**Cover Letter or Other Helpful Information:**

To: The Office of Minnesota Secretary of State  
Mark Ritchie

Please consider my application for reappointment to the High Pressure Piping Board under the position sought: vi. "Industrial company"

I have served on the Board of High Pressure Piping Systems for the last six years representing the position of industrial company. My current term expires on December 31, 2013. I have worked diligently with the Board members and the Department of Labor throughout both of my terms. I have represented issues from the perspective of industrial company while collaborating and compromising to help deliver a much improved High Pressure Piping Code for the State of Minnesota. In years prior to the board appointment in 2007 I was involved in the detailed discussions between the Department of Labor and industry surrounding the High Pressure Piping rules.

As the leader of the Fixed Equipment issues across Flint Hills Resources, I am responsible for oversight of the fabrication and installation of all high pressure piping. Flint Hills Resources is one of the largest operators and fabricators of High Pressure Steam piping in Minnesota. Flint Hills Resources would like to have a continued voice in this process for the future and I personally look forward to working on these critical issues.

Sincerely,

Mark Geisenhoff  
Global Fixed Equipment Leader  
Flint Hills Resources  
PO Box 64596  
St. Paul, MN 55164  
651-437-0587

**Resume or Other Helpful Information:**

Work Experience:

- 33 Years of experience in refining and pressure equipment integrity
- Flint Hills Resources L.P (Pine Bend Refinery) 23 Years (1990 to present)
- Global Fixed Equipment Leader for Flint Hills Resources
- Responsible for mechanical integrity issues covering all pressure containing equipment at FHR as well as Minnesota's largest oil refinery
- Responsible for quality assurance of all pressure containing equipment (including High Pressure Steam)
- Owner of all engineering specifications for fixed equipment at FHR
- Responsible for oversight of welding and compliance with ASME Section IX as well as all other industry codes and standards

Affiliations/Certifications

- Board Member Minnesota High Pressure Piping Systems (expires 12-31-2013)
- Certified API 510 Inspector Cert # 5526
- Certified API 570 Inspector Cert # 581
- Certified API 653 Inspector Cert # 295
- Passed National Board Inspection Exam
- Chairman of API Risked Based Inspection User Group
- Member of API Subcommittee on Inspection
- Chairman of the API 510 (Pressure Vessel Code) Rewrite

RECEIVED
