S.F. No. 2116 – Chemical Dispensing System and Dishwashing Machine Installation Licensing Exemptions

Author: Senator Jason Rarick

Prepared by: Carlon Doyle Fontaine, Senate Counsel (651/296-4395)

Date: March 17, 2021

Section 1. Chemical dispensing systems. Provides a definition for the term “chemical dispensing system.”

Section 2. Dishwashing machine. Provides a definition for the term “dishwashing machine.”

Section 3. License required. Clarifies that a plumbing license is not required for individuals servicing or installing a chemical dispensing system or dishwashing machine, including connecting a chemical dispensing system or dishwashing machine to a water line or drain line, if the individual is: an employee of the manufacturer or distributor; has ten hours of training for chemical dispensing systems or 15 hours of training for dishwashing machines; and the connection is a push fit fitting, compression fitting, or threaded pipe fitting to an existing water line or drain.
