1.4 **299A.42 PUBLIC SAFETY OFFICER'S BENEFIT ACCOUNT.**

1.5 Subdivision 1. **Public safety officer's benefit account.** The public safety officer's benefit
1.6 account is created in the state treasury. Money in the account consists of money transferred
1.7 and appropriated to that account. Money in the account that is not expended in the fiscal
1.8 year in which it is transferred or appropriated does not revert to the general fund until claims
1.9 for reimbursement under section 299A.465 that are submitted in that fiscal year are either
1.10 paid or denied.

1.11 Subd. 2. **Annual report.** The commissioner of public safety must annually report, no
1.12 later than 30 days after the end of each fiscal year, to the chairs and ranking minority
1.13 members of the legislative committees with jurisdiction over public safety and pensions
1.14 regarding the financial status of the public safety officer's benefit account and the
1.15 reimbursements paid by the commissioner during the preceding fiscal year under sections
1.16 299A.465, 352B.102, and 353.032, and payments, if any, made during the preceding fiscal
1.17 year under sections 352B.103 and 353.033. If the commissioner anticipates, based on
1.18 historical averages, that the public safety officer's benefit account will not have enough
1.19 funds to fund all reimbursements the commissioner reasonably anticipates will be requested
1.20 under sections 299A.465, 352B.102, and 353.032, and payments for which invoices will
1.21 be received under sections 352B.103 and 353.033 for the current and next fiscal year, the
1.22 commissioner must include in the report the amounts the commissioner believes are necessary
1.23 to fund the anticipated reimbursements and payments.

1.26 may annually apply by August 1 for the preceding fiscal year to the commissioner of public
1.27 safety for reimbursement ~~to help defray a portion~~ of its costs of complying with this section,
1.28 section 352B.102, and section 353.032. Except as provided for in paragraph (b), the
1.29 commissioner shall provide an equal pro-rata share reimbursement to the public employer
1.30 out of the public safety officer's benefit account.

1.31 (b) Beginning on January 1, 2024, a public employer is not eligible for reimbursement
1.32 under paragraph (a) unless the employer provides at least one of the following:

2.1 (1) annual wellness training to peace officers and firefighters who either are employed
2.2 or volunteer for the employer; or

2.3 (2) an employee assistance program or peer support program.

2.4 (c) Wellness training for peace officers under paragraph (b), clause (1), must incorporate
2.5 the learning objectives established by the Peace Officer Standards and Training Board under
2.6 section 626.8478. No later than February 1, 2024, the Minnesota Fire Initiative must create
2.7 a wellness training program for public employers to offer to firefighters to satisfy the
2.8 requirements of paragraph (b). Training programs established in the Hometown Heroes
2.9 Assistance Program under section 299A.477, subdivision 2, clause (4), satisfy the
2.10 requirements of paragraph (b).

2.11 **EFFECTIVE DATE.** This section is effective July 1, 2023.

2.12 Sec. 3. Minnesota Statutes 2022, section 352B.10, subdivision 1, is amended to read:

2.13 Subdivision 1. **Duty disability.** (a) A member who is determined to qualify for duty
2.14 disability as defined in section 352B.011, subdivision 7, is entitled to receive a duty disability
2.15 benefit while disabled. The benefits must be paid monthly. The duty disability benefit is an
2.16 amount equal to the member's average monthly salary multiplied by 60 percent, plus an
2.17 additional 3.0 percent for each year and pro rata for completed months of service in excess
2.18 of 20 years, if any.

2.19 (b) Notwithstanding paragraph (a), if the member has applied for a duty disability based
2.20 on a psychological condition, the application must be supported by evidence that the applicant
2.21 is unable to perform the duties of the position held by the applicant on the date of the injury
2.22 or event or the onset of the mental illness or of another position with the employer which
2.23 provides salary and employer-provided benefits, including pension benefits, that are equal
2.24 to or greater than those for the position held by the employee on the date of the injury, event,
2.25 or onset of the mental illness.

2.26 **EFFECTIVE DATE.** This section is effective July 1, 2023.

2.27 Sec. 4. Minnesota Statutes 2022, section 352B.10, subdivision 2a, is amended to read:

2.28 Subd. 2a. **Applying for benefits; accrual.** No application for disability benefits shall
2.29 be made until after the last day physically on the job. The disability benefit begins to accrue
2.30 the day following the last day for which the employee is paid sick leave or annual leave but
2.31 not earlier than 180 days before the date the application is filed. A member who is terminated
2.32 must file a written application in an office of the system or with a person authorized by the

3.1 executive director. Except as otherwise specified under section 352B.102, applications must
3.2 comply with section 352.113, subdivision 2, paragraph (b).

