The board may impose a fee under this paragraph when the board shows that the position of the person who has violated a statute, rule, or order that the board has adopted or issued or is empowered to enforce is not substantially justified unless special circumstances make such a fee unjust, notwithstanding any rule to the contrary. Costs under this paragraph include, but are not limited to, the amount paid by the board for services from the ~~Office~~ Court of Administrative Hearings, attorney fees, court reporter costs, witness costs, reproduction of records, board members' compensation, board staff time, and expenses incurred by board members and staff.

(f) A covered battery stewardship organization must ensure no net loss in estimated collection convenience and capacity for covered batteries from the program in place on January 1, 2026.

(g) Upon a showing by a covered battery stewardship organization that meeting the convenience standard of paragraph (c) or (d), for a specific county or development region would cause undue hardship to the covered battery stewardship organization, the commissioner may approve an alternative convenience standard if the proposed alternative convenience standard would reasonably result in equivalent covered battery collection convenience.

Subd. 4. Review of covered battery stewardship plan; implementation. (a) Within 120 days after receiving a complete covered battery stewardship plan submitted under this section, the commissioner must determine whether the stewardship plan complies with this section and will ensure that elements required by subdivision 2, paragraph (a), will be met to the maximum extent practicable. The commissioner must provide a written notice of determination according to this subdivision.

The commissioner must provide a written notice of determination to the covered battery stewardship organization describing the reasons for the rejection.

(e) After any consultation under paragraph (b) and review of public comments received under paragraph (c), if the commissioner determines that a covered battery stewardship plan complies with this section and will ensure that elements required by subdivision 2, paragraph (a), will be met to the maximum extent practicable, the commissioner must approve the covered battery stewardship plan. The commissioner must provide a written notice of determination to the covered battery stewardship organization and must publish the approved covered battery stewardship plan on the agency's publicly accessible website within 30 days after approval.

(f) The covered battery stewardship organization must implement the covered battery stewardship plan approved by the commissioner, including any amendments to the stewardship plan that are approved by the commissioner according to subdivision 5, within 60 days after receiving written notice of approval.

(g) For each covered battery stewardship plan or amendment submitted to the commissioner for review, the commissioner may consider the data submitted according to section 115A.1337, subdivision 6, and other relevant information to establish requirements to improve the effectiveness, performance, and awareness of the covered battery stewardship program.

Subd. 5. Amending or terminating a covered battery stewardship plan. (a) A covered battery stewardship organization may amend a covered battery stewardship plan approved under subdivision 4 without review or approval by the commissioner to make the changes specified in clauses (1) to (3). Within 30 days after adopting an amendment under this paragraph, a covered battery stewardship organization must report the amendment to the commissioner and the commissioner must publish the amended stewardship plan on the agency's publicly accessible website. A covered battery stewardship organization must implement amendments made to a stewardship plan under this paragraph within 60 days after adopting the amendment. A covered battery stewardship organization may:

(1) add; terminate, when authorized under section 115A.1337, subdivision 1, if applicable; or replace a covered battery collector, collection site, person providing covered services, or facility where covered services will be performed;

(2) add or remove participants or brands covered under a covered battery stewardship plan; or

The commissioner must review and approve or reject the covered battery stewardship plan containing the proposed amendment according to subdivision 4.

(c) A covered battery stewardship organization must submit an amended covered battery stewardship plan for review:

(1) at least every five years according to this subdivision and subdivision 4; or

(2) within 60 days if the commissioner determines that an amended stewardship plan is necessary to implement sections 115A.1331 to 115A.1347.

(d) A covered battery stewardship organization may terminate a covered battery stewardship plan only:

(1) by providing at least 90 days' written notice to the commissioner and to all covered battery stewardship organizations and participants in the covered battery stewardship program; and

(2) after a replacement covered battery stewardship plan submitted by the covered battery stewardship organization or a new covered battery stewardship organization is approved by the commissioner under subdivision 4.

