Sec. 3. Minnesota Statutes 2025 Supplement, section 245A.04, subdivision 1, is amended to read:

Subdivision 1. **Application for licensure.** (a) An individual, organization, or government entity that is subject to licensure under section 245A.03 must apply for a license. The application must be made on the forms and in the manner prescribed by the commissioner. The commissioner shall provide the applicant with instruction in completing the application and provide information about the rules and requirements of other state agencies that affect the applicant. An applicant seeking licensure in Minnesota with headquarters outside of Minnesota must have a program office located within 30 miles of the Minnesota border. An applicant who intends to buy or otherwise acquire a

program or services licensed under this chapter that is owned by another license holder must apply for a license under this chapter and comply with the application procedures in this section and section 245A.043.

The commissioner shall act on the application within 90 working days after a complete application and any required reports have been received from other state agencies or departments, counties, municipalities, or other political subdivisions. The commissioner shall not consider an application to be complete until the commissioner receives all of the required information. If the applicant or a controlling individual is the subject of a pending administrative, civil, or criminal investigation, the application is not complete until the investigation has closed or the related legal proceedings are complete.

When the commissioner receives an application for initial licensure that is incomplete because the applicant failed to submit required documents or that is substantially deficient because the documents submitted do not meet licensing requirements, the commissioner shall provide the applicant written notice that the application is incomplete or substantially deficient. In the written notice to the applicant the commissioner shall identify documents that are missing or deficient and give the applicant 45 days to resubmit a second application that is substantially complete. An applicant's failure to submit a substantially complete application after receiving notice from the commissioner is a basis for license denial under section 245A.043.

(b) An application for licensure must identify all controlling individuals as defined in section 245A.02, subdivision 5a, and must designate one individual to be the authorized agent. The application must be signed by the authorized agent and must include the authorized agent's first, middle, and last name; mailing address; and email address. By submitting an application for licensure, the authorized agent consents to electronic communication with the commissioner throughout the application process. The authorized agent must be authorized to accept service on behalf of all of the controlling individuals. A government entity that holds multiple licenses under this chapter may designate one authorized agent for all licenses issued under this chapter or may designate a different authorized agent for each license. Service on the authorized agent is service on all of the controlling individuals. It is not a defense to any action arising under this chapter that service was not made on each controlling individual. The designation of a controlling individual as the authorized agent under this paragraph does not affect the legal responsibility of any other controlling individual under this chapter.

(c) An applicant or license holder must have a policy that prohibits license holders, employees, subcontractors, and volunteers, when directly responsible for persons served by the program, from abusing prescription medication or being in any manner under the influence of a chemical that impairs the individual's ability to provide services or care. The license holder must train employees, subcontractors, and volunteers about the program's drug and alcohol policy before the employee, subcontractor, or volunteer has direct contact, as defined in section 245C.02, subdivision 11, with a person served by the program.

(d) An applicant and license holder must have a program grievance procedure that permits persons served by the program and their authorized representatives to bring a grievance to the highest level of authority in the program.

(e) The commissioner may limit communication during the application process to the authorized agent or the controlling individuals identified on the license application and for whom a background study was initiated under chapter 245C. Upon implementation of the provider licensing and reporting hub, applicants and license holders must use the hub in the manner prescribed by the commissioner. The commissioner may require the applicant, except for child foster care, to demonstrate competence in the applicable licensing requirements by successfully completing a written examination. The commissioner may develop a prescribed written examination format.

(f) When an applicant is an individual, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Social Security number or Minnesota tax identification number, and federal employer identification number if the applicant has employees;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, if any;

(3) if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(4) if applicable, the applicant's National Provider Identifier (NPI) number and Unique Minnesota Provider Identifier (UMPI) number; and

(5) at the request of the commissioner, the notarized signature of the applicant or authorized agent.