3.6 provides adequate proof to the executive director of the existence of the disability.

3.7 (b) Adequate proof of a disability must include a written expert report by a licensed
3.8 physician, an APRN, or a licensed chiropractor, or with respect to a mental impairment, by
3.9 a licensed psychologist. Adequate proof of a disability based on a psychological condition,
3.10 as defined under section 352B.102, subdivision 1, clause (6), must include the medical
3.11 reports and assessments required under section 352B.102.

3.12 (c) Following the commencement of benefit payments, the executive director has the
3.13 right, at reasonable times, to require the disability benefit recipient to submit proof of the
3.14 continuance of the disability claimed.

3.15 **EFFECTIVE DATE.** This section is effective July 1, 2023.

3.16 Sec. 6. Minnesota Statutes 2022, section 352B.101, is amended to read:

3.17 **352B.101 APPLICATION FOR DISABILITY BENEFIT.**

3.18 (a) Except as otherwise specified under section 352B.102 and paragraph (b), a member
3.19 claiming a disability benefit must file a written application for benefits in the office of the
3.20 system in a form and manner prescribed by the executive director. The member shall provide
3.21 medical or psychological evidence to support the application. The benefit begins to accrue
3.22 the day following the start of disability or the day following the last day for which the
3.23 member was paid, whichever is later, but not earlier than 180 days before the date the
3.24 application is filed with the executive director.

3.25 (b) Notwithstanding any law to the contrary, an employee, as defined in section 352B.102,
3.26 subdivision 1, clause (2), who applies for a duty disability benefit based on a psychological
3.27 condition, as defined in section 352B.102, subdivision 1, clause (6), is not eligible for duty
3.28 disability benefits under this chapter until the employee has satisfied the additional procedure,
3.29 including all completion of treatment requirements under section 352B.102.

3.30 **EFFECTIVE DATE.** This section is effective July 1, 2023.

4.1 **Sec. 7. [352B.102] APPLICATION FOR PSYCHOLOGICAL CONDITION**
4.2 **TREATMENT.**

4.3 Subdivision 1. **Definitions.** For the purposes of this section, the following terms have
4.4 the meanings given:

4.5 (1) "mental illness" means the diagnosis of a mental illness by a mental health
4.6 professional, by meeting the criteria for a condition or conditions included in the most recent
4.7 edition of the Diagnostic and Statistical Manual of Mental Disorders published by the

4.12 termination of employment;

4.13 (3) "employing entity" means the entity that pays a state employee's salary and remits

4.23 Treatment and Recovery. Treatment includes utilization of multiple treatment modalities,
4.24 including chemical dependency treatment when indicated, and evidence-based trauma
4.25 treatment.

4.26 Subd. 2. **Application; dual diagnosis.** (a) Notwithstanding any law to the contrary, and
4.27 except as provided in paragraph (b), the procedure in this section applies to an application
4.28 for a duty disability by an employee based on the employee's psychological condition.

4.29 (b) The additional procedure in this section does not apply to a duty disability application
4.30 under paragraph (a) that is also based on a dual diagnosis of a physical condition. An
4.31 employee with a dual diagnosis may, but is not required to, seek treatment under subdivisions
4.32 4 and 7, subject to the procedure in this section.

5.1 Subd. 3. **Approval.** (a) An employee who applies for treatment of a psychological
5.2 condition that was a result of the performance of duties related to the employee's occupation
5.3 must receive approval for psychological treatment as provided under this subdivision.

5.4 (b) The executive director shall grant approval to an employee who submits, in the form
5.5 and manner specified by the executive director:

5.6 (1) a report by a mental health professional diagnosing the employee with a mental
5.7 illness and finding that the employee is currently unable to perform the normal duties of
5.8 the position held by the employee on the date of the injury, event, or onset of the mental
5.9 illness on a full- or part-time basis; and

5.10 (2) documentation from the employer certifying the dates the employee was on duty in
5.11 a position covered under the State Patrol plan.

5.12 (c) An employee who receives approval under this subdivision is not considered disabled
5.13 for the purposes of a duty disability under section 352B.10, unless the employee completes
5.14 the additional requirements under this section, receives final confirmation under subdivision
5.15 6, and applies for disability benefits under section 352B.101 before receiving duty disability
5.16 benefits or related benefits.

