(2) the voter's current e-mail address, if the voter has one;

(3) a statement indicating the category described in section 203B.16 to which the voter belongs;

(4) a statement that the voter has not cast and will not cast another absentee ballot in the same election or elections;

(5) a statement that the voter personally marked the ballots without showing them to anyone, or if physically unable to mark them, that the voter directed another individual to mark them; and

(6) the same voter's passport number, Minnesota driver's license or state identification card number, or the last four digits of the voter's Social Security number as provided on the absentee ballot application; if the voter does not have access to any of these documents, the voter may attest to the truthfulness of the contents of the certificate under penalty of perjury.

The certificate shall also contain a signed oath in the form required by section 705 of the Help America Vote Act, Public Law 107-252, which must read:

"I swear or affirm, under penalty of perjury, that:

I am a member of the uniformed services or merchant marine on active duty or an eligible spouse or dependent of such a member; a United States citizen temporarily residing outside the United States; or other United States citizen residing outside the United States; and I am a United States citizen, at least 18 years of age (or will be by the date of the election), and I am eligible to vote in the requested jurisdiction; I have not been convicted of a felony, or other disqualifying offense, or been adjudicated mentally incompetent, or, if so, my voting rights have been reinstated; and I am not registering, requesting a ballot, or voting in any other jurisdiction in the United States except the jurisdiction cited in this voting form. In voting, I have marked and sealed my ballot in private and have not allowed any person to observe the marking of the ballot, except for those authorized to assist voters under state or federal law. I have not been influenced.

The information on this form is true, accurate, and complete to the best of my knowledge. I understand that a material misstatement of fact in completion of this document may constitute grounds for a conviction for perjury."

Sec. 27. Minnesota Statutes 2020, section 203B.23, subdivision 2, is amended to read:

Subd. 2. **Duties.** (a) The absentee ballot board must examine all returned absentee ballot envelopes for ballots issued under sections 203B.16 to 203B.27 and accept or reject the
absentee ballots in the manner provided in section 203B.24. If the certificate of voter eligibility is not printed on the return or administrative signature envelope, the certificate must be attached to the ballot secrecy envelope.

(b) The absentee ballot board must immediately examine the return signature envelopes or certificates of voter eligibility that are attached to the secrecy envelopes and mark them "accepted" or "rejected" during the 45 days before the election. If an envelope has been rejected at least five days before the election, the ballots in the envelope must be considered spoiled ballots and the official in charge of the absentee ballot board must provide the voter with a replacement absentee ballot and return envelope envelopes in place of the spoiled ballot.

(c) If a county has delegated the responsibility for administering absentee balloting to a municipality under section 203B.05, accepted absentee ballots must be delivered to the appropriate municipality's absentee ballot board. The absentee ballot board with the authority to open and count the ballots must do so in accordance with section 203B.121, subdivisions 4 and 5.

Sec. 28. Minnesota Statutes 2021 Supplement, section 203B.24, subdivision 1, is amended to read:

Subdivision 1. Check of voter eligibility; proper execution of certificate. Upon receipt of an absentee ballot returned as provided in sections 203B.16 to 203B.27, the election judges shall compare the voter's name with the names recorded under section 203B.19 in the statewide registration system to insure that the ballot is from a voter eligible to cast an absentee ballot under sections 203B.16 to 203B.27. The election judges shall mark the signature envelope "Accepted" and initial or sign the signature envelope below the word "Accepted" if the election judges are satisfied that:

1. the voter's name and address on the signature envelope appears in substantially the same form as on the application records provided to the election judges by the county auditor;
2. the voter has signed the federal oath prescribed pursuant to section 705(b)(2) of the Help America Vote Act, Public Law 107-252;
3. the voter has set forth the same voter's passport number, or Minnesota driver's license or state identification card number, or the last four digits of the voter's Social Security number as submitted on the application, if the voter has one of these documents;
4. the voter is not known to have died; and
5. the voter has not already voted at that election, either in person or by absentee ballot.
If the identification number described in clause (3) does not match the number as submitted on the application, the election judges must make a reasonable effort to satisfy themselves through other information provided by the applicant, or by an individual authorized to apply on behalf of the voter, that the ballots were returned by the same person to whom the ballots were transmitted.

An absentee ballot cast pursuant to sections 203B.16 to 203B.27 may only be rejected for the lack of one of clauses (1) to (5). In particular, failure to place the ballot within the secrecy envelope before placing it in the outer white signature envelope is not a reason to reject an absentee ballot.

Election judges must note the reason for rejection on the back of the envelope in the space provided for that purpose.

