The election must take place no more than five years before the estimated date of commencement of the project. The referendum must be held on a date authorized by section 205A.05, subdivision 1a. A district must meet the requirements of section 123B.71 for projects funded under this section. If a review and comment is required under section 123B.71, subdivision 8, a referendum for a project not receiving a positive review and comment by the commissioner must be approved by at least 60 percent of the voters at the election.

(b) The referendum may be called by the school board and may be held:

(1) separately, before an election for the issuance of obligations for the project under chapter 475; or

(2) in conjunction with an election for the issuance of obligations for the project under chapter 475; or

(c) The ballot must provide a general description of the proposed project, state the estimated total cost of the project, state whether the project has received a positive or negative review and comment from the commissioner, state the maximum amount of the capital project levy as a percentage of net tax capacity, state the amount that will be raised by that local tax rate in the first year it is to be levied, and state the maximum number of years that the levy authorization will apply.

The ballot must contain a textual portion with the information required in this section and a question stating substantially the following:

"Shall the capital project levy proposed by the board of School District No. be approved?"

If approved, the amount provided by the approved local tax rate applied to the net tax capacity for the year preceding the year the levy is certified may be certified for the number of years, not to exceed ten, approved.

(d) If the district proposes a new capital project to begin at the time the existing capital project expires and at the same maximum tax rate, the general description on the ballot may state that the capital project levy is being renewed and that the tax rate is not being increased from the previous year's rate. An election to renew authority under this paragraph may be called at any time that is otherwise authorized by this subdivision. ~~The ballot notice required under section 275.60 may be modified to read:~~

~~"BY VOTING YES ON THIS BALLOT QUESTION, YOU ARE VOTING TO RENEW AN EXISTING CAPITAL PROJECTS REFERENDUM THAT IS SCHEDULED TO EXPIRE."~~

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy in the first year, if any, in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the district.

The notice must include the following statement: "~~Passage of this referendum will result in an increase in your property taxes.~~" However, in cases of renewing existing levies, the notice may include the following statement: "~~Passage of this referendum extends an existing operating referendum at the same amount per pupil as in the previous year.~~"

Revenue authority approved by the voters of the district pursuant to paragraph (a) must be available to the school district at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(e) At least 15 days before the day of the referendum, the district must submit a copy of the notice required under paragraph (b) to the commissioner and to the county auditor of each county in which the district is located. Within 15 days after the results of the referendum have been certified by the board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district must notify the commissioner of the results of the referendum.

Subd. 4. **Department of Education.** (a) By September 1, 2027, the Department of Education must, in collaboration with the Department of Public Safety, provide a list of third parties that provide anonymous threat reporting systems that meet the requirements under this section to all schools where a Minnesota resident may fulfill the compulsory instruction requirements under section 120A.22. The list must include third parties that offer free or low-cost anonymous threat reporting systems.

Sec. 2. Minnesota Statutes 2024, section 122A.20, subdivision 1, is amended to read:

Subdivision 1. **Grounds for revocation, suspension, or denial.** (a) The Professional Educator Licensing and Standards Board or Board of School Administrators, whichever has jurisdiction over a teacher's licensure, may, on the written complaint of the school board employing a teacher, a teacher organization, or any other interested person, refuse to issue, refuse to renew, suspend, or revoke a teacher's license to teach for any of the following causes:

(1) immoral character or conduct;

- (2) failure, without justifiable cause, to teach for the term of the teacher's contract;
- (3) gross inefficiency or willful neglect of duty;
- (4) failure to meet licensure requirements; or
- (5) fraud or misrepresentation in obtaining a license.

The written complaint must specify the nature and character of the charges.

(b) The Professional Educator Licensing and Standards Board or Board of School Administrators, whichever has jurisdiction over a teacher's licensure, shall refuse to issue, refuse to renew, or automatically revoke a teacher's license to teach without the right to a hearing upon receiving a certified copy of a conviction showing that the teacher has been convicted of child abuse, as defined in section 609.185, sex trafficking in the first degree under section 609.322, subdivision 1, sex trafficking in the second degree under section 609.322, subdivision 1a, engaging in hiring, or agreeing to hire a minor to engage in prostitution under section 609.324, subdivision 1, sexual abuse under section 609.342, 609.343, 609.344, 609.345, 609.3451, subdivision 3, or 617.23, subdivision 3, solicitation of children to engage in sexual conduct or communication of sexually explicit materials to children, or grooming under section 609.352, interference with privacy under section 609.746 or harassment or stalking under section 609.749 and the victim was a minor, using minors in a sexual performance under section 617.246, possessing pornographic works involving a minor under section 617.247, or any other offense not listed in this paragraph that requires the person to register as a predatory offender under section 243.166, or a crime under a similar law of another state or the United States. The board shall send notice of this licensing action to the district in which the teacher is currently employed.

(c) A person whose license to teach has been revoked, not issued, or not renewed under paragraph (b), may petition the board to reconsider the licensing action if the person's conviction for child abuse or sexual abuse is reversed by a final decision of the court of appeals or the supreme court or if the person has received a pardon for the offense. The petitioner shall attach a certified copy of the appellate court's final decision or the pardon to the petition. Upon receiving the petition and its attachment, the board shall schedule and hold a disciplinary hearing on the matter under section 214.10, subdivision 2, unless the petitioner waives the right to a hearing. If the board finds that, notwithstanding the reversal of the petitioner's criminal conviction or the issuance of a pardon, the petitioner is disqualified from teaching under paragraph (a), clause (1), the board shall affirm its previous licensing action. If the board finds that the petitioner is not disqualified from teaching under paragraph (a), clause (1), it shall reverse its previous licensing action.

(d) For purposes of this subdivision, the Professional Educator Licensing and Standards Board is delegated the authority to suspend or revoke coaching licenses.

Sec. 3. Minnesota Statutes 2024, section 122A.20, subdivision 2, is amended to read:

Subd. 2. **Mandatory reporting.** (a) A school board, superintendent, charter school board, charter school executive director, or charter school authorizer must report to the Professional Educator Licensing and Standards Board, the Board of School Administrators, or the Board of Trustees of the Minnesota State Colleges and Universities, whichever has jurisdiction over the teacher's or administrator's license, when its teacher or administrator is discharged or resigns from employment

after a charge is filed with the school board under section 122A.41, subdivisions 6, paragraph (a), clauses (1), (2), and (3), and 7, or after charges are filed that are grounds for discharge under section 122A.40, subdivision 13, paragraph (a), clauses (1) to (5), or when a teacher or administrator is suspended or resigns while an investigation is pending under section 122A.40, subdivision 13, paragraph (a), clauses (1) to (5), or chapter 260E; or 122A.41, subdivisions 6, clauses (1), (2), and (3), and 7; or when a teacher or administrator is suspended without an investigation under section 122A.41, subdivisions 6, paragraph (a), clauses (1), (2), and (3), and 7, or chapter 260E. The report must be made to the appropriate licensing board within ten days after the discharge, suspension, or resignation has occurred. The licensing board to which the report is made must investigate the report for violation of subdivision 1 and the reporting board, administrator, or authorizer must cooperate in the investigation. Notwithstanding any provision in chapter 13 or any law to the contrary, upon written request from the licensing board having jurisdiction over the license, a board, charter school, authorizer, charter school executive director, or school superintendent shall provide the licensing board with information about the teacher or administrator from the district's files, any termination or disciplinary proceeding, any settlement or compromise, or any investigative file. Upon written request from the appropriate licensing board, a board or school superintendent may, at the discretion of the board or school superintendent, solicit the written consent of a student and the student's parent to provide the licensing board with information that may aid the licensing board in its investigation and license proceedings. The licensing board's request need not identify a student or parent by name. The consent of the student and the student's parent must meet the requirements of chapter 13 and Code of Federal Regulations, title 34, section 99.30. The licensing board may provide a consent form to the district. Any data transmitted to any board under this section is private data under section 13.02, subdivision 12, notwithstanding any other classification of the data when it was in the possession of any other agency.

(b) The licensing board to which a report is made must transmit to the Attorney General's Office any record or data it receives under this subdivision for the sole purpose of having the Attorney General's Office assist that board in its investigation. When the Attorney General's Office has informed an employee of the appropriate licensing board in writing that grounds exist to suspend or revoke a teacher's license to teach, that licensing board must consider suspending or revoking or decline to suspend or revoke the teacher's or administrator's license within 45 days of receiving a stipulation executed by the teacher or administrator under investigation or a recommendation from an administrative law judge that disciplinary action be taken.

(c) The Professional Educator Licensing and Standards Board and Board of School Administrators must report to the appropriate law enforcement authorities a revocation, suspension, or agreement involving a loss of license, relating to a teacher or administrator's inappropriate sexual conduct with a minor. For purposes of this section, "law enforcement authority" means a police department, county sheriff, or Tribal police department. A report by the Professional Educator Licensing and Standards Board to appropriate law enforcement authorities does not diminish, modify, or otherwise affect the responsibilities of a school board or any person mandated to report abuse under chapter 260E.

(d) A police department or county sheriff must notify the appropriate licensing board when a teacher is criminally charged with an offense listed in subdivision 1, paragraph (b), or is charged with any other offense not listed in this section that requires the person to register as a predatory offender under section 243.166.

(b) Any modification to the screening guidelines must be preapproved by the commissioner and must not be less protective of children than is mandated by statute. The county agency must consult with the county attorney before proposing modifications to the commissioner. The guidelines may provide additional protection for children but must not limit reports that are screened in or provide additional limits on consideration of reports that were screened out in making a screening determination.

(e) In performing any of these duties, the local welfare agency shall maintain an appropriate record.

(f) In conducting a family assessment, noncaregiver human trafficking assessment, or investigation, the local welfare agency shall gather information on the existence of substance abuse and domestic violence.

(g) If the family assessment, noncaregiver human trafficking assessment, or investigation indicates there is a potential for abuse of alcohol or other drugs by the parent, guardian, or person responsible for the child's care, the local welfare agency must coordinate a comprehensive assessment pursuant to section 245G.05.

(h) The agency may use either a family assessment or investigation to determine whether the child is safe when responding to a report resulting from birth match data under section 260E.03, subdivision 23, paragraph (c). If the child subject of birth match data is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.503, subdivision 2.

(i) When conducting any family assessment, noncaregiver human trafficking assessment, or investigation, the agency shall ask the child, if age appropriate; parents; extended family; and reporter about the child's heritage, including the child's Tribal lineage pursuant to section 260.761 and the child's race, culture, and ethnicity pursuant to section 260.63, subdivision 10.

(j) Nothing in this chapter shall prevent a local welfare agency or local law enforcement agency from investigating alleged maltreatment that occurred more than three years prior to the date of the maltreatment report.

(2) a child is the victim of maltreatment in a facility by an individual in a facility defined in section 260E.03, subdivision 6, while in the care of that facility within the three years preceding the report.

(b) The commissioner of the agency responsible for investigating the report shall arrange for the transmittal to the commissioner of reports received by local agencies and may delegate to a local welfare agency the duty to investigate reports. The commissioner of the agency responsible for investigating the report or local welfare agency may interview any children who are or have been in the care of a facility under investigation and the children's parents, guardians, or legal custodians.

(c) In conducting an investigation under this section, the commissioner has the powers and duties specified for a local welfare agency under this chapter.

(d) Nothing in this chapter shall prevent the agency responsible for screening and investigating allegations of maltreatment from investigating alleged maltreatment that occurred more than three years prior to the date of the maltreatment report.

Subd. 5. **Seed potatoes.** "Seed potatoes" means potatoes used, sold, offered or exposed for sale, or held with intent to sell or as a sample representing any lot or stock of potatoes offered or exposed for sale or held with intent to sell within this state, for the purpose of planting.

Subd. 6. **Person.** "Person" includes an individual, a partnership, a corporation, a company, a society, an association, and ~~firms~~ a firm.

Subd. 7. **Physically separated.** "Physically separated" means separated by at least the width of one row and markings such as flags at every corner of the lot.

Subd. 8. **Rejected.** "Rejected" means that a field or lot fails to meet the certification standards in this chapter.

Subd. 9. **Tuber units.** "Tuber units" means the separate pieces of one tuber that are planted consecutively in two or more hills in a row.

Subd. 10. **Winter testing.** "Winter testing" means growing out and visually inspecting a representative sample of tubers from each seed lot for stand, vigor, varietal purity, and disease.

Sec. 24. Minnesota Statutes 2024, section 21.112, is amended by adding a subdivision to read:

Subd. 1a. **Interstate cooperation.** In order to best use state resources, the commissioner may enter into agreements with other seed potato certification entities to carry out the purposes of sections 21.111 to 21.125. An agreement under this subdivision may provide for field inspections, shipping point inspections, winter testing, and other certification functions to be carried out by personnel employed by either the commissioner or other seed potato certification entities according to methods determined by the seed potato certification entities. The commissioner may extend seed potato certification services to a state where growers wish to grow certified seed potatoes and where the state does not have a seed potato certification program. Any agreement under this subdivision must be reported to the chairs and ranking minority members of the legislative committees responsible for the budget or policy of the seed potato inspection program and to the commissioner of management and budget.

Sec. 25. Minnesota Statutes 2024, section 21.113, is amended to read:

21.113 SHIPPING POINT CERTIFICATES OF INSPECTION; CERTIFICATES OF ORIGIN; AND BULK CERTIFICATES.

Subdivision 1. **Shipping point inspections.** (a) The commissioner shall issue shipping point certificates of inspection only when seed potatoes have been inspected while growing in the field and again after being harvested.

~~(b) For seed potatoes produced in a lab, the commissioner shall issue certificates of inspection only after:~~

~~(1) the seed potato lab facility and the lab's records have been inspected; and~~

~~(2) the seed potatoes have been inspected after they have been harvested, removed, or released from the lab.~~

~~(e) (b) Certificates of inspection under this section shall show the varietal purity and the freedom from disease and physical injury of such potatoes and any other information as may be prescribed by rules adopted and published under sections 21.111 to 21.122 21.125.~~

Subd. 2. **Other certificates.** (a) The use of a certificate of origin requires the approval of the seller and the purchaser and must only be used for intrastate shipments between certified seed potato producers. The certificate of origin must contain information considered necessary by the commissioner and must at a minimum identify the producer, receiver, variety, classification, quantity, date of shipment, and lot of the seed potatoes. The limitation of warranty as described in paragraph (c) must not include any representation of the condition of the potatoes at the time of shipment. A certificate of origin must only be used for intrastate shipment if a shipping point inspection is not available. Use of a certificate of origin must be approved by the commissioner prior to shipment.

