92.5 Subd. 2. **Authorization to issue appropriation bonds.** (a) Subject to the limitations of
92.6 this subdivision, the commissioner may sell and issue appropriation bonds of the state under
92.7 this section for public purposes as provided by law, including for the purposes of financing
92.8 the cost of various items of capital equipment necessary to the ongoing operations of public
92.9 stations. Appropriation bonds may be sold and issued in amounts that, in the opinion of the
92.10 commissioner, are necessary to provide sufficient money to the commissioner of
92.11 administration under subdivision 7, not to exceed \$15,000,000 net of costs of issuance, for
92.12 the purposes as provided under this subdivision, and to pay debt service including capitalized

92.14 agreements entered into under paragraph (d). Notwithstanding section 129D.155, any money
92.15 repaid to the commissioner of administration upon a sale or other disposition of equipment
92.16 acquired under this section shall be transferred to the commissioner and applied toward
92.17 principal and interest on outstanding bonds.

92.18 (b) Proceeds of the appropriation bonds must be credited to a special appropriation public
92.19 television equipment bond proceeds fund in the state treasury. All income from investment
92.20 of the bond proceeds, as estimated by the commissioner, is appropriated to the commissioner
92.21 for the payment of principal and interest on the appropriation bonds.

92.22 (c) Appropriation bonds may be issued in one or more issues or series on the terms and

92.24 on any series of appropriation bonds may not exceed 21 years. The appropriation bonds of
92.25 each issue and series thereof shall be dated and bear interest, and may be includable in or
92.26 excludable from the gross income of the owners for federal income tax purposes.

92.27 (d) At the time of, or in anticipation of, issuing the appropriation bonds, and at any time
92.28 thereafter, so long as the appropriation bonds are outstanding, the commissioner may enter
92.29 into agreements and ancillary arrangements relating to the appropriation bonds, including
92.30 but not limited to trust indentures, grant agreements, lease or use agreements, operating
92.31 agreements, management agreements, liquidity facilities, remarketing or dealer agreements,
92.32 letter of credit agreements, insurance policies, guaranty agreements, reimbursement
92.33 agreements, indexing agreements, or interest exchange agreements. Any payments made
92.34 or received according to the agreement or ancillary arrangement shall be made from or

93.1 deposited as provided in the agreement or ancillary arrangement. The determination of the
93.2 commissioner, included in an interest exchange agreement, that the agreement relates to an
93.3 appropriation bond, shall be conclusive.

93.4 (e) The commissioner may enter into written agreements or contracts relating to the
93.5 continuing disclosure of information necessary to comply with or facilitate the issuance of
93.6 appropriation bonds in accordance with federal securities laws, rules, and regulations,
93.7 including Securities and Exchange Commission rules and regulations in Code of Federal
93.8 Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants
93.9 with purchasers and holders of appropriation bonds set forth in the order or resolution
93.10 authorizing the issuance of the appropriation bonds, or a separate document authorized by
93.11 the order or resolution.

93.12 (f) The appropriation bonds are not subject to chapter 16C.

93.13 Subd. 3. **Form; procedure.** (a) Appropriation bonds may be issued in the form of bonds,
93.14 notes, or other similar instruments, and in the manner provided in section 16A.672. In the
93.15 event that any provision of section 16A.672 conflicts with this section, this section shall
93.16 control.

93.17 (b) Every appropriation bond shall include a conspicuous statement of the limitation
93.18 established in subdivision 6.

93.19 (c) Appropriation bonds may be sold at either public or private sale upon such terms as
93.20 the commissioner shall determine are not inconsistent with this section and may be sold at
93.21 any price or percentage of par value. Any bid received may be rejected.

93.23 (e) Notwithstanding any other law, appropriation bonds issued under this section shall
93.24 be fully negotiable.

