

Subdivision 1. [APPLICATION.] This section applies to the following bills of the 2001 First Special Session: S.F. Nos. 4, 7, and 9, and H.F. No. 2.

Subd. 2. [WHEN EFFECTIVE.] If the bill is passed by both the Senate and the House of Representatives before July 1, 2001, and delivered to the Revisor of Statutes to be enrolled and presented to the governor, but the governor does not approve the bill before July 1, 2001, then any appropriation in the bill for the fiscal year ending June 30, 2001, or for the fiscal year ending June 30, 2002, is appropriated and available immediately upon passage by the last house, or July 1, 2001, respectively, notwithstanding that the bill has not yet been approved by the governor. Money must not be spent from the appropriation at a rate greater than that of appropriations for the same purpose for the fiscal year ending June 30, 2001. If the governor vetoes the bill, or an item of appropriation of money in the bill, the unobligated balance of the appropriation at the time of the veto must be unallotted and not spent unless the veto is overridden.

Subd. 3. [DURATION.] When a bill referred to in this section becomes a law, or on July 6, 2001, whichever comes first, this section no longer applies to it.

Sec. 2. [EFFECTIVE DATE.]

This act is effective the day following final enactment."

Sec. 20. Minnesota Statutes 2000, section 256B.431, is amended by adding a subdivision to read:

Subd. 34. [NURSING FACILITY RATE INCREASES BEGINNING JULY 1, 2001, AND JULY 1, 2002.] (a) For the rate years beginning July 1, 2001, and July 1, 2002, two-thirds of the money resulting from the rate adjustment under subdivision 31 and one-half of the money resulting from the rate adjustment under subdivisions 32 and 33 must be used to increase the wages of all employees except management fees, the administrator, and central office staff and to pay associated costs for FICA, the Medicare tax, workers' compensation premiums, and federal and state unemployment insurance.

(b) Money received by a facility as a result of the rate adjustments provided in subdivisions 31 to 33, which must be used as provided in paragraph (a), must be used only for wage increases implemented on or after July 1, 2001, or July 1, 2002, respectively, and must not be used for wage increases implemented prior to those dates.

(c) Nursing facilities may apply for the portions of the rate adjustments under subdivisions 31 to 33, which must be used as provided in paragraph (a). The application must be made to the commissioner and contain a plan by which the nursing facility will distribute to employees of the nursing facility the funds, which must be used as provided in paragraph (a). For nursing facilities in which the employees are represented by an exclusive bargaining representative, an agreement negotiated and agreed to by the employer and the exclusive bargaining representative constitutes the plan. A negotiated agreement may constitute the plan only if the agreement is finalized after the date of enactment of all increases for the rate year. The commissioner shall review the plan to ensure that the rate adjustments are used as provided in paragraph (a). To be eligible, a facility must submit its plan for the wage distribution by December 31 each year. If a facility's plan for wage distribution is effective for its employees after July 1 of the year that the funds are available, the portion of the rate adjustments, which must be used as provided in paragraph (a), are effective the same date as its plan.

(d) A hospital-attached nursing facility may include costs in their distribution plan for wages and wage-related costs of employees in the organization's shared services departments, provided that:

(1) the nursing facility and the hospital share common ownership; and

(2) adjustments for hospital services using the diagnostic-related grouping payment rates per admission under Medicare are less than three percent during the 12 months prior to the effective date of these rate adjustments.

If a hospital-attached facility meets the qualifications in this paragraph, the difference between the rate adjustments approved for nursing facility services and the rate increase approved for hospital services may be permitted as a distribution in the hospital-attached facility's plan regardless of whether the use of those funds is shown as being attributable to employee hours worked in the nursing facility or employee hours worked in the hospital.

For the purposes of this paragraph, a hospital-attached nursing facility is one that meets the definition under subdivision 2j, or, in the case of a facility reimbursed under section 256B.434, met this definition at the time their last payment rate was established under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(e) A copy of the approved distribution plan must be made available to all employees by giving each employee a copy or by posting it in an area of the nursing facility to which all employees have access. If an employee does not receive the wage adjustment described in the facility's approved plan and is unable to resolve the problem with the facility's management or through the employee's union representative, the employee may contact the commissioner at an address or telephone number provided by the commissioner and included in the approved plan.

(f) Notwithstanding section 256B.48, subdivision 1, clause (a), upon the request of a nursing

facility, the commissioner may authorize the facility to raise per diem rates for private-pay residents on July 1 by the amount anticipated to be required upon implementation of the rate adjustments allowable under subdivisions 31 to 33. The commissioner shall require any amounts collected under this paragraph, which must be used as provided in paragraph (a), to be placed in an escrow account established for this purpose with a financial institution that provides deposit insurance until the medical assistance rate is finalized. The commissioner shall conduct audits as necessary to ensure that:

(1) the amounts collected are retained in escrow until medical assistance rates are increased to reflect the wage-related adjustment; and

(2) any amounts collected from private-pay residents in excess of the final medical assistance rate are repaid to the private-pay residents with interest at the rate used by the commissioner of revenue for the late payment of taxes and in effect on the date the distribution plan is approved by the commissioner of human services."

Subd. 2. [GOVERNOR'S REQUEST TO LEGISLATURE.] A state agency shall not expend money received by it under federal law for any purpose unless a request to spend federal money from that source for that purpose in that fiscal year has been submitted by the governor to the legislature as a part of a budget request submitted during or within ten days before the start of a regular legislative session, or unless specifically authorized by law or as provided by this section. A budget request submitted to the legislature according to this subdivision must be submitted at least 20 days before the deadline set by the legislature for legislative budget committees to act on finance bills.

Sec. 2. Minnesota Statutes 2000, section 3.3005, subdivision 3, is amended to read:

Subd. 3. [STATE MATCH.] If a request to spend federal money is included in the governor's budget or spending the money is authorized by law but the amount of federal money received requires a state match greater than that included in the budget request or authorized by law, the amount that requires an additional state match may be allotted for expenditure after the requirements of subdivision 5 or 6 are met.