(g) When an applicant is an organization, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Minnesota tax identification number and federal employer identification number;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, and if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(3) the first, middle, and last name, and address for all individuals who will be controlling individuals, including all officers, owners, and managerial officials as defined in section 245A.02, subdivision 5a, and the date that the background study was initiated by the applicant for each controlling individual;

(4) if applicable, the applicant's NPI number and UMPI number;

(5) the documents that created the organization and that determine the organization's internal governance and the relations among the persons that own the organization, have an interest in the organization, or are members of the organization, in each case as provided or authorized by the organization's governing statute, which may include a partnership agreement, bylaws, articles of organization, organizational chart, and operating agreement, or comparable documents as provided in the organization's governing statute; and

(6) the notarized signature of the applicant or authorized agent.

(h) When the applicant is a government entity, the applicant must provide:

(1) the name of the government agency, political subdivision, or other unit of government seeking the license and the name of the program or services that will be licensed;

(2) the applicant's taxpayer identification numbers including the Minnesota tax identification number and federal employer identification number;

(3) a letter signed by the manager, administrator, or other executive of the government entity authorizing the submission of the license application; and

(4) if applicable, the applicant's NPI number and UMPI number.

(i) At the time of application for licensure or renewal of a license under this chapter, the applicant or license holder must acknowledge on the form provided by the commissioner if the applicant or license holder elects to receive any public funding reimbursement from the commissioner for services provided under the license that:

(1) the applicant's or license holder's compliance with the provider enrollment agreement or registration requirements for receipt of public funding may be monitored by the commissioner as part of a licensing investigation or licensing inspection; and

(2) noncompliance with the provider enrollment agreement or registration requirements for receipt of public funding that is identified through a licensing investigation or licensing inspection, or noncompliance with a licensing requirement that is a basis of enrollment for reimbursement for a service, may result in:

(i) a correction order or a conditional license under section 245A.06, or sanctions under section 245A.07;

(ii) nonpayment of claims submitted by the license holder for public program reimbursement;

(iii) recovery of payments made for the service;

(iv) disenrollment in the public payment program; or

(v) other administrative, civil, or criminal penalties as provided by law.

(j) An applicant or license holder who acknowledges under paragraph (i) that the applicant or license holder elects to receive any publicly funded reimbursement from the commissioner for services provided under the license that are designated by the commissioner as high-risk under section 256B.044, subdivision 1, must provide an attestation with the notarized signature of the applicant or authorized agent stating whether the applicant or authorized agent received from an unaffiliated business or consultant any assistance preparing:

(1) the application;

(2) the renewal;

(3) any documentation or written policies submitted with the application;

(4) any documentation or written policies submitted with the renewal; or

(5) any documentation or written policies maintained as a requirement of licensure or enrollment as a medical assistance provider.

Sec. 4. Minnesota Statutes 2025 Supplement, section 245A.04, subdivision 7, is amended to read:

Subd. 7. **Grant of license; license extension.** (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license consistent with this section or, if applicable, a temporary change of ownership license under section 245A.043. At minimum, the license shall state:

- (1) the name of the license holder;
- (2) the address of the program;
- (3) the effective date and expiration date of the license;
- (4) the type of license and the specific service the license holder is licensed to provide;
- (5) the maximum number and ages of persons that may receive services from the program; and
- (6) any special conditions of licensure.

(b) The commissioner may issue a license for a period not to exceed two years if:

(1) the commissioner is unable to conduct the observation required by subdivision 4, paragraph (a), clause (3), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

(c) A decision by the commissioner to issue a license does not guarantee that any person or persons will be placed or cared for in the licensed program.

(d) Except as provided in paragraphs (i) and (j), the commissioner shall not issue a license if the applicant, license holder, or an affiliated controlling individual has:

- (1) been disqualified and the disqualification was not set aside and no variance has been granted;
- (2) been denied a license under this chapter or chapter 142B within the past two years;
- (3) had a license issued under this chapter or chapter 142B revoked within the past five years;

or

(4) failed to submit the information required of an applicant under subdivision 1, paragraph (f), (g), ~~or~~ (h), or (i), after being requested by the commissioner.

When a license issued under this chapter or chapter 142B is revoked, the license holder and each affiliated controlling individual with a revoked license may not hold any license under chapter 245A for five years following the revocation, and other licenses held by the applicant or license holder or licenses affiliated with each controlling individual shall also be revoked.