93.25 Subd. 4. **Refunding bonds.** The commissioner may issue appropriation bonds for the
93.26 purpose of refunding any appropriation bonds then outstanding, including the payment of
93.27 any redemption premiums on the bonds, any interest accrued or to accrue to the redemption
93.28 date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any
93.29 refunding bonds may, at the discretion of the commissioner, be applied to the purchase or
93.30 payment at maturity of the appropriation bonds to be refunded, to the redemption of the
93.31 outstanding appropriation bonds on any redemption date, or to pay interest on the refunding
93.32 bonds and may, pending application, be placed in escrow to be applied to the purchase,
93.33 payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be

94.1 invested and reinvested in obligations that are authorized investments under section 11A.24.
94.2 The income earned or realized on the investment may also be applied to the payment of the
94.3 appropriation bonds to be refunded or interest or premiums on the refunded appropriation
94.4 bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been
94.5 fully satisfied, any balance of the proceeds and any investment income may be returned to
94.6 the general fund or, if applicable, the special appropriation public television equipment
94.7 bond proceeds fund for use in any lawful manner. All refunding bonds issued under this
94.8 subdivision must be prepared, executed, delivered, and secured by appropriations in the
94.9 same manner as the appropriation bonds to be refunded.

94.10 Subd. 5. **Appropriation bonds as legal investments.** Any of the following entities may
94.11 legally invest any sinking funds, money, or other funds belonging to them or under their
94.12 control in any appropriation bonds issued under this section:

94.13 (1) the state, the investment board, public officers, municipal corporations, political
94.14 subdivisions, and public bodies;

94.16 savings banks and institutions, investment companies, insurance companies, insurance
94.17 associations, and other persons carrying on a banking or insurance business; and

94.18 (3) personal representatives, guardians, trustees, and other fiduciaries.

94.19 Subd. 6. **No full faith and credit; state not required to make appropriations.** The
94.20 appropriation bonds are not public debt of the state, and the full faith, credit, and taxing
94.21 powers of the state are not pledged to the payment of the appropriation bonds or to any
94.22 payment that the state agrees to make under this section. Appropriation bonds shall not be
94.23 obligations paid directly, in whole or in part, from a tax of statewide application on any
94.24 class of property, income, transaction, or privilege. Appropriation bonds shall be payable
94.25 in each fiscal year only from amounts that the legislature may appropriate for debt service
94.26 for any fiscal year, provided that nothing in this section shall be construed to require the
94.27 state to appropriate money sufficient to make debt service payments with respect to the
94.28 appropriation bonds in any fiscal year. Appropriation bonds shall be canceled and shall no
94.29 longer be outstanding on the earlier of (1) the first day of a fiscal year for which the
94.30 legislature shall not have appropriated amounts sufficient for debt service, or (2) the date
94.31 of final payment of the principal of and interest on the appropriation bonds.

94.32 Subd. 7. **Appropriation of proceeds.** The proceeds of appropriation bonds issued under
94.33 subdivision 2, paragraph (a), and interest credited to the special appropriation public
94.34 television equipment bond proceeds fund are appropriated as follows:

95.1 (1) to the commissioner of administration for equipment grants to public stations under
 95.2 section 129D.15 and as further specified in subdivision 2, paragraph (a), which grants must

 95.4 Austin, one-seventh to Pioneer public television in Granite Falls, one-seventh to Lakeland
 95.5 PBS in Bemidji, one-seventh to Prairie Public in Fargo/Moorhead, and one-seventh to

 95.9 payments under any agreements entered into under subdivision 2, paragraph (d), as permitted
 95.10 by state and federal law.

95.11 Subd. 8. **Appropriation for debt service and other purposes.** An amount needed to
 95.12 pay principal and interest on appropriation bonds issued under subdivision 2, paragraph (a),

 95.14 unallotment under section 16A.152, or cancellation, otherwise pursuant to subdivision 6,
 95.15 for deposit into the bond payments account established for such purpose in the special
 95.16 appropriation public television equipment bond proceeds fund. The appropriation is available
 95.17 beginning in fiscal year 2021 and remains available through fiscal year 2042.