Sec. 3. Minnesota Statutes 2000, section 3.3005, subdivision 3a, is amended to read:

Subd. 3a. [CHANGE IN PURPOSE.] If a request to spend federal money is included in a governor's budget request and approved according to subdivision 2a, but the purpose for which the money is to be used changes from the time of the request and approval, the amount may be allotted for expenditure after a revised request is submitted according to subdivision 2 or the requirements of subdivision 5 or 6 are met.

Sec. 4. Minnesota Statutes 2000, section 3.3005, is amended by adding a subdivision to read:

Subd. 3b. [INCREASE IN AMOUNT.] If a request to spend federal money is included in a governor's budget request and approved according to subdivision 2 or 5 and the amount of money available increases after the request is made and authorized, the additional amount may be allotted for expenditure after a revised request is submitted according to subdivision 2, or the requirements of subdivision 5 or 6 are met.

[INTERIM PROCEDURES; URGENCIES.] If federal money becomes available to the state for expenditure after the deadline in subdivision 2 or while the legislature is not in session, and the availability of money from that source or for that purpose or in that fiscal year could not reasonably have been anticipated and included in the governor's budget request, and an urgency requires that all or part of the money be allotted before the legislature reconvenes or prior to the end of the 20-day period specified in subdivision 2, it may be allotted to a state agency after the requirements of subdivision 5 are met.

Sec. 6. Minnesota Statutes 2000, section 3.3005, subdivision 5, is amended to read:

[LEGISLATIVE ADVISORY COMMISSION REVIEW.] Federal money that becomes available under ~~subdivisions~~ subdivision 3 and, 3a, 3b, or 4 may be allotted after the commissioner of finance has submitted the request to the members of the legislative advisory commission for their review and recommendation for further review. If a recommendation is not made within ten days, no further review by the legislative advisory commission is required, and the commissioner shall approve or disapprove the request. If a recommendation by any member is

for further review the governor shall submit the request to the legislative advisory commission for its review and recommendation. Failure or refusal of the commission to make a recommendation promptly is a negative recommendation.

Sec. 7. Minnesota Statutes 2000, section 3.3005, is amended by adding a subdivision to read:

Subd. 6. [INTERIM PROCEDURES; NONURGENCIES.] If federal money becomes available to the state for expenditure after the deadline in subdivision 2 or while the legislature is not in session, and subdivision 4 does not apply, a request to expend the federal money may be submitted by the commissioner of finance to members of the legislative advisory commission for their review and recommendation. This request must be submitted by October 1 of any year. If any member of the commission makes a negative recommendation or a recommendation for further review on a request by October 20 of the same year, the commissioner shall not approve expenditure of that federal money. If a request to expend federal money submitted under this subdivision receives a negative recommendation or a recommendation for further review, the request may be submitted again under subdivision 2. If the members of the commission make a positive recommendation or no recommendation, the commissioner shall approve or disapprove the request and the federal money may be allotted for expenditure.

The director shall also obtain written certification from the employer stating whether the employment has ceased or whether the employee is on sick leave of absence because of a disability that will prevent further service to the employer and as a consequence the employee is not entitled to compensation from the employer. The medical adviser shall consider the reports of the physicians, psychologists, and chiropractors and any other evidence supplied by the employee or other interested parties. If the medical adviser finds the employee totally and permanently disabled, the adviser shall make appropriate recommendation to the director in writing together with the date from which the employee has been totally disabled. The director shall then determine if the disability occurred within 180 days of filing the application, while still in the employment of the state, and the propriety of authorizing payment of a disability benefit as provided in this section. The fact that an employee is placed on leave of absence without compensation because of disability does not bar that employee from receiving a disability benefit. Unless payment of a disability benefit has terminated because the employee is no longer totally disabled, or because the employee has reached normal retirement age as provided in this section, the disability benefit shall cease with the last payment received by the disabled employee or which had accrued during the lifetime of the employee unless there is a spouse surviving; in that event the surviving spouse is entitled to the disability benefit for the calendar month in which the disabled employee died.

Sec. 7. Minnesota Statutes 2000, section 352.113, subdivision 6, is amended to read:

Subd. 6. [REGULAR MEDICAL OR PSYCHOLOGICAL EXAMINATIONS.] At least once each year during the first five years following the allowance of a disability benefit to any employee, and at least once in every three-year period thereafter, the director may require any disabled employee to undergo a medical or psychological examination. The examination must be made at the place of residence of the employee, or at any place mutually agreed upon, by a physician or physicians designated by the medical adviser and engaged by the director. If any examination indicates to the medical adviser that the employee is no longer permanently and totally disabled, or is engaged in or can engage in a gainful occupation, payments of the disability benefit by the fund must be discontinued. The payments shall discontinue as soon as the employee is reinstated to the payroll following sick leave, but in no case shall payment be made for more than 60 days after the medical adviser finds that the employee is no longer permanently and totally disabled.

Sec. 8. Minnesota Statutes 2000, section 352.22, subdivision 8, is amended to read:

Subd. 8. [REFUND SPECIFICALLY LIMITED.] If a former employee covered by the system does not apply for refund within five years after the last deduction was taken from salary for the retirement fund, and does not have enough service to qualify for a deferred annuity, accumulated contributions must be credited to and become a part of the retirement fund. If the former employee returns to state service and becomes a state employee covered by the system, the amount credited to the retirement fund, if more than \$2 \$25, shall must be restored to the individual account. If the amount credited to the fund is over \$2 \$25 and the former employee applies for refund or an annuity under section 352.72, the amount must be restored to the former employee's individual account and a refund made or an annuity paid, whichever applies.

Sec. 9. Minnesota Statutes 2000, section 352.87, subdivision 4, is amended to read:

Subd. 4. [NON-JOB-RELATED DISABILITY BENEFITS.] An eligible member described in subdivision 1, ~~who is less than 55 years of age and~~ who becomes disabled and physically or mentally unfit to perform the duties of the position because of sickness or injury while not engaged in covered employment, is entitled to a disability benefit amount equivalent to an annuity computed under subdivision 3 assuming the member has 15 years of service qualifying under this section and waiving the minimum age requirement. If the eligible member becomes disabled under this subdivision with more than 15 years of service covered under this section, the eligible member is entitled to a disability benefit amount equivalent to an annuity computed under subdivision 3 based on all years of service credited under this section and waiving the minimum age requirement.

