Subdivision 1. **Application procedures.** (a) Except as otherwise allowed by subdivision 2 or by section 203B.11, subdivision 4, an application for absentee ballots for any election may be submitted at any time not less than one day before the day of that election. The county auditor shall prepare absentee ballot application forms in the format provided by the secretary of state and shall furnish them to any person on request. By January 1 of each even-numbered year, the secretary of state shall make the forms to be used available to auditors through electronic means. An application submitted pursuant to this subdivision shall be in writing. An application may be submitted in person, by electronic facsimile device, by electronic mail, or by mail to:

(1) the county auditor of the county where the applicant maintains residence; or

(2) the municipal clerk of the municipality, or school district if applicable, where the applicant maintains residence.

(b) An absentee ballot application may alternatively be submitted electronically through a secure website that shall be maintained by the secretary of state for this purpose. (1) verifiable Minnesota driver's license number or Minnesota state identification card number; and

(2) the last four digits of the applicant's Social Security number.

If an applicant does not possess both types of documents, the applicant must include the number for one type of document and must affirmatively certify that the applicant does not possess the other type of documentation. This paragraph does not apply to a town election held in March.

(c) An application submitted electronically under paragraph (b) may only be transmitted to the county auditor for processing if the secretary of state has verified the application information matches the information in a government database associated with the applicant's driver's license number, state identification card number, or Social Security number. The secretary of state must review all unverifiable applications for evidence of suspicious activity and must forward any such application to an appropriate law enforcement agency for investigation.

(d) Subject to paragraphs (e) and (f), an application shall be approved if it is timely received, signed and dated by the applicant, contains the applicant's name and residence and mailing addresses, date of birth, and at least one of the following:

- (1) the applicant's Minnesota driver's license number;
- (2) Minnesota state identification card number;
- (3) the last four digits of the applicant's Social Security number; or
- (4) a statement that the applicant does not have any of these numbers.

(e) To be approved, the application must contain an oath that the information contained on the form is accurate, that the applicant is applying on the applicant's own behalf, and that the applicant is signing the form under penalty of perjury.

(f) An application that would result in an absentee ballot being mailed that meets the requirements of paragraphs (d) and (e) and has not already been verified under paragraph (c), must be electronically submitted by the county auditor or municipal clerk to the secretary of state to verify the application information matches the information in a government database associated with the applicant's driver's license number, state identification card number, or Social Security number. The secretary of state must maintain a secure website for use by county auditors and municipal clerks for this purpose. The secretary of state must review all unverifiable applications for evidence of suspicious activity and must forward any such application to an appropriate law enforcement agency for investigation.

~~(f)~~ (g) An applicant's full date of birth, Minnesota driver's license or state identification number, and the last four digits of the applicant's Social Security number must not be made available for public inspection. An application may be submitted to the county auditor or municipal clerk by an electronic facsimile device. An application mailed or returned in person to the county auditor or municipal clerk on behalf of a voter by a person other than the voter must be deposited in the mail or returned in person to the county auditor or municipal clerk within ten days after it has been dated by the voter and no later than six days before the election.

~~(g)~~ (h) An application under this subdivision may contain an application under subdivision 5 to automatically receive an absentee ballot. The application form must not be preprinted in a manner that requires the applicant to affirmatively opt out of being assigned to a permanent absentee voter list.

**EFFECTIVE DATE.** This section is effective July 1, 2026, and applies to applications submitted on or after that date.

An eligible voter listed as an ongoing absentee voter as of July 31, 2013, pursuant to laws in effect on that date, shall be treated as if the voter applied for status as a permanent absentee voter pursuant to this subdivision.

(b) A voter who applies under paragraph (a) must automatically be provided an absentee ballot for each eligible election. A voter's permanent absentee status ends and automatic ballot delivery must be terminated on:

- (1) the voter's written request;
- (2) the voter's death;
- (3) return of an absentee ballot as undeliverable; or

(4) a change in the voter's status to "challenged" or "inactive" in the statewide voter registration system.

(b) The instructions must indicate that the voter must provide a valid Minnesota driver's license or identification card number, voter identification card, or the last four digits of the voter's Social Security number, unless the voter has not been issued one of those numbers. The instructions must also indicate that the voter must provide proof of United States citizenship and that the documents used to provide proof of citizenship are provided under section 200.036.

The absence of a zip code number does not cause the registration to be deficient. Failure to check a box on an application form that a voter has certified to be true does not cause the registration to be deficient. The election judges shall request an individual to correct a voter registration application if it is deficient or illegible. No eligible voter may be prevented from voting unless the voter's registration application is deficient or the voter is duly and successfully challenged in accordance with section 201.195 or 204C.12.

(b) A voter registration application accepted prior to August 1, 1983, is not deficient for lack of date of birth. The county or municipality may attempt to obtain the date of birth for a voter registration application accepted prior to August 1, 1983, by a request to the voter at any time except at the polling place. Failure by the voter to comply with this request does not make the registration deficient.

(c) A voter registration application accepted before January 1, 2004, is not deficient for lack of a valid Minnesota driver's license or state identification number or the last four digits of a Social Security number. A voter registration application submitted by a voter who does not have a Minnesota driver's license or state identification number, or a Social Security number, is not deficient for lack of any of these numbers.

The notification must include a statement that the individual may register to vote again by completing a voter registration application and providing a document listed in subdivision 2 that proves citizenship.

(c) At least monthly, each county auditor must report to the secretary of state on the number of individuals whose status was challenged pursuant to this section. For each individual, the auditor must specify the method of registration used. By January 15 of each year, the secretary of state must report to the chairs of the legislative committees with jurisdiction over elections on individuals whose status was challenged pursuant to this section. The report must include information from each county, including the number of individuals whose status was challenged in each county each month and the method of registration for each individual.

Subd. 3. **Procedures for polling place rosters.** The secretary of state shall prescribe the form of paper polling place rosters that include the voter's name, address, date of birth, school district number, and space for the voter's signature. An electronic roster and the voter signature certificate together must include the same information as a paper polling place roster. The address listed on the polling place roster must be the voter's address of residence, unless the voter has requested that the address printed on the roster be the voter's mailing address because the voter is a judge or a law enforcement or corrections officer, or the voter participates in the Safe at Home program as provided

in chapter 5B. The secretary of state may prescribe additional election-related information to be placed on the polling place rosters on an experimental basis for one state primary and general election cycle; the same information may not be placed on the polling place roster for a second state primary and general election cycle unless specified in this subdivision. The polling place roster must be used to indicate whether the voter has voted in a given election. The secretary of state shall prescribe procedures for transporting the polling place rosters to the election judges for use on election day. The secretary of state shall prescribe the form for a county or municipality to request the date of birth from currently registered voters. The county or municipality shall not request the date of birth from currently registered voters by any communication other than the prescribed form and the form must clearly indicate that a currently registered voter does not lose registration status by failing to provide the date of birth. In accordance with section 204B.40, the county auditor shall retain the prescribed polling place rosters used on the date of election for 22 months following the election.

