(7) the relocation or redistribution of hospital beds within a hospital building or identifiable complex of buildings provided the relocation or redistribution does not result in: (i) an increase in the overall bed capacity at that site; (ii) relocation of hospital beds from one physical site or complex to another; or (iii) redistribution of hospital beds within the state or a region of the state;

(8) relocation or redistribution of hospital beds within a hospital corporate system that involves the transfer of beds from a closed facility site or complex to an existing site or complex provided that: (i) no more than 50 percent of the capacity of the closed facility is transferred; (ii) the capacity of the site or complex to which the beds are transferred does not increase by more than 50 percent; (iii) the beds are not transferred outside of a federal health systems agency boundary in place on July 1, 1983; (iv) the relocation or redistribution does not involve the construction of a new hospital building; and (v) the transferred beds are used first to replace within the hospital corporate system the total number of beds previously used in the closed facility site or complex for mental health services and substance use disorder services. Subd. 1a. Supportive parenting services. (a) A person or agency shall not file a petition alleging that a child is in need of protection or services on the basis of a parent's disability. To make a prima facie showing that a child protection matter exists, the petitioner must demonstrate in the petition that the child is in need of protection or services due to specific behaviors of a parent or household member. The local agency or court must offer a parent with a disability the opportunity to use supportive parenting services to assist the parent if the petitioner makes a prima facie showing that through specific behaviors, a parent with a disability cannot provide for the child's safety, health,

or welfare. If a court removes a child from a parent's home, the court shall make specific written findings stating the basis for removing the child and why providing supportive parenting services is not a reasonable accommodation that could prevent the child's out-of-home placement.

(b) For purposes of this subdivision, "supportive parenting services" means services that may assist a parent with a disability in the effective use of techniques and methods to enable the parent to discharge the parent's responsibilities to a child as successfully as a parent who does not have a disability, including nonvisual techniques for a parent who is blind.

(c) For purposes of this subdivision, "disability" means:

(1) physical or mental impairment that substantially limits one or more of a parent's major life activities;

(2) a record of having a physical or mental impairment that substantially limits one or more of a parent's major life activities; or

(3) being regarded as having a physical or mental impairment that substantially limits one or more of a parent's major life activities.
