## EXECUTIVE AND OFFICIAL COMMUNICATIONS

The following communications were received.

May 9, 1997

The Honorable Allan H. Spear  
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 115, Senate File Number 1693, a bill which would alter the current procedures employees must satisfy when unionizing within the public sector.

This bill would irreparably harm the relationship between public employees and management by

replacing the current anonymous union election process with one that requires filing a percentage of individual signatures. Filing of such a signature jeopardizes an employee's right to privacy causing potential repercussions by management and/or other employees.

The certification election process now in place ensures that public employees are guaranteed a fair procedure free of intimidation and coercion when deciding upon their right to organize. This bill would upset these existing safeguards.

I recognize the right of public sector employees to unionize and support the current election process.

Warmest regards,  
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 1693 and the veto message thereon be laid on the table. The motion prevailed.

May 9, 1997

The Honorable Allan H. Spear  
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 116, Senate File Number 854, a bill defining the rights of certain public employees in the event of a reorganization of public services.

This bill is nothing more than a state mandate dictating how local governments should handle labor relations. It mandates a series of personnel policies which should be left to the local management process or collective bargaining. The bill may also prevent the hiring of employees based on qualifications and may force local governments to hire more employees than are needed.

Such interference and micro-management of public employee relations at this level of government is inappropriate and threatens to curtail current efforts by local governments to be innovative particularly in the area of consolidating services. We at the state level should not be dictating local government labor policy nor should we discourage belt tightening. This bill does just that.

Warmest regards,  
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 854 and the veto message thereon be laid on the table. The motion prevailed.

Sec. 4. [DEMONSTRATION PROGRAM.]

Notwithstanding Minnesota Statutes, section 473.384, subdivision 6, regarding percentages of total operating costs to be subsidized by the metropolitan council, until June 30, 2001, the metropolitan council may establish the appropriate percentage operating subsidy to be granted to individual recipients under the subdivision. The metropolitan council must establish the percentage annually, based on available transit funds and the council's determination of a reasonable subsidy per passenger trip in comparison to similar transit or paratransit service in the metropolitan area. The council may provide a subsidy up to 100 percent of a recipient's operating costs for all or any portion of the transit or paratransit service and may require recipients to pay up to 100 percent of their own operating costs for all or any portion of the service.

Sec. 5. Minnesota Statutes 1996, section 16B.335, subdivision 1, is amended to read:

Subdivision 1. [CONSTRUCTION AND MAJOR REMODELING.] (a) The commissioner, or any other recipient to whom an appropriation is made to acquire or better public lands or buildings or other public improvements of a capital nature, must not prepare final plans and specifications for any construction, major remodeling, or land acquisition in anticipation of which the appropriation was made until the agency that will use the project has presented the program plan and cost estimates for all elements necessary to complete the project to the chair of the senate finance committee and the chair of the house ways and means committee and the chairs have made their recommendations, and the chair of the house capital investment committee is notified. "Construction or major remodeling" means construction of a new building or substantial alteration of the exterior dimensions or interior configuration of an existing building. The presentation must note any significant changes in the work that will be done, or in its cost, since the appropriation for the project was enacted or from the predesign submittal. The program plans and estimates must be presented for review at least two weeks before a recommendation is needed. The recommendations are advisory only. Failure or refusal to make a recommendation is considered a negative recommendation. The chairs of the senate finance committee, the house capital investment committee, and the house ways and means committee must also be notified whenever there is a substantial change in a construction or major remodeling project, or in its cost.

(b) Capital projects exempt from the requirements of this section include construction, renovation, or improvements to dams, highway rest areas, truck stations, storage facilities not consisting primarily of offices or heated work areas, trails, bike paths, sewer separation projects, water and wastewater facilities, campgrounds, roads, bridges, port development projects for which the commissioner of transportation has entered into an assistance agreement under section 457A.04, or any other capital project with a construction cost of less than \$200,000.

Subd. 3. [TRANSFERS TO TURNBACK ACCOUNT.] (a) Whenever a county submits plans for a project to be funded from the county turnback account and the commissioner determines that

the project would be approved for funding except for insufficient money in the county turnback account, the commissioner may transfer from the unencumbered balance of the construction account in the county state-aid highway fund an amount sufficient to pay the costs of the project.

(b) The commissioner may make a transfer under paragraph (a) only if the commissioner determines that the transfer would not reduce the unencumbered balance of the construction account in the county state-aid highway fund to less than \$50,000,000.

(c) Not later than ten years after any transfer under paragraph (a), the commissioner shall transfer from the county turnback account to the construction account in the county state-aid highway fund an amount sufficient to repay the amount transferred under paragraph (a).

(b) A city that has previously been classified as having a population of 5,000 or more for the purposes of chapter 162 and whose population decreases by less than 15 percent from the census figure that last qualified the city for inclusion shall receive the following percentages of its 1981 apportionment for the years indicated: 1982, 66 percent and 1983, 33 percent. The special census shall remain in effect until the 1990 federal census is completed and filed. The expense of taking the special census shall be paid by the city.

(c) If an entire area not heretofore incorporated as a city is incorporated as such during the interval between federal censuses, its population shall be determined by its incorporation census. The incorporation census shall be determinative of the population of the city only until the next federal census.