(b) A bulk certificate must include the date of issuance, class, grade, lot number, and approximate weight of the load.

(c) A certification does not represent a warranty of any kind, express or implied, including merchantability, as to the quality of the crop produced from the certified seed potatoes. A certification must only represent that the seed potatoes were produced, graded, sacked or placed in bulk, and inspected in accordance with this chapter. A certification under this subdivision must not include any representation of the condition of the potatoes at the time of shipment.

Sec. 26. Minnesota Statutes 2024, section 21.115, is amended to read:

21.115 FEES; SEED POTATO INSPECTION ACCOUNT.

The commissioner shall fix the fees for all inspections and certifications in such amounts as from time to time may be found necessary to pay the expenses of carrying out and enforcing the purposes of sections 21.111 to ~~21.122~~ 21.125, with a reasonable reserve, and shall require the same to be paid before such inspections or certifications are made. All moneys collected as fees or as penalties for violations of any of the provisions of such sections shall be paid into the agricultural fund and credited to the seed potato inspection account of the commissioner, which account is hereby created and appropriated for carrying out the purposes of sections 21.111 to ~~21.122~~ 21.125. Interest, if any, received on deposits of these moneys shall be credited to the account, and there shall be paid into this fund any sum provided by the legislature for the purpose of carrying out the provisions of such sections.

Sec. 27. Minnesota Statutes 2024, section 21.117, is amended to read:

21.117 APPLICATIONS FOR INSPECTIONS; WITHDRAWALS; AMENDMENTS.

(a) Any person may make application to the commissioner for inspection or certification of seed potatoes growing or to be grown. Upon receiving such application and the required fee and such other information as may be required, the commissioner shall cause such potatoes to be inspected or certified in accordance with the provisions of sections 21.111 to ~~21.122~~ and the rules adopted and published thereunder 21.125.

(b) If a grower wishes to withdraw ~~a field or lab~~ an application after having made a timely application for inspection and such withdrawal is requested before the field or ~~lab~~ facility inspection has been made, the fee paid shall be refunded to said grower. A grower must submit a withdrawal request in writing and include a reason for withdrawal. A grower must remove withdrawn acres from production before the first field inspection.

(c) If a grower wishes to amend an application after submitting a timely application for inspection, the grower must submit the request in writing, including a reason for the amendment.

Sec. 28. Minnesota Statutes 2024, section 21.119, is amended to read:

21.119 USE OF CERTAIN TERMS FORBIDDEN; EXCEPTIONS.

It shall be unlawful to use or employ the term "certified" or the term "inspected," or any term or terms conveying a meaning substantially equivalent to the meaning of either of these terms, either orally or in writing, printing, marking, or otherwise in reference to or in connection with, or in advertising or characterizing or labeling seed potatoes or the containers thereof, unless such potatoes

shall have been duly inspected and certified pursuant to the provisions of sections 21.111 to ~~21.122~~ 21.125.

Sec. 29. Minnesota Statutes 2024, section 21.1195, is amended to read:

21.1195 MINIMUM STANDARDS FOR PLANTING.

(a) Seed potatoes may not be planted in the state in lots ~~of totaling~~ ten or more acres unless the seed meets the minimum disease standards prescribed by the commissioner. Seed potatoes may meet the standards by being certified in accordance with this chapter and rules adopted by the commissioner, or under the certification program of another state or province which, in the judgment of the commissioner, provides equivalent assurances of seed potato quality. Seed potatoes may be planted without certification if they have had at least field inspection as required for certified seed potatoes, have passed the field inspection standards of disease tolerance, and are free from ring rot. ~~A person that plants seed potatoes in violation of this section is subject to a civil penalty of \$20 per acre for each acre or part of an acre planted in violation of this section. Failure to maintain complete and accurate records in accordance with this section or rules adopted by the commissioner is an additional violation resulting in a separate civil penalty of \$200 for each failure is a violation and subject to enforcement under chapter 18J.~~

(b) If there is not available to be planted in this state, in any year, a sufficient volume of potato seed meeting certified seed potato disease standards, in any or all varieties, the commissioner may, upon application by one or more growers, permit seed that does not comply with this section to be planted for that growing season if the seed does not pose a serious disease threat.

(c) Each grower shall keep records of each lot of seed potatoes planted. For each growing season, the records must include, by field, the variety, planting location, number of acres planted, and source of the seed potatoes. Each grower shall register fields and file records as prescribed by the commissioner. All records must be made available for inspection by the commissioner or the commissioner's agents during normal business hours.

(d) In addition to the enforcement powers and penalties in this section, the commissioner may issue a subpoena to a grower in order to compel delivery of records which are required under this section. These subpoenas are enforceable by any court of competent jurisdiction.

Sec. 30. **[21.123] SEED POTATO CERTIFICATION.**

Subdivision 1. Eligibility. In order to produce certified seed potatoes, a grower must comply with the following requirements:

(1) a grower must ensure that potatoes meet the tolerances prescribed by this chapter and the potatoes have been inspected by the commissioner while growing in a field;

(2) a grower must ensure that all potatoes planted on the grower's farm have been entered for certification by the commissioner;

(3) a grower must ensure that each lot is grown while physically separated from other lots. Markers must be visible to a person from any position in the field;

(4) a grower must submit an application for certification before June 16 each year on forms provided by the commissioner. The commissioner must charge a ten percent late registration fee to a grower who submitted an application postmarked after June 15 and before July 1. The commissioner may extend the deadline due to special circumstances, such as a natural disaster, that make it impractical or impossible for planting to be completed by the deadline and that affect an area or large number of growers. A grower must make a request for an extension in writing before June 16;

(5) an application for certification must include a North American Health Certificate and a shipping point certificate, bulk seed certificate, or certificate of origin. The commissioner may accept an incomplete application for certification;

(6) an application for certification must demonstrate that the seed potatoes being entered for certification originated from a class system in Minnesota or another state or province under the supervision of another certifying agency; and

(7) a grower must comply with sections 21.111 to 21.125. A grower's violation of sections 21.111 to 21.125 is cause for the commissioner to reject the grower's field or lot. A grower must not sell or label potatoes as certified seed potatoes when the potatoes were grown in a rejected field or lot.

Subd. 2. **Certification process.** (a) As part of the certification process, the commissioner must visually inspect sample plants from each field and lot belonging to the grower, except that the commissioner is not required to visually inspect sample plants and tubers when certifying pre-nuclear class potatoes.

(b) For seed potato varieties that do not exhibit visible symptoms of a specific pathogen, the commissioner must subject the seed potatoes to laboratory tests to determine the level of a pathogen in a seed lot. Testing under this paragraph may occur during the growing season, the storage season, or winter testing.

(c) The commissioner may not accept an application for certification from a grower in a community or county without sufficient acreage for total inspection fee charges to cover the cost of wages and expenses of the commissioner to complete an inspection. The commissioner may make a determination of sufficient acreage under this paragraph before conducting an inspection as part of the certification process.

(d) The commissioner must not inspect a field for certification unless both the planted seed potato variety and the particular planted lot have been authorized by the commissioner. When considering the authorization of a particular seed potato variety for planting as certified seed potatoes, the commissioner must consider scientific evidence and the expert opinions of inspectors.

(e) The following classes of seed potatoes are eligible for planting as certified seed potatoes: Pre-nuclear (PN), Generation 1 (G1), Generation 2 (G2), Generation 3 (G3), Generation 4 (G4), Generation 5 (G5), and experimental class seed potatoes. The commissioner may authorize the planting of Certified (C) class or Generation 6 (G6) class seed potatoes if the commissioner determines that the seeds do not pose a serious threat of disease to the public.

Subd. 3. **Bacterial ring rot or potato spindle tuber viroid.** If the commissioner finds the presence of bacterial ring rot or potato spindle tuber viroid in a field or lot, the commissioner must

reject the entire field or lot. If the commissioner discovers a single plant in a field or a tuber in storage that is infected with bacterial ring rot or potato spindle tuber viroid, the commissioner must reject the entire field or lot where the plant was grown. If the commissioner has not found bacterial ring rot or potato spindle tuber viroid in a field or lot, the field or lot is not necessarily free from either disease.

Subd. 4. **Winter testing.** (a) In order to detect certain virus diseases, the commissioner must conduct winter testing of a sample from each class seeking eligibility for recertification, except PN and experimental classes. The commissioner must grow out and visually inspect a representative sample of tubers from each seed lot for stand, vigor, varietal purity, and disease. If, during a visual inspection, a plant shows signs of potato virus Y or potato leafroll virus, or if the plant is of a variety that does not express visual symptoms of infection, the commissioner must ensure that a sample of the plant is lab tested for potato virus Y and potato leafroll virus. The commissioner must determine whether a field or lot contains the threshold amount of disease permitted under section 21.124, subdivision 9. The commissioner must include any lot that passes winter testing in the approved list of certified seed lots eligible for recertification.

(b) If the commissioner determines that a winter test of a lot or field has a serious malfunction, the commissioner must base classification of the lot or field on summer field readings from the previous year or lab testing.

(c) Instead of winter testing a sample, the commissioner may accept comprehensive lab testing if the commissioner determines that special circumstances exist, such as a natural disaster, that would make submission of samples for inclusion in winter testing impractical or impossible.

(d) The commissioner must reject a field or lot if the commissioner determines that a large number of plants are missing from the field or lot due to disease.

(e) The commissioner must reject a field or lot if the commissioner determines that the field or lot contains a large number of weak plants.

(f) The commissioner may reject a field or lot if the field or lot contains a large number of plants that have a mixture of variety.

Subd. 5. **Seed potato certification classes.** Seed potato certification classes must be differentiated by the potatoes' compliance with disease tolerances, varietal purity, and seed origin. Seed potato certification classes are: Prenuclear (PN), Generation 1 (G1), Generation 2 (G2), Generation 3 (G3), Generation 4 (G4), Generation 5 (G5), Generation 6 (G6), and Certified (C).

Subd. 6. **Experimental status.** (a) Lots from a breeder's seed that have not been tested and have not been determined to be virus-free are considered experimental. The commissioner must designate seedlings or numbered selections in experimental status as a class and determine requirements of that class.

(b) To obtain experimental status under this subdivision, an applicant must submit a written statement from the seedlings' or numbered selections' breeder, originator, or originator's designee verifying that the applicant has full and unrestricted rights to introduce the seedlings or numbered selections into the commercial market and that the applicant may apply to enter the seedlings or

numbered selections into the certification system. The written statement must accompany the certification application submitted by the applicant.

(c) After reviewing the applicant's written statement and certification application, the commissioner may designate seedlings or numbered selections described in the application as having experimental status.

(d) After an applicant is notified by the commissioner that the seedlings or numbered selections have experimental status, the applicant must ensure that the seedlings or numbered selections are tagged with the word "EXPERIMENTAL."

Subd. 7. **Protected varieties.** If an applicant seeks to enter a seed potato variety protected under the Plant Variety Protection Act Amendments of 1994 into the certification system, the applicant must submit a written statement from the breeder, originator, or originator's designee that the applicant has full and unrestricted rights to introduce the protected variety into the certification system. The applicant must ensure that the written statement accompanies the certification application for any protected seed potato variety.

Subd. 8. **Certification factors; field inspection.** (a) The commissioner must consider the following factors when conducting a field inspection pursuant to a certification application:

(1) the commissioner must reject a field or lot if a large number of plants are missing due to disease;

(2) the commissioner must reject a field or lot if the field or lot contains a large number of weak plants;

(3) the commissioner must inspect a field or lot for bacterial ring rot. The commissioner must reject a field or lot if the commissioner finds the presence of bacterial ring rot. If bacterial ring rot is present in a field or lot, the remaining crop is not eligible for certification planting;

(4) the commissioner must reject a field or lot if the field or lot contains potatoes with a level of disease higher than the acceptable tolerance for the disease for the potatoes' seed potato certification class according to section 21.124, subdivision 9;

(5) the commissioner must reject a field or lot if the field or lot contains a percentage of diseased plants that exceeds the acceptable percentage of disease listed in section 21.124 for the seed potato certification class;

(6) the commissioner must reject a field or lot if any of the following are present in the field or lot to such an extent that the commissioner is unable to complete a satisfactory inspection for diseases: early or late blight, blackleg or wilt of any kind, weeds, plant injury from insects, or chemical damage; and

(7) the commissioner must reject a field or lot if any other conditions are present to such an extent that the commissioner is unable to make a satisfactory inspection for diseases.

(b) The commissioner must determine that a field is ineligible for certification if cull piles are in such close vicinity to the field that it is likely that the field is contaminated.

(c) The commissioner must make at least two field inspections of a field during the growing season. The commissioner must conduct a final inspection of a field for bacterial ring rot during the time of year that symptoms of bacterial ring rot are most likely to be observed. If the commissioner is unable to conduct a final inspection under this paragraph due to management practices of the grower or for a reason that is out of the grower's control, such as a natural disaster, the grower must ensure that laboratory testing is conducted to maintain eligibility for certification. An additional inspection or additional laboratory testing may be necessary to meet phytosanitary requirements in established markets in another state or in a Canadian province.

Subd. 9. **Roguing.** If any of the diseases listed in section 21.124, subdivision 1, are present in a field in amounts greater than the maximum disease tolerance level, the grower must rogue the field and remove the infected plants before the final inspection by the commissioner. If a grower has completed roguing a field after tubers have formed, the grower must remove and destroy all tubers from rogued plants.

Subd. 10. **Storage.** (a) A grower must ensure that a lot is stored under conditions that prevent disease contamination. A grower must not store a lot in any warehouse where other potatoes are stored, unless the grower labels the lot according to paragraph (b).

(b) If more than one grower stores lots in the same warehouse, each grower must identify the grower's lots by labeling the bin containing the lot with the grower's name, the grower's address, the variety of potatoes in the bin, and the number of potatoes in the bin.

(c) If a grower plans to store a lot in a public warehouse or storage unit that is not directly under the grower's control, the grower must send a complete record of storage to the commissioner prior to storing the lot. The record must include the address and location of the public warehouse or storage unit, the variety of potatoes in each bin, and the number of potatoes in each bin. If a warehouse receipt for the lot is available, the grower must submit a copy of the warehouse receipt to the commissioner. If more than one grower stores lots in the same public warehouse or storage unit, the grower must label each lot according to paragraph (b).

