The Honorable Paul Thissen
Speaker of the House of Representatives

The Honorable Sandra L. Pappas
President of the Senate

We, the undersigned conferees for H. F. No. 183 report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 183 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2012, section 13.05, subdivision 5, is amended to read:

Subd. 5. Data protection. (a) The responsible authority shall:

(1) establish procedures to assure that all data on individuals is accurate, complete, and current for the purposes for which it was collected; and

(2) establish appropriate security safeguards for all records containing data on individuals, including procedures for ensuring that data that are not public are only accessible to persons
whose work assignment reasonably requires access to the data, and is only being accessed by those persons for purposes described in the procedure; and

(3) develop a policy incorporating these procedures, which may include a model policy governing access to the data if sharing of the data with other government entities is authorized by law.

(b) When not public data is being disposed of, the data must be destroyed in a way that prevents its contents from being determined.

Sec. 2. Minnesota Statutes 2012, section 13.055, is amended to read:

13.055 STATE—AGENCIES; DISCLOSURE OF BREACH IN SECURITY; NOTIFICATION AND INVESTIGATION REPORT REQUIRED.

Subdivision 1. Definitions. For purposes of this section, the following terms have the meanings given to them.

(a) "Breach of the security of the data" means unauthorized acquisition of data maintained by a state agency government entity that compromises the security and classification of the data. Good faith acquisition of or access to government data by an employee, contractor, or agent of a state agency government entity for the purposes of the state agency entity is not a breach of the security of the data, if the government data is not provided to or viewable by an unauthorized person, or accessed for a purpose not described in the procedures required by section 13.05, subdivision 5. For purposes of this paragraph, data maintained by a government entity includes data maintained by a person under a contract with the government entity that provides for the acquisition of or access to the data by an employee, contractor, or agent of the government entity.

(b) "Contact information" means either name and mailing address or name and e-mail address for each individual who is the subject of data maintained by the state agency government entity.

(c) "Unauthorized acquisition" means that a person has obtained, accessed, or viewed government data without the informed consent of the individuals who are the subjects of the data or statutory authority and with the intent to use the data for nongovernmental purposes.

(d) "Unauthorized person" means any person who accesses government data without permission or without a work assignment that reasonably requires the person to have access to the data, or regardless of the person's work assignment, for a purpose not described in the procedures required by section 13.05, subdivision 5.

Subd. 2. Notice to individuals; investigation report. (a) A state agency government entity that collects, creates, receives, maintains, or disseminates private or confidential data on individuals must disclose any breach of the security of the data following discovery or notification of the breach. Written notification must be made to any individual who is the subject of the data and whose private or confidential data was, or is reasonably believed to have been, acquired by an unauthorized person and must inform the individual that a report will be prepared under paragraph (b), how the individual may obtain access to the report, and that the individual may request delivery of the report by mail or e-mail. The disclosure must be made in the most expedient time possible and without unreasonable delay, consistent with (1) the legitimate needs of a law enforcement agency as provided in subdivision 3; or (2) any measures necessary to determine the scope of the breach and restore the reasonable security of the data.
(b) Notwithstanding section 13.15 or 13.37, upon completion of an investigation into any breach in the security of data and final disposition of any disciplinary action for purposes of section 13.43, including exhaustion of all rights of appeal under any applicable collective bargaining agreement, the responsible authority shall prepare a report on the facts and results of the investigation. If the breach involves unauthorized access to or acquisition of data by an employee, contractor, or agent of the government entity, the report must at a minimum include:

(1) a description of the type of data that were accessed or acquired;

(2) the number of individuals whose data was improperly accessed or acquired;

(3) if there has been final disposition of disciplinary action for purposes of section 13.43, the name of each employee determined to be responsible for the unauthorized access or acquisition, unless the employee was performing duties under chapter 5B; and

(4) the final disposition of any disciplinary action taken against each employee in response.

Subd. 3. Delayed notice. The notification required by this section may be delayed if a law enforcement agency determines that the notification will impede an active criminal investigation. The notification required by this section must be made after the law enforcement agency determines that it will not compromise the investigation.

Subd. 4. Method of notice. Notice under this section may be provided by one of the following methods:

(a) written notice by first class mail to each affected individual;

(b) electronic notice to each affected individual, if the notice provided is consistent with the provisions regarding electronic records and signatures as set forth in United States Code, title 15, section 7001; or

(c) substitute notice, if the state agency government entity demonstrates that the cost of providing the written notice required by paragraph (a) would exceed $250,000, or that the affected class of individuals to be notified exceeds 500,000, or the state agency government entity does not have sufficient contact information. Substitute notice consists of all of the following:

(i) e-mail notice if the state agency government entity has an e-mail address for the affected individuals;

(ii) conspicuous posting of the notice on the Web site page of the state agency government entity, if the state agency government entity maintains a Web site; and

(iii) notification to major media outlets that reach the general public within the government entity's jurisdiction.

Subd. 5. Coordination with consumer reporting agencies. If the state agency government entity discovers circumstances requiring notification under this section of more than 1,000 individuals at one time, the state agency government entity must also notify, without unreasonable delay, all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined in United States Code, title 15, section 1681a, of the timing, distribution, and content of the notices.
Subd. 6. Security assessments. At least annually, each government entity shall conduct a comprehensive security assessment of any personal information maintained by the government entity. For the purposes of this subdivision, personal information is defined under section 325E.61, subdivision 1, paragraphs (e) and (f).

Subd. 7. Access to data for audit purposes. Nothing in this section or section 13.05, subdivision 5, restricts access to not public data by the legislative auditor or state auditor in the performance of official duties.

**EFFECTIVE DATE.** This section is effective August 1, 2014, and applies to security breaches occurring on or after that date.

Sec. 3. Minnesota Statutes 2012, section 13.09, is amended to read:

**13.09 PENALTIES.**

(a) Any person who willfully violates the provisions of this chapter or any rules adopted under this chapter or whose conduct constitutes the knowing unauthorized acquisition of not public data, as defined in section 13.055, subdivision 1, is guilty of a misdemeanor.

(b) Willful violation of this chapter by, including any action subject to a criminal penalty under paragraph (a), by any public employee constitutes just cause for suspension without pay or dismissal of the public employee.

**EFFECTIVE DATE.** This section is effective August 1, 2014, and applies to crimes committed on or after that date.

Sec. 4. Minnesota Statutes 2012, section 299C.40, subdivision 4, is amended to read:

Subd. 4. Data classification; general rule; changes in classification; audit trail. (a) The classification of data in the law enforcement agency does not change after the data is submitted to CIBRS. If CIBRS is the only source of data made public by section 13.82, subdivisions 2, 3, 6, and 7, data described in those subdivisions must be downloaded and made available to the public as required by section 13.03.

(b) Data on individuals created, collected, received, maintained, or disseminated by CIBRS is classified as confidential data on individuals as defined in section 13.02, subdivision 3, and becomes private data on individuals as defined in section 13.02, subdivision 12, as provided by this section.

(c) Data not on individuals created, collected, received, maintained, or disseminated by CIBRS is classified as protected nonpublic data as defined in section 13.02, subdivision 13, and becomes nonpublic data as defined in section 13.02, subdivision 9, as provided by this section.

(d) Confidential or protected nonpublic data created, collected, received, maintained, or disseminated by CIBRS must automatically change classification from confidential data to private data or from protected nonpublic data to nonpublic data on the earlier of the following dates:

(1) upon receipt by CIBRS of notice from a law enforcement agency that an investigation has become inactive; or

(2) when the data has not been updated by the law enforcement agency that submitted it for a period of 120 days.
(e) For the purposes of this section, an investigation becomes inactive upon the occurrence of any of the events listed in section 13.82, subdivision 7, clauses (a) to (c).

(f) Ten days before making a data classification change because data has not been updated, CIBRS must notify the law enforcement agency that submitted the data that a classification change will be made on the 120th day. The notification must inform the law enforcement agency that the data will retain its classification as confidential or protected nonpublic data if the law enforcement agency updates the data or notifies CIBRS that the investigation is still active before the 120th day. A new 120-day period begins if the data is updated or if a law enforcement agency notifies CIBRS that an active investigation is continuing.

(g) A law enforcement agency that submits data to CIBRS must notify CIBRS if an investigation has become inactive so that the data is classified as private data or nonpublic data. The law enforcement agency must provide this notice to CIBRS within ten days after an investigation becomes inactive.

(h) All queries and responses and all actions in which data is submitted to CIBRS, changes classification, or is disseminated by CIBRS to any law enforcement agency must be recorded in the CIBRS audit trail.

The Honorable Paul Thissen
Speaker of the House of Representatives

The Honorable Sandra L. Pappas
President of the Senate

We, the undersigned conferees for H. F. No. 2446 report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 2446 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2012, section 151.01, subdivision 5, is amended to read:
Subd. 5. **Drug.** The term "drug" means all medicinal substances and preparations recognized by the United States Pharmacopoeia and National Formulary, or any revision thereof, and all substances and preparations intended for external and internal use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or other animals, and all substances and preparations, other than food, intended to affect the structure or any function of the bodies of humans or other animals. The term drug shall also mean any compound, substance, or derivative that is not approved for human consumption by the United States Food and Drug Administration or specifically permitted for human consumption under Minnesota law, and, when introduced into the body, induces an effect similar to that of a Schedule I or Schedule II controlled substance listed in section 152.02, subdivisions 2 and 3, or Minnesota Rules, parts 6800.4210 and 6800.4220, regardless of whether the substance is marketed for the purpose of human consumption.

**EFFECTIVE DATE.** This section is effective August 1, 2014.

Sec. 2. Minnesota Statutes 2012, section 151.06, subdivision 1a, is amended to read:

Subd. 1a. **Disciplinary action Cease and desist orders.** It shall be grounds for disciplinary action by the Board of Pharmacy against the registration of the pharmacy if the Board of Pharmacy determines that any person with supervisory responsibilities at the pharmacy sets policies that prevent a licensed pharmacist from providing drug utilization review and patient counseling as required by rules adopted under subdivision 1. The Board of Pharmacy shall follow the requirements of chapter 14 in any disciplinary actions taken under this section. (a) Whenever it appears to the board that a person has engaged in an act or practice constituting a violation of a law, rule, or other order related to the duties and responsibilities entrusted to the board, the board may issue and cause to be served upon the person an order requiring the person to cease and desist from violations.

(b) The cease and desist order must state the reasons for the issuance of the order and must give reasonable notice of the rights of the person to request a hearing before an administrative law judge. A hearing must be held not later than ten days after the request for the hearing is received by the board. After the completion of the hearing, the administrative law judge shall issue a report within ten days. Within 15 days after receiving the report of the administrative law judge, the board shall issue a further order vacating or making permanent the cease and desist order. The time periods provided in this provision may be waived by agreement of the executive director of the board and the person against whom the cease and desist order was issued. If the person to whom a cease and desist order is issued fails to appear at the hearing after being duly notified, the person is in default, and the proceeding may be determined against that person upon consideration of the cease and desist order, the allegations of which may be considered to be true. Unless otherwise provided, all hearings must be conducted according to chapter 14. The board may adopt rules of procedure concerning all proceedings conducted under this subdivision.

(c) If no hearing is requested within 30 days of service of the order, the cease and desist order will become permanent.

(d) A cease and desist order issued under this subdivision remains in effect until it is modified or vacated by the board. The administrative proceeding provided by this subdivision, and subsequent appellate judicial review of that administrative proceeding, constitutes the exclusive remedy for determining whether the board properly issued the cease and desist order and whether the cease and desist order should be vacated or made permanent.
EFFECTIVE DATE. This section is effective August 1, 2014, and applies to violations occurring on or after that date.

Sec. 3. Minnesota Statutes 2012, section 151.06, is amended by adding a subdivision to read:

Subd. 1b. Enforcement of violations of cease and desist orders. (a) Whenever the board under subdivision 1a seeks to enforce compliance with a cease and desist order that has been made permanent, the allegations of the cease and desist order are considered conclusively established for purposes of proceeding under subdivision 1a for permanent or temporary relief to enforce the cease and desist order. Whenever the board under subdivision 1a seeks to enforce compliance with a cease and desist order when a hearing or hearing request on the cease and desist order is pending, or the time has not yet expired to request a hearing on whether a cease and desist order should be vacated or made permanent, the allegations in the cease and desist order are considered conclusively established for the purposes of proceeding under subdivision 1a for temporary relief to enforce the cease and desist order.

(b) Notwithstanding this subdivision or subdivision 1a, the person against whom the cease and desist order is issued and who has requested a hearing under subdivision 1a may, within 15 days after service of the cease and desist order, bring an action in Ramsey County District Court for issuance of an injunction to suspend enforcement of the cease and desist order pending a final decision of the board under subdivision 1a to vacate or make permanent the cease and desist order. The court shall determine whether to issue such an injunction based on traditional principles of temporary relief.

EFFECTIVE DATE. This section is effective August 1, 2014, and applies to violations occurring on or after that date.

Sec. 4. Minnesota Statutes 2012, section 151.26, subdivision 1, is amended to read:

Sec. 9. Minnesota Statutes 2012, section 165.12, subdivision 1, is amended to read:

Subdivision 1. **Duty Authority of county when town fails.** (a) Notwithstanding any law to the contrary, a county has the following authority regarding town bridges within its jurisdictional boundaries.

(b) When it becomes necessary to reconstruct or repair a bridge on any town road in any town or upon any town line in this state, and the bridge is unsafe for travel or has been condemned by the proper authorities, and the town or towns charged with the duty of maintaining the bridge fail, neglect, or omit to construct, reconstruct, or repair the same or provide for the expense or cost of so constructing, reconstructing, or repairing the same, as identified in the report provided to the town or towns under section 165.03, subdivision 3, the county board of the county in which the town or towns are located shall have the power and authority to reconstruct and repair the bridge upon giving notice to the town board of the town or towns of its intention to do so and fixing a time and place for a hearing as to the necessity and advisability of the reconstruction or repair.

(c) If a load rating analysis is required and has not been performed within 90 days of the date the report required in section 165.03, subdivision 3, was delivered to the town, the county is authorized to perform the analysis. Before it performs an analysis on a town bridge, the county shall notify the town or towns that if the town or towns do not perform the analysis within 90 days the county will perform the analysis and bill the town or towns for all related expenses. If the town performs the analysis, a copy shall be provided to the county engineer. If the county performs the analysis, a copy shall be provided to the town clerk.

(d) If a load rating analysis determines a new or different load posting is required on a town bridge, the town or towns charged with the duty of maintaining the bridge shall provide the required posting within 30 days. If the town or towns fail to provide the required posting, the county is
authorized to provide the required posting. Before posting a load limit on a town bridge, the county shall notify the town or towns that if the town or towns do not provide the posting within 30 days the county will provide the required posting and bill the town or towns for all related expenses, unless the town or towns and the county agree to post the bridge in less than 30 days and at an agreed-upon cost.

(e) If a bridge constitutes a critical risk to public safety because its deficiencies, if not immediately corrected, could result in collapse or partial collapse, the county engineer is authorized to immediately close the bridge. The bridge shall remain closed until the necessary steps are taken to remove the threat of collapse or partial collapse, or until a subsequent inspection determines the issues resulting in closure are resolved. The county may bill the town or towns for all related expenses.

(f) A county is not liable for a town's or towns' failure to act as required by this section or section 165.03.

Sec. 10. Minnesota Statutes 2013 Supplement, section 169.19, subdivision 1, is amended to read:

Subdivision 1. Turning at intersection. The driver of a vehicle intending to turn at an intersection shall do so as follows:

(a) Except as otherwise provided in this paragraph, both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway. When necessary to accommodate vehicle configuration, a driver is permitted to make a right turn into the farthest lane of a roadway with two or more lanes in the same direction in order to make a U-turn at a reduced conflict intersection, if it is safe to do so.

(b) Approach for a left turn on other than one-way roadways shall be made in that portion of the right half of the roadway nearest the centerline thereof, and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the centerline of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(c) Approach for a left turn from a two-way roadway into a one-way roadway shall be made in that portion of the right half of the roadway nearest the centerline thereof and by passing to the right of such centerline where it enters the intersection.

(d) A left turn from a one-way roadway into a two-way roadway shall be made from the left-hand lane and by passing to the right of the centerline of the roadway being entered upon leaving the intersection.

(e) Where both streets or roadways are one way, both the approach for a left turn and a left turn shall be made as close as practicable to the left-hand curb or edge of the roadway.

(f) Local authorities in their respective jurisdictions may cause markers, buttons, or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when markers, buttons, or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such markers, buttons, or signs.

(g) Whenever it is necessary for the driver of a motor vehicle to cross a bicycle lane adjacent to the driver's lane of travel to make a turn, the driver shall first signal the movement, then drive the
motor vehicle into the bicycle lane prior to making the turn, but only after it is safe to do so. The 
driver shall then make the turn consistent with any traffic markers, buttons, or signs, yielding the 
right-of-way to any vehicles or bicycles approaching so close thereto as to constitute an immediate 
hazard.

Sec. 11. Minnesota Statutes 2012, section 169.19, subdivision 2, is amended to read:

Subd. 2. U-turn. No vehicle shall be turned so as to proceed in the opposite direction upon any

by the driver of any other vehicle approaching from either direction within 1,000 feet, nor shall the 
driver of a vehicle turn the vehicle so as to proceed in the opposite direction unless the movement can 
be made safely and without interfering with other traffic. When necessary to accommodate vehicle 
configuration on a roadway with two or more lanes in the same direction, a driver may turn the 
vehicle into the farthest lane and temporarily use the shoulder to make a U-turn.

commercial motor vehicle a signed and dated document as evidence of the inspection.

