21.2 Subdivision 1. **Establishment; applicable laws.** (a) The governing body of each county;
21.3 and municipality, and school district with responsibility to accept and reject absentee ballots
21.4 must, by ordinance or resolution, establish a ballot board. The board must consist of a
21.5 sufficient number of election judges trained in the handling of absentee ballots and appointed
21.6 as provided in sections 204B.19 to 204B.22. The board may include deputy county auditors
21.7 or deputy city clerks who have received training in the processing and counting of absentee
21.8 ballots.

21.9 (b) Each jurisdiction must pay a reasonable compensation to each member of that
21.10 jurisdiction's ballot board for services rendered during an election.

21.11 (c) Except as otherwise provided by this section, all provisions of the Minnesota Election
21.12 Law apply to a ballot board.

21.17 coordinating county auditor, two or more members of the ballot board shall examine each
21.18 return envelope and shall mark it accepted or rejected in the manner provided in this
21.19 subdivision. Election judges performing the duties in this section must be of different major
21.20 political parties, unless they are exempt from that requirement under section 205.075,
21.21 subdivision 4, or section 205A.10, subdivision 2.

21.22 (b) The members of the ballot board shall mark the return envelope "Accepted" and
21.23 initial or sign the return envelope below the word "Accepted" if a majority of the members
21.24 of the ballot board examining the envelope are satisfied that:

21.25 (1) the voter's name and address on the return envelope are the same as the information
21.26 provided on the absentee ballot application;

21.27 (2) the voter signed the certification on the envelope;

21.28 (3) the voter's Minnesota driver's license, state identification number, or the last four
21.29 digits of the voter's Social Security number are the same as a number on the voter's absentee
21.30 ballot application or voter record. If the number does not match, the election judges must
21.31 compare the signature provided by the applicant to determine whether the ballots were
21.32 returned by the same person to whom they were transmitted;

22.1 (4) the voter is registered and eligible to vote in the precinct or has included a properly
22.2 completed voter registration application in the return envelope;

22.10 that an absentee voter has failed to meet one of the requirements provided in paragraph (b),
22.11 they shall mark the return envelope "Rejected," initial or sign it below the word "Rejected,"
22.12 list the reason for the rejection on the envelope, and return it to the county auditor. There
22.13 is no other reason for rejecting an absentee ballot beyond those permitted by this section.
22.14 Failure to place the ballot within the security envelope before placing it in the outer white
22.15 envelope is not a reason to reject an absentee ballot.

22.16 (2) If an envelope has been rejected at least five days before the election, the envelope
22.17 must remain sealed and the official in charge of the ballot board shall provide the voter with
22.18 a replacement absentee ballot and return envelope in place of the rejected ballot.

22.19 (3) If an envelope is rejected within five days of the election, the envelope must remain

22.21 telephone or e-mail to notify the voter that the voter's ballot has been rejected. The official
22.22 must document the attempts made to contact the voter.

22.23 (d) The official in charge of the absentee ballot board must mail the voter a written notice
22.24 of absentee ballot rejection between six and ten weeks following the election. If the official
22.25 determines that the voter has otherwise cast a ballot in the election, no notice is required.
22.26 If an absentee ballot arrives after the deadline for submission provided by this chapter, the
22.27 notice must be provided between six to ten weeks after receipt of the ballot. A notice of
22.28 absentee ballot rejection must contain the following information:

22.29 (1) the date on which the absentee ballot was rejected or, if the ballot was received after
22.30 the required deadline for submission, the date on which the ballot was received;

23.15 (b) In developing the county elections emergency plan, the county must address the
23.16 needs of voters with disabilities in all aspects of the plan. Where ballot security is affected,
23.17 the plan must provide procedures to maintain the security of the ballots. When an emergency
23.18 requires the relocation of the polling place, the plan must include procedures for securing
23.19 the ballots and voting equipment, notifying the public and other government officials, and
23.20 restoring voting activities as soon as possible. If the county contains jurisdictions that cross
23.21 county lines, the affected counties must make efforts to ensure that the emergency procedures
23.22 affecting the local jurisdiction are uniform throughout the jurisdiction.

23.23 (c) ~~Cities, and towns, and school districts~~ may create a local elections emergency plan
23.24 that meets the requirements of the county elections emergency plan. If a local jurisdiction
23.25 creates a local elections emergency plan, the procedures within the local elections emergency

23.27 (d) County election officials and any municipality with a local elections emergency plan
23.28 must review their county or local elections emergency plan prior to each state general

The polling places must open no later than 10:00 a.m. and close no earlier than 8:00 p.m. The resolution shall remain in force until it is revoked by the school board.

Subd. 2. **Other school districts.** At a school district election in a school district other than one described in subdivision 1, the school board, by resolution adopted before giving notice of the election, may designate the time during which the polling places will remain open for voting at the next succeeding and all later school district elections. Subd. 5. **School district canvassing board.** For the purpose of a recount of a special election conducted under section 126C.17, subdivision 9, or 475.59, the school district canvassing board shall consist of one member of the school board other than the clerk, selected by the board, the clerk of the school board, the county auditor of the county in which the greatest number of school district residents reside, the court administrator of the district court of the judicial district in which the greatest number of school district residents reside, and the mayor or chair of the town board of the school district's most populous municipality. Any member of the canvassing board may appoint a designee to appear at the meeting of the board, except that no designee may be a candidate for public office. If one of the individuals fails to appear at the meeting of the canvassing board, the county auditor shall appoint an eligible voter of the school district, who must not be a member of the school board, to fill the vacancy. Not more than two school board members shall serve on the canvassing board at one time. Four members constitute a quorum.

The school board shall serve as the school district canvassing board for the election of school board members.

In school districts that have organized into separate board member election districts under section 205A.12, a combined polling place for a school general election must be arranged so that it does not include more than one board member election district.

APPENDIX

Repealed Minnesota Statutes: 17-3164

Subd. 3. **Procedure.** The designation of a polling place pursuant to this section remains effective until a different polling place is designated. No designation of a new or different polling place becomes effective less than 90 days prior to an election, except that a new polling place may be designated to replace a polling place that has become unavailable for use. The school board must notify the county auditor within 30 days after the establishment of a polling place as provided in this section. The notice must include a list of the precincts that will be voting at each polling place. The school board must send the notice required by section 204B.16, subdivision 1a, after a polling place is established as provided in this section, but no additional notices of this kind are required for any subsequent similar elections until the location of the polling place or the combination of precincts voting at the polling place is changed. The secretary of state shall provide a single polling place roster for use in any polling place established as provided in this section. A single set of election judges must be appointed to serve in the polling place. The number of election judges required must be based on the total number of persons voting at the last similar election in all the precincts to be voting at the single polling place. A single ballot box may be provided for all the ballots.