(e) Notwithstanding paragraph (d), the commissioner may elect not to revoke a license affiliated with a license holder or controlling individual that had a license revoked within the past five years if the commissioner determines that (1) the license holder or controlling individual is operating the program in substantial compliance with applicable laws and rules and (2) the program's continued operation is in the best interests of the community being served.

(f) Notwithstanding paragraph (d), the commissioner may issue a new license in response to an application that is affiliated with an applicant, license holder, or controlling individual that had an application denied within the past two years or a license revoked within the past five years if the commissioner determines that (1) the applicant or controlling individual has operated one or more programs in substantial compliance with applicable laws and rules and (2) the program's operation would be in the best interests of the community to be served.

(g) In determining whether a program's operation would be in the best interests of the community to be served, the commissioner shall consider factors such as the number of persons served, the availability of alternative services available in the surrounding community, the management structure of the program, whether the program provides culturally specific services, and other relevant factors.

(h) The commissioner shall not issue or reissue a license under this chapter if an individual living in the household where the services will be provided as specified under section 245C.03, subdivision 1, has been disqualified and the disqualification has not been set aside and no variance has been granted.

(i) Pursuant to section 245A.07, subdivision 1, paragraph (b), when a license issued under this chapter has been suspended or revoked and the suspension or revocation is under appeal, the program may continue to operate pending a final order from the commissioner. If the license under suspension or revocation will expire before a final order is issued, a temporary provisional license may be issued provided any applicable license fee is paid before the temporary provisional license is issued.

(j) Notwithstanding paragraph (i), when a revocation is based on the disqualification of a controlling individual or license holder, and the controlling individual or license holder is ordered under section 245C.17 to be immediately removed from direct contact with persons receiving services or is ordered to be under continuous, direct supervision when providing direct contact services, the program may continue to operate only if the program complies with the order and submits documentation demonstrating compliance with the order. If the disqualified individual fails to submit a timely request for reconsideration, or if the disqualification is not set aside and no variance is granted, the order to immediately remove the individual from direct contact or to be under continuous, direct supervision remains in effect pending the outcome of a hearing and final order from the commissioner.

(k) Unless otherwise specified by statute, all licenses issued under this chapter expire at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must comply with the requirements in section 245A.10 and be reissued a new license to operate the program or the

program must not be operated after the expiration date. Adult foster care, family adult day services, child foster residence setting, and community residential services license holders must apply for and be granted a new license to operate the program or the program must not be operated after the expiration date. Upon implementation of the provider licensing and reporting hub, licenses may be issued each calendar year.

(l) The commissioner shall not issue or reissue a license under this chapter if it has been determined that a Tribal licensing authority has established jurisdiction to license the program or service.

(m) The commissioner of human services may coordinate and share data with the commissioner of children, youth, and families to enforce this section.

(n) For substance use disorder treatment programs, for the purposes of paragraph (a), clause (5), the maximum number of persons who may receive services from the program includes persons served at satellite locations.

Sec. 5. Minnesota Statutes 2025 Supplement, section 245A.05, is amended to read:

245A.05 DENIAL OF APPLICATION.

(a) The commissioner may deny a license if an applicant or controlling individual:

(1) fails to submit a substantially complete application after receiving notice from the commissioner under section 245A.04, subdivision 1;

(3) knowingly withholds relevant information from or gives false or misleading information to the commissioner in connection with an application for a license or during an investigation;

(5) has an individual living in the household who received a background study under section 245C.03, subdivision 1, paragraph (a), clause (2), who has a disqualification that has not been set aside under section 245C.22, and no variance has been granted;

(6) is associated with an individual who received a background study under section 245C.03, subdivision 1, paragraph (a), clause (6), who may have unsupervised access to children or vulnerable adults, and who has a disqualification that has not been set aside under section 245C.22, and no variance has been granted;

(8) fails to demonstrate competent knowledge as required by section 245A.04, subdivision 6;

(9) has a history of noncompliance as a license holder or controlling individual with applicable laws or rules, including but not limited to this chapter and chapters 142E and 245C;

(10) is prohibited from holding a license according to section 245.095; or

(11) is the subject of a pending administrative, civil, or criminal investigation.