95.18 Subd. 9. **Waiver of immunity.** The waiver of immunity by the state provided for by
 95.19 section 3.751, subdivision 1, shall be applicable to the appropriation bonds and any ancillary

98.2 The income earned or realized on the investment may also be applied to the payment of the

98.21 powers of the state are not pledged to the payment of the appropriation bonds or to any
98.22 payment that the state agrees to make under this section. Appropriation bonds shall not be
98.23 obligations paid directly, in whole or in part, from a tax of statewide application on any
98.24 class of property, income, transaction, or privilege. Appropriation bonds shall be payable
98.25 in each fiscal year only from amounts that the legislature may appropriate for debt service
98.26 for any fiscal year, provided that nothing in this section shall be construed to require the
98.27 state to appropriate money sufficient to make debt service payments with respect to the
98.28 appropriation bonds in any fiscal year. Appropriation bonds shall be canceled and shall no

110.2 reasonably be brought into compliance with fire, health, or life safety codes;

110.3 (8) the district has made a good faith effort, as evidenced by its maintenance expenditures,
110.4 to adequately maintain the existing facility during the previous ten years and to comply
110.5 with fire, health, and life safety codes and state and federal requirements for accessibility
110.6 for people with disabilities;

110.7 (9) the district has made a good faith effort to encourage integration of social service

110.13 (1) the state demographer has examined the population of the communities to be served
110.14 by the facility and determined that the communities have not grown during the previous
110.15 five years;

110.16 (2) the state demographer determines that the economic and population bases of the
110.17 communities to be served by the facility are not likely to grow or to remain at a level
110.18 sufficient, during the next ten years, to ensure use of the entire facility;

110.19 (3) the need for facilities could be met within the district or adjacent districts at a
110.20 comparable cost by leasing, repairing, remodeling, or sharing existing facilities or by using
110.21 temporary facilities;

110.22 (4) the district plans do not include cooperation and collaboration with health and human

110.26 area.

110.27 **Subd. 4. Multiple district proposals; review and comment.** In addition to the
110.28 requirements of subdivision 3, the commissioner may use additional requirements to
110.29 determine a positive review and comment on projects that are designed to serve more than
110.30 one district. These requirements may include:

110.31 (1) reducing or increasing the number of districts that plan to use the facility;

110.32 (2) location of the facility; and

111.1 (3) formation of a joint powers agreement among the participating districts.

111.2 Subd. 5. **Adjacent district comments.** The district must present the proposed project
111.3 to the board of each adjacent district at a public meeting of that district. The board of an
111.4 adjacent district must make a written evaluation of how the project will affect the future
111.5 education and building needs of the adjacent district. The board must submit the evaluation
111.6 to the applying district within 30 days of the meeting.

111.7 Subd. 6. **District application for capital grant and loan.** The school board of a district
111.8 desiring a capital grant and loan shall adopt a resolution stating the amount proposed to be
111.9 ~~borrowed~~ funded, the purpose for which the ~~debt is to be incurred~~ funding is requested, and
111.10 an estimate of the dates when the facilities for which the ~~loan~~ funding is requested will be
111.11 contracted for and completed. Applications for grants and loans must be accompanied by
111.12 a copy of the adopted board resolution and copies of the adjacent district evaluations. The
111.13 commissioner shall retain the evaluation as part of a permanent record of the district
111.14 submitting the evaluation.

111.15 Applications must be in the form and accompanied by the additional data required by
111.16 the commissioner. Applications must be received by the commissioner by September 1 of
111.17 an odd-numbered year. A district must resubmit an application each odd-numbered year.
111.18 Capital grant and loan applications that do not receive voter approval or are not approved
111.19 in law cancel July 1 of the year following application. When an application is received, the
111.20 commissioner shall obtain from the commissioner of revenue the information in the Revenue
111.21 Department's official records that is required to be used in computing the debt limit of the
111.22 district under section 475.53, subdivision 4.

111.23 Subd. 7. **Commissioner review; district proposals.** By November 1 of each
111.24 odd-numbered year, the commissioner must review all applications for capital grants and
111.25 loans that have received a positive review and comment. When reviewing applications, the
111.26 commissioner must consider whether the criteria in subdivision 3 have been met. The
111.27 commissioner may not approve an application if all of the required deadlines have not been
111.28 met. The commissioner may either approve or reject an application for a capital grant and
111.29 loan.

111.30 Subd. 8. **Commissioner recommendations.** The commissioner shall examine and
111.31 consider applications for capital grants and loans that have been approved and promptly
111.32 notify any district rejected of the decision.

111.33 The commissioner shall report each capital grant and loan that has been approved by
111.34 the commissioner and that has received voter approval to the education committees of the

112.1 legislature by January 1 of each even-numbered year. The commissioner must not report a
112.2 capital grant and loan that has not received voter approval. The commissioner shall also
112.3 report on the money remaining in the capital loan account and, if necessary, request that
112.4 another bond issue be authorized.