Sec. 10. Minnesota Statutes 2000, section 352.87, subdivision 5, is amended to read:

Subd. 5. [JOB-RELATED DISABILITY BENEFITS.] An eligible member defined in subdivision 1, ~~who is less than 55 years of age and~~ who becomes disabled and physically or mentally unfit to perform the duties of the position because of sickness or injury while engaged in covered employment, is entitled to a disability benefit amount equivalent to an annuity computed under subdivision 3 assuming the member has 20 years of service qualifying under this section and waiving the minimum age requirement. An eligible member who becomes disabled under this subdivision with more than 20 years of service credited under this section is entitled to a disability benefit amount equivalent to an annuity computed under subdivision 3 based on all years of service credited under this section and waiving the age requirement.

Sec. 11. Minnesota Statutes 2000, section 352.95, subdivision 4, is amended to read:

Subd. 4. [MEDICAL OR PSYCHOLOGICAL EVIDENCE.] (a) An applicant shall provide medical or psychological evidence to support an application for disability benefits. The director shall have the employee examined by at least one additional licensed physician or psychologist designated by the medical adviser. The physicians shall make written reports to the director concerning the employee's disability, including medical opinions as to whether the employee is disabled within the meaning of this section. The director shall also obtain written certification

from the employer stating whether the employee is on sick leave of absence because of a disability that will prevent further service to the employer, and as a consequence the employee is not entitled to compensation from the employer.

(b) If on considering the physicians' reports and any other evidence supplied by the employee or others, the medical adviser finds the employee disabled within the meaning of this section, the advisor shall make appropriate recommendation to the director in writing, together with the date from which the employee has been disabled. The director shall then determine the propriety of authorizing payment of a disability benefit as provided in this section.

(c) Unless payment of a disability benefit has terminated because the employee is no longer disabled, or because the employee has reached age 62 65 or the five-year anniversary of the effective date of the disability benefit, whichever is later, the disability benefit shall cease with the last payment received by the disabled employee or which had accrued during the employee's lifetime. While disability benefits are paid, the director has the right at reasonable times to require the disabled employee to submit proof of the continuance of the disability claimed. If any examination indicates to the medical adviser that the employee is no longer disabled, the disability payment must be discontinued upon reinstatement to state service or within 60 days of the finding, whichever is sooner.

Sec. 12. Minnesota Statutes 2000, section 352.95, subdivision 5, is amended to read:

Subd. 5. [RETIREMENT STATUS AT NORMAL RETIREMENT AGE.] The disability benefit paid to a disabled correctional employee under this section shall terminate at the end of the month in which the employee reaches age 62 65, or the five-year anniversary of the effective date of the disability benefit, whichever is later. If the disabled correctional employee is still disabled when the employee reaches age 62 65, or the five-year anniversary of the effective date of the disability benefit, whichever is later, the employee shall be deemed to be a retired employee. If the employee had elected an optional annuity under subdivision 1a, the employee shall receive an annuity in accordance with the terms of the optional annuity previously elected. If the employee had not elected an optional annuity under subdivision 1a, the employee may within 90 days of attaining age 65 or reaching the five-year anniversary of the effective date of the disability benefit, whichever is later, either elect to receive a normal retirement annuity computed in the manner provided in section 352.93 or elect to receive an optional annuity as provided in section 352.116, subdivision 3, based on the same length of service as used in the calculation of the disability benefit. Election of an optional annuity must be made within 90 days before attaining age 65 or reaching the five-year anniversary of the effective date of the disability benefit, whichever is later. If an optional annuity is elected, the optional annuity shall begin to accrue on the first of the month following the month in which the employee reaches age 65 or the five-year anniversary of the effective date of the disability benefit, whichever is later.

If the employee elects to pay employee contributions for the period of any leave of absence without pay, or for any portion of the leave, the employee shall also, as a condition to the exercise of the election, pay to the fund an amount equivalent to both the required employer and additional employer contributions for the employee. The payment must be made within one year from the expiration of the leave of absence or within 20 days after termination of public service under subdivision 11a. The employer by appropriate action of its governing body, made a part of its official records, before the date of the first payment of the employee contribution, may certify to the association in writing its commitment to pay the employer and additional employer contributions from the proceeds of a tax levy made under section 353.28. Payments under this paragraph must include interest at an annual rate of 8.5 percent compounded annually from the date of the termination of the leave of absence to the date payment is made. An employee shall return to public service and receive a minimum of three months of allowable service to be eligible to pay employee and employer contributions for a subsequent authorized leave of absence without pay.

(d) "Allowable service" also means a periodic, repetitive leave that is offered to all employees of a governmental subdivision. The leave program may not exceed 208 hours per annual normal work cycle as certified to the association by the employer. A participating member obtains service credit by making employee contributions in an amount or amounts based on the member's average salary that would have been paid if the leave had not been taken. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the rate of 8.5 percent a year, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus 8.5 percent interest, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one

year after the end of the annual normal working cycle or within 20 days after termination of public service, whichever is sooner. The association shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave.

(e) "Allowable service" also means a period during which a member is on an authorized sick leave of absence, without pay, limited to one year. An employee who has received one year of allowable service shall return to public service and receive a minimum of three months of allowable service to receive allowable service for a subsequent authorized sick leave of absence.

(f) "Allowable service" also means an authorized temporary layoff under subdivision 12, limited to three months allowable service per authorized temporary layoff in one calendar year. An employee who has received the maximum service allowed for an authorized temporary layoff shall return to public service and receive a minimum of three months of allowable service to receive allowable service for a subsequent authorized temporary layoff.

(g) Notwithstanding any law to the contrary, "allowable service" also means a parental leave. The association shall grant a maximum of two months service credit for a parental leave, within six months after the birth or adoption, upon documentation from the member's governmental subdivision or presentation of a birth certificate or other evidence of birth or adoption to the association.