(e) The commissioner may terminate a covered battery stewardship plan for good cause, as defined in paragraph (f). If the commissioner terminates a covered battery stewardship plan, the commissioner must provide the covered battery stewardship organization with written notice of termination describing the good cause for termination. Subd. 6. Compliance. (a) A covered battery stewardship organization must comply with a covered battery stewardship plan approved by the commissioner, including any amendments to the stewardship plan that are made according to subdivision 5, paragraph (a) or (b). A covered battery stewardship organization must ensure that all participants, covered battery collectors, and persons providing covered services acting on behalf of the covered battery stewardship organization also comply with the stewardship plan and are responsible to the covered battery stewardship organization and to the commissioner for compliance.

(b) A covered battery stewardship organization must ensure that covered battery collectors are reimbursed according to the reimbursement rates approved by the commissioner according to this section and the system described in a covered battery stewardship plan.

(c) A covered battery stewardship organization must ensure that all costs of a covered battery stewardship program as specified in sections 115A.1331 to 115A.1347 are fully paid for by participants. All costs of a covered battery stewardship program must be allocated fairly between groups of participants without any fee, charge, surcharge, or any other cost to:

- (1) any member of the public;
- (2) any business other than a covered battery producer;

(b) By December 1, 2027, the commissioner must assess an administrative fee and equally split the fee among all covered battery stewardship organizations at an amount that is adequate to reimburse

the agency's costs calculated under paragraph (a). A covered battery stewardship organization must pay the assessed administrative fee by the due date set by the commissioner.

(c) By April 1, 2028, and annually thereafter, the commissioner must calculate the sum of all costs that the agency incurred to implement and administer sections 115A.1331 to 115A.1347 during the six months of July through December of the preceding calendar year. By October 1, 2028, and annually thereafter, the commissioner must calculate the sum of all costs that the agency incurred to implement and administer sections 115A.1331 to 115A.1347 during the six months of January through June of that calendar year.

(d) Notwithstanding section 16A.1283, the commissioner must semiannually assess the annual administrative fees and equally split the fees among all covered battery stewardship organizations at an amount that is adequate to reimburse the agency's costs calculated under paragraph (c). A covered battery stewardship organization must pay the assessed administrative fees by the due dates set by the commissioner.

(e) A household hazardous waste management program may accept covered batteries at any covered battery collection site that the program operates.

(f) A covered battery stewardship organization may count a covered battery collection site when demonstrating compliance with the convenience standards under section 115A.1335, subdivision 3, only if the covered battery collection site complies with paragraph (b) or (c).

Subd. 2. **Storing accepted covered batteries.** A covered battery collector must manage and store all accepted covered batteries safely and in compliance with all applicable federal, state, and local laws, including but not limited to applicable rules adopted under section 116.07 for managing solid waste and hazardous waste.

Subd. 3. **Training.** A covered battery collector must ensure and document that training is provided for covered battery collection site employees on identifying and safely handling and storing covered batteries, including damaged, defective, or recalled batteries, also known as DDR batteries. A covered battery collector may provide the training or may receive training through a covered battery stewardship organization.

Subd. 4. **Record keeping.** (a) A covered battery collector must maintain records as specified in this paragraph for at least three years and make the records available to the commissioner for inspection. The records must include the chemistry by weight of covered batteries and any additional information required by the commissioner. Subdivision 1. **Limited private right of action against producers.** (a) Except as provided in paragraph (d), a covered battery stewardship organization may maintain a civil action against one or more covered battery producers to recover a portion of the covered battery stewardship organization's costs and additional amounts according to this subdivision.

(b) Damages recoverable under this subdivision may not exceed a fair share of the actual costs incurred by the plaintiff covered battery stewardship organization under sections 115A.1331 to 115A.1347; of managing covered batteries of other covered battery producers that were not participants; or that should otherwise have been due to the covered battery stewardship organization. Additional amounts recoverable under this subdivision include an award of reasonable attorney fees and costs. If a defendant covered battery producer did not participate in a covered battery stewardship program during the period when covered batteries of the defendant were managed by the plaintiff covered battery stewardship organization, a punitive sum of up to three times the damages awarded may be assessed.

