a child's standardized written plan. These services are those that are required to be documented on a plan under federal and state law or rule.~~

~~(c) School and county boards shall coordinate interagency services. Service responsibilities for eligible children, ages 3 to 21, may be established in interagency agreements or joint powers board agreements. In addition, interagency agreements or joint powers board agreements may be developed to establish agency responsibility that assures that coordinated interagency services are coordinated, provided, and paid for, and that payment is facilitated from public and private sources. School boards must provide,~~

78.1 ~~pay for, and facilitate payment for special education services as required under sections~~  
78.2 ~~125A.03 and 125A.06. County boards must provide, pay for, and facilitate payment for~~  
78.3 ~~those programs over which they have service and fiscal responsibility as referenced in~~  
78.4 ~~section 125A.023, subdivision 3, paragraph (c), clause (1).~~

78.5 Sec. 14. Minnesota Statutes 2014, section 125A.08, is amended to read:

78.6 **125A.08 INDIVIDUALIZED EDUCATION PROGRAMS.**

78.7 (a) At the beginning of each school year, each school district shall have in effect, for  
78.8 each child with a disability, an individualized education program.

78.9 (b) As defined in this section, every district must ensure the following:

78.10 (1) all students with disabilities are provided the special instruction and services  
78.11 which are appropriate to their needs. Where the individualized education program team  
78.12 has determined appropriate goals and objectives based on the student's needs, including  
78.13 the extent to which the student can be included in the least restrictive environment,  
78.14 and where there are essentially equivalent and effective instruction, related services, or  
78.15 assistive technology devices available to meet the student's needs, cost to the district may  
78.16 be among the factors considered by the team in choosing how to provide the appropriate  
78.17 services, instruction, or devices that are to be made part of the student's individualized  
78.18 education program. The individualized education program team shall consider and  
78.19 may authorize services covered by medical assistance according to section 256B.0625,  
78.20 subdivision 26. The student's needs and the special education instruction and services to  
78.21 be provided must be agreed upon through the development of an individualized education  
78.22 program. The program must address the student's need to develop skills to live and  
78.23 work as independently as possible within the community. The individualized education  
78.24 program team must consider positive behavioral interventions, strategies, and supports  
78.25 that address behavior needs for children ~~with attention deficit disorder or attention deficit~~  
78.26 ~~hyperactivity disorder~~. During grade 9, the program must address the student's needs for  
78.27 transition from secondary services to postsecondary education and training, employment,  
78.28 community participation, recreation, and leisure and home living. In developing the  
78.29 program, districts must inform parents of the full range of transitional goals and related  
78.30 services that should be considered. The program must include a statement of the needed  
78.31 transition services, including a statement of the interagency responsibilities or linkages or  
78.32 both before secondary services are concluded;

78.33 (2) children with a disability under age five and their families are provided special  
78.34 instruction and services appropriate to the child's level of functioning and needs;

79.1 (3) children with a disability and their parents or guardians are guaranteed procedural  
79.2 safeguards and the right to participate in decisions involving identification, assessment  
79.3 including assistive technology assessment, and educational placement of children with a  
79.4 disability;

79.5 (4) eligibility and needs of children with a disability are determined by an initial  
79.6 evaluation or reevaluation, which may be completed using existing data under United  
79.7 States Code, title 20, section 33, et seq.;

79.8 (5) to the maximum extent appropriate, children with a disability, including those  
79.9 in public or private institutions or other care facilities, are educated with children who  
79.10 are not disabled, and that special classes, separate schooling, or other removal of children  
79.11 with a disability from the regular educational environment occurs only when and to the  
79.12 extent that the nature or severity of the disability is such that education in regular classes  
79.13 with the use of supplementary services cannot be achieved satisfactorily;

79.14 (6) in accordance with recognized professional standards, testing and evaluation  
79.15 materials, and procedures used for the purposes of classification and placement of children  
79.16 with a disability are selected and administered so as not to be racially or culturally  
79.17 discriminatory; and

79.18 (7) the rights of the child are protected when the parents or guardians are not known  
79.19 or not available, or the child is a ward of the state.

