Minnesota Higher Education Facilities Authority,

I have served on the board since 2001 and have been appointed by three governors from three political parties. The Authority's executive director asked if I would be interested in applying for reappointment, and I am willing and very interested in continuing to participate as a member of the board. I find this to offer a unique opportunity to serve the State of Minnesota, our private colleges and universities and the students attending these institutions while utilizing my historical experience in public finance and my current experience investing in municipal bonds and securities issued by institutions of higher education.

I am an executive vice president at The Travelers Companies, Inc. I am responsible for managing the firm's fixed income investments which total roughly \$70 billion and represent 94% of the firm's invested assets. Within the aggregate portfolio, roughly half of the market value is invested in municipal bonds, and our investments in the higher education sector exceed \$2 billion. Accordingly, I am aware of the key drivers of credit worthiness and financial stability in higher education. Prior to joining Travelers twenty years ago, I had worked in the public finance industry assisting municipal issuers access the tax-exempt market. I was fortunate enough to work on several transactions involving the issuance of securities through the Authority.

I think my professional career uniquely qualifies me for the board seat requiring "Experience in Municipal Finance". I am eager to serve and looking forward to being considered for reappointment.
