REPORTS OF COMMITTEES

Senator Marty from the Committee on Environment and Energy, to which was referred

S.F. No. 3576: A bill for an act relating to waters; appropriating money for water supply sustainability study and augmentation design; providing project protections for the city of Vadnais Heights.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. **APPROPRIATION; WATER SUPPLY SUSTAINABILITY STUDY.**

(a) \$1,780,000 is appropriated in fiscal year 2017 from the general fund to the commissioner of natural resources.

(b) Of this amount:

(1) \$1,500,000 is for a study to evaluate long-term water supply sustainability in the north and east metro, identify options to address any challenges identified to the north and east metro's long-term water supply sustainability, and assess the feasibility and costs of those options. The study must consider available information concerning interactions between the region's surface water and groundwater systems, including White Bear Lake. The commissioner must conduct this study in consultation and coordination with affected communities, the Metropolitan Council and other state and regional agencies, water utilities, watershed districts, counties, industrial water permit holders, and other entities with a demonstrated interest in the water supply challenges facing the north and east metro. The commissioner must complete a report summarizing study findings regarding long-term water supply sustainability challenges in the north and east metro and the feasibility of various options for addressing those challenges. Efficient water use and water reuse options must be included in the report. The commissioner's report must consider sufficient detail regarding preliminary design considerations, including supply source, treatment, distribution, operation, and financing, of all feasible options evaluated. The report must be provided no later than January 15, 2018, to the chairs and ranking minority members of the house of representatives and senate committees and divisions with jurisdiction over environment and natural resources finance and policy and the clean water fund. No detailed design may be undertaken by the commissioner without legislative approval. A copy of the draft report will be provided to all affected local agencies for review and comment prior to finalization and presentation by the commissioner to the legislature. The appropriation in this clause is available until June 30, 2018; and

(2) \$280,000 is for water quality monitoring, modeling, and data analysis to establish baseline water quality conditions and to assess the water quality impacts and other potential ecological effects of augmenting White Bear Lake with water from Vadnais Lake on both White Bear Lake and Vadnais Lake. The appropriation in this clause is available until June 30, 2018."

Delete the title and insert:

"A bill for an act relating to waters; appropriating money for water supply sustainability study."

And when so amended the bill do pass and be re-referred to the Committee on Capital Investment.

Pursuant to Joint Rule 2.03, the bill was referred to the Committee on Rules and Administration.

SPECIAL ORDER

S.F. No. 498: A bill for an act relating to data practices; classifying portable recording system data; establishing requirements for the destruction of data; requiring policies; imposing requirements on vendors and providing for damage awards; amending Minnesota Statutes 2014, section 13.82, subdivision 15, by adding subdivisions.

Senator Nelson moved to amend S.F. No. 498 as follows:

Page 4, line 4, after the period, insert "In developing and adopting the policy, the law enforcement agency must provide for public comment and input."

The motion prevailed. So the amendment was adopted.

Senator Limmer moved to amend S.F. No. 498 as follows:

Page 4, delete lines 1 to 12

Page 4, delete section 4 and insert:

"Sec. 4. [626.8473] PORTABLE RECORDING SYSTEMS ADOPTION; WRITTEN POLICY REQUIRED.

Subdivision 1. **Definition.** As used in this section, "portable recording system" means a device described in section 13.82, subdivision 32.

Subd. 2. **Public comment; approval of local governing body required.** (a) A local law enforcement agency may not purchase or implement a portable recording system unless the governing body with jurisdiction over the law enforcement agency has approved:

(1) purchase and implementation of the system; and

(2) the written policy required under subdivision 3.

(b) A vote to approve use of a portable recording system and the written policy required by subdivision 3 must occur at a regularly scheduled meeting of the governing body, following an opportunity for public comment. Notice of the meeting must be posted at least 30 days prior to the date of the meeting.

Subd. 3. **Written policies and procedures required.** (a) The chief officer of every state and local law enforcement agency that uses or proposes to use a portable recording system must establish and enforce a written policy governing its use, subject to the approval requirements in subdivision 2. Use of a portable recording system without adoption of a written policy meeting the requirements of this subdivision is prohibited. The written policy must be posted on the agency's Web site.

