Sec. 45. Minnesota Statutes 2024, section 136A.827, subdivision 4, is amended to read:

For purposes of this subdivision, program of instruction is calculated under paragraph (c) or (d). Program of instruction does not mean one term, a payment period, a module, or any other portion of the entire instructional program.

To calculate the completion percentage, divide the number of clock hours that the student actually attended by the length of the program of instruction, and truncate the result after the second digit following the decimal point. If the completion percentage is less than 75 percent, the private career school may retain:

(1) tuition, fees, and charges equal to the total of tuition, fees, and charges multiplied by the completion percentage; plus

(2) the initial program application fees, not to exceed \$50; plus

(3) the lesser of (i) 25 percent of the total tuition, or (ii) \$100.

~~(e) Loans or other financial aid payments for amounts less than \$3,000 may be disbursed as a single disbursement on the first day a student attends class, regardless of term length.~~

~~(f) No private career school may enter into a contract or agreement with, or receive any money from, a bank, finance or credit card company, or other private lender, unless the private lender follows the requirements for disbursements provided in paragraphs (d) and (e).~~

~~(g) No private career school may withhold an official transcript for arrears or default on any loan made by the private career school to a student if the loan qualifies as an institutional loan under United States Code, title 11, section 523(a)(8)(b).~~

(b) To grant conditional private career school license ~~for periods of less than one year~~ if in the judgment of the office correctable deficiencies exist at the time of application and when ~~refusal to issue private career school license would adversely affect currently enrolled students~~ the risk of harm to students can be minimized through the use of restrictions and requirements as conditions of the license. Conditional licenses may include requirements and restrictions for:

(1) periodic monitoring and submission of reports on the school's deficiencies to ascertain whether compliance improves;

However, before proceeding to a hearing on the question of whether a license or permit shall be refused, revoked or suspended for any cause enumerated in subdivision 1, the office shall grant a reasonable time to the holder of or applicant for a license or permit to correct the situation. If within such time the situation is corrected and the private career school is in compliance with the provisions of sections 136A.82 to 136A.834, no further action leading to refusal, revocation, or suspension shall be taken.

~~(d) To grant a private career school a probationary license for periods of less than three years if, in the judgment of the office, correctable deficiencies exist at the time of application that need more than one year to correct and when the risk of harm to students can be minimized through the use of restrictions and requirements as conditions of the license. Probationary licenses may include requirements and restrictions for:~~

~~(1) periodic monitoring and submission of reports on the school's deficiencies to ascertain whether compliance improves;~~

~~(2) periodic collaborative consultations with the school on noncompliance with sections 136A.82 to 136A.834 or how the institution is managing compliance;~~

"Section 1. Minnesota Statutes 2025 Supplement, section 216B.16, subdivision 15, is amended to read:

Subd. 15. **Low-income affordability programs.** (a) The commission must consider ability to pay as a factor in setting utility rates and may establish affordability programs for low-income residential ratepayers in order to ensure affordable, reliable, and continuous service to low-income utility customers. A public utility serving low-income residential ratepayers who use natural gas or service from a thermal energy network, as defined in section 216B.2427, subdivision 1, for heating must file an affordability program with the commission.

(b) Any affordability program the commission orders a utility to implement must:

(1) lower the percentage of income that participating low-income households devote to energy bills;

(2) increase participating customer payments over time by increasing the frequency of payments;

(3) decrease or eliminate participating customer arrears;

(4) lower the utility costs associated with customer account collection activities; and

(5) coordinate the program with other available low-income bill payment assistance and conservation resources.

(c) In ordering affordability programs, the commission may require public utilities to file program evaluations that measure the effect of the affordability program on:

(1) the percentage of income that participating households devote to energy bills;

(2) service disconnections; and

(3) frequency of customer payments, utility collection costs, arrearages, and bad debt.

(d) The commission must issue orders necessary to implement, administer, and evaluate affordability programs, and to allow a utility to recover program costs, including administrative costs, on a timely basis. The commission may not allow a utility to recover administrative costs,

excluding start-up costs, in excess of five percent of total program costs, or program evaluation costs in excess of two percent of total program costs. The commission must permit deferred accounting, with carrying costs, for recovery of program costs incurred during the period between general rate cases.

(e) Public utilities may use information collected or created for the purpose of administering energy assistance to administer affordability programs.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. **[216B.2429] THERMAL ENERGY NETWORKS.**

Subd. 4. TEN consumer protection. A municipal utility, cooperative utility, or public utility's provision of service by a TEN is subject to the same laws, protections, and commission authority to which the utility's provision of natural gas service is subject under this chapter. Nothing in this subdivision extends commission authority over municipal or cooperative utilities beyond what is otherwise provided for gas service.

Subd. 5. TEN siting; priorities. In assessing locations at which to site a TEN, a utility must give preference to an area:

- (1) whose residents have expressed a desire to have a TEN installed;**
- (2) whose characteristics resemble those of an area in which a successful TEN was completed under a natural gas innovation plan filed under section 216B.2427; or**
- (3) that includes or is within an area as defined in section 116.065, subdivision 1, paragraph (e).**

Section 1. Minnesota Statutes 2024, section 352.75, subdivision 2, is amended to read:

Subd. 2. **New employees.** All persons employed by the Metropolitan Council as employees of the Transit Operating Division are:

EFFECTIVE DATE. This section is effective January 1, 2027.

Sec. 2. [352.88] PROBATION OFFICERS AND PUBLIC SAFETY TELECOMMUNICATORS.

Subdivision 1. Policy. It is the policy of the legislature that special consideration should be given to the pension benefits for employees of the state and governmental subdivisions who devote their time and skills to assisting the community and the courts as probation officers or serving the public and public safety partners as telecommunicators. Since this work can be hazardous or high stress, special provisions are made by this section for earlier full retirement than is provided to members of the general state employees retirement plan under section 352.01, subdivision 25. The additional cost of this benefit is split between the employees and employers.