(b) However, personnel of the State Patrol may not conduct another spot inspection of a 
commercial motor vehicle if (1) the operator of the vehicle can show evidence of an inspection, 
which is free of critical defects, conducted in Minnesota according to this section or section 
169.781 within the previous 90 days and (2) a state trooper does not have probable cause to 
believe the vehicle or its equipment is unsafe or that the operator has engaged in illegal activity. 
In addition, if the operator shows the state trooper evidence that the commercial motor vehicle 
has been inspected within the previous 90 days, but the officer has probable cause to believe the 
vehicle or its equipment is unsafe or to suspect illegal activity, then the vehicle may be inspected 
to confirm the existence or absence of an unsafe condition or of the suspected illegal activity.

(c) A vehicle stopped under this section and determined to be a covered farm vehicle as defined in 
Code of Federal Regulations, title 49, section 390.5, and not carrying hazardous materials of a type or

President of the Senate  

We, the undersigned conferees for H. F. No. 2166 report that we have agreed upon the items in dispute and recommend as follows:  

That the Senate recede from its amendments and that H. F. No. 2166 be further amended as follows:

"ARTICLE 1  
ELECTRONIC ROSTER AUTHORIZATION  

Section 1. [201.225] ELECTRONIC ROSTER AUTHORIZATION.  
Subdivision 1. Authority. A county, municipality, or school district may use electronic rosters for any election. In a county, municipality, or school district that uses electronic rosters, the head elections official may designate that some or all of the precincts use electronic rosters. An electronic roster must comply with all of the requirements of this section. An electronic roster must include information required in section 201.221, subdivision 3, and any rules adopted pursuant to that section.  

Subd. 2. Technology requirements. An electronic roster must:  

(1) be able to be loaded with a data file that includes voter registration data in a file format prescribed by the secretary of state;  

(2) allow for data to be exported in a file format prescribed by the secretary of state;  

(3) allow for data to be entered manually or by scanning a Minnesota driver's license or identification card to locate a voter record or populate a voter registration application that would be printed and signed and dated by the voter. The printed registration application can be either a printed form, labels printed with voter information to be affixed to a preprinted form, or a combination of both;  

(4) allow an election judge to update data that was populated from a scanned driver's license or identification card;  

(5) cue an election judge to ask for and input data that is not populated from a scanned driver's license or identification card that is otherwise required to be collected from the voter or an election judge;  

(6) immediately alert the election judge if the voter has provided information that indicates that the voter is not eligible to vote;  

(7) immediately alert the election judge if the electronic roster indicates that a voter has already voted in that precinct, the voter's registration status is challenged, or it appears the voter resides in a different precinct;  

(8) provide immediate instructions on how to resolve a particular type of challenge when a voter's record is challenged;
(9) provide for a printed voter signature certificate, containing the voter's name, address of residence, date of birth, voter identification number, the oath required by section 204C.10, and a space for the voter's original signature. The printed voter signature certificate can be either a printed form or a label printed with the voter's information to be affixed to the oath;

(10) contain only preregistered voters within the precinct, and not contain preregistered voter data on voters registered outside of the precinct;

(11) be only networked within the polling location on election day, except for the purpose of updating absentee ballot records;

(12) meet minimum security, reliability, and networking standards established by the Office of the Secretary of State in consultation with MN.IT;

(13) be capable of providing a voter's correct polling place; and

(14) perform any other functions necessary for the efficient and secure administration of the participating election, as determined by the secretary of state.

Electronic rosters used only for election day registration do not need to comply with clauses (1), (8), and (10). Electronic rosters used only for preregistered voter processing do not need to comply with clauses (4) and (5).

Subd. 3. Minnesota Election Law; other law. Unless otherwise provided, the provisions of the Minnesota Election Law apply to the use of electronic rosters. Voters participating in the safe at home program must be allowed to vote pursuant to section 5B.06. Nothing in this section shall be construed to amend absentee voting provisions in chapter 203B.

Subd. 4. Election records retention. All voter signature certificates and voter registration applications printed from an electronic roster must be retained pursuant to section 204B.40. The electronic rosters must print voter signature certificates and voter registration applications on material that will remain legible through the period prescribed by section 204B.40. Data on election day registrants and voter history must be uploaded to the statewide voter registration system for processing by county auditors.

Subd. 5. Election day. (a) Precincts may use electronic rosters for election day registration, to process preregistered voters, or both. The printed election day registration applications must be reviewed when electronic records are processed in the statewide voter registration system. The election judges shall determine the number of ballots to be counted by counting the number of original voter signature certificates or the number of voter receipts.

(b) Each precinct using electronic rosters shall have a paper backup system approved by the secretary of state present at the polling place to use in the event that the election judges are unable to use the electronic roster.

Subd. 6. Reporting; certification. (a) A county, municipality, or school district that intends to use electronic rosters in an upcoming election must notify the Office of the Secretary of State at least 90 days before the first election in which the county, municipality, or school district intends to use electronic rosters. The notification must specify whether all precincts will use electronic rosters, and if not, specify which precincts will be using electronic rosters. The notification is valid for all subsequent elections, unless revoked by the county, municipality, or school district. If precincts
within a county, municipality, or school district that were not included in the initial notification intend to use electronic rosters, a new notification must be submitted.

(b) The county, municipality, or school district that intends to use electronic rosters must certify to the Office of the Secretary of State at least 30 days before the election that the electronic rosters meet all of the requirements in this section.

Sec. 2. EVALUATION OF ELECTRONIC ROSTER USE; 2014 STATE GENERAL ELECTION.

The secretary of state must evaluate the use of electronic rosters in the 2014 state general election, and submit a report detailing the results of the evaluation to the chairs and ranking minority members of the committees in the house of representatives and the senate with primary jurisdiction over elections no later than April 1, 2015.

ARTICLE 2
DEFINITIONS AND CONFORMING CHANGES

Section 1. Minnesota Statutes 2012, section 200.02, is amended by adding a subdivision to read:

Subd. 25. Polling place roster. "Polling place roster" or "roster" refers to a roster in (1) printed format; or (2) electronic format as permitted by section 201.225.

Sec. 2. Minnesota Statutes 2012, section 200.02, is amended by adding a subdivision to read:

Subd. 26. Voter signature certificate. "Voter signature certificate" means a printed form or label generated from an electronic polling place roster that contains the voter's name, address of residence, date of birth, voter identification number, the oath required by section 204C.10, and a space for the voter's original signature. A voter signature certificate is not a "voter certificate" under section 204C.12.

Sec. 3. Minnesota Statutes 2012, section 201.221, subdivision 3, is amended to read:

Subd. 3. Procedures for polling place rosters. The secretary of state shall prescribe the form of paper polling place rosters that include the voter's name, address, date of birth, school district number, and space for the voter's signature. An electronic roster and the voter signature certificate together must include the same information as a paper polling place roster. The secretary of state may prescribe additional election-related information to be placed on the polling place rosters on an experimental basis for one state primary and general election cycle; the same information may not be placed on the polling place roster for a second state primary and general election cycle unless specified in this subdivision. The polling place roster must be used to indicate whether the voter has voted in a given election. The secretary of state shall prescribe procedures for transporting the polling place rosters to the election judges for use on election day. The secretary of state shall prescribe the form for a county or municipality to request the date of birth from currently registered voters. The county or municipality shall not request the date of birth from currently registered voters by any communication other than the prescribed form and the form must clearly indicate that a currently registered voter does not lose registration status by failing to provide the date of birth. In accordance
with section 204B.40, the county auditor shall retain the prescribed polling place rosters used on the date of election for 22 months following the election.

Sec. 4. Minnesota Statutes 2012, section 204B.14, subdivision 2, is amended to read:

Subd. 2. Separate precincts; combined polling place. (a) The following shall constitute at least one election precinct:

(1) each city ward; and

(2) each town and each statutory city.

(b) A single, accessible, combined polling place may be established no later than May 1 of any year:

(1) for any city of the third or fourth class, any town, or any city having territory in more than one county, in which all the voters of the city or town shall cast their ballots;

(2) for contiguous precincts in the same municipality;

(3) for up to four contiguous municipalities located entirely outside the metropolitan area, as defined by section 200.02, subdivision 24, that are contained in the same county; or

(4) for noncontiguous precincts located in one or more counties.

A copy of the ordinance or resolution establishing a combined polling place must be filed with the county auditor within 30 days after approval by the governing body. A polling place combined under clause (3) must be approved by the governing body of each participating municipality. A polling place combined under clause (4) must be approved by the governing body of each participating municipality and the secretary of state and may be located outside any of the noncontiguous precincts. A municipality withdrawing from participation in a combined polling place must do so by filing a resolution of withdrawal with the county auditor no later than April 1 of any year.

The secretary of state shall provide a separate polling place roster for each precinct served by the combined polling place, except that in a precinct that uses electronic rosters the secretary of state shall provide separate data files for each precinct. A single set of election judges may be appointed to serve at a combined polling place. The number of election judges required must be based on the total number of persons voting at the last similar election in all precincts to be voting at the combined polling place. Separate ballot boxes must be provided for the ballots from each precinct. The results of the election must be reported separately for each precinct served by the combined polling place, except in a polling place established under clause (2) where one of the precincts has fewer than ten registered voters, in which case the results of that precinct must be reported in the manner specified by the secretary of state.

Sec. 5. Minnesota Statutes 2012, section 204C.10, is amended to read:

**204C.10 PERMANENT REGISTRATION; VERIFICATION OF REGISTRATION.**

(a) An individual seeking to vote shall sign a polling place roster or voter signature certificate which states that the individual is at least 18 years of age, a citizen of the United States, has resided in Minnesota for 20 days immediately preceding the election, maintains residence at the address shown, is not under a guardianship in which the court order revokes the individual's right to vote,
has not been found by a court of law to be legally incompetent to vote or has the right to vote because, if the individual was convicted of a felony, the felony sentence has expired or been completed or the individual has been discharged from the sentence, is registered and has not already voted in the election. The roster must also state: "I understand that deliberately providing false information is a felony punishable by not more than five years imprisonment and a fine of not more than $10,000, or both."

(b) A judge may, before the applicant signs the roster or voter signature certificate, confirm the applicant's name, address, and date of birth.

(c) After the applicant signs the roster or voter signature certificate, the judge shall give the applicant a voter's receipt. The voter shall deliver the voter's receipt to the judge in charge of ballots as proof of the voter's right to vote, and thereupon the judge shall hand to the voter the ballot. The voters' receipts must be maintained during the time for notice of filing an election contest.

Sec. 6. Minnesota Statutes 2012, section 204C.12, subdivision 4, is amended to read:

Subd. 4. Refusal to answer questions or sign a polling place roster. A challenged individual who refuses to answer questions or sign a polling place roster or voter signature certificate as required by this section must not be allowed to vote. A challenged individual who leaves the polling place and returns later willing to answer questions or sign a polling place roster or voter signature certificate must not be allowed to vote.

Sec. 7. Minnesota Statutes 2013 Supplement, section 204C.14, subdivision 2, is amended to read:

Subd. 2. Signature on roster as evidence of intent. For purposes of proving a violation of this section, the signature of an individual on a polling place roster or voter signature certificate is prima facie evidence of the intent of the individual to vote at that election.

Sec. 8. Minnesota Statutes 2012, section 211B.11, subdivision 1, is amended to read:

Subdivision 1. Soliciting near polling places. A person may not display campaign material, post signs, ask, solicit, or in any manner try to induce or persuade a voter within a polling place or within 100 feet of the building in which a polling place is situated, or anywhere on the public property on which a polling place is situated, on primary or election day to vote for or refrain from voting for a candidate or ballot question. A person may not provide political badges, political buttons, or other political insignia to be worn at or about the polling place on the day of a primary or election. A political badge, political button, or other political insignia may not be worn at or about the polling place on primary or election day. This section applies to areas established by the county auditor or municipal clerk for absentee voting as provided in chapter 203B.

The secretary of state, county auditor, municipal clerk, or school district clerk may provide stickers which contain the words "I VOTED" and nothing more. Election judges may offer a sticker of this type to each voter who has signed the polling place roster or voter signature certificate.

The Honorable Sandra L. Pappas
President of the Senate

We, the undersigned conferees for H. F. No. 2733 report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 2733 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2012, section 17.4982, subdivision 18a, is amended to read:

Subd. 18a. Nonindigenous species. "Nonindigenous species" means a species of fish or other aquatic life that is:

(1) not known to have been historically present in the state;
(2) not known to be naturally occurring in a particular part of the state; or
(3) designated by rule as a prohibited or regulated invasive species.

Sec. 2. Minnesota Statutes 2012, section 84.027, subdivision 12, is amended to read:
Subd. 12. Property disposal; gift acknowledgment; advertising sales. (a) The commissioner may give away to members of the public items with a value of less than $50 that are intended to promote conservation of natural resources or create awareness of the state and its resources or natural resource management programs. The total value of items given to the public under this paragraph may not exceed $25,000 per year.

(b) (a) The commissioner may recognize the contribution of money or in-kind services on plaques, signs, publications, audio-visual materials, and media advertisements by allowing the organization's contribution to be acknowledged in print of readable size.

(c) (b) The commissioner may accept paid advertising for departmental publications. Advertising revenues received are appropriated to the commissioner to be used to defray costs of publications, media productions, or other informational materials. Sec. 3. Minnesota Statutes 2013 Supplement, section 84.027, subdivision 13, is amended to read:

Subd. 13. Game and fish rules. (a) The commissioner of natural resources may adopt rules under sections 97A.0451 to 97A.0459 and this subdivision that are authorized under:

(1) chapters 97A, 97B, and 97C to set open seasons and areas, to close seasons and areas, to select hunters for areas, to provide for tagging and registration of game and fish, to prohibit or allow taking of wild animals to protect a species, to prevent or control wildlife disease, to open or close bodies of water or portions of bodies of water for night bow fishing, and to prohibit or allow importation, transportation, or possession of a wild animal;

(2) sections 84.093, 84.15, and 84.152 to set seasons for harvesting wild ginseng roots and wild rice and to restrict or prohibit harvesting in designated areas; and

(3) section 84D.12 to designate list prohibited invasive species, regulated invasive species, unregulated nonnative species, and infested waters.

(b) If conditions exist that do not allow the commissioner to comply with sections 97A.0451 to 97A.0459, including the need to adjust season variables on an annual basis based upon current biological and harvest data, the commissioner may adopt a rule under this subdivision by submitting the rule to the attorney general for review under section 97A.0455, publishing a notice in the State Register and filing the rule with the secretary of state and the Legislative Coordinating Commission, and complying with section 97A.0459, and including a statement of the conditions and a copy of the rule in the notice. The conditions for opening a water body or portion of a water body for night bow fishing under this section may include the need to temporarily open the area to evaluate compatibility of the activity on that body of water prior to permanent rulemaking. The notice may be published after it is received from the attorney general or five business days after it is submitted to the attorney general, whichever is earlier.

(c) Rules adopted under paragraph (b) are effective upon publishing in the State Register and may be effective up to seven days before publishing and filing under paragraph (b), if:

(1) the commissioner of natural resources determines that an emergency exists;

(2) the attorney general approves the rule; and
(3) for a rule that affects more than three counties the commissioner publishes the rule once in a legal newspaper published in Minneapolis, St. Paul, and Duluth, or for a rule that affects three or fewer counties the commissioner publishes the rule once in a legal newspaper in each of the affected counties.

(d) Except as provided in paragraph (e), a rule published under paragraph (c), clause (3), may not be effective earlier than seven days after publication.

(e) A rule published under paragraph (c), clause (3), may be effective the day the rule is published if the commissioner gives notice and holds a public hearing on the rule within 15 days after publication.

(f) The commissioner shall attempt to notify persons or groups of persons affected by rules adopted under paragraphs (b) and (c) by public announcements, posting, and other appropriate means as determined by the commissioner.

(g) Notwithstanding section 97A.0458, a rule adopted under this subdivision is effective for the period stated in the notice but not longer than 18 months after the rule is effective.

In stating the reasons for not meeting the goal, the commissioner shall separately identify delays caused by the responsiveness of the proposer, lack of staff, scientific or technical disagreements, or the level of public engagement. The report must specify the number of days from initial submission of the application to the day of determination that the application is complete. The report for August 1 each year must aggregate the data for the year and assess whether program or system changes are necessary to achieve the goal. The report must be posted on the department's Web site and submitted to the governor and the chairs and ranking minority members of the house of representatives and senate committees having jurisdiction over natural resources policy and finance.
(c) The commissioner shall allow electronic submission of environmental review and permit documents to the department.

(d) Beginning July 1, 2011, within 30 business days of application for a permit subject to paragraph (a), the commissioner of natural resources shall notify the project proposer, in writing, whether the application is complete or incomplete. If the commissioner determines that an application is incomplete, the notice to the applicant must enumerate all deficiencies, citing specific provisions of the applicable rules and statutes, and advise the applicant on how the deficiencies can be remedied. This paragraph does not apply to an application for a permit that is subject to a grant or loan agreement under chapter 446A.