79.20 (c) For all paraprofessionals employed to work in programs ~~for~~ whose role in part  
79.21 is to provide direct support to students with disabilities, the school board in each district  
79.22 shall ensure that:

79.23 (1) before or immediately upon employment, each paraprofessional develops  
79.24 sufficient knowledge and skills in emergency procedures, building orientation, roles and  
79.25 responsibilities, confidentiality, vulnerability, and reportability, among other things,  
79.26 to begin meeting the needs, especially disability-specific and behavioral needs, of the  
79.27 students with whom the paraprofessional works;

79.28 (2) annual training opportunities are ~~available~~ required to enable the paraprofessional  
79.29 to continue to further develop the knowledge and skills that are specific to the students  
79.30 with whom the paraprofessional works, including understanding disabilities, the unique  
79.31 and individual needs of each student according to the student's disability and how the  
79.32 disability affects the student's education and behavior, following lesson plans, and  
79.33 implementing follow-up instructional procedures and activities; and

79.34 (3) a districtwide process obligates each paraprofessional to work under the ongoing  
79.35 direction of a licensed teacher and, where appropriate and possible, the supervision of a  
79.36 school nurse.

Sec. 15. **[125A.083] STUDENT INFORMATION SYSTEMS; TRANSFERRING RECORDS.**

To efficiently and effectively meet federal and state compliance and accountability requirements using an online case management reporting system, school districts may contract only with a student information system vendor employing a universal filing system that is compatible with the online system for compliance reporting under section 125A.085 beginning in the 2018-2019 school year and later. A district's universal filing system under this section must facilitate the seamless transfer of student records for a student with disabilities who transfers between school districts, including records containing the student's evaluation report, service plan, and other due process forms and information, regardless of what filing system any one district uses.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to all district contracts with student information system vendors entered into or modified after that date.

Sec. 16. Minnesota Statutes 2014, section 125A.085, is amended to read:

**125A.085 ONLINE REPORTING OF REQUIRED DATA.**

(a) To ensure a strong focus on outcomes for children with disabilities informs federal and state compliance and accountability requirements and to increase opportunities for special educators and related-services providers to focus on teaching children with disabilities, the commissioner must customize a streamlined, user-friendly statewide online system, with a single model online form, for effectively and efficiently collecting and reporting required special education-related data to individuals with a legitimate educational interest and who are authorized by law to access the data.

(b) The commissioner must consult with qualified experts, including information technology specialists, licensed special education teachers and directors of special education, related-services providers, third-party vendors, a designee of the commissioner of human services, parents of children with disabilities, representatives of advocacy groups representing children with disabilities, and representatives of school districts and special education cooperatives on integrating, field testing, customizing, and sustaining this simple, easily accessible, efficient, and effective online data system for uniform statewide reporting of required due process compliance data. Among other outcomes, the system must:

(1) reduce special education teachers' paperwork burden and thereby increase the teachers' opportunities to focus on teaching children;

81.1 (2) to the extent authorized by chapter 13 or other applicable state or federal law  
81.2 governing access to and dissemination of educational records, provide for efficiently  
81.3 and effectively transmitting the records of all transferring children with disabilities,  
81.4 including highly mobile and homeless children with disabilities, among others, and avoid  
81.5 fragmented service delivery;

81.6 (3) address language and other barriers and disparities that prevent parents from  
81.7 understanding and communicating information about the needs of their children with  
81.8 disabilities; and

81.9 (4) help continuously improve the interface among the online systems serving  
81.10 children with disabilities in order to maintain and reinforce the children's ability to learn.

81.11 (c) The commissioner must use the federal Office of Special Education Programs  
81.12 model forms for the (1) individualized education program, (2) notice of procedural  
81.13 safeguards, and (3) prior written notice that are consistent with Part B of IDEA to integrate  
81.14 and customize a state-sponsored universal special education online case management  
81.15 system, consistent with the requirements of state law and this section for customizing a  
81.16 statewide online reporting system. The commissioner must use a request for proposal  
81.17 process to contract for the technology and software needed for customizing the online  
81.18 system in order for the system to be fully functional, consistent with the requirements of  
81.19 this section. This online system must be made available to school districts without charge  
81.20 beginning in the 2015-2016 school year. For the 2015-2016 ~~through 2017-2018~~ and later  
81.21 school years, school districts may use this online system or may contract with an outside  
81.22 vendor for compliance reporting. ~~Beginning in the 2018-2019 school year and later,~~  
81.23 ~~school districts must use this online system for compliance reporting.~~