5.17 (d) Within six business days after the application has been received by the executive
5.18 director, the executive director must notify an employing entity electronically and by mail
5.19 that an application for treatment of a psychological condition has been submitted by an
5.20 employee and request the certification required under paragraph (b), clause (2), from the
5.21 employing entity.

5.22 (e) An employer shall submit the certification required under paragraph (b), clause (2),
5.23 within five business days of an employee's application, and the employee shall receive
5.24 approval no later than 14 business days after the employee's application is received by the
5.25 executive director, whether or not the employer's certification has been submitted. Nothing
5.26 in this paragraph shall delay the treatment of the psychological condition of the employee.

5.27 Subd. 4. **Treatment required.** (a) Except as provided in paragraph (f), an employee
5.28 who receives approval under subdivision 3 shall complete up to 24 consecutive weeks of
5.29 active treatment modalities for the employee's diagnosed mental illness, as provided under
5.30 this subdivision, before a final confirmation can be made under subdivision 6, paragraph
5.31 (a). An employee's treatment shall be at the direction of a mental health professional using
5.32 treatment modalities indicated for the treatment of the diagnosed mental illness. An employee
5.33 shall not be penalized for an interruption in active, consecutive treatment that is not initiated
5.34 by or resulting from an intentional action of the employee. Subject to the limit under

6.1 subdivision 9, the employing entity shall pay for the treatment costs and may seek
6.2 reimbursement from the commissioner of public safety.

6.3 (b) The employee's mental health professional must assess the employee's progress in
6.4 treatment monthly and at the end of the 24 weeks or earlier, including any change to the
6.5 employee's ability to return to the position held by the employee on the date of the injury,
6.6 event, or onset of the mental illness, or to another position with the employing entity which
6.7 provides salary and employing entity-provided benefits, including pension benefits, that
6.8 are equal to or greater than those for the position held by the employee on the date of the
6.9 injury, event, or onset of the mental illness. A final confirmation under subdivision 6 must
6.10 be supported by a report from the employee's mental health provider containing an opinion
6.11 about the employee's prognosis, the duration of the disability, and the expectations for
6.12 improvement following the treatment. A report that does not contain and support a finding
6.13 that the employee's disability as a result of a psychological condition will last for at least
6.14 12 months must not be relied upon to support approval of duty disability benefits.

6.15 (c) The employee may return to full- or part-time work prior to the completion of the
6.16 24 weeks of treatment if the employee's mental health professional determines that the
6.17 employee is medically able to do so.

6.18 (d) The employee may return to light duty assignments, subject to availability of a
6.19 position, prior to the completion of the 24 weeks of treatment, if deemed medically
6.20 appropriate by the employee's mental health professional and with the employing entity's
6.21 approval.

6.22 (e) A fitness for duty presumption shall apply to an employee who is cleared to return
6.23 to work or light duty under paragraph (c) or (d), except as provided under subdivision 10.

6.24 (f) No employee shall be required to complete treatment under this subdivision more
6.25 than three times in ten years.

6.26 Subd. 5. **Continuation of salary and benefits.** (a) Subject to subdivision 9, for the
6.27 period that an employee is seeking psychological condition treatment approval under
6.28 subdivision 3 or 6, appealing a determination thereof, or receiving treatment under
6.29 subdivision 4 or 7, the employing entity shall continue:

6.30 (1) to pay, for a current employee only, the employee's full salary and employing
6.31 entity-provided benefits, including any employing entity contribution to health care and
6.32 retirement benefits. The employing entity must proportionally reduce the salary paid to an
6.33 employee who is otherwise receiving benefits for the disability that provide compensation
6.34 for all or a portion of the employee's salary for the same time period. Nothing in this

7.1 paragraph requires an employing entity to pay more than 100 percent of the employee's
7.2 salary;

7.3 (2) to provide health insurance benefits to the employee and to the employee's dependents,
7.4 if the employee was receiving dependent coverage at the time of the injury, event, or onset
7.5 of the mental illness under the employing entity's group health plan; and

7.6 (3) to provide any other employment benefits provided to the employee under the
7.7 employee's currently applicable collective bargaining agreement.

7.8 (b) The treatment period required under subdivision 4 or 7 is allowable service under
7.9 section 352B.011, subdivision 3.