Subd. 2. Definitions. (a) For purposes of this section and section 352.881, each of the following terms has the meaning given unless the language or context clearly indicates that a different meaning is intended. Subd. 4. **Retirement annuity.** (a) After separation from state service, a member who has attained at least normal retirement age and is vested is entitled, upon application, to a normal retirement annuity. The normal retirement annuity is equal to the member's average salary multiplied by 1.9 percent for each year of allowable service.

(b) After separation from state service, a member who has reached the age of 55 and is vested is entitled, upon application, to an early retirement annuity that is actuarially equivalent to the normal retirement annuity.

(1) A member may file a request with the executive director for an estimate of the purchase price for up to three different periods of past service by filing an application on a form approved by the executive director.

(2) The member must file the request for an estimate before filing an election to purchase past service under paragraph (c).

(4) The executive director must estimate the purchase price using the assumptions and applying any offset amount as directed under subdivision 7 for the periods of past service requested by the member and provide the estimates to the member.

(c) To purchase credit for past service, a member must file an application with the executive director on a form approved by the executive director before the annuity starting date of the member's retirement annuity or benefit. The application must:

(1) include documentation of the member's eligibility to make the purchase, signed written permission to allow the executive director to request and receive verification of applicable facts and eligibility requirements from the member's employer, and any other relevant information that the executive director may require;

These requirements and the requirements of section 353.03, subdivision 3, are in addition to the specific requirements of each plan and govern in the event there is any conflict between these sections and the procedures specific to any of those plans under section 353.33, 353.656, ~~or~~ 353E.06, or 353H.06.

(b) Notwithstanding any law to the contrary, an employee, as defined in section 353.032, subdivision 1, clause (2), who applies for a duty disability benefit based on a psychological condition, as defined in section 353.032, subdivision 1, clause (7), is not eligible for duty disability benefits under this chapter until the employee has satisfied the additional procedure, including all completion of treatment requirements under section 353.032.

To be valid, an application for disability benefits must be made within 18 months following termination of public service as defined under section 353.01, subdivision 11a, and include the required application form and the medical reports required by paragraph (c).

(b) All medical reports must support a finding that the disability arose before the employee was placed on any paid or unpaid leave of absence or terminated public service, as defined under section 353.01, subdivision 11a.

(c) An applicant for disability shall provide a detailed report signed by a licensed medical doctor and at least one additional report signed by a medical doctor, psychiatrist, psychologist, APRN, or chiropractor. The applicant must authorize the release of all medical and health care evidence, including all medical records and relevant information from any source, to support the application for initial, or the continuing payment of, disability benefits.

(d) All reports must contain an opinion regarding the applicant's prognosis, the duration of the disability, and the expectations for improvement. Any report that does not contain and support a finding that the disability will last for at least one year may not be relied upon to support eligibility for benefits.

(e) Where the medical evidence supports the expectation that at some point in time the applicant will no longer be disabled, any decision granting disability may provide for a termination date upon which disability can be expected to no longer exist. In the event a termination date is made part of the decision granting benefits, prior to the actual termination of benefits, the applicant shall have the opportunity to show that the disabling condition for which benefits were initially granted continues. In the event the benefits terminate in accordance with the original decision, the applicant may petition for review under section 356.96 or may reapply for disability in accordance with these procedures and section 353.33, 353.656, or 353E.06, as applicable.

(f) Upon receipt of a valid application, the executive director must notify the employer. No later than 30 days after receiving the notification, the employer must provide a report to the executive director indicating that there is no available work that the applicant can perform in the applicant's disabled condition and that all reasonable accommodations have been considered. Upon request of the executive director, an employer shall provide evidence of the steps the employer has taken to attempt to provide reasonable accommodations and continued employment to the applicant. The employer shall also provide a certification of the applicant's past public service; the dates of any paid sick leave, vacation, or any other employer-paid salary continuation plan beyond the last working day; and whether or not any sick or annual leave has been allowed.

(g) An applicant who is placed on leave of absence without compensation because of a disability is not barred from receiving a disability benefit.

(h) An applicant for disability benefits may file a retirement annuity application under section 353.29, subdivision 4, simultaneously with an application for disability benefits. If the application for disability benefits is approved, the retirement annuity application is canceled. If disability benefits are denied, the retirement annuity application must be processed upon the request of the applicant. No member of the general employees retirement plan, the police and fire plan, ~~or~~ the local government correctional service retirement plan, or the local government probation and telecommunicator retirement plan may receive a disability benefit and a retirement annuity simultaneously from the same plan.

Sec. 9. Minnesota Statutes 2024, section 353.15, subdivision 1, is amended to read:

The employer representative must also remit payment in a manner prescribed by the executive director for the aggregate amount of the employee contributions and the required employer contributions to be received by the association within 14 calendar days after each pay date. If the payment is less than the amount required, the employer must pay the shortage amount to the association and collect reimbursement of any employee contribution shortage paid on behalf of a member through subsequent payroll withholdings from the wages of the employee. Payment of shortages in employee contributions and associated employer contributions, if applicable, must include interest at the rate specified in section 353.28, subdivision 5, if not received within 30 days following the date the amount was initially due under this section.

(b) The head of each department or the person's designee shall submit for each pay period to the association a salary deduction report in the format prescribed by the executive director. The report must be received by the association within 14 calendar days after each pay date or the employer may be assessed a fine of \$5 per calendar day until the association receives the required data. Data required as part of salary deduction reporting must include, but are not limited to:

(1) the legal names and Social Security numbers of employees who are members;

(2) the amount of each employee's salary deduction;

(3) the amount of salary defined in section 353.01, subdivision 10, earned in the pay period from which each deduction was made, including a breakdown of the portion of the salary that represents overtime pay that the employee was paid for additional hours worked beyond the regularly scheduled hours, pay for unused compensatory time, and the salary amount earned by a reemployed annuitant under section 353.37, subdivision 1, or 353.371, subdivision 1, or by a disabled member under section 353.33, subdivision 7 or 7a;

(c) Employers must furnish the data required for enrollment for each new or reinstated employee who qualifies for membership in the general employees retirement plan, the public employees police and fire retirement plan, the public employees defined contribution plan, ~~or~~ the local government correctional service retirement plan, or the local government probation and telecommunicator retirement plan in the format prescribed by the executive director. The required enrollment data on new members must be submitted to the association prior to or concurrent with the submission of the initial employee salary deduction. Also, the employer shall report to the association all member

employment status changes, such as leaves of absence, terminations, and death, and shall report the effective dates of those changes, on an ongoing basis for the payroll cycle in which they occur. If an employer fails to comply with the reporting requirements under this paragraph, the executive director may assess a fine of \$25 for each failure if the association staff has notified the employer of the noncompliance and attempted to obtain the missing data or form from the employer for a period of more than three months.