Sec. 24. Minnesota Statutes 2025 Supplement, section 203B.04, subdivision 1, is amended to read:

Subdivision 1. **Application procedures.** (a) Except as otherwise allowed by subdivision 2 or by section 203B.11, subdivision 4, an application for absentee ballots for any election may be submitted at any time not less than one day before the day of that election. The county auditor shall prepare absentee ballot application forms in the format provided by the secretary of state and shall furnish them to any person on request. By January 1 of each even-numbered year, the secretary of state shall make the forms to be used available to auditors through electronic means. An application submitted pursuant to this subdivision shall be in writing. An application may be submitted in person, by electronic facsimile device, by electronic mail, or by mail to:

(1) the county auditor of the county where the applicant maintains residence; or

(2) the municipal clerk of the municipality, or school district if applicable, where the applicant maintains residence.

(b) An absentee ballot application may alternatively be submitted electronically through a secure website that shall be maintained by the secretary of state for this purpose. Notwithstanding paragraph (d), the secretary of state must require applicants using the website to submit the applicant's email address and the applicant's:

(1) verifiable Minnesota driver's license number ~~or~~ Minnesota state identification card number, or voter identification card number; and

(2) the last four digits of the applicant's Social Security number.

If an applicant does not possess both types of documents, the applicant must include the number for one type of document and must affirmatively certify that the applicant does not possess the other type of documentation. This paragraph does not apply to a town election held in March.

(c) An application submitted electronically under paragraph (b) may only be transmitted to the county auditor for processing if the secretary of state has verified the application information matches the information in a government database associated with the applicant's driver's license number, state identification card number, voter identification card number, or Social Security number. The

secretary of state must review all unverifiable applications for evidence of suspicious activity and must forward any such application to an appropriate law enforcement agency for investigation.

(d) An application shall be approved if it is timely received, signed and dated by the applicant, contains the applicant's name and residence and mailing addresses, date of birth, and at least one of the following:

- (1) the applicant's Minnesota driver's license number;
- (2) Minnesota state identification card number;
- (3) voter identification card number;
- (4) the last four digits of the applicant's Social Security number; or
- ~~(4)~~ (5) a statement that the applicant does not have any of these numbers.

(e) To be approved, the application must contain an oath that the information contained on the form is accurate, that the applicant is applying on the applicant's own behalf, and that the applicant is signing the form under penalty of perjury.

(f) Prior to approval, the county auditor or municipal clerk must verify that the Minnesota driver's license number, state identification card number, voter identification card number, or the last four digits of the Social Security number submitted by an applicant is valid and assigned to that applicant. If a driver's license, identification card number, voter identification card number, or the last four digits of a Social Security number is invalid or not assigned to the applicant, the county auditor or municipal clerk must reject the application.

~~(f)~~ (g) An applicant's full date of birth; an applicant's Minnesota driver's license or state identification, or voter identification card number; and the last four digits of the applicant's Social Security number must not be made available for public inspection. An application may be submitted to the county auditor or municipal clerk by an electronic facsimile device. An application mailed or returned in person to the county auditor or municipal clerk on behalf of a voter by a person other than the voter must be deposited in the mail or returned in person to the county auditor or municipal clerk within ten days after it has been dated by the voter and no later than six days before the election.

~~(g)~~ (h) An application under this subdivision may contain an application under subdivision 5 to automatically receive an absentee ballot. The application form must not be preprinted in a manner that requires the applicant to affirmatively opt out of being assigned to a permanent absentee voter list.

Sec. 25. Minnesota Statutes 2025 Supplement, section 203B.04, subdivision 4, is amended to read:

Subd. 4. **Registration at time of application; updating registration.** An eligible voter who is not registered to vote or needs to update the voter's registration but who is otherwise eligible to vote by absentee ballot may register or update a registration by including a completed voter registration application with the absentee ballot. The individual must present proof of citizenship, identity, and residence as required by section 201.061, subdivision 3 sections 200.035 and 200.036,

to the individual who witnesses the marking of the absentee ballots or execute an affidavit described in section 203B.08, subdivision 1, paragraph (c). A military voter, as defined in section 203B.01, may register in this manner if voting pursuant to sections 203B.04 to 203B.15, or may register pursuant to sections 203B.16 to 203B.27.

Sec. 26. Minnesota Statutes 2025 Supplement, section 203B.07, subdivision 3, is amended to read:

Subd. 3. **Eligibility certificate.** (a) A certificate of eligibility to vote by absentee ballot must be printed on the back of the signature envelope. The certificate must contain space for the voter's Minnesota driver's license number, state identification number, voter identification card number, or the last four digits of the voter's Social Security number, or to indicate that the voter does not have one of these numbers. The space must be designed to ensure that the voter provides the same type of identification as provided on the voter's absentee ballot application for purposes of comparison. The certificate must also contain a statement to be signed and sworn by the voter indicating that the voter meets all of the requirements established by law for voting by absentee ballot ~~and~~.

(b) The certificate must include a space for a statement an oath signed by a person who is at least 18 years of age on or before the day of the election and a citizen of the United States or by a notary public or other individual authorized to administer oaths witness stating that:

(1) the unmarked ballots were displayed to ~~that individual unmarked~~ the witness;

(2) the voter marked the ballots in ~~that individual's~~ the witness's presence without showing how they were marked, or, if the voter was physically unable to mark them, that the voter directed another individual to mark them; ~~and~~

(3) ~~if the voter was not previously registered or needed to update the voter's registration,~~ the voter has ~~provided~~ shown to the witness proof of citizenship, identity, and residence as required by section 201.061, subdivision 3, sections 200.035 and 200.036 or executed an affidavit described in section 203B.08, subdivision 1, paragraph (c). If the voter presented documentation of proof of identity and residence, the witness must also indicate the document or documents presented to prove citizenship, identity, and residence; and

(4) the witness is registered to vote in Minnesota, is a notary public, or is an individual authorized to administer oaths. The witness must include the witness's driver's license number, state identification number, voter identification card number, the last four digits of the witness's Social Security number, or a statement that the witness does not have any of these numbers.

Sec. 27. Minnesota Statutes 2025 Supplement, section 203B.08, subdivision 1, is amended to read:

Subdivision 1. **Marking and return by voter.** (a) An eligible voter who receives absentee ballots as provided in this chapter shall mark them in the manner specified in the directions for casting the absentee ballots.

(b) The voter must present proof of identity and residence as described in section 200.035 and proof of citizenship as described in section 200.036 to the individual who witnesses the marking of the absentee ballots or execute an affidavit described in paragraph (c). If the voter presented

documentation of proof of citizenship, identity, and residence, the witness must record the type of document that was presented on the witness certificate described in section 203B.07, subdivision 3, paragraph (b).

(c) If the voter attempted to procure proof of citizenship or identity and residence to satisfy the requirements of sections 200.035 and 200.036 but was unable to do so, the voter may execute a sworn affidavit, under the penalty of perjury, that states:

(1) the voter completing the affidavit is the voter that marked the ballot;

(2) the voter is eligible to vote, has not voted previously in the same election, and meets the criteria for registering to vote in the precinct where the voter is voting;

(3) the voter attempted to procure proof of citizenship or identity and residence but was unable to do so, and provide an explanation of the reason that the voter was unable to procure the necessary proof; and

(4) that the information on the affidavit is true and accurate.

The affidavit must be signed in the presence of the witness.

(d) The signature envelope containing marked ballots may be mailed as provided in the directions for casting the absentee ballots, may be left with the county auditor or municipal clerk who transmitted the absentee ballots to the voter, or may be left in a drop box as provided in section 203B.082. If delivered in person, the signature envelope must be submitted to the county auditor or municipal clerk by 5:00 p.m. on election day.

