S.F. No. 10 – Replacement License Plate Fees; REAL ID Indicator on Enhanced Driver’s Licenses

Author: Senator Scott J. Newman

Prepared by: Alexis C. Stangl, Senate Counsel (651/296-4397)

Date: June 12, 2020

Sections 1, 2, and 3 relate to fees for replacement dealer plates or tax-exempt plates. **Section 2** specifies the replacement fees for dealer plates and tax-exempt plates. **Sections 1 and 3** add cross references to **section 2** in the relevant sections relating to tax-exempt plates and dealer plates. These sections are effective when the new vehicle title and registration system is rolled out or January 1, 2021, whichever is earlier.

Sections 4 and 5 allow the Department of Public Safety (DPS) to place a REAL ID compliant indicator on enhanced driver’s licenses and state ID cards. Enhanced driver’s licenses and ID cards are REAL ID compliant, but under current law, DPS is prohibited from placing the compliance indicator on enhanced cards.