**84D.03 INFESTED WATERS; RESTRICTED ACTIVITIES.**

Subdivision 1. **Infested waters; restricted activities.** (a) The commissioner shall designate a water of the state as an infested water if the commissioner determines that:

(1) the water contains a population of an aquatic invasive species that could spread to other waters if use of the water and related activities are not regulated to prevent this; or

(2) the water is highly likely to be infested by an aquatic invasive species because it is connected to a water that contains a population of an aquatic invasive species.

(b) When determining which invasive species comprise infested waters, the commissioner shall consider:

(1) the extent of a species distribution within the state;

(2) the likely means of spread for a species; and

(3) whether regulations specific to infested waters containing a specific species will effectively reduce that species' spread.

(c) The presence of common carp and curly-leaf pondweed shall not be the basis for designating a water as infested.

(d) The designation of infested waters by the commissioner shall be by written order published in the State Register and maintain a list of infested waters and provide access to a copy of the listed waters. Designations are not subject to the rulemaking provisions of chapter 14 and section 14.386 does not apply.

Subd. 3. **Bait harvest from infested waters.** (a) Taking wild animals from infested waters for bait or aquatic farm purposes is prohibited, except as provided in paragraph (b) and section 97C.341.

(b) In waters that are designated listed as infested waters, except those designated listed because they contain prohibited invasive species of fish or certifiable diseases of fish, as defined under section 17.4982, subdivision 6, taking wild animals may be permitted for:

(1) commercial taking of wild animals for bait and aquatic farm purposes according to a permit issued under section 84D.11, subject to rules adopted by the commissioner;

(2) bait purposes for noncommercial personal use in waters that contain Eurasian water milfoil, when the infested waters are designated listed solely because they contain Eurasian water milfoil and if the equipment for taking is limited to cylindrical minnow traps not exceeding 16 inches in diameter and 32 inches in length; and

(3) harvest of bullheads, goldeyes, mooneyes, sheepshead (freshwater drum), and suckers for bait from streams or rivers designated listed as infested waters, by hook and line for noncommercial personal use. Other provisions that apply to this clause are:

(i) fish taken under this clause must be used on the same body of water where caught and while still on that water body;

(ii) fish taken under this clause may not be transported live from or off the water body;
(iii) fish harvested under this clause may only be used in accordance with this section;

(iv) any other use of wild animals used for bait from infested waters is prohibited;

(v) fish taken under this clause must meet all other size restrictions and requirements as established in rules; and

(vi) all species listed under this clause shall be included in the person's daily limit as established in rules, if applicable.

(c) Equipment authorized for minnow harvest in a designated listed infested water by permit issued under paragraph (b) may not be transported to, or used in, any waters other than waters specified in the permit.

Subd. 4. Commercial fishing and turtle, frog, and crayfish harvesting restrictions in infested and noninfested waters. (a) All nets, traps, buoys, anchors, stakes, and lines used for commercial fishing or turtle, frog, or crayfish harvesting in an infested water that is designated listed because it contains invasive fish, invertebrates, or certifiable diseases, as defined in section 17.4982, may not be used in any other waters. If a commercial licensee operates in an infested water designated listed because it contains invasive fish, invertebrates, or certifiable diseases, as defined in section 17.4982, all nets, traps, buoys, anchors, stakes, and lines used for commercial fishing or turtle, frog, or crayfish harvesting in waters designated listed as infested with invasive fish, invertebrates, or certifiable diseases, as defined in section 17.4982, must be tagged with tags provided by the commissioner, as specified in the commercial licensee's license or permit. This tagging requirement does not apply to commercial fishing equipment used in Lake Superior.

(b) All nets, traps, buoys, anchors, stakes, and lines used for commercial fishing or turtle, frog, or crayfish harvesting in an infested water that is designated listed solely because it contains Eurasian water milfoil must be dried for a minimum of ten days or frozen for a minimum of two days before they are used in any other waters, except as provided in this paragraph. Commercial licensees must notify the department's regional or area fisheries office or a conservation officer before removing nets or equipment from an infested water designated listed solely because it contains Eurasian water milfoil and before resetting those nets or equipment in any other waters. Upon notification, the commissioner may authorize a commercial licensee to move nets or equipment to another water without freezing or drying, if that water is designated listed as infested solely because it contains Eurasian water milfoil.

(c) A commercial licensee must remove all aquatic macrophytes from nets and other equipment before placing the equipment into waters of the state.

(d) The commissioner shall provide a commercial licensee with a current listing of designated listed infested waters at the time that a license or permit is issued.

Sec. 22. Minnesota Statutes 2012, section 84D.06, is amended to read:

**84D.06 UNLISTED NONNATIVE SPECIES.**

Subdivision 1. Process. A person may not introduce an unlisted nonnative aquatic plant or wild animal species unless:

(1) the person has notified the commissioner in a manner and form prescribed by the commissioner;
(2) the commissioner has made the classification determination required in subdivision 2 and designated listed the species as appropriate; and

(3) the introduction is allowed under the applicable provisions of this chapter.

Subd. 2. Classification. (a) If the commissioner determines that a species for which a notification is received under subdivision 1 should be classified as a prohibited invasive species, the commissioner shall:

(1) adopt a rule under section 84D.12, subdivision 3, designating listing the species as a prohibited invasive species; and

(2) notify the person from which the notification was received that the species is subject to section 84D.04.

(b) If the commissioner determines that a species for which a notification is received under subdivision 1 should be classified as an unregulated nonnative species, the commissioner shall:

(1) adopt a rule under section 84D.12, subdivision 3, designating listing the species as an unregulated nonnative species; and

(2) notify the person from which the notification was received that the species is not subject to regulation under this chapter.

(c) If the commissioner determines that a species for which a notification is received under subdivision 1 should be classified as a regulated invasive species, the commissioner shall notify the applicant that the species is subject to the requirements in section 84D.07.

Subd. 4. **Persons transporting water-related equipment.** (a) When leaving waters of the state a person must drain water-related equipment holding water and live wells and bilges by removing the drain plug before transporting the water-related equipment off the water access site or riparian property.

(b) Drain plugs, bailers, valves, or other devices used to control the draining of water from ballast tanks, bilges, and live wells must be removed or opened while transporting water-related equipment.

(c) Emergency response vehicles and equipment may be transported on a public road with the drain plug or other similar device replaced only after all water has been drained from the equipment upon leaving the water body.

(d) Portable bait containers used by licensed aquatic farms, portable bait containers when fishing through the ice except on waters designated listed infested for viral hemorrhagic septicemia, and marine sanitary systems are exempt from this subdivision.

(e) A person must not dispose of bait in waters of the state.

(f) A boat lift, dock, swim raft, or associated equipment that has been removed from any water body may not be placed in another water body until a minimum of 21 days have passed.

(g) A person who transports water that is appropriated from noninfested surface water bodies and that is transported by a commercial vehicle, excluding watercraft, or commercial trailer, which vehicle or trailer is specifically designed and used for water hauling, is exempt from paragraphs (a) and (b), provided that the person does not discharge the transported water to other surface waters or within 100 feet of a surface water body.

(h) A person transporting water from noninfested surface water bodies for firefighting or emergencies that threaten human safety or property is exempt from paragraphs (a) and (b).

Sec. 25. Minnesota Statutes 2013 Supplement, section 84D.105, subdivision 2, is amended to read:

Subd. 2. **Inspector authority.** (a) The commissioner shall train and authorize individuals to inspect water-related equipment for aquatic macrophytes, aquatic invasive species, and water. The commissioner may enter into a delegation agreement with a tribal or local government where inspection authority as provided under paragraphs (b), (g), and (h) is delegated to tribal and local governments that assume all. The delegation agreements may provide for the assumption of legal, financial, and administrative responsibilities for inspection programs on some or all public waters within their jurisdiction.

(b) Inspectors may visually and tactically inspect watercraft and water-related equipment to determine whether aquatic invasive species, aquatic macrophytes, or water is present. If a person transporting watercraft or water-related equipment refuses to take required corrective actions or fails to comply with an order under section 84D.10, subdivision 3, an inspector who is not a licensed peace officer shall refer the violation to a conservation officer or other licensed peace officer.

(c) In addition to paragraph (b), a conservation officer or other licensed peace officer may inspect any watercraft or water-related equipment that is stopped at a water access site, any other public location in the state, or a private location where the watercraft or water-related equipment is in plain view, if the officer determines there is reason to believe that aquatic invasive species, aquatic macrophytes, or water is present on the watercraft or water-related equipment.
(d) Conservation officers or other licensed peace officers may utilize check stations in locations, or in proximity to locations, where watercraft or other water-related equipment is placed into or removed from waters of the state. Any check stations shall be operated in a manner that minimizes delays to vehicles, equipment, and their occupants.

(e) Conservation officers or other licensed peace officers may order water-related equipment to be removed from a water body if the commissioner determines such action is needed to implement aquatic invasive species control measures.

(f) The commissioner may require mandatory inspections of water-related equipment before a person places or removes water-related equipment into or out of a water body. Inspection stations may be located at or near public water accesses or in locations that allow for servicing individual or multiple water bodies. The commissioner shall ensure that inspection stations:

(1) have adequate staffing to minimize delays to vehicles and their occupants;

(2) allow for reasonable travel times between public accesses and inspection stations if inspection is required before placing water-related equipment into a water body;

(3) are located so as not to create traffic delays or public safety issues;

(4) have decontamination equipment available to bring water-related equipment into compliance; and

(5) do not reduce the capacity or hours of operation of public water accesses.

(g) The commissioner may authorize tribal and local governments that enter into a delegation agreement with the commissioner to conduct mandatory inspections of water-related equipment at specified locations within a defined area before a person places or removes water-related equipment into or out of a water body. Tribal and local governments that are authorized to conduct inspections under this paragraph must:

(1) to the extent called for in the delegation agreement, assume all legal, financial, and administrative responsibilities for implementing the mandatory inspections, alone or in agreement with other tribal or local governments;

(2) employ inspectors that have been trained and authorized by the commissioner;

(3) conduct inspections and decontamination measures in accordance with guidelines approved by the commissioner;

(4) have decontamination equipment available at inspection stations or identify alternative decontamination equipment locations within a reasonable distance of the inspection station that can bring water-related equipment into compliance;

(5) provide for inspection station locations that do not create traffic delays or public safety issues; and

(6) submit a plan approved by the commissioner according to paragraph (h).

(h) Plans required under paragraph (g) must address:

(1) no reduction in capacity or hours of operation of public accesses and fees that do not discourage or limit use;
(2) reasonable travel times between public accesses and inspection stations;

(3) adequate staffing to minimize wait times and provide adequate hours of operation at inspection stations and public accesses;

(4) adequate enforcement capacity;

(5) measures to address inspections of water-related equipment at public water accesses for commercial entities and private riparian land owners; and

(6) other elements as required by the commissioner to ensure statewide consistency, appropriate inspection and decontamination protocols, and protection of the state's resources, public safety, and access to public waters.

(i) A government unit authorized to conduct inspections under this subdivision must submit an annual report to the commissioner summarizing the results and issues related to implementing the inspection program.

(j) The commissioner may waive the plan requirement in paragraph (g) for inspection programs where authorized inspectors are placed directly at one or more water access sites, with no requirement for a person to travel from the water access for inspection or decontamination, and no local ordinance or other regulation requiring a mandatory inspection before placing watercraft or water-related equipment into a water body or after watercraft or water-related equipment are removed from a water body.

Sec. 26. Minnesota Statutes 2012, section 84D.11, subdivision 2a, is amended to read:

(b) A civil citation that is issued to a person who has one or more prior convictions or final orders for violations of this chapter is subject to twice the penalty amounts listed in paragraph (a).

Sec. 29. Minnesota Statutes 2012, section 86A.09, is amended to read:

**86A.09 DEVELOPMENT AND ESTABLISHMENT OF UNITS.**

Subdivision 1. **Master plan required.** No construction of new facilities or other development of an authorized unit, other than repairs and maintenance, shall commence until the managing agency has prepared and submitted to the commissioner of natural resources and the commissioner has reviewed, pursuant to this section, a master plan for administration of the unit in conformity with
this section. No master plan is required for wildlife management areas that do not have resident managers, for scientific and natural areas, for water access sites, for aquatic management areas, for rest areas, or for boater waysides.

Subd. 2. **Master plan; preparation and content public review.** The managing agency shall supervise preparation of the master plan and shall utilize the professional staffs of any agency of the state when the expertise of the staff of such agency is necessary to adequately prepare the master plan; the master plan shall present the information in a format and detail that is appropriate to the size and complexity of the authorized unit. When the master plan has been completed the managing agency shall announce to the public in a manner reasonably designed to inform interested persons that the master plan is available for public review and in the case of any major unit shall hold at least one public hearing meeting on the plan in the vicinity of the unit. The managing agency shall make the master plan available for review and comment by the public and other state agencies for at least 15 days prior to the public meeting and shall accept comments on the plan for at least 30 days following the announcement and before submitting the master plan to the commissioner of natural resources. Copies of the plan shall be provided to members of the Outdoor Recreation Advisory Council and to any other person on request approval. The managing agency shall prepare a record of the public meeting and any comments received during the comment period.

Subd. 3. **Master plan; review and approval content.** All master plans required by this section shall be submitted to the commissioner of natural resources for review pursuant to this subdivision. The commissioner of natural resources shall review the master plan to determine whether the plan:

(a) provides:

1. (1) provide for administration of the unit in a manner that is consistent with the purposes for which the unit was authorized and with the principles governing the administration of the unit, as specified in section 86A.05 and the statutes relating to each type of unit; and

2. (b) recognizes (2) recognize values and resources within the unit that are primarily the responsibility of another managing agency to protect or develop; and provides provide for their protection or development either through a cooperative agreement with the other managing agency or through designation of the appropriate area as a secondary unit. In reviewing any master plan, the commissioner of natural resources shall consult with other state agencies. Within 60 days after receiving the master plan, the commissioner of natural resources shall notify the managing agency that the plan has been reviewed and forward its recommendations for any changes it might suggest. The managing agency shall review the recommendations and notify the commissioner of natural resources of the disposition made of them. Failure to comment on a master plan within the time specified shall be considered approval of the plan by the commissioner of natural resources. If the commissioner of natural resources feels that the master plan still fails significantly to comply with this subdivision, the commissioner may request review of the master plan by the governor. In that event review shall not be deemed completed until after the master plan has been approved by the governor or 60 days have elapsed without action by the governor to approve or reject the plan, whichever occurs first.

Subd. 4. **Development.** Construction of necessary facilities and other development of the unit shall commence as soon as practicable after review of the master plan by the commissioner of natural resources, and the governor if requested, and shall be carried out in conformity with the master plan.

Subd. 5. **Establishment.** When, in the opinion of the managing agency, acquisition and development of the unit are sufficiently complete to permit operation and administration of the
unit in substantial conformity with the master plan as approved, the managing agency shall declare the unit established and ready for use.

Subd. 6. Master plan amendment. The managing agency shall prepare an amendment to a master plan to address changes proposed for a unit that would vary from the approved master plan. The master plan amendment shall address the impacts of the proposed changes to the natural and cultural resources, interpretive services, recreational opportunities, and administrative activities at the unit. The master plan amendment supersedes the master plan for those areas addressed by the amendment. The managing agency shall hold a public meeting for master plan amendments that constitute a significant change in public use or access to the unit or that may be controversial. Public notice and approval of the master plan amendment shall follow the process described in subdivision 2. Construction of necessary facilities and other development of the unit shall commence as soon as practicable after the master plan amendment is adopted.

Sec. 30. Minnesota Statutes 2012, section 86A.11, is amended to read:

86A.11 REGISTRY OF UNITS.

The commissioner of natural resources and the director of the Minnesota Historical Society shall each compile and maintain a current registry of the name, location, size, and description of all units of the outdoor recreation system under the commissioner's jurisdiction and under the jurisdiction of the Minnesota Historical Society and the commissioner of transportation. The commissioner of natural resources shall contact the respective jurisdictions, and shall publish and distribute the information contained in the registry in a form and manner suitable to assist persons wishing to use these units. The Minnesota Historical Society and the commissioner of transportation shall cooperate with and assist the commissioner of natural resources in preparing and distributing the registry.

It is the policy of the state to encourage forest landowners, forest managers, and loggers to establish maintain a partnership in which the implementation of council recommendations can
occur in a timely and coordinated manner across ownerships. The partnership shall serve as a forum for discussing operational implementation issues and problem solving related to forest resources management and planning concerns, and be responsive to the recommendations of the council. This partnership shall also actively foster collaboration and coordination among forest managers, landowners, and loggers in addressing landscape-level operations and concerns. The guidelines must address the water, air, soil, biotic, recreational, cultural, and aesthetic resources found in forest ecosystems by focusing on those impacts commonly associated with applying site-level forestry practices. The guidelines must reflect a range of practical and sound practices based on the best available scientific information, and be integrated to minimize conflicting recommendations while being easy to understand and implement. By June 30, 2003, the council shall undertake a peer review of the guidelines and identify potential revisions. If deemed necessary, the council shall update the guidelines by June 30, 2005. By December 1999, the council must undertake a peer review of the recommendations in the forest management guidelines adopted in December 1998 for protecting forest riparian areas and seasonal ponds.