81.24 (d) All data on individuals maintained in the statewide reporting system are  
81.25 classified as provided in chapter 13 or other applicable state or federal law. An authorized  
81.26 individual's ability to enter, update, or access data must be limited through the use of  
81.27 role-based access codes corresponding to that individual's official duties or training level,  
81.28 and the statutory authorization that grants access for a particular purpose. Any action  
81.29 in which data in the system are entered, updated, accessed, or shared or disseminated  
81.30 outside of the system must be recorded in an audit trail. The audit trail must identify the  
81.31 specific user responsible for the action, the date and time the action occurred, and the  
81.32 purpose for the action. Data contained in the audit trail maintain the same classification  
81.33 as the underlying data affected by the action, provided the responsible authority makes  
81.34 the data available to a student or the student's parent upon request, and the responsible  
81.35 authority may access the data to audit the system's user activity and security safeguards.  
81.36 Before entering data on a student, the responsible authority must provide the student or the

student's parent written notice of the data practices rights and responsibilities required by this section and a reasonable opportunity to refuse consent to have the student's data included in the system. Upon receiving the student or the student's parent written refusal to consent, the school district must not enter data on that student into the system and must delete any existing data on that student currently in the system.

(e) Consistent with this section, the commissioner must establish a public Internet Web interface to provide information to educators, parents, and the public about the form and content of required special education reports, to respond to queries from educators, parents, and the public about specific aspects of special education reports and reporting, and to use the information garnered from the interface to streamline and revise special education reporting on the online system under this section. The public Internet Web interface must have a prominently linked page describing the rights and responsibilities of students and parents whose data are included in the statewide reporting system, and include information on the data practices rights of students and parents provided by this section and a form students or parents may use to refuse consent to have a student's data included in the system. Sec. 17. Minnesota Statutes 2014, section 125A.21, is amended to read:

**125A.21 THIRD-PARTY PAYMENT.**

Subdivision 1. **Obligation to pay.** Nothing in sections 125A.03 to 125A.24 and 125A.65 relieves an insurer or similar third party from an otherwise valid obligation to pay, or changes the validity of an obligation to pay, for services rendered to a child with a disability, and the child's family. A school district shall pay the nonfederal share of medical assistance services provided according to section 256B.0625, subdivision 26. Eligible expenditures must not be made from federal funds or funds used to match other federal funds. Any federal disallowances are the responsibility of the school district. A school district may pay or reimburse co-payments, coinsurance, deductibles, and other enrollee cost-sharing amounts, on behalf of the student or family, in connection with health and related services provided under an individual educational plan or individualized family service plan.

Subd. 2. **Third-party reimbursement.** (a) Beginning July 1, 2000, districts shall seek reimbursement from insurers and similar third parties for the cost of services provided by the district whenever the services provided by the district are otherwise

covered by the child's health coverage. Districts shall request, but may not require, the child's family to provide information about the child's health coverage when a child with a disability begins to receive services from the district of a type that may be reimbursable, and shall request, but may not require, updated information after that as needed.

(b) For children enrolled in medical assistance under chapter 256B or MinnesotaCare under chapter 256L who have no other health coverage, a district shall provide an initial and annual written notice to the enrolled child's parent or legal representative of its intent to seek reimbursement from medical assistance or MinnesotaCare for the individualized education program or individualized family service plan health-related services provided by the district. The initial notice must give the child's parent or legal representative the right to request a copy of the child's education records on the health-related services that the district provided to the child and disclosed to a third-party payer.

(c) The district shall give the parent or legal representative annual written notice of:

(1) the district's intent to seek reimbursement from medical assistance or MinnesotaCare for individualized education program or individualized family service plan health-related services provided by the district;

(2) the right of the parent or legal representative to request a copy of all records concerning individualized education program or individualized family service plan health-related services disclosed by the district to any third party; and

(3) the right of the parent or legal representative to withdraw consent for disclosure of a child's records at any time without consequence.

The written notice shall be provided as part of the written notice required by Code of Federal Regulations, title 34, section 300.504 or 303.520. The district must ensure that the parent of a child with a disability is given notice, in understandable language, of federal and state procedural safeguards available to the parent under this paragraph and paragraph (b).