(d) The employer shall furnish data, forms, and reports as may be required by the executive director for proper administration of the retirement system. Before implementing new or different computerized reporting requirements, the executive director shall give appropriate advance notice to governmental subdivisions to allow time for system modifications.

(e) Notwithstanding paragraph (a), the executive director may provide for less frequent reporting and payments for small employers.

(f) The executive director may establish reporting procedures and methods as required to review compliance by employers with the salary and contribution reporting requirements in this chapter. A review of the payroll records of a participating employer may be conducted by the association on a periodic basis or as a result of concerns known to exist within a governmental subdivision. An employer under review must extract requested data and provide records to the association after receiving reasonable advanced notice. Failure to provide requested information or materials will result in the employer being liable to the association for any expenses associated with a field audit, which may include staff salaries, administrative expenses, and travel expenses.

Sec. 11. Minnesota Statutes 2024, section 353.27, subdivision 7b, is amended to read:

Subd. 7b. **Recovery of overpayments.** (a) In the event the executive director determines that an overpaid annuity or benefit from the general employees retirement plan of the Public Employees Retirement Association, the public employees police and fire retirement plan, ~~or~~ the local government correctional employees retirement plan, or the local government probation and telecommunicator retirement plan is the result of invalid salary included in the average salary used to calculate the payment amount must be recovered, the association must determine the amount of the employee deductions taken in error on the invalid salary, with interest determined in the manner provided for a former member under subdivision 7, paragraph (e), clause (2), item (i), and must subtract that amount from the total annuity or benefit overpayment, and the remaining balance of the overpaid annuity or benefit, if any, must be recovered.

(b) If the invalid employee deductions plus interest exceed the amount of the overpaid benefits, the balance must be refunded to the person to whom the benefit or annuity is being paid.

(c) Any invalid employer contributions reported on the invalid salary must be credited to the employer as provided in subdivision 7, paragraph (e).

(d) If a member or former member, who is receiving a retirement annuity or disability benefit for which an overpayment is being recovered, dies before recovery of the overpayment is completed and a joint and survivor optional annuity is payable, the remaining balance of the overpaid annuity or benefit must continue to be recovered from the payment to the optional annuity beneficiary.

(e) If the association finds that a refund has been overpaid to a former member, beneficiary or other person, the amount of the overpayment must be recovered for the benefit of the respective retirement fund or account.

(f) The board of trustees shall adopt policies directing the period of time and manner for the collection of any overpaid retirement or optional annuity, and survivor or disability benefit, or a refund that the executive director determines must be recovered as provided under this section.

Sec. 12. Minnesota Statutes 2024, section 353.27, subdivision 11, is amended to read:

Subd. 11. Employers; required to furnish requested information. (a) All governmental subdivisions shall furnish promptly such other information relative to the employment status of all employees or former employees, including, but not limited to, payroll abstracts pertaining to all past and present employees, as may be requested by the executive director, including schedules of salaries applicable to various categories of employment.

(b) In the event payroll abstract records have been lost or destroyed, for whatever reason or in whatever manner, so that such schedules of salaries cannot be furnished therefrom, the employing governmental subdivision, in lieu thereof, shall furnish to the association an estimate of the earnings of any employee or former employee for any period as may be requested by the executive director. If the association is provided a schedule of estimated earnings, the executive director is authorized to use the same as a basis for making whatever computations might be necessary for determining obligations of the employee and employer to the general employees retirement plan, the public employees police and fire retirement plan, ~~or the local government correctional employees retirement plan, or the local government probation and telecommunicator retirement plan.~~ If estimates are not furnished by the employer at the request of the executive director, the executive director may estimate the obligations of the employee and employer to the general employees retirement fund, the public employees police and fire retirement plan, ~~or the local government correctional employees retirement plan, or the local government probation and telecommunicator retirement plan~~ based upon those records that are in its possession.

Sec. 13. Minnesota Statutes 2024, section 353.27, subdivision 12, is amended to read:

Subd. 12. Omitted salary deductions; obligations. (a) In the case of omission of required deductions for the general employees retirement plan, the public employees police and fire retirement plan, ~~or the local government correctional employees retirement plan, or the local government probation and telecommunicator retirement plan~~ from the salary of an employee, the department head or designee shall immediately, upon discovery, report the employee for membership and deduct the employee deductions under subdivision 4 during the current pay period or during the pay period immediately following the discovery of the omission. Payment for the omitted obligations may only be made in accordance with reporting procedures and methods established by the executive director.

(b) When the entire omission period of an employee does not exceed 60 days, the governmental subdivision may report and submit payment of the omitted employee deductions and the omitted employer contributions through the reporting processes under subdivision 4.

(c) When the omission period of an employee exceeds 60 days, the governmental subdivision shall furnish to the association sufficient data and documentation upon which the obligation for omitted employee and employer contributions can be calculated. The omitted employee deductions

must be deducted from the employee's subsequent salary payment or payments and remitted to the association for deposit in the applicable retirement fund. The employee shall pay omitted employee deductions due for the 60 days prior to the end of the last pay period in the omission period during which salary was earned. The employer shall pay any remaining omitted employee deductions and any omitted employer contributions, plus interest at the applicable rate or rates specified in section 356.59, subdivision 3, compounded annually, from the date or dates each omitted employee contribution was first payable.

(d) An employer shall not hold an employee liable for omitted employee deductions beyond the pay period dates under paragraph (c), nor attempt to recover from the employee those employee deductions paid by the employer on behalf of the employee. Omitted deductions due under paragraph (c) which are not paid by the employee constitute a liability of the employer that failed to deduct the omitted deductions from the employee's salary. The employer shall make payment with interest at the applicable rate or rates specified in section 356.59, subdivision 3, compounded annually. Omitted employee deductions are no longer due if an employee terminates public service before making payment of omitted employee deductions to the association, but the employer remains liable to pay omitted employer contributions plus interest at the applicable rate or rates specified in section 356.59, subdivision 3, compounded annually, from the date the contributions were first payable.