(d) A grower must not use the same equipment for grading and handling lots of certified seed potatoes and other potatoes. If a grower has used the same equipment for grading and handling certified seed potatoes and other potatoes, the commissioner must reject the grower's lots.

(e) A firm that handles lots under contract must label each bin containing a lot with the name of the grower whose lots are being stored. A firm handling lots under contract must properly label and handle bins containing lots. A certification tag or bulk certificate must not be issued unless all bins are properly labeled according to this paragraph.

(f) By November 1 of each crop year, a grower must submit to the commissioner a completed storage and yield report for each lot on a form prescribed by the commissioner. The commissioner may extend the deadline after November 1 due to special circumstances, such as a natural disaster, that would make it impractical or impossible for a grower to complete harvesting and storage by November 1 and that affect an area or a large number of growers. A grower must submit a written request for an extension to the commissioner before November 1 of the crop year for which the extension is sought.

Subd. 11. **Tags; bulk certificates.** (a) Once the commissioner has informed a grower that the grower's potatoes meet the certification requirements in sections 21.111 to 21.125, a grower may tag the potatoes using an approved tag indicating the grade of potatoes as blue-tag-certified seed potato grade, yellow-tag-certified seed potato grade, or white-tag-certified seed potato grade. A grower's name, the city where the farm is located, the potato variety, and the crop year must be printed on a tag under this subdivision.

(b) When fastening a tag to a potato sack, a grower must fasten the tag to the sack to form a seal at the time that the lot or shipment is prepared.

(c) A bulk certificate must include the date that the certificate was issued, class, grade, lot number, shipping point certificate number, and approximate weight of the lot.

(d) Only the person who grew the potatoes may order or print tags for the potatoes once the commissioner has informed the person that the potatoes meet certification requirements under sections 21.111 to 21.125.

(e) A grower may print a tag for potatoes if the grower has provided proof of each lot to the commissioner for review before using the tag. A tag printed by a grower must contain the following statement: "The quality and condition of each lot is only confirmed through a shipping point inspection certificate. This tag, without an accompanying shipping point inspection certificate, is not proof that the potatoes contained within have been duly inspected."

Subd. 12. **Certified seed potato grades.** Certified seed potatoes must be classified by certified seed potato grades based on the number of physical defects of tubers. A grower must only use a certified seed potato grade for potatoes after a shipping point inspection of the potatoes has been completed. The following three grades of certified seed potatoes must be used for Minnesota-certified seed potatoes:

(1) the blue-tag-certified seed potato grade is the first grade of certified seed potatoes. The blue-tag-certified seed potato grade is stricter than other grades. The blue-tag-certified seed potato grade does not allow as many physical defects of tubers as other grades. A grower may use the blue-tag-certified seed potato grade for intrastate and interstate shipments of certified seed potatoes;

(2) the yellow-tag-certified seed potato grade is the second grade of certified seed potatoes. The yellow-tag-certified seed potato grade allows more physical defects of tubers than the blue-tag-certified seed potato grade. A grower may use the yellow-tag-certified seed potato grade for intrastate and interstate shipments of certified seed potatoes; and

(3) the white-tag-certified seed potato grade is the third grade of certified seed potatoes. The number of physical defects that the white-tag-certified seed potato grade allows is determined by an agreement between the purchaser and seller of the certified seed potatoes. A grower may use the white-tag-certified seed potato grade for intrastate and interstate shipments of certified seed potatoes.

Subd. 13. **Grading.** (a) A grower must ensure that a lot is inspected at the shipping point if the lot requires a grade statement.

(b) If an inspection at the shipping point is impossible, a grower must request a grading inspection in transit.

(c) A grower must ensure that a bagged lot or shipment offered for sale and tagged with approved certification tags is contained in new even-weight sacks.

(d) A grower must ensure that a bulk shipment is identified with a bulk certificate.

(e) A grower must ensure that a bagged lot and bulk lot or shipment meets grade standards in section 21.125.

(f) A grower must recondition a lot or shipment that fails to meet the grade standards in section 21.125.

(g) If a lot or shipment fails to meet grade standards and is contained in sacks, a grower must remove approved certification tags from the lot or shipment before the lot or shipment may proceed to its destination.

(h) If a shipment is in bulk and fails to meet grade standards in section 21.125, a bulk certificate must not be issued.

(i) If a lot or shipment fails to meet grade standards, the shipper must bear the costs of reconditioning potatoes to meet the grade standards in section 21.125.

Sec. 31. [21.124] REQUIREMENTS FOR PRODUCTION OF DIFFERENT CLASSES OF CERTIFIED SEED POTATOES.

Subdivision 1. Prenuclear class certified seed potatoes. (a) A lot grown as and intended to be prenuclear class certified seed potatoes must be grown from plants tested and shown to be free from the following pathogens:

(1) *Clavibacter michiganensis* ssp. *sepedonicus* (ring rot);

(2) *Pectobacterium atrosepticum* ssp. *Atrosepticum*, *carotovora* (blackleg);

(3) potato virus X;

(4) potato virus S;

(5) potato virus A;

(6) potato virus M;

(7) potato virus Y;

(8) potato spindle tuber viroid; and

(9) potato leafroll virus.

(b) When growing prenuclear class seed potatoes, a grower must ensure that each explant or tuber is tested for organisms for which testing is required by the state or province of destination. A grower must ensure that material in maintenance is tested during the year of producing prenuclear class seed potatoes.

(c) A grower must produce prenuclear class seed potatoes in a greenhouse, facility, or screenhouse under sanitary conditions, free from insects and weeds that can harbor or transmit potato diseases or other conditions that would allow possible disease contamination. A grower must ensure that a facility used for growing prenuclear seed potatoes is sufficiently insulated from insects by screens and double doors. The commissioner may inspect any facility or equipment used for growing, handling, and storing prenuclear class seed potatoes to verify that the facility or equipment complies with this paragraph.

(d) A grower must ensure that one percent of each lot or ten plants or tubers from each lot, whichever is greater, is tested during the growing season to verify that the crop is free from potato virus X, potato virus Y, potato leafroll virus, *C. michiganensis*, and *P. atrosepticum*.

(e) Prenuclear tubers may originate from greenhouse tubers for one year only if the greenhouse tubers have remained at the same growing operation and have remained isolated from field-grown tubers.

(f) Prenuclear class certified seed potatoes must not contain more than the allowable tolerances for disease and varietal mixture in subdivision 9.

Subd. 2. **Generation 1 class certified seed potatoes.** (a) Generation 1 class seed potatoes must meet the following requirements:

(1) the seed source must be either prenuclear tubers, clones, or plantlets; and

(2) tuber units or plantlets must be planted in identifiable family units.

(b) Subject to the commissioner's approval, lots in Generation 1 class may be exempt from winter testing requirements if leaves collected during the growing season are laboratory tested and shown to be within the allowable tolerance of potato virus X, potato virus Y, and other pathogens identified by the commissioner.

(c) Each lot must be stored in an individual identifiable unit.

(d) Generation 1 seed potatoes must not contain more than the allowable tolerances for disease and varietal mixture for seed potatoes in subdivision 9.

Subd. 3. **Generation 2 class certified seed potatoes.** Generation 2 class seed potatoes must originate from Generation 1 class seed potatoes. Generation 2 class seed potatoes must not contain more than the allowable tolerances of disease and varietal mixture in subdivision 9.

Subd. 4. **Generation 3 class certified seed potatoes.** Generation 3 class seed potatoes must originate from Generation 2 class seed potatoes. Generation 3 class seed potatoes must not contain more than the allowable tolerances of disease and varietal mixture in subdivision 9.

Subd. 5. **Generation 4 class certified seed potatoes.** Generation 4 class seed potatoes must originate from Generation 3 class seed potatoes. Generation 4 class seed potatoes must not contain more than the allowable tolerances for disease and varietal mixture in subdivision 9.

Subd. 6. **Generation 5 class certified seed potatoes.** Generation 5 class seed potatoes must originate from Generation 4 class seed potatoes. Generation 5 class seed potatoes must not contain more than the allowable tolerances for disease and varietal mixture in subdivision 9.

Subd. 7. **Generation 6 class certified seed potatoes.** Generation 6 class seed potatoes must originate from Generation 5 class seed potatoes. Generation 6 class seed potatoes must not contain more than the allowable tolerances for disease and varietal mixture in subdivision 9.

Subd. 8. **Certified class certified seed potatoes.** Certified class seed potatoes must originate from generation classes of seed potatoes. Certified class seed potatoes must not contain more than the allowable tolerances for disease and varietal mixture in subdivision 9.

Subd. 9. **Allowable tolerances for diseases and varietal mixture by generation class.** The numbers represent the percentage of potatoes that may be affected out of an individual lot.

Sec. 32. **[21.125] MINNESOTA CERTIFIED SEED POTATO GRADES AND TOLERANCES.**

Subdivision 1. **Certified seed potato grading.** Potatoes must meet the requirements of sections 21.111 to 21.125 to be graded as certified seed potatoes.

Subd. 2. **Definitions.** (a) For the purposes of this section, the following terms have the meanings given.

(b) "Damage" means any defect or combination of defects that materially affects the appearance of the individual potato, or that cannot be removed without a loss of more than five percent of the total weight of the potato, including the peel covering the defective area.

(c) "Diameter" means the greatest dimension at right angles to the longitudinal axis. Diameter means the long axis.

(d) "Dry rot" means decaying tissue that is dry.

(e) "Fairly clean" means that the individual potato is reasonably free from dirt, staining, or other foreign matter.

(f) "Fairly well-shaped" means that the individual potato is not materially pointed, dumbbell-shaped, or otherwise ill-formed.

(j) "Soft rot" or "wet breakdown" means any soft, mushy, or leaky condition of potato tissues.

(k) "Well-shaped" means the normal shape for a variety.

Subd. 3. **Damage.** The commissioner must find that one or more of the following defects constitutes damage:

(1) a russet scab that materially detracts from the appearance of a potato;

(2) second growth or growth cracks that materially affect the appearance of an individual potato;

(3) air cracks when removal of the air cracks causes a loss of more than five percent of the total weight of a potato;

(4) a potato that is more than moderately shriveled, spongy, or flabby;

(5) an individual potato that has sprouts over one inch in length;

(6) a surface scab, powdery scab, or pitted scab that covers more than five percent of the surface of a potato or a surface scab, powdery scab, or pitted scab that, when removed, causes a potato to lose more than five percent of the potato's total weight, including peel covering a defective area of the potato; or

(7) more than 50 percent of a potato's surface contains scattered, lightly caked soil or more than 15 percent of a potato's surface is badly caked with soil.

Subd. 4. **Serious damage.** The commissioner must find that one or more of the following defects constitutes serious damage:

(7) wireworm or air cracks that, when removed, cause a loss of more than ten percent of a potato's total weight.

Subd. 5. **Application of tolerance.** If the average of an entire lot is within the disease tolerances specified for the grade in section 21.124, subdivision 9, an individual container in the lot may contain no more than double the disease tolerance specified in section 21.124, subdivision 9, except that sprouts, at least one defective specimen with a defect other than bacterial ring rot, and one off size specimen is permitted. This subdivision does not apply to bulk conveyances.

Subd. 6. **Condition after transit.** Deterioration that developed in transit must affect the condition of potatoes. Deterioration that developed in transit must not affect the grade of potatoes.

Subd. 7. **Minnesota blue-tag-certified seed potato grade.** (a) To be graded as Minnesota blue-tag-certified seed potatoes, potatoes must meet the following requirements:

(1) at the time of the shipping point inspection, potatoes must be of one variety; unwashed; fairly well-shaped; free from bacterial ring rot, late blight, freezing, black heart, and soft rot or wet breakdown; free from damage caused by soil or other foreign matter, second growth, air cracks, cuts, shriveling, sprouts, pitted scabs, surface scabs, powdery scabs, russet scabs, dry rot, other diseases, insects or worms, mechanical or other means, or flattened or depressed areas with underlying flesh discoloration; and free from serious damage caused by hollow heart, wireworm, growth cracks, or internal discoloration other than hollow heart. Sunburn and silver scurf must not be considered factors that affect the grading of potatoes. This clause does not apply to hollow heart if the potatoes are labeled "hollow heart exempt" on the affixed tag or accompanying certificate; and

(2) for round or intermediate shaped varieties, the maximum potato size is 12 ounces (340.2 grams) and, unless otherwise specified, the minimum size must not be less than 1-1/2 inches (38.1 millimeters) in diameter. For long varieties, the maximum size is 14 ounces (396.9 grams) and,

unless otherwise specified, the minimum size must not be less than 1-1/2 inches (38.1 millimeters) in diameter. For all varieties, the minimum diameter for size "B" must not be less than 1-1/2 inches (38.1 millimeters) and the maximum size must not be more than 2-1/4 inches (57.1 millimeters) in diameter. The department may grade potatoes that do not meet the maximum and minimum size specifications as Minnesota blue-tag-certified seed potatoes if the buyer agrees to accept potatoes of alternate size specifications from the grower and the specifications are listed on the affixed tag or accompanying bulk certificate issued by the department.

(b) To allow for variations incident to proper grading and handling, the following lot tolerances are permitted:

(1) for defects:

(i) up to ten percent of a lot may be seriously damaged by hollow heart, unless labeled "hollow heart exempt" on the affixed tag or accompanying certificate;

(ii) up to five percent of a lot may be seriously damaged by internal discoloration due to causes other than hollow heart;

(iii) up to ten percent of a lot may be damaged by soil or other foreign matter;

(iv) up to 20 percent of a lot may be damaged by sprouts;

(v) up to ten percent of a lot may be seriously damaged by wireworm;

(A) soft rot, frozen, or wet breakdown, 0.5 percent;

(B) damage by surface scab, powdery scab, or pitted scab, 2.0 percent;

(C) damage by dry rot, 2.0 percent, of which not more than 1.0 percent is late blight tuber rot;

(D) bacterial ring rot, 0.0 percent; and

(E) late blight tuber rot, 1.0 percent; and

(vii) the presence of the following does not affect seed quality and must not be scored against the potatoes' grade:

(A) brown discoloration following skinning;

(B) dried stems;

(C) flattened or depressed areas showing no underlying flesh discoloration;

(D) greening;

(E) sunburn;

(F) skin checks; and

(G) silver scurf; and

(i) up to five percent of potatoes may fail to meet the required or specified minimum size; and

(ii) up to ten percent of potatoes may fail to meet the required maximum size.