7.10 (c) Nothing in this section prevents an employing entity from providing benefits in
7.11 addition to those required by this section or otherwise affects an employee's rights with
7.12 respect to any other employment benefit.

7.13 (d) If an employee is unable to receive treatment through the prescribed treatment
7.14 program due to circumstances beyond the employee's control, which includes but is not
7.15 limited to a lack of availability of a mental health facility or a mental health professional,
7.16 the employee shall continue to receive their regular compensation, benefits, and retirement
7.17 service credits until such mental health facility or mental health professional becomes
7.18 available to the employee for their treatment program. The continuation of salary and benefits
7.19 allowed under this paragraph must not exceed 30 days beyond the day treatment is prescribed,
7.20 except that the continuation of benefits and salary may be extended beyond 30 days if written
7.21 documentation from the mental health facility or mental health professional providing the
7.22 treatment start date is submitted by the employee to the executive director and the employer.

7.23 Subd. 6. **Termination or continuation of psychological condition treatment.** (a)
7.24 Following completion of treatment under subdivision 4, the executive director shall confirm
7.25 the treatment requirements are satisfied and make one of the following determinations:

7.26 (1) continue the approval for an additional eight weeks for the employee to complete
7.27 additional treatment, as provided under subdivision 7;

7.28 (2) terminate the psychological condition treatment because the employee is:

7.29 (i) able to return to full-time work in the position held by the employee on the date of
7.30 the injury, event, or onset of the mental illness; or

7.31 (ii) able to return to another vacant full-time position with the employer which provides
7.32 salary and employer-provided benefits, including pension benefits, that are equal to or
7.33 greater than those for the position held by the employee on the date of the injury, event, or

8.1 onset of the mental illness, as certified by the employer in the form and manner specified
8.2 by the executive director; or

8.3 (3) confirm the employee has met the requirements under this section, after which the
8.4 employee may apply for a duty disability benefit under section 352B.10.

8.5 (b) After confirmation and application under paragraph (a), clause (3), the executive
8.6 director must approve the employee's application for disability benefits if the employee is
8.7 eligible under sections 352B.10 and 352B.101, at which time the employee is entitled to
8.8 receive disability benefits as provided under section 352B.10 and any related benefits. The
8.9 disability benefit begins to accrue the day following the day on which the employer ceases
8.10 to continue salary and benefits under subdivision 5 or the date permitted under section
8.11 352B.10, subdivision 2a, whichever is later.

8.12 (c) Following completion of the additional treatment requirements under subdivision 7,
8.13 if applicable, the executive director must confirm the additional treatment requirements are
8.14 satisfied, after which, the employee may apply for disability benefits. The executive director
8.15 must approve the employee's application for disability benefits if because the employee is
8.16 eligible under sections 352B.10 and 352B.101, at which time the employee is entitled to
8.17 receive disability benefits as provided under section 352B.10 and any related benefits. The
8.18 disability benefit begins to accrue the day following the day on which the employer ceases
8.19 to continue salary and benefits under subdivision 5 or the date permitted under section
8.20 352B.10, subdivision 2a, whichever is later.

8.21 (d) A fitness for duty presumption shall apply to an employee who is determined able
8.22 to return to work as provided under paragraph (a), clause (2), except as provided under
8.23 subdivision 10.

8.24 Subd. 7. **Additional treatment.** (a) Except as provided in paragraph (g), if, after
8.25 completing the treatment required under subdivision 4, the mental health professional's
8.26 report determines that the employee is making progress in treatment, and the employee's
8.27 prognosis is expected to further improve with additional treatment, the executive director
8.28 shall continue the employee's initial approval under subdivision 6, paragraph (a), clause
8.29 (1), and the employee shall complete up to an additional eight consecutive weeks of active
8.30 treatment modalities as provided under this subdivision.

8.31 (b) Treatment shall be at the direction of a mental health professional using treatment
8.32 modalities indicated for the treatment of the employee's diagnosed mental illness. An
8.33 employee shall not be penalized for an interruption in active, consecutive treatment that is
8.34 not initiated by or resulting from an intentional action of the employee. Subject to subdivision

9.1 9, the employing entity shall pay for the treatment costs and may seek reimbursement from
9.2 the commissioner of public safety.