(e) The association may not commence action for the recovery of omitted employee deductions and employer contributions after the expiration of three calendar years after the calendar year in which the contributions and deductions were omitted. Except as provided under paragraph (b), no payment may be made or accepted unless the association has already commenced action for recovery of omitted deductions. An action for recovery commences on the date of the mailing of any written correspondence from the association requesting information from the governmental subdivision upon which to determine whether or not omitted deductions occurred.

Sec. 14. Minnesota Statutes 2024, section 353.27, subdivision 12a, is amended to read:

Subd. 12a. **Terminated employees: omitted deductions.** A terminated employee who was a member of the general employees retirement plan of the Public Employees Retirement Association, the public employees police and fire retirement plan, ~~or the local government correctional employees retirement plan, or the local government probation and telecommunicator retirement plan~~ and who has a period of employment in which previously omitted employer contributions were made under subdivision 12 but for whom no, or only partial, omitted employee contributions have been made, or a member who had prior coverage in the association for which previously omitted employer contributions were made under subdivision 12 but who terminated service before required omitted employee deductions could be withheld from salary, may pay the omitted employee deductions for the period on which omitted employer contributions were previously paid plus interest at the applicable rate or rates specified in section 356.59, subdivision 3, compounded annually. A terminated employee may pay the omitted employee deductions plus interest within six months of an initial notification from the association of eligibility to pay those omitted deductions. If a terminated employee is reemployed in a position covered under a public pension fund under section 356.30, subdivision 3, and elects to pay omitted employee deductions, payment must be made no later than six months after a subsequent termination of public service.

Sec. 15. Minnesota Statutes 2024, section 353.27, subdivision 12b, is amended to read:

Subd. 12b. **Terminated employees: immediate eligibility.** If deductions were omitted from salary adjustments or final salary of a terminated employee who was a member of the general employees retirement plan, the public employees police and fire retirement plan, ~~or~~ the local government correctional employees retirement plan, or the local government probation and telecommunicator retirement plan and who is immediately eligible to draw a monthly benefit, the employer shall pay the omitted employer and employer additional contributions plus interest on both the employer and employee amounts due at the applicable rate or rates specified in section 356.59, subdivision 3, compounded annually. The employee shall pay the employee deductions within six months of an initial notification from the association of eligibility to pay omitted deductions or the employee forfeits the right to make the payment.

Sec. 16. Minnesota Statutes 2024, section 353.27, subdivision 13, is amended to read:

Subd. 13. **Certain warrants canceled.** A warrant payable from the general employees retirement fund, the public employees police and fire retirement fund, ~~or~~ the local government correctional retirement fund, or the local government probation and telecommunicator retirement fund remaining unpaid for a period of six months must be canceled into the applicable retirement fund and not canceled into the state's general fund.

Sec. 17. Minnesota Statutes 2024, section 353.27, subdivision 14, is amended to read:

Subd. 14. **Periods before initial coverage date.** (a) If an entity is determined to be a governmental subdivision due to receipt of a written notice of eligibility from the association with respect to the general employees retirement plan, the public employees police and fire retirement plan, ~~or~~ the local government correctional retirement plan, or the local government probation and telecommunicator retirement plan, that employer and its employees are subject to the requirements of subdivision 12, effective retroactively to the date that the executive director of the association determines that the entity first met the definition of a governmental subdivision, if that date predates the notice of eligibility.

(b) If the retroactive time period under paragraph (a) exceeds three years, an employee is authorized to purchase service credit in the applicable Public Employees Retirement Association plan for the portion of the period in excess of three years, by making payment under section 356.551. Notwithstanding any provision of section 356.551, subdivision 2, to the contrary, regarding time limits on purchases, payment of a service credit purchase amount may be made anytime before the termination of public service.

(c) This subdivision does not apply if the applicable employment under paragraph (a) included coverage by any public or private defined benefit or defined contribution retirement plan, other than a firefighters relief association. If this paragraph applies, an individual is prohibited from purchasing service credit from a Public Employees Retirement Association plan for any period or periods specified in paragraph (a).

Sec. 18. Minnesota Statutes 2024, section 353.30, subdivision 3, is amended to read:

Subd. 3. **Optional retirement annuity forms.** (a) The board of trustees shall establish optional annuities which shall take the form of a joint and survivor annuity. Except as provided in subdivision 3a, the optional annuity forms shall be actuarially equivalent to the forms provided in section 353.29 and subdivisions 1, 1a, 1b, 1c, and 5 or section 353H.05, subdivisions 1 and 3. In establishing those

optional forms, the board shall obtain the written recommendation of the actuary retained under section 356.214. The recommendations shall be a part of the permanent records of the board. A member or former member may select an optional form of annuity, subject to the provisions of section 356.46, in lieu of accepting any other form of annuity which might otherwise be available.

(b) For purposes of computing a joint and survivor annuity, the investment return assumption specified in section 356.461 must be used rather than the investment return specified in section 356.215, subdivision 8.

Sec. 19. Minnesota Statutes 2024, section 353.33, subdivision 3, is amended to read:

Subd. 3. Computation of benefits. (a) This disability benefit is an amount equal to the normal annuity payable to a member who has reached normal retirement age with the same number of years of allowable service and the same average salary, as provided in ~~section~~ sections 353.01, subdivision 17a, and section 353.29, subdivision 3, or 353H.05, subdivision 1, for members of the local government probation and telecommunicator retirement plan.

(b) A basic member shall receive a supplementary monthly benefit of \$25 to age 65 or the five-year anniversary of the effective date of the disability benefit, whichever is later.

(c) If the disability benefits under this subdivision exceed the average salary as defined in section 353.01, subdivision 17a, the disability benefits must be reduced to an amount equal to the average salary.