(b) An applicant whose application has been denied by the commissioner must be given notice of the denial, which must state the reasons for the denial in plain language. Notice must be given by certified mail, by personal service, or through the provider licensing and reporting hub. The notice must state the reasons the application was denied and must inform the applicant of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The applicant may appeal the denial by notifying the commissioner in writing by certified mail, by personal service, or through the provider licensing and reporting hub. If mailed, the appeal must be postmarked and sent to the commissioner within 20 calendar days after the applicant received the notice of denial. If an appeal request is made by personal service, it must be received by the commissioner within 20 calendar days after the applicant received the notice of denial. If the order is issued through the provider hub, the appeal must be received by the commissioner within 20 calendar days from the date the commissioner issued the order through the hub. Section 245A.08 applies to hearings held to appeal the commissioner's denial of an application.

Sec. 6. Minnesota Statutes 2024, section 245D.081, subdivision 3, is amended to read:

Subd. 3. **Program management and oversight.** (a) The license holder must designate a managerial staff person or persons to provide program management and oversight of the services provided by the license holder. The designated manager is responsible for the following:

(1) maintaining a current understanding of the licensing requirements sufficient to ensure compliance throughout the program as identified in section 245A.04, subdivision 1, paragraph (e), and when applicable, as identified in section ~~256B.04, subdivision 21, paragraph (g)~~ 256B.044, subdivision 7;

(3) ensuring the program implements corrective action identified as necessary by the program following review of incident and emergency reports according to the requirements in section 245D.11, subdivision 2, clause (7). An internal review of incident reports of alleged or suspected maltreatment must be conducted according to the requirements in section 245A.65, subdivision 1, paragraph (b);

(4) evaluation of satisfaction of persons served by the program, the person's legal representative, if any, and the case manager, with the service delivery and progress toward accomplishing outcomes identified in sections 245D.07 and 245D.071, and ensuring and protecting each person's rights as identified in section 245D.04;

(5) ensuring staff competency requirements are met according to the requirements in section 245D.09, subdivision 3, and ensuring staff orientation and training is provided according to the requirements in section 245D.09, subdivisions 4, 4a, and 5;

(6) ensuring corrective action is taken when ordered by the commissioner and that the terms and conditions of the license and any variances are met; and

(7) evaluating the information identified in clauses (1) to (6) to develop, document, and implement ongoing program improvements.

(b) The designated manager must be competent to perform the duties as required and must minimally meet the education and training requirements identified in subdivision 2, paragraph (b), and have a minimum of three years of supervisory level experience in a program that provides care or education to vulnerable adults or children.

Sec. 7. Minnesota Statutes 2025 Supplement, section 256B.04, subdivision 21, is amended to read:

Subd. 21. **Provider enrollment.** (a) The commissioner shall enroll providers and conduct screening activities as required by Code of Federal Regulations, title 42, section 455, subpart E, and sections 256B.044 to 256B.0445.

~~A provider must enroll each provider-controlled location where direct services are provided. The commissioner may deny a provider's incomplete application if a provider fails to respond to the commissioner's request for additional information within 60 days of the request. The commissioner must conduct a background study under chapter 245C, including a review of databases in section 245C.08, subdivision 1, paragraph (a), clauses (1) to (5), for a provider described in this paragraph. The background study requirement may be satisfied if the commissioner conducted a fingerprint-based background study on the provider that includes a review of databases in section 245C.08, subdivision 1, paragraph (a), clauses (1) to (5).~~

~~(b) The commissioner shall revalidate:~~

~~(1) each provider under this subdivision at least once every five years;~~

~~(2) each personal care assistance agency, CFSS provider agency, and CFSS financial management services provider under this subdivision at least once every three years;~~

~~(3) each EIDBI agency under this subdivision at least once every three years; and~~

~~(4) at the commissioner's discretion, any medical assistance-only provider type the commissioner deems "high-risk" under this subdivision.~~

