**State of Minnesota**

**S.F. No. 1052 – 2019 Local Government Aid Penalty Forgiveness; City of Roosevelt (as proposed to be amended by A-1)**

**Author:** Senator Mark Johnson

**Prepared by:** Bjorn Arneson, Legislative Analyst (651/296-3812)

**Date:** February 23, 2021

---

To be eligible for local government aid, a city must make timely financial reports to the state auditor and comply with uniform financial accounting and reporting standards prescribed by the state auditor. The 2019 local government aid amount for the city of Roosevelt was withheld by the commissioner of revenue for failure to comply with the reporting requirement.

This bill directs the commissioner of revenue to make a \$25,410 payment to the city of Roosevelt by June 30, 2021, provided that the state auditor certifies receipt of certain 2018 and 2019 city materials. (The payment is equal to the amount withheld from 2019 local government aid to the city.)