9.3 (c) The employee's mental health professional must assess the employee's progress in
9.4 treatment at the end of eight weeks, including any change to the employee's ability to return
9.5 to the position held by the employee on the date of the injury, event, or onset of the mental
9.6 illness, or to another position with the employing entity which provides salary and employing
9.7 entity-provided benefits, including pension benefits, that are equal to or greater than those
9.8 for the position held by the employee on the date of the injury, event, or onset of the mental
9.9 illness. A final confirmation under subdivision 6, paragraph (c), must be supported by an
9.10 updated report from the employee's mental health provider containing an opinion about the
9.11 employee's prognosis, the duration of the disability, and the expectations for improvement
9.12 following the additional treatment. An updated report that does not contain and support a
9.13 finding that the employee's disability as a result of a psychological condition will last for
9.14 at least 12 months must not be relied upon to support approval of duty disability benefits.

9.15 (d) The employee may return to full- or part-time work prior to the completion of the
9.16 eight weeks of treatment if the employee's mental health professional determines that they
9.17 are medically able to do so.

9.18 (e) The employee may return to light duty assignments, subject to availability of a
9.19 position, prior to the completion of the eight weeks of treatment, if deemed medically
9.20 appropriate by the employee's mental health professional and with the employing entity's
9.21 approval.

9.22 (f) A fitness for duty presumption shall apply to an employee who is cleared to return
9.23 to work or light duty under paragraph (d) or (e), except as provided under subdivision 10.

9.24 (g) No employee shall be required to complete treatment under this subdivision more
9.25 than three times in ten years.

9.26 Subd. 8. **Treatment data.** A "health record," as defined by section 144.291, subdivision
9.27 2, paragraph (c), arising from treatment sought under this section is classified as private
9.28 data on individuals, as defined by section 13.02, subdivision 12, and must not be accessed
9.29 by, shared with, or disclosed or disseminated to any individual, private entity, or government
9.30 entity, including through discovery, search warrant, or subpoena, in any type of investigation
9.31 or legal action.

9.32 Subd. 9. **Employing entity reimbursement; limit.** (a) Except as provided in paragraph
9.33 (c), an employing entity subject to this section may annually apply by August 1 for the
9.34 preceding fiscal year to the commissioner of public safety for reimbursement of:

10.1 (1) the treatment costs incurred by the employing entity under subdivision 4 or 7; and

10.2 (2) the costs incurred to continue salary and benefits as required under subdivision 5.

10.3 (b) An employing entity must apply for the reimbursement in the form and manner
10.4 specified by the commissioner of public safety.

10.5 (c) No employing entity shall be required to pay for the salary, benefits, and treatment
10.6 costs required under subdivisions 4, 5, and 7 for a single employee more than three times
10.7 in ten years.

10.8 Subd. 10. **Fitness for duty presumption.** (a) An employee who is cleared or determined
10.9 able to return to work or light duty under subdivision 4, paragraph (e); 6, paragraph (c); or
10.10 7, paragraph (f), is presumed fit for duty, except as follows:

10.11 (1) an employing entity may request a fitness for duty exam by an independent medical
10.12 provider if the exam is completed within six weeks of the employing entity receiving the
10.13 determination from the treating mental health professional, and the independent medical
10.14 provider's report is completed no more than six weeks later;

10.15 (2) an employee found unfit for duty by an independent medical provider under clause
10.16 (1):

10.17 (i) is presumed eligible for a duty disability, as provided under subdivision 6, paragraph
10.18 (a), clause (3); or

10.19 (ii) may appeal the independent medical provider's determination by requesting an
10.20 examination under paragraph (c); and

10.21 (3) the fitness-for-duty timeline under this paragraph may be modified by mutual
10.22 agreement of the employing entity and employee.

10.23 (b) Nothing in this section shall be deemed to affect the Americans with Disabilities
10.24 Act, United States Code, title 42, chapter 126; the Family Medical Leave Act, United States
10.25 Code, title 29, chapter 28; or the Minnesota Human Rights Act, chapter 363A.