Sec. 20. Minnesota Statutes 2024, section 353.33, subdivision 7a, is amended to read:

(b) If, following a work or non-work-related injury or illness, a member receiving disability benefits attempts to return to work for the member's previous public employer or attempts to return to a similar position with another public employer, on a full-time or less than full-time basis, the association must continue paying the disability benefit for a period not to exceed six months. The disability benefit must continue in an amount that, when added to the subsequent employment earnings, does not exceed the base monthly salary the member had been receiving at the date of disability or the base monthly salary rate currently paid for similar positions, whichever is higher.

Sec. 21. Minnesota Statutes 2024, section 353.33, subdivision 11, is amended to read:

Subd. 11. Coordinated member disabilitant transfer to retirement status. The disability benefits paid to a coordinated member must terminate when the person reaches normal retirement

age. If the coordinated member is still totally and permanently disabled upon attaining normal retirement age, the coordinated member is deemed to be on retirement status. If an optional annuity is elected under subdivision 3a, the coordinated member shall receive an annuity under the terms of the optional annuity previously elected, or, if an optional annuity is not elected under subdivision 3a, the coordinated member may elect to receive a normal retirement annuity under section 353.29 or 353H.05 or an annuity equal to the disability benefit paid before the coordinated member reaches normal retirement age, whichever amount is greater, or elect to receive an optional annuity under section 353.30, subdivision 3. The annuity of a disabled coordinated member who attains normal retirement age must be computed under the law in effect upon attainment of normal retirement age. Election of an optional annuity must be made before the coordinated member attains normal retirement age. If an optional annuity is elected, the election is effective on the date on which the person attains normal retirement age and the optional annuity begins to accrue on the first day of the month next following the month in which the person attains that age.

(b) The deferred annuity must be computed under section 353.29, subdivision 3, or 353H.05, subdivision 1, on the basis of the law in effect on the date of termination of public service or termination of membership, whichever is later, and, if the later of termination of public service or termination of membership is on or before December 31, 2011, the deferred annuity must be augmented as provided in paragraphs (c) to (e).

(c) The deferred annuity of any former member must be augmented from the first day of the month following the termination of active service, or July 1, 1971, whichever is later, to the effective date of retirement or, if earlier, December 31, 2018.

(h) A former member qualified to apply for a deferred retirement annuity may revoke this option at any time before the commencement of deferred annuity payments by making application for a

Sec. 24. Minnesota Statutes 2024, section 353.37, subdivision 5, is amended to read:

Sec. 26. **[353H.001] APPLICATION OF CHAPTER 353.**

The general provisions of chapter 353 apply to the local government probation and telecommunicator retirement plan, except where otherwise specifically provided in this chapter.

Sec. 27. **[353H.002] POLICY.**

It is the policy of the legislature that special consideration should be given to the pension benefits for employees of governmental subdivisions who devote their time and skills to assisting the community and the courts as probation officers or serving the public and public safety partners as telecommunicators. Because this work can be hazardous or high stress, special provisions are made by this chapter for earlier retirement and larger retirement annuities than are provided to members of the general employees retirement plan under chapter 353. The additional costs of these benefits are borne initially by the employees.

Sec. 28. **[353H.01] DEFINITIONS.**

Subd. 6. **Payment of annuities and benefits earned under the general plan.** The executive director must pay a retirement annuity or benefit as provided under chapter 353 to a member of the plan from the assets of the fund if the member was transferred from the general plan to the plan on January 1, 2027, and had allowable service under the general plan.

(3) The member must submit, with the estimate request, payment of the administrative fee in the amount of \$250 to cover the cost of preparing the estimates. If the member proceeds with the purchase, the executive director must credit the administrative fee toward the purchase price.

(4) The executive director must estimate the purchase price using the assumptions and applying any offset amount as directed under subdivision 2 for the periods of past service requested by the member and provide the estimates to the member.

(b) The executive director must calculate the purchase price by:

(1) using the investment return assumption specified in section 356.215, subdivision 8, and the mortality table in effect for the general plan;

(2) assuming continuous future service in the plan until the plan's minimum requirements for normal retirement, or retirement with an annuity unreduced for retirement at an early age, are met with the additional service credit purchased;

(3) assuming a full-time equivalent salary or actual salary, whichever is greater, and a future salary history that includes annual salary increases at the applicable salary increase rate for the plan; and

VOLUNTEER FIREFIGHTERS

Subd. 4. **Periodic audit; biennial actuarial valuation; ~~biennial~~ annual funding report.** (a) The legislative auditor shall periodically audit the retirement fund.

(b) The executive director must retain an approved actuary under section 356.214 to perform biennial actuarial valuations of each fire department account in the monthly division. The actuarial valuation must conform with section 356.215 and the standards for actuarial work. The actuarial valuation must contain sufficient detail for each participating employer to ascertain the actuarial condition of its account in the retirement fund and the amount of its required contribution to the account.

(c) The executive director must perform ~~biennial~~ annual funding assessments of each fire department account in the ~~lump-sum division~~ defined benefit plan. The assessment must comply with section 353G.08, subdivision 1 or 1a, as applicable.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2024, section 353G.08, subdivision 1, is amended to read:

Subdivision 1. **Biennial Annual funding reports; lump-sum division.** (a) The executive director must annually determine the funding requirements for each fire department account in the ~~lump-sum division~~ on or before August 1 ~~every other year~~. The funding requirements computed under this subdivision must be determined using a mathematical procedure developed and certified as accurate by the approved actuary retained by the association and must be based on present value factors using a six percent investment return rate, without any decrement assumptions. The executive director must provide written notice of the funding requirements to the entity or entities associated with the fire department whose active firefighters are covered by the plan.

(b) The overall funding balance of each fire department account for the current calendar year must be determined in the following manner:

(1) The total accrued liability for all active and deferred members of the fire department as of December 31 of the current year must be calculated based on the service credit of active and deferred members as of that date.

(2) The assets of the fire department account projected to December 31 of the current year, including receipts by and disbursements from the account anticipated to occur on or before December 31, must be calculated. The executive director must begin phasing in the use of actuarial value of assets in making this calculation beginning with the funding reports for 2026.

