Sarah.Gudmunson@callmtg.com

With 20 years in the industry, Sarah Gudmunson currently holds a position as the Director of Labor Resources for Master Technology Group. In this role, she oversees field operations for 50+ employees and has numerous other responsibilities for the company. These responsibilities include but are not limited to, the management, training and development of all field employees, overseeing field scheduling and local service coordination, implementing company safety policies and procedures, and managing the company's vehicle fleet and tools.

Sarah's interests in technology, processes, and people have contributed to her success at MTG. She believes having the right people with the right skill sets for a specific job is necessary for company success. Sarah has been involved in and continues to write many processes for MTG. She ensures that staff is trained properly for the situations they are working in. Sarah and MTG's work quality has resulted in repeat business and client referrals for the company.

Office of the Secretary of State, Open Appointments
180 State Office Building
100 Rev. Dr. Martin Luther King, Jr. Blvd
St Paul, MN 55155-1299

Dear Governor Walz,

I am writing to request your consideration of re-appointing me to the Power Limited Technician/Technology Systems Contractor position on the Minnesota State Board of Electricity. I am currently in my first term and would like to serve the state in a second term.

Having worked in the power limited electrical industry for 20 years, I have successfully fulfilled roles as an Installation Technician, Project / Service Coordinator, Service Manager, and Director of Labor Resources. This experience has given me a strong understanding of the industry. I would have much to offer if re-appointed to the Board of Electricity.

I have always had a hunger for knowledge and a determination that exceeded those around me. This hunger and drive have enabled me to advance my career from a "boots on the ground" experience to my current Director position.

In 1996, I graduated from Salina South High School in Kansas as a member of the National Honors Society and pursued college to become a teacher. After deciding to be closer to family, I moved to Minnesota in 2001. At that time, I decided to redirect my career path and enroll in the Sound Data and Alarm System Design program at Dunwoody College of Technology in Minneapolis. I achieved my Minnesota Power Limited Technician license in 2003; in 2004, I graduated from Dunwoody at the top of my class. Since my graduation, I have succeeded in several industry roles.

For the last 19 years, I have worked for Master Technology Group, where I enjoy sharing and growing my industry knowledge. As a Director of Labor Resources, I currently lead a team of field installers and technicians, a scheduling team, and a service team. In conjunction with my position, I am actively involved with the National Electrical Contractors Association. This association allows me to communicate with other contractors and industry leaders, broadening my knowledge of the industry's opportunities and challenges.

In addition to my career, I am a single mother of 16-year-old twins. I am dedicated to teaching my children good values and raising them to be positive societal additions. I also enjoy participating in their education and activities by volunteering when I am able. I am currently the President of the Boys Soccer Booster Club for Shakopee High School, supporting a program of (90) players and (6) coaches. I am also the Chair of the Social Committee for the Shakopee Sabers Dance Team. I lead the committee in organizing all team meals throughout the season each year. My detailed organizational skills and drive for excellence have been of value to these and other local organizations I have volunteered for.

My background has no legal or financial concerns, and I would happily provide references upon request.

Please contact me with any additional questions; I look forward to hearing from you.

Best regards,

A handwritten signature in cursive script that reads "Sarah Gudmunson".

Sarah Gudmunson
Director of Labor Resources
Master Technology Group