~~(b)~~ (e) The voter may designate an agent to deliver in person the sealed absentee ballot return envelope to the county auditor or municipal clerk or to deposit the return envelope in the mail. An agent may deliver or mail the return envelopes of not more than three voters in any election. Any person designated as an agent who tampers with either the return envelope or the voted ballots or does not immediately mail or deliver the return envelope to the county auditor or municipal clerk is guilty of a misdemeanor.

Sec. 28. Minnesota Statutes 2024, section 203B.121, subdivision 2, is amended to read:

**Subd. 2. Duties of ballot board; absentee ballots.** (a) The members of the ballot board shall take possession of all signature envelopes delivered to them in accordance with section 203B.08. Upon receipt from the county auditor, municipal clerk, or school district clerk, two or more members of the ballot board shall examine each signature envelope and shall mark it accepted or rejected in the manner provided in this subdivision. Election judges performing the duties in this section must be of different major political parties, unless they are exempt from that requirement under section 205.075, subdivision 4, or section 205A.10, subdivision 2.

(b) The members of the ballot board shall mark the signature envelope "Accepted" and initial or sign the signature envelope below the word "Accepted" if a majority of the members of the ballot board examining the envelope are satisfied that:

(1) the voter's name and address on the signature envelope are the same as the information provided on the absentee ballot application or voter record;

(2) the voter signed the certification on the envelope;

(3) the voter's Minnesota driver's license, state identification number, voter identification card number, or the last four digits of the voter's Social Security number are the same as a number on the voter's absentee ballot application or voter record. If the number does not match, the election judges must compare the signature provided by the applicant to determine whether the ballots were returned by the same person to whom they were transmitted;

(4) the voter is registered and eligible to vote in the precinct or has included a properly completed voter registration application in the signature envelope;

(5) the portion of the certificate completed by a witness as required by section 203B.07, subdivision 3, paragraph (b), is completed and the document or documents listed that were used to prove citizenship, identity, and residence are documents authorized by sections 200.035 and 200.036;

~~(5)~~ (6) the certificate has been completed as prescribed in the directions for casting an absentee ballot; and

~~(6)~~ (7) the voter has not already voted at that election, either in person or, if it is after the close of business on the 19th day before the election, as provided by section 203B.081.

The signature envelope from accepted ballots must be preserved and returned to the county auditor.

(c)(1) If a majority of the members of the ballot board examining a signature envelope find that an absentee voter has failed to meet one of the requirements provided in paragraph (b), they shall mark the signature envelope "Rejected," initial or sign it below the word "Rejected," list the reason for the rejection on the envelope, and return it to the county auditor. There is no other reason for rejecting an absentee ballot beyond those permitted by this section. Failure to place the ballot within the ballot envelope before placing it in the outer white envelope is not a reason to reject an absentee ballot.

(2) If an envelope has been rejected at least five days before the election, the envelope must remain sealed and the official in charge of the ballot board shall provide the voter with a replacement absentee ballot and signature envelope in place of the rejected ballot.

(3) If an envelope is rejected within five days of the election, the envelope must remain sealed and the official in charge of the ballot board must attempt to contact the voter to notify the voter that the voter's ballot has been rejected by the method or methods of communication provided by the voter on the voter's application for an absentee ballot or voter registration. The official must document the attempts made to contact the voter.

(d) The official in charge of the absentee ballot board must mail the voter a written notice of absentee ballot rejection between six and ten weeks following the election. If the official determines that the voter has otherwise cast a ballot in the election, no notice is required. If an absentee ballot arrives after the deadline for submission provided by this chapter, the notice must be provided

between six to ten weeks after receipt of the ballot. A notice of absentee ballot rejection must contain the following information:

(1) the date on which the absentee ballot was rejected or, if the ballot was received after the required deadline for submission, the date on which the ballot was received;

(2) the reason for rejection; and

(3) the name of the appropriate election official to whom the voter may direct further questions, along with appropriate contact information.

(e) An absentee ballot signature envelope marked "Rejected" may not be opened or subject to further review except in an election contest filed pursuant to chapter 209.

Sec. 29. Minnesota Statutes 2025 Supplement, section 203B.30, subdivision 2, is amended to read:

Subd. 2. **Voting procedure.** (a) When a voter appears in an early voting polling place, the voter must: (1) state the voter's name, address, and, if requested, the voter's date of birth to the early voting official; (2) present proof of identity and residence as described in section 200.035; and (3) present proof of citizenship as described in section 200.036. The early voting official must confirm that the voter's registration is current in the statewide voter registration system and that the voter has not already cast a ballot in the election. If the voter's status is challenged, the voter may resolve the challenge as provided in section 204C.12. An individual who is not registered to vote must register and a voter whose name or address has changed must update the voter's registration in the manner provided in section 201.061, subdivision 3. A voter who has already cast a ballot in the election must not be provided with a ballot. A voter who does not present proof of identity and residence as required by section 200.035 or proof of citizenship as required by section 200.036 must not be allowed to sign the certificate in paragraph (b) but must be allowed to cast a provisional ballot as provided in section 204C.135.

(b) Each voter must sign the certification provided in section 204C.10. The signature of an individual on the voter's certificate and the issuance of a ballot to the individual is evidence of the intent of the individual to vote at that election. After the voter signs the certification, two early voting officials must initial the ballot and issue it to the voter. The voter must immediately retire to a voting station or other designated location in the polling place to mark the ballot. The voter must not take a ballot from the polling place. If the voter spoils the ballot, the voter may return it to the early voting official in exchange for a new ballot. After completing the ballot, the voter must deposit the ballot into the ballot counter and ballot box. The early voting official must immediately record that the voter has voted in the manner provided in section 203B.121, subdivision 3.

Sec. 30. Minnesota Statutes 2025 Supplement, section 204B.45, subdivision 2, is amended to read:

Subd. 2. **Procedure; voting prior to election day.** Mail balloting must be conducted as provided in this section and Minnesota Rules, part 8210.3000. Notice of the election and the special mail procedure must be given at least ten weeks prior to the election. Not more than 46 days nor later than 28 days before any election, the auditor shall mail ballots by nonforwardable mail to all voters registered in the city, town, or unorganized territory. No later than 14 days before the election, the

auditor must make a subsequent mailing of ballots to those voters who register to vote after the initial mailing but before the 20th day before the election. Eligible voters not registered at the time the ballots are mailed may apply for ballots as provided in chapter 203B. Ballot return envelopes, with return postage provided, must be preaddressed to the auditor or clerk and the voter may return the ballot by mail or in person to the office of the auditor or clerk. The voter must present proof of citizenship, identity, and residence to the voter's witness in the same manner required by section 203B.08, subdivision 1, paragraphs (b) and (c). In addition to the information required by Minnesota Rules, part 8210.3000, the signature envelope must include the witness oath prescribed by section 203B.07, subdivision 3, paragraph (b). The auditor or clerk must appoint a ballot board to examine the mail and absentee ballot return envelopes and mark them "accepted" or "rejected" within three days of receipt if there are 14 or fewer days before election day, or within five days of receipt if there are more than 14 days before election day. The board may consist of deputy county auditors or deputy municipal clerks who have received training in the processing and counting of mail ballots, who need not be affiliated with a major political party. Election judges performing the duties in this section must be of different major political parties, unless they are exempt from that requirement under section 205.075, subdivision 4, or section 205A.10. If an envelope has been rejected at least five days before the election, the ballots in the envelope must remain sealed and the auditor or clerk shall provide the voter with a replacement ballot and return envelope in place of the spoiled ballot. If the ballot is rejected within five days of the election, the envelope must remain sealed and the official in charge of the ballot board must attempt to contact the voter by telephone or email to notify the voter that the voter's ballot has been rejected. The official must document the attempts made to contact the voter.

