Dear Governor Dayton:

Please accept this application, resume and cover letter for the position of industry representative to the Board of High Pressure Piping Systems. In my position with Pettersen & Associates, Inc., I currently serve as the Assistant Vice President of the Minnesota Mechanical Contractors Association, an industry group of 147 contractors involved in the mechanical contracting industry. Within this capacity I work with many contractors involved in the high pressure piping industry and also serve on joint apprenticeship training committees, which develop training programs based on the codes, as a management representative. My professional capacity and my strong work ethic will hopefully make me an ideal candidate and I thank you in advance for your time and consideration on this appointment.

Sincerely yours,

Matthew Marquis