112.5 Subd. 9. **Grant and loan amount limits.** (a) A grant and loan must not be recommended
112.6 for approval for a district exceeding an amount computed as follows:

112.7 (1) the amount requested by the district under subdivision 6;

112.8 (2) plus the aggregate principal amount of general obligation bonds of the district
112.9 outstanding on June 30 of the year following the year the application was received, not
112.10 exceeding the limitation on net debt of the district in section 475.53, subdivision 4, or 637
112.11 percent of its adjusted net tax capacity as most recently determined, whichever is less;

112.12 (3) less the maximum net debt permissible for the district on December 1 of the year
112.13 the application is received, under the limitation in section 475.53, subdivision 4, or 637
112.14 percent of its adjusted net tax capacity as most recently determined, whichever is less;

112.15 (4) less any amount by which the amount voted exceeds the total cost of the facilities
112.16 for which the grant and loan is ~~granted~~ approved.

112.17 (b) The grant and loan may be approved in an amount computed as provided in paragraph
112.18 (a), clauses (1) to (3), subject to later reduction according to paragraph (a), clause (4).

112.19 (c) The loan amount equals the lesser of the total grant and loan approved or:

112.20 (i) the product of the maximum effort tax rate times 50 times the district's most recent
112.21 adjusted net tax capacity at the time the capital grant and loan is approved under subdivision
112.22 10, minus

112.23 (ii) the district's capital loan balance outstanding at the time the capital grant and loan
112.24 is approved under subdivision 10, minus

112.25 (iii) the district's principal and interest balance outstanding for eligible bonds issued for
112.26 prior capital projects at the time the capital loan and grant is approved.

112.27 (d) The grant amount equals the difference between the total grant and loan approved
112.28 and the loan amount under paragraph (c).

112.29 Subd. 10. **Legislative action.** Each capital grant and loan must be approved in a law.

112.30 If the aggregate amount of the capital grants and loans exceeds the amount that is or can
112.31 be made available, the commissioner shall allot the available amount among any number

113.1 of qualified applicant districts, according to the commissioner's judgment and discretion,
113.2 based upon the districts' respective needs.

113.3 Subd. 11. **District referendum.** After receipt of the review and comment on the project
113.4 and before January 1 of the even-numbered year, the question authorizing the borrowing
113.5 of money for the facilities must be submitted by the school board to the voters of the district
113.6 at a regular or special election. The question submitted must state the total amount to be
113.7 borrowed from all sources. Approval of a majority of those voting on the question is sufficient
113.8 to authorize the issuance of the obligations on public sale in accordance with chapter 475.
113.9 The face of the ballot must include the following statement: "APPROVAL OF THIS
113.10 QUESTION DOES NOT GUARANTEE THAT THE SCHOOL DISTRICT WILL
113.11 RECEIVE A CAPITAL GRANT AND LOAN FROM THE STATE. THE GRANT AND
113.12 LOAN MUST BE APPROVED BY THE STATE LEGISLATURE AND IS DEPENDENT
113.13 ON AVAILABLE FUNDING." The district must mail to the commissioner a certificate by
113.14 the clerk showing the vote at the election.

113.15 Subd. 12. **Contract.** (a) Each capital grant and loan must be evidenced by a contract
113.16 between the district and the state acting through the commissioner. The contract must
113.17 obligate the state to reimburse the district, from the maximum effort school loan fund, for
113.18 eligible capital expenses for construction of the facility for which the grant and loan is
113.19 ~~granted approved~~, an amount computed as provided in subdivision 9. The commissioner
113.20 must receive from the district a certified resolution of the board estimating the costs of
113.21 construction and reciting that contracts for construction of the facilities for which the grant
113.22 and loan is granted approved have been awarded, that bonds of the district have been issued
113.23 and sold or that other district funds have been set aside in the amount necessary to pay all
113.24 estimated costs of construction in excess of the amount of the grant and loan, and that all
113.25 work, when completed, meets or exceeds standards established in the State Building Code.
113.26 The contract must obligate the district to repay the loan out of the excesses of its maximum
113.27 effort debt service levy over its required debt service levy, ~~including interest at a rate equal~~
113.28 ~~to the weighted average annual rate payable on Minnesota state school loan bonds issued~~
113.29 ~~or reissued for the project.~~ Beginning July 1, 2020, no interest assessments shall be made
113.30 on capital loan balances.

