 3.30 districts, a group of charter schools, or a group of districts and charter schools may
 3.31 establish a voluntary prekindergarten program for children four years of age on September
 3.32 1 of the calendar year in which the school year commences. The purpose of a voluntary

4.1 prekindergarten program is to prepare children for success as they enter kindergarten in
4.2 the following year.

4.3 Subd. 2. **Program requirements.** (a) A voluntary prekindergarten program
4.4 provider must:

4.5 (1) measure each child's cognitive and social skills using a formative measure
4.6 aligned to the state's early learning standards when the child enters and again before the
4.7 child leaves the program, screening and progress monitoring measures, and others from
4.8 the state-approved menu of kindergarten entry profile measures;

4.9 (2) provide comprehensive program content including the implementation of
4.10 curriculum, assessment, and instructional strategies aligned with the state early learning
4.11 standards, and kindergarten through third grade academic standards;

4.12 (3) provide instructional content and activities that are of sufficient length and
4.13 intensity to address learning needs including offering a program with at least 350 hours of
4.14 instruction per school year for a prekindergarten student;

4.15 (4) provide voluntary prekindergarten instructional staff salaries comparable to the
4.16 salaries of local kindergarten through grade 12 instructional staff;

4.17 (5) coordinate appropriate kindergarten transition with families, community-based
4.18 prekindergarten programs, and school district kindergarten programs;

4.19 (6) involve parents in program planning and transition planning by implementing

4.27 (9) ensure staff-to-child ratios of one-to-ten and a maximum group size of 20 children;

4.28 (10) provide high-quality coordinated professional development, training, and
4.29 coaching for both school district and community-based early learning providers that
4.30 is informed by a measure of adult-child interactions and enables teachers to be highly
4.31 knowledgeable in early childhood curriculum content, assessment, native and English
4.32 language development programs, and instruction; and

4.33 (11) implement strategies that support the alignment of professional development,
4.34 instruction, assessments, and prekindergarten through grade three curricula.

5.1 (b) A voluntary prekindergarten program must ensure that all classroom teachers
5.2 have an early childhood license issued by the Board of Teaching, or special permission,
5.3 by the 2022-2023 school year and later.

5.4 (c) Districts and charter schools must include their strategy for implementing and
5.5 measuring the impact of their voluntary prekindergarten program under section 120B.11
5.6 and provide results in their world's best workforce annual summary to the Department
5.7 of Education.

5.8 Subd. 3. **Mixed delivery of services.** A district or charter school may contract
5.9 with a charter school, Head Start or child care centers, family child care programs
5.10 licensed under section 245A.03, or a community-based organization to provide eligible
5.11 children with developmentally appropriate services that meet the program requirements in
5.12 subdivision 2. Components of a mixed-delivery plan include strategies for recruitment,
5.13 contracting, and monitoring of fiscal compliance and program quality.

5.14 Subd. 4. **Eligibility.** A child who is four years of age as of September 1 in the
5.15 calendar year in which the school year commences is eligible to participate in a voluntary
5.16 prekindergarten program free of charge. Each eligible child must complete a health and
5.17 developmental screening within 90 days of program enrollment under sections 121A.16 to
5.18 121A.19.

5.19 Subd. 5. **Application process; priority for high poverty schools.** (a) To qualify
5.20 for program approval for fiscal year 2017, a district or charter school must submit an
5.21 application to the commissioner by July 1, 2016. To qualify for program approval for
5.22 fiscal year 2018 and later, a district or charter school must submit an application to the
5.23 commissioner by January 30 of the fiscal year prior to the fiscal year in which the program
5.24 will be implemented. The application must include:

5.25 (1) a description of the proposed program, including the number of hours per week
5.26 the program will be offered at each school site or mixed-delivery location;

5.27 (2) an estimate of the number of eligible children to be served in the program at each
5.28 school site or mixed-delivery location; and

5.29 (3) a statement of assurances signed by the superintendent or charter school director
5.30 that the proposed program meets the requirements of subdivision 2.