10.26 (c) An employee who wishes to appeal the independent medical provider's determination
10.27 under paragraph (a), clause (2), item (ii), may request an examination by a qualified
10.28 professional selected by the employee from a panel established by mutual agreement among
10.29 the League of Minnesota Cities, the Association of Minnesota Counties, the Minnesota
10.30 Peace and Police Officers Association, the Minnesota Professional Fire Fighters Association,
10.31 the Minnesota Chiefs of Police Association, and the Minnesota Law Enforcement
10.32 Association. The panel shall consist of five licensed psychiatrists or psychologists who have

11.1 expertise regarding psychological or emotional disorders and who are qualified to opine as
11.2 to the employee's fitness to engage in police or firefighting duties. The agreed upon panel
11.3 of qualified professionals must be submitted to the executive director and made available
11.4 for use in the appeal process. If the employee fails to select a qualified professional from
11.5 the panel within ten days of any notice of appeal, the employing entity may select the
11.6 qualified professional from the panel. A determination made by a qualified professional
11.7 under this item is binding and not subject to appeal. The panel may be the same panel as
11.8 the panel established under section 353.032, subdivision 10.

11.9 Subd. 11. **Report.** No later than four years after the day following final enactment of
11.10 this act, the executive director, in coordination with employing entities, employees, and
11.11 mental health professionals, shall submit a report to the chairs and ranking minority members
11.12 of the legislative committees with jurisdiction over labor and pensions regarding the impact
11.13 of this section on public safety duty disability trends and costs.

11.14 Subd. 12. **Relationship to workers' compensation.** Nothing in this section shall be
11.15 construed to affect the procedures for an employee's claim for workers' compensation
11.16 benefits under chapter 176 or diminish or delay an employer's or insurer's obligations related
11.17 to an employee's claim for workers' compensation benefits under chapter 176, except that
11.18 when an employee receives psychological condition treatment pursuant to an application
11.19 approved under subdivision 3, the treatment is not compensable under chapter 176.

11.20 **EFFECTIVE DATE.** This section is effective July 1, 2023.

11.21 Sec. 8. **[352B.103] PSYCHOLOGICAL CONDITION TREATMENT ACCOUNT.**

14.16 (b) Notwithstanding any law to the contrary, an employee, as defined in section 353.032,
14.17 subdivision 1, clause (2), who applies for a duty disability benefit based on a psychological

14.19 disability benefits under this chapter until the employee has satisfied the additional procedure,
14.20 including all completion of treatment requirements under section 353.032.

14.21 **EFFECTIVE DATE.** This section is effective July 1, 2023.

14.22 Sec. 11. Minnesota Statutes 2022, section 353.031, subdivision 3, is amended to read:

14.23 Subd. 3. **Procedure to determine eligibility; generally.** (a) Every claim for a disability
14.24 benefit must be initiated in writing on an application form and in the manner prescribed by

14.26 disability benefits must be made within 18 months following termination of public service
14.27 as defined under section 353.01, subdivision 11a, and include the required application form
14.28 and the medical reports required by paragraph (c).

14.29 (b) All medical reports must support a finding that the disability arose before the employee
14.30 was placed on any paid or unpaid leave of absence or terminated public service, as defined
14.31 under section 353.01, subdivision 11a.

15.1 (c) An applicant for disability shall provide a detailed report signed by a licensed medical

15.6 (d) All reports must contain an opinion regarding the ~~claimant's~~ applicant's prognosis,
15.7 the duration of the disability, and the expectations for improvement. Any report that does
15.8 not contain and support a finding that the disability will last for at least one year may not
15.9 be relied upon to support eligibility for benefits.

15.10 (e) Where the medical evidence supports the expectation that at some point in time the
15.11 ~~claimant~~ applicant will no longer be disabled, any decision granting disability may provide
15.12 for a termination date upon which disability can be expected to no longer exist. In the event
15.13 a termination date is made part of the decision granting benefits, prior to the actual
15.14 termination of benefits, the ~~claimant~~ applicant shall have the opportunity to show that the
15.15 disabling condition for which benefits were initially granted continues. In the event the
15.16 benefits terminate in accordance with the original decision, the ~~claimant~~ applicant may

15.21 application, the executive director must notify the employer. No later than 30 days after
15.22 receiving the notification, the employer must provide a report to the executive director
15.23 indicating that there is no available work that the ~~employee~~ applicant can perform in the
15.24 ~~employee's~~ applicant's disabled condition and that all reasonable accommodations have
15.25 been considered. Upon request of the executive director, an employer shall provide evidence
15.26 of the steps the employer has taken to attempt to provide reasonable accommodations and
15.27 continued employment to the ~~claimant~~ applicant. The employer shall also provide a
15.28 certification of the ~~member's~~ applicant's past public service; the dates of any paid sick leave,
15.29 vacation, or any other employer-paid salary continuation plan beyond the last working day;
15.30 and whether or not any sick or annual leave has been allowed.