If the ballot is accepted, the county auditor or municipal clerk must mark the roster to indicate that the voter has already cast a ballot in that election. After the close of business on the 19th day before the election, the ballots from return envelopes marked "Accepted" may be opened, duplicated as needed in the manner provided by section 206.86, subdivision 5, initialed by the members of the ballot board, and deposited in the ballot box.

In all other respects, the provisions of the Minnesota Election Law governing deposit and counting of ballots apply.

The mail and absentee ballots for a precinct must be counted together and reported as one vote total. No vote totals from mail or absentee ballots may be made public before the close of voting on election day.

The costs of the mailing shall be paid by the election jurisdiction in which the voter maintains residence. Any ballot received by 8:00 p.m. on the day of the election must be counted.

Sec. 31. Minnesota Statutes 2024, section 204B.46, is amended to read:

A county, municipality, or school district submitting questions to the voters at a special election may conduct an election by mail with no polling place other than the office of the auditor or clerk. No offices may be voted on at a mail election, except in overlapping school and municipal jurisdictions, where a mail election may include an office when one of the jurisdictions also has a question on the ballot. Mail balloting must be conducted as provided in this section and Minnesota

Rules, part 8210.3000. Notice of the election must be given to the county auditor at least 84 days prior to the election. This notice shall also fulfill the requirements of Minnesota Rules, part 8210.3000. The special mail ballot procedures must be posted at least six weeks prior to the election. Not more than 46 nor later than 14 days prior to the election, the auditor or clerk shall mail ballots by nonforwardable mail to all voters registered in the county, municipality, or school district. The board may consist of deputy county auditors, deputy municipal clerks, or deputy school district clerks who have received training in the processing and counting of mail ballots, who need not be affiliated with a major political party. Election judges performing the duties in this section must be of different major political parties, unless they are exempt from that requirement under section 205.075, subdivision 4, or section 205A.10. If an envelope has been rejected at least five days before the election, the ballots in the envelope must remain sealed and the auditor or clerk must provide the voter with a replacement ballot and return envelope in place of the spoiled ballot. If the ballot is rejected within five days of the election, the envelope must remain sealed and the official in charge of the ballot board must attempt to contact the voter by telephone or email to notify the voter that the voter's ballot has been rejected. The official must document the attempts made to contact the voter.

If the ballot is accepted, the county auditor or municipal clerk must mark the roster to indicate that the voter has already cast a ballot in that election. After the close of business on the 19th day before the election, the ballots from return envelopes marked "Accepted" may be opened, duplicated as needed in the manner provided by section 206.86, subdivision 5, initialed by the ballot board, and deposited in the appropriate ballot box.

In all other respects, the provisions of the Minnesota Election Law governing deposit and counting of ballots apply.

The mail and absentee ballots for a precinct must be counted together and reported as one vote total. No vote totals from ballots may be made public before the close of voting on election day.

(c) An election judge must inform the voter on the process to follow to prove citizenship, identity, and residence during the seven days following the election. The election judge must inform the voter of the location of the county auditor or municipal clerk responsible for accepting or rejecting provisional ballots and the hours the auditor or clerk is open for business during the week following the election.

(d) The form of the ballot and provisional signature envelopes must be prescribed by the secretary of state. The provisional signature envelope must be a color other than that provided for absentee ballot envelopes. The envelope must be prominently labeled "Provisional Signature Envelope."

(e) Provisional ballots and related documentation must be delivered to and securely maintained by the county auditor or municipal clerk in the same manner as required for other election materials under sections 204C.27 to 204C.28.

Subd. 2. **Accepting or rejecting provisional ballots.** (a) In order for the provisional ballot to be counted, a voter who casts a provisional ballot in the polling place must personally appear before the county auditor or municipal clerk no later than seven calendar days following the election to prove that the voter's provisional ballot should be counted. The county auditor's office and the city clerk's office must be open for approving provisional ballots on the Saturday following the election for the hours prescribed in section 203B.085.

(b) The county auditor or municipal clerk must accept a provisional ballot if:

(1) the statewide voter registration system indicates that the voter is registered and is eligible to vote or, if challenged, the county auditor or municipal clerk does not, based upon available records and any documentation presented by the voter, conclude that the voter is ineligible;

(2) the voter presents proof of citizenship, identity, and residence in the precinct in the manner permitted by sections 200.035 and 200.036 or executes an affidavit described in paragraph (c); and

(3) the data on the identity and residence document presented by the voter matches the data provided by the voter on the provisional signature envelope.

(c) A voter who attempted to procure proof of citizenship, identity, and residence to satisfy the requirements of sections 200.035 and 200.036 but was unable to do so, may execute a sworn affidavit, under the penalty of perjury, that states:

(1) the voter is the same voter who cast the provisional ballot;

(2) the voter is eligible to vote, has not voted previously in the same election, and meets the criteria for registering to vote in the precinct where the voter cast the provisional ballot;

(3) the voter attempted to procure proof of citizenship, identity, and residence but was unable to do so, and provide an explanation of the reason that the voter was unable to procure the necessary proof; and

(4) that the information on the affidavit is true and accurate.

The affidavit must be signed in the presence of the county auditor or municipal clerk.

(d) If a voter registered on election day without proper proof of citizenship, identity, and residence and the voter registration application that was completed on election day has not yet been processed at the time the voter appears to prove identity and residence, the voter must be allowed to provide proof of citizenship, identity, and residence in the manner described by this section. If the criteria in paragraph (b) are satisfied except that the voter is not yet registered, the county auditor or municipal clerk must set the ballot aside until the voter registration application is processed. Once the voter registration application is processed, if the voter is registered to vote, the ballot must be accepted as provided in paragraph (e). If a voter is not registered to vote, the ballot must be rejected.

(e) If the voter's ballot is accepted, the county auditor or municipal clerk must remove the ballot from the provisional ballot box, mark the provisional signature envelope "accepted," and initial or sign the provisional signature envelope below the word "accepted." All accepted provisional signature envelopes must be kept together in a secure location. Provisional signature envelopes must only be opened as provided in subdivision 3.

(f) A county auditor or municipal clerk must not accept or count a provisional ballot if the voter does not appear before the county auditor or municipal clerk within seven calendar days following the election or if the voter does not satisfy the requirements of paragraph (a).

(g) The county auditor or municipal clerk must notify, in writing, any voter who cast a provisional ballot and who does not appear within seven calendar days of the election that the voter's provisional

ballot was not counted because of the voter's failure to appear before the county auditor or municipal clerk within the time permitted by law to determine whether the provisional ballot should be counted.

Subd. 3. **Provisional ballots; reconciliation; counting.** (a) At the close of business for the county auditor's or municipal clerk's office on the seventh day after the election, but prior to counting any provisional ballots in the final vote totals from a precinct, the county auditor or municipal clerk must determine whether the number of signatures appearing on the provisional ballot roster or number of voter signature certificates for provisional ballots from that precinct is equal to the number of provisional ballots submitted by voters in the precinct on election day. If there are excess ballots, ballots must be randomly withdrawn from the accepted provisional signature envelopes in the manner required by section 204C.20, subdivision 2. Any discrepancy must be resolved before the provisional ballots from the precinct may be counted.