(h) "Allowable service" also means a period during which a member is on an authorized leave of absence to enter military service, provided that the member returns to public service upon discharge from military service under section 192.262 and pays into the fund employee contributions based upon the employee's salary at the date of return from military service. Payment must be made within five years of the date of discharge from the military service. The amount of these contributions must be in accord with the contribution rates and salary limitations, if any, in effect during the leave, plus interest at an annual rate of 8.5 percent compounded annually from the date of return to public service to the date payment is made. The matching employer contribution and additional employer contribution under section 353.27, subdivisions 3 and 3a, must be paid by the governmental subdivision employing the member upon return to public service if the member makes the employee contributions. The governmental subdivision involved may appropriate money for those payments. A member may not receive credit for a voluntary extension of military service at the instance of the member beyond the initial period of enlistment, induction, or call to active duty.

(i) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for state officers and employees displaced by the Community Corrections Act, chapter 401, and transferred into county service under section 401.04, "allowable service" means combined years of allowable service as defined in paragraphs (a) to (i) and section 352.01, subdivision 11.

(j) For a public employee who has prior service covered by a local police or firefighters relief association that has consolidated with the public employees retirement association or to which section 353.665 applies, and who has elected the type of benefit coverage provided by the public employees police and fire fund either under section 353A.08 following the consolidation or under section 353.665, subdivision 4, "applicable service" is a period of service credited by the local police or firefighters relief association as of the effective date of the consolidation based on law and on bylaw provisions governing the relief association on the date of the initiation of the consolidation procedure.

The Minnesota state retirement system shall make available one or more trusts, including a governmental trust or governmental trusts, authorized under the Internal Revenue Code to be eligible for tax-preferred or tax-free treatment through which employers and employees can save to cover postretirement health care costs.

Subd. 2. [CONTRACTING AUTHORIZED.] The Minnesota state retirement system is authorized to administer the plan and to contract with public and private entities to provide investment services, recordkeeping, benefit payments, and other functions necessary for the administration of the plan. The Minnesota state retirement system may offer different types of trusts permitted under the Internal Revenue Code to best meet the needs of different employee units.

(b) Contributions to the plan by or on behalf of the employee shall be held in trust for reimbursement of employee and dependent health-related expenses following retirement from public employment. The Minnesota state retirement system shall maintain a separate account of the contributions made by or on behalf of each participant and the earnings thereon. If an account balance remains after the death of a participant and all of the participant's legal dependents, the remainder of the account shall be paid to the employee's beneficiaries or, if none, to the employee's estate.

Subd. 5. [FEES.] The Minnesota state retirement plan is authorized to charge uniform fees to participants to cover the ongoing cost of operating the plan. Any fees not needed shall revert to participant accounts or be used to reduce plan fees the following year. The Minnesota state retirement system is authorized to charge participating employers a fee, not to exceed one-sixth of the federal insurance contribution act savings realized by the employer as a result of participating in the plan, until the initial costs of establishing the plan or plans authorized by this section are recovered, or \$75,000, whichever is less.

Subd. 6. [ADVISORY COMMITTEE.] (a) The Minnesota state retirement system shall establish a participant advisory committee for the plan, made up of one representative appointed by each employee unit participating in the plan. Each participating unit shall be responsible for the expenses of its own representative.

(b) The advisory committee shall meet at least twice per year and shall be consulted on plan offerings and vendor selection. By October 1 of each year, the Minnesota state retirement system shall give the advisory committee a statement of fees collected and the use of the fees.

Subd. 7. [CONTRACTING WITH PRIVATE ENTITIES.] Nothing in this section shall prohibit employers from contracting with private entities to provide for postretirement health care reimbursement plans.

Section 1. Minnesota Statutes 2000, section 353.01, subdivision 2a, is amended to read:

Subd. 2a. [INCLUDED EMPLOYEES.] Public employees whose salary from one governmental subdivision exceeds \$425 in any month shall participate as members of the association. If the salary of an employee is less than \$425 in a subsequent month, the employee retains membership eligibility. The following persons are considered public employees:

(1) employees whose annual salary from one governmental subdivision exceeds a stipulation prepared in advance, in writing, to be not more than \$5,100 per calendar year or per school year for school employees for employment expected to be of a full year's duration or more than the prorated portion of \$5,100 per employment period expected to be of less than a full year's duration. If compensation from one governmental subdivision to an employee under this clause exceeds \$5,100 per calendar year or school year after being stipulated in advance not to exceed that amount, the stipulation is no longer valid and contributions must be made on behalf of the employee under section 353.27, subdivision 12, from the month in which the employee's salary first exceeded \$425;

The option to become a member, once exercised, may not be withdrawn during the incumbency of the person in office;

This clause must not be construed to prevent a person from being a member of and contributing to the public employees retirement association and also belonging to and contributing to another public pension fund for other service occurring during the same period of time. A person who meets the definition of "public employee" in subdivision 2 by virtue of other service occurring during the same period of time becomes a member of the association unless contributions are made to another public retirement fund on the salary based on the other service or to the teachers retirement association by a teacher as defined in section 354.05, subdivision 2;~~

If the employee elects to pay the employee contributions for the period of any authorized personal, parental, or medical leave of absence without pay, or for any portion of the leave, the employee shall also, as a condition to the exercise of the election, pay to the fund an amount equivalent to both the required employer and the additional employer contributions, if any, for the employee. The payment must be made within one year from the expiration of the leave of absence or within 20 days after termination of public service under subdivision 11a. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the rate of 8.5 percent a year, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus 8.5 percent interest, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one year after the end of the annual normal working cycle or within 20 days after termination of public service, whichever is sooner. The association shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave. For temporary layoffs that begin on or after January 1, 2002, allowable service credit for the calendar month in which the member does not receive salary due to the layoff must be determined using the following formula:~~

~~(i) members who earned one month of allowable service credit for each of the nine calendar months of compensated employment with the governmental subdivision authorizing the layoff that immediately preceded the layoff shall receive one month of allowable service credit, limited to three months of allowable service credit per year, for each month of the temporary layoff; or~~

