S.F. No. 1686 – Special Soybean Meal-Hauling Permit (As amended by the A-1 Amendment)

Author: Senator Mark Johnson

Prepared by: Alexis C. Stangl, Senate Counsel (651/296-4397)

Date: March 22, 2021

S.F. 1686 allows the commissioner of transportation to issue annual special permits to vehicles hauling soybean meal. The commissioner may issue a two- or three-unit vehicle permit to a vehicle transporting soybean meal that meets length and weight specifications and that will operate only on Highways 2 and 75 in northwest Minnesota. Vehicles operating with a special permit are subject to weight and load limits and cannot operate on the interstate highway system. The fee for the permit is \$850 and the proceeds are deposited in the trunk highway fund.
