The account may consist of appropriations made by the state of Minnesota or Wisconsin and may include federal funds. The account may also receive private contributions, gifts, or grants under section 16A.013. Any interest or profit accruing from investment of these sums is credited to the account.

Subd. 2. **Use of funds.** (a) Income derived from the investment of principal in the account may be used by the commissioner of transportation for operations and routine maintenance of the Stillwater lift bridge. No money from this account may be used for any purposes except those described in this section, and no money from this account may be transferred to any other account in the state treasury without specific legislative authorization. Any money transferred from the trunk highway fund may only be used for trunk highway purposes. For the purposes of this section:

Subd. 6. **Demolition.** If the commissioner determines, in consultation with the State Historic Preservation Office, that it is necessary to demolish the Stillwater lift bridge, the principal in the account may be spent to pay for demolition of the bridge, and is appropriated to the commissioner of transportation only for that purpose, except that only funds originally contributed by the state or federal government can be used to pay for demolition. Any money remaining in the account after demolition must be used to pay for the preservation of other historic bridges in consultation with the State Historic Preservation Office.

Subd. 7. **Audits.** The account is subject to audit by the legislative auditor.

Subd. 8. **Reports required.** The commissioner of transportation shall report annually to the chair and ranking minority member of each legislative committee with jurisdiction over transportation on the endowment account.