(d) In order to access the private health care coverage of a child who is covered by private health care coverage in whole or in part, a district must:

(1) obtain annual written informed consent from the parent or legal representative, in compliance with subdivision 5; and

(2) inform the parent or legal representative that a refusal to permit the district or state Medicaid agency to access their private health care coverage does not relieve the district of its responsibility to provide all services necessary to provide free and appropriate public education at no cost to the parent or legal representative.

(e) If the commissioner of human services obtains federal approval to exempt covered individualized education program or individualized family service plan health-related services from the requirement that private health care coverage refuse

payment before medical assistance may be billed, paragraphs (b), (c), and (d) shall also apply to students with a combination of private health care coverage and health care coverage through medical assistance or MinnesotaCare.

(f) In the event that Congress or any federal agency or the Minnesota legislature or any state agency establishes lifetime limits, limits for any health care services, cost-sharing provisions, or otherwise provides that individualized education program or individualized family service plan health-related services impact benefits for persons enrolled in medical assistance or MinnesotaCare, the amendments to this subdivision adopted in 2002 are repealed on the effective date of any federal or state law or regulation that imposes the limits. In that event, districts must obtain informed consent consistent with this subdivision as it existed prior to the 2002 amendments and subdivision 5, before seeking reimbursement for children enrolled in medical assistance under chapter 256B or MinnesotaCare under chapter 256L who have no other health care coverage.

Subd. 3. **Use of reimbursements.** Of the reimbursements received, districts may:

(1) retain an amount sufficient to compensate the district for its administrative costs of obtaining reimbursements;

(2) regularly obtain from education- and health-related entities training and other appropriate technical assistance designed to improve the district's ability to access third-party payments for individualized education program or individualized family service plan health-related services; or

(3) reallocate reimbursements for the benefit of students with individualized education programs or ~~individual~~ individualized family service plans in the district.

Subd. 4. **Parents not obligated to use health coverage.** To the extent required by federal law, a school district may not require parents of children with disabilities, if they would incur a financial cost, to use private or public health coverage to pay for the services that must be provided under an individualized education program or individualized family service plan.

Subd. 5. **Informed consent.** When obtaining informed consent, consistent with sections 13.05, subdivision 4a; 256B.77, subdivision 2, paragraph (p); and Code of Federal Regulations, title 34, parts 99 ~~and~~ 2, 300, and 303, to bill health plans for covered services, the school district must notify the legal representative (1) that the cost of the person's private health insurance premium may increase due to providing the covered service in the school setting, (2) that the school district may pay certain enrollee health plan costs, including but not limited to, co-payments, coinsurance, deductibles, premium increases or other enrollee cost-sharing amounts for health and related services required by an individual service plan, or ~~individual~~ individualized family service plan, and (3) that

the school's billing for each type of covered service may affect service limits and prior authorization thresholds. The informed consent may be revoked in writing at any time by the person authorizing the billing of the health plan.

Subd. 6. **District obligation to provide service.** To the extent required by federal law, no school district may deny, withhold, or delay any service that must be provided under an individualized education program or individualized family service plan because a family has refused to provide informed consent to bill a health plan for services or a health plan company has refused to pay any, all, or a portion of the cost of services billed.

Subd. 7. **District disclosure of information.** A school district may disclose information contained in a student's individualized education program, consistent with section 13.32, subdivision 3, paragraph (a), and Code of Federal Regulations, title 34, parts 99 ~~and~~ 2, 300, and 303; including records of the student's diagnosis and treatment, to a health plan company only with the signed and dated consent of the student's parent, or other legally authorized individual. The school district shall disclose only that information necessary for the health plan company to decide matters of coverage and payment. A health plan company may use the information only for making decisions regarding coverage and payment, and for any other use permitted by law.

99.17 Subdivision 1. **Purposes.** (a) The primary purpose of this section is to improve all  
99.18 pupil learning and all student achievement. Additional purposes include to:

99.19 (1) increase learning opportunities for all pupils;

99.20 (2) encourage the use of different and innovative teaching methods;

99.23 (4) establish new forms of accountability for schools; or

99.24 (5) create new professional opportunities for teachers, including the opportunity to  
99.25 be responsible for the learning program at the school site.