~~(ii) members who earned less than nine months of allowable service credit in the year of compensated employment with the governmental subdivision authorizing the layoff that immediately preceded the layoff shall receive allowable service credit on a fractional basis for each month of the authorized layoff, limited to three months of allowable service credit, determined by dividing the total number of months of service credit earned for the compensated employment by nine and multiplying the resulting number by the total number of months in the layoff period that are not compensated; or~~

The amount of these contributions must be in accord with the contribution rates and salary limitations, if any, in effect during the leave, plus interest at an annual rate of 8.5 percent compounded annually from the date of return to public service to the date payment is made. The matching employer contribution and additional employer contribution under section 353.27, subdivisions 3 and 3a, must be paid by the governmental subdivision employing the member upon return to public service if the member makes the employee contributions. The governmental subdivision involved may appropriate money for those payments. A member may not receive credit for a voluntary extension of military service at the instance of the member beyond the initial period of enlistment, induction, or call to active duty. Upon payment, the employee must be granted allowable service credit for full calendar months or fractions of a month during the leave period as described in paragraph (d), clauses (1) and (2), based on the salary or compensated hours used in computing the payment amount.

(i) (b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for state officers and employees displaced by the Community Corrections Act, chapter 401, and transferred into county service under section 401.04, "allowable service" means combined years of allowable service as defined in ~~paragraphs~~ paragraph (a) to (i), clauses (1) to (6), and section 352.01, subdivision 11.

(1) one month of allowable service credit for each month during which the employee has received salary for 80 or more compensated hours; or

(2) a fraction of one month of allowable service for each month for which the employee has received salary for less than 80 compensated hours equal to the percentage relationship that the number of compensated hours bear to 80 hours.

(e) Elected officials and other public employees who are compensated solely on an annual basis shall be granted a full year of credit for each year for which compensation is earned.

(f) Allowable service that is determined and credited on a fractional basis must be used only in calculating the amount of benefits payable. In determining the length of service required for vesting, a member shall be granted a month of service credit for each month in which the member received compensation from which employee contributions were deducted. For periods of part-time service that are duplicated service credit, section 356.30, subdivision 1, paragraphs (g) and (h), govern.

For funds governed by chapters 3A, 352, 352B, 352C, 353, 354, 354A, and 490, the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared. For funds governed by chapter 3A, sections 352.90 through 352.951, chapters 352B, 352C, sections 353.63 through 353.68, and chapters 353C, 354A, and 490, the level percent additional contribution must be calculated assuming annual payroll growth of 6.5 percent. For funds governed by sections 352.01 through 352.86 and chapter 354, the level percent additional contribution must be calculated assuming an annual payroll growth of five percent. For the fund governed by sections 353.01 through 353.46, the level percent additional contribution must be calculated assuming an annual payroll growth of six percent. For all other funds, the additional annual contribution must be calculated on a level annual dollar amount basis.

(b) For any fund other than the Minneapolis employees retirement fund and the public employees retirement association general plan, ~~after the first actuarial valuation date occurring after June 1, 1989~~, if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding ~~for the first actuarial valuation made after June 1, 1989, and each successive actuarial valuation is the first actuarial valuation date occurring after June 1, 2020.~~

(c) For any fund or plan other than the Minneapolis employees retirement fund and the public employees retirement association general plan, ~~after the first actuarial valuation date occurring after June 1, 1989~~, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 4d in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable interest assumption specified in subdivision 4d in effect after any applicable change;

(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii)

is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the interest assumption specified in subdivision 4d in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined under item (vi) must be added to the date as of which the actuarial valuation was prepared and the date obtained is the new established date for full funding.

(d) For the Minneapolis employees retirement fund, the established date for full funding is June 30, 2020.

(e) For the public employees retirement association general plan, the established date for full funding is June 30, 2031.

(f) For the retirement plans for which the annual actuarial valuation indicates an excess of valuation assets over the actuarial accrued liability, the valuation assets in excess of the actuarial accrued liability must be recognized as a reduction in the current contribution requirements by an amount equal to the amortization of the excess expressed as a level percentage of pay over a 30-year period beginning anew with each annual actuarial valuation of the plan.

Any person making this application waives all other rights, claims, or demands against the association for any cause that may have arisen from or that may be attributable to the person's service in the fire department. A member entitled to a benefit under this subdivision may elect to have the benefit paid as an optional retirement annuity pursuant to the conditions set forth in subdivision 7.

Subd. 4. [TEMPORARY DISABILITY PENSION.] An active member who, by sickness or accident, becomes temporarily disabled from performing firefighter duties for the fire department shall be entitled to a temporary disability pension. No allowance for disability shall be made unless notice of the disability and an application for benefits is made by or on behalf of the disabled member within 90 days after the beginning of the disability. This application shall include

a certificate from a qualified medical professional setting forth the cause, nature, and extent of the disability. This certificate must also conclude that the disability was incurred or sustained while the member was in the service of the fire department. The board shall utilize the board of examiners established pursuant to section 423C.03, subdivision 6, to investigate and report on an application for benefits pursuant to this section and make recommendations as to eligibility and the benefit amount to be paid. A member entitled to a disability pension shall receive benefits in the amount and manner determined by the board.

Subd. 5. [SERVICE-RELATED PERMANENT DISABILITY PENSION.] An active member who becomes permanently disabled as the result of a service-related disease or injury shall, upon application and approval of the board, be entitled to a pension of 42 units or in the amount determined under subdivision 8. The application for service-related permanent disability shall include a certificate from a qualified medical professional setting forth the permanent nature of the disability or disease and that it was service related. [NON-SERVICE-RELATED PERMANENT DISABILITY PENSION.] An active member who, by sickness or accident, becomes permanently disabled from performing firefighter duties for the fire department shall be entitled to a permanent disability pension. No allowance for disability shall be made unless notice of the disability and an application for benefits is made by or on behalf of the disabled member within 90 days after the beginning of the disability. This application shall include a certificate from a qualified medical professional setting forth the cause, nature, and extent of the disability. The board shall utilize the board of examiners established pursuant to section 423C.03, subdivision 6, to investigate and report on an application for benefits pursuant to this section and make recommendations as to eligibility and the benefit amount to be paid. A member entitled to a disability pension shall receive benefits in the amount and manner determined by the board, not to exceed 41 units.