~~(e) The commissioner shall conduct revalidation as follows:~~

~~(1) provide 30-day notice of the revalidation due date including instructions for revalidation and a list of materials the provider must submit;~~

~~(2) if a provider fails to submit all required materials by the due date, notify the provider of the deficiency within 30 days after the due date and allow the provider an additional 30 days from the notification date to comply; and~~

~~(3) if a provider fails to remedy a deficiency within the 30-day time period, give 60-day notice of termination and immediately suspend the provider's ability to bill. The provider does not have the right to appeal suspension of ability to bill.~~

~~(d) If a provider fails to comply with any individual provider requirement or condition of participation, the commissioner may suspend the provider's ability to bill until the provider comes into compliance. The commissioner's decision to suspend the provider is not subject to an administrative appeal.~~

~~(e) Correspondence and notifications, including notifications of termination and other actions, may be delivered electronically to a provider's MN-ITS mailbox. This paragraph does not apply to correspondences and notifications related to background studies.~~

~~(f) If the commissioner or the Centers for Medicare and Medicaid Services determines that a provider is designated "high-risk," the commissioner may withhold payment from providers within that category upon initial enrollment for a 90-day period. The withholding for each provider must begin on the date of the first submission of a claim.~~

~~(g) An enrolled provider that is also licensed by the commissioner under chapter 245A, is licensed as a home care provider by the Department of Health under chapter 144A, or is licensed as an assisted living facility under chapter 144G and has a home and community-based services designation on the home care license under section 144A.484, must designate an individual as the entity's compliance officer. The compliance officer must:~~

~~(1) develop policies and procedures to assure adherence to medical assistance laws and regulations and to prevent inappropriate claims submissions;~~

~~(2) train the employees of the provider entity, and any agents or subcontractors of the provider entity including billers, on the policies and procedures under clause (1);~~

~~(3) respond to allegations of improper conduct related to the provision or billing of medical assistance services, and implement action to remediate any resulting problems;~~

~~(4) use evaluation techniques to monitor compliance with medical assistance laws and regulations;~~

~~(5) promptly report to the commissioner any identified violations of medical assistance laws or regulations; and~~

~~(6) within 60 days of discovery by the provider of a medical assistance reimbursement overpayment, report the overpayment to the commissioner and make arrangements with the commissioner for the commissioner's recovery of the overpayment.~~

~~The commissioner may require, as a condition of enrollment in medical assistance, that a provider within a particular industry sector or category establish a compliance program that contains the core elements established by the Centers for Medicare and Medicaid Services.~~

~~(h) The commissioner may revoke the enrollment of an ordering or rendering provider for a period of not more than one year, if the provider fails to maintain and, upon request from the commissioner, provide access to documentation relating to written orders or requests for payment for durable medical equipment, certifications for home health services, or referrals for other items or services written or ordered by such provider, when the commissioner has identified a pattern of a lack of documentation. A pattern means a failure to maintain documentation or provide access to~~

documentation on more than one occasion. Nothing in this paragraph limits the authority of the commissioner to sanction a provider under the provisions of section 256B.064.

~~(i) The commissioner shall terminate or deny the enrollment of any individual or entity if the individual or entity has been terminated from participation in Medicare or under the Medicaid program or Children's Health Insurance Program of any other state. The commissioner may exempt a rehabilitation agency from termination or denial that would otherwise be required under this paragraph, if the agency:~~

~~(1) is unable to retain Medicare certification and enrollment solely due to a lack of billing to the Medicare program;~~

~~(2) meets all other applicable Medicare certification requirements based on an on-site review completed by the commissioner of health; and~~

~~(3) serves primarily a pediatric population.~~

~~(j) As a condition of enrollment in medical assistance, the commissioner shall require that a provider designated "moderate" or "high-risk" by the Centers for Medicare and Medicaid Services or the commissioner permit the Centers for Medicare and Medicaid Services, its agents, or its designated contractors and the state agency, its agents, or its designated contractors to conduct unannounced on-site inspections of any provider location. The commissioner shall publish in the Minnesota Health Care Program Provider Manual a list of provider types designated "limited," "moderate," or "high-risk," based on the criteria and standards used to designate Medicare providers in Code of Federal Regulations, title 42, section 424.518. The list and criteria are not subject to the requirements of chapter 14. The commissioner's designations are not subject to administrative appeal.~~