Sec. 36. Minnesota Statutes 2012, section 89A.05, subdivision 3, is amended to read:

Subd. 3. Application. The timber harvesting and forest management guidelines are voluntary. Prior to their actual use, the council must develop and periodically assess guideline implementation goals for each major forest land ownership category that will sustain forest resources. If the information developed as a result of forest resources, practices, implementation, and effectiveness monitoring programs conducted by the department or other information obtained by the council indicates the implementation goals for the guidelines are not being met and the council determines significant adverse impacts are occurring, the council shall recommend to the governor additional measures to address those impacts. The advisory team members shall be selected from public and private entities that have an interest in the water resources affected by the groundwater management area. A majority of the advisory team members shall be public and private entities that currently hold water use permits for water appropriations from the affected water resources. The commissioner shall consult with the League of Minnesota Cities, the Association of Minnesota Counties, the Minnesota Association of Watershed Districts, and the Minnesota Association of Townships in appointing the local government representatives to the advisory team. The advisory team may also include representatives from the University of Minnesota, the Minnesota State Colleges and Universities, other institutions of higher learning in Minnesota, political subdivisions with jurisdiction over water issues, nonprofits with expertise in water, and federal agencies.

(b) The commissioner may waive the dated signature of approval requirement in rules of the Department of Natural Resources for invasive aquatic plant management permits if obtaining
signatures would create an undue burden on the permittee or if the commissioner determines that aquatic plant control is necessary to protect natural resources.

(c) If the signature requirement is waived under paragraph (b) because obtaining signatures would create an undue burden on the permittee, the commissioner shall require an alternate form of landowner notification, including news releases or public notices in a local newspaper, a public meeting, or a mailing to the most recent permanent address of affected landowners. The notification must be given annually and must include: the proposed date of treatment, the target species, the method of control or product being used, and instructions on how the landowner may request that control not occur adjacent to the landowner's property.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 60. Minnesota Statutes 2012, section 116D.04, subdivision 2a, is amended to read:

Subd. 2a. When prepared. Where there is potential for significant environmental effects resulting from any major governmental action, the action shall be preceded by a detailed environmental impact statement prepared by the responsible governmental unit. The environmental impact statement shall be an analytical rather than an encyclopedic document which describes the proposed action in detail, analyzes its significant environmental impacts, discusses appropriate alternatives to the proposed action and their impacts, and explores methods by which adverse environmental impacts of an action could be mitigated. The environmental impact statement shall also analyze those economic, employment, and sociological effects that cannot be avoided should
the action be implemented. To ensure its use in the decision-making process, the environmental impact statement shall be prepared as early as practical in the formulation of an action.

(a) The board shall by rule establish categories of actions for which environmental impact statements and for which environmental assessment worksheets shall be prepared as well as categories of actions for which no environmental review is required under this section. A mandatory environmental assessment worksheet shall not be required for the expansion of an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b), or the conversion of an ethanol plant to a biobutanol facility or the expansion of a biobutanol facility as defined in section 41A.105, subdivision 1a, based on the capacity of the expanded or converted facility to produce alcohol fuel, but must be required if the ethanol plant or biobutanol facility meets or exceeds thresholds of other categories of actions for which environmental assessment worksheets must be prepared. The responsible governmental unit for an ethanol plant or biobutanol facility project for which an environmental assessment worksheet is prepared shall be the state agency with the greatest responsibility for supervising or approving the project as a whole.

A mandatory environmental impact statement shall not be required for a facility or plant located outside the seven-county metropolitan area that produces less than 125,000,000 gallons of ethanol, biobutanol, or cellulosic biofuel annually, or produces less than 400,000 tons of chemicals annually, if the facility or plant is: an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b); a biobutanol facility, as defined in section 41A.105, subdivision 1a, clause (1); or a cellulosic biofuel facility, as defined in section 41A.10, subdivision 1, paragraph (d). A facility or plant that only uses a cellulosic feedstock to produce chemical products for use by another facility as a feedstock shall not be considered a fuel conversion facility as used in rules adopted under this chapter.

(b) The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet by publishing the notice in at least one newspaper of general circulation in the geographic area where the project is proposed, by posting the notice on a Web site that has been designated as the official publication site for publication of proceedings, public notices, and summaries of a political subdivision in which the project is proposed, or in any other manner determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30-day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit's decision on the need for an environmental impact statement shall be based on the environmental assessment worksheet and the comments received during the comment period, and shall be made within 15 days after the close of the comment period. The board's chair may extend the 15-day period by not more than 15 additional days upon the request of the responsible governmental unit.

(c) An environmental assessment worksheet shall also be prepared for a proposed action whenever material evidence accompanying a petition by not less than 100 individuals who reside or own property in the state, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions requesting the preparation of an environmental assessment worksheet shall be submitted to the board. The chair of the board shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet shall be made by the responsible governmental unit within 15 days after the petition is received by the responsible
governmental unit. The board's chair may extend the 15-day period by not more than 15 additional
days upon request of the responsible governmental unit.

(d) Except in an environmentally sensitive location where Minnesota Rules, part 4410.4300,
subpart 29, item B, applies, the proposed action is exempt from environmental review under this
chapter and rules of the board, if:

(1) the proposed action is:

(i) an animal feedlot facility with a capacity of less than 1,000 animal units; or

(ii) an expansion of an existing animal feedlot facility with a total cumulative capacity of less
than 1,000 animal units;

(2) the application for the animal feedlot facility includes a written commitment by the proposer
to design, construct, and operate the facility in full compliance with Pollution Control Agency
feedlot rules; and

(3) the county board holds a public meeting for citizen input at least ten business days prior
to the Pollution Control Agency or county issuing a feedlot permit for the animal feedlot facility
unless another public meeting for citizen input has been held with regard to the feedlot facility to be
permitted. The exemption in this paragraph is in addition to other exemptions provided under other
law and rules of the board.

(e) The board may, prior to final approval of a proposed project, require preparation of an
environmental assessment worksheet by a responsible governmental unit selected by the board for
any action where environmental review under this section has not been specifically provided for by
rule or otherwise initiated.

(f) An early and open process shall be utilized to limit the scope of the environmental impact
statement to a discussion of those impacts, which, because of the nature or location of the project,
have the potential for significant environmental effects. The same process shall be utilized to
determine the form, content and level of detail of the statement as well as the alternatives which
are appropriate for consideration in the statement. In addition, the permits which will be required
for the proposed action shall be identified during the scoping process. Further, the process shall
identify those permits for which information will be developed concurrently with the environmental
impact statement. The board shall provide in its rules for the expeditious completion of the scoping
process. The determinations reached in the process shall be incorporated into the order requiring
the preparation of an environmental impact statement.

(g) The responsible governmental unit shall, to the extent practicable, avoid duplication and
ensure coordination between state and federal environmental review and between environmental
review and environmental permitting. Whenever practical, information needed by a governmental
unit for making final decisions on permits or other actions required for a proposed project shall
be developed in conjunction with the preparation of an environmental impact statement. When an
environmental impact statement is prepared for a project requiring multiple permits for which two
or more agencies' decision processes include either mandatory or discretionary hearings before a
hearing officer prior to the agencies' decision on the permit, the agencies may, notwithstanding any
law or rule to the contrary, conduct the hearings in a single consolidated hearing process if requested
by the proposer. All agencies having jurisdiction over a permit that is included in the consolidated
hearing shall participate. The responsible governmental unit shall establish appropriate procedures
for the consolidated hearing process, including procedures to ensure that the consolidated hearing process is consistent with the applicable requirements for each permit regarding the rights and duties of parties to the hearing, and shall utilize the earliest applicable hearing procedure to initiate the hearing. The procedures of section 116C.28, subdivision 2, apply to the consolidated hearing.

(h) An environmental impact statement shall be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact statement. If an environmental impact statement is found to be inadequate, the responsible governmental unit shall have 60 days to prepare an adequate environmental impact statement.

(i) The proposer of a specific action may include in the information submitted to the responsible governmental unit a preliminary draft environmental impact statement under this section on that action for review, modification, and determination of completeness and adequacy by the responsible governmental unit. The Honorable Paul Thissen
Speaker of the House of Representatives

The Honorable Sandra L. Pappas
President of the Senate

We, the undersigned conferees for H. F. No. 2402 report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 2402 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

CHILDREN AND FAMILIES

Section 1. Minnesota Statutes 2012, section 245A.02, subdivision 19, is amended to read:
Subd. 19. **Family day care and group family day care child age classifications.** (a) For the purposes of family day care and group family day care licensing under this chapter, the following terms have the meanings given them in this subdivision.

(b) "Newborn" means a child between birth and six weeks old.

(c) "Infant" means a child who is at least six weeks old but less than 12 months old.

(d) "Toddler" means a child who is at least 12 months old but less than 24 months old, except that for purposes of specialized infant and toddler family and group family day care, "toddler" means a child who is at least 12 months old but less than 30 months old.

(e) "Preschooler" means a child who is at least 24 months old up to the school age of being eligible to enter kindergarten within the next four months.

(f) "School age" means a child who is at least five years of age to have attended the first day of kindergarten, or is eligible to enter kindergarten within the next four months, but is younger than 11 years of age.

Sec. 2. Minnesota Statutes 2013 Supplement, section 245A.1435, is amended to read:

**245A.1435 REDUCTION OF RISK OF SUDDEN UNEXPECTED INFANT DEATH IN LICENSED PROGRAMS.**

(a) When a license holder is placing an infant to sleep, the license holder must place the infant on the infant's back, unless the license holder has documentation from the infant's physician directing an alternative sleeping position for the infant. The physician directive must be on a form approved by the commissioner and must remain on file at the licensed location. An infant who independently rolls onto its stomach after being placed to sleep on its back may be allowed to remain sleeping on its stomach if the infant is at least six months of age or the license holder has a signed statement from the parent indicating that the infant regularly rolls over at home.

(b) The license holder must place the infant in a crib directly on a firm mattress with a fitted sheet that is appropriate to the mattress size, that fits tightly on the mattress, and overlaps the underside of the mattress so it cannot be dislodged by pulling on the corner of the sheet with reasonable effort. The license holder must not place anything in the crib with the infant except for the infant's pacifier, as defined in Code of Federal Regulations, title 16, part 1511. The requirements of this section apply to license holders serving infants younger than one year of age. Licensed child care providers must meet the crib requirements under section 245A.146. A correction order shall not be issued under this paragraph unless there is evidence that a violation occurred when an infant was present in the license holder's care.

(c) If an infant falls asleep before being placed in a crib, the license holder must move the infant to a crib as soon as practicable, and must keep the infant within sight of the license holder until the infant is placed in a crib. When an infant falls asleep while being held, the license holder must consider the supervision needs of other children in care when determining how long to hold the infant before placing the infant in a crib to sleep. The sleeping infant must not be in a position where the airway may be blocked or with anything covering the infant's face.

(d) Placing a swaddled infant down to sleep in a licensed setting is not recommended for an infant of any age and is prohibited for any infant who has begun to roll over independently. However, with the written consent of a parent or guardian according to this paragraph, a license holder may place
the infant who has not yet begun to roll over on its own down to sleep in a one-piece sleeper equipped with an attached system that fastens securely only across the upper torso, with no constriction of the hips or legs, to create a swaddle. Prior to any use of swaddling for sleep by a provider licensed under this chapter, the license holder must obtain informed written consent for the use of swaddling from the parent or guardian of the infant on a form provided by the commissioner and prepared in partnership with the Minnesota Sudden Infant Death Center.

Sec. 3. [245A.1511] CONTRACTORS SERVING MULTIPLE FAMILY CHILD CARE LICENSE HOLDERS.

Contractors who serve multiple family child care holders may request that the county agency maintain a record of:

(1) the contractor's background study results as required in section 245C.04, subdivision 7, to verify that the contractor does not have a disqualification or a disqualification that has not been set aside, and is eligible to provide direct contact services in a licensed program; and

(2) the contractor's compliance with training requirements.

Sec. 4. Minnesota Statutes 2013 Supplement, section 245A.50, subdivision 5, is amended to read:

Subd. 5. Sudden unexpected infant death and abusive head trauma training. (a) License holders must document that before staff persons, caregivers, and helpers assist in the care of infants, they are instructed on the standards in section 245A.1435 and receive training on reducing the risk of sudden unexpected infant death. In addition, license holders must document that before staff persons, caregivers, and helpers assist in the care of infants and children under school age, they receive training on reducing the risk of abusive head trauma from shaking infants and young children. The training in this subdivision may be provided as initial training under subdivision 1 or ongoing annual training under subdivision 7.

(b) Sudden unexpected infant death reduction training required under this subdivision must be at least one-half hour in length and must be completed in person at least once every two years. On the years when the license holder is not receiving the in-person training on sudden unexpected infant death reduction, the license holder must receive sudden unexpected infant death reduction training through a video of no more than one hour in length developed or approved by the commissioner, at a minimum, the training must address the risk factors related to sudden unexpected infant death, means of reducing the risk of sudden unexpected infant death in child care, and license holder communication with parents regarding reducing the risk of sudden unexpected infant death.

(c) Abusive head trauma training required under this subdivision must be at least one-half hour in length and must be completed at least once every year; at a minimum, the training must address the risk factors related to shaking infants and young children, means of reducing the risk of abusive head trauma in child care, and license holder communication with parents regarding reducing the risk of abusive head trauma.

(d) Training for family and group family child care providers must be developed by the commissioner in conjunction with the Minnesota Sudden Infant Death Center and approved by the Minnesota Center for Professional Development. Sudden unexpected infant death reduction training and abusive head trauma training may be provided in a single course of no more than two hours in length.
(e) Sudden unexpected infant death reduction training and abusive head trauma training required under this subdivision must be completed in person or as allowed under subdivision 10, clause (1) or (2), at least once every two years. On the years when the license holder is not receiving training in person or as allowed under subdivision 10, clause (1) or (2), the license holder must receive sudden unexpected infant death reduction training and abusive head trauma training through a video of no more than one hour in length. The video must be developed or approved by the commissioner.

**EFFECTIVE DATE.** This section is effective January 1, 2015.

Sec. 5. Minnesota Statutes 2012, section 245C.04, is amended by adding a subdivision to read:

Subd. 7. **Current or prospective contractors serving multiple family child care license holders.** Current or prospective contractors who are required to have a background study under section 245C.03, subdivision 1, who provide services for multiple family child care license holders in a single county, and will have direct contact with children served in the family child care setting are required to have only one background study which is transferable to all family child care programs in that county if:

1. the county agency maintains a record of the contractor's background study results which verify the contractor is approved to have direct contact with children receiving services;

2. the license holder contacts the county agency and obtains notice that the current or prospective contractor is in compliance with background study requirements and approved to have direct contact; and

3. the contractor's background study is repeated every two years.

Sec. 6. Minnesota Statutes 2012, section 260C.212, subdivision 2, is amended to read:

Subd. 2. **Placement decisions based on best interests of the child.** (a) The policy of the state of Minnesota is to ensure that the child's best interests are met by requiring an individualized determination of the needs of the child and of how the selected placement will serve the needs of the child being placed. The authorized child-placing agency shall place a child, released by court order or by voluntary release by the parent or parents, in a family foster home selected by considering placement with relatives and important friends in the following order:

1. with an individual who is related to the child by blood, marriage, or adoption; or

2. with an individual who is an important friend with whom the child has resided or had significant contact.

(b) Among the factors the agency shall consider in determining the needs of the child are the following:

1. the child's current functioning and behaviors;

2. the medical needs of the child;

3. the educational needs of the child;

4. the developmental needs of the child;

5. the child's history and past experience;

6. the child's religious and cultural needs;
(7) the child's connection with a community, school, and faith community;

(8) the child's interests and talents;

(9) the child's relationship to current caretakers, parents, siblings, and relatives; and

(10) the reasonable preference of the child, if the court, or the child-placing agency in the case of a voluntary placement, deems the child to be of sufficient age to express preferences.

(c) Placement of a child cannot be delayed or denied based on race, color, or national origin of the foster parent or the child.

(d) Siblings should be placed together for foster care and adoption at the earliest possible time unless it is documented that a joint placement would be contrary to the safety or well-being of any of the siblings or unless it is not possible after reasonable efforts by the responsible social services agency. In cases where siblings cannot be placed together, the agency is required to provide frequent visitation or other ongoing interaction between siblings unless the agency documents that the interaction would be contrary to the safety or well-being of any of the siblings.

(e) Except for emergency placement as provided for in section 245A.035, the following requirements must be satisfied before the approval of a foster or adoptive placement in a related or unrelated home: (1) a completed background study is required under section 245C.08 before the approval of a foster placement in a related or unrelated home; and (2) a completed review of the written home study required under section 260C.215, subdivision 4, clause (5), or 260C.611, to assess the capacity of the prospective foster or adoptive parent to ensure the placement will meet the needs of the individual child.

