Cover Letter or Other Helpful Information:

I would like to renew my appointment as the Public Member of the Board of High Pressure Piping Systems. I am just completing my first year in this role and I have attended all meetings and in order to learn the basics of the area governed by the Board.

As we move toward the hard work of updating the Codes, I feel this is an important time to put what I have learned to work. This will help me to represent a public perspective in the process of updating these codes.

Please contact me if you require any additional information about my ongoing interest in serving on the Board of High Pressure Piping Systems.

Resume or Other Helpful Information:

Current Employer: Minnesota Gastroenterology

Position: Chief Human Resources Officer

Dates of Employment: 1/15/1999 to present

As a member of our executive team I am regularly involved in building and renovation plans for our company that also includes understanding the regulatory and licensing requirements and how they impact the business. As the head of Human Resources I am charged with workplace safety, and understand the role of regulations and enforcement in keeping our employees safe at work.

Volunteer Role: Fort Road Federation/District 9 Planning Council

Position: President, Board of Directors

As a Volunteer with the Fort Road Federation I have been involved in many residential and commercial redevelopment projects, zoning studies and development of commercial design standards. I feel this provides me with an understanding of the balance between regulations and codes that protect public investment and guide future development but do not unreasonably restrict investment or business growth. When the regulatory environment and community development are working well together the result will be high quality development, good jobs and construction projects that serve the community well.
