RE: Plumbing Board opening: Municipal Plumbing Inspector from the Metropolitan Area.

Dear Sir or Madam:

I'm contacting you in regards to the vacant Plumbing Board opening for the Municipal Plumbing Inspector from the Metropolitan Area. I believe that the experience and knowledge I can offer will contribute to the continued success of the State Plumbing Board in developing the MN Plumbing code or adopting a model code.

My relevant qualifications include my MN State Master Plumbing license as well as employment as a plumbing inspector for the city of Minneapolis for more than 7 yrs. Also of note is my involvement on the board of directors of MAPMO (Minnesota Association of Plumbing and Mechanical Officials). As part of this board, we have arranged for education and discussion concerning the plumbing code. I have recently been certified with the State of MN as an instructor for both Building Official and Plumbing CEUs and have taught a class entitled "Basic Principles of Plumbing Inspection" for both MAPMO and at the Annual Institute for Building Officials. During my tenure, I also served on an informal committee that made a comparison of one of the model plumbing codes to the MN Plumbing Code.

With my experience and knowledge in the plumbing industry, I believe that I would be a valuable addition to the State Plumbing Board. Please contact me if you would like to schedule an interview or have any questions about my skills or experience.

Thank you, in advance, for your consideration.
Best regards,

Scott Eggen

Re: Recommendation of Scott Eggen to the Plumbing Board

Dear Governor Dayton:

I am writing this letter of recommendation of Mr. Scott Eggen for appointment to the Minnesota State Plumbing Board. Scott has been an excellent municipal plumbing inspector with the City of Minneapolis for over 6 years. He has a proven knowledge of the purpose of the code and has an established background to ensure the safeguard of public health and safety.

The City of Minneapolis adopts and maintains a comprehensive plumbing enforcement program that is conducted by persons who are knowledgeable in current plumbing installations and practices for both residential and commercial installations; therefore it is reasonable to provide representation to the State Plumbing Board.

I believe Mr. Eggen is an excellent candidate for the open seat on the board and encourage your approval of his application.

Please feel free to contact me with any further inquiries.

Respectfully Yours,