99.26 (b) This section does not provide a means to keep open a school that a school board  
99.27 decides to close. However, a school board may endorse or authorize the establishing of  
99.28 a charter school to replace the school the board decided to close. Applicants seeking a  
99.29 charter under this circumstance must demonstrate to the authorizer that the charter sought  
99.30 is substantially different in purpose and program from the school the board closed and  
99.31 that the proposed charter satisfies the requirements of this subdivision. If the school  
99.32 board that closed the school authorizes the charter, it must document in its affidavit to the  
99.33 commissioner that the charter is substantially different in program and purpose from  
99.34 the school it closed.

100.1       (c) An authorizer shall not approve an application submitted by a charter school  
100.2 developer under subdivision 4, paragraph (a), if the application does not comply with this  
100.3 subdivision. The commissioner shall not approve an affidavit submitted by an authorizer  
100.4 under subdivision 4, paragraph (b), if the affidavit does not comply with this subdivision.

100.5       Sec. 2. Minnesota Statutes 2014, section 124D.10, subdivision 3, is amended to read:

100.6       Subd. 3. **Authorizer.** (a) For purposes of this section, the terms defined in this  
100.7 subdivision have the meanings given them.

100.8       "Application" to receive approval as an authorizer means the proposal an eligible  
100.9 authorizer submits to the commissioner under paragraph ~~(e)~~ (d) before that authorizer is  
100.10 able to submit any affidavit to charter to a school.

100.11       "Application" under subdivision 4 means the charter school business plan a  
100.12 school developer submits to an authorizer for approval to establish a charter school that  
100.13 documents the school developer's mission statement, school purposes, program design,  
100.14 financial plan, governance and management structure, and background and experience,  
100.15 plus any other information the authorizer requests. The application also shall include a  
100.16 "statement of assurances" of legal compliance prescribed by the commissioner.

100.17       "Affidavit" means a written statement the authorizer submits to the commissioner  
100.18 for approval to establish a charter school under subdivision 4 attesting to its review and  
100.19 approval process before chartering a school.

100.20       (b) The following organizations may authorize one or more charter schools:

100.21       (1) a school board, intermediate school district school board, or education district  
100.22 organized under sections 123A.15 to 123A.19;

100.23       (2) a charitable organization under section 501(c)(3) of the Internal Revenue Code  
100.24 of 1986, excluding a nonpublic sectarian or religious institution; any person other than a  
100.25 natural person that directly or indirectly, through one or more intermediaries, controls,  
100.26 is controlled by, or is under common control with the nonpublic sectarian or religious  
100.27 institution; and any other charitable organization under this clause that in the federal IRS  
100.28 Form 1023, Part IV, describes activities indicating a religious purpose, that:

100.29       (i) is a member of the Minnesota Council of Nonprofits or the Minnesota Council on  
100.30 Foundations;

100.31       (ii) is registered with the attorney general's office; and

100.32       (iii) is incorporated in the state of Minnesota and has been operating continuously  
100.33 for at least five years but does not operate a charter school;

100.34       (3) a Minnesota private college, notwithstanding clause (2), that grants two- or  
100.35 four-year degrees and is registered with the Minnesota Office of Higher Education under

(4) a nonprofit corporation subject to chapter 317A, described in section 317A.905, and exempt from federal income tax under section 501(c)(6) of the Internal Revenue Code of 1986, may authorize one or more charter schools if the charter school has operated for at least three years under a different authorizer and if the nonprofit corporation has existed for at least 25 years; or

(5) single-purpose authorizers formed as charitable, nonsectarian organizations under section 501(c)(3) of the Internal Revenue Code of 1986 and incorporated in the state of Minnesota under chapter 317A as a corporation with no members or under section 322B.975 as a nonprofit limited liability company for the sole purpose of chartering schools.

(c) Eligible organizations interested in being approved as an authorizer under this paragraph must submit a proposal to the commissioner that includes the provisions of paragraph ~~(e)~~ (d) and a five-year financial plan. Such authorizers shall consider and approve charter school applications using the criteria provided in subdivision 4 and shall not limit the applications it solicits, considers, or approves to any single curriculum, learning program, or method.