5.31 (b) The commissioner must review all applications submitted for fiscal year 2017 by
5.32 August 1, 2016, and must review all applications submitted for fiscal year 2018 and later
5.33 by March 1 of the fiscal year in which the applications are received and determine whether
5.34 each application meets the requirements of paragraph (a).

5.35 (c) The commissioner must divide all applications for new or expanded programs
5.36 meeting the requirements of paragraph (a) into four groups as follows: the Minneapolis and

6.1 St. Paul school districts; other school districts located in the metropolitan equity region as
6.2 defined in section 126C.10, subdivision 28; school districts located in the rural equity region
6.3 as defined in section 126C.10, subdivision 28; and charter schools. Within each group, the
6.4 applications must be rank-ordered using a sliding scale based on the following criteria:

6.5 (1) concentration of kindergarten students eligible for free or reduced-price lunches
6.6 by school site on October 1 of the previous school year. For school district programs to be
6.7 operated at locations that do not have free and reduced-price lunch concentration data for
6.8 kindergarten programs for October 1 of the previous school year, including mixed-delivery
6.9 programs, the school district average concentration of kindergarten students eligible for
6.10 free or reduced-price lunches must be used for the rank ordering;

6.11 (2) presence or absence of a three- or four-star Parent Aware rated program within
6.12 the school district or close proximity of the district. School sites with the highest
6.13 concentration of kindergarten students eligible for free or reduced-price lunches that
6.14 do not have a three- or four-star Parent Aware program within the district or close
6.15 proximity of the district shall receive the highest priority, and school sites with the lowest
6.16 concentration of kindergarten students eligible for free or reduced-price lunches that have
6.17 a three- or four-star Parent Aware rated program within the district or close proximity of
6.18 the district shall receive the lowest priority.

6.19 (d) The aid and levy revenue available for the program as specified in subdivision 6,
6.20 paragraph (b), must initially be allocated equally among the four groups based on each
6.21 group's percentage share of the statewide kindergarten enrollment on October 1 of the
6.22 previous school year. Within each group, the available revenue must be allocated among
6.23 school sites in priority order until that region's share of the revenue limit is reached. If the
6.24 revenue limit is not reached for all groups, the remaining amount must be allocated to
6.25 the highest priority school sites, as designated under this section, not funded in the initial
6.26 allocation on a statewide basis.

6.27 (e) Once a school site is approved for revenue under this subdivision, it shall remain
6.28 eligible for revenue if it continues to meet program requirements, regardless of changes in
6.29 the concentration of students eligible for free or reduced-price lunches.

6.30 (f) If the total revenue approved based on applications submitted under paragraph
6.31 (a) is less than the revenue limit under section 124D.161, subdivision 1, paragraph (d),
6.32 the commissioner must notify all school districts and charter schools of the amount that
6.33 remains available within 30 days of the initial application deadline under paragraph (a),
6.34 and complete a second round of allocations based on applications received within 60 days
6.35 of the initial application deadline.

7.1 (g) procedures for approving applications submitted under paragraph (f) shall be the
7.2 same as specified in paragraphs (a) to (d), except that the allocations shall be made to the
7.3 highest priority school sites not funded in the initial allocation on a statewide basis.

7.4 Subd. 6. **Program and revenue limits.** (a) Notwithstanding section 126C.05,
7.5 subdivision 1, paragraph (d), the pupil units for a voluntary prekindergarten program for
7.6 an eligible school district or charter school must not exceed 60 percent of the kindergarten
7.7 pupil units for that school district or charter school under section 126C.05, subdivision 1,
7.8 paragraph (e).

7.9 (b) In reviewing applications under subdivision 5, the commissioner must limit the
7.10 estimated state aid entitlement approved under this section to \$27,081,000 for fiscal year
7.11 2017, \$40,851,000 for fiscal year 2018, and \$61,529,000 for fiscal year 2019 and later. If
7.12 the actual state aid entitlement based on final data exceeds the limit in any year, the aid of
7.13 the participating districts must be prorated so as not to exceed the limit.

7.14 **EFFECTIVE DATE.** This section is effective for revenue in fiscal year 2017 and
7.15 later.