(3) The amount of the assets calculated under clause (2) must be subtracted from the amount of the total accrued liability calculated under clause (1). If the amount of the assets exceeds the amount of the total accrued liability, then the account is considered to have a surplus over full funding. If the amount of the assets is less than the amount of the total accrued liability, then the account is considered to have a deficit from full funding. If the amount of assets is equal to the amount of the total accrued liability, then the account is considered to be fully funded.

(c) The financial requirements of each fire department for the following calendar year must be determined in the following manner:

(1) The total accrued liability for all active and deferred members of the fire department as of December 31 of the calendar year next following the current calendar year must be calculated based on the service used in the calculation under paragraph (b), clause (1), increased by one year.

(2) The increase in the total accrued liability of the account for the following calendar year over the total accrued liability of the account for the current year must be calculated.

(3) The amount of administrative expenses of the account must be calculated by multiplying the per-person dollar amount of the administrative expenses for the most recent prior calendar year by the number of active and deferred firefighters reported to the association on the most recent service credit certification form for the account.

(4) If the account is fully funded, the financial requirement of the account for the following calendar year is the total of the amounts calculated under clauses (2) and (3).

(5) If the account has a deficit from full funding, the financial requirement of the account for the following calendar year is the total of the amounts calculated under clauses (2) and (3) plus an amount equal to one-tenth of the amount of the deficit from full funding of the account.

(6) If the account has a surplus over full funding, the financial requirement of the account for the following calendar year is the financial requirement of the account calculated as though the account was fully funded under clause (4) and, if the account has also had a surplus over full funding during the prior two years, additionally reduced by an amount equal to one-tenth of the amount of the surplus over full funding of the account.

(d) The required contribution of the entity or entities associated with the fire department whose active firefighters are covered by the lump-sum division is the annual financial requirements of the fire department account under paragraph (c) reduced by the amount of any fire state aid payable under chapter 477B or police and firefighter retirement supplemental state aid payable under section 423A.022 that is reasonably anticipated to be received by the retirement plan attributable to the entity or entities during the following calendar year, and an amount of investment earnings on the assets projected to be received during the following calendar year calculated at the rate of six percent per annum. The required contribution must be allocated between the entities if more than one entity is involved. A reasonable amount of anticipated fire state aid is an amount that does not exceed the fire state aid received in the prior year multiplied by the factor 1.035.

~~(e) The financial requirement for each fire department account in the lump-sum division for the second year of the biennial valuation period must be in the amount determined in paragraph (d) increased by six percent, but no more than the excess, if any, of the amount determined under paragraph (e), clause (1), less the actual market value of assets in the fire department account as of that date.~~

~~(f)~~ (e) The required contribution calculated in paragraph (d) must be paid to the retirement plan on or before December 31 of the year for which it was calculated. If the contribution is not received by the plan by December 31, it is payable with interest at an annual compound rate of six percent from the date due until the date payment is received by the plan. If the entity does not pay the full amount of the required contribution, the executive director shall collect the unpaid amount under section 353.28, subdivision 6.

EFFECTIVE DATE. This section is effective the day following final enactment.

Subd. 2. Return to active firefighting after receipt of pension or benefit. (a) This subdivision governs the service pension calculation requirements of a firefighter who resumes performing active firefighting service with the fire department associated with the relief association after being paid a service pension or disability benefit from the relief association. The firefighter must wait at least 60 days following receipt of the pension or benefit before resuming active firefighting service with

the fire department and, if permitted in the bylaws of the relief association, active membership in the relief association.

(b) A firefighter may qualify to receive a service pension from the relief association for the resumption service period if the firefighter:

(1) is a former firefighter who has been paid a service pension or disability benefit or is receiving a monthly benefit service pension;

(2) returns to active relief association membership; and

(3) meets the service requirements defined in the relief association's bylaws in effect on the date of the firefighter's separation from active service and, as applicable:

(i) paragraph (g);

(ii) section 424A.016, subdivision 3; or

(iii) section 424A.02, subdivision 2.

(3) if the monthly service pension payments were suspended under clause (1), the suspended initial service pension resumes as of the first of the month next following the termination of the resumption service.

(g) A relief association may define in the relief association's bylaws vesting requirements that apply solely to former firefighters who have been paid a service pension or disability benefit and

subsequently return to active relief association membership. If a relief association elects to define vesting requirements that are applicable solely to these former firefighters, the requirements may be different than the requirements for all other relief association members and need not comply with the service requirements of section 424A.016, subdivision 3, or 424A.02, subdivision 2, as applicable, but cannot require more than 20 years of active service for full vesting.

Sec. 16. Minnesota Statutes 2024, section 356.30, subdivision 1, is amended to read:

Subdivision 1. **Eligibility; computation of annuity.** (a) Notwithstanding any provisions of the laws governing the covered retirement plans listed in subdivision 3 and except as provided in subdivision 1a, a person may elect to receive, upon retirement, a retirement annuity from each covered retirement plan, subject to the provisions of paragraph (b), if the person has:

- (1) allowable service in any two or more of the covered plans;
- (2) at least one-half year of allowable service in each covered plan, based on the allowable service in each plan;
- (3) total allowable service that equals or exceeds the longest service credit vesting requirement of the applicable retirement plan; and
- (4) not begun to receive an annuity from any covered plan or made application for benefits from each applicable plan and the retirement annuity effective dates of each plan are within a one-year period.

(b) If all requirements in paragraph (a) have been satisfied, the retirement annuity from each plan must be based upon the allowable service, accrual rates, and average salary in the applicable plan except as further specified or modified in the following clauses:

- (1) the laws governing annuities must be the law in effect on the date of termination from the last period of public service under a covered retirement plan with which the person earned a minimum of one-half year of allowable service credit during that employment;
- (2) the average salary used to calculate the annuity for each formula plan must be based on the employee's highest five successive years of covered salary during the entire service in covered plans;
- (3) the accrual rates under each plan must be the percentages prescribed by each plan's formula in effect for the respective years of allowable service from one plan to the next, recognizing all previous allowable service with the other covered plans;
- (4) the allowable service in all the covered plans must be combined in determining eligibility for and the application of each plan's provisions with respect to reduction in the annuity amount for retirement prior to normal retirement age; and
- (5) the annuity amount payable for any allowable service under a nonformula plan that is a covered plan must not be affected, but such service and covered salary must be used in the above calculation.