15.31 (g) An ~~employee~~ applicant who is placed on leave of absence without compensation
15.32 because of a disability is not barred from receiving a disability benefit.

15.33 (h) An applicant for disability benefits may file a retirement annuity application under
15.34 section 353.29, subdivision 4, simultaneously with an application for disability benefits. If

16.1 the application for disability benefits is approved, the retirement annuity application is

16.3 processed upon the request of the applicant. No member of the ~~public~~ general employees
16.4 general retirement plan, the ~~public-employees~~ police and fire plan, or the local government

16.9 Subd. 4. **Additional requirements; eligibility for police and fire or local government**
16.10 **correctional service retirement plan disability benefits.** (a) If an application for disability
16.11 benefits is filed within two years of the date of the injury or the onset of the illness that gave
16.12 rise to the disability application, the application must be supported by evidence that the
16.13 applicant is unable to perform the duties of the position held by the applicant on the date
16.14 of the injury or the onset of the illness causing the disability. The employer must provide
16.15 evidence indicating whether the applicant is able or unable to perform the duties of the
16.16 position held on the date of the injury or onset of the illness causing the disability, a clear
16.17 explanation of any duties that the individual can or cannot perform, and an explanation of
16.18 why the employer may or may not authorize continued employment to the applicant in the
16.19 current or other position.

16.20 (b) If an application for disability benefits is filed more than two years after the date of
16.21 injury or the onset of an illness causing the disability, the application must be supported by
16.22 evidence that the applicant is unable to perform the duties that were expected to be performed
16.23 by the applicant during the 90 days preceding the last day the applicant performed services
16.24 for the employer. The employer must provide evidence of the duties that were expected to
16.25 be performed by the applicant during the 90 days preceding the last day the applicant
16.26 performed services, whether the applicant can or cannot perform those duties overall, a
16.27 clear explanation of any duties that the applicant can or cannot perform, and an explanation
16.28 of why the employer may or may not authorize continued employment to the applicant in
16.29 the current or other position.

16.30 (c) Any report supporting a claim to disability benefits under section 353.656 or 353E.06
16.31 must specifically relate the disability to its cause; and for any claim to duty disability from
16.32 an injury or illness arising out of an act of duty, the report must state the specific act of duty
16.33 giving rise to the claim, and relate the cause of disability to inherently dangerous duties
16.34 specific to the positions covered by the public employees police and fire plan and the local

17.1 government correctional service retirement plan. Any report that does not relate the cause
17.2 of disability to specific inherently dangerous duties performed by the employee may not be
17.3 relied upon as evidence to support eligibility for benefits and may be disregarded in the
17.4 executive director's decision-making process.

17.5 (d) Any application for duty disability must be supported by a first report of injury as
17.6 defined in section 176.231.

17.7 (e) If a member who has applied for and been approved for disability benefits before
17.8 the termination of service does not terminate service or is not placed on an authorized leave
17.9 of absence as certified by the governmental subdivision within 45 days following the date
17.10 on which the application is approved, the application shall be canceled. If an approved
17.11 application for disability benefits has been canceled, a subsequent application for disability
17.12 benefits may not be filed on the basis of the same medical condition for a minimum of one
17.13 year from the date on which the previous application was canceled.

17.14 (f) Notwithstanding section 353.01, subdivision 41, if the member has applied for a duty
17.15 disability based on a psychological condition, the application must be supported by evidence
17.16 that the applicant is unable to perform the duties of the position held by the applicant on
17.17 the date of injury or the onset of the illness or to another position with the employer which
17.18 provides salary and employer-provided benefits, including pension benefits, that are equal
17.19 to or greater than those for the position held by the employee on the date of the injury, event,
17.20 or onset of the mental illness.

17.21 **EFFECTIVE DATE.** This section is effective July 1, 2023.

 18.2 by a licensed physician, an APRN, or a licensed chiropractor, or, with respect to a mental
 18.3 impairment, a licensed psychiatrist or psychologist.

18.4 (d) The reapplication requirement may be waived by the executive director if the
 18.5 executive director receives a written statement from the medical adviser retained by the
 18.6 association under subdivision 5 that no improvement can be expected in the person's disability
 18.7 condition that was the basis for the payment of the disability benefit.

18.8 (e) If the person's reapplication is denied, the person bears the burden of proving eligibility
 18.9 for a disability benefit in an appeal under section 356.96.