~~(e)~~ (d) An eligible authorizer under this subdivision must apply to the commissioner for approval as an authorizer before submitting any affidavit to the commissioner to charter a school. The application for approval as a charter school authorizer must demonstrate the applicant's ability to implement the procedures and satisfy the criteria for chartering a school under this section. The commissioner must approve or disapprove an application within 45 business days of the application deadline. If the commissioner disapproves the application, the commissioner must notify the applicant of the specific deficiencies in writing and the applicant then has 20 business days to address the deficiencies to the commissioner's satisfaction. After the 20 business days expire, the commissioner has 15 business days to make a final decision to approve or disapprove the application. Failing to address the deficiencies to the commissioner's satisfaction makes an applicant ineligible to be an authorizer. The commissioner, in establishing criteria for approval, must consider the applicant's:

(1) capacity and infrastructure;

(2) application criteria and process;

(3) contracting process;

(4) ongoing oversight and evaluation processes; and

(5) renewal criteria and processes.

102.1 ~~(d)~~ (e) An applicant must include in its application to the commissioner to be an  
102.2 approved authorizer at least the following:

102.3 (1) how chartering schools is a way for the organization to carry out its mission;

102.4 (2) a description of the capacity of the organization to serve as an authorizer,  
102.5 including the personnel who will perform the authorizing duties, their qualifications, the  
102.6 amount of time they will be assigned to this responsibility, and the financial resources  
102.7 allocated by the organization to this responsibility;

102.8 (3) a description of the application and review process the authorizer will use to  
102.9 make decisions regarding the granting of charters;

102.10 (4) a description of the type of contract it will arrange with the schools it charters  
102.11 that meets the provisions of subdivision 6;

102.12 (5) the process to be used for providing ongoing oversight of the school consistent  
102.13 with the contract expectations specified in clause (4) that assures that the schools chartered  
102.14 are complying with both the provisions of applicable law and rules, and with the contract;

102.15 (6) a description of the criteria and process the authorizer will use to grant expanded  
102.16 applications under subdivision 4, paragraph ~~(j)~~ (s);

102.17 (7) the process for making decisions regarding the renewal or termination of  
102.18 the school's charter based on evidence that demonstrates the academic, organizational,  
102.19 and financial competency of the school, including its success in increasing student  
102.20 achievement and meeting the goals of the charter school agreement; and

102.21 (8) an assurance specifying that the organization is committed to serving as an  
102.22 authorizer for the full five-year term.

102.23 ~~(e)~~ (f) A disapproved applicant under this section may resubmit an application  
102.24 during a future application period.

102.25 ~~(f)~~ (g) If the governing board of an approved authorizer votes to withdraw as  
102.26 an approved authorizer for a reason unrelated to any cause under subdivision 23, the  
102.27 authorizer must notify all its chartered schools and the commissioner in writing by July  
102.28 15 of its intent to withdraw as an authorizer on June 30 in the next calendar year. The  
102.29 commissioner may approve the transfer of a charter school to a new authorizer under this  
102.30 paragraph after the new authorizer submits an affidavit to the commissioner.

102.31 ~~(g)~~ (h) The authorizer must participate in department-approved training.

102.32 ~~(h)~~ (i) The commissioner shall review an authorizer's performance every five years  
102.33 in a manner and form determined by the commissioner and may review an authorizer's  
102.34 performance more frequently at the commissioner's own initiative or at the request of a  
102.35 charter school operator, charter school board member, or other interested party. The

103.1 commissioner, after completing the review, shall transmit a report with findings to the  
103.2 authorizer.

103.3 (j) If, consistent with this section, the commissioner finds that an authorizer has not  
103.4 fulfilled the requirements of this section, the commissioner may subject the authorizer  
103.5 to corrective action, which may include terminating the contract with the charter school  
103.6 board of directors of a school it chartered. The commissioner must notify the authorizer  
103.7 in writing of any findings that may subject the authorizer to corrective action and  
103.8 the authorizer then has 15 business days to request an informal hearing before the  
103.9 commissioner takes corrective action. If the commissioner terminates a contract between  
103.10 an authorizer and a charter school under this paragraph, the commissioner may assist the  
103.11 charter school in acquiring a new authorizer.

103.12 ~~(i)~~ (k) The commissioner may at any time take corrective action against an  
103.13 authorizer, including terminating an authorizer's ability to charter a school for:

103.14 (1) failing to demonstrate the criteria under paragraph ~~(e)~~ (d) under which the  
103.15 commissioner approved the authorizer;

103.16 (2) violating a term of the chartering contract between the authorizer and the charter  
103.17 school board of directors;

103.18 (3) unsatisfactory performance as an approved authorizer; or

103.19 (4) any good cause shown that provides the commissioner a legally sufficient reason  
103.20 to take corrective action against an authorizer.

