**S.F. No. 208 – Law Enforcement Hiring Information Access
Expansion**

Author: Senator Bill Ingebrigtsen

Prepared by: Priyanka Premo, Senate Counsel (651/296-3317)

Date: February 17, 2021

S.F. 208 expands the requirement that employers comply with a law enforcement agency's request for employment records of an employee or former employee who is applying to become a peace officer to include the records of persons who are applying for a law enforcement job in any capacity. This bill provides that if access to employment records is denied, an authorized representative of a law enforcement agency (as opposed to a sworn peace officer) may request a court order directing the disclosure of the employment information.
