Reva Chamblis,

Dear Met Council representative:

I am very happy to for the opportunity to apply for the Met Council District 2 seat. My entire adult life has been committed to humbly serving and helping to enrich communities; especially the underserved. After graduating college, I gave workshops and presentations to high school and college students on how to plan for success and thrive in their lives. As a young professional, I helped create a mentorship program for talented youth and served on several boards to encourage and support minority students. I did so because I believed and was taught by community leaders to strengthen and give back into the communities where I came from. Not long ago, I worked with met council employees and other community leaders to engage and educate city residents about the planned Blue Line Extension and explained the relevance of Health Equity initiatives on their lives.

I have and will always stand by the mission of the Metropolitan Council in planning for growth, economic vitality to promote stewardship, prosperity, equity, livability and sustainability for all communities.

Please kindly review my resume and qualifications for consideration of a potential Metropolitan Council appointment. I would serve with honor, passion and compassion.

Sincerely,
Reva Chamblis