(b) After the ballots are reconciled pursuant to paragraph (a), the county auditor or municipal clerk must open the accepted provisional signature envelopes and deposit them in the appropriate ballot box. The accepted and deposited provisional ballots must be included in the final certified results from the precinct.

The secretary of state must review all unverifiable voter registration applications submitted electronically for evidence of suspicious activity and must forward any such application to an appropriate law enforcement agency for investigation.

(d) An individual may not electronically submit a voter registration application on behalf of any other individual, except that the secretary of state may provide features on the secure website established under paragraph (a), clause (2), that allow third parties to connect application programming interfaces that facilitate an individual's submission of voter registration information while interacting with the third party.

(e) For purposes of this section, mail registration is defined as a voter registration application delivered to the secretary of state, county auditor, or municipal clerk by the United States Postal Service or a commercial carrier.

Sec. 12. Minnesota Statutes 2024, section 201.061, subdivision 1a, is amended to read:

Subd. 1a. **Incomplete registration by mail.** If the county auditor determines that a voter who has submitted a voter registration application by mail has not previously voted in this state for a federal office and has also not presented a document authorized for election day registration in section 201.061, subdivision 3, to the auditor, and the county auditor is unable to verify the voter's driver's license, state identification, voter identification card, or last four digits of the voter's Social Security number as provided by the voter on the voter registration application, then the county auditor must notify the voter that the registration is incomplete and to complete registration by using one of the following methods:

(1) presenting to the auditor more than 20 days before the election a document authorized for election day registration in section 201.061, subdivision 3;

(2) registering in person before or on election day;

(3) if voting by absentee ballot or by mail, following election day registration procedures for absentee voters as described in section 203B.04, subdivision 4; or

(4) providing proof of residence by any of the methods authorized for election day registration in section 201.061, subdivision 3.

Sec. 13. Minnesota Statutes 2025 Supplement, section 201.071, subdivision 1, is amended to read:

Subdivision 1. **Form.** Both paper and electronic voter registration applications must contain the same information unless otherwise provided by law. A voter registration application must contain spaces for the following required information: voter's first name, middle name, and last name; voter's previous name, if any; voter's current address; voter's previous address, if any; voter's date of birth; voter's municipality and county of residence; voter's telephone number, if provided by the voter; date of registration; current and valid Minnesota driver's license number ~~or~~, Minnesota state identification number, voter identification card number, or, if the voter has no current and valid Minnesota driver's license ~~or~~, Minnesota state identification, or voter identification card, the last four digits of the voter's Social Security number; and voter's signature. The paper registration application must provide a space for a voter to provide a physical description of the location of their residence, if the voter resides in an area lacking a specific physical address. The description must be sufficient for the county auditor to identify the correct precinct for the voter. The description may include the closest cross street or the nearest address to the described location that is identified on a precinct map, and directions from that cross street or address to the described location, including but not limited to the cardinal direction and approximate distance to the location. The paper registration application may include the voter's email address, if provided by the voter. The electronic voter registration application must include the voter's email address. The registration application may include the voter's interest in serving as an election judge, if indicated by the voter. The application must also contain the following certification of voter eligibility:

"I certify that I:

(1) am at least 16 years old and understand that I must be at least 18 years old to be eligible to vote;

(2) am a citizen of the United States;

(3) will have maintained residence in Minnesota for 20 days immediately preceding election day;

(4) maintain residence at the address or location given on the registration form;

(5) am not under court-ordered guardianship in which the court order revokes my right to vote;

(6) have not been found by a court to be legally incompetent to vote;

(7) am not currently incarcerated for a conviction of a felony offense; and

(8) have read and understand the following statement: that giving false information is a felony punishable by not more than five years imprisonment or a fine of not more than \$10,000, or both."

The certification must include boxes for the voter to respond to the following questions:

"(1) Are you a citizen of the United States?" and

"(2) Are you at least 16 years old and will you be at least 18 years old on or before the day of the election in which you intend to vote?"

And the instruction:

"If you checked 'no' to either of these questions, do not complete this form."

The form of the voter registration application and the certification of voter eligibility must be as provided in this subdivision and approved by the secretary of state. Voter registration forms authorized by the National Voter Registration Act must also be accepted as valid. The federal postcard application form must also be accepted as valid if it is not deficient and the voter is eligible to register in Minnesota.

An individual may use a voter registration application to apply to register to vote in Minnesota or to update information on an existing registration.

Sec. 14. Minnesota Statutes 2024, section 201.091, subdivision 9, is amended to read:

Subd. 9. **Restricted data.** A list provided for public inspection or purchase, or in response to a law enforcement inquiry, must not include a voter's date of birth or any part of a voter's Social Security number, driver's license number, identification card number, voter identification card number, military identification card number, or passport number.

Sec. 15. Minnesota Statutes 2025 Supplement, section 201.121, subdivision 1, is amended to read:

Subdivision 1. **Entry of registration information.** (a) At the time a voter registration application is properly completed, submitted, and received in accordance with sections 201.061 and 201.071, the county auditor must enter or update the information contained on it into the statewide registration system. Voter registration applications completed before election day must be entered into the statewide registration system within ten days after they have been submitted to the county auditor. Voter registration applications completed on election day must be entered into the statewide registration system within 42 days after the election, unless the county auditor notifies the secretary of state before the deadline has expired that the deadline will not be met. Upon receipt of a notification under this paragraph, the secretary of state must extend the deadline for that county auditor by an additional 28 days. The secretary of state may waive a county's obligations under this paragraph if, on good cause shown, the county demonstrates its permanent inability to comply.

The secretary of state must post data on each county's compliance with this paragraph on the secretary of state's website including, as applicable, the date each county fully complied or the deadline by which a county's compliance must be complete.

(b) Upon receiving a completed voter registration application, the secretary of state may electronically transmit the information on the application to the appropriate county auditor as soon as possible for review by the county auditor before final entry or update in the statewide registration system. The secretary of state may mail the voter registration application to the county auditor.

(c) Within ten days after the county auditor has entered or updated information from a voter registration application in the statewide registration system, the secretary of state must compare the voter's name, date of birth, and driver's license number, state identification number, voter identification card number, or the last four digits of the Social Security number with the same information contained in the Department of Public Safety database.

(d) The secretary of state must provide a report to the county auditor on a weekly basis that includes a list of voters whose name, date of birth, or identification number have been compared with the same information in the Department of Public Safety database and cannot be verified as provided in this subdivision. The report must list separately those voters who have submitted a voter registration application by mail and have not voted in a federal election in this state.

(e) The county auditor must compile a list of voters for whom the county auditor and the secretary of state are unable to conclude that information on the voter registration application and the corresponding information in the Department of Public Safety database relate to the same person.

(f) The county auditor must send a notice of incomplete registration to any voter whose name appears on the list and change the voter's status to "challenged." A voter who receives a notice of incomplete registration from the county auditor may either provide the information required to clear the challenge at least 21 days before the next election or at the polling place on election day.

