Author: Senator John R. Jasinski

Prepared by: Alexis C. Stangl, Senate Counsel (651/296-4397)

Date: February 24, 2021

Section 1. Composition; distribution. Ten percent of the money transferred to the trunk highway fund from the highway user tax distribution fund is annually appropriated to the commissioner of transportation for the corridors of commerce program.

Section 2. Project selection process; criteria. In addition to the eight current project selection criteria for the Corridors of Commerce program, the bill requires the commissioner to consider project readiness. All criteria must be given equal weight in the selection process, with the exception of the criterion to consider regional balance.