(b) At a minimum, the written policy must incorporate the following:

(1) the requirements of section 13.82, subdivision 32, and other data classifications, access procedures, retention policies, and data security safeguards that, at a minimum, meet the requirements of chapter 13 and other applicable law;

(2) procedures for testing the portable recording system to ensure adequate functioning;

(3) procedures to address a system malfunction or failure, including requirements for documentation by the officer using the system at the time of a malfunction or failure;

(4) circumstances under which recording is mandatory, prohibited, or at the discretion of the officer using the system;

(5) circumstances under which the consent of a data subject is required prior to recording;

(6) circumstances under which a data subject must be given notice of a recording;

(7) circumstances under which a recording may be ended while an investigation, response, or incident is ongoing;

(8) procedures for the secure storage of portable recording system data and the creation of backup copies of the data;

(9) procedures to ensure compliance and address violations of the policy, which must include, at a minimum, supervisory or internal audits and reviews, and the employee discipline standards for unauthorized access to data contained in section 13.09; and

(10) if applicable, any other standards for use contained in a uniform policy adopted by the Minnesota Chiefs of Police Association or the Minnesota Sheriffs' Association.

EFFECTIVE DATE. This section is effective August 1, 2016, provided that a law enforcement agency using a portable recording system on that date must secure the governing body's approval of the system and the policy required under this section, no later than January 15, 2017."

Amend the title accordingly

The motion prevailed. So the amendment was adopted.

Senator Benson moved to amend S.F. No. 498 as follows:

Page 2, after line 34, insert:

"(e) A property owner or other person with authority to consent to searches of a place may consent to the use of a portable recording system in that place. If consent is not given and a warrant or exigent circumstances do not exist, a portable recording system must not be used in a private dwelling, hospital or other medical facility, or other place where individuals have a reasonable expectation of privacy."

Reletter the paragraphs in sequence

The motion did not prevail. So the amendment was not adopted.

Senator Limmer moved to amend S.F. No. 498 as follows:

Page 4, after line 12, insert:

"(l) Within ten days of obtaining new surveillance technology that expands the type or scope of surveillance capability of a portable recording system device beyond video or audio recording, a law enforcement agency must notify the Bureau of Criminal Apprehension that it has obtained the new surveillance technology. The notice must include a description of the technology and its surveillance capability and intended uses. The notices are accessible to the public and must be available on the bureau's Web site."

The motion prevailed. So the amendment was adopted.

Senator Tomassoni moved to amend S.F. No. 498 as follows:

Page 4, after line 29, insert:

"Sec. 4. **[626.8475] PORTABLE RECORDING DEVICE POLICY.**

A law enforcement agency that authorizes peace officers employed by the agency to wear portable recording devices must allow a peace officer to review recordings from a portable recording device before completing the officer's final report or making a statement related to an incident."

Renumber the sections in sequence and correct the internal references

Amend the title accordingly

The motion prevailed. So the amendment was adopted.

Senator Benson moved to amend S.F. No. 498 as follows:

Page 4, after line 15, insert:

"Sec. 3. Minnesota Statutes 2014, section 13.82, is amended by adding a subdivision to read:

Subd. 33. **Sharing among agencies.** (a) Portable recording system data that are not public may only be shared with or disseminated to another law enforcement agency, a government entity, or a federal agency subject to a search warrant and upon meeting the standards for requesting access to data as provided in subdivision 33.

(b) If data collected by a portable recording system are shared with another law enforcement agency under this subdivision, the agency that receives the data must comply with all data classification, destruction, and security requirements of this section.

(c) Portable recording system data may not be shared with, disseminated to, sold to, or traded with any other individual or entity unless explicitly authorized by this section or other applicable law."

Page 4, line 18, delete "33" and insert "34"

Renumber the sections in sequence and correct the internal references

Amend the title accordingly

The motion did not prevail. So the amendment was not adopted.

SPECIAL ORDER

S.F. No. 3272: A bill for an act relating to environment; providing incentive for certain wastewater treatment technology; proposing coding for new law in Minnesota Statutes, chapter 115.

Senator Marty moved to amend S.F. No. 3272 as follows:

Page 1, line 14, delete "phosphorous" and insert "phosphorus"

Page 1, delete subdivision 2, and insert:

"Subd. 2. **Eligibility; term.** (a) A municipality that installs a biological nutrient removal system on a voluntary basis and receives public funds to construct the biological nutrient removal system may request the regulatory certainty incentive under this section.

