(f) "Licensed ambulance service provider" or "provider" means a natural person, partnership, association, corporation, Tribal government, or unit of government that possesses an ambulance service license under Minnesota Statutes, chapter 144E.

(g) "Metropolitan county" has the meaning given in Minnesota Statutes, section 473.121, subdivision 4.

(h) "Multiple license holder" means a licensed ambulance service provider, a licensed ambulance service provider's parent company, a subsidiary of the licensed ambulance service provider, or a subsidiary of the licensed ambulance service provider's parent company that collectively holds more than one license.

(i) "Nonexcluded license" means a license that is not excluded under subdivision 3 from receiving aid under this section.

(j) "Operating expenses" means expenses incurred by a licensed ambulance service provider related to personnel, equipment, supplies, fuel, vehicle maintenance, travel, education, fundraising, or obtaining advanced life support intercepts.

(k) "Primary service area" has the meaning given in Minnesota Statutes, section 144E.001, subdivision 10.

(l) "Response density" means the quotient of EMS responses divided by the square mileage of the primary service area.

(m) "Unit of government" means a county, a statutory or home rule charter city, or a town.

Subd. 2. **Excluded services.** The commissioner, in coordination with the director of the Office of Emergency Medical Services, must exclude EMS responses by a specialized life support service as described in Minnesota Statutes, section 144E.101, subdivision 9, when calculating EMS responses, response density, and aid payments under this section.

Subd. 3. **Certain multiple license holders excluded.** (a) Except as provided under paragraph (b), all licenses held by a multiple license holder are ineligible for aid payments under this section if any license held by a multiple license holder is designated to serve a primary service area that includes any portion of the cities of Duluth, Mankato, Moorhead, Rochester, or St. Cloud, or any portion of a metropolitan county.

(b) For a multiple license holder affiliated with a private, nonprofit adult hospital that is located in Hennepin County and designated by the commissioner of health as a level I trauma hospital, only the licenses held by the multiple license holder and located entirely within one or more metropolitan counties are ineligible for aid payments under this section.

Subd. 4. **Eligibility.** A licensed ambulance service provider is eligible to receive aid under this section if the licensed ambulance service provider:

- (1) possessed a nonexcluded license in calendar year 2024;
- (2) continues to operate under the nonexcluded license during calendar year 2026; and
- (3) submits the application and information required under subdivision 5.

Subd. 5. **Application process.** (a) An eligible licensed ambulance service provider may submit an application to the commissioner and the director of the Office of Emergency Medical Services in the form and manner prescribed by the commissioner to receive aid under this section. Submitted applications must include the following information:

- (1) EMS responses by primary service area reported for calendar year 2025;
- (2) EMS responses by primary service area reported for calendar year 2025 that were provided by a specialized life support service;
- (3) the geographic location of each primary service area as of January 1, 2026, including units of government served; and
- (4) the square mileage of each primary service area as of January 1, 2026.

Applications must be submitted by September 16, 2026. The commissioner may also require an eligible licensed ambulance service provider to submit any additional information necessary to make the calculations under subdivision 6.

(b) The commissioner and the director of the Office of Emergency Medical Services must establish a process for verifying the information in each submitted application is accurate and complete. Verification must be completed by September 20, 2026.

Subd. 6. **Distribution.** (a) The commissioner must determine the amount equal to dividing 20 percent of the amount appropriated for aid under subdivision 10 equally among all eligible licensed ambulance service providers who possess at least one nonexcluded license. Eligible licensed ambulance service providers who possess only one nonexcluded license do not qualify for a payment under this paragraph if the nonexcluded license has a response density greater than 30.

(b) For each nonexcluded license with a response density less than or equal to 30 held by an eligible licensed ambulance service provider, the commissioner must determine the amount equal to the product of 40 percent of the amount appropriated for aid under subdivision 10 multiplied by the quotient of the square mileage of the primary service area served under the nonexcluded license divided by the total square mileage of all primary service areas served under nonexcluded licenses.

(c) For each nonexcluded license with a response density less than or equal to 30 held by an eligible licensed ambulance service provider, the commissioner must determine the amount equal to the product of 40 percent of the amount appropriated for aid under subdivision 10 multiplied by the quotient of the number of points determined under clauses (1) to (4) for each nonexcluded license with a response density less than or equal to 30 divided by the total points determined under clauses (1) to (4) for all nonexcluded licenses with a response density less than or equal to 30 held by eligible licensed ambulance service providers. For calculations under this paragraph, the commissioner must determine points as follows:

(1) for EMS response one to EMS response 500, a nonexcluded license is awarded ten points for each EMS response;

(2) for EMS response 501 to EMS response 1,500, a nonexcluded license is awarded five points for each EMS response;

(3) for EMS response 1,501 to EMS response 2,500, a nonexcluded license is awarded zero points for each EMS response; and

(4) for EMS response 2,501 and each subsequent EMS response, a nonexcluded license's points are reduced by two points for each EMS response, except a nonexcluded license's total awarded points must not be less than zero.

(d) The aid payable to each eligible licensed ambulance service provider under this section equals the sum of the amounts calculated in paragraphs (a) to (c) for each nonexcluded license held by the eligible licensed ambulance service.

Subd. 7. **Eligible uses.** A licensed ambulance service provider must spend aid received under this section on operating and capital expenses incurred to provide ambulance services within the licensed ambulance service provider's primary service area that is located in Minnesota.

Subd. 8. **Certification and payment.** (a) By December 1, 2026, the commissioner, in coordination with the director of the Office of Emergency Medical Services, must certify the amount of aid payable to each eligible licensed ambulance service provider under this section.

(b) By December 26, 2026, the commissioner must pay emergency ambulance service aid to each eligible licensed ambulance service provider.

(c) Any funds not encumbered or spent on eligible uses by December 31, 2027, must be returned to the commissioner and cancel to the general fund.

Subd. 9. **Report.** By February 15, 2028, each licensed ambulance service provider that receives aid under this section must submit a report to the commissioner, the director of the Office of Emergency Medical Services, and the chairs and ranking minority members of the legislative committees with jurisdiction over taxes that includes:

(1) the amount of aid the licensed ambulance service provider received;

(2) the amount of aid that was encumbered or spent on operating expenses;

(3) the amount of aid that was encumbered or spent on capital expenses; and

(4) documentation sufficient to establish that aid was encumbered or spent on eligible uses as defined in subdivision 7.

The director of the Office of Emergency Medical Services may request financial statements or other information necessary to verify that aid was spent on eligible uses.

Subd. 10. **Appropriation.** \$40,000,000 in fiscal year 2027 is appropriated from the general fund to the commissioner of revenue for emergency ambulance service aid under this section. This is a onetime appropriation.

EFFECTIVE DATE. This section is effective for aids payable in calendar year 2026 only."