(c) If a person eligible for an annuity under paragraph (a) from each covered plan terminates all public service, the deferred annuity must be augmented from the date of termination until the earlier of:

- (1) the effective date of retirement; or

(2) December 31, 2018, for the Minnesota State Retirement System and the Public Employees Retirement Association or June 30, 2019, for the Teachers Retirement Association and the St. Paul Teachers Retirement Association.

A deferred annuity must not be augmented after the applicable dates under clause (2). The appropriate rate of augmentation is the rate in effect on the date on which the person entered into public employment and subsequently adjusted according to the laws governing each covered plan, as applicable.

(d) This section does not apply to any person whose final termination from the last public service under a covered plan was before May 1, 1975.

(4) any other covered plan's accrual rate must not exceed 2.7 percent per year of service for any year of service or fraction thereof.

(f) Any period of time for which a person has credit in more than one of the covered plans must be used only once for the purpose of determining total allowable service.

(g) If the period of duplicated service credit is more than one-half year, or the person has credit for more than one-half year, with each of the plans, each plan must apply its formula to a prorated service credit for the period of duplicated service based on a fraction of the salary on which deductions were paid to that fund for the period divided by the total salary on which deductions were paid to all plans for the period.

(h) If the period of duplicated service credit is less than one-half year, or when added to other service credit with that plan is less than one-half year, the service credit must be ignored and a refund of contributions made to the person in accord with that plan's refund provisions.

Subd. 3. **Mandate.** In arriving at the work group's recommendations, the work group must determine and consider:

(1) whether shortening vesting schedules has any impact on a relief association or SVF fire department's liabilities or funded status and, if so, what options are available to lessen the impact;

(2) any studies or data supporting or critical of the premise that longer vesting schedules aid retention or recruitment;

(3) how many fire departments, whether affiliated with a relief association or participating in the SVF, have emergency medical providers who solely perform that function, how many of these emergency medical providers are in each fire department, and the funded status of the affiliated relief association or SVF account;

(4) the basis, if any, for excluding emergency medical providers from firefighter relief associations and the SVF;

(5) the cost of requiring past service credit be provided to emergency medical providers when the providers become members of relief associations that are defined benefit plans or the SVF defined benefit plan and options for providing past service credit (that is, as far back as a provider has active service in the fire department or back to 2019);

(7) options for phasing in the shorter vesting schedules and requiring coverage of and past service credit for emergency medical providers; and

Sec. 2. **WORK GROUP ON DUTY DISABILITY AND THE PUBLIC SAFETY OFFICER'S BENEFIT ACCOUNT.**

(b) "Commission" means the Legislative Commission on Pensions and Retirement.

(c) "Executive director" means the executive director of the commission.

(d) "LCPR account" means the account established in the Legislative Coordinating Commission that contains \$26,694, as of April 1, 2026, and was funded in fiscal year 2024 with a \$100,000 appropriation to the Legislative Coordinating Commission for the Legislative Commission on Pensions and Retirement pursuant to Laws 2023, chapter 45, article 6, section 3.

(e) "Maximum benefit" means the duty disability benefit under Minnesota Statutes, section 353.656, or the employer's cost to provide the health insurance coverage under Minnesota Statutes, section 299A.465.

Subd. 2. **Need for a work group.** The commission has identified the following reasons for establishing a work group:

(1) the public safety officer's benefit account is anticipated to be depleted by 2028 based on information provided by the Department of Management and Budget;

(2) the rate of approval by the Public Employees Retirement Association of duty disability applications is approximately 100 percent;

(3) since only one annual report has been filed by the commissioner of public safety under Minnesota Statutes, section 299A.42, subdivision 2, and the report contains minimal information on reimbursements in the categories for treatment, salary, fringe benefits, and health care insurance, the commission is unable to use this report to determine trends, per-member reimbursements, or related information;

(4) waiting until May 20, 2027, to receive the report from the executive director of the Public Employees Retirement Association under Minnesota Statutes, section 353.032, subdivision 11, regarding the impact on public safety duty disability trends and costs is too late to allow for a legislative solution if trends indicate psychological condition treatment is not resulting in police and fire plan members being able to return to work rather than take a leave of absence for duty disability;

(5) minimal information is available regarding whether police officers and firefighters who retire under the police and fire plan before age 65 are able to obtain health insurance coverage at a reasonable cost until age 65 when Medicare is available and whether there are options available to the police officers and firefighters to obtain adequate coverage;

(6) there has been an increase of over 100 percent in the cost of duty disability benefits as reflected in the change between the 2024 actuarial valuation of the police and fire plan and the 2025 actuarial valuation and the effect of this increase on the overall health of the police and fire plan; and

(7) to determine how to formulate solutions to the reasons in clauses (1) to (6), legislators and other decision makers need a better understanding of the interaction of workers' compensation, the availability and cost of health insurance coverage upon retirement or reemployment, the application process for and amount of duty disability benefits, the ability of public employers to continue to offer health insurance coverage to duty-disabled and retired employees, and the federally provided benefits for public safety officers.

Subd. 3. **Work group established; purpose.** The executive director must convene a work group for the purpose of recommending legislation that would:

(1) reform duty disability for members of the police and fire plan; and

(2) ensure that members of the police and fire plan who become duty disabled or retire have access to affordable health insurance coverage until Medicare eligibility.

