**RE: STUDENT- STATE COLLEGE, BOARD OF TRUSTEE OF MINNESOTA STATE
COLLEGES AND UNIVERSITIES SYSTEM**

Dear Governor Walz,

I submit this application for your consideration to serve as the University Student Trustee on the Minnesota State Colleges and Universities Board of Trustees.

It is my belief that the challenges of the future are closely intertwined, and education is the most important tool that can bring success to our society. This passion for advocacy in higher education is what drove my application submission after reviewing the job description.

This past month as the Student United Treasurer representing all 50,000+ Minn. State Students, I and my fellow student leaders met with the Minn. State Board of Trustees. We engaged in a dialogue on urgent student needs and before this I met with our State Senators, and other Federal representatives to re-iterate why supporting Minnesota State \$120 million Budget request to the Legislature is important in providing all our campuses with funds to support students during this COVID-19 pandemic, and I am very proud of the positive responses received.

Minnesota gave me the voice I have today, and with this voice I have been able to for the past several years advocate on student issues relating to textbook affordability, food insecurities, basic needs and mental health, at the Campus, State, Local and Federal Level. This advocacy has resulted in very successful improvements, one such improvement is SMSU having a food pantry on campus to tackle student's food insecurities. At State level, students are now being included in important decisions and discussion and there has also been increased information sharing with our seven state institutions.

I commit to bringing a fresh voice with a proven track record for success to the Minnesota State Board of Trustees, because I believe that being a student is about having the best college experience regardless of Age, Gender, Political view, or Zip code.

Thank you for your time and consideration.

Sincerely,

Victor Ayemobuwa

Office of the Student Government:

To whom it may concern,

On behalf of the Southwest Minnesota State Student Association, I am writing this letter of recommendation for Mr. Victor Ayemobuwa for consideration of this position.

Although Victor currently represents all Minn. State student as the Treasurer, he previously worked on the Southwest Student as a Senator and Diversity & Inclusion committee chair and his unwavering advocacy has inspired me, the Southwest students as well as the administration. This pandemic has put to test Victor's leadership and communication skills, and I am proud to say that his agenda for students and speaking up for the less privileged has not wavered a bit.

I joined him to testify this previous month to the state and federal legislators and his story on how pandemic has affected him as a student captivated me as well as the Representatives.

I say this without a doubt in mind that Victor is a listener, ONE FOR THE PEOPLE, you meet him, and you come out inspired and excited to share ideas, a very true definition of inspirational. He would make a great addition to any team.

My recommendation for Mr. Ayemobuwa is authentic and sincere. Please give him proper consideration.

Sincerely,

Dear Governor Walz:

I am writing to recommend Victor Ayemobuwa to the position of University Student Trustee on the Minnesota State Colleges and Universities Board of Trustees. He has the education and experience backgrounds that would serve him well in this position.

I have come to know Victor through his role as a student senator at Southwest Minnesota State University and through his involvement with the Students United organization. I appreciate his involvement in these organizations.

Victor enjoys learning from people in leadership positions and those who have differencing opinions from his own. He is a person who strives to improve the lives of students.

I appreciate your consideration of Victor Ayemobuwa to the Minnesota State Colleges and Universities Board of Trustees.

FAREWELL! BUT THE JOURNEY CONTINUES

July 24, 2021

BY, VICTOR AYEMOBUWA

Thank you, thank you very kindly, my friends and fellow students. I must say un-feigned, that our journey together has been beyond incredible, I always make a joke, that you know you've been in college too long, when your parents start running out of money, which happens to be reality for many of us. My journey with you commenced six years ago, however our later years together has been the highlight of my entire life.

The conversations we had both in person and virtually, to the advocacy and lobbying we did at the federal and state legislature, including the meetings, debates, and discussions, not only inspired me but also shaped me into a better leader and most importantly a better man.

There is not a greater lie in man's existence than, "there comes a time when we have no control over the events anchored around us, that our fate is already set and sealed in stone, however nothing could be further from the truth."

If I had told you six years ago that "– on a Federal and state level, we would work with Legislators, both Representatives and Senators to the System and Chancellors office to achieve, student consultation, allocation of CRRSAA, health care communication, vaccination rollouts as well as have representation on the Minnesota state Law enforcement and reform task force. You might have said "delusions". If I had told you that - our finances will now prioritize students' interests, be transparent, empowering and provide financial education within financial management. You might have said "oh that's impossible, or If I had said together we will write

letters to the presidents on consultation, give spoken and written testimonies at the board of trustees, launch our F—k student debt campaign, revisit how Minnesota state and colleges addresses racial equity issues on campuses, and finally work with the System office to make sure equity 2030 is a reality that covers all our gamut. You might have said too ambitious, but we did all this, we fulfilled all our goals, we proved nothing is set in stone, not just the organization but yours. You did all this and so much more.

You know, I remember vividly my sophomore semester when I couldn't afford textbooks or a three-square meal, when I lost all hope, and was on the verge of quitting, yet how many of us have a similar type of story today, how many today, does college in all its charms and drudgery, becomes a perennial punishment? Now, I'm happy because we have made progress and constructed hallmarks of achievements. We didn't twitch, instead we stayed together, therefore our formular for success remained fundamentally the same: "A better experience for all of us, both past, current and future students."

Another reason I'm happy, is that this pandemic, tested our valor, our deoportment and hearts and we came out "tougher than leather" or as Lil Wayne famously said tougher than "Nigerian hair". As I wrap up here, I want to commend my comrades, Jonathan McNicholes, a man of such extraordinary vision and ideals who has been in this fight for many years, Emma Zellmer, one of the most resilient and intelligent persons I know, David Shittu, Devin Smith, Abeer Syedah, Carlee Diggins, Samuel Wreh, my parents, Senator Gary Dahms , I could go on down the list, yet time is passing. I want to thank them and want you also to thank them for their extraordinary motivation who kept us all going.

Now, I don't know what the future holds, or if the days ahead as we continue this fight are

smooth. However, I am not worried because if our tenacity remains unshaken, and we keep our **stride moving forward**, aiming for high ideals. We will get to our promise land, for

"We have not come this far just to get this far."

It has been the honor of my life to serve".

Thank you once again.