Sec. 16. Minnesota Statutes 2025 Supplement, section 201.13, subdivision 3, is amended to read:

**Subd. 3. Use of change of address system.** (a) At least once each month the secretary of state must obtain a list of individuals registered to vote in this state who have filed with the United States Postal Service a change of their permanent address. The secretary of state may also periodically obtain a list of individuals with driver's licenses or state identification cards, or voter identification cards to identify those who are registered to vote who have applied to the Department of Public Safety for a replacement driver's license or state identification card, or voter identification card with a different address, and a list of individuals for whom the Department of Public Safety received notification of a driver's license or state identification card, or voter identification card cancellation due to a change of residency out of state. However, the secretary of state must not load data derived from these lists into the statewide voter registration system within the 47 days before the state primary or 47 days before a November general election.

(b) If the address is changed to another address in this state, the secretary of state must locate the precinct in which the voter maintains residence, if possible. If the secretary of state is able to locate the precinct in which the voter maintains residence, the secretary must transmit the information about the changed address by electronic means to the county auditor of the county in which the new address is located. For addresses for which the secretary of state is unable to determine the precinct, the secretary may forward information to the appropriate county auditors for individual review. If the voter has not voted or submitted a voter registration application since the address change, upon receipt of the information, the county auditor must update the voter's address in the statewide voter registration system. The county auditor must mail to the voter a notice stating the voter's name, address, precinct, and polling place, unless the voter's record is challenged due to a felony conviction, noncitizenship, name change, incompetence, or a court's revocation of voting rights of individuals under guardianship, in which case the auditor must not mail the notice. The notice must advise the voter that the voter's voting address has been updated and that the voter must notify the county auditor within 21 days if the new address is not the voter's address of residence. The notice must state that it must be returned if it is not deliverable to the voter at the named address.

(c) If the change of permanent address is to an address outside this state, the secretary of state must notify by electronic means the auditor of the county where the voter formerly maintained

residence that the voter has moved to another state. If the voter has not voted or submitted a voter registration application since the address change, the county auditor must promptly mail to the voter at the voter's new address a notice advising the voter that the voter's status in the statewide voter registration system will be changed to "inactive" unless the voter notifies the county auditor within 21 days that the voter is retaining the former address as the voter's address of residence, except that if the voter's record is challenged due to a felony conviction, noncitizenship, name change, incompetence, or a court's revocation of voting rights of individuals under guardianship, the auditor must not mail the notice. If the notice is not received by the deadline, the county auditor must change the voter's status to "inactive" in the statewide voter registration system.

(d) If, in order to maintain voter registration records, the secretary of state enters an agreement to share information or data with an organization governed exclusively by a group of states, the secretary must first determine that the data security protocols are sufficient to safeguard the information or data shared. If required by such an agreement, the secretary of state may share the following data from the statewide voter registration system and data released to the secretary of state under section 171.12, subdivision 7a:

- (1) name;
- (2) date of birth;
- (3) address;
- (4) driver's license ~~or~~ state identification card number, or voter identification number;
- (5) the last four digits of an individual's Social Security number; and
- (6) the date that an individual's record was last updated.

If the secretary of state enters into such an agreement, the secretary and county auditors must process updates to voter records based upon that data in accordance with this section. Except as otherwise provided in this subdivision, when data is shared with the secretary of state by another state, the secretary of state must maintain the same data classification that the data had while it was in the possession of the state providing the data.

Sec. 17. Minnesota Statutes 2025 Supplement, section 201.14, is amended to read:

**201.14 COURT ADMINISTRATOR OF DISTRICT COURT; REPORT CHANGES OF NAMES.**

The state court administrator must regularly report by electronic means to the secretary of state the name, address, and, if available, driver's license ~~or~~ state identification card number, or voter identification card number of each individual, 18 years of age or over, whose name was changed since the last report, by marriage, divorce, or any order or decree of the court. The secretary of state must determine if any of the individuals in the report are registered to vote under their previous name and must prepare a list of those registrants for each county auditor. Upon receipt of the list, the county auditor must update the voter's record with this information and mail to the voter the notice of registration required by section 201.121, subdivision 2. A notice must not be mailed if the

voter's record is challenged due to a felony conviction, lack of United States citizenship, legal incompetence, or court-ordered revocation of voting rights of persons under guardianship.

Sec. 18. Minnesota Statutes 2024, section 201.145, subdivision 2, is amended to read:

Subd. 2. **State court administrator report.** (a) The state court administrator must report on individuals 17 years of age or older who are under a guardianship in which a court order revokes the ward's right to vote or where the court has found the individual to be legally incompetent to vote.

(b) The state court administrator must report on individuals transferred to the jurisdiction of the court who meet a condition specified in paragraph (a).

(c) Each report required under this subdivision must include the following information for each individual in the report: name, address, date of birth, and, if available, last four digits of the Social Security number and driver's license ~~or~~, state identification card number, or voter identification card number.

(d) No later than seven calendar days after receiving a report under this subdivision, the secretary of state must determine if a person identified under paragraphs (a) and (b) is registered to vote and must prepare a list of those registrants for the county auditor. No later than seven calendar days after receiving the list from the secretary of state, the county auditor must challenge the status on the record in the statewide voter registration system of each individual named in the list.

Sec. 19. Minnesota Statutes 2024, section 201.145, subdivision 3, is amended to read:

(b) Each report under this subdivision must include the following information for each individual: name, address or last known residential address that is not a correctional facility, and date of birth. If available, each report must also include the individual's: corrections' state identification number; last four digits of the Social Security number; driver's license ~~or~~, state identification card number, or voter identification card number; and most recent date of incarceration.

(c) No later than seven calendar days after receiving a report under this subdivision, the secretary of state must determine if any data newly indicates that a person identified under paragraph (a) is registered to vote and must prepare a list of those registrants for the county auditor. No later than seven calendar days after receiving the list from the secretary of state, the county auditor must challenge the status on the record in the statewide voter registration system of each individual named in the list.

(d) The county auditor must identify an individual who voted while incarcerated for a felony sentence. The county auditor must immediately send notice to the county attorney. The notice must include the name of the individual and any other identifying information as well as the evidence that shows the individual voted during the period of incarceration.

Sec. 20. Minnesota Statutes 2024, section 201.145, subdivision 4, is amended to read:

Subd. 4. **Reports; restoration of right to vote.** (a) The state court administrator must report on each individual whose guardianship was modified to restore the ward's right to vote or whose guardianship was terminated by order of the court under section 524.5-317 after being ineligible to vote for any of the reasons specified in subdivision 2, paragraph (a).

(b) The commissioner of corrections must report on individuals who were incarcerated for a felony sentence under the commissioner's jurisdiction and have been released from incarceration.

(c) Each report under this subdivision must include the following information for each individual: name, address, date of birth, and, if available, the last four digits of the Social Security number. (d) No later than seven calendar days after receiving a report under this subdivision, the secretary of state must determine if a person identified under paragraph (a) is registered to vote and must prepare a list of those registrants for the county auditor. No later than seven calendar days after receiving a report under this subdivision, the secretary of state must determine if any data newly indicates that a person identified under paragraph (b) is registered to vote and must prepare a list of those registrants for the county auditor. No later than seven calendar days after receiving the list from the secretary of state, the county auditor must remove the challenge status on the record in the statewide voter registration system of each individual named in the list.

Sec. 21. Minnesota Statutes 2024, section 201.145, subdivision 5, is amended to read:

Subd. 5. **Commissioner of public safety report.** (a) The commissioner of public safety must report on individuals identified by department data as having temporary lawful status in the United States.

