Subd. 4. **Publication of procedures.** A person that uses an automated decision system to assist or replace human decision-making related to wages or prices must develop and publish reasonable procedures:

(1) to ensure the accuracy of all data considered by the automated decision system;

In order to promote the right to educational equality, as established under the decision in *Plyler v. Subd. 4. **Required procedures.** By July 1, 2027, a school must develop procedures for reviewing and authorizing requests from law enforcement agents attempting to enter a school or school facility. The procedures must comply with the requirements of subdivision 3, paragraph (a), and at a minimum, include procedures for:

(1) reviewing and contacting a designated authorized person at the school or school facility and the district superintendent's office or school administrative office, who may contact the school's legal counsel, and procedures for that authorized person or legal counsel to review requests to enter a school or school facility, including judicial warrants, nonjudicial warrants, and subpoenas;