(c) A plaintiff covered battery stewardship organization may establish a defendant covered battery producer's fair share of the plaintiff's actual costs by providing the court with information establishing the process by which the defendant covered battery producer's share of covered battery stewardship program costs would have been allocated had the defendant covered battery producer been a participant in the program or paid its allocated share if it was a participant. A plaintiff covered battery stewardship organization may use data from covered battery producers similar in covered battery, financial status, or market share to the defendant covered battery producer to provide the information.

(d) An action may not be commenced under this subdivision against a potential defendant until 60 days after the plaintiff provides to all potential defendants a written notice of the claim setting forth the amount of the claim and the basis for the calculation of the amount.

(e) No action may be brought under this subdivision against a person other than a covered battery producer.

(f) The commissioner may not be a party to or be required to provide assistance or otherwise participate in a civil action authorized under this subdivision unless subject to a subpoena before a court of jurisdiction.

Subd. 3. **Duty to retain and provide information.** (a) Upon request of the commissioner for purposes of implementing sections 115A.1331 to 115A.1347, 115A.9157, or 325E.125, a person must furnish to the commissioner any information that the person has or may reasonably obtain.

(b) A covered battery stewardship organization must retain any information referenced in a covered battery stewardship plan or report required under section 115A.1337 for at least three years after the termination of the covered battery stewardship plan.

Subd. 4. **Contracts.** (a) Any person awarded a contract under chapter 16C for purchase or lease of covered batteries that is found to be in violation of sections 115A.1331 to 115A.1347 is subject to the following sanctions:

(1) the contract must be voided if the commissioner of administration determines that the potential adverse impact to the state is exceeded by the benefit obtained from voiding the contract; and

(2) the contractor is subject to suspension and disbarment under Minnesota Rules, part 1230.1150.

(b) If the attorney general establishes that any money, property, or benefit was obtained by a contractor as a result of violating sections 115A.1331 to 115A.1347, the court may, in addition to any other remedy, order the disgorgement of the unlawfully obtained money, property, or benefit.

Subd. 5. **Multistate implementation.** The commissioner may participate in establishing a regional multistate organization or compact to assist in carrying out the requirements of sections 115A.1331 to 115A.1347.

Subd. 6. **Rules.** The commissioner may adopt rules to implement sections 115A.1331 to 115A.1347. The 18-month time limit under section 14.125 does not apply to rulemaking under this subdivision.

Subd. 7. **Batteries subject to recall for safety reasons.** All costs for receipt, sorting, storage, transport, processing, recycling, and disposal of a battery subject to recall for safety reasons that would otherwise be a covered battery are the responsibility of the person that would otherwise be the covered battery producer of the battery. A covered battery stewardship organization may charge that person for any costs incurred by the covered battery stewardship organization managing such a battery. The covered battery stewardship organization may take action under subdivision 1 to recover such costs. A covered battery stewardship organization is responsible only for collection and management of such a battery if received by a covered battery collector, and not any other actions associated with recall of the battery.

EFFECTIVE DATE. This section is effective July 1, 2026.

A QR code must be compliant with International Organization of Standardization 18004:2015 and access equivalent data via the Internet that is available without a fee or a requirement to create an account. The labeling must identify:

(1) the battery chemistry employed to store energy in the battery; and

(2) the manufacturer of the battery or the brand under which the battery will be sold.

(b) A person may not sell, including online sales; offer for sale or promotional purposes; distribute; or facilitate a sale of a covered battery or a battery-containing product in or into the state unless:

(c) A person may not sell, including online sales; offer for sale or promotional purposes; distribute; or facilitate a sale of a covered battery or a battery-containing product in or into the state if the covered battery stewardship plan under which the covered battery was covered has been terminated under section 115A.1335, subdivision 5, until a new covered battery stewardship plan is approved under section 115A.1335, subdivision 4.

(d) This subdivision does not apply to sales, including online sales; offers for sale or promotional purposes; distribution; or facilitation of a sale of a used covered battery or used battery-containing product.