~~(k) As a condition of enrollment in medical assistance, the commissioner shall require that a high-risk provider, or a person with a direct or indirect ownership interest in the provider of five percent or higher, consent to criminal background checks, including fingerprinting, when required to do so under state law or by a determination by the commissioner or the Centers for Medicare and Medicaid Services that a provider is designated high-risk for fraud, waste, or abuse.~~

~~(l)(1) Upon initial enrollment, reenrollment, and notification of revalidation, all durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) medical suppliers meeting the durable medical equipment provider and supplier definition in clause (3), operating in Minnesota and receiving Medicaid funds must purchase a surety bond that is annually renewed and designates the Minnesota Department of Human Services as the obligee, and must be submitted in a form approved by the commissioner. For purposes of this clause, the following medical suppliers are not required to obtain a surety bond: a federally qualified health center, a home health agency, the Indian Health Service, a pharmacy, and a rural health clinic.~~

~~(2) At the time of initial enrollment or reenrollment, durable medical equipment providers and suppliers defined in clause (3) must purchase a surety bond of \$50,000. If a revalidating provider's Medicaid revenue in the previous calendar year is up to and including \$300,000, the provider agency must purchase a surety bond of \$50,000. If a revalidating provider's Medicaid revenue in the previous calendar year is over \$300,000, the provider agency must purchase a surety bond of \$100,000. The surety bond must allow for recovery of costs and fees in pursuing a claim on the bond. Any action to obtain monetary recovery or sanctions from a surety bond must occur within six years from the~~

date the debt is affirmed by a final agency decision. An agency decision is final when the right to appeal the debt has been exhausted or the time to appeal has expired under section 256B.064.

(3) "Durable medical equipment provider or supplier" means a medical supplier that can purchase medical equipment or supplies for sale or rental to the general public and is able to perform or arrange for necessary repairs to and maintenance of equipment offered for sale or rental.

(m) ~~The Department of Human Services may require a provider to purchase a surety bond as a condition of initial enrollment, reenrollment, reinstatement, or continued enrollment if: (1) the provider fails to demonstrate financial viability, (2) the department determines there is significant evidence of or potential for fraud and abuse by the provider, or (3) the provider or category of providers is designated high-risk pursuant to paragraph (f) and as per Code of Federal Regulations, title 42, section 455.450. The surety bond must be in an amount of \$100,000 or ten percent of the provider's payments from Medicaid during the immediately preceding 12 months, whichever is greater. The surety bond must name the Department of Human Services as an obligee and must allow for recovery of costs and fees in pursuing a claim on the bond. This paragraph does not apply if the provider currently maintains a surety bond under the requirements in section 256B.051, 256B.0659, 256B.0701, or 256B.85.~~

Sec. 8. 256B.044 PROVIDER ENROLLMENT.

Subdivision 1. Designating categorical risk levels. (a) The commissioner shall publish in the Minnesota Health Care Program Provider Manual a list of provider types designated "limited-risk," "moderate-risk," or "high-risk," based on the criteria and standards used by the Centers for Medicare and Medicaid Services (CMS) to designate Medicare providers in Code of Federal Regulations, title 42, section 424.518.

(b) The list and criteria are not subject to the requirements of chapter 14, and section 14.386 does not apply.

(c) The commissioner's designations are not subject to administrative appeal.

Subd. 2. Service location enrollment. A provider must enroll each provider-controlled location where direct services are provided.

Subd. 3. Incomplete provider enrollment applications. The commissioner may deny a provider's incomplete enrollment application if a provider fails to respond to the commissioner's request for additional information within 60 days of the request.