(b) The report under this section must include the following information for each individual: name; address; date of birth; driver's license or state identification card number, or voter identification card number; and, if available, last four digits of the Social Security number.

(d) The county auditor must also immediately send notice to the county attorney of each individual identified in paragraph (c). The notice must include the name of the individual and any other identifying information as well as the evidence that shows the individual registered to vote or voted and is not a citizen.

Sec. 22. Minnesota Statutes 2024, section 201.161, subdivision 3, is amended to read:

Subd. 3. **Department of Public Safety.** (a) The commissioner of public safety, in consultation with the secretary of state, must change the applications for an original, duplicate, or change of

address driver's license ~~or~~, identification card, or voter identification card so that any forms where applicants may provide documentation of United States citizenship contain spaces for all information required to register to vote, as prescribed by the secretary of state. Unless the applicant has provided an address other than the applicant's address of residence under section 171.12, subdivision 7, paragraph (d), the commissioner must transmit the information daily by electronic means to the secretary of state. Pursuant to the Help America Vote Act of 2002, Public Law 107-252, the computerized driver's license record containing the voter's name, address, date of birth, citizenship, driver's license number or state identification number, county, and city or town must be made available for access by the secretary of state and interaction with the statewide voter registration system. The commissioner must submit data to the secretary of state identifying the total number of individuals that completed qualifying transactions under this section and the total number of individuals whose records were ultimately transferred for registration. At a minimum, the commissioner must submit the data to the secretary of state on the same day each month. The secretary of state must publish a monthly report of this data.

(b) An applicant's information must not be transmitted to the secretary of state under this section unless the applicant provides documentation of United States citizenship or records maintained by the Department of Public Safety indicate that the applicant provided documentation demonstrating United States citizenship as part of a previous license or identification card transaction. If the applicant does not provide or has not previously provided documentation of United States citizenship, the commissioner must provide information during the transaction regarding voter registration and eligibility criteria. If the applicant provides documentation during the transaction indicating that the applicant is not a United States citizen, the applicant's information must not be transmitted to the secretary of state and the applicant must not be offered a voter registration opportunity.

(c) No applicant may be registered to vote under this subdivision until:

(1) the commissioner of public safety has certified that the department's systems have been tested and can accurately provide the required data and accurately exclude from transmission data on individuals who have not provided documentary evidence of United States citizenship; and

(2) the secretary of state has certified that the system for automatic registration of those applicants has been tested and is capable of properly determining whether an applicant is eligible to submit a voter registration application.

The department's systems must be tested and accurately provide the necessary data no later than December 1, 2023.

(d) For purposes of this section, "driver's license" includes any instruction permit, provisional license, limited license, restricted license, or operator's permit issuable by the commissioner of public safety under chapter 171.

Sec. 23. Minnesota Statutes 2025 Supplement, section 201.225, subdivision 2, is amended to read:

Subd. 2. **Technology requirements.** An electronic roster must:

(1) be able to be loaded with a data file that includes voter registration data in a file format prescribed by the secretary of state;

- (2) allow for data to be exported in a file format prescribed by the secretary of state;
- (3) allow for data to be entered manually or by scanning a Minnesota driver's license ~~or~~ identification card, or voter identification card to locate a voter record or populate a voter registration application that would be printed and signed and dated by the voter. The printed registration application can be a printed form, a label printed with voter information to be affixed to a preprinted form, a combination of a form and label, or an electronic record that the voter signs electronically and is printed following its completion at the polling place;
- (4) allow an election judge to update data that was populated from a scanned driver's license ~~or~~ identification card, or voter identification card;
- (5) cue an election judge to ask for and input data that is not populated from a scanned driver's license ~~or~~ identification card, or voter identification card that is otherwise required to be collected from the voter or an election judge;
- (6) immediately alert the election judge if the voter has provided information that indicates that the voter is not eligible to vote;
- (7) immediately alert the election judge if the electronic roster indicates that a voter has already voted in that precinct, the voter's registration status is challenged, or it appears the voter maintains residence in a different precinct;
- (8) provide immediate instructions on how to resolve a particular type of challenge when a voter's record is challenged;
- (9) provide for a printed voter signature certificate, containing the voter's name, address of residence, date of birth, voter identification number, the oath required by section 204C.10, and a space for the voter's original signature. The printed voter signature certificate can be a printed form, a label printed with the voter's information to be affixed to the oath, or an electronic record that the voter signs electronically and is printed following its completion at the polling place;
- (10) contain only registered voters within the precinct, and not contain registered voter data on voters registered outside of the precinct, unless being utilized for a combined polling place pursuant to section 204B.14, subdivision 2, absentee or early voting under chapter 203B, or for mail balloting on election day pursuant to section 204B.45, subdivision 2a;
- (11) be only networked within the polling location on election day, except for the purpose of updating absentee ballot records;
- (12) meet minimum security, reliability, and networking standards established by the Office of the Secretary of State in consultation with the Department of Information Technology Services;
- (13) be capable of providing a voter's correct polling place; and
- (14) perform any other functions necessary for the efficient and secure administration of the participating election, as determined by the secretary of state.

Electronic rosters used only for registering voters and updating voters' registration do not need to comply with clauses (1), (8), and (10). Electronic rosters used only for processing voters who are registered and do not need to update a registration do not need to comply with clauses (4) and (5).

Sec. 24. Minnesota Statutes 2024, section 203B.065, is amended to read:

Upon acceptance of an absentee ballot application of a voter who is registered to vote at an address different from the residential address certified on the absentee ballot application, the voter registration record with the previous address shall be challenged. Once the absentee ballot has been transmitted to the voter, the method of transmission and the date of transmission must be recorded.

Upon receipt of a returned absentee ballot for a state primary or state general election, the county auditor or municipal clerk shall record in the statewide voter registration system that the voter has returned the ballot.

Upon receipt of notice that the ballot board has accepted or rejected the absentee ballot for a state primary or state general election, the county auditor or municipal clerk shall record in the statewide voter registration system whether the ballot was accepted or rejected, and if rejected, the reason for rejection. If a replacement ballot is transmitted to the voter, the county auditor or municipal clerk shall record this in the statewide voter registration system.

The labels provided for envelopes used for transmitting an absentee ballot to and from an applicant for an absentee ballot for a state primary or state general election must contain bar codes generated by the statewide voter registration system to facilitate the recording required under this section. A county auditor or municipal clerk entering information into the statewide voter registration system under this section must include the information provided on the bar code label whenever information is entered into the system.

(7) the voter's email address, if the application was submitted electronically through the secure website maintained by the secretary of state.

(b) Notwithstanding paragraph (a), clause (6), an application submitted through the secretary of state's website must include the voter's verifiable Minnesota driver's license number, Minnesota state identification card number, voter identification card number, or the last four digits of the voter's Social Security number, and may only be transmitted to the county auditor for processing if the secretary of state has verified the application information matches the information in a government database associated with the applicant's driver's license number, state identification card number, voter identification card number, or Social Security number. The secretary of state must review all unverifiable applications for evidence of suspicious activity and must forward any such application to an appropriate law enforcement agency for investigation.

Sec. 26. Minnesota Statutes 2024, section 203B.19, is amended to read:

In voting, I have marked and sealed my ballot in private and have not allowed any person to observe the marking of the ballot, except for those authorized to assist voters under state or federal law. I have not been influenced.