113.31 (b) The district must each year, as long as it is indebted to the state, levy for debt service
113.32 (i) the amount of its maximum effort debt service levy or (ii) the amount of its required debt
113.33 service levy, whichever is greater, ~~except as the required debt service levy may be reduced~~
113.34 ~~by a loan under section 126C.68.~~ The district shall remit payments to the commissioner

114.1 according to section 126C.71. The actual debt service levy shall be adjusted under section
114.2 477A.09.

114.3 (c) The commissioner shall supervise the collection of outstanding accounts due the
114.4 fund and may, by notice to the proper county auditor, require the maximum levy to be made
114.5 as required in this subdivision. ~~Interest on capital loans must be paid on December 15 of~~
114.6 ~~the year after the year the loan is granted and annually in later years.~~ By September 30, the
114.7 commissioner shall notify the county auditor of each county containing taxable property
114.8 situated within the district of the amount of the maximum effort debt service levy of the
114.9 district for that year. The county auditor or auditors shall extend upon the tax rolls an ad
114.10 valorem tax upon all taxable property within the district in the aggregate amount so certified.

114.11 Subd. 13. **Loan forgiveness.** If any capital loan is not paid within 50 years after it is
114.12 granted from maximum effort debt service levies in excess of required debt service levies,
114.13 the liability of the district on the loan is satisfied and discharged and interest on the loan
114.14 ceases.

114.15 Subd. 14. **Participation by county auditor; record of contract; payment of loan.** The
114.16 district must file a copy of the capital loan contract with the county auditor of each county
114.17 in which any part of the district is situated. The county auditor shall enter the capital loan,
114.18 evidenced by the contract, in the auditor's bond register. The commissioner shall keep a
114.19 record of each capital grant and loan ~~and~~ contract showing the name and address of the
114.20 district, the date of the contract, and the amount of the grant and loan initially approved.
114.21 On receipt of the resolution required in subdivision 12 and documentation of expenditures
114.22 under the contract, the commissioner shall issue payments, ~~which may be dispersed in~~
114.23 ~~accordance with the schedule in the contract~~, on the capital grant and loan account for the
114.24 amount that may be disbursed under subdivision 1. ~~Interest on each disbursement of the~~
114.25 ~~capital loan amount accrues from the date on which the commissioner of management and~~
114.26 ~~budget issues the payment.~~

114.27 Subd. 15. **Bond sale limitations.** (a) A district having an outstanding state loan must
114.28 not issue and sell any bonds on the public market, except to refund state loans, unless it
114.29 agrees to make the maximum effort debt service levy in each later year at the higher rate
114.30 provided in section 126C.63, subdivision 8, and unless it schedules the maturities of the
114.31 bonds according to section 475.54, subdivision 2. A district that refunds bonds at a lower
114.32 interest rate may continue to make the maximum effort debt service levy in each later year
114.33 at the current rate provided in section 126C.63, subdivision 8, if the district can demonstrate
114.34 to the commissioner's satisfaction that the district's repayments of the state loan will not be

115.1 reduced below the previous year's level. The district must report each sale to the
115.2 commissioner.

115.3 (b) For a capital loan issued prior to July 1, 2001, after the district's capital loan has been
115.4 outstanding for 30 years, the district must not issue bonds on the public market except to
115.5 refund the loan.

115.6 (c) For a capital loan issued on or after July 1, 2001, after the district's capital loan has
115.7 been outstanding for 20 years, the district must not issue bonds on the public market except
115.8 to refund the loan.

115.9 Sec. 13. Minnesota Statutes 2018, section 126C.71, is amended to read:

115.10 **126C.71 PAYMENT AND APPLICATIONS OF PAYMENT.**

115.11 Subdivision 1. **Payment.** (a) On November 20 of each year, each district having an
115.12 outstanding capital loan or debt service loan shall compute the excess amount in the debt
115.13 redemption fund. The commissioner shall prescribe the form and calculation to be used in
115.14 computing the excess amount. A completed copy of this form shall be sent to the
115.15 commissioner before December 1 of each year. The commissioner may recompute the
115.16 excess amount and shall promptly notify the district of the recomputed amount.