Subd. 8. **Minnesota yellow-tag-certified seed potato grade.** (a) To be graded as Minnesota yellow-tag-certified seed potatoes, potatoes must meet the following requirements:

(1) at the time of the shipping point inspection, the potatoes must be of one variety; unwashed; fairly well-shaped; free from bacterial ring rot, late blight, freezing, black heart, and soft rot or wet breakdown; free from damage caused by second growth, air cracks, cuts, shriveling, pitted scabs, surface scabs, powdery scabs, dry rot, other diseases, insects or worms, or mechanical means or other means; and free from serious damage caused by soil or other foreign matter, hollow heart, wireworm, growth cracks, russet scabs, or internal discoloration other than hollow heart. Sunburn and silver scurf must not be considered factors that affect the grading of potatoes. This clause does not apply to hollow heart if labeled "hollow heart exempt" on the affixed tag or accompanying certificate; and

(2) for all varieties, the maximum potato size is 14 ounces (396.9 grams) and the minimum size is 1-1/2 inch (38.1 millimeter) in diameter. For all varieties, the minimum diameter for size "B" must not be less than 1-1/2 inches (38.1 millimeters) and the maximum diameter must not be more than 2-1/4 inches (57.1 millimeters). The department may grade potatoes that do not meet the maximum and minimum size specifications as Minnesota yellow-tag-certified seed potatoes if the buyer agrees to accept potatoes with alternate size specifications from the grower and the size specifications are listed on the affixed tag or accompanying bulk certificate issued by the department.

(b) To allow for variations incident to proper grading and handling, the following lot tolerances are permitted:

(1) for defects:

Subd. 9. **Minnesota white-tag-certified seed potato grade.** Minnesota white-tag-certified seed potato grade consists of certified seed potatoes that are graded according to agreement between the seller and the purchaser as to size and defects, except that not more than one-half percent of soft rot, frozen, or wet breakdown and two percent dry rot, of which not more than one percent late blight tuber rot is allowed.

Sec. 33. Minnesota Statutes 2024, section 21.891, subdivision 2, is amended to read:

Subd. 2. **Seed fee permits.** (a) A labeler who wishes to sell seed in Minnesota must comply with section 21.89, subdivisions 1 and 2, and the procedures in this subdivision. Each labeler who wishes to sell seed in Minnesota must apply to the commissioner to obtain a permit. The application must contain the name and address of the applicant, the application date, and the name and title of the applicant's contact person. Permit fees are based on the initial sale of seed in Minnesota.

(b) The application for a seed permit covered by section 21.89, subdivision 2, clause (1), must be accompanied by an application fee of \$75.

(c) The application for a seed permit covered by section 21.89, subdivision 2, clause (2), must be accompanied by an application fee based on the level of annual gross sales as follows:

- (1) oats, wheat, and barley, 9 cents per hundredweight;
- (2) rye, field beans, buckwheat, and flax, 12 cents per hundredweight;

(e) If, for reasons beyond the control and knowledge of the labeler, seed is shipped into Minnesota by a person other than the labeler, the responsibility for the seed fees are transferred to the shipper. An application for a transfer of this responsibility must be made to the commissioner. Upon approval by the commissioner of the transfer, the shipper is responsible for payment of the seed permit fees.

(f) Seed permit fees may be included in the cost of the seed either as a hidden cost or as a line item cost on each invoice for seed sold. To identify the fee on an invoice, the words "Minnesota seed permit fees" must be used.

(g) All seed fee permit holders must file semiannual reports with the commissioner, even if no seed was sold during the reporting period. Each semiannual report must be submitted within 30 days of the end of each reporting period. The reporting periods ~~are October 1 to March 31 and April 1 to September 30 of each year or July 1 to December 31 and January 1 to June 30 of each year~~ must be determined by the commissioner and communicated annually to permit holders. Permit holders may change their reporting periods with the approval of the commissioner.

(h) The holder of a seed fee permit must pay fees on all seed for which the permit holder is the labeler and which are covered by sections 21.80 to 21.92 and sold during the reporting period.

(i) If a seed fee permit holder fails to submit a semiannual report and pay the seed fee within 30 days after the end of each reporting period, the commissioner shall assess a penalty of \$100 or eight percent, calculated on an annual basis, of the fee due, whichever is greater, but no more than \$500 for each late semiannual report. A \$15 penalty must be charged when the semiannual report is late, even if no fee is due for the reporting period. Seed fee permits may be revoked for failure to comply with the applicable provisions of this paragraph or the Minnesota seed law.

The reinsurance association may charge the cost of the adjustment under this paragraph to the member, except that any penalties or interest incurred under sections 176.183, 176.221, 176.225, and 176.82 as a result of actions by the reinsurance association after it has undertaken adjustment of the claim shall not be charged to the member but shall be included in the ultimate loss and listed as a separate item; ~~and~~

79.362 WORKERS' COMPENSATION REINSURANCE ASSOCIATION EXCESS SURPLUS DISTRIBUTION OR DEFICIENCY ASSESSMENT.

Subdivision 1. **Scope.** This section governs excess surplus distributions and deficiency assessment of the reinsurance association. An excess surplus distribution is not a distribution of excess premiums to members. The reinsurance association may not distribute excess surplus or assess members due to a deficiency except as provided for in this section. For purposes of this section, "insured employers" includes employers insured by insurer members and employers insured by the assigned risk plan.

Subd. 2. **Declaration of distribution or assessment.** (a) The board may declare an excess surplus distribution to self-insurer members and insured employers. The board shall determine the amount of excess surplus and set a timeline, a distribution rate for self-insurer members, and a distribution rate for insured employers as applied to the distribution exposure bases of self-insurer members and insured employers. The board shall notify the commissioner of labor and industry of the amount of excess surplus and recommended distribution rates and, if the commissioner is in agreement with the board's recommendation, the commissioner shall issue an order approving the recommended distribution.

(b) An order of the commissioner of ~~the Department of~~ labor and industry relating to the ~~distribution of~~ excess surplus distribution of the Workers' Compensation Reinsurance Association shall be reviewed by the commissioner of commerce. The commissioner of commerce may amend, approve, or reject an order or issue further orders to accomplish the purposes of this section 79.362 and Laws 1993, chapter 361, section 2. The commissioner of commerce may not change the amount of the distribution ordered by the commissioner of labor and industry without agreement of the commissioner of labor and industry.

(c) If the board determines that an excess surplus distribution resulted in inadequate funds being available to pay claims that arose during the period upon which the distribution was calculated, the board shall determine the amount of the deficiency. The board shall notify the commissioner of commerce of the amount of deficiency and recommend assessment rates and the time period for an assessment for self-insurer members and insured employers. The commissioner of commerce shall order an assessment at the rates and for the time period necessary to eliminate the deficiency with consideration of potential financial hardship to employers. The assessment rates shall be applied to the exposure bases of self-insured employers and insured employers. All assessments under this

section are payable to the association. The commissioner of commerce may issue orders necessary to administer this section.

Subd. 3. **Administration of distribution or assessment.** The reinsurance association may consider the actual and reasonable costs of distribution or assessment in determining the amount to be distributed or assessed. The excess surplus distribution or deficiency assessment may not be retroactive and applies only prospectively. Self-insurer members, insurer members, and the Minnesota Workers' Compensation Insurers Association must provide any information to the reinsurance association that the association determines necessary to administer this section. Any part of the excess surplus distribution not distributed within one year due to the inability to identify or locate insured employers remains with the reinsurance association and must not be distributed to its members.

Subd. 4. **Plan of operation.** The reinsurance association's plan of operation must provide the method for determining rates and exposure bases, the method for excess surplus distribution, and the method of collecting a deficiency assessment. For multiyear distributions or assessments, the exposure bases and rates shall be recalculated for each policy year of the excess surplus distribution or deficiency assessment.

Sec. 8. Minnesota Statutes 2024, section 176.011, subdivision 15, is amended to read:

Subd. 15. Occupational disease. (a) "Occupational disease" means a mental impairment as defined in paragraph (d) or physical disease arising out of and in the course of employment peculiar to the occupation in which the employee is engaged and due to causes in excess of the hazards ordinary of employment and shall include undulant fever. Physical stimulus resulting in mental injury and mental stimulus resulting in physical injury shall remain compensable. Mental impairment is not considered a disease if it results from a disciplinary action, work evaluation, job transfer, layoff, demotion, promotion, termination, retirement, or similar action taken in good faith by the employer. Ordinary diseases of life to which the general public is equally exposed outside of employment are not compensable, except where the diseases follow as an incident of an occupational disease, or where the exposure peculiar to the occupation makes the disease an occupational disease hazard. A disease arises out of the employment only if there be a direct causal connection between the conditions under which the work is performed and if the occupational disease follows as a natural incident of the work as a result of the exposure occasioned by the nature of the employment. An employer is not liable for compensation for any occupational disease which cannot be traced to the employment as a direct and proximate cause and is not recognized as a hazard characteristic of and peculiar to the trade, occupation, process, or employment or which results from a hazard to which the worker would have been equally exposed outside of the employment.

(b) If immediately preceding the date of disablement or death, an employee was employed on active duty with an organized fire or police department of any municipality, as a member of the Minnesota State Patrol, conservation officer service, state crime bureau, as a forest officer by the Department of Natural Resources, correctional officer or security counselor employed by the state or a political subdivision at a corrections, detention, or secure treatment facility, or sheriff or full-time

deputy sheriff of any county, and the disease is that of myocarditis, coronary sclerosis, pneumonia or its sequel, and at the time of employment such employee was given a thorough physical examination by a licensed doctor of medicine, and a written report thereof has been made and filed with such organized fire or police department, with the Minnesota State Patrol, conservation officer service, state crime bureau, Department of Natural Resources, Department of Corrections, or sheriff's department of any county, which examination and report negated any evidence of myocarditis, coronary sclerosis, pneumonia or its sequel, the disease is presumptively an occupational disease and shall be presumed to have been due to the nature of employment. If immediately preceding the date of disablement or death, any individual who by nature of their position provides emergency medical care, or an employee who was employed as a licensed police officer under section 626.84, subdivision 1; firefighter; paramedic; correctional officer or security counselor employed by the state or a political subdivision at a corrections, detention, or secure treatment facility; emergency medical technician; or licensed nurse providing emergency medical care; and who contracts an infectious or communicable disease to which the employee was exposed in the course of employment outside of a hospital, then the disease is presumptively an occupational disease and shall be presumed to have been due to the nature of employment and the presumption may be rebutted by substantial factors brought by the employer or insurer. Any substantial factors which shall be used to rebut this presumption and which are known to the employer or insurer at the time of the denial of liability shall be communicated to the employee on the denial of liability.

(c) A firefighter on active duty with an organized fire department who is unable to perform duties in the department by reason of a disabling cancer of a type caused by exposure to heat, radiation, or a known or suspected carcinogen, as defined by the International Agency for Research on Cancer, and the carcinogen is reasonably linked to the disabling cancer, is presumed to have an occupational disease under paragraph (a). If a firefighter who enters the service after August 1, 1988, is examined by a physician prior to being hired and the examination discloses the existence of a cancer of a type described in this paragraph, the firefighter is not entitled to the presumption unless a subsequent medical determination is made that the firefighter no longer has the cancer.

(d) For the purposes of this chapter, "mental impairment" means a diagnosis of post-traumatic stress disorder by a licensed psychiatrist ~~or~~ psychologist, or psychiatric mental health nurse practitioner. For the purposes of this chapter, "post-traumatic stress disorder" means the condition as described in the most recently published edition of the Diagnostic and Statistical Manual of Mental Disorders by the American Psychiatric Association. For purposes of section 79.34, subdivision 2, one or more compensable mental impairment claims arising out of a single event or occurrence shall constitute a single loss occurrence.

(e) If, preceding the date of disablement or death, an employee who was employed on active duty as: a licensed police officer; a firefighter; a paramedic; an emergency medical technician; a licensed nurse employed to provide emergency medical services outside of a medical facility; a public safety dispatcher; a correctional officer or security counselor employed by the state or a political subdivision at a corrections, detention, or secure treatment facility; a sheriff or full-time deputy sheriff of any county; or a member of the Minnesota State Patrol is diagnosed with a mental impairment as defined in paragraph (d), and had not been diagnosed with the mental impairment previously, then the mental impairment is presumptively an occupational disease and shall be presumed to have been due to the nature of employment. This presumption may be rebutted by substantial factors brought by the employer or insurer. Any substantial factors that are used to rebut this presumption and that are known to the employer or insurer at the time of the denial of liability

shall be communicated to the employee on the denial of liability. The mental impairment is not considered an occupational disease if it results from a disciplinary action, work evaluation, job transfer, layoff, demotion, promotion, termination, retirement, or similar action taken in good faith by the employer.

EFFECTIVE DATE. This section is effective for dates of injury on or after October 1, 2026.

Sec. 9. Minnesota Statutes 2024, section 176.081, subdivision 9, is amended to read:

Subd. 9. **Retainer agreement.** An attorney who is hired by an employee to provide legal services with respect to a claim for compensation made pursuant to this chapter shall prepare a retainer agreement in which the provisions of this section are specifically set out and provide a copy of this agreement to the employee. The retainer agreement shall provide a space for the signature of the employee. A signed agreement shall raise a conclusive presumption that the employee has read and understands the statutory fee provisions. No fee shall be awarded pursuant to this section in the absence of a signed retainer agreement.

The retainer agreement shall contain a notice to the employee regarding the maximum fee allowed under this section in ten-point type, which shall read:

Notice of Maximum Fee

EFFECTIVE DATE. This section is effective the day following final enactment and applies to dates of injury on or after October 1, 2024.

Permanent partial disability must be rated as a percentage of the whole body in accordance with rules adopted by the commissioner under section 176.105. During the 2026 regular legislative session, and every even-year legislative session thereafter, the Workers' Compensation Advisory Council must consider whether the permanent partial disability schedule in paragraph (b) represents adequate compensation for permanent impairment.

(b) The percentage determined pursuant to the rules adopted under section 176.105 must be multiplied by the corresponding amount in the following table:

(c) Permanent partial disability is payable upon cessation of temporary total disability under subdivision 1. If the employee requests payment in a lump sum, then the compensation must be paid

within 30 days. This lump-sum payment may be discounted to the present value calculated up to a maximum five percent basis. If the employee does not choose to receive the compensation in a lump sum, then the compensation is payable in installments at the same intervals and in the same amount as the employee's temporary total disability rate on the date of injury. Permanent partial disability is not payable while temporary total compensation is being paid.