Failure to return unused ballots shall not invalidate a marked ballot, but a ballot shall not be counted if the certificate on the return signature envelope is not properly executed.

In all other respects the provisions of the Minnesota Election Law governing deposit and counting of ballots shall apply. Notwithstanding other provisions of this section, the counting of the absentee ballot of a deceased voter does not invalidate the election.

Sec. 29. Minnesota Statutes 2020, section 204B.32, is amended by adding a subdivision to read:

Subd. 3. Contributions for election expenses prohibited. Notwithstanding any home rule charter or local ordinance to the contrary, a county, municipality, or school district may not accept a contribution, in any form, from a for-profit business or a nonprofit organization made for the purpose of paying expenses associated with conducting a federal, state, or local election.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 30. Minnesota Statutes 2020, section 204B.36, subdivision 1, is amended to read:

Subdivision 1. Type. (a) All ballots shall be printed with black ink on paper of sufficient thickness to prevent the printing from being discernible from the back. All ballots shall be printed in easily readable type with suitable lines dividing candidates, offices, instructions and other matter printed on ballots. The same type shall be used for the names of all candidates on the same ballot.

(b) Except for ballots prepared and distributed under sections 203B.16 to 203B.27, all ballots must be printed on paper that contains a security marking designed to allow
verification of the ballot's authenticity. The security marking must be designed so that it
does not interfere with a tabulator's ability to accurately read the ballot. At a federal or state
election, the form of the security marking must be prescribed by the secretary of state. At
a local election, the form of the security marking must be prescribed by the county auditor
or municipal clerk. For purposes of this paragraph, a security marking is a watermark,
ultraviolet light marking, or other substantially equivalent marking.

Sec. 31. Minnesota Statutes 2020, section 204C.19, subdivision 3, is amended to read:

Subd. 3. Premature disclosure of count results. No The county auditor, municipal
clerk, school district clerk, election judge, or any other person must not disclose count results
from any precinct shall be disclosed by any election judge or other individual until all count
results from that precinct are available, nor shall have been counted and totaled, including
absentee votes received and processed by 8 p.m. on election day. Absentee ballots may
continue to be processed and counted after 8 p.m. on election day as provided in section
203B.121, subdivision 5, paragraph (c). The public media must not disclose any count
results from any precinct before the time when voting is scheduled to end in the state.

EFFECTIVE DATE. This section is effective the day following final enactment and
applies to elections on or after that date.

Sec. 32. Minnesota Statutes 2020, section 204D.16, is amended to read:

204D.16 SAMPLE GENERAL ELECTION BALLOTS; POSTING;
PUBLICATION.

(a) At least 46 days before the state general election, the county auditor shall must post
sample ballots for each precinct in the auditor's office for public inspection and transmit an
electronic copy of these sample ballots to the secretary of state.

(b) No earlier than 15 days and no later than two days before the state general election
the county auditor shall must cause a sample generic state general election ballot to be
published in at least one newspaper of general circulation in the county. The generic ballot
must include only the races and candidates that will appear on the ballot for every precinct
in the county. The secretary of state, in collaboration with local government election officials
and the Minnesota newspaper association, must design the generic ballot to be used by local
election officials. When printed in the newspaper, the generic ballot must be sized so that
it comprises a minimum of 75 percent of one page. The generic ballot must include the
following statements:
"This ballot only includes the races and candidates that will appear on the ballot for every precinct in the county. Your ballot will have the names of all candidates for whom you can vote in your precinct. To view a sample ballot reflecting your specific address, please enter your address information on this website: [link to appropriate page on the secretary of state's website]. You may also view a list of sample ballots for each county precinct on [link to appropriate page on the county's website]. If you would like a copy of a sample ballot specific to your address sent to you, please contact [insert the name of the appropriate election official, phone number, and email address] and the county will mail you a sample at no charge."

Sec. 33. Minnesota Statutes 2021 Supplement, section 206.805, subdivision 1, is amended to read:

Subdivision 1. **Contracts required.** (a) The secretary of state, with the assistance of the commissioner of administration, must establish one or more state voting systems contracts. The contracts should, if practical, include provisions for maintenance of the equipment purchased. The voting systems contracts must address precinct-based optical scan voting equipment, assistive voting technology, automatic tabulating equipment, and electronic roster equipment. The contracts must give the state a perpetual license to use and modify the software. The contracts must include provisions to escrow the software source code. Bids for voting systems and related election services must be solicited from each vendor selling or leasing voting systems that have been certified for use by the secretary of state. Bids for electronic roster equipment, software, and related services must be solicited from each vendor selling or leasing electronic roster equipment that meets the requirements of section 201.225, subdivision 2. The contracts must be renewed from time to time.