Subd. 7. [SURVIVING SPOUSE AND DEPENDENT PENSIONS.] Notwithstanding any other law to the contrary, when a service pensioner, disability pensioner, deferred pensioner, or active member of the association dies, recipient beneficiaries are entitled to a pension or pensions, as follows:

(1) to a surviving spouse, a pension of 22 units per month;

(2) a surviving spouse of a deceased service pensioner, disability pensioner, or deferred pensioner who is otherwise not qualified for a pension may receive a benefit if the surviving spouse was legally married to the decedent for a period of two years and was residing with the decedent at the time of death. The surviving spouse benefit provided in this clause is the same as that provided to those who meet the definition of surviving spouse under section 423C.01, subdivision 25, except that if the surviving spouse is younger than the decedent, the surviving spouse benefit must be actuarially equivalent to a surviving spouse benefit that would have been paid to the member's spouse had the member been married to a person of the same or greater age than the member's age prior to retirement. A benefit paid in this circumstance may be less than 17 units notwithstanding the minimum set out in this clause;

(3) to each dependent, if the dependent's other parent is living, a pension not to exceed eight units per month. Dependents between the ages of 18 and 22 may continue to receive a pension upon board determination that the dependent complies with the requirements of section 423C.01, subdivision 11, and applicable association bylaws, except that if the dependent marries before the age of 22 years the pension shall cease as of the date of the marriage. The board shall make the final determination with respect to eligibility for benefits and compliance with section 423C.01, subdivision 11;

(4) each dependent of a deceased member after the death of the dependent's other parent, or in the event the other parent predeceases the member, is entitled to receive a pension in the amount the board deems necessary to properly support each dependent until the dependent reaches the age of not less than 16 and not more than 18 years. Dependents between the ages of 18 and 22 may be entitled to continue receiving a pension upon board determination that the dependent complies

with the requirements of section 423C.01, subdivision 11, and applicable association bylaws, except that if the dependent marries before the age of 22 years the pension shall cease as of the date of the marriage. The board shall make the final determination with respect to eligibility for benefits and compliance; and

(5) the total pension payable to a surviving spouse and all dependents of a deceased member shall in no event exceed 41 units per month.

Subd. 8. [OPTIONAL RETIREMENT ANNUITY ELECTION.] A member of the association who retires under subdivision 2 or becomes disabled under subdivision 6 may elect an optional retirement annuity prior to the receipt of any benefits. The optional retirement annuity may be a 50 percent, 75 percent, or 100 percent joint survivor annuity without reinstatement in the event the designated beneficiary predeceases the member or a joint and survivor annuity with reinstatement in the event the member predeceases the designated beneficiary. An optional retirement annuity must be actuarially equivalent to the service pension and automatic survivor coverage otherwise payable to the retired member and the member's beneficiaries. Once selected, the optional annuity is irrevocable.

Subd. 9. [ALTERNATIVE SERVICE PENSION FOR UNMARRIED MEMBER.] A retired member who is not legally married on September 1, 1997, and remains unmarried on the effective date of this article may select a service pension of 42.3 units in lieu of a service pension under subdivision 2.

Sec. 6. [423C.06] [INVESTMENT-RELATED POSTRETIREMENT ADJUSTMENTS.]

Subdivision 1. [ANNUAL ADJUSTMENTS.] Notwithstanding the provisions of chapter 69, or any other law to the contrary, the association may provide annual postretirement payments to eligible members under this section. No provision of or payment made under this section may be interpreted or relied upon by any member of the association to guarantee or entitle a member to annual postretirement adjustments for any period when the requirements in this section have not been met.

Subd. 2. [ACTUARIAL ASSETS OF SPECIAL FUND LESS THAN 102 PERCENT.] (a) When the actuarial assets of the special fund in any year are less than 102 percent of its accrued liabilities according to the most recent annual actuarial valuation of the special fund prepared in accordance with sections 356.215 and 356.216, investment-related postretirement adjustments shall be determined and paid pursuant to this subdivision. Payment of the annual postretirement adjustment may be made only if there is excess investment income.

(b) The board shall determine by May 1 of each year whether or not the special fund has excess investment income. The amount of excess investment income, if any, must be stated as a dollar amount and reported by the executive secretary to the mayor and governing body of the city, the state auditor, the commissioner of finance, and the executive director of the legislative commission on pensions and retirement. The dollar amount of excess investment income up to one percent of the assets of the special fund must be applied for the purpose specified in paragraph (c). Excess investment income must not be considered as income to or assets of the special fund for actuarial valuations of the special fund for that year under this section and sections 69.77, 356.215, and 356.216, except to offset the annual postretirement adjustment. Additional investment income is any realized or unrealized investment income other than the excess investment income and must be included in the actuarial valuations performed under this section and sections 69.77, 356.215, and 356.216.

(c) The amount determined under paragraph (b) must be applied as follows: the association shall apply the first one-half of one percent of assets that constitute excess investment income to the payment of an annual postretirement adjustment to eligible members and the second one-half of one percent of assets which constitute excess investment income shall be applied to reduce the state amortization state aid or supplementary amortization state aid payments otherwise due the association under section 423A.02 for the current calendar year. The amounts of all payments to eligible members shall not exceed one-half of one percent of the assets of the fund. The amount of each eligible member's postretirement adjustment shall be calculated by dividing the total number

of units to which eligible members are entitled into the excess investment income available for distribution to eligible members, and then multiplying that result by the number of units to which each eligible member is entitled. If this amount exceeds the total monthly benefit that the eligible member was entitled to in the prior year under the terms of this chapter, the association shall pay the eligible member the lesser amount. Payment of the annual postretirement adjustment must be in a lump-sum amount on June 1 following the determination date in any year. In the event an eligible member dies prior to the payment of the annual postretirement adjustment, the executive secretary shall pay the eligible member's estate the amount to which the member was entitled.