Sec. 7. Minnesota Statutes 2012, section 260C.215, subdivision 4, is amended to read:

Subd. 4. Duties of commissioner. The commissioner of human services shall:

(1) provide practice guidance to responsible social services agencies and child-placing agencies that reflect federal and state laws and policy direction on placement of children;

(2) develop criteria for determining whether a prospective adoptive or foster family has the ability to understand and validate the child's cultural background;

(3) provide a standardized training curriculum for adoption and foster care workers and administrators who work with children. Training must address the following objectives:

(i) developing and maintaining sensitivity to all cultures;

(ii) assessing values and their cultural implications;

(iii) making individualized placement decisions that advance the best interests of a particular child under section 260C.212, subdivision 2; and

(iv) issues related to cross-cultural placement;

(4) provide a training curriculum for all prospective adoptive and foster families that prepares them to care for the needs of adoptive and foster children taking into consideration the needs of children outlined in section 260C.212, subdivision 2, paragraph (b);

(5) develop and provide to agencies a home study format to assess the capacities and needs of prospective adoptive and foster families. The format must address problem-solving skills; parenting
skills; evaluate the degree to which the prospective family has the ability to understand and validate the child's cultural background, and other issues needed to provide sufficient information for agencies to make an individualized placement decision consistent with section 260C.212, subdivision 2. For a study of a prospective foster parent, the format must also address the capacity of the prospective foster parent to provide a safe, healthy, smoke-free home environment. If a prospective adoptive parent has also been a foster parent, any update necessary to a home study for the purpose of adoption may be completed by the licensing authority responsible for the foster parent's license. If a prospective adoptive parent with an approved adoptive home study also applies for a foster care license, the license application may be made with the same agency which provided the adoptive home study; and

(6) consult with representatives reflecting diverse populations from the councils established under sections 3.922, 3.9223, 3.9225, and 3.9226, and other state, local, and community organizations.

Sec. 8. Minnesota Statutes 2012, section 260C.215, subdivision 6, is amended to read:

Subd. 6. **Duties of child-placing agencies.** (a) Each authorized child-placing agency must:

(1) develop and follow procedures for implementing the requirements of section 260C.212, subdivision 2, and the Indian Child Welfare Act, United States Code, title 25, sections 1901 to 1923;

(2) have a written plan for recruiting adoptive and foster families that reflect the ethnic and racial diversity of children who are in need of foster and adoptive homes. The plan must include:

(i) strategies for using existing resources in diverse communities;

(ii) use of diverse outreach staff wherever possible;

(iii) use of diverse foster homes for placements after birth and before adoption; and

(iv) other techniques as appropriate;

(3) have a written plan for training adoptive and foster families;

(4) have a written plan for employing staff in adoption and foster care who have the capacity to assess the foster and adoptive parents’ ability to understand and validate a child's cultural and meet the child's individual needs, and to advance the best interests of the child, as required in section 260C.212, subdivision 2. The plan must include staffing goals and objectives;

(5) ensure that adoption and foster care workers attend training offered or approved by the Department of Human Services regarding cultural diversity and the needs of special needs children; and

(6) develop and implement procedures for implementing the requirements of the Indian Child Welfare Act and the Minnesota Indian Family Preservation Act; and

(7) ensure that children in foster care are protected from the effects of secondhand smoke and that licensed foster homes maintain a smoke-free environment in compliance with subdivision 9.

(b) In determining the suitability of a proposed placement of an Indian child, the standards to be applied must be the prevailing social and cultural standards of the Indian child's community, and
the agency shall defer to tribal judgment as to suitability of a particular home when the tribe has intervened pursuant to the Indian Child Welfare Act.

Sec. 9. Minnesota Statutes 2012, section 260C.215, is amended by adding a subdivision to read:

Subd. 9. Preventing exposure to secondhand smoke for children in foster care. (a) A child in foster care shall not be exposed to any type of secondhand smoke in the following settings:

(1) a licensed foster home or any enclosed space connected to the home, including a garage, porch, deck, or similar space; or

(2) a motor vehicle while a foster child is transported.

(b) Smoking in outdoor areas on the premises of the home is permitted, except when a foster child is present and exposed to secondhand smoke.

(c) The home study required in subdivision 4, clause (5), must include a plan to maintain a smoke-free environment for foster children.

(d) If a foster parent fails to provide a smoke-free environment for a foster child, the child-placing agency must ask the foster parent to comply with a plan that includes training on the health risks of exposure to secondhand smoke. If the agency determines that the foster parent is unable to provide a smoke-free environment and that the home environment constitutes a health risk to a foster child, the agency must reassess whether the placement is based on the child's best interests consistent with section 260C.212, subdivision 2.

(e) Nothing in this subdivision shall delay the placement of a child with a relative, consistent with section 245A.035, unless the relative is unable to provide for the immediate health needs of the individual child.

(f) If a child's best interests would most effectively be served by placement in a home which will not meet the requirements of paragraph (a), the failure to meet the requirements of paragraph (a) shall not be a cause to deny placement in that home.

(g) Nothing in this subdivision shall be interpreted to interfere, conflict with, or be a basis for denying placement pursuant to the provisions of the federal Indian Child Welfare Act or Minnesota Indian Family Preservation Act.

(h) Nothing in this subdivision shall be interpreted to interfere with traditional or spiritual Native American or religious ceremonies involving the use of tobacco.

Sec. 10. Minnesota Statutes 2012, section 626.556, subdivision 11c, is amended to read:

Subd. 11c. Welfare, court services agency, and school records maintained. Notwithstanding sections 138.163 and 138.17, records maintained or records derived from reports of abuse by local welfare agencies, agencies responsible for assessing or investigating the report, court services agencies, or schools under this section shall be destroyed as provided in paragraphs (a) to (d) by the responsible authority.

(a) For family assessment cases and cases where an investigation results in no determination of maltreatment or the need for child protective services, the assessment or investigation records must be maintained for a period of four years. Records under this paragraph may not be used
for employment, background checks, or purposes other than to assist in future risk and safety assessments.

(b) All records relating to reports which, upon investigation, indicate either maltreatment or a need for child protective services shall be maintained for at least ten years after the date of the final entry in the case record.

(c) All records regarding a report of maltreatment, including any notification of intent to interview which was received by a school under subdivision 10, paragraph (d), shall be destroyed by the school when ordered to do so by the agency conducting the assessment or investigation. The agency shall order the destruction of the notification when other records relating to the report under investigation or assessment are destroyed under this subdivision.

(d) Private or confidential data released to a court services agency under subdivision 10h must be destroyed by the court services agency when ordered to do so by the local welfare agency that released the data. The local welfare agency or agency responsible for assessing or investigating the report shall order destruction of the data when other records relating to the assessment or investigation are destroyed under this subdivision.

(e) For reports alleging child maltreatment that were not accepted for assessment or investigation, counties shall maintain sufficient information to identify repeat reports alleging maltreatment of the same child or children for 365 days from the date the report was screened out. The commissioner of human services shall specify to the counties the minimum information needed to accomplish this purpose. Counties shall enter this data into the state social services information system.

as required by rules adopted under subdivision 1. The Board of Pharmacy shall follow the
requirements of chapter 14 in any disciplinary actions taken under this section: (a) Whenever it
appears to the board that a person has engaged in an act or practice constituting a violation of a

may issue and cause to be served upon the person an order requiring the person to cease and desist
from violations.

(b) The cease and desist order must state the reasons for the issuance of the order and must give
reasonable notice of the rights of the person to request a hearing before an administrative law judge.
A hearing must be held not later than ten days after the request for the hearing is received by the
board. After the completion of the hearing, the administrative law judge shall issue a report within
ten days. Within 15 days after receiving the report of the administrative law judge, the board shall

under subdivision 1a seeks to enforce compliance with a cease and desist order that has been made
permanent, the allegations of the cease and desist order are considered conclusively established
for purposes of proceeding under subdivision 1a for permanent or temporary relief to enforce the
cease and desist order. Whenever the board under subdivision 1a seeks to enforce compliance
with a cease and desist order when a hearing or hearing request on the cease and desist order is
pending, or the time has not yet expired to request a hearing on whether a cease and desist order
should be vacated or made permanent, the allegations in the cease and desist order are considered
conclusively established for the purposes of proceeding under subdivision 1a for temporary relief to enforce the cease and desist order.

(b) Notwithstanding this subdivision or subdivision 1a, the person against whom the cease and desist order is issued and who has requested a hearing under subdivision 1a may, within 15 days after service of the cease and desist order, bring an action in Ramsey County District Court for issuance of an injunction to suspend enforcement of the cease and desist order pending a final decision of the board under subdivision 1a to vacate or make permanent the cease and desist order. (iii) a copy of the record of a judgment assessing damages under section 609.215, subdivision 5; or

(iv) a finding by the board that the person violated section 609.215, subdivision 1 or 2. The board shall investigate any complaint of a violation of section 609.215, subdivision 1 or 2;

For a pharmacist intern, pharmacy technician, or controlled substance researcher, performing duties permitted to such individuals by this chapter or the rules of the board under a lapsed or nonrenewed registration. (24) for a pharmacist, pharmacist intern, or pharmacy technician, termination or discharge from the health professionals services program for reasons other than the satisfactory completion of the program.

Subd. 3. **Automatic suspension.** (a) A license or registration issued under this chapter to a pharmacist, pharmacist intern, pharmacy technician, or controlled substance researcher is automatically suspended if: (1) a guardian of a licensee or registrant is appointed by order of a court pursuant to sections 524.5-101 to 524.5-502, for reasons other than the minority of the licensee or registrant; or (2) the licensee or registrant is committed by order of a court pursuant to chapter 253B. The license or registration remains suspended until the licensee is restored to capacity by a court and, upon petition by the licensee or registrant, the suspension is terminated by the board after a hearing.

(b) For a pharmacist, pharmacy intern, or pharmacy technician, upon notice to the board of a judgment of, or a plea of guilty to, a felony reasonably related to the practice of pharmacy, the license or registration of the regulated person may be automatically suspended by the board. The license or registration will remain suspended until, upon petition by the regulated individual and after a hearing, the suspension is terminated by the board. The board may indefinitely suspend or revoke the license or registration of the regulated individual if, after a hearing before the board, the board finds that the felonious conduct would cause a serious risk of harm to the public.

(c) For a facility that is licensed or registered by the board, upon notice to the board that an owner of the facility is subject to a judgment of, or a plea of guilty to, a felony reasonably related to the operation of the facility, the license or registration of the facility may be automatically suspended by the board. The license or registration will remain suspended until, upon petition by the facility and after a hearing, the suspension is terminated by the board. The board may indefinitely suspend or revoke the license or registration of the facility if, after a hearing before the board, the board finds that the felonious conduct would cause a serious risk of harm to the public.

(d) For licenses and registrations that have been suspended or revoked pursuant to paragraphs (a) and (b), the regulated individual may have a license or registration reinstated, either with or without restrictions, by demonstrating clear and convincing evidence of rehabilitation, as provided in section 364.03. If the regulated individual has the conviction subsequently overturned by court decision, the board shall conduct a hearing to review the suspension within 30 days after the receipt of the court decision. The regulated individual is not required to prove rehabilitation if the subsequent court decision overturns previous court findings of public risk.

(e) For licenses and registrations that have been suspended or revoked pursuant to paragraph (c), the regulated facility may have a license or registration reinstated, either with or without
restrictions, conditions, or limitations, by demonstrating clear and convincing evidence of rehabilitation of the convicted owner, as provided in section 364.03. If the convicted owner has the conviction subsequently overturned by court decision, the board shall conduct a hearing to review the suspension within 30 days after receipt of the court decision. The regulated facility is not required to prove rehabilitation of the convicted owner if the subsequent court decision overturns previous court findings of public risk.

(f) The board may, upon majority vote of a quorum of its appointed members, suspend the license or registration of a regulated individual without a hearing if the regulated individual fails to maintain a current name and address with the board, as described in paragraphs (h) and (i), while the regulated individual is: (1) under board investigation, and a notice of conference has been issued by the board; (2) party to a contested case with the board; (3) party to an agreement for corrective action with the board; or (4) under a board order for disciplinary action. The suspension shall remain in effect until lifted by the board to the board's receipt of a petition from the regulated individual, along with the current name and address of the regulated individual.

(g) The board may, upon majority vote of a quorum of its appointed members, suspend the license or registration of a regulated facility without a hearing if the regulated facility fails to maintain a current name and address of the owner of the facility with the board, as described in paragraphs (h) and (i), while the regulated facility is: (1) under board investigation, and a notice of conference has been issued by the board; (2) party to a contested case with the board; (3) party to an agreement for corrective action with the board; or (4) under a board order for disciplinary action. The suspension shall remain in effect until lifted by the board pursuant to the board's receipt of a petition from the regulated facility, along with the current name and address of the owner of the facility.

(h) An individual licensed or registered by the board shall maintain a current name and home address with the board and shall notify the board in writing within 30 days of any change in name or home address. An individual regulated by the board shall also maintain a current business address with the board as required by section 214.073. For an individual, if a name change only is requested, the regulated individual must request a revised license or registration. The board may require the individual to substantiate the name change by submitting official documentation from a court of law or agency authorized under law to receive and officially record a name change. In the case of an individual, if an address change only is requested, no request for a revised license or registration is required. If the current license or registration of an individual has been lost, stolen, or destroyed, the individual shall provide a written explanation to the board.

(i) A facility licensed or registered by the board shall maintain a current name and address with the board. A facility shall notify the board in writing within 30 days of any change in name. A facility licensed or registered by the board but located outside of the state must notify the board within 30 days of an address change. A facility licensed or registered by the board and located within the state must notify the board at least 60 days in advance of a change of address that will result from the move of the facility to a different location and must pass an inspection at the new location as required by the board. If the current license or registration of a facility has been lost, stolen, or destroyed, the facility shall provide a written explanation to the board.

Subd. 4. Effective dates. A suspension, revocation, condition, limitation, qualification, or restriction of a license or registration shall be in effect pending determination of an appeal. A revocation of a license pursuant to subdivision 1 is not appealable and shall remain in effect indefinitely.
Subd. 5. **Conditions on reissued license.** In its discretion, the board may restore and reissue a license or registration issued under this chapter, but as a condition thereof may impose any disciplinary or corrective measure that it might originally have imposed.

Subd. 6. **Temporary suspension of license for pharmacists.** In addition to any other remedy provided by law, the board may, without a hearing, temporarily suspend the license of a pharmacist if the board finds that the pharmacist has violated a statute or rule that the board is empowered to enforce and continued practice by the pharmacist would create a serious risk of harm to the public. The suspension shall take effect upon written notice to the pharmacist, specifying the statute or rule violated. The suspension shall remain in effect until the board issues a final order in the matter after a hearing. At the time it issues the suspension notice, the board shall schedule a disciplinary hearing to be held pursuant to the Administrative Procedure Act. The pharmacist shall be provided with at least 20 days' notice of any hearing held pursuant to this subdivision. The hearing shall be scheduled to begin no later than 30 days after the issuance of the suspension order.

Subd. 7. **Temporary suspension of license for pharmacist interns, pharmacy technicians, and controlled substance researchers.** In addition to any other remedy provided by law, the board may, without a hearing, temporarily suspend the registration of a pharmacist intern, pharmacy technician, or controlled substance researcher if the board finds that the registrant has violated a statute or rule that the board is empowered to enforce and continued registration of the registrant would create a serious risk of harm to the public. The suspension shall take effect upon written notice to the registrant, specifying the statute or rule violated. The suspension shall remain in effect until the board issues a final order in the matter after a hearing. At the time it issues the suspension notice, the board shall schedule a disciplinary hearing to be held pursuant to the Administrative Procedure Act. The licensee or registrant shall be provided with at least 20 days' notice of any hearing held pursuant to this subdivision. The hearing shall be scheduled to begin no later than 30 days after the issuance of the suspension order.

Subd. 8. **Temporary suspension of license for pharmacies, drug wholesalers, drug manufacturers, medical gas manufacturers, and medical gas distributors.** In addition to any other remedy provided by law, the board may, without a hearing, temporarily suspend the license or registration of a pharmacy, drug wholesaler, drug manufacturer, medical gas manufacturer, or medical gas distributor if the board finds that the licensee or registrant has violated a statute or rule that the board is empowered to enforce and continued operation of the licensed facility would create a serious risk of harm to the public. The suspension shall take effect upon written notice to the licensee or registrant, specifying the statute or rule violated. The suspension shall remain in effect until the board issues a final order in the matter after a hearing. At the time it issues the suspension notice, the board shall schedule a disciplinary hearing to be held pursuant to the Administrative Procedure Act. The licensee or registrant shall be provided with at least 20 days' notice of any hearing held pursuant to this subdivision. The hearing shall be scheduled to begin no later than 30 days after the issuance of the suspension order.

Subd. 9. **Evidence.** In disciplinary actions alleging a violation of subdivision 2, clause (4), (5), (6), or (7), a copy of the judgment or proceeding under the seal of the court administrator or of the administrative agency that entered the same shall be admissible into evidence without further authentication and shall constitute prima facie evidence of the contents thereof.

Subd. 10. **Mental examination; access to medical data.** (a) If the board receives a complaint and has probable cause to believe that an individual licensed or registered by the board falls
under subdivision 2, clause (14), it may direct the individual to submit to a mental or physical examination. For the purpose of this subdivision, every licensed or registered individual is deemed to have consented to submit to a mental or physical examination when directed in writing by the board and further to have waived all objections to the admissibility of the examining practitioner's testimony or examination reports on the grounds that the same constitute a privileged communication. Failure of a licensed or registered individual to submit to an examination when directed constitutes an admission of the allegations against the individual, unless the failure was due to circumstances beyond the individual's control, in which case a default and final order may be entered without the taking of testimony or presentation of evidence. Pharmacists affected under this paragraph shall at reasonable intervals be given an opportunity to demonstrate that they can resume the competent practice of the profession of pharmacy with reasonable skill and safety to the public. Pharmacist interns, pharmacy technicians, or controlled substance researchers affected under this paragraph shall at reasonable intervals be given an opportunity to demonstrate that they can competently resume the duties that can be performed, under this chapter or the rules of the board, by similarly registered persons with reasonable skill and safety to the public. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the board shall be used against a licensed or registered individual in any other proceeding.