115.17 ~~(b)~~ On December 15 of each year, the district shall remit to the commissioner, at a
115.18 minimum, an amount equal to the greater of:

115.19 (i) the excess amount in the debt redemption fund; or

115.20 (ii) the amount by which the maximum effort debt service levy exceeds the required
115.21 debt service levy for that calendar year.

115.22 ~~Any late payments shall be assessed an interest charge using the interest rates specified for~~
115.23 ~~the debt service notes and capital loan contracts.~~

115.24 ~~(e)~~ (b) If a payment required under ~~the Maximum Effort School Aid Law~~ paragraph (a)
115.25 is not made within 30 days, the commissioner may reduce any subsequent payments due
115.26 the district under this chapter and chapters 120B, 122A, 123A, 123B, 124D, 125A, and
115.27 127A by the amount due, after providing written notice to the district.

115.28 Subd. 2. **Application of payments.** The commissioner shall apply payments received
115.29 ~~under the Maximum Effort School Aid Law and aids withheld according to subdivision 1;~~
115.30 ~~paragraph (b), as follows: First, to payment of interest accrued on its notes, if any; second,~~
115.31 ~~to interest on its contracts, if any; third, toward principal of its notes, if any; and last, toward~~
115.32 the principal of its contracts, if any. While more than ~~one note or more than one~~ contract is

116.1 held, priority of payment of interest must be given to the one of earliest date, and after
116.2 interest accrued on all notes is paid, similar priority shall be given in the application of any
116.3 remaining amount to the payment of principal. In any year when the receipts from a district
116.4 are not sufficient to pay the interest accrued on any of its notes or contracts, the deficiency
116.5 must be added to the principal, and the commissioner shall notify the district and each county
116.6 auditor concerned of the new amount of principal of the note or contract.

116.7 Sec. 14. Minnesota Statutes 2018, section 137.61, is amended to read:

116.8 **137.61 PURPOSE.**

116.9 Sections 137.61 to 137.65 provide for a biomedical science research funding program
116.10 to further the investment in biomedical science research facilities in Minnesota to benefit
116.11 the state's economy, advance the biomedical technology industry, benefit human health,
116.12 and facilitate research collaboration between the University of Minnesota and other private
116.13 and public institutions in this state. Sections 137.61 to 137.65 also provide funding for
116.14 design, land acquisition, site preparation, and preconstruction services for the new clinical
116.15 research facility on the University of Minnesota's Twin Cities campus.

116.16 Sec. 15. Minnesota Statutes 2018, section 137.62, subdivision 2, is amended to read:

116.17 Subd. 2. **Biomedical science research facility.** "Biomedical science research facility"
116.18 means a facility located on the campus of the University of Minnesota to be used as a
116.19 research facility and laboratory for biomedical science and biomedical technology. A hospital
116.20 licensed under sections 144.50 to 144.56 is not a biomedical science research facility.
116.21 Biomedical science research facility includes the clinical research facility defined in this
116.22 section.

116.23 Sec. 16. Minnesota Statutes 2018, section 137.62, is amended by adding a subdivision to
116.24 read:

116.25 Subd. 3a. **Clinical research facility.** "Clinical research facility" means a facility located
116.26 on the Twin Cities campus of the University of Minnesota to connect a broad array of clinical
116.27 research units and activities from across the university, providing a consolidated home for
116.28 the Clinical Translational Science Institute and related programs that support education,
116.29 research, clinical training, and patient care.

117.1 Sec. 17. Minnesota Statutes 2018, section 137.63, is amended to read:

117.2 **137.63 BIOMEDICAL SCIENCE RESEARCH FACILITIES FUNDING**
117.3 **PROGRAM.**

117.4 Subdivision 1. **Program established.** A biomedical science research facilities funding
117.5 program is established to provide appropriations to the Board of Regents of the University
117.6 of Minnesota for up to 75 percent of the project costs for each of four projects approved by
117.7 the Board of Regents under section 137.64, other than the clinical research facility.

117.8 Appropriations to the Board of Regents for the clinical research facility are for 100 percent
117.9 of the project costs for design, land acquisition, site preparation, and preconstruction services.