(e) A person is not in violation of paragraph (b) or (c) if, within six months before the date the person sells, offers for sale or promotional purposes, distributes, or facilitates a sale of a covered battery or battery-containing product in or into the state, a covered battery stewardship plan published on the agency's publicly accessible website under section 115A.1335, subdivision 4, paragraph (e), or 5, paragraph (a), identified the covered battery producer as a participant or the brand as covered in a covered battery stewardship program.

A park owner may charge a reasonable fee for delinquent rent where the fee is provided for in the rental agreement, except in no case may the fee exceed eight percent of the delinquent rent payment. The fee shall be enforceable as part of the rent owed by the resident. No park owner shall charge to a resident any fee, whether as part of or in addition to the periodic rental payment, which is based on the number of persons residing or staying in the resident's home, the number or age of children residing or staying in the home, the number of guests staying in the home, the size of the home, the fact that the home is temporarily vacant or the type of personal property used or located in the home. The park owner may charge an additional fee for pets owned by the resident, but the fee may not exceed \$4 per pet per month. This subdivision does not prohibit a park owner from abating all or a portion of the rent of a particular resident with special needs.

Sec. 3. Minnesota Statutes 2024, section 327C.04, subdivision 1, is amended to read:

Subdivision 1. **Billing permitted.** A park owner who either provides utility service directly to residents or who redistributes to residents utility service provided to the park owner by a utility

In a park where residents receive utilities from a utility provider, either directly or through redistribution by the park owner, the park owner must not deny access to a utility provider seeking access for the purposes of repairing faulty or defective utility equipment or investigating reports of an interruption of utilities. (c) If an arborist advises that a tree or branch presents a safety hazard, the park owner must remove the tree or branch within five days of inspection by the arborist, unless the arborist advises that it is not the appropriate season for removing the tree or branch. If an arborist advises that a tree or branch presents a safety hazard but that it is not the appropriate season for removing the tree or branch, the owner must schedule the removal to take place during the appropriate season and must provide written notice to the resident of the scheduled date of removal and of the reason for the delay.

A rent increase may be challenged as unreasonable if the percentage of the increase exceeds three percent of the rent per

month in the prior year. A park owner may prove a rent increase is reasonable by a preponderance of the evidence that the increase is necessary for the health and safety of the residents, or to offset documented increases in operational or capital costs, and special, levied, or pending taxes of the manufactured home park. A rent increase approved by a resident-owned cooperative or corporation formed under chapter 308A, 308B, 308C, or 317A, is presumptively reasonable and is not subject to the limitation of one increase in any 12-month period under this subdivision.

Subd. 3. **Form of payment.** A park owner must offer each resident an alternative to using a digital payment platform to pay rent, fees, or other charges. No fee may be charged to a resident to use the digital payment platform or any alternative means of payment.

Subd. 4. **Digital payment platform.** (a) The park owner must ensure that an itemized list of all current information on the rent, fees, or other charges assessed that correspond to the charges for which the resident is responsible, and all payments received, are readily viewable and accessible to the resident on a digital payment platform or through a means that does not rely on the use of the digital payment platform.

(b) A park owner must provide the resident with a telephone number to call if, for any reason, the digital payment platform or a system used by the park owner to collect an alternative means of payment is unavailable for use by the resident.

Subd. 5. **Adverse action prohibited.** (a) A park owner is prohibited from taking any adverse action, including filing an eviction action or assessing any late fees, when payment of rent, fees, or other charges is not timely because a digital payment platform is out of service or a system used by the park owner to collect an alternative means of payment is unavailable.

(b) It is an affirmative defense to an eviction action brought based on nonpayment that the park owner violated this section. Upon a showing that the park owner violated this section, the court must

dismiss the eviction action and award the resident reasonable attorney fees and any other equitable relief the court deems appropriate.

The notice must include the following verbatim statement: "The park owner has received and is prepared to accept an outside offer to [sell, lease, transfer] this park. The price, terms, and conditions of the offer are listed below.