EFFECTIVE DATE. This section is effective for dates of injury on or after October 1, 2026.

Sec. 11. Minnesota Statutes 2024, section 176.155, subdivision 1, is amended to read:

Subdivision 1. **Employer's physician.** (a) The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. Examinations shall not be conducted in hotel or motel facilities. The examination must be scheduled at a location within 150 miles of the employee's residence unless the employer can show cause to the office to order an examination at a location further from the employee's residence. The employee is entitled upon request to have a personal physician or unpaid witness present at any such examination. Each party shall defray the cost of that party's physician or witness.

(b) Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury or whether litigation is pending, must be served upon the employee and the attorney representing the employee, if any, no later than 14 calendar days within the issuance of the report or written statement.

(c) The employer shall pay reasonable travel expenses incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from attendance at the examination.

(d) A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition. Any request for a good cause extension pursuant to paragraph (e) must be made within 120 days of service of the claim petition, except that a request may be made after 120 days of service of a claim petition in the following circumstances:

(1) a change to the employee's claim regarding the nature and extent of the injury;

(2) a change to the permanency benefits claimed by the employee, including a change in permanent partial disability percentage;

(3) a new claim for indemnity benefits; or

(4) the employment relationship is not admitted by the uninsured employer.

(e) No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the

report has been served and filed as required by this section, unless a written extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather additional information which was not included on the petition as required by section 176.291.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 12. Minnesota Statutes 2024, section 176.221, subdivision 1, is amended to read:

Subdivision 1. **Commencement of payment.** Within 14 days of notice to or knowledge by the employer of an injury compensable under this chapter the payment of temporary total compensation shall commence. Within 14 days of notice to or knowledge by an employer of a new period of temporary total disability which is caused by an old injury compensable under this chapter, the payment of temporary total compensation shall commence; provided that the employer or insurer may file for an extension with the commissioner within this 14-day period, in which case the compensation need not commence within the 14-day period but shall commence no later than 30 days from the date of the notice to or knowledge by the employer of the new period of disability. Commencement of payment by an employer or insurer does not waive any rights to any defense the employer has on any claim or incident either with respect to the compensability of the claim under this chapter or the amount of the compensation due. Where there are multiple employers, the first employer shall pay, unless it is shown that the injury has arisen out of employment with the second or subsequent employer. Liability for compensation under this chapter may be denied by the employer or insurer by giving the employee written notice of the denial of liability. If liability is denied for an injury which is required to be reported to the commissioner under section 176.231, subdivision 1, the denial of liability must be filed with the commissioner and served on the employee within 14 days after notice to or knowledge by the employer of an injury which is alleged to be compensable under this chapter. If the employer or insurer has commenced payment of compensation under this subdivision but determines within ~~60~~ 90 days of notice to or knowledge by the employer of the injury that the disability is not a result of a personal injury, payment of compensation may be terminated upon the filing of a notice of denial of liability within ~~60~~ 90 days of notice or knowledge. After the ~~60-day~~ 90-day period, payment may be terminated only by the filing of a notice as provided under section 176.239. Upon the termination, payments made may be recovered by the employer if the commissioner or compensation judge finds that the employee's claim of work related disability was not made in good faith. A notice of denial of liability must state in detail the facts forming the basis for the denial and specific reasons explaining why the claimed injury or occupational disease was determined not to be within the scope and course of employment and shall include the name and telephone number of the person making this determination.

EFFECTIVE DATE. This section is effective for dates of injury on or after October 1, 2026.

Sec. 13. Minnesota Statutes 2024, section 176.322, is amended to read:

176.322 DECISIONS BASED ON STIPULATED FACTS.

If the parties agree to a stipulated set of facts and only legal issues remain, the commissioner or compensation judge may determine the matter without a hearing based upon the stipulated facts and the determination is appealable to the court of appeals pursuant to sections 176.421 and 176.442. In any case where a stipulated set of facts has been submitted to the Court of Administrative Hearings pursuant to this section, upon receipt of the file or the stipulated set of facts the chief administrative law judge shall immediately assign the case to a compensation judge for a determination. The commissioner or compensation judge shall issue a determination within 60 days after receipt of the stipulated facts.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2024, section 161.46, subdivision 2, is amended to read:

Subd. 2. **Relocation of facilities; reimbursement.** (a) Whenever the commissioner determines that the relocation of any utility facility is necessitated by the construction of a project on the routes of federally aided trunk highways, including urban extensions thereof, that are included within the National System of Interstate Highways, the owner or operator of the utility facility must relocate the utility facility in accordance with the order of the commissioner. Except as provided in section 161.45, subdivision 6, paragraph (d), or 7, upon the completion of relocation of a utility facility, the cost of relocation must be ascertained and paid out of the trunk highway fund by the commissioner, provided the amount paid by the commissioner for reimbursement to a utility does not exceed the amount on which the federal government bases its reimbursement for the interstate highway system.

(b) When a local unit of government, as defined in section 18B.01, subdivision 14a, or Minnesota Tribal government, as defined in section 10.65, subdivision 2, owns a utility system for supplying light, water, sanitary sewer service, or storm sewer service and the system is authorized by law to use a public highway for the location of the utility facility, the remaining service life of the utility must be determined by the commissioner and must be paid out of the trunk highway fund whenever the commissioner determines that a relocation of the system is required by the construction of a project on the trunk highway system.

Subd. 3. **Bridge.** "Bridge" is defined as a structure, including supports erected over a depression or an obstruction, such as water, a highway, or a railway, having a track or passageway for carrying traffic or other moving loads, and having an opening measured horizontally along the center of the roadway of ten feet or more between undercopings of abutments, between the spring line of arches, or between the extreme ends of openings for multiple boxes. Bridge also includes multiple pipes where the clear distance between openings is less than one-half of the smaller contiguous opening. This definition of a bridge includes only those railroad and pedestrian bridges over structures carrying

vehicular traffic on a public highway or street. Structures carrying railroad, all-terrain vehicle, snowmobile, or pedestrian traffic are included in this definition only if the structures cross over a public highway or street.

Sec. 4. Minnesota Statutes 2024, section 165.01, is amended by adding a subdivision to read:

Subd. 3a. **Bridge and Structure Inspection Program Manual (BSIPM).** "BSIPM" means the Bridge and Structure Inspection Program Manual developed by the Department of Transportation Bridge Office to outline inspection and inventory procedures for bridges and tunnels in Minnesota.

165.03 STRENGTH OF BRIDGE; INSPECTION AND LOAD RATING.

~~Subdivision 1. **Standards generally.** Each bridge, including a privately owned bridge, must conform to the strength, width, clearance, and safety standards imposed by the commissioner for the connecting highway or street. This subdivision applies to a bridge that is constructed after August 1, 1989, on any public highway or street. The bridge must have sufficient strength to support with safety the maximum vehicle weights allowed under sections 169.822 to 169.829 and must have the minimum width specified in section 165.04, subdivision 3.~~

~~Subd. 1a. **Inspection.** (a) Each bridge must be inspected annually, unless a longer interval not to exceed 24 months for bridges or 48 months for bridges classified as culverts is authorized by the commissioner. The commissioner's authorization must be based on factors including, but not limited to, the age and condition of the bridge, the rate of deterioration of the bridge, the type of structure, the susceptibility of the bridge to failure, and the characteristics of traffic on the bridge. The commissioner may require interim inspections at intervals of less than one year on bridges that are posted, bridges subjected to extreme scour conditions, bridges subject to significant substructure movement or settlement, and for other reasons as specified or inferred in the AASHTO manual.~~

~~(b) Additional requirements apply to structures meeting the NBIS definition of a bridge:~~

~~(1) Underwater structural elements must be inspected at regular intervals not to exceed 60 months. The commissioner may require inspections at intervals of less than 60 months on certain underwater structural elements based on factors including, but not limited to, construction material, environment, age, scour characteristics, the condition ratings from past inspections, and any known deficiencies.~~

~~(2) Fracture critical members, or FCMs, must receive a hands-on fracture critical inspection at intervals not to exceed 24 months. The commissioner may require inspections at intervals of less than 24 months on certain FCMs based on factors including, but not limited to, age, traffic characteristics, and any known deficiencies.~~

~~(3) The commissioner may establish criteria to determine the level and frequency of these inspections. If warranted by special circumstances, the commissioner retains the authority to determine the inspection type and required inspection frequency for any bridge on the state inventory.~~

(a) Each bridge meeting the definition of a bridge in section 650.305 of the National Bridge Inspection Standards (NBIS) must be inspected at intervals based on the requirements in section 650.311 of the NBIS. The commissioner may require inspections at intervals less than those required by the NBIS based on factors including but not limited to the age and condition of the bridge, the rate of deterioration of the bridge, the type of structure, the susceptibility of the bridge to failure, and the characteristics of traffic on the bridge.

(b) Each bridge meeting the definition of a bridge under section 165.01, subdivision 3, but not meeting the definition of a bridge in section 650.305 of the NBIS must be inspected at intervals determined by the commissioner based on factors including but not limited to the age and condition of the bridge, the rate of deterioration of the bridge, the type of structure, the susceptibility of the bridge to failure, and the characteristics of traffic on the bridge.

(c) The interval tolerances outlined in section 650.311, paragraph (e), of the NBIS apply to all bridge inspection types.

~~(e) (d) The thoroughness of each inspection depends on such factors as including age, traffic characteristics, state of maintenance, and known deficiencies. The evaluation of these factors is the responsibility of the engineer assigned the responsibility for inspection as defined by the commissioner of transportation.~~

(e) For railroad, all-terrain vehicle, snowmobile, or pedestrian bridges, only those spans passing over a public highway or street are required to be inspected.

Subd. 2. Inspection and inventory responsibilities; rules; forms. ~~(a) The commissioner of transportation will~~ must adopt the National Bridge Inspection Standards (NBIS) established by the Federal Highway Administration in Code of Federal Regulations, title 23, part 650, subpart C, or its successor documents, for structures meeting the NBIS definition of a bridge. The commissioner ~~shall~~ must establish inspection and inventory standards for structures defined as bridges by section 165.01, subdivision 3.

~~(b) The commissioner of transportation shall~~ must adopt official inventory and bridge inspection report forms for use in making bridge inspections by the owners or highway authorities specified by this subdivision. Inspections must be made at regular intervals, not to exceed the intervals outlined in subdivision 1a, by the following owner or official:

(7) the agency operating the rail transit system for any rail transit bridge crossing over a public highway or street, regardless of the bridge location in the right-of-way.

(c) The commissioner of ~~transportation~~ shall must prescribe the inspection and inventory procedures required to administer the bridge inspection program in Minnesota and has the authority to establish and publish standards that describe the inspection and inventory requirements to ensure compliance with paragraph (a). The owner or highway authority ~~shall must~~ inspect and inventory in accordance with these standards and furnish the commissioner with such the data as may be necessary to maintain a central inventory.

Subd. 3. County inventory and inspection records and reports. The county engineer ~~shall~~ must maintain a complete inventory record of all bridges as set forth in subdivision 2, paragraph (b), clause (2), with including the inspection reports ~~thereof~~, and ~~shall must~~ shall must certify annually to the commissioner, as prescribed by the commissioner, that inspections have been made at regular intervals, not to exceed the intervals outlined in subdivision 1a. A report of the inspections must be filed annually, ~~on or before February 15 of each year,~~ with the county auditor or town clerk; or the governing body of the municipality. The report must identify any deficiency requiring action, including the legal posting of load limits or the need to have a load rating analysis performed, on any bridge or structure that is found to be understrength or unsafe. The report may also contain other recommendations for improving the safety of understrength or unsafe bridges.

Subd. 4. Municipal inventory and inspection records and reports. The city engineer ~~shall~~ must maintain a complete inventory record of all bridges as set forth in subdivision 2, paragraph (b), clause (3), with including the inspection reports ~~thereof~~, and ~~shall must~~ shall must certify annually to the commissioner, as prescribed by the commissioner, that inspections have been made at regular intervals, not to exceed the intervals outlined in subdivision 1a. Subd. 6a. **Bridge load rating and posting.** (a) The term "posting" means the placement of regulatory signs at a bridge indicating the safe load carrying capacity of the bridge.

(b) Each structure required to be inspected under subdivision 2, paragraph (a), that carries roadway vehicular traffic must be load rated to determine its safe load carrying capacity, and this rating must be reported on a structure inventory sheet form provided by the commissioner of ~~transportation~~. A structure must be rerated when it is determined that a significant change has occurred in the condition of the structure or due to additional dead load placed on the structure since the last load rating. Load ratings must be reviewed and the structure rerated if necessary when the allowable legal load using the structure is increased. Changes in the load rating of a bridge must be indicated on the structure inventory sheet form.

(c) If it is determined that the maximum legal load under state law exceeds the load permitted on the structure under the operating rating stress level assigned, the bridge must be posted. Posting signs adopted by the commissioner ~~shall~~ must be used for the posting. The owner or highway authority ~~shall~~ must post the bridge in accordance with the posted load assigned by the commissioner.

Subd. 7. **Department of Natural Resources bridge.** (a) Notwithstanding subdivision 2, the commissioners of transportation and natural resources ~~shall~~ must negotiate a memorandum of understanding that governs the inspection of bridges owned, operated, or maintained by the commissioner of natural resources.

The legislative auditor must calculate compensation using base salary, overtime wages, and premium pay. Premium pay is payment that is received by a majority of employees and includes but is not limited to education pay and longevity pay. The legislative auditor must not include any payments made to officers or troopers for work performed for an entity other than the agency that employs the officer or trooper, regardless of who makes the payment. ~~The legislative auditor must also include in the survey all benefits, including insurance, retirement, and pension benefits. (e) It is the legislature's intent to use the information in this study to compare salaries between the identified police departments and the State Patrol and to make appropriate increases to patrol trooper, captain, and lieutenant salaries. Nothing in this subdivision precludes the collective bargaining of salaries or compensation in excess of salaries or compensation supported by the salary survey. Salary adjustments for supervisory ranks, including corporals, sergeants, lieutenants, and captains, must be proportionate to the salary adjustments made for patrol troopers resulting from the survey. This subdivision does not expand the scope of the salary survey beyond patrol troopers. For purposes of this paragraph, "patrol troopers" has the meaning given in subdivision 2, paragraph (a).