(b) Notwithstanding section 13.384, 144.651, or any other law limiting access to medical or other health data, the board may obtain medical data and health records relating to an individual licensed or registered by the board, or to an applicant for licensure or registration, without the individual's consent when the board receives a complaint and has probable cause to believe that the individual is practicing in violation of subdivision 2, clause (14), and the data and health records are limited to the complaint. The medical data may be requested from a provider, as defined in section 144.291, subdivision 2, paragraph (h), an insurance company, or a government agency, including the Department of Human Services. A provider, insurance company, or government agency shall comply with any written request of the board under this subdivision and is not liable in any action for damages for releasing the data requested by the board if the data are released pursuant to a written request under this subdivision, unless the information is false and the provider giving the information knew, or had reason to believe, the information was false. Information obtained under this subdivision is classified as private under sections 13.01 to 13.87.

Subd. 11. **Tax clearance certificate.** (a) In addition to the provisions of subdivision 1, the board may not issue or renew a license or registration if the commissioner of revenue notifies the board and the licensee or applicant for a license that the licensee or applicant owes the state delinquent taxes in the amount of $500 or more. The board may issue or renew the license or registration only if (1) the commissioner of revenue issues a tax clearance certificate, and (2) the commissioner of revenue or the licensee, registrant, or applicant forwards a copy of the clearance to the board. The commissioner of revenue may issue a clearance certificate only if the licensee, registrant, or applicant does not owe the state any uncontested delinquent taxes.

(b) For purposes of this subdivision, the following terms have the meanings given.

(1) "Taxes" are all taxes payable to the commissioner of revenue, including penalties and interest due on those taxes.

(2) "Delinquent taxes" do not include a tax liability if (i) an administrative or court action that contests the amount or validity of the liability has been filed or served, (ii) the appeal period to
contest the tax liability has not expired, or (iii) the licensee or applicant has entered into a payment agreement to pay the liability and is current with the payments.

(c) In lieu of the notice and hearing requirements of subdivision 1, when a licensee, registrant, or applicant is required to obtain a clearance certificate under this subdivision, a contested case hearing must be held if the licensee or applicant requests a hearing in writing to the commissioner of revenue within 30 days of the date of the notice provided in paragraph (a). The hearing must be held within 45 days of the date the commissioner of revenue refers the case to the Office of Administrative Hearings. Notwithstanding any law to the contrary, the licensee or applicant must be served with 20 days' notice in writing specifying the time and place of the hearing and the allegations against the licensee or applicant. The notice may be served personally or by mail.

(d) A licensee or applicant must provide the licensee's or applicant's Social Security number and Minnesota business identification number on all license applications. Upon request of the commissioner of revenue, the board must provide to the commissioner of revenue a list of all licensees and applicants that includes the licensee's or applicant's name, address, Social Security number, and business identification number. The commissioner of revenue may request a list of the licensees and applicants no more than once each calendar year.

Subd. 12. Limitation. No board proceeding against a regulated person or facility shall be instituted unless commenced within seven years from the date of the commission of some portion of the offense or misconduct complained of except for alleged violations of subdivision 2, clause (21).

Sec. 4. [151.072] REPORTING OBLIGATIONS.

Subdivision 1. Permission to report. A person who has knowledge of any conduct constituting grounds for discipline under the provisions of this chapter or the rules of the board may report the violation to the board.

Subd. 2. Pharmacies. A pharmacy located in this state must report to the board any discipline that is related to an incident involving conduct that would constitute grounds for discipline under the provisions of this chapter or the rules of the board, that is taken by the pharmacy or any of its administrators against a pharmacist, pharmacist intern, or pharmacy technician, including the termination of employment of the individual or the revocation, suspension, restriction, limitation, or conditioning of an individual's ability to practice or work at or on behalf of the pharmacy. The pharmacy shall also report the resignation of any pharmacist, pharmacist intern, or technician prior to the conclusion of any disciplinary proceeding, or prior to the commencement of formal charges but after the individual had knowledge that formal charges were contemplated or in preparation. Each report made under this subdivision must state the nature of the action taken and state in detail the reasons for the action. Failure to report violations as required by this subdivision is a basis for discipline pursuant to section 151.071, subdivision 2, clause (8).

Subd. 3. Licensees and registrants of the board. A licensee or registrant of the board shall report to the board personal knowledge of any conduct that the person reasonably believes constitutes grounds for disciplinary action under this chapter or the rules of the board by any pharmacist, pharmacist intern, pharmacy technician, or controlled substance researcher, including any conduct indicating that the person may be professionally incompetent, or may have engaged in unprofessional conduct or may be medically or physically unable to engage safely in the practice of pharmacy or to carry out the duties permitted to the person by this chapter or the rules of the
board. Failure to report violations as required by this subdivision is a basis for discipline pursuant to section 151.071, subdivision 2, clause (20).

Subd. 4. **Self-reporting.** A licensee or registrant of the board shall report to the board any personal action that would require that a report be filed with the board pursuant to subdivision 2.

Subd. 5. **Deadlines; forms.** Reports required by subdivisions 2 to 4 must be submitted not later than 30 days after the occurrence of the reportable event or transaction. The board may provide forms for the submission of reports required by this section, may require that reports be submitted on the forms provided, and may adopt rules necessary to assure prompt and accurate reporting.

Subd. 6. **Subpoenas.** The board may issue subpoenas for the production of any reports required by subdivisions 2 to 4 or any related documents.

Sec. 5. **[151.073] IMMUNITY.**

Subdivision 1. **Reporting.** Any person, health care facility, business, or organization is immune from civil liability or criminal prosecution for submitting in good faith a report to the board under section 151.072 or for otherwise reporting in good faith to the board violations or alleged violations of this chapter or the rules of the board. All such reports are investigative data as defined in chapter 13.

Subd. 2. **Investigation.** (a) Members of the board and persons employed by the board or engaged on behalf of the board in the investigation of violations and in the preparation and management of charges or violations of this chapter or the rules of the board, or persons participating in the investigation or testifying regarding charges of violations, when acting in good faith, are immune from civil liability for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter or the rules of the board.

(b) Members of the board and persons employed by the board or engaged in maintaining records and making reports regarding adverse health care events are immune from civil liability for any actions, transactions, or publications in the execution of, or relating to, their duties under section 151.301.

Sec. 6. **[151.074] LICENSEE OR REGISTRANT COOPERATION.**

An individual who is licensed or registered by the board, who is the subject of an investigation by or on behalf of the board, shall cooperate fully with the investigation. An owner or employee of a facility that is licensed or registered by the board, when the facility is the subject of an investigation by or on behalf of the board, shall cooperate fully with the investigation. Cooperation includes responding fully and promptly to any question raised by, or on behalf of, the board relating to the subject of the investigation and providing copies of patient pharmacy records and other relevant records, as reasonably requested by the board, to assist the board in its investigation. The board shall maintain any records obtained pursuant to this section as investigative data pursuant to chapter 13.

Sec. 7. **[151.075] DISCIPLINARY RECORD ON JUDICIAL REVIEW.**

Upon judicial review of any board disciplinary action taken under this chapter, the reviewing court shall seal the administrative record, except for the board's final decision, and shall not make the administrative record available to the public.
Sec. 8. Minnesota Statutes 2012, section 151.211, is amended to read:

151.211 RECORDS OF PRESCRIPTIONS.

Subdivision 1. **Retention of prescription drug orders.** All prescriptions dispensed prescription drug orders shall be kept on file at the location in which such dispensing occurred of the ordered drug occurs for a period of at least two years. Prescription drug orders that are electronically prescribed must be kept on file in the format in which they were originally received. Written or printed prescription drug orders and verbal prescription drug orders reduced to writing, must be kept on file as received or transcribed, except that such orders may be kept in an electronic format as allowed by the board. Electronic systems used to process and store prescription drug orders must be compliant with the requirements of this chapter and the rules of the board. Prescription drug orders that are stored in an electronic format, as permitted by this subdivision, may be kept on file at a remote location provided that they are readily and securely accessible from the location at which dispensing of the ordered drug occurred.

Subd. 2. **Refill requirements.** A prescription drug order may be refilled except only with the written, electronic, or verbal consent of the prescriber and in accordance with the requirements of this chapter, the rules of the board, and where applicable, section 152.11. The date of such refill must be recorded and initialed upon the original prescription drug order, or within the electronically maintained record of the original prescription drug order, by the pharmacist, pharmacist intern, or practitioner who fills the prescription.

Sec. 9. **[151.251] COMPOUNDING.**

Subdivision 1. **Exemption from manufacturing licensure requirement.** Section 151.252 shall not apply to:

1. a practitioner engaged in extemporaneous compounding, anticipatory compounding, or compounding not done pursuant to a prescription drug order when permitted by this chapter or the rules of the board; and

2. a pharmacy in which a pharmacist is engaged in extemporaneous compounding, anticipatory compounding, or compounding not done pursuant to a prescription drug order when permitted by this chapter or the rules of the board.

Subd. 2. **Compounded drug.** A drug product may be compounded under this section if a pharmacist or practitioner:

1. compounds the drug product using bulk drug substances, as defined in the federal regulations published in Code of Federal Regulations, title 21, section 207.3(a)(4):

   i. that:

   A. comply with the standards of an applicable United States Pharmacopoeia or National Formulary monograph, if a monograph exists, and the United States Pharmacopoeia chapter on pharmacy compounding:

   B. if such a monograph does not exist, are drug substances that are components of drugs approved for use in this country by the United States Food and Drug Administration; or

   C. if such a monograph does not exist and the drug substance is not a component of a drug approved for use in this country by the United States Food and Drug Administration, that appear on
a list developed by the United States Food and Drug Administration through regulations issued by the secretary of the federal Department of Health and Human Services pursuant to section 503A of the Food, Drug and Cosmetic Act under paragraph (d);

(ii) that are manufactured by an establishment that is registered under section 360 of the federal Food, Drug and Cosmetic Act, including a foreign establishment that is registered under section 360(i) of that act; and

(iii) that are accompanied by valid certificates of analysis for each bulk drug substance;

(2) compounds the drug product using ingredients, other than bulk drug substances, that comply with the standards of an applicable United States Pharmacopoeia or National Formulary monograph, if a monograph exists, and the United States Pharmacopoeia chapters on pharmacy compounding;

(3) does not compound a drug product that appears on a list published by the secretary of the federal Department of Health and Human Services in the Federal Register of drug products that have been withdrawn or removed from the market because such drug products or components of such drug products have been found to be unsafe or not effective;

(4) does not compound any drug products that are essentially copies of a commercially available drug product; and

(5) does not compound any drug product that has been identified pursuant to United States Code, title 21, section 353a, as a drug product that presents demonstrable difficulties for compounding that reasonably demonstrate an adverse effect on the safety or effectiveness of that drug product.

The term "essentially a copy of a commercially available drug product" does not include a drug product in which there is a change, made for an identified individual patient, that produces for that patient a significant difference, as determined by the prescribing practitioner, between the compounded drug and the comparable commercially available drug product.

Subd. 3. Exceptions. This section shall not apply to:

(1) compounded positron emission tomography drugs as defined in section 151.01, subdivision 38; or

(2) radiopharmaceuticals.

Sec. 10. Minnesota Statutes 2013 Supplement, section 151.252, is amended by adding a subdivision to read:

Subd. 1a. Outsourcing facility. (a) No person shall act as an outsourcing facility without first obtaining a license from the board and paying any applicable manufacturer licensing fee specified in section 151.065.

(b) Application for an outsourcing facility license under this section shall be made in a manner specified by the board and may differ from the application required of other drug manufacturers.

(c) No license shall be issued or renewed for an outsourcing facility unless the applicant agrees to operate in a manner prescribed for outsourcing facilities by federal and state law and according to Minnesota Rules.
(d) No license shall be issued or renewed for an outsourcing facility unless the applicant supplies the board with proof of such registration by the United States Food and Drug Administration as required by United States Code, title 21, section 353b.

(e) No license shall be issued or renewed for an outsourcing facility that is required to be licensed or registered by the state in which it is physically located unless the applicant supplies the board with proof of such licensure or registration. The board may establish, by rule, standards for the licensure of an outsourcing facility that is not required to be licensed or registered by the state in which it is physically located.

(f) The board shall require a separate license for each outsourcing facility located within the state and for each outsourcing facility located outside of the state at which drugs that are shipped into the state are prepared.

(g) The board shall not issue an initial or renewed license for an outsourcing facility unless the facility passes an inspection conducted by an authorized representative of the board. In the case of an outsourcing facility located outside of the state, the board may require the applicant to pay the cost of the inspection, in addition to the license fee in section 151.065, unless the applicant furnishes the board with a report, issued by the appropriate regulatory agency of the state in which the facility is located or by the United States Food and Drug Administration, of an inspection that has occurred within the 24 months immediately preceding receipt of the license application by the board. The board may deny licensure unless the applicant submits documentation satisfactory to the board that any deficiencies noted in an inspection report have been corrected.

Sec. 11. Minnesota Statutes 2012, section 151.26, is amended to read:

**151.26 EXCEPTIONS.**

Subdivision 1. *Generally.* Nothing in this chapter shall subject a person duly licensed in this state to practice medicine, dentistry, or veterinary medicine, to inspection by the State Board of Pharmacy, nor prevent the person from administering drugs, medicines, chemicals, or poisons in the person's practice, nor prevent a duly licensed practitioner from furnishing to a patient properly packaged and labeled drugs, medicines, chemicals, or poisons as may be considered appropriate in the treatment of such patient; unless the person is engaged in the dispensing, sale, or distribution of drugs and the board provides reasonable notice of an inspection.

Except for the provisions of section 151.37, nothing in this chapter applies to or interferes with the dispensing, in its original package and at no charge to the patient, of a legend drug, other than a controlled substance, that was packaged by a manufacturer and provided to the dispenser for dispensing as a professional sample. Samples of a controlled substance shall only be dispensed when one of the approved indications for the controlled substance is a seizure disorder and when the sample is prepared and distributed pursuant to Code of Federal Regulations, title 21, part 203, subpart D.

Nothing in this chapter shall prevent the sale of drugs, medicines, chemicals, or poisons at wholesale to licensed physicians, dentists and veterinarians for use in their practice, nor to hospitals for use therein.
Nothing in this chapter shall prevent the sale of drugs, chemicals, or poisons either at wholesale or retail for use for commercial purposes, or in the arts, nor interfere with the sale of insecticides, as defined in Minnesota Statutes 1974, section 24.069, and nothing in this chapter shall prevent the sale of common household preparations and other drugs, chemicals, and poisons sold exclusively for use for nonmedicinal purposes; provided that this exception does not apply to any compound, substance, or derivative that is not approved for human consumption by the United States Food and Drug Administration or specifically permitted for human consumption under Minnesota law, and, when introduced into the body, induces an effect similar to that of a Schedule I or Schedule II controlled substance listed in section 152.02, subdivisions 2 and 3, or Minnesota Rules, parts 6800.4210 and 6800.4220, regardless of whether the substance is marketed for the purpose of human consumption.

Nothing in this chapter shall apply to or interfere with the vending or retailing of any nonprescription medicine or drug not otherwise prohibited by statute which that is prepackaged, fully prepared by the manufacturer or producer for use by the consumer, and labeled in accordance with the requirements of the state or federal Food and Drug Act; nor to the manufacture, wholesaling, vending, or retailing of flavoring extracts, toilet articles, cosmetics, perfumes, spices, and other commonly used household articles of a chemical nature, for use for nonmedicinal purposes; provided that this exception does not apply to any compound, substance, or derivative that is not approved for human consumption by the United States Food and Drug Administration or specifically permitted for human consumption under Minnesota law, and, when introduced into the body, induces an effect similar to that of a Schedule I or Schedule II controlled substance listed in section 152.02, subdivisions 2 and 3, or Minnesota Rules, parts 6800.4210 and 6800.4220, regardless of whether the substance is marketed for the purpose of human consumption. Nothing in this chapter shall prevent the sale of drugs or medicines by licensed pharmacists at a discount to persons over 65 years of age.

Sec. 12. Minnesota Statutes 2012, section 151.361, subdivision 2, is amended to read:

Subd. 2. After January 1, 1983. (a) No legend drug in solid oral dosage form may be manufactured, packaged or distributed for sale in this state after January 1, 1983 unless it is clearly marked or imprinted with a symbol, number, company name, words, letters, national drug code or other mark uniquely identifiable to that drug product. An identifying mark or imprint made as required by federal law or by the federal Food and Drug Administration shall be deemed to be in compliance with this section.

(b) The Board of Pharmacy may grant exemptions from the requirements of this section on its own initiative or upon application of a manufacturer, packager, or distributor indicating size or other characteristics which that render the product impractical for the imprinting required by this section.

(c) The provisions of clauses (a) and (b) shall not apply to any of the following:

(1) Drugs purchased by a pharmacy, pharmacist, or licensed wholesaler prior to January 1, 1983, and held in stock for resale.