Subd. 4. Required background studies. (a) The commissioner must conduct a background study under chapter 245C, including a review of databases in section 245C.08, subdivision 1, paragraph (a), clauses (1) to (5), for a provider applying for enrollment under section 256B.04, subdivision 21. The background study requirement may be satisfied if the commissioner conducted a fingerprint-based background study on the provider that included a review of databases in section 245C.08, subdivision 1, paragraph (a), clauses (1) to (5).

(b) As a condition of enrollment in medical assistance, the commissioner must require that a high-risk provider, or a person with a direct or indirect ownership interest in the provider of five percent or higher, consent to criminal background checks, including fingerprinting, when required

to do so under state law or by a determination by the commissioner or CMS that a provider is designated high-risk.

Subd. 5. **Surety bonds.** (a) The commissioner may require a provider to purchase a surety bond as a condition of initial enrollment, revalidation, reenrollment, reinstatement, or continued enrollment if:

(1) the provider fails to demonstrate financial viability;

(2) the commissioner determines there is significant evidence of or potential for fraud and abuse by the provider; or

(3) the provider or category of providers is designated high-risk pursuant to subdivision 1 and Code of Federal Regulations, title 42, section 455.450.

(b) The surety bond must be in an amount of \$100,000 or ten percent of the provider's payments from Medicaid during the immediately preceding 12 months, whichever is greater. The surety bond must name the Department of Human Services as an obligee and must allow for recovery of costs and fees in pursuing a claim on the bond.

(c) This subdivision does not apply if the provider currently maintains a surety bond under the requirements in section 256B.051, 256B.0659, 256B.0701, or 256B.85.

Subd. 6. **Required permission to conduct on-site inspection.** As a condition of enrollment in medical assistance, the commissioner shall require that a provider designated moderate-risk or high-risk by CMS or the commissioner permit CMS, CMS's agents, or CMS's designated contractors and the state agency, the state agency's agents, or the state agency's designated contractors to conduct unannounced on-site inspections of any provider location.

Subd. 7. **Compliance programs.** (a) The commissioner may require, as a condition of enrollment in medical assistance, that a provider within a particular industry sector or category establish a compliance program that contains the core elements established by CMS.

(b) If an enrolled provider is required by the commissioner or by law to designate an individual as the provider's compliance officer, the compliance officer must:

(1) develop policies and procedures to ensure adherence to medical assistance laws and regulations and to prevent inappropriate claims submissions;

(2) train the employees of the provider entity and any agents or subcontractors of the provider entity including billers on the policies and procedures under clause (1);

(3) respond to allegations of improper conduct related to the provision or billing of medical assistance services and implement action to remediate any resulting problems;

(4) use evaluation techniques to monitor compliance with medical assistance laws and regulations;

(5) promptly report to the commissioner any identified violations of medical assistance laws or regulations; and

(6) within 60 days of discovery by the provider of a medical assistance reimbursement overpayment, report the overpayment to the commissioner and make arrangements with the commissioner for the commissioner's recovery of the overpayment.

Subd. 8. **Correspondence and notification.** The commissioner may deliver correspondence and notifications, including notifications of termination and other actions, electronically to a provider's MN-ITS mailbox. This subdivision does not apply to correspondence and notifications related to background studies.

Sec. 9. [256B.0441] PROVIDER REVALIDATION.

Subdivision 1. **Provider revalidation schedule.** The commissioner shall revalidate:

- (1) each provider at least once every five years;
- (2) each personal care assistance agency, community first services and supports (CFSS) provider-agency, and CFSS financial management services provider at least once every three years;
- (3) each early intensive developmental and behavioral intervention agency at least once every three years; and
- (4) at the commissioner's discretion, any medical-assistance-only provider type the commissioner deems high-risk under section 256B.044, subdivision 1.

Subd. 2. **Revalidation procedures.** The commissioner shall conduct revalidation as follows:

- (1) provide 30 days' notice of the revalidation due date including instructions for revalidation and a list of materials the provider must submit;
- (2) if a provider fails to submit all required materials by the due date, notify the provider of the deficiency within 30 days after the due date and allow the provider an additional 30 days from the notification date to comply; and
- (3) if a provider fails to remedy a deficiency within the 30-day time period, give 60 days' notice of termination and immediately suspend the provider's ability to bill. The provider does not have the right to appeal suspension of ability to bill.