103.21 Sec. 3. Minnesota Statutes 2014, section 124D.10, subdivision 4, is amended to read:

103.22 Subd. 4. **Formation of school.** (a) An authorizer, after receiving an application from  
103.23 a school developer, may charter a licensed teacher under section 122A.18, subdivision

103.25 122A.18, subdivision 1, to operate a school subject to the commissioner's approval of the  
103.26 authorizer's affidavit under paragraph ~~(b)~~ (d).

103.27 (b) The school must be organized and operated as a nonprofit corporation under  
103.28 chapter 317A and the provisions under the applicable chapter shall apply to the school  
103.29 except as provided in this section.

103.30 (c) Notwithstanding sections 465.717 and 465.719, a school district, subject to this  
103.31 section and section 124D.11, may create a corporation for the purpose of establishing a  
103.32 charter school.

103.33 ~~(b)~~ (d) Before the operators may establish and operate a school, the authorizer must  
103.34 file an affidavit with the commissioner stating its intent to charter a school. An authorizer  
103.35 must file a separate affidavit for each school it intends to charter. An authorizer must file

104.1 an affidavit by May 1 to be able to charter a new school in the next school year after the  
104.2 commissioner approves the authorizer's affidavit. The affidavit must state the terms and  
104.3 conditions under which the authorizer would charter a school and how the authorizer  
104.4 intends to oversee the fiscal and student performance of the charter school and to comply  
104.5 with the terms of the written contract between the authorizer and the charter school  
104.6 board of directors under subdivision 6. The commissioner must approve or disapprove  
104.7 the authorizer's affidavit within 60 business days of receipt of the affidavit. If the  
104.8 commissioner disapproves the affidavit, the commissioner shall notify the authorizer of  
104.9 the deficiencies in the affidavit and the authorizer then has 20 business days to address the  
104.10 deficiencies. The commissioner must notify the authorizer of final approval or disapproval  
104.11 within 15 business days after receiving the authorizer's response to the deficiencies in the  
104.12 affidavit. If the authorizer does not address deficiencies to the commissioner's satisfaction,  
104.13 the commissioner's disapproval is final. Failure to obtain commissioner approval precludes  
104.14 an authorizer from chartering the school that is the subject of this affidavit.

104.15 ~~(e)~~ (e) The authorizer may prevent an approved charter school from opening for  
104.16 operation if, among other grounds, the charter school violates this section or does not meet  
104.17 the ready-to-open standards that are part of the authorizer's oversight and evaluation  
104.18 process or are stipulated in the charter school contract.

104.19 ~~(d)~~ (f) The operators authorized to organize and operate a school, before entering  
104.20 into a contract or other agreement for professional or other services, goods, or facilities,  
104.21 must incorporate as a nonprofit corporation under chapter 317A ~~and~~.

104.22 (g) The operators authorized to organize and operate a school, before entering into a  
104.23 contract or other agreement for professional or other services, goods, or facilities, must  
104.24 establish a board of directors composed of at least five members who are not related parties  
104.25 until a timely election for members of the ongoing charter school board of directors is  
104.26 held according to the school's articles and bylaws under paragraph ~~(f)~~ (l). ~~A charter school~~  
104.27 ~~board of directors must be composed of at least five members who are not related parties.~~

104.28 (h) Staff members employed at the school, including teachers providing instruction  
104.29 under a contract with a cooperative, members of the board of directors, and all parents  
104.30 or legal guardians of children enrolled in the school are the voters eligible to elect the  
104.31 members of the school's board of directors. A charter school must notify eligible voters of  
104.32 the school board election dates at least 30 days before the election.

104.33 (i) Board of director meetings must comply with chapter 13D.

104.34 ~~(e)~~ (j) A charter school shall publish and maintain on the school's official Web site:

104.35 (1) the minutes of meetings of the board of directors, and of members and committees  
104.36 having any board-delegated authority, for at least one calendar year from the date

of publication; (2) directory information for members of the board of directors and committees having board-delegated authority; and (3) identifying and contact information for the school's authorizer. Identifying and contact information for the school's authorizer must be included in other school materials made available to the public.