EFFECTIVE DATE. This section is effective July 1, 2027.

Sec. 13. Minnesota Statutes 2024, section 62A.021, subdivision 1, is amended to read:

Subdivision 1. **Loss ratio standards.** (a) Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, and except as otherwise authorized by section 62A.02, subdivision 3a, for individual policies or certificates, health care policies or certificates shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policies or certificates can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policies or certificates, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27, calculated on an aggregate basis; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of each policy form or certificate form issued in the individual market; calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. Assessments by the reinsurance association created in chapter 62L and all types of taxes, surcharges, or assessments created by Laws 1992, chapter 549, or created on or after April 23, 1992, are included in the calculation of incurred claims experience or incurred health care expenses. The applicable percentage for policies and certificates issued in the small employer market, as defined in section 62L.02, increases by one percentage point on July 1 of each year, beginning on July 1, 1994, until an 82 percent loss ratio is reached on July 1, 2000. The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on July 1 of each year, beginning on July 1, 1994, until a 72 percent loss ratio is reached on July 1, 2000. A health carrier that enters a market after July 1, 1993, does not start at the beginning of the phase-in schedule and must instead comply with the loss ratio requirements applicable to other health carriers in that market for each time period. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

(b) All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

(c) A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section, the commissioner shall notify the health carrier in writing of the deficiency. The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

(d) Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

(e)(1) For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

(2) For purposes of this section, (i) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (ii) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state.

(f) The loss ratio phase-in as described in paragraph (a) does not apply to individual policies and small employer policies issued by a health plan company that is assessed less than three percent of the total annual amount assessed by the Minnesota Comprehensive Health Association. These policies must meet a 68 percent loss ratio for individual policies, a 71 percent loss ratio for small employer policies with fewer than ten employees, and a 75 percent loss ratio for all other small employer policies.

(g) Notwithstanding paragraphs (a) and (f), the loss ratio shall be 60 percent for a health plan as defined in section 62A.011, offered by an insurance company licensed under chapter 60A that is assessed less than ten percent of the total annual amount assessed by the Minnesota Comprehensive Health Association. For purposes of the percentage calculation of the association's assessments, an insurance company's assessments include those of its affiliates.

(h) The ~~commissioners~~ commissioner of commerce and health ~~shall each~~ must annually issue a public report listing, by health plan company, the actual loss ratios experienced in the individual and small employer markets in this state ~~by the health plan companies that the commissioners respectively regulate. The commissioners shall coordinate release of these reports so as to release them as a joint report or as separate reports issued the same day.~~ The report or reports shall be released no later than June 1 for loss ratios experienced for the preceding calendar year. Health plan companies shall provide to the ~~commissioners~~ commissioner any information requested by the ~~commissioners~~ commissioner for purposes of this paragraph.

EFFECTIVE DATE. This section is effective July 1, 2027.

Sec. 14. Minnesota Statutes 2024, section 62A.61, is amended to read:

62A.61 DISCLOSURE OF METHODS USED BY HEALTH CARRIERS TO DETERMINE USUAL AND CUSTOMARY FEES.

(a) A health carrier that bases reimbursement to health care providers upon a usual and customary fee must maintain in its office a copy of a description of the methodology used to calculate fees including at least the following:

- (1) the frequency of the determination of usual and customary fees;
- (2) a general description of the methodology used to determine usual and customary fees; and
- (3) the percentile of usual and customary fees that determines the maximum allowable reimbursement.

(b) A health carrier must provide a copy of the information described in paragraph (a) to the commissioner of health or the commissioner of commerce, upon request.

(c) The ~~commissioner of health or the commissioner of commerce, as appropriate,~~ may use ~~to enforce this section~~ any enforcement powers otherwise available to the commissioner with respect to the health carrier to enforce this section. The commissioner of ~~health or commerce, as appropriate,~~ may require health carriers to provide the information required under this section and may use any powers granted under other laws relating to the regulation of health carriers to enforce compliance.

(d) For purposes of this section, "health carrier" has the meaning given in section 62A.011.

(e) "Usual and customary" means the normal charge, in the absence of insurance, of the provider for a service or article, but not more than the prevailing charge in the area for like service or article. A "like service" is the same nature and duration, requires the same skill, and is performed by a provider of similar training and experience. A "like article" is one that is identically or substantially equivalent. "Area" means the municipality or, in the case of a large city, a subdivision of the city, in which the service or article is actually provided or a greater area as is necessary to obtain a representative cross-section of charges for like service or article.

EFFECTIVE DATE. This section is effective July 1, 2027.

Sec. 15. Minnesota Statutes 2024, section 62A.65, subdivision 7, is amended to read:

Subd. 7. **Short-term coverage.** (a) For purposes of this section, "short-term coverage" means an individual health plan that:

(1) is issued to provide coverage for a period of 185 days or less, except that the health plan may permit coverage to continue until the end of a period of hospitalization for a condition for which the covered person was hospitalized on the day that coverage would otherwise have ended;

(2) is nonrenewable, provided that the health carrier may provide coverage for one or more subsequent periods that satisfy clause (1), if the total of the periods of coverage do not exceed a total of 365 days out of any 555-day period, plus any additional days covered as a result of hospitalization on the day that a period of coverage would otherwise have ended;

(3) does not cover any preexisting conditions, including ones that originated during a previous identical policy or contract with the same health carrier where coverage was continuous between the previous and the current policy or contract; and

(4) is available with an immediate effective date without underwriting upon receipt of a completed application indicating eligibility under the health carrier's eligibility requirements, provided that coverage that includes optional benefits may be offered on a basis that does not meet this requirement.

(b) Short-term coverage is not subject to subdivisions 2 and 5. Short-term coverage may exclude as a preexisting condition any injury, illness, or condition for which the covered person had medical treatment, symptoms, or any manifestations before the effective date of the coverage, but dependent children born or placed for adoption during the policy period must not be subject to this provision.

(c) Notwithstanding subdivision 3, and section 62A.021, a health carrier may combine short-term coverage with its most commonly sold individual qualified plan, as defined in section 62E.02, other than short-term coverage, for purposes of complying with the loss ratio requirement.

(d) The 365-day coverage limitation provided in paragraph (a) applies to the total number of days of short-term coverage that covers a person, regardless of the number of policies, contracts, or health carriers that provide the coverage. A written application for short-term coverage must ask the applicant whether the applicant has been covered by short-term coverage by any health carrier within the 555 days immediately preceding the effective date of the coverage being applied for. Short-term coverage issued in violation of the 365-day limitation is valid until the end of its term and does not lose its status as short-term coverage, in spite of the violation. A health carrier that knowingly issues short-term coverage in violation of the 365-day limitation is subject to the administrative penalties otherwise available to the commissioner of commerce ~~or the commissioner of health~~, as appropriate.

EFFECTIVE DATE. This section is effective July 1, 2027.

Sec. 16. Minnesota Statutes 2024, section 62A.65, subdivision 8, is amended to read:

Subd. 8. **Cessation of individual business.** Notwithstanding the provisions of subdivisions 1 to 7, a health carrier may elect to cease doing business in the individual health plan market in this state if it complies with the requirements of this subdivision. For purposes of this section, "cease doing business" means to discontinue issuing new individual health plans and to refuse to renew all of the health carrier's existing individual health plans issued in this state whose terms permit refusal

to renew under the circumstances specified in this subdivision. This subdivision does not permit cancellation of an individual health plan, unless the terms of the health plan permit cancellation under the circumstances specified in this subdivision. A health carrier electing to cease doing business in the individual health plan market in this state shall notify the commissioner 180 days prior to the effective date of the cessation. Within 30 days after the termination, the health carrier shall submit to the commissioner a complete list of policyholders that have been terminated. The cessation of business does not include the failure of a health carrier to offer or issue new business in the individual health plan market or continue an existing product line in that market, provided that a health carrier does not terminate, cancel, or fail to renew its current individual health plan business. A health carrier electing to cease doing business in the individual health plan market shall provide 120 days' written notice to each policyholder covered by an individual health plan issued by the health carrier. This notice must also inform each policyholder of the existence of the Minnesota Comprehensive Health Association, the requirements for being accepted, the procedures for applying for coverage, and the telephone numbers at the ~~Department of Health and the~~ Department of Commerce for information about private individual or family health coverage. A health carrier that ceases to write new business in the individual health plan market shall continue to be governed by this section with respect to continuing individual health plan business conducted by the health carrier. A health carrier that ceases to do business in the individual health plan market after July 1, 1994, is prohibited from writing new business in the individual health plan market in this state for a period of five years from the date of notice to the commissioner. This subdivision applies to any health maintenance organization that ceases to do business in the individual health plan market in one service area with respect to that service area only. Nothing in this subdivision prohibits an affiliated health maintenance organization from continuing to do business in the individual health plan market in that same service area. The right to refuse to renew an individual health plan under this subdivision does not apply to individual health plans issued on a guaranteed renewable basis that does not permit refusal to renew under the circumstances specified in this subdivision.

EFFECTIVE DATE. This section is effective July 1, 2027.

Sec. 17. [62D.015] REGULATORY DUTIES; TRANSFER.

Subdivision 1. Transfer and restructuring. (a) The regulatory oversight with respect to health maintenance organizations transfers from the commissioner of health to the commissioner of commerce on July 1, 2027.

(b) The agency restructuring under this section must be conducted in accordance with sections 15.039 and 43A.045.

Subd. 2. Succession; employees; liability. (a) Employees related to the functions assigned to the commissioner of health are transferred to the Department of Commerce 30 days after the date the commissioner of health approves the transfer.

(b) An employee transferred under paragraph (a):

(1) must not have the employee's employment status or job classification altered as a result of the transfer;

(2) if represented by an exclusive representative before the transfer, remains represented by the same exclusive representative after the transfer occurs;

(3) if an applicable collective bargaining agreement with an exclusive representative was effective before the transfer, remains subject to the collective bargaining agreement for the remainder of the agreement's term; and

(4) if employed in a temporary unclassified position, the total length of time that the employee has served in the appointment includes all time served in the appointment at the transferring agency and the time served in the appointment at the department. An employee in a temporary unclassified position who was hired by a transferring agency through an open competitive selection process in accordance with a policy enacted by the commissioner of management and budget is considered to have been hired through an open competitive selection process after the transfer.

(c) The state must meet and negotiate with the exclusive representatives of transferred employees regarding proposed changes that affect or relate to the transferred employees' terms and conditions of employment to the extent that the proposed changes are not addressed in the applicable collective bargaining agreement.

(d) If the state transfers ownership or control of a department facility, service, or operation to a private or public entity by subcontracting, sale, assignment, lease, or other transfer, the state must require as a written condition of the transfer of ownership or control:

(1) an employee who performs work in the facility, service, or operation must be offered employment with the entity acquiring ownership or control before the entity offers employment to another individual who was not employed by the transferring agency at the time the transfer occurs; and

(2) the entity acquiring ownership or control is prohibited from reducing the transferred employee's wage and benefit standards until the collective bargaining agreement in effect at the time the transfer occurs expires or for a period of two years after the transfer occurs, whichever is longer.

(e) The state of Minnesota and the state's officers or agents are not liable for and are not subject to a cause of action arising from the action or inaction of an entity acquiring ownership or control of a department facility, service, or operation.

EFFECTIVE DATE. This section is effective July 1, 2027.

(d) A health plan company must not impose an NQTL with respect to mental health and substance use disorders in any classification of benefits unless, under the terms of the health plan as written and in operation, any processes, strategies, evidentiary standards, or other factors used in applying the NQTL to mental health and substance use disorders in the classification are comparable to, and are applied no more stringently than, the processes, strategies, evidentiary standards, or other factors used in applying the NQTL with respect to medical and surgical benefits in the same classification.

This paragraph does not apply if the service provided by the clinical trainee:

(1) is not within the clinical trainee's scope of practice under section 245I.04, subdivision 7; or

(2) is not a covered service if performed by an independently licensed mental health professional at the same clinic.

EFFECTIVE DATE. This section is effective January 1, 2027, for health plans offered, issued, sold, or renewed on or after that date.

(b) For purposes of this section, a period of home care nursing services may be subject to the co-payment, coinsurance, deductible, or other enrollee cost-sharing requirements that apply under the health plan. Cost-sharing requirements for home care nursing services must not place a greater

financial burden on the insured or enrollee than those requirements applied by the health plan to other similar services or benefits. Nothing in this section is intended to prevent a health plan company from requiring prior authorization by the health plan company for such services as required by section 256B.0625, subdivision 7, or use of contracted providers under the applicable provisions of the health plan.

(c) Notwithstanding section 62J.26, a health plan must not impose any quantity limitation on the coverage under this section.

(d) Notwithstanding section 62J.26, a health plan must refer to all services meeting the definition of home care nursing services in paragraph (e) as home care nursing services in the health plan's policy, certificate, contract, or other evidence of coverage and related documents, including but not limited to utilization review policies, claims forms, instructions, and communications to enrollees and providers.

(e) For purposes of this section, "home care nursing services" means ongoing, individual, and continuous nursing services that are:

(1) ordered by a physician, advanced practice registered nurse, or physician assistant;

(2) provided by a registered nurse or licensed practical nurse acting within the provider's scope of practice;

(3) medically necessary to maintain, stabilize, or restore the recipient's health due to medical complexity or the need for sustained skilled nursing assessment, intervention, or monitoring; and

(4) required for a duration or frequency that cannot be safely or effectively met through intermittent, episodic, or visit-based nursing services.

EFFECTIVE DATE. Paragraph (c) is effective January 1, 2026, and applies to policies issued, offered, or renewed and causes of action accruing on or after that date. Paragraphs (d) and (e) are effective August 1, 2026.

Sec. 9. Minnesota Statutes 2024, section 72A.13, subdivision 1, is amended to read:

Subdivision 1. **Penalties.** Any company, corporation, association, society, or other insurer, or any officer or agent thereof, which or who solicits, issues or delivers to any person in this state any policy in violation of the provisions of sections 60A.06, subdivision 3 ~~or~~, 62A.01 to 62A.10, or 62A.70 may be punished by a fine of not more than \$200 for each offense, and the commissioner may revoke the license of any company, corporation, association, society, or other insurer of another state or country, or of the agent thereof, which or who willfully violates any provision of sections 60A.06, subdivision 3 ~~or~~, 62A.01 to 62A.10, or 62A.70.