Subd. 3. [ACTUARIAL ASSETS OF SPECIAL FUND 102 PERCENT OR MORE.] (a) When the actuarial assets of the special fund in any year are 102 percent or more of its accrued liabilities according to the most recent annual actuarial valuation of the special fund prepared in accordance with sections 356.215 and 356.216, an investment-related postretirement adjustment shall be determined and paid pursuant to this subdivision. Payment of the annual postretirement adjustment may only be made if there is excess investment income.

(b) The board shall determine by May 1 of each year whether or not the special fund has excess investment income. The amount of excess investment income, if any, must be stated as a dollar amount and reported by the executive secretary to the mayor and governing body of the city, the state auditor, the commissioner of finance, and the executive director of the legislative commission on pensions and retirement. The dollar amount of excess investment income up to 1-1/2 percent of the assets of the fund must be applied for the purpose specified in paragraph (c). Excess investment income must not be considered as income to or assets of the special fund for actuarial valuations of the special fund for that year under this section and sections 69.77, 356.215, and 356.216, except to offset the annual postretirement adjustment. Additional investment income is any realized or unrealized investment income other than the excess investment income and must be included in the actuarial valuations performed under this section and sections 69.77, 356.215, and 356.216.

(c) The amount determined under paragraph (b) must be applied as follows: the association shall apply the 1-1/2 percent of assets that constitute excess investment income to the payment of an annual postretirement adjustment to eligible members. The amount of each eligible member's postretirement adjustment shall be calculated by dividing the total number of units to which eligible members are entitled into the excess investment income available for distribution to eligible members, and then multiplying that result by the number of units to which each eligible member is entitled. Payment of the annual postretirement adjustment must be in a lump-sum amount on June 1 following the determination date in any year. In the event an eligible member dies prior to the payment of the annual postretirement adjustment, the executive secretary shall pay the eligible member's estate the amount to which the member was entitled.

Subd. 4. [ACTUARIAL ASSETS OF SPECIAL FUND 110 PERCENT OR MORE.] (a) When the actuarial assets of the special fund in any year are 110 percent or more of its accrued liabilities according to the most recent annual actuarial valuation of the special fund prepared in accordance with sections 356.215 and 356.216, an investment-related postretirement adjustment shall be determined and paid pursuant to this subdivision. Payment of the annual postretirement adjustment may be made only if a total excess asset amount exists.

(b) The board shall determine by May 1 of each year whether the special fund has a total excess asset amount for that year. If a total excess asset amount exists for the given year, the net total asset amount shall be determined. The executive secretary shall report the total excess asset amount and net total excess asset amount to the mayor and governing body of the city, the state auditor, the commissioner of finance, and the executive director of the legislative commission on pensions and retirement. The portion of the net excess asset amount which is distributed under this subdivision shall not be considered income to or assets of the special fund for actuarial valuations of the special fund for that year under sections 69.77, 356.215, and 356.216 and Laws 2000, chapter 461, except to offset the amount distributed.

(c) Twenty percent of the net total excess asset amount determined under paragraph (b) is available for excess asset amount payments under paragraph (d).

(d) Except as limited under paragraph (e), the net excess asset amount payment to an eligible member is equal to the amount determined under paragraph (c) multiplied by the units applicable to the eligible member and divided by the total units of all eligible members.

(e) A member who is an eligible member for the entire 12 months before the determination date is eligible for a full excess asset amount payment pursuant to paragraph (d). A member who is an eligible member for less than 12 months before the determination date is eligible for a prorated excess asset amount payment. If an eligible member dies before the determination date and before the excess asset amount payment commences, the association shall pay the eligible member's excess asset amount payment to the eligible member's surviving spouse or, if no surviving spouse, to the eligible member's estate.

(f) The excess asset amount payments determined under this subdivision commence on June 1 following the determination date. The board may disburse payments to eligible members in a lump sum, 12 monthly installments, or any other manner that the board determines.

Subd. 5. [REPORT ON ANNUAL POSTRETIREMENT ADJUSTMENTS.] The executive secretary shall submit a report on the amount of all postretirement adjustments made under this section and the manner in which those payments were determined to the state auditor, the executive director of the legislative commission on pensions and retirement, and the city clerk.

Subd. 6. [CITY TAX LEVY.] If in any year after the actuarial value of special fund assets, according to the most recent annual actuarial valuation prepared in accordance with sections 356.215 and 356.216, is greater than 102 percent of the actuarial accrued liabilities of the special fund and subsequently the actuarial value of assets is less than 100 percent of the actuarial accrued liabilities according to the most recent annual actuarial valuation prepared according to sections 356.215 and 356.216, the city of Minneapolis is not required to levy a property tax to fund any deficit unless the fund has two successive years when the actuarial value of assets is less than 100 percent of the actuarial accrued liabilities according to the most recent annual actuarial valuation prepared according to sections 356.215 and 356.216.

Sec. 7. [423C.07] [ACTUARIAL VALUATION DATE.]

Notwithstanding section 69.77, subdivision 2h, 356.215, or 356.216, the annual actuarial valuation of the association must be completed by May 1 of each year.

Sec. 8. [423C.08] [MEMBER CONTRIBUTION REFUND TO BENEFICIARY UPON DEATH.]

If an active, deferred, or retired member of the association dies and no survivor benefit is payable, the designated beneficiary of the decedent or, if none, the legal representative of the estate of the decedent is entitled, upon application, to a refund. The refund shall be an amount equal to the member contributions to the credit of the decedent, plus interest on those contributions at an annual compounded rate of five percent from the first day of the month following the date of death of the decedent, reduced by the sum of any service pension or disability benefit previously paid by the fund to the decedent.

Sec. 9. [423C.09] [PAYMENTS EXEMPT FROM PROCESS.]

All payments made, or to be made, by the association under this chapter shall be totally exempt from garnishment, execution, or other legal process, except as provided in section 518.58, 518.581, or 518.6111. No person entitled to a payment shall have the right to assign the name, nor shall the association have authority to recognize any assignment or to pay any sum on account thereof. Any attempt to transfer any right or claim, or any part thereof, shall be void.

Sec. 10. [423C.10] [LAW GOVERNING PENSIONS AND BENEFITS.]

A service pension or other retirement benefit for or on behalf of a member of the Minneapolis firefighters relief association must be calculated under the laws, articles of incorporation, or relief association bylaws in effect on the day that the active member terminated active employment in the Minneapolis fire department as a firefighter.