(2) Drugs which are manufactured by or upon the order of a practitioner licensed by law to prescribe or administer drugs and which are to be used solely by the patient for whom prescribed.
Sec. 13. Minnesota Statutes 2012, section 151.37, as amended by Laws 2013, chapter 43, section 30, Laws 2013, chapter 55, section 2, and Laws 2013, chapter 108, article 10, section 5, is amended to read:

151.37 LEGEND DRUGS, WHO MAY PRESCRIBE, POSSESS.

Subdivision 1. Prohibition. Except as otherwise provided in this chapter, it shall be unlawful for any person to have in possession, or to sell, give away, barter, exchange, or distribute a legend drug.

Subd. 2. Prescribing and filing. (a) A licensed practitioner in the course of professional practice only, may prescribe, administer, and dispense a legend drug, and may cause the same to be administered by a nurse, a physician assistant, or medical student or resident under the practitioner's direction and supervision, and may cause a person who is an appropriately certified, registered, or licensed health care professional to prescribe, dispense, and administer the same within the expressed legal scope of the person's practice as defined in Minnesota Statutes. A licensed practitioner may prescribe a legend drug, without reference to a specific patient, by directing a licensed dietitian or licensed nutritionist, pursuant to section 148.634; a nurse, pursuant to section 148.235, subdivisions 8 and 9; physician assistant; medical student or resident; or pharmacist according to section 151.01, subdivision 27, to adhere to a particular practice guideline or protocol when treating patients whose condition falls within such guideline or protocol, and when such guideline or protocol specifies the circumstances under which the legend drug is to be prescribed and administered. An individual who verbally, electronically, or otherwise transmits a written, oral, or electronic order, as an agent of a prescriber, shall not be deemed to have prescribed the legend drug. This paragraph applies to a physician assistant only if the physician assistant meets the requirements of section 147A.18.

(b) The commissioner of health, if a licensed practitioner, or a person designated by the commissioner who is a licensed practitioner, may prescribe a legend drug to an individual or by protocol for mass dispensing purposes where the commissioner finds that the conditions triggering section 144.4197 or 144.4198, subdivision 2, paragraph (b), exist. The commissioner, if a licensed practitioner, or a designated licensed practitioner, may prescribe, dispense, or administer a legend drug or other substance listed in subdivision 10 to control tuberculosis and other communicable diseases. The commissioner may modify state drug labeling requirements, and medical screening criteria and documentation, where time is critical and limited labeling and screening are most likely to ensure legend drugs reach the maximum number of persons in a timely fashion so as to reduce morbidity and mortality.

(c) A licensed practitioner that dispenses for profit a legend drug that is to be administered orally, is ordinarily dispensed by a pharmacist, and is not a vaccine, must file with the practitioner's licensing board a statement indicating that the practitioner dispenses legend drugs for profit, the general circumstances under which the practitioner dispenses for profit, and the types of legend drugs generally dispensed. It is unlawful to dispense legend drugs for profit after July 31, 1990, unless the statement has been filed with the appropriate licensing board. For purposes of this paragraph, "profit" means (1) any amount received by the practitioner in excess of the acquisition cost of a legend drug for legend drugs that are purchased in prepackaged form, or (2) any amount received by the practitioner in excess of the acquisition cost of a legend drug plus the cost of making the drug available if the legend drug requires compounding, packaging, or other treatment. The statement filed under this paragraph is public data under section 13.03. This paragraph does not apply to a
licensed doctor of veterinary medicine or a registered pharmacist. Any person other than a licensed practitioner with the authority to prescribe, dispense, and administer a legend drug under paragraph (a) shall not dispense for profit. To dispense for profit does not include dispensing by a community health clinic when the profit from dispensing is used to meet operating expenses.

(d) A prescription or drug order for the following drugs is not valid, unless it can be established that the prescription or drug order was based on a documented patient evaluation, including an examination, adequate to establish a diagnosis and identify underlying conditions and contraindications to treatment:

(1) controlled substance drugs listed in section 152.02, subdivisions 3 to 5;

(2) drugs defined by the Board of Pharmacy as controlled substances under section 152.02, subdivisions 7, 8, and 12;

(3) muscle relaxants;

(4) centrally acting analgesics with opioid activity;

(5) drugs containing butalbital; or

(6) phosphodiesterase type 5 inhibitors when used to treat erectile dysfunction.

(e) For the purposes of paragraph (d), the requirement for an examination shall be met if an in-person examination has been completed in any of the following circumstances:

(1) the prescribing practitioner examines the patient at the time the prescription or drug order is issued;

(2) the prescribing practitioner has performed a prior examination of the patient;

(3) another prescribing practitioner practicing within the same group or clinic as the prescribing practitioner has examined the patient;

(4) a consulting practitioner to whom the prescribing practitioner has referred the patient has examined the patient; or

(5) the referring practitioner has performed an examination in the case of a consultant practitioner issuing a prescription or drug order when providing services by means of telemedicine.

(f) Nothing in paragraph (d) or (e) prohibits a licensed practitioner from prescribing a drug through the use of a guideline or protocol pursuant to paragraph (a).

(g) Nothing in this chapter prohibits a licensed practitioner from issuing a prescription or dispensing a legend drug in accordance with the Expedited Partner Therapy in the Management of Sexually Transmitted Diseases guidance document issued by the United States Centers for Disease Control.

(h) Nothing in paragraph (d) or (e) limits prescription, administration, or dispensing of legend drugs through a public health clinic or other distribution mechanism approved by the commissioner of health or a board of health in order to prevent, mitigate, or treat a pandemic illness, infectious disease outbreak, or intentional or accidental release of a biological, chemical, or radiological agent.
(i) No pharmacist employed by, under contract to, or working for a pharmacy licensed under section 151.19, subdivision 1, may dispense a legend drug based on a prescription that the pharmacist knows, or would reasonably be expected to know, is not valid under paragraph (d).

(j) No pharmacist employed by, under contract to, or working for a pharmacy licensed under section 151.19, subdivision 2, may dispense a legend drug to a resident of this state based on a prescription that the pharmacist knows, or would reasonably be expected to know, is not valid under paragraph (d).

(k) Nothing in this chapter prohibits the commissioner of health, if a licensed practitioner, or, if not a licensed practitioner, a designee of the commissioner who is a licensed practitioner, from prescribing legend drugs for field-delivered therapy in the treatment of a communicable disease according to the Centers For Disease Control and Prevention Partner Services Guidelines.

Subd. 2a. Delegation. A supervising physician may delegate to a physician assistant who is registered with the Board of Medical Practice and certified by the National Commission on Certification of Physician Assistants and who is under the supervising physician's supervision, the authority to prescribe, dispense, and administer legend drugs and medical devices, subject to the requirements in chapter 147A and other requirements established by the Board of Medical Practice in rules.

Subd. 3. Veterinarians. A licensed doctor of veterinary medicine, in the course of professional practice only and not for use by a human being, may personally prescribe, administer, and dispense a legend drug, and may cause the same to be administered or dispensed by an assistant under the doctor's direction and supervision.

Subd. 4. Research. (a) Any qualified person may use legend drugs in the course of a bona fide research project, but cannot administer or dispense such drugs to human beings unless such drugs are prescribed, dispensed, and administered by a person lawfully authorized to do so.

(b) Drugs may be dispensed or distributed by a pharmacy licensed by the board for use by, or administration to, patients enrolled in a bona fide research study that is being conducted pursuant to either an investigational new drug application approved by the United States Food and Drug Administration or that has been approved by an institutional review board. For the purposes of this subdivision only:

(1) a prescription drug order is not required for a pharmacy to dispense a research drug, unless the study protocol requires the pharmacy to receive such an order;

(2) notwithstanding the prescription labeling requirements found in this chapter or the rules promulgated by the board, a research drug may be labeled as required by the study protocol; and

(3) dispensing and distribution of research drugs by pharmacies shall not be considered compounding, manufacturing, or wholesaling under this chapter; and

(4) a pharmacy may compound drugs for research studies as provided in this subdivision but must follow applicable standards established by United States Pharmacopeia, chapter 795 or 797, for nonsterile and sterile compounding, respectively.

(c) An entity that is under contract to a federal agency for the purpose of distributing drugs for bona fide research studies is exempt from the drug wholesaler licensing requirements of this chapter. Any other entity is exempt from the drug wholesaler licensing requirements of this chapter if the
board finds that the entity is licensed or registered according to the laws of the state in which it is physically located and it is distributing drugs for use by, or administration to, patients enrolled in a bona fide research study that is being conducted pursuant to either an investigational new drug application approved by the United States Food and Drug Administration or that has been approved by an institutional review board.

Subd. 5. **Exclusion for course of practice.** Nothing in this chapter shall prohibit the sale to, or the possession of, a legend drug by licensed drug wholesalers, licensed manufacturers, registered pharmacies, local detoxification centers, licensed hospitals, bona fide hospitals wherein animals are treated, or licensed pharmacists and licensed practitioners while acting within the course of their practice only.

Subd. 6. **Exclusion for course of employment.** (a) Nothing in this chapter shall prohibit the possession of a legend drug by an employee, agent, or sales representative of a registered drug manufacturer, or an employee or agent of a registered drug wholesaler, or registered pharmacy, while acting in the course of employment.

(b) Nothing in this chapter shall prohibit the following entities from possessing a legend drug for the purpose of disposing of the legend drug as pharmaceutical waste:

1. a law enforcement officer;
2. a hazardous waste transporter licensed by the Department of Transportation;
3. a facility permitted by the Pollution Control Agency to treat, store, or dispose of hazardous waste, including household hazardous waste;
4. a facility licensed by the Pollution Control Agency or a metropolitan county as a very small quantity generator collection program or a minimal generator;
5. a county that collects, stores, transports, or disposes of a legend drug pursuant to a program in compliance with applicable federal law or a person authorized by the county to conduct one or more of these activities; or
6. a sanitary district organized under chapter 115, or a special law.

Subd. 7. **Exclusion for prescriptions.** (a) Nothing in this chapter shall prohibit the possession of a legend drug by a person for that person's use when it has been dispensed to the person in accordance with a valid prescription issued by a practitioner.

(b) Nothing in this chapter shall prohibit a person, for whom a legend drug has been dispensed in accordance with a written or oral prescription by a practitioner, from designating a family member, caregiver, or other individual to handle the legend drug for the purpose of assisting the person in obtaining or administering the drug or sending the drug for destruction.

(c) Nothing in this chapter shall prohibit a person for whom a prescription drug has been dispensed in accordance with a valid prescription issued by a practitioner from transferring the legend drug to a county that collects, stores, transports, or disposes of a legend drug pursuant to a program in compliance with applicable federal law or to a person authorized by the county to conduct one or more of these activities.

Subd. 8. **Misrepresentation.** It is unlawful for a person to procure, attempt to procure, possess, or control a legend drug by any of the following means:
(1) deceit, misrepresentation, or subterfuge;

(2) using a false name; or

(3) falsely assuming the title of, or falsely representing a person to be a manufacturer, wholesaler, pharmacist, practitioner, or other authorized person for the purpose of obtaining a legend drug.

Subd. 9. **Exclusion for course of laboratory employment.** Nothing in this chapter shall prohibit the possession of a legend drug by an employee or agent of a registered analytical laboratory while acting in the course of laboratory employment.

Subd. 10. **Purchase of drugs and other agents by commissioner of health.** The commissioner of health, in preparation for and in carrying out the duties of sections 144.05, 144.4197, and 144.4198, may purchase, store, and distribute antituberculosis drugs, biologics, vaccines, antitoxins, sera, immunizing agents, antibiotics, antivirals, antidotes, other pharmaceutical agents, and medical supplies to treat and prevent communicable disease.

Subd. 10a. **Emergency use authorizations.** Nothing in this chapter shall prohibit the purchase, possession, or use of a legend drug by an entity acting according to an emergency use authorization issued by the United States Food and Drug Administration pursuant to United States Code, title 21, section 360bbb-3. The entity must be specifically tasked in a public health response plan to perform critical functions necessary to support the response to a public health incident or event.

Subd. 11. **Complaint reporting Exclusion for health care educational programs.** The Board of Pharmacy shall report on a quarterly basis to the Board of Optometry any complaints received regarding the prescription or administration of legend drugs under section 148.576. Nothing in this section shall prohibit an accredited public or private postsecondary school from possessing a legend drug that is not a controlled substance listed in section 152.02, provided that:

(1) the school is approved by the United States secretary of education in accordance with requirements of the Higher Education Act of 1965, as amended;

(2) the school provides a course of instruction that prepares individuals for employment in a health care occupation or profession;

(3) the school may only possess those drugs necessary for the instruction of such individuals; and

(4) the drugs may only be used in the course of providing such instruction and are labeled by the purchaser to indicate that they are not to be administered to patients.

Those areas of the school in which legend drugs are stored are subject to section 151.06, subdivision 1, paragraph (a), clause (4).

Sec. 14. Minnesota Statutes 2012, section 151.44, is amended to read:

**151.44 DEFINITIONS.**

As used in sections 151.43 to 151.51, the following terms have the meanings given in paragraphs (a) to (h):

Sec. 15. Minnesota Statutes 2012, section 151.58, subdivision 2, is amended to read:

Subd. 2. Definitions. For purposes of this section only, the terms defined in this subdivision have the meanings given.

(a) "Automated drug distribution system" or "system" means a mechanical system approved by the board that performs operations or activities, other than compounding or administration, related to the storage, packaging, or dispensing of drugs, and collects, controls, and maintains all required transaction information and records.

(b) "Health care facility" means a nursing home licensed under section 144A.02; a housing with services establishment registered under section 144D.01, subdivision 4, in which a home provider licensed under chapter 144A is providing centralized storage of medications; or a community behavioral health hospital or Minnesota sex offender program facility operated by the Department of Human Services.

(c) "Managing pharmacy" means a pharmacy licensed by the board that controls and is responsible for the operation of an automated drug distribution system.

Sec. 16. Minnesota Statutes 2012, section 151.58, subdivision 3, is amended to read:

Subd. 3. Authorization. A pharmacy may use an automated drug distribution system to fill prescription drug orders for patients of a health care facility provided that the policies and procedures required by this section have been approved by the board. The automated drug distribution system may be located in a health care facility that is not at the same location as the managing pharmacy. When located within a health care facility, the system is considered to be an extension of the managing pharmacy.

Sec. 17. Minnesota Statutes 2012, section 151.58, subdivision 5, is amended to read:

Subd. 5. Operation of automated drug distribution systems. (a) The managing pharmacy and the pharmacist in charge are responsible for the operation of an automated drug distribution system.

(b) Access to an automated drug distribution system must be limited to pharmacy and nonpharmacy personnel authorized to procure drugs from the system, except that field service technicians may access a system located in a health care facility for the purposes of servicing and maintaining it while being monitored either by the managing pharmacy, or a licensed nurse within the health care facility. In the case of an automated drug distribution system that is not physically located within a licensed pharmacy, access for the purpose of procuring drugs shall be limited to licensed nurses. Each person authorized to access the system must be assigned an individual specific access code. Alternatively, access to the system may be controlled through the use of biometric identification procedures. A policy specifying time access parameters, including time-outs, logoffs, and lockouts, must be in place.

(c) For the purposes of this section only, the requirements of section 151.215 are met if the following clauses are met:

(1) a pharmacist employed by and working at the managing pharmacy, or at a pharmacy that is acting as a central services pharmacy for the managing pharmacy, pursuant to Minnesota Rules, part 6800.4075, must review, interpret, and approve all prescription drug orders before any drug is distributed from the system to be administered to a patient. A pharmacy technician may perform data entry of prescription drug orders provided that a pharmacist certifies the accuracy of the data
entry before the drug can be released from the automated drug distribution system. A pharmacist employed by and working at the managing pharmacy must certify the accuracy of the filling of any cassettes, canisters, or other containers that contain drugs that will be loaded into the automated drug distribution system; and

(2) when the automated drug dispensing system is located and used within the managing pharmacy, a pharmacist must personally supervise and take responsibility for all packaging and labeling associated with the use of an automated drug distribution system.

(d) Access to drugs when a pharmacist has not reviewed and approved the prescription drug order is permitted only when a formal and written decision to allow such access is issued by the pharmacy and the therapeutics committee or its equivalent. The committee must specify the patient care circumstances in which such access is allowed, the drugs that can be accessed, and the staff that are allowed to access the drugs.

(e) In the case of an automated drug distribution system that does not utilize bar coding in the loading process, the loading of a system located in a health care facility may be performed by a pharmacy technician, so long as the activity is continuously supervised, through a two-way audiovisual system by a pharmacist on duty within the managing pharmacy. In the case of an automated drug distribution system that utilizes bar coding in the loading process, the loading of a system located in a health care facility may be performed by a pharmacy technician or a licensed nurse, provided that the managing pharmacy retains an electronic record of loading activities.

(f) The automated drug distribution system must be under the supervision of a pharmacist. The pharmacist is not required to be physically present at the site of the automated drug distribution system if the system is continuously monitored electronically by the managing pharmacy. A pharmacist on duty within a pharmacy licensed by the board must be continuously available to address any problems detected by the monitoring or to answer questions from the staff of the health care facility. The licensed pharmacy may be the managing pharmacy or a pharmacy which is acting as a central services pharmacy, pursuant to Minnesota Rules, part 6800.4075, for the managing pharmacy.