Sec. 10. Minnesota Statutes 2024, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. **Eligibility for funding for services for nonmedical assistance recipients.** (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person is a citizen of the United States or a United States national;

(2) the person has been determined by a community assessment under section 256B.0911 to be a person who would require the level of care provided in a nursing facility, as determined under section 256B.0911, subdivision 26, but for the provision of services under the alternative care program;

(3) the person is age 65 or older;

(4) the person would be eligible for medical assistance within 135 days of admission to a nursing facility;

(5) the person is not ineligible for the payment of long-term care services by the medical assistance program due to an asset transfer penalty under section 256B.0595 or equity interest in the home exceeding \$500,000 as stated in section 256B.056;

(6) the person needs long-term care services that are not funded through other state or federal funding, or other health insurance or other third-party insurance such as long-term care insurance. For purposes of this clause, short-term home health and nursing care insurance under section 62A.70 does not constitute health or other third-party insurance;

(7) except for individuals described in clause (8), the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the monthly limit described under section 256S.18. This monthly limit does not prohibit the alternative care client from payment for additional services, but in no case may the cost of additional services purchased under this section exceed the difference between the client's monthly service limit defined under section 256S.04, and the alternative care program monthly service limit defined in this paragraph. If care-related supplies and equipment or environmental modifications and adaptations are or will be purchased for an alternative care services recipient, the costs may be prorated on a monthly basis for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's other alternative care services exceeds the monthly limit established in this paragraph, the annual cost of the alternative care services shall be determined. In this event, the annual cost of alternative care services shall not exceed 12 times the monthly limit described in this paragraph;

(8) for individuals assigned a case mix classification A as described under section 256S.18, with (i) no dependencies in activities of daily living, or (ii) up to two dependencies in bathing, dressing, grooming, walking, and eating when the dependency score in eating is three or greater as determined by an assessment performed under section 256B.0911, the monthly cost of alternative care services funded by the program cannot exceed \$593 per month for all new participants enrolled in the program on or after July 1, 2011. This monthly limit shall be applied to all other participants who meet this criteria at reassessment. This monthly limit shall be increased annually as described in section 256S.18. This monthly limit does not prohibit the alternative care client from payment for additional services, but in no case may the cost of additional services purchased exceed the difference between the client's monthly service limit defined in this clause and the limit described in clause (7) for case mix classification A;

(9) the person is making timely payments of the assessed monthly fee. A person is ineligible if payment of the fee is over 60 days past due, unless the person agrees to:

(i) the appointment of a representative payee;

(ii) automatic payment from a financial account;

(iii) the establishment of greater family involvement in the financial management of payments;
or

(iv) another method acceptable to the lead agency to ensure prompt fee payments; and

(10) for a person participating in consumer-directed community supports, the person's monthly service limit must be equal to the monthly service limits in clause (7), except that a person assigned a case mix classification L must receive the monthly service limit for case mix classification A.

(b) The lead agency may extend the client's eligibility as necessary while making arrangements to facilitate payment of past-due amounts and future premium payments. Following disenrollment due to nonpayment of a monthly fee, eligibility shall not be reinstated for a period of 30 days.

(c) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spenddown or waiver obligation. A person whose initial application for medical assistance and the elderly waiver program is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, medical assistance must be billed for services payable under the federally approved elderly waiver plan and delivered from the date the individual was found eligible for the federally approved elderly waiver plan. Notwithstanding this provision, alternative care funds may not be used to pay for any service the cost of which: (i) is payable by medical assistance; (ii) is used by a recipient to meet a waiver obligation; or (iii) is used to pay a medical assistance income spenddown for a person who is eligible to participate in the federally approved elderly waiver program under the special income standard provision.

(d) Alternative care funding is not available for a person who resides in a licensed nursing home, certified boarding care home, hospital, or intermediate care facility, except for case management services which are provided in support of the discharge planning process for a nursing home resident or certified boarding care home resident to assist with a relocation process to a community-based setting.

(e) Alternative care funding is not available for a person whose income is greater than the maintenance needs allowance under section 256S.05, but equal to or less than 120 percent of the federal poverty guideline effective July 1 in the fiscal year for which alternative care eligibility is determined, who would be eligible for the elderly waiver with a waiver obligation.

(1) **Required filing of records.** With respect to a federal covered security, as defined in Section 18(b)(2) of the Securities Act of 1933 (15 U.S.C. Section 77r(b)(2)), that is not otherwise exempt under sections 80A.45 through 80A.47, a rule adopted or order issued under this chapter may require the filing of any or all of the following records:

(A) before the initial offer of a federal covered security in this state, all records that are part of a federal registration statement filed with the Securities and Exchange Commission under the Securities Act of 1933 and a consent to service of process complying with section 80A.88 signed by the issuer;

(B) after the initial offer of the federal covered security in this state, all records that are part of an amendment to a federal registration statement filed with the Securities and Exchange Commission under the Securities Act of 1933; and

(C) to the extent necessary or appropriate to compute fees, a report of the value of the federal covered securities sold or offered to persons present in this state, if the sales data are not included in records filed with the Securities and Exchange Commission.

(2) **Notice filing effectiveness and renewal.** A notice filing under subsection (a) is effective for one year commencing on the later of the notice filing or the effectiveness of the offering filed with the Securities and Exchange Commission. On or before expiration, the issuer may renew a notice filing by filing a copy of those records filed by the issuer with the Securities and Exchange Commission that are required by rule or order under this chapter to be filed. A previously filed consent to service of process complying with section 80A.88 may be incorporated by reference in a renewal. A renewed notice filing becomes effective upon the expiration of the filing being renewed.

(3) **Notice filings for federal covered securities under section 18(b)(4)(D).** With respect to a security that is a federal covered security under Section 18(b)(4)(D) of the Securities Act of 1933 (15 U.S.C. Section 77r(b)(4)(D)), a rule under this chapter may require a notice filing by or on behalf of an issuer to include a copy of Form D, including the Appendix, as promulgated by the Securities and Exchange Commission, and a consent to service of process complying with section 80A.88 signed by the issuer not later than 15 days after the first sale of the federal covered security in this state.

(4) **Stop orders.** Except with respect to a federal security under Section 18(b)(1) of the Securities Act of 1933 (15 U.S.C. Section 77r(b)(1)), if the administrator finds that there is a failure to comply with a notice or fee requirement of this section, the administrator may issue a stop order suspending the offer and sale of a federal covered security in this state. If the deficiency is corrected, the stop order is void as of the time of its issuance and no penalty may be imposed by the administrator.

(b) Small corporation offering registration.

(1) **Registration required.** A security meeting the conditions set forth in this section may be registered as set forth in this section.

(2) **Availability.** Registration under this section is available only to the issuer of securities and not to an affiliate of the issuer or to any other person for resale of the issuer's securities. The issuer must be organized under the laws of one of the states or possessions of the United States. The securities offered must be exempt from registration under the Securities Act of 1933 pursuant to Rule 504 of Regulation D (15 U.S.C. Section 77c).

(3) **Disqualification.** Registration under this section is not available to any of the following issuers:

(A) an issuer subject to the reporting requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934;

(B) an investment company;

(C) a development stage company that either has no specific business plan or purpose or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies or other entity or person;

(D) an issuer if the issuer or any of its predecessors, officers, directors, governors, partners, ten percent stock or equity holders, promoters, or any selling agents of the securities to be offered, or any officer, director, governor, or partner of the selling agent:

(i) has filed a registration statement that is the subject of a currently effective registration stop order entered under a federal or state securities law within five years before the filing of the small corporate offering registration application;

(ii) has been convicted within five years before the filing of the small corporate offering registration application of a felony or misdemeanor in connection with the offer, purchase, or sale of a security or a felony involving fraud or deceit, including, but not limited to, forgery, embezzlement, obtaining money under false pretenses, larceny, or conspiracy to defraud;

(iii) is currently subject to a state administrative enforcement order or judgment entered by a state securities administrator or the Securities and Exchange Commission within five years before the filing of the small corporate offering registration application, or is subject to a federal or state administrative enforcement order or judgment in which fraud or deceit, including, but not limited to, making untrue statements of material facts or omitting to state material facts, was found and the order or judgment was entered within five years before the filing of the small corporate offering registration application;

(iv) is currently subject to an order, judgment, or decree of a court of competent jurisdiction temporarily restraining or enjoining, or is subject to an order, judgment, or decree of a court of competent jurisdiction permanently restraining or enjoining the party from engaging in or continuing any conduct or practice in connection with the purchase or sale of any security or involving the making of a false filing with a state or with the Securities and Exchange Commission entered within five years before the filing of the small corporate offering registration application; or

(v) is subject to a state's administrative enforcement order, or judgment that prohibits, denies, or revokes the use of an exemption for registration in connection with the offer, purchase, or sale of securities,

(I) except that clauses (i) to (iv) do not apply if the person subject to the disqualification is duly licensed or registered to conduct securities-related business in the state in which the administrative order or judgment was entered against the person or if the dealer employing the party is licensed or registered in this state and the form BD filed in this state discloses the order, conviction, judgment, or decree relating to the person, and

(II) except that the disqualification under this subdivision is automatically waived if the state securities administrator or federal agency that created the basis for disqualification determines upon a showing of good cause that it is not necessary under the circumstances to deny the registration.

(4) Filing and effectiveness of registration statement. A small corporate offering registration statement must be filed with the administrator. If no stop order is in effect and no proceeding is pending under section 80A.54, such registration statement shall become effective automatically at

the close of business on the 20th day after filing of the registration statement or the last amendment of the registration statement or at such earlier time as the administrator may designate by rule or order. For the purposes of a nonissuer transaction, other than by an affiliate of the issuer, all outstanding securities of the same class identified in the small corporate offering registration statement as a security registered under this chapter are considered to be registered while the small corporate offering registration statement is effective. A small corporate offering registration statement is effective for one year after its effective date or for any longer period designated in an order under this chapter. A small corporate offering registration statement may be withdrawn only with the approval of the administrator.

(5) **Contents of registration statement.** A small corporate offering registration statement under this section shall be on Form U-7, including exhibits required by the instructions thereto, as adopted by the North American Securities Administrators Association, or such alternative form as may be designated by the administrator by rule or order and must include:

(E) the states (i) in which the securities are proposed to be offered; (ii) in which a registration statement or similar filing has been made in connection with the offering including information as to effectiveness of each such filing; and (iii) in which a stop order or similar proceeding has been entered or in which proceedings or actions seeking such an order are pending;

(F) a copy of the offering document proposed to be delivered to offerees; and

(G) a copy of any other pamphlet, circular, form letter, advertisement, or other sales literature intended as of the effective date to be used in connection with the offering and any solicitation of interest used in compliance with section 80A.46(17)(B).

(6) **Copy to purchaser.** A copy of the offering document as filed with the administrator must be delivered to each person purchasing the securities prior to sale of the securities to such person.

(c) **Offering limit.** Offers and sales of securities under a small corporate offering registration as set forth in this section are allowed up to the limit prescribed by Code of Federal Regulations, title 17, part 230.504 (b)(2), as amended.

This paragraph applies to offerings made under Regulation Crowdfunding, Code of Federal Regulations, title 17, part 227, and sections 4(a)(6) and 18(b)(4)(C) of the Securities Act of 1933, United States Code, title 15, sections 77d(A)(6) and 77r(b)(4)(C).

(1) Initial filing. (B) a cover letter or other document requesting renewal.

(3) **Amendment.** An issuer may increase the amount of securities offered in Minnesota by submitting (i) a completed Uniform Notice of Federal Crowdfunding Offering form that is marked "amendment," or (ii) another document that describes the modified transaction.

Subd. 2. **General requirements.** (a) A violation of an applicable state law or administrative rule, a federal law or regulation, or a state or federal program is a violation of this section.

(b) In addition to complying with this section, a servicer must comply with:

(1) other applicable sections of this chapter;

(2) other applicable state law, including but not limited to chapters 46A, 47, 580, 581, and 582;

Subd. 4. **Payment processing and fees.** (a) A servicer must comply with section 47.59, subdivision 9a, regarding prompt crediting of payments, if the borrower has provided sufficient information to credit the account. A servicer must apply the payment as specified in the loan documents.

(b) A servicer may enter into a written contract with the borrower that allows the servicer to hold certain types of money, or money sent by a certain method, for a period of time until the money is available before crediting the money to the borrower's account.

(c) A servicer must notify the borrower if a payment is received, not credited, and placed in a suspense account. The servicer must send the notification to the borrower within ten business days by United States mail to the borrower's last known address. The notification must identify (1) the reason the payment was not credited or treated as credited to the account, and (2) any actions the borrower must take to make the residential mortgage loan current. If a servicer provides monthly or more frequent statements that include the information under this paragraph, the servicer is not required to provide the information in an additional notice. If this paragraph conflicts with the requirements of an applicable bankruptcy court order, compliance with the bankruptcy court requirements constitutes compliance with this paragraph or paragraph (d).

(d) When a suspense account contains enough money to make a full payment, a servicer must apply the payment to the mortgage on the date the full amount became available in the suspense account.

(e) A servicer must assess an incurred fee to a borrower's account within 60 days of the date the fee was incurred. A servicer must clearly and conspicuously explain the fee in a statement mailed to the borrower at the borrower's last known address no more than 30 days after the date the fee is assessed. If a servicer provides monthly or more frequent statements that include the information under this paragraph, the servicer is not required to provide the information in an additional notice.

Subd. 5. **Contracting with third-party providers.** A servicer must adopt written policies and procedures governing the oversight of third-party providers, including but not limited to foreclosure trustees, foreclosure firms, subservicers, agents, subsidiaries, and affiliates. A servicer must maintain the policies and procedures as part of the servicer's books and records and must provide the policies and procedures to the commissioner upon request.

Subd. 6. **Maintenance of the escrow account.** (a) If a servicer collects escrow amounts held for the borrower to pay insurance, taxes, or other charges with respect to the property, the servicer must collect and make all payments from the escrow account. To the extent the servicer has control, the servicer must ensure that no late penalties are assessed or other negative consequences result for the borrower.

(b) At least annually or upon the borrower's request, a servicer must inform the borrower in writing regarding the amount of reserve required in an escrow account. The notice must advise the borrower of any fees the borrower incurs (1) for not maintaining the reserve amount, or (2) if the servicer advances escrow amounts on the borrower's behalf and subsequently collects the escrow amounts from the borrower.