(k) Upon request of an individual, the charter school must also make available in a timely fashion financial statements showing all operations and transactions affecting income, surplus, and deficit during the school's last annual accounting period; and a balance sheet summarizing assets and liabilities on the closing date of the accounting period. A charter school also must include that same information about its authorizer in other school materials that it makes available to the public.

~~(f)~~ (l) Every charter school board member shall attend annual training throughout the member's term on the board. All new board members shall attend initial training on the board's role and responsibilities, employment policies and practices, and financial management. A new board member who does not begin the required initial training within six months after being seated and complete that training within 12 months of being seated on the board is automatically ineligible to continue to serve as a board member. The school shall include in its annual report the training attended by each board member during the previous year.

~~(g)~~ (m) The ongoing board must be elected before the school completes its third year of operation. Board elections must be held during the school year but may not be conducted on days when the school is closed for holidays, breaks, or vacations.

(n) The charter school board of directors shall be composed of at least five nonrelated members and include: (i) at least one licensed teacher employed as a teacher at the school or providing instruction under contract between the charter school and a cooperative; (ii) at least one parent or legal guardian of a student enrolled in the charter school who is not an employee of the charter school; and (iii) at least one interested community member who resides in Minnesota and is not employed by the charter school and does not have a child enrolled in the school. The board may include a majority of teachers described in this paragraph or parents or community members, or it may have no clear majority. The chief financial officer and the chief administrator may only serve as ex-officio nonvoting board members. No charter school employees shall serve on the board other than teachers under item (i). Contractors providing facilities, goods, or services to a charter school shall not serve on the board of directors of the charter school.

(o) Board bylaws shall outline the process and procedures for changing the board's governance structure, consistent with chapter 317A. A board may change its governance structure only:

(1) by a majority vote of the board of directors and a majority vote of the licensed teachers employed by the school as teachers, including licensed teachers providing instruction under a contract between the school and a cooperative; and

(2) with the authorizer's approval.

Any change in board governance structure must conform with the composition of the board established under this paragraph.

~~(h)~~ (p) The granting or renewal of a charter by an authorizer must not be conditioned upon the bargaining unit status of the employees of the school.

~~(i)~~ (q) The granting or renewal of a charter school by an authorizer must not be contingent on the charter school being required to contract, lease, or purchase services from the authorizer.

(r) Any potential contract, lease, or purchase of service from an authorizer must be disclosed to the commissioner, accepted through an open bidding process, and be a separate contract from the charter contract. The school must document the open bidding process. An authorizer must not enter into a contract to provide management and financial services for a school that it authorizes, unless the school documents that it received at least two competitive bids.

~~(j)~~ (s) A charter school may apply to the authorizer to amend the school charter to expand the operation of the school to additional grades or sites that would be students' primary enrollment site beyond those defined in the original affidavit approved by the commissioner. After approving the school's application, the authorizer shall submit a supplementary affidavit in the form and manner prescribed by the commissioner. The authorizer must file a supplement affidavit by October 1 to be eligible to expand in the next school year. The supplementary affidavit must document that the school has demonstrated to the satisfaction of the authorizer the following:

(1) the need for the expansion with supporting long-range enrollment projections;

(2) a longitudinal record of demonstrated student academic performance and growth on statewide assessments under chapter 120B or on other academic assessments that measure longitudinal student performance and growth approved by the charter school's board of directors and agreed upon with the authorizer;

(3) a history of sound school finances and a finance plan to implement the expansion in a manner to promote the school's financial sustainability; and

(4) board capacity and an administrative and management plan to implement its expansion.

~~(k)~~ (t) The commissioner shall have 30 business days to review and comment on the supplemental affidavit. The commissioner shall notify the authorizer in writing of any

107.1 deficiencies in the supplemental affidavit and the authorizer then has 20 business days to  
107.2 address, to the commissioner's satisfaction, any deficiencies in the supplemental affidavit.  
107.3 The commissioner must notify the authorizer of final approval or disapproval within 15  
107.4 business days after receiving the authorizer's response to the deficiencies in the affidavit.  
107.5 The school may not expand grades or add sites until the commissioner has approved the  
107.6 supplemental affidavit. The commissioner's approval or disapproval of a supplemental  
107.7 affidavit is final.