Sec. 10. [256B.0442] PROVIDER ENROLLMENT SUSPENSIONS AND TERMINATIONS.

Subdivision 1. **Commissioner's general authority to suspend individual provider's enrollment.** (a) If a provider fails to comply with any individual provider requirement or condition of participation, the commissioner may suspend the provider's ability to bill until the provider comes into compliance.

(b) The commissioner's decision to suspend the provider is not subject to an administrative appeal.

Subd. 2. **Commissioner's authority to revoke enrollment of certain providers for lack of documentation.** (a) The commissioner may revoke the enrollment of an ordering or rendering provider for a period of not more than one year if the provider fails to maintain and, upon request

from the commissioner, provide access to documentation relating to written orders or requests for payment for durable medical equipment, certifications for home health services, or referrals for other items or services written or ordered by the provider, when the commissioner has identified a pattern of a lack of documentation. A pattern means a failure to maintain documentation or provide access to documentation on more than one occasion.

(b) Nothing in this subdivision limits the authority of the commissioner to sanction a provider under section 256B.064.

Subd. 3. **Commissioner's duty to terminate provider enrollment.** (a) Except as provided in paragraph (b), the commissioner must terminate or deny the enrollment of any individual or entity if the individual or entity has been terminated from participation in Medicare or under the Medicaid program or Children's Health Insurance Program of any other state.

(b) The commissioner may exempt a rehabilitation agency from termination or denial that would otherwise be required under paragraph (a) if the agency:

(1) is unable to retain Medicare certification and enrollment solely due to a lack of billing to the Medicare program;

(2) meets all other applicable Medicare certification requirements based on an on-site review completed by the commissioner of health; and

(3) serves primarily a pediatric population.

Sec. 11. [256B.0443] PROVIDER PAYMENT WITHHOLDS UPON INITIAL ENROLLMENT.

(a) If the commissioner or the Centers for Medicare and Medicaid Services designates a provider type as high-risk, the commissioner may withhold payment from providers within that category upon initial enrollment for a 90-day period.

(b) The withholding for each provider must begin on the date of the first submission of a claim.

Sec. 12. [256B.0444] ADDITIONAL PROVIDER ENROLLMENT REQUIREMENTS FOR HIGH-RISK PROVIDERS.

Subdivision 1. **Applicability.** This section applies to any agency that provides a service designated by the commissioner as high-risk under section 256B.044, subdivision 1. For purposes of this section, "agency" means the legal entity that is applying to be or is enrolled with Minnesota health care programs as a medical assistance provider according to Minnesota Rules, part 9505.0195.

Subd. 2. **Mandatory training compliance.** (a) Effective January 1, 2027, before applying for enrollment or reenrollment as a medical assistance provider, an agency applying to provide services designated by the commissioner as high-risk must require all owners of the agency who are active in the day-to-day management and operations of the agency and managerial and supervisory employees to complete compliance training. All individuals who must complete training under this subdivision must repeat the training prior to revalidation of the agency as a medical assistance provider.

(b) New owners active in day-to-day management and operations of the agency and new managerial and supervisory employees of the agency must complete compliance training under this subdivision within 30 calendar days of becoming an owner of or employed by the agency and prior to conducting any management and operations activities for the agency. If an individual moves to another agency providing the same service and serves in a similar ownership or employment capacity, the individual is not required to repeat the training required under this subdivision. If the individual chooses not to repeat the compliance training, the individual must provide the agency with documentation proving the individual completed the compliance training within the provider revalidation schedule for the relevant provider type as determined by the commissioner under section 256B.0441.

(c) The commissioner must determine the format and content of the compliance training. The training must include the following topics, adapted as necessary for each provider type subject to the requirements of this subdivision:

- (1) state and federal program billing, documentation, and service delivery requirements;
- (2) enrollment requirements;
- (3) provider program integrity, including fraud prevention, detection, and penalties;
- (4) fair labor standards;
- (5) workplace safety requirements; and
- (6) recent changes in service requirements.