Sec. 11. [423C.11] [WORKERS' COMPENSATION ACT NOT AFFECTED.]

This chapter shall not be construed as abridging, repealing, or amending the laws of this state relating to the provisions of the law commonly known as the Workers' Compensation Act.

Sec. 12. [423C.12] [RIGHT TO REDUCE PENSIONS.]

The relief association has the right and retains the right to reduce the amount of pensions and benefits paid from its special fund and to reduce and otherwise adjust those pensions and benefits. For any pension or benefit that was reduced, the relief association has the right and retains the right to increase or otherwise adjust these pensions or benefits within the limits of this chapter.

Sec. 13. [423C.13] [FINANCE DIRECTOR TO FILE REPORT WITH THE REVENUE COMMISSIONER.]

(a) On or before March 1 each year, the Minneapolis finance director shall file with the county auditor and the commissioner of revenue a certificate stating that the Minneapolis firefighters relief association exists and including any other information that the commissioner or auditor may require.

(b) The commissioner of revenue shall provide the Minneapolis finance director with the necessary documents for the city of Minneapolis and the Minneapolis firefighters relief association to carry out its duties and to receive the benefits of sections 69.011 to 69.051, 297I.05, and 297I.10.

Sec. 14. [423C.14] [STATE AUDITOR TO EXAMINE BOOKS.]

(a) The state auditor, annually, shall examine the books and accounts of the secretary and of the treasurer of the Minneapolis firefighters relief association.

(b) If the state auditor finds that any money in the special fund of the relief association was expended for purposes that were not authorized by this chapter, the state auditor shall report that to the governor, who shall then direct the commissioner of finance not to issue any further warrants to the relief association until the state auditor reports that the money which was unlawfully expended has been replaced. The governor additionally may take such further action as the emergency may demand.

Sec. 15. [423C.15] [ACTUARIAL PROVISIONS.]

Subdivision 1. [CITY NORMAL COST CONTRIBUTION ADJUSTMENT.] Notwithstanding sections 69.77, 356.215, and 356.216, or other law to the contrary, the required city contributions toward the association's normal cost, as determined by the actuary, are reduced below that otherwise payable by the full amount of active member contributions required by law to be directed to the association's health insurance escrow account rather than to the special fund.

Subd. 2. [SUSPENSION OF NORMAL COST CONTRIBUTIONS.] Notwithstanding the provisions of section 69.77, or any other law to the contrary, if a total excess asset amount exists, as defined in section 423C.01, subdivision 27, paragraph (a), the city is not required to make a contribution to the fund for the normal cost of active members.

Subd. 3. [AMORTIZATION TREATMENT.] Notwithstanding section 69.77, subdivision 2b, 356.215, 356.216, or any other law to the contrary, if the actuarial report for the Minneapolis firefighters relief association indicates an unfunded actuarial accrued liability, the unfunded obligation is to be amortized on a level dollar basis by December 31 of the year occurring 15 years later. If subsequent actuarial valuations determine a net actuarial experience loss incurred during the year which ended as of the day before the most recent actuarial valuation date, any unfunded liability due to that loss is to be amortized on a level dollar basis by December 31 of the year occurring 15 years later.

Subd. 4. [LIMITATION.] Notwithstanding subdivision 3, the amortization period may not exceed the average life expectancy of the remaining members.

Sec. 16. [EFFECT ON ACCRUED BENEFITS AND BENEFITS PAYABLE.]

(a) The legislature intends by this article to recodify the prior local laws applicable to the Minneapolis firefighters relief association.

(b) This article is not intended to increase or reduce the pensions or benefits currently payable to pension and benefit recipients of the Minneapolis firefighters relief association, except as provided in Minnesota Statutes, section 423C.05, subdivision 9. All pensions and benefits payable from the Minneapolis firefighters relief association in force on the effective date of this section as reflected in the records of the relief association as of that date continue.

(c) This article is not intended to modify, impair, or diminish the pension or benefit entitlements accrued or service credited to active or deferred members of the Minneapolis firefighters relief association on the effective date of this article as reflected in the records of the relief association as of that date. If the secretary of the relief association determines that any provision of this article, except as provided in Minnesota Statutes, section 423C.05, subdivision 9, does function to modify, impair, or diminish the pension or benefit entitlements that had been accrued or service that had been credited to an active or deferred relief association member, the secretary shall certify that determination and a recommendation as to the required legislative correction, if any, to the chairs of the legislative commission on pensions and retirement, the house governmental operations committee, the senate governmental operations committee, and the executive director of the legislative commission on pensions and retirement.

(1) was born on October 23, 1956;

(2) was hired as a part-time town constable by White Bear township from May 5, 1983, to August 29, 1987; and

Authority for the eligible person to make the payment under this paragraph expires on July 1, 2002.

(e) If the eligible person makes the required payment under paragraph (d) in a timely manner, the executive director of the public employees retirement association shall notify the clerk-treasurer of White Bear township of that fact. Within 30 days of that notification, White Bear township shall pay to the public employees police and fire fund: (1) the balance of the payment amount calculated under Minnesota Statutes, section 356.55 or 356.551, whichever is in effect, that exceeds the total of the amount transferred under paragraph (c) and the amount paid by the eligible person under paragraph (d); and (2) the cost associated with the actuarial calculation under paragraph (c). If White Bear township does not make the payment required by this paragraph in a timely fashion, the executive director of the public employees retirement association shall notify the commissioner of finance of that fact, who shall then deduct the required amount from any subsequent state aid or other state payments to the township, plus interest at the rate of one percent per month or a part of a month that has elapsed since the date on which the eligible person made payment under paragraph (d).

(f) The eligible person must elect to make the service credit transfer on a form prescribed by the executive director of the public employees retirement association. The eligible person must supply all necessary documentation of the applicability of this section and any other relevant information that the executive director may require.

(g) Authority under this section expires on July 1, 2002, or upon the retirement of the eligible person from the general employees retirement plan of the public employees retirement association or from the public employees police and fire retirement plan, whichever is earlier.
