Minnesota Department of Labor and Industry,

For your consideration I am submitting an application to serve on the Minnesota Plumbing Board as the Residential Journeyworker. I have been a licensed Journeyworker (PJ089400) since May of 2010 and believe my knowledge and experience in the plumbing trade would be of value to the Plumbing Board and the State of Minnesota.

In addition to my plumbing license I am also state certified as a Backflow Repairer, Medical Gas Installer, and an approved Continuing Education Instructor. My experience covers many aspects of the plumbing industry which is detailed in my enclosed work history. Residential plumbing can cover a wide range of work from single family residential homes to single family units in residential buildings, new construction, to service, repair and remodeling. During my career I have been fortunate to experience all of these variations of residential plumbing.

If you find that I am qualified and forward my name to Governor Dayton I believe you will be pleased with the choice made.

Thank you for your consideration.

Respectfully,

Justin L. Parizek