The information on this form is true, accurate, and complete to the best of my knowledge. I understand that a material misstatement of fact in completion of this document may constitute grounds for a conviction for perjury."

Sec. 28. Minnesota Statutes 2024, section 203B.24, subdivision 1, is amended to read:

Subdivision 1. **Check of voter eligibility; proper execution of certificate.** Upon receipt of an absentee ballot returned as provided in sections 203B.16 to 203B.27, the election judges shall compare the voter's name with the names recorded under section 203B.19 in the statewide registration system to insure that the ballot is from a voter eligible to cast an absentee ballot under sections

203B.16 to 203B.27. The election judges shall mark the signature envelope "Accepted" and initial or sign the signature envelope below the word "Accepted" if the election judges are satisfied that:

(1) the voter's name and address on the signature envelope appears in substantially the same form as on the application records provided to the election judges by the county auditor;

(2) the voter has signed the federal oath prescribed pursuant to section 705(b)(2) of the Help America Vote Act, Public Law 107-252;

(3) the voter has set forth the same voter's passport number, ~~or~~ Minnesota driver's license ~~or~~ state identification card or voter identification card number, or the last four digits of the voter's Social Security number as submitted on the application, if the voter has one of these documents;

(4) the voter is not known to have died; and

(5) the voter has not already voted at that election, either in person or by absentee ballot.

If the identification number described in clause (3) does not match the number as submitted on the application, the election judges must make a reasonable effort to satisfy themselves through other information provided by the applicant, or by an individual authorized to apply on behalf of the voter, that the ballots were returned by the same person to whom the ballots were transmitted.

An absentee ballot cast pursuant to sections 203B.16 to 203B.27 may only be rejected for the lack of one of clauses (1) to (5). In particular, failure to place the ballot within the ballot envelope before placing it in the signature envelope is not a reason to reject an absentee ballot.

Election judges must note the reason for rejection on the back of the envelope in the space provided for that purpose.

Failure to return unused ballots shall not invalidate a marked ballot, but a ballot shall not be counted if the certificate on the signature envelope is not properly executed. In all other respects the provisions of the Minnesota Election Law governing deposit and counting of ballots shall apply. Notwithstanding other provisions of this section, the counting of the absentee ballot of a deceased voter does not invalidate the election.

**524.5-311 EMERGENCY GUARDIAN.**

(a) If the court finds that compliance with the procedures of this article will likely result in substantial harm to the respondent's health, safety, or welfare, and that no other person appears to have authority and willingness to act in the circumstances, the court, on petition by a person interested in the respondent's welfare, may appoint an emergency guardian whose authority may not exceed 60 days and who may exercise only the powers specified in the order. A county that is acting under section 626.557, ~~subdivision 10~~ subdivisions 11h and 11i, by petitioning for appointment of an emergency guardian on behalf of a vulnerable adult may be granted authority to act for a period not to exceed 90 days. An emergency guardian's appointment under this section may only be extended once for a period not to exceed 60 days if the court finds good cause for the continuation of the guardianship. Immediately upon receipt of the petition for an emergency guardianship, the court shall appoint a lawyer to represent the respondent in the proceeding. Except as otherwise provided in paragraph (b), reasonable notice of the time and place of a hearing on the petition must be given to the respondent; interested parties, if known; and any other persons as the court directs.

(b) An emergency guardian may be appointed without notice to the respondent and the respondent's lawyer only if the court finds from affidavit or other sworn testimony that the respondent will be substantially harmed before a hearing on the appointment can be held and the petitioner made good faith efforts to provide notice to the respondent or the respondent's lawyer. If the court appoints an emergency guardian without notice to the respondent, the respondent must be given notice of the appointment within 48 hours after the appointment. The court shall hold a hearing on the appropriateness of the appointment within five days after the appointment.

(d) The court may remove an emergency guardian at any time. An emergency guardian shall make any report the court requires. In other respects, the provisions of this article concerning guardians apply to an emergency guardian.

(e) Any documents or information disclosing or pertaining to health or financial information shall be filed as confidential documents, consistent with the bill of particulars under section 524.5-121.

(f) The mere fact that the respondent is a patient in a hospital or a resident of a facility is not in and of itself sufficient evidence to support a risk of substantial harm to the respondent's health, safety, or welfare.

Sec. 39. Minnesota Statutes 2024, section 524.5-409, subdivision 2, is amended to read:

Subd. 2. **Emergency and temporary conservator.** (a) If the court finds that compliance with the procedures of this article will likely result in the immediate loss, waste, or dissipation of the individual's assets or income unless management is provided, or money is needed for the support, care, education, health, and welfare of the individual or of individuals who are entitled to the individual's support and that protection is necessary or desirable to obtain or provide money, and that no other person appears to have authority and willingness to act in the circumstances, the court, on petition by a person interested in the respondent's welfare, may appoint an emergency conservator whose authority may not exceed 60 days and who may exercise only the powers specified in the order. A county that is acting under section 626.557, ~~subdivision 10~~ subdivisions 11h and 11i, by petitioning for appointment of an emergency conservator on behalf of a vulnerable adult may be granted authority to act for a period not to exceed 90 days. Immediately upon receipt of the petition for an emergency conservatorship, the court shall appoint a lawyer to represent the respondent in the proceeding. Except as otherwise provided in paragraph (b), reasonable notice of the time and place of a hearing on the petition must be given to the respondent and any other persons as the court directs.

(b) An emergency conservator may be appointed without notice to the respondent and the respondent's lawyer only if the court finds from affidavit or other sworn testimony that the respondent will be substantially harmed before a hearing on the appointment can be held. If the court appoints an emergency conservator without notice to the respondent, the respondent must be given notice of the appointment within 48 hours after the appointment. The court shall hold a hearing on the appropriateness of the appointment within five days after the appointment.

(d) The court may remove an emergency conservator at any time. An emergency conservator shall make any report the court requires. In other respects, the provisions of this article concerning conservators apply to an emergency conservator.

(e) If the court finds that a conservator is not effectively performing the conservator's duties and that the security and preservation of the assets of the person subject to conservatorship requires immediate action, the court may appoint a temporary substitute conservator for the person subject to conservatorship for a specified period not exceeding six months. Except as otherwise ordered by the court, a temporary substitute conservator so appointed has the powers set forth in the previous order of appointment. The authority of any unlimited or limited conservator previously appointed by the court is suspended as long as a temporary substitute conservator has authority. If an appointment is made without previous notice to the person subject to conservatorship or the affected conservator within five days after the appointment, the court shall inform the person subject to conservatorship or conservator of the appointment.

(f) The court may remove a temporary substitute conservator at any time. A temporary substitute conservator shall make any report the court requires. In other respects, the provisions of this article concerning conservators apply to a temporary substitute conservator.

Upon the request of the patient or an interested person a second physician not directly involved in the patient's current treatment must review the incapacity determination. The executive medical director must review the proposed treatment decision and the second physician's review of the incapacity determination and make an updated determination. A state-operated treatment program may proceed with treatment of the patient while a review under this paragraph is pending.

(d) When a determination is made under paragraph (c), the state-operated treatment program must document the following information in the patient's clinical record:

(1) the patient's family, community, moral, religious, and social values;

(2) the medical risks, benefits, and alternatives to the proposed treatment;

(3) past efficacy and any extenuating circumstances of past experience with the particular medical treatment; and

(4) any other relevant factors."