Subd. 4. **Membership.** (a) The members of the work group are the following:

(1) one representative from the Minnesota Police and Peace Officers Association;

(2) one representative from the Minnesota Professional Fire Fighters Association;

(3) one representative from Law Enforcement Labor Services;

(4) one representative from the League of Minnesota Cities;

(5) one representative from the Association of Minnesota Counties;

(6) one representative from the Minnesota Inter-County Association;

- (7) one representative from the Coalition of Greater Minnesota Cities;
 - (8) one representative from the Minnesota Chiefs of Police Association;
 - (9) one representative from the Minnesota State Fire Chiefs Association;
 - (10) one representative from the Minnesota Sheriffs' Association;
 - (11) the executive director of the Public Employees Retirement Association or the executive director's designee;
 - (12) the commissioner of public safety or the commissioner's designee;
 - (13) the commissioner of labor and industry or the commissioner's designee;
 - (14) the assistant commissioner of the Workers' Compensation Division of the Department of Labor and Industry or the assistant commissioner's designee;
 - (15) one designee of the commissioner of management and budget with expertise in the public employees insurance program and the state employee group insurance program; and
 - (16) legislators who are members of the commission and who commit to attending most meetings of the work group.
- (b) Each of the organizations or agencies specified in paragraph (a) may designate an alternate who is entitled to participate in meetings of the work group along with the designated representative. The co-chairs may establish rules regarding the participation of alternates in meetings as necessary to ensure that all representatives have the opportunity to speak.
- (c) The executive director may invite others to participate in one or more meetings of the work group.
- (d) Each organization and agency specified in paragraph (a) must provide the executive director with the names and contact information for the representative and alternate who will serve on the work group by June 19, 2026. Legislators who wish to serve on the work group must notify the executive director by June 19, 2026.
- Subd. 5. Mandate.** (a) Legislation recommended by the work group must address each topic in paragraphs (b) to (h), or the work group must explain in an accompanying report the consideration given to the topic and the reasons the legislation does not address the topic.
- (b) Benefit adequacy. The work group must address the adequacy of the retirement, medical, and other welfare-related benefits to disabled members of the P&F plan with the objective of establishing a comprehensive package of benefits.
- (c) Funding of the public safety officer's benefit account. To fund the public safety officer's benefit account established under Minnesota Statutes, section 299A.42, the work group must recommend options, including but not limited to:

(1) requiring members of the police and fire plan to contribute a percentage of pay on a pre-tax basis to the account;

(2) requiring the Department of Public Safety to reimburse public employers under Minnesota Statutes, section 299A.465, subdivision 4, if there is not sufficient money in the account to satisfy all requests for reimbursement;

(3) securing permanent funding for the account; and

(4) requiring the State Board of Investment to invest the account and credit the account with investment earnings and losses.

(d) Affordable retiree health insurance coverage. To ensure affordable options for providing health insurance coverage are available to retirees under the police and fire plan during retirement, to age 65, the work group must recommend options, including but not limited to:

(1) allowing members of the police and fire plan during employment to contribute to an account on a pre-tax basis to pay premiums, co-pays, and other costs of medical care during retirement; and

(2) allowing retirees to be covered by the state employee group insurance program from retirement to age 65.

(e) Duty disability definition, assessment, and process reform. To restructure the procedures for assessing duty disability under the police and fire plan and continued health insurance coverage during the period of disability, the work group must recommend options, including but not limited to:

(1) revising the definition of "duty disability" as defined in Minnesota Statutes, section 353.01, subdivision 41, as necessary to be consistent with this paragraph;

(2) assessing the potential for fraudulent applications for duty disability benefits and implementing measures that can be implemented to detect fraud;

(3) requiring that duty disability applications be assessed by referring to the VA disability schedule, which indicates the extent to which a disability impairs a member's ability to perform the functions of the member's employment position, such that the percentage derived from the VA disability schedule would be applied to both maximum benefits and the resulting benefits are the duty disability and health insurance continuation benefits to which the member is entitled;

(4) requiring the decision on whether a member has a duty disability be based on a medical assessment from a medical professional who is not treating the member for the disability; and

(5) the establishment of a duty disability review board to consider and determine eligibility for duty disability benefits and continued health insurance coverage consisting of one representative appointed by each of the following organizations:

(i) Minnesota Chiefs of Police Association;

(ii) Minnesota State Fire Chiefs Association;

- (iii) Minnesota Sheriffs' Association;
- (iv) Minnesota Police and Peace Officers Association;

- (vi) Law Enforcement Labor Services;
- (vii) League of Minnesota Cities;
- (viii) Association of Minnesota Counties;
- (ix) Minnesota Board of Psychology; and
- (x) Minnesota Board of Medical Practice.

The work group must provide a governance structure for the duty disability review board, including its leadership, meeting schedule, voting and procedural rules, and a process for reviewing cases and determine the review board's relationship to the Public Employees Retirement Association, including the association's transfer of application and supporting documentation to the review board on a confidential basis.

(f) Report assessment. The work group must consider the following reports and address key considerations, challenges, recommendations, and shortcomings identified in the reports in the legislation recommended by the work group:

(1) "Adequacy of Disability Benefits for Minnesota Police Officers: Final Report," January 2023, prepared by numerous authors and presented to the Department of Labor and Industry; and

(2) "Evaluating PTSD claims in Minnesota's workers' compensation system: Findings and recommendations," October 2025, prepared by numerous authors in collaboration with the Department of Labor and Industry.

(g) Psychological treatment assessment. The work group must assess the success of the psychological condition treatment required under Minnesota Statutes, section 353.032, in returning members of the police and fire plan to the workforce and whether the requirement should be repealed in favor of other treatment options that are likely to have more success. Options include but are not limited to contracting with resident treatment programs, such as the IAFF Center of Excellence for Behavioral Health Treatment and Recovery.

(h) Department of Public Safety reporting. The work group must assess the required reporting by the commissioner of public safety under Minnesota Statutes, section 299A.42, subdivision 2, and provide more specificity regarding the information that must be reported and penalties if information is not reported by the due date in section 299A.42, subdivision 2.

Subd. 6. **Timely response by agencies.** Upon the request of a co-chair of the work group or the executive director, the commissioner of public safety, labor and industry, or management and budget, or the executive director of the Public Employees Retirement Association, as applicable, must promptly furnish the work group with any data requested as the work group determines is necessary to fulfill its purpose.

Subd. 7. **Retention of experts.** (a) The executive director, working with the co-chairs of the work group, may retain the services of experts, including attorneys and consultants, to advise the work group on topics on which no state agency personnel have expertise, including but not limited to tax-deferred options for setting aside compensation to pay for health insurance coverage during periods of duty disability or retirement and the application of the VA disability schedule to injuries and illness.