21.27 to pay more than 100 percent of the employee's salary;

21.28 (2) to provide health insurance benefits to the employee and to the employee's dependents,
21.29 if the employee was receiving dependent coverage at the time of the injury, event, or onset

 32.6 a normal disability benefit or an actuarial equivalent optional annuity. If the election of an
 32.7 actuarial equivalent optional annuity is not made ~~at the time~~ by the date on which the member
 32.8 is entitled to begin the total and permanent disability benefit ~~accrues~~, ~~an~~ the election must

32.18 Sec. 23. Minnesota Statutes 2022, section 353.656, subdivision 4, is amended to read:

32.19 Subd. 4. **Limitation on disability benefit payments.** (a) No member is entitled to
 32.20 receive a disability benefit payment when there remains to the member's credit unused
 32.21 annual leave, sick leave, or any other employer-provided salary continuation plan, or under
 32.22 any other circumstances when, during the period of disability, there has been no impairment
 32.23 of the person's salary as a police officer, a firefighter, or a paramedic as defined in section
 32.24 353.64, subdivision 10, whichever applies.

32.25 (b) This paragraph applies to members who begin disability payments before August 1,
 32.26 2023, and either are not required to reapply under section 353.031, subdivision 8, or have
 32.27 not reached the end of one year or three years, as applicable, when reapplication under
 32.28 section 353.031, subdivision 8, is required. If a disabled member resumes a gainful
 32.29 occupation with earnings that, when added to the single life disability benefit, and workers'
 32.30 compensation benefit if applicable, exceed the disability benefit recipient's reemployment
 32.31 earnings limit, the amount of the disability benefit must be reduced during the months of
 32.32 employment and receipt of workers' compensation benefits, if applicable, as provided in
 32.33 this paragraph. The disability benefit recipient's reemployment earnings limit is the greater
 32.34 of:

33.1 (1) the monthly salary earned at the date of disability;² or

33.2 (2) 125 percent of the base monthly salary currently paid by the employing governmental
33.3 subdivision for similar positions.

33.4 (e) The disability benefit must be reduced by one dollar for each three dollars by which
33.5 the total amount of the current monthly disability benefit, any monthly workers' compensation

33.7 recipient's reemployment earnings limit. In no event may the monthly disability benefit as
33.8 adjusted under this subdivision exceed the disability benefit originally allowed.

33.9 (c) This paragraph applies to members who begin disability payments or are required
33.10 to reapply under section 353.031, subdivision 8, on or after July 1, 2023. If a disabled
33.11 member resumes a gainful occupation with earnings, the amount of the member's disability
33.12 benefit must be reduced by a pro rata share each year until normal retirement age of the
33.13 sum of (1) and (2), not to exceed the amount of the member's disability benefit:

33.14 (1) for members with less than 20 years of service for a duty disability benefit or less
33.15 than 15 years of service for a regular disability benefit, one dollar for each dollar of
33.16 reemployment earnings, but not more than the lesser of (i) and (ii), but not to exceed the
33.17 employee contribution rate as defined under section 353.65, subdivision 2, multiplied by
33.18 the average salary used to determine the amount of the member's disability benefit when
33.19 granted:

33.20 (i) an amount equal to the employee contribution rate as defined under section 353.65,
33.21 subdivision 2, multiplied by the average salary used to determine the amount of the member's
33.22 disability benefit, when granted, multiplied by the difference between 20 for a duty disability
33.23 benefit or 15 for a regular disability benefit and the member's years of service, divided by
33.24 55 minus the member's age at the time of disability; or

33.25 (ii) 50% of the member's yearly reemployment earnings; and

33.26 (2) for all members, one dollar for each dollar by which the sum of the current disability
33.27 benefit plus actual monthly reemployment earnings exceeds the base monthly salary currently
33.28 paid by the employing governmental subdivision for similar positions.

33.29 (d) Paragraphs (b) and (c) do not apply to a member receiving total and permanent
33.30 disability benefits under section 353.656, subdivision 1a or 3a.

33.31 **EFFECTIVE DATE.** This section is effective January 1, 2024.

34.14 annuity under section 353.651, subdivision 1, or five years after the effective date of the
34.15 disability, whichever is later, the disabled member may continue to receive a normal disability
34.16 benefit, or the member may elect a joint and survivor optional annuity under section 353.30.
34.17 The optional annuity is based on the minimum disability benefit under subdivision 1 or 3,
34.18 or the member's allowable service, whichever is greater. The election of this joint and