Subd. 5. **Electronic drug prior authorization standardization and transmission.** (a) The commissioner of health, in consultation with the Minnesota e-Health Advisory Committee and the Minnesota Administrative Uniformity Committee, shall, by February 15, 2010, identify an
outline on how best to standardize drug prior authorization request transactions between providers and group purchasers with the goal of maximizing administrative simplification and efficiency in preparation for electronic transmissions.

(b) By January 1, 2014, the Minnesota Administrative Uniformity Committee shall develop the standard companion guide by which providers and group purchasers will exchange standard drug authorization requests using electronic data interchange standards, if available, with the goal of alignment with standards that are or will potentially be used nationally.

(c) No later than January 1, 2016, drug prior authorization requests must be accessible and submitted by health care providers, and accepted by group purchasers, electronically through secure electronic transmissions. Facsimile shall not be considered electronic transmission.

Sec. 2. [144.1212] NOTICE TO PATIENT; MAMMOGRAM RESULTS.

Subdivision 1. Definition. For purposes of this section, "facility" has the meaning provided in United States Code, title 42, section 263b(a)(3)(A).

Subd. 2. Required notice. A facility at which a mammography examination is performed shall, if a patient is categorized by the facility as having heterogeneously dense breasts or extremely dense breasts based on the Breast Imaging Reporting and Data System established by the American College of Radiology, include in the summary of the written report that is sent to the patient, as required by the federal Mammography Quality Standards Act, United States Code, title 42, section 263b, notice that the patient has dense breast tissue, that this may make it more difficult to detect cancer on a mammogram, and that it may increase her risk of breast cancer. The following language may be used:

"Your mammogram shows that your breast tissue is dense. Dense breast tissue is relatively common and is found in more than 40 percent of women. However, dense breast tissue may make it more difficult to identify precancerous lesions or cancer through a mammogram and may also be associated with an increased risk of breast cancer. This information about the results of your mammogram is given to you to raise your own awareness and to help inform your conversations with your treating clinician who has received a report of your mammogram results. Together you can decide which screening options are right for you based on your mammogram results, individual risk factors, or physical examination."

Sec. 3. Minnesota Statutes 2013 Supplement, section 144.1225, subdivision 2, is amended to read:

(v) standards for initial and ongoing quality control using clinical image review and quantitative testing.

(b) Any facility that performs advanced diagnostic imaging services and is eligible to receive reimbursement for such services from any source in paragraph (a), clause (1), must obtain licensure pursuant to sections 144.50 to 144.56 or accreditation pursuant to paragraph (a) by August 1, 2013. Thereafter, all facilities that provide advanced diagnostic imaging services in the state must obtain licensure or accreditation prior to within six months of commencing operations and must, at all times, maintain either licensure pursuant to sections 144.50 to 144.56 or accreditation with an accrediting organization as provided in paragraph (a).

in writing and recommend specific actions that the community health board should take over the following 12 months to maintain eligibility for the local public health grant:

(d) During the 12 months following the written notification, the commissioner shall provide administrative and program support to assist the community health board in taking the actions recommended in the written notification:

(g) The commissioner may retain the amount of funding that would have been allocated to the community health board and assume responsibility for public health activities in the geographic area served by the community health board.

Subd. 4. Responsibility of commissioner to ensure a statewide public health system. If a county withdraws from a community health board and operates as a board of health or if a community health board elects not to accept the local public health grant, the commissioner may retain the amount of funding that would have been allocated to the community health board using the formula described in subdivision 4 and assume responsibility for public health activities to meet the statewide outcomes in the geographic area served by the board of health or community health board. The commissioner may elect to directly provide public health activities to meet the statewide outcomes or contract with other units of government or with community-based organizations. If a city that is currently a community health board withdraws from a community health board or elects not to accept the local public health grant, the local public health grant funds that would have been allocated to that city shall be distributed to the county in which the city is located, if the county is part of a community health board.

Subd. 1e. **Rules regarding emergency assistance.** The commissioner shall adopt rules under the terms of sections 256D.01 to 256D.21 for general assistance, to require use of the emergency program under MFIP as the primary financial resource when available. The commissioner shall adopt rules for eligibility for general assistance of persons with seasonal income and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient. General assistance payments may not be made for foster care, community residential settings...

Sec. 13. Minnesota Statutes 2013 Supplement, section 256D.44, subdivision 5, is amended to read:

Subd. 5. Special needs. In addition to the state standards of assistance established in subdivisions 1 to 4, payments are allowed for the following special needs of recipients of Minnesota supplemental aid who are not residents of a nursing home, a regional treatment center, or a group residential housing facility.

(a) The county agency shall pay a monthly allowance for medically prescribed diets if the cost of those additional dietary needs cannot be met through some other maintenance benefit. The need for special diets or dietary items must be prescribed by a licensed physician. Costs for special diets shall be determined as percentages of the allotment for a one-person household under the thrifty food plan as defined by the United States Department of Agriculture. The types of diets and the percentages of the thrifty food plan that are covered are as follows:

1. high protein diet, at least 80 grams daily, 25 percent of thrifty food plan;
2. controlled protein diet, 40 to 60 grams and requires special products, 100 percent of thrifty food plan;
3. controlled protein diet, less than 40 grams and requires special products, 125 percent of thrifty food plan;
4. low cholesterol diet, 25 percent of thrifty food plan;
5. high residue diet, 20 percent of thrifty food plan;
6. pregnancy and lactation diet, 35 percent of thrifty food plan;
7. gluten-free diet, 25 percent of thrifty food plan;

10. hypoglycemic diet, 15 percent of thrifty food plan; or
11. ketogenic diet, 25 percent of thrifty food plan.

(b) Payment for nonrecurring special needs must be allowed for necessary home repairs or necessary repairs or replacement of household furniture and appliances using the payment standard of the AFDC program in effect on July 16, 1996, for these expenses, as long as other funding sources are not available.

(c) A fee for guardian or conservator service is allowed at a reasonable rate negotiated by the county or approved by the court. This rate shall not exceed five percent of the assistance unit's gross monthly income up to a maximum of $100 per month. If the guardian or conservator is a member of the county agency staff, no fee is allowed.

(d) The county agency shall continue to pay a monthly allowance of $68 for restaurant meals for a person who was receiving a restaurant meal allowance on June 1, 1990, and who eats two or more meals in a restaurant daily. The allowance must continue until the person has not received Minnesota
supplemental aid for one full calendar month or until the person's living arrangement changes and the person no longer meets the criteria for the restaurant meal allowance, whichever occurs first.

(e) A fee of ten percent of the recipient's gross income or $25, whichever is less, is allowed for representative payee services provided by an agency that meets the requirements under SSI regulations to charge a fee for representative payee services. This special need is available to all recipients of Minnesota supplemental aid regardless of their living arrangement.

(f)(1) Notwithstanding the language in this subdivision, an amount equal to the maximum allotment authorized by the federal Food Stamp Program for a single individual which is in effect on the first day of July of each year will be added to the standards of assistance established in subdivisions 1 to 4 for adults under the age of 65 who qualify as shelter needy and are: (i) relocating from an institution, or an adult mental health residential treatment program under section 256B.0622; (ii) eligible for the self-directed supports option as defined under section 256B.0657, subdivision 2; or (iii) home and community-based waiver recipients living in their own home or rented or leased apartment which is not owned, operated, or controlled by a provider of service not related by blood or marriage, unless allowed under paragraph (g).

(2) Notwithstanding subdivision 3, paragraph (c), an individual eligible for the shelter needy benefit under this paragraph is considered a household of one. An eligible individual who receives this benefit prior to age 65 may continue to receive the benefit after the age of 65.

(3) "Shelter needy" means that the assistance unit incurs monthly shelter costs that exceed 40 percent of the assistance unit's gross income before the application of this special needs standard. "Gross income" for the purposes of this section is the applicant's or recipient's income as defined in section 256D.35, subdivision 10, or the standard specified in subdivision 3, paragraph (a) or (b), whichever is greater. A recipient of a federal or state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be considered shelter needy for purposes of this paragraph.

(g) Notwithstanding this subdivision, to access housing and services as provided in paragraph (f), the recipient may choose housing that may be owned, operated, or controlled by the recipient's service provider. In a multifamily building of more than four units, the maximum number of units that may be used by recipients of this program shall be the greater of four units or 25 percent of the units in the building, unless required by the Housing Opportunities for Persons with AIDS Program. In multifamily buildings of four or fewer units, all of the units may be used by recipients of this program. When housing is controlled by the service provider, the individual may choose the individual's own service provider as provided in section 256B.49, subdivision 23, clause (3). When the housing is controlled by the service provider, the service provider shall implement a plan with the recipient to transition the lease to the recipient's name. Within two years of signing the initial lease, the service provider shall transfer the lease entered into under this subdivision to the recipient. In the event the landlord denies this transfer, the commissioner may approve an exception within sufficient time to ensure the continued occupancy by the recipient. This paragraph expires June 30, 2016.

Sec. 14. Minnesota Statutes 2012, section 256G.02, subdivision 6, is amended to read:

c The commissioner may revoke the enrollment of an ordering or rendering provider for a period of not more than one year, if the provider fails to maintain and, upon request from the commissioner, provide access to documentation relating to written orders or requests for payment for durable medical equipment, certifications for home health services, or referrals for other items or services written or ordered by such provider, when the commissioner has identified a pattern of a lack of documentation. A pattern means a failure to maintain documentation or provide access to documentation on more than one occasion. Nothing in this paragraph limits the authority of the commissioner to sanction a provider under the provisions of section 256B.064.

d The commissioner shall terminate or deny the enrollment of any individual or entity if the individual or entity has been terminated from participation in Medicare or under the Medicaid program or Children's Health Insurance Program of any other state.

f As a condition of enrollment in medical assistance, the commissioner shall require that a high-risk provider, or a person with a direct or indirect ownership interest in the provider of five percent or higher, consent to criminal background checks, including fingerprinting, when required to do so under state law or by a determination by the commissioner or the Centers for Medicare and Medicaid Services that a provider is designated high-risk for fraud, waste, or abuse.

For purposes of this clause, the following medical suppliers are
not required to obtain a surety bond: a federally qualified health center, a home health agency, the Indian Health Service, a pharmacy, and a rural health clinic.

(2) At the time of initial enrollment or reenrollment, the provider agency durable medical equipment providers and suppliers defined in clause (3) must purchase a performance surety bond of $50,000. If a revalidating provider's Medicaid revenue in the previous calendar year is up to and including $300,000, the provider agency must purchase a performance surety bond of $50,000. If a revalidating provider's Medicaid revenue in the previous calendar year is over $300,000, the provider agency must purchase a performance surety bond of $100,000. The performance surety bond must allow for recovery of costs and fees in pursuing a claim on the bond.

(3) "Durable medical equipment provider or supplier" means a medical supplier that can purchase medical equipment or supplies for sale or rental to the general public and is able to perform or arrange for necessary repairs to and maintenance of equipment offered for sale or rental.

(h) The Department of Human Services may require a provider to purchase a performance surety bond as a condition of initial enrollment, reenrollment, reinstatement, or continued enrollment if: (1) the provider fails to demonstrate financial viability, (2) the department determines there is significant evidence of or potential for fraud and abuse by the provider, or (3) the provider or category of providers is designated high-risk pursuant to paragraph (a) and as per Code of Federal Regulations, title 42, section 455.450. The performance surety bond must be in an amount of $100,000 or ten percent of the provider's payments from Medicaid during the immediately preceding 12 months, whichever is greater. The performance surety bond must name the Department of Human Services as an obligee and must allow for recovery of costs and fees in pursuing a claim on the bond. This paragraph does not apply if the provider currently maintains a surety bond under the requirements in section 256B.0659 or 256B.85.

(a) For purposes of MFIP employment services, assessment is a continuing process of gathering information related to employability for the purpose of identifying both participant's strengths and strategies for coping with issues that interfere with employment. The job counselor must use information from the assessment process to develop and update the employment plan under subdivision 2 or 3, as appropriate, to determine whether the participant qualifies for a family violence waiver including an employment plan under subdivision 3, and to determine whether the participant should be referred to family stabilization services under section 256J.575.

(b) The scope of assessment must cover at least the following areas:

(1) basic information about the participant's ability to obtain and retain employment, including: a review of the participant's education level; interests, skills, and abilities; prior employment or work experience; transferable work skills; child care and transportation needs;

Screening tools for mental and chemical health and special learning needs must be approved by the commissioner and may only be administered by job counselors or county staff trained in using such screening tools. The commissioner shall work with county agencies to develop protocols for referrals and follow-up actions after screens are administered to participants, including guidance on how employment plans may be modified based upon outcomes of certain screens. Participants must be told of the purpose of the screens and how the information will be used to assist the participant in identifying and overcoming barriers to employment. Screening for mental and chemical health and special learning needs must be completed by participants who are unable to find suitable employment after six weeks of job search under subdivision 2, paragraph (b), and participants who are determined to have barriers to employment under subdivision 2, paragraph (d) three months after development of the initial employment plan or earlier if there is a documented need. Failure to complete the screens will result in sanction under section 256J.46; and

(4) a comprehensive review of participation and progress for participants who have received MFIP assistance and have not worked in unsubsidized employment during the past 12 months. The purpose of the review is to determine the need for additional services and supports, including
placement in subsidized employment or unpaid work experience under section 256J.49, subdivision 13, or referral to family stabilization services under section 256J.575.

(c) Information gathered during a caregiver's participation in the diversionary work program under section 256J.95 must be incorporated into the assessment process.

(a) Based on the assessment under subdivision 1, the job counselor and the participant must develop an employment plan that includes participation in activities and hours that meet the requirements of section 256J.55, subdivision 1. The purpose of the employment plan is to identify for each participant the most direct path to unsubsidized employment and any subsequent steps that support long-term economic stability. The employment plan should be developed using the highest level of activity appropriate for the participant. Activities must be chosen from clauses (1) to (6), which are listed in order of preference. Notwithstanding this order of preference for activities, priority must be given for activities related to a family violence waiver when developing the employment plan. The employment plan must also list the specific steps the participant will take to obtain employment, including steps necessary for the participant to progress from one level of activity to another, and a timetable for completion of each step. Levels of activity include:

(1) unsubsidized employment;

(2) job search;

(3) subsidized employment or unpaid work experience;

(4) unsubsidized employment and job readiness education or job skills training;

The remaining hours necessary to meet the requirements of section 256J.55, subdivision 1, may be met through participation in other work activities under section 256J.49, subdivision 13. The participant's employment plan must specify, at a minimum: (1) whether the job search is supervised or unsupervised on site or self-directed; (2) support services that will be provided; and (3) how
frequently the participant must report to the job counselor. Participants who are unable to find suitable employment after six weeks three months must meet with the job counselor to determine whether other activities in paragraph (a) should be incorporated into the employment plan. Job search activities which are continued after six weeks three months must be structured and supervised.

(c) Participants who are determined to have barriers to obtaining or maintaining suitable employment that will not be overcome during six weeks three months of job search under paragraph (b) must work with the job counselor to develop an employment plan that addresses those barriers by incorporating appropriate activities from paragraph (a), clauses (1) to (6). The employment plan must include enough hours to meet the participation requirements in section 256J.55, subdivision 1, unless a compelling reason to require fewer hours is noted in the participant's file.

(d) The job counselor and the participant must sign the employment plan to indicate agreement on the contents.

(e) Except as provided under paragraph (f), failure to develop or comply with activities in the plan, or voluntarily quitting suitable employment without good cause, will result in the imposition of a sanction under section 256J.46.

(f) When a participant fails to meet the agreed-upon hours of participation in paid employment because the participant is not eligible for holiday pay and the participant's place of employment is closed for a holiday, the job counselor shall not impose a sanction or increase the hours of participation in any other activity, including paid employment, to offset the hours that were missed due to the holiday.

(g) Employment plans must be reviewed at least every three months to determine whether activities and hourly requirements should be revised. The job counselor is encouraged to allow participants who are participating in at least 20 hours of work activities to also participate in education and training activities in order to meet the federal hourly participation rates.

Sec. 21. Minnesota Statutes 2012, section 256J.53, subdivision 2, is amended to read:

Subd. 2. Approval of postsecondary education or training. (a) In order for a postsecondary education or training program to be an approved activity in an employment plan, the plan must include additional work activities if the education and training activities do not meet the minimum hours required to meet the federal work participation rate under Code of Federal Regulations, title 45, sections 261.31 and 261.35.

(b) Participants seeking approval of a postsecondary education or training plan must provide documentation work with the job counselor to document that:

(1) the employment goal can only be met with the additional education or training;

(2) there are suitable employment opportunities that require the specific education or training in the area in which the participant resides or is willing to reside;

(3) the education or training will result in significantly higher wages for the participant than the participant could earn without the education or training;

(4) the participant can meet the requirements for admission into the program; and
(5) there is a reasonable expectation that the participant will complete the training program based on such factors as the participant's MFIP assessment, previous education, training, and work history; current motivation; and changes in previous circumstances.

Sec. 22. Minnesota Statutes 2012, section 256J.53, subdivision 5, is amended to read:

Subd. 5. Requirements after postsecondary education or training. Upon completion of an approved education or training program, a participant who does not meet the participation requirements in section 256J.55, subdivision 1, through unsubsidized employment must participate in job search. If, after six weeks three months of job search, the participant does not find a full-time job consistent with the employment goal, the participant must accept any offer of full-time suitable employment, or meet with the job counselor to revise the employment plan to include additional work activities necessary to meet hourly requirements.
