NOTE 1: the bill directs MMB to cancel \$1.9 million of FY18 DPS appropriations, from the general fund and/or special revenue fund. Since the majority of available appropriations for this provision are in the special revenue fund, that is the fund listed on the spreadsheet for simplicity.

NOTE 2: the bill moves DPS Driver and Vehicle Services operating and technology accounts from the special revenue fund to a new DVS Fund as of FY19. These lines show the shift of appropriations in Laws 2017, First Special Session, Chapter 3, from the SR Fund to the DVS Fund for the operating accounts. The appropriations from the DVS technology account also shifts from the SRF to the DVS Fund in this bill, but these are statutory appropriations and not shown on the spreadsheet. The bill also requires the remaining balances in these SRF accounts at the end of FY18 to be transferred to the new DVS Fund accounts. These are unknown amounts and are not reflected in the spreadsheet.

NOTE 3: These lines show the estimated receipts and transfers in to DVS accounts under current law, and the shift of these amounts from special revenue fund to the new DVS fund for these accounts in the bill.