(c) A servicer may enter into a written agreement with the borrower that specifies the servicer is not required to make escrow payments unless money is available in the escrow account. An agreement under this paragraph must include language that provides notice to the borrower that the borrower is responsible to pay the escrow amounts if an amount sufficient to pay the escrow amounts is not maintained in the escrow account.

(d) A servicer must notify the borrower within ten business days of the date a change is made to the escrow account that modifies the borrower's escrow payment amount. A change requiring notification includes but is not limited to hazard insurance premiums, a reduction in the required reserve amount for the account, or a change in the property's tax assessment. A change resulting from a borrower's regularly scheduled payment is not a change requiring notification.

Subd. 7. Borrower requests for information. (a) A servicer must make a reasonable attempt to comply with a borrower's request for information, including a request for information about loss mitigation, regarding the residential mortgage loan account and must respond to a dispute initiated by the borrower about the loan account. A reasonable attempt under this subdivision includes but is not limited to:

(1) maintaining written or electronic records of each written request for information involving the borrower's account until the residential mortgage loan is paid in full, sold, or otherwise satisfied; and

(2) providing a written statement to the borrower within 30 business days of the date a written request is received from the borrower or by following the response timelines provided by a loss mitigation program. A borrower's request must include the borrower's name and account number, if any, a statement that the account is or may be in error, and sufficient detail regarding the information sought by the borrower to permit the servicer to comply.

(b) At a minimum, a servicer must provide the following information in response to a borrower request received under this subdivision:

(1) whether the account is current or, if the account is not current, an explanation regarding the default and the date the account entered default;

(2) the current balance due on the residential mortgage loan, including the principal due; the amount of money, if any, held in a suspense account; the amount of the escrow balance known to the servicer, if any; and whether any escrow deficiencies or shortages are known to the servicer;

(3) the identity, address, and other relevant information about the current holder, owner, or assignee of the residential mortgage loan; and

(4) the telephone number and mailing address of an individual servicer representative with the information and authority to answer questions and resolve disputes.

(c) A servicer must promptly correct errors and refund fees assessed to the borrower resulting from an error the servicer made.

(d) If the content of a servicer's response meets the requirements under RESPA for a response to a qualified written request, the servicer has complied with this subdivision. A servicer deemed compliant with this subdivision under this paragraph must separately comply with paragraph (c).

(e) In addition to the statement described under paragraph (a), clause (2), a borrower may request more detailed information from a servicer. A servicer that receives a request under this paragraph must provide the information to the borrower within 30 business days of the date a written request from the borrower is received. A borrower's request must include the borrower's name and account

number, if any, a statement that the account is or may be in error, and sufficient detail to the servicer regarding information sought by the borrower. If requested by the borrower, a statement provided under this paragraph must also include:

(1) a copy of the original note or, if the original note is unavailable, an affidavit of lost note that includes all endorsements; and

(2) a statement that (i) identifies and itemizes all fees and charges assessed under the loan servicing transaction, (ii) provides a full payment history that identifies in a clear and conspicuous manner all the debits, credits, applications, and disbursements of all payments received from or for the benefit of the borrower, and (iii) identifies other activity on the residential mortgage loan, including escrow account activity and suspense account activity, if any.

(f) For purposes of a borrower request made under paragraph (e) the account history period must cover, at a minimum, the two-year period before the date the request for information is received. If the servicer has not serviced the residential mortgage loan for the entire two-year period, the servicer must provide the information back to the date on which the servicer began servicing the residential mortgage loan and must identify the previous servicer, if known. If a servicer claims delinquent or outstanding sums are owed on the residential mortgage loan prior to the two-year period or the period during which the servicer has serviced the residential mortgage loan, the servicer must provide an account history beginning with the month that the servicer claims any outstanding sums are owed on the residential mortgage loan up to the date the request for the information is received.

(g) If the borrower requests a statement under paragraph (e), a servicer must provide the statement free of charge. A borrower is entitled to only one free statement annually under this paragraph. If a borrower requests more than one statement annually, a servicer may charge \$30 for the second and each subsequent statement.

(3) whether the servicer is licensed with the commissioner; and

(4) that a borrower may file a complaint and obtain information about the servicer by contacting the Department of Commerce. The information provided under this clause must include the department's current telephone contact information and website.

(c) A servicer must establish and maintain a process that enables borrowers to escalate complaints or pending loss mitigation matters for a supervisory-level review.

Subd. 9. **Servicing prohibitions; fair dealing duty.** (a) In addition to the prohibitions and standards of conduct under sections 58.12, subdivision 1, paragraph (b), and 58.13, subdivision 1, a servicer is prohibited from:

(1) engaging in unfair, deceptive, or abusive business practices, or misrepresenting or omitting any material information, in connection with servicing a mortgage loan, including but not limited to misrepresenting the amount, nature, or terms of a fee, payment due, or payment claimed due on the loan, the servicing agreement's terms and conditions, or the borrower's obligations under the loan;

(2) requiring money to be remitted by a method that is more costly to the borrower than a bank, certified check, or attorney's check from an attorney's account; or

(5) structure loan modifications to result in payments that are reasonably affordable and sustainable for the borrower at the time the modification is made.

Subd. 10. **Notices; mailings; evidence of receipt.** (a) A notification, mailing, or other correspondence from a mortgage servicer or third-party provider to a borrower must be provided via first-class mail or email if the borrower has provided an email address for notice or communication purposes.

(b) A servicer must provide a mailing address, facsimile number, email address, and a method to facilitate file transfers via the Internet to produce documents requested from the borrower. An option to transfer files via the Internet must allow both the borrower and servicer to view the documents sent and confirm the date the documents were sent for 60 months after the date the documents were produced to the servicer.

(c) A servicer must provide a detailed description of all items received and the items' expiration dates from a borrower within ten business days of the date an item was received via any medium described under this subdivision.

(a) A reimbursement insurance policy insuring rental home marketplace guarantees must clearly state that upon the provider's default or nonperformance under the rental home marketplace guarantee, the insurer that issued the policy must pay on behalf of the provider any amount the provider is obligated to pay according to the rental home marketplace guarantee.

(b) A reimbursement insurance policy is subject to the laws and regulations governing termination and nonrenewal of insurance policies in Minnesota. The termination of a reimbursement insurance policy does not reduce the issuer's responsibility for rental home marketplace guarantees issued by providers before the termination's effective date.

(c) A provider is the agent of the insurer that issued the reimbursement insurance policy. The insurer retains the right to seek indemnification or subrogation from the provider if the insurer pays or is obligated to pay the platform contract holder the amount the provider was obligated to pay under the rental home marketplace guarantee. This chapter does not prevent or limit the insurer's right in this regard.

Sec. 25. [59E.06] CONSUMER PROTECTION AND DISCLOSURES.

(a) A rental home marketplace guarantee must include a statement in substantially the following form: "This rental home marketplace guarantee is not an insurance contract."

(b) A rental home marketplace guarantee must contain a statement in substantially the following form: "The provider's obligations are backed by a reimbursement insurance policy. If the provider is unable or fails to perform on the provider's contractual obligation under a rental home marketplace guarantee within 90 days after the date proof of loss is filed, a platform user is entitled to make a claim directly against the insurance company subject to the terms of the policy."

(c) A rental home marketplace guarantee must be written in clear, understandable language and must specify the terms, limitations, exceptions, conditions, or exclusions, including conditions governing transferability or termination.

(d) A provider is prohibited from making, permitting, or causing to be made a false or misleading statement, or deliberately omitting a material statement whose omission is considered misleading, in connection with offering or advertising a rental home marketplace guarantee.

Sec. 26. **[59E.07] ENFORCEMENT.**

The commissioner must ensure rental home marketplace guarantees comply with this chapter pursuant to the commissioner's powers under chapter 45. The commissioner must ensure reimbursement insurance policies insuring rental home marketplace guarantees comply with applicable law pursuant to the commissioner's powers under chapters 45 and 60A.

Sec. 27. Minnesota Statutes 2024, section 60A.07, is amended by adding a subdivision to read:

(b) This subdivision does not prohibit an insurance company from using the insurance company's applicable underwriting criteria in determining the eligibility, classification, or rating of any applicant for insurance.

(c) This subdivision does not require an insurer to alter the insurer's existing applications for insurance.

EFFECTIVE DATE. This section is effective January 1, 2027, and applies to insurance coverage offered, issued, or renewed on or after that date.

(c) Paragraph (a) does not apply if the group policy, plan, or contract is replaced, or if the insurer has reasonable evidence to indicate that it will be replaced, by a substantially similar policy, plan, or contract.

(d) In no event shall this section extend coverage under a group policy, plan, or contract more than 120 days beyond the date coverage would otherwise cancel based on the terms of the group policy, plan, or contract.

(e) If coverage under the group policy, plan, or contract is extended by this section, then the time period during which affected members may exercise any conversion privilege provided for in the group policy, plan, or contract is extended for the same length of time, plus 30 days.

(f) In the case of a group life, group accidental death and dismemberment, or group disability income policy, the insurer and group policyholder may agree that the group policyholder assumes responsibility for notifying all covered persons in the event of a cancellation under paragraphs (a) and (c). Subd. 2. **Public data.** (a) Except for employees described in subdivision 5 and subject to the limitations described in subdivision 5a, the following personnel data on current and former employees, volunteers, and independent contractors of a government entity is public:

(1) name; ~~employee identification number, which must not be the employee's Social Security number~~; actual gross salary; salary range; terms and conditions of employment relationship; contract fees; actual gross pension; the value and nature of employer paid fringe benefits; and the basis for and the amount of any added remuneration, including expense reimbursement, in addition to salary;

(2) job title and bargaining unit; job description; education and training background; and previous work experience;

(3) date of first and last employment;

(4) the existence and status of any complaints or charges against the employee, regardless of whether the complaint or charge resulted in a disciplinary action;

(5) the final disposition of any disciplinary action together with the specific reasons for the action and data documenting the basis of the action, excluding data that would identify confidential sources who are employees of the public body;

(6) the complete terms of any agreement settling any dispute arising out of an employment relationship, including a buyout agreement as defined in section 123B.143, subdivision 2, paragraph (a); except that the agreement must include specific reasons for the agreement if it involves the payment of more than \$10,000 of public money;

(7) work location; a work telephone number; badge number; work-related continuing education; and honors and awards received; and

(b) For purposes of this subdivision, a final disposition occurs when the government entity makes its final decision about the disciplinary action, regardless of the possibility of any later proceedings or court proceedings. Final disposition includes a resignation by an individual when the resignation occurs after the final decision of the government entity, or arbitrator. In the case of arbitration proceedings arising under collective bargaining agreements, a final disposition occurs at the conclusion of the arbitration proceedings, or upon the failure of the employee to elect arbitration within the time provided by the collective bargaining agreement. A disciplinary action does not become public data if an arbitrator sustains a grievance and reverses all aspects of any disciplinary action.

(c) The government entity may display a photograph of a current or former employee to a prospective witness as part of the government entity's investigation of any complaint or charge against the employee.

(d) A complainant has access to a statement provided by the complainant to a government entity in connection with a complaint or charge against an employee.

(e) Notwithstanding paragraph (a), clause (5), and subject to paragraph (f), upon completion of an investigation of a complaint or charge against a public official, or if a public official resigns or is terminated from employment while the complaint or charge is pending, all data relating to the complaint or charge are public, unless access to the data would jeopardize an active investigation or reveal confidential sources. For purposes of this paragraph, "public official" means:

(1) the head of a state agency and deputy and assistant state agency heads;

(2) members of boards or commissions required by law to be appointed by the governor or other elective officers;

(3) members of the Metropolitan Council appointed by the governor under section 473.123, subdivision 3;

(4) executive or administrative heads of departments, bureaus, divisions, or institutions within state government; and

(5) the following employees:

(i) the chief administrative officer, or the individual acting in an equivalent position, in all political subdivisions;

(ii) individuals required to be identified by a political subdivision pursuant to section 471.701;

(iii) in a city or a county: managers; chiefs; heads or directors of departments, divisions, bureaus, or boards; and any equivalent position;

(iv) in a school district: business managers; human resource directors; athletic directors whose duties include at least 50 percent of their time spent in administration, personnel, supervision, and

evaluation; chief financial officers; directors; individuals defined as superintendents and principals under Minnesota Rules, part 3512.0100; and in a charter school, individuals employed in comparable positions; and

(v) in the Metropolitan Council, a public corporation and political subdivision of the state established under chapter 473: the chair of the Metropolitan Council appointed by the governor; the regional administrator appointed as the principal administrative officer by the Metropolitan Council under section 473.125; the deputy regional administrator; the general counsel appointed by the Metropolitan Council under section 473.123, subdivision 8; the executive heads of divisions, including the general managers and executive directors; the executive head responsible for compliance with Equal Employment Opportunity provisions of federal law; and the chief law enforcement officer of the Metropolitan Transit Police appointed by the regional administrator under section 473.407, subdivision 4.

(f) Data relating to a complaint or charge against an employee identified under paragraph (e), clause (5), are public only if:

(1) the complaint or charge results in disciplinary action or the employee resigns or is terminated from employment while the complaint or charge is pending; or

(2) potential legal claims arising out of the conduct that is the subject of the complaint or charge are released as part of a settlement agreement.

Subd. 2. **Immunity.** A racing facility is immune from any action brought by a surrounding property owner under any claim of nuisance if the racing facility was built before the surrounding real property owner either purchased or built the real property in the area of the racing facility.

Subd. 3. **Substantial and material expansion.** Subdivision 2 does not apply if the racing facility makes a substantial and material expansion of operations that results in a significant increase in the overall intensity of use of the facility, including but not limited to a demonstrable increase in the number of racing event days beyond historical patterns of operation existing at the time the person commencing an action acquired or improved the person's property.

Subd. 4. **Construction.** Nothing in this section shall be construed to exempt racing facilities from compliance with state or federal environmental laws or health and safety regulations.

Subd. 5. **Preexisting operations; nuisance.** Notwithstanding any other law, a nuisance action may not be maintained against a lawful preexisting operation based on noise or other impacts resulting from operations if the use was in existence prior to the claimant acquiring or improving

the affected property. This subdivision does not apply if the operation has undergone a substantial and material expansion resulting in a significant increase in the intensity of use relative to historical operations at the time the claimant acquired or improved the property. Nothing in this subdivision exempts an operation from compliance with applicable state or federal law.