117.10 Subd. 2. **Project requirements.** The Board of Regents of the University of Minnesota,
117.11 either acting on its own or in collaboration with another private or public entity, must pay
117.12 at least 25 percent of the project costs for each of four projects, other than the clinical
117.13 research facility. The board must not use tuition revenue to pay for the university's share
117.14 of the costs for the projects approved under section 137.64.

117.15 Sec. 18. Minnesota Statutes 2018, section 137.64, is amended to read:

117.16 **137.64 CONDITIONS FOR PAYMENTS TO UNIVERSITY.**

117.17 Subdivision 1. **Certifications.** Before the commissioner may make any payments
117.18 authorized in this section to the Board of Regents for a biomedical science research facility
117.19 project, the commissioner must certify that the board has, by board resolution, approved
117.20 the maximum project cost for the project and complied with the requirements of section
117.21 137.63, ~~subdivision 2.~~ For each project approved by the board, the board must certify to the
117.22 commissioner the amount of the annual payments of principal and interest required to service
117.23 each series of bonds issued by the University of Minnesota for the project, and the actual
117.24 amount of the state's annual payment to the University of Minnesota under subdivision 2.
117.25 The annual payment must not exceed the amount required to pay debt service on the bonds
117.26 issued to finance 75 percent of the project costs of biomedical science research facilities
117.27 authorized before 2019. The annual payment may additionally be for the amount required
117.28 to pay debt service on the bonds issued to finance 100 percent of the costs of the clinical
117.29 research facility.

117.30 Subd. 2. **Payments.** On July 15 of each year after the certification under subdivision 1,
117.31 but no earlier than July 15, 2009, and for so long thereafter as any bonds issued by the board
117.32 ~~for the construction of a project,~~ or any refunding bonds issued under subdivision 7, are
117.33 outstanding, the state must transfer to the board annual payments as certified under

118.1 subdivision 1, up to the maximum amounts in the appropriation schedule under subdivision
118.2 3. Payments under this section are to reimburse the Board of Regents for the state's share
118.3 of the project costs for the biomedical science research facility projects, provided that the
118.4 principal amount of bonds issued by the University of Minnesota to pay the state's share of
118.5 the costs must not exceed \$219,000,000.

118.6 Subd. 3. **Appropriations.** Annual appropriations are made from the general fund to the
118.7 commissioner of management and budget for transfer to the Board of Regents, as follows:

118.8 (1) up to \$850,000 is appropriated in fiscal year 2010;

118.9 (2) up to \$3,650,000 is appropriated in fiscal year 2011;

118.10 (3) up to \$7,825,000 is appropriated in fiscal year 2012;

118.11 (4) up to \$12,100,000 is appropriated in fiscal year 2013;

118.12 (5) up to \$14,825,000 is appropriated in fiscal year 2014; ~~and~~

118.13 (6) up to \$15,550,000 is appropriated in fiscal year 2015 and each year thereafter, ~~up to~~
118.14 ~~25 years following the certification of the last project by the commissioner.~~ through fiscal
118.15 year 2020; and

118.16 (7) up to \$13,930,000 is appropriated in fiscal year 2021 and each year thereafter through
118.17 fiscal year 2039.

118.18 Subd. 4. **Report to legislature.** The Board of Regents must report to the committees of
118.19 the legislature with responsibility for capital investment by January 15 of each even-numbered
118.20 year on the biomedical science research facility projects authorized under this section. The
118.21 report must at a minimum include for each project, the total cost, the number of researchers,
118.22 research grants, and the amount of debt issued by the board.

118.23 Subd. 5. **Reinvestment.** The Board of Regents must, to the extent permitted under federal
118.24 law and University of Minnesota policies, place a priority on reducing the state's share of
118.25 project costs by dedicating a share of the proceeds from any commercialization or licensing
118.26 revenues attributable to research conducted in the biomedical science facilities to reducing
118.27 the appropriations needed under subdivision 3.

118.28 Subd. 6. **Services to individuals and firms.** Consistent with its mission and governing
118.29 policies and the requirements for tax-exempt bonds, the university shall make available
118.30 laboratory and other services on a fee-for-service basis to individuals and firms in the
118.31 bioscience industry in Minnesota. The university will not assert patent rights when providing
118.32 services that do not involve its innovative intellectual contributions.