7.16 Sec. 6. Minnesota Statutes 2015 Supplement, section 124D.59, subdivision 2, is

7.22 (1) the pupil, as declared by a parent or guardian first learned a language other than
7.23 English, comes from a home where the language usually spoken is other than English, or
7.24 usually speaks a language other than English; and

7.25 (2) the pupil is determined by a valid assessment measuring the pupil's English
7.26 language proficiency and by developmentally appropriate measures, which might include
7.27 observations, teacher judgment, parent recommendations, or developmentally appropriate
7.28 assessment instruments, to lack the necessary English skills to participate fully in
7.29 academic classes taught in English.

7.30 (b) A pupil enrolled in a Minnesota public school in any grade 4 through 12 who in
7.31 the previous school year took a commissioner-provided assessment measuring the pupil's
7.32 emerging academic English, shall be counted as an English learner in calculating English
7.33 learner pupil units under section 126C.05, subdivision 17, and shall generate state English
7.34 learner aid under section 124D.65, subdivision 5, if the pupil scored below the state cutoff
7.35 score or is otherwise counted as a nonproficient participant on the assessment measuring

8.1 the pupil's emerging academic English, or, in the judgment of the pupil's classroom
 8.2 teachers, consistent with section 124D.61, clause (1), the pupil is unable to demonstrate
 8.3 academic language proficiency in English, including oral academic language, sufficient to
 8.4 successfully and fully participate in the general core curriculum in the regular classroom.

9.17 Subd. 3. **Compensation revenue pupil units.** Compensation revenue pupil units
 9.18 for fiscal year 1998 and thereafter must be computed according to this subdivision.

9.19 (a) The compensation revenue concentration percentage for each building in a
 9.20 district equals the product of 100 times the ratio of:

9.21 (1) the sum of the number of pupils enrolled in the building eligible to receive free
 9.22 lunch plus one-half of the pupils eligible to receive reduced priced lunch on October

28.21 services, operations and maintenance, capital expenditures, and pupil transportation,
28.22 minus (3) special education aid under section 125A.76 attributable to that pupil, that is
28.23 received by the district providing special instruction and services. For purposes of this
28.24 paragraph, general education revenue and referendum equalization aid attributable to a
28.25 pupil must be calculated using the serving district's average general education revenue
28.26 and referendum equalization aid per adjusted pupil unit.

28.27 (c) For fiscal year 2015 and later, special education aid paid to a resident district
28.28 must be reduced by an amount equal to 90 percent of the unreimbursed cost of providing
28.29 special education and services.

28.30 (d) Notwithstanding paragraph (c), special education aid paid to a resident district
28.31 must be reduced by an amount equal to 100 percent of the unreimbursed cost of special

28.34 least 70 percent of the charter school's total enrollment.

29.1 (e) Notwithstanding paragraph (c), special education aid paid to a resident district
 29.2 must be reduced under paragraph (d) for students at a charter school receiving special

29.5 (f) Special education aid paid to the district or cooperative providing special
 29.6 instruction and services for the pupil, or to the fiscal agent district for a cooperative, must
 29.7 be increased by the amount of the reduction in the aid paid to the resident district under
 29.8 paragraphs (c) and (d). If the resident district's special education aid is insufficient to make
 29.9 the full adjustment under paragraphs (c), (d), and (e), the remaining adjustment shall be
 29.10 made to other state aids due to the district.

29.11 (g) Notwithstanding paragraph (a), general education aid paid to the resident district
 29.12 of a nonspecial education student for whom an eligible special education charter school
 29.13 receives general education aid under section 124E.20, subdivision 1, paragraph (c), must
 29.14 be reduced by an amount equal to the difference between the general education aid
 29.15 attributable to the student under section 124E.20, subdivision 1, paragraph (c), and the
 29.16 general education aid that the student would have generated for the charter school under

 29.24 paragraph (f), the district of residence must pay tuition equal to at least 90 and no more
 29.25 than 100 percent of the district average general education revenue per pupil unit minus
 29.26 an amount equal to the product of the formula allowance according to section 126C.10,
 29.27 subdivision 2, times .0466, calculated without compensatory revenue, local optional
 29.28 revenue, and transportation sparsity revenue, times the number of pupil units for pupils
 29.29 attending the area learning center.
