I am a member of the Transportation Advisory Board (TAB) and am writing to personally express my sincere dedicated support for the application of Reva Chamblis to be reappointed as Council Member for District 2.

I have only known Reva since she was appointed to the Council by your administration in 2019. But what a privilege and a pleasure; it is patently obvious even in these four years why she was appointed. So much so that her colleagues elevated Reva to serve as Vice Chair of the Transportation Committee .

It is from this Committee that I frequently interact with her in my role as the TAB Liaison to the Transportation Committee of which she is an integral member. I have observed how Reva, benefiting from her experience as a human rights commissioner for the City of Brooklyn Park and founder and president of Northwest Community Building hit the ground running immediately impressing everyone with her grasp of equitable transit and housing and engaging underrepresented members of our community.

I have personally seen how Reva is well-respected by her fellow Council Members and staff. They appreciate her genuine and personal approach to

people and collaboration equally matched by her undergraduate business and MIS education at the prestigious Carlson School and experience as a senior business analyst for a multinational financial institution and her perceptive understanding of the complex challenges affecting our Region ... and who cannot be impressed by her respectful and eloquent manner. Reva's stature is on display at the Transportation Committee with her thoughtful commentary and voluntary aiding the citizen members of the TAB.

As you are aware, the 2050 Regional Development Guide rests on the core beliefs of equity, justice, stewardship, and sustainability. As Reva has said, "Equity has to be a part of all of the work the Council does ... housing, transportation and economic development. All the work we do must help contribute to building a region where everyone has access to opportunity and prosperity."

Reva Chamblis deserves reappointment as Council Member for District 2, and I ask for your strong consideration of her.

Respectfully submitted.