119.1 Subd. 7. Refunding of bonds; allocation of savings realized. (a) The board may issue
119.2 bonds in one or more series to refund bonds that were issued for a project before January
119.3 1, 2019, if refunding is determined by the board to be in the best interest of the university.
119.4 The principal amount of bonds issued in each refunding must not exceed the amount
119.5 necessary to defease the associated bonds outstanding immediately prior to refunding. The
119.6 amount of the state's annual payment to the university required for the debt service on the
119.7 refunded bonds, or original bonds if not yet refunded, or a combination of the two, shall be
119.8 up to the maximum annual appropriation under subdivision 3 for all series.

119.9 (b) The amount of the annual appropriation under subdivision 3 that is not needed to
119.10 pay the annual debt service under paragraph (a) is appropriated to the Board of Regents of
119.11 the University of Minnesota to pay the annual debt service amount on bonds issued by the
119.12 university to pay the costs of design, land acquisition, site preparation, and preconstruction
119.13 services of the clinical research facility.

119.14 (c) In any year that the state general fund appropriation authorized in this section exceeds
119.15 the amount needed to pay debt service on bonds issued by the university for purposes
119.16 specified in sections 137.61 to 137.65, the excess amount is canceled to the state general
119.17 fund.

119.18 **Sec. 19. [174.13] TRANSPORTATION FACILITIES CAPITAL PROGRAM.**

119.19 Subdivision 1. Establishment; accounts. (a) A transportation facilities capital program
119.20 is established to prioritize among eligible projects that:

119.21 (1) support the programmatic mission of the department;

119.22 (2) extend the useful life of existing buildings; or

119.23 (3) renovate or construct facilities to meet the department's current and future operational
119.24 needs. Projects under the transportation facilities capital program are funded by proceeds
119.25 from the sale of trunk highway bonds or from other funds appropriated for the purposes of
119.26 this section.

119.27 (b) A transportation facilities capital account is established in the trunk highway fund.
119.28 The account consists of all money appropriated from the trunk highway fund for the purposes
119.29 of this section and any other money donated, allotted, transferred, or otherwise provided to
119.30 the account by law. Money in the account is appropriated to the commissioner for the
119.31 purposes specified and consistent with the standards and criteria set forth in this section.

119.32 (c) A transportation facilities capital account is established in the bond proceeds account
119.33 of the trunk highway fund. The account consists of trunk highway bond proceeds appropriated

120.1 to the commissioner. Money in the account may only be expended on trunk highway
120.2 purposes, which includes the purposes in this section.

120.3 Subd. 2. **Standards.** (a) Minnesota Constitution, article XIV, section 11, states that trunk
120.4 highway bonds may be issued to finance the construction, improvement, and maintenance
120.5 of the public highway system in the state. The legislature assumes that many projects for
120.6 preservation and replacement of portions of existing capital assets will constitute the
120.7 construction, improvement, and maintenance of the public highway system within the
120.8 meaning of the constitution and capital expenditures under generally accepted accounting
120.9 principles, and will be financed more efficiently and economically under the program than
120.10 by direct appropriations for specific projects.

120.11 (b) When allocating funding under this section, the commissioner must review the
120.12 projects deemed eligible under subdivision 3 and prioritize allocations using the criteria in
120.13 subdivision 4. Money allocated to a specific project in an appropriation or other law must
120.14 be allocated as provided by the law.

120.15 Subd. 3. **Eligible expenditures; limitations.** (a) A project is eligible under this section
120.16 only if it is a capital expenditure on a capital building asset owned or to be owned by the
120.17 state within the meaning of accepted accounting principles as applied to public expenditures.

120.18 (b) Capital budget expenditures that are eligible under this section include but are not
120.19 limited to: acquisition of land and buildings and the predesign, engineering, construction,
120.20 furnishing, and equipping of district headquarter buildings, truck stations, salt storage or
120.21 other unheated storage buildings, deicing and anti-icing facilities, fuel-dispensing facilities,
120.22 highway rest areas, and vehicle weigh and inspection stations.

120.23 Subd. 4. **Criteria for priorities.** When prioritizing funding allocation among projects
120.24 eligible under subdivision 3, the commissioner must consider:

120.25 (1) whether a project ensures the effective and efficient condition and operation of the
120.26 facility;