(b) The secretary of state, with the assistance of the commissioner of administration, must establish one or more contracts for ballot paper bearing a security marking as described in section 204B.36, subdivision 1. The contracts must be renewed from time to time.

(c) Counties and municipalities may purchase or lease voting systems and obtain related election services from the state contracts. All counties and municipalities are members of the cooperative purchasing venture of the Department of Administration for the purpose of this section. For the purpose of township elections, counties must aggregate orders under contracts negotiated under this section for products and services and may apportion the costs of those products and services proportionally among the townships receiving the products and services. The county is not liable for the timely or accurate delivery of those products or services.

Article 3 Sec. 33. 50
Sec. 34. Minnesota Statutes 2020, section 206.83, is amended to read:

206.83 TESTING OF VOTING SYSTEMS.

(a) Within 14 days before election day, the official in charge of elections shall have the voting system tested to ascertain that the system will correctly mark ballots using all methods supported by the system, including through assistive technology, and count the votes cast for all candidates and on all questions. Public notice of the time and place of the test must be given at least two days in advance by publication once in official newspapers. The test must be observed by at least two election judges, who are not of the same major political party, and must be open to representatives of the political parties, candidates, the press, and the public. The test must be conducted by (1) processing a preaudited group of ballots punched or marked to record a predetermined number of valid votes for each candidate and on each question, and must include for each office one or more ballot cards which have votes in excess of the number allowed by law in order to test the ability of the voting system tabulator and electronic ballot marker to reject those votes; and (2) processing an additional test deck of ballots marked using the electronic ballot marker for the precinct, including ballots marked using the electronic ballot display, audio ballot reader, and any assistive voting technology used with the electronic ballot marker. If any error is detected, the cause must be ascertained and corrected and an errorless count must be made before the voting system may be used in the election. After the completion of the test, the programs used and ballot cards must be sealed, retained, and disposed of as provided for paper ballots.

(b) At least 14 days before conducting the testing required by paragraph (a), the official in charge of elections must give notice of the date, time, and location of the testing in the following manner:

(1) by publishing the notice once in the official newspaper;

(2) by prominently posting the notice on the applicable county, municipal, or school district website, if there is one; and

(3) by sending the notice to the secretary of state. The secretary of state must prominently publish the notices on the secretary's website. The secretary of state must notify the chairs of each major and minor political party when notices are posted and where to find them.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to elections on or after that date.
AND SAMPLE BALLOTS.

Subdivision 1. Definitions. (a) The following terms have the meanings given for the purpose of this section.

(b) "Person or entity" means any individual, committee, or association as defined by section 10A.01, subdivision 6.

A document that contains the names of particular candidates or ballot questions alongside illustrations of a generic ballot or common ballot markings is not a sample ballot as long as the document does not closely resemble an official ballot and would not lead a reasonable person to believe the document is an official ballot.

Subd. 2. Requirements. (a) Any person or entity that mails an absentee ballot application or sample ballot to anyone in the state must comply with this section.

(b) In addition to the absentee ballot application or sample ballot, the person or entity must include a statement that says:

(1) the mailing is not an official election communication from a unit of government;
(2) the application or ballot has not been included at the request of a government official; and
(3) if a sample ballot is enclosed, that the sample ballot is not an official ballot and the voter must not cast the ballot.

(c) The statement required by paragraph (c) must be printed in a typeface and format designed to be clearly visible at the time the mailing is opened. The mailing envelope must include markings to clearly distinguish it from official election mail sent by a unit of government.

(d) If an absentee ballot application is included, the application must be blank and must not include the voter's name, address, or any other required information.

(e) This section does not apply to a unit of government or employee of that unit of government when discharging official election duties.
Sec. 36. SECRETARY OF STATE; REPORTS.

(a) No later than January 15, 2024, the secretary of state must submit a report to the
chairs and ranking minority members of the legislative committees having jurisdiction over
elections on grants awarded under Laws 2021, First Special Session chapter 12, article 1,
section 6, for ballot dropbox security and integrity. The report must detail each grant awarded
including the jurisdiction, the amount of the grant, and what the grant money is intended to
purchase.

(b) No later than January 15, 2024, the secretary of state must submit a report to the
chairs and ranking minority members of the legislative committees having jurisdiction over
elections on grants awarded under section 2 for temporary staffing, livestreaming of

must detail each grant awarded including the jurisdiction, the amount of the grant, and what
the grant money is intended to purchase.

conducted on or after that date."