(b) A municipality with an existing wastewater facility that includes treatment technology that is designed for nitrogen removal on July 1, 2016, is eligible for the regulatory certainty incentive under this section if they agree to meet water quality-based permit limits for phosphorus and also voluntarily accept a nitrogen limit determined by the commissioner based on agency review of their engineering plans and specifications and their existing facilities.

(c) The commissioner of the Pollution Control Agency may provide phosphorus and nitrogen regulatory certainty for an eligible municipality in a national pollutant discharge elimination system/state disposal system (NPDES/SDS) permit. Before the NPDES/SDS permit is finalized for an eligible municipality, the commissioner must determine whether to provide regulatory certainty, based on the system's effectiveness in removing nitrogen. If the commissioner will provide regulatory certainty, the commissioner and the municipality must execute an agreement recognizing the term and requirements relating to the regulatory certainty. The agreement becomes part of the NPDES/SDS permit.

(d) Regulatory certainty extends for the expected design life of the biological nutrient removal system, or 20 years, whichever is shorter, as long as the system is properly maintained and operated by the municipality. A municipality may receive regulatory certainty only one time for

each wastewater treatment facility. In addition to the provisions of this section, a municipality remains subject to applicable provisions in Minnesota Rules, chapter 7001, relating to permitting of municipal wastewater treatment works."

The motion prevailed. So the amendment was adopted.

Senator Hoffman moved to amend the Marty amendment to S.F. No. 3272, adopted by the Senate May 2, 2016, as follows:

Page 1, after line 1, insert:

"Page 1, line 5, after "MUNICIPAL" insert "OR INDUSTRIAL"

Page 1, line 6, after "system" insert "or an industrial national pollutant discharge elimination system/state disposal system (NPDES/SDS) permit holder that installs a biological nutrient removal system"

Page 1, line 14, delete everything after "municipality" and insert "or industrial permit holder in a NPDES/SDS permit"

Page 1, line 15, delete everything before the period

Page 1, lines 16, 19, and 25, after "municipality" insert "or industrial permit holder"

Page 1, line 23, after the first "municipality" insert "or industrial permit holder" and after the second "municipality" insert "or industrial permit holder"

Page 1, line 26, delete "municipal"

The motion prevailed. So the amendment was adopted.

S.F. No. 3272 was read the third time, as amended, and placed on its final passage.

The question was taken on the passage of the bill, as amended.

The roll was called, and there were yeas 61 and nays 0, as follows:

Dziedzic	Ingebrigtsen	Osmek	Skoe	

So the bill passed and its title was agreed to.

RECESS

Senator Bakk moved that the Senate do now recess subject to the call of the President. The motion prevailed.

After a brief recess, the President called the Senate to order.

MOTIONS AND RESOLUTIONS - CONTINUED

Without objection, remaining on the Order of Business of Motions and Resolutions, the Senate reverted to the Order of Business of Reports of Committees.

REPORTS OF COMMITTEES

Senator Bakk moved that the Committee Report at the Desk be now adopted. The motion prevailed.

Senator Stumpf from the Committee on Capital Investment, to which was referred

S.F. No. 2839: A bill for an act relating to capital investment; appropriating money for higher education asset preservation and replacement at the University of Minnesota; authorizing the sale and issuance of state bonds.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

APPROPRIATIONS

Section 1. CAPITAL IMPROVEMENT APPROPRIATIONS.

The sums shown in the column under "Appropriations" are appropriated from the bond proceeds fund, or another named fund, to the state agencies or officials indicated, to be spent for public purposes. Appropriations of bond proceeds must be spent as authorized by the Minnesota Constitution, article XI, section 5, paragraph (a), to acquire and better public land and buildings and other public improvements of a capital nature, or as authorized by the Minnesota Constitution, article XI, section 5, paragraphs (b) to (j), or article XIV. Unless otherwise specified, money appropriated in this act for a capital program or project may be used to pay state agency staff costs that are attributed directly to the capital program or project in accordance with accounting policies adopted by the commissioner of management and budget. Unless otherwise specified, the appropriations in this act are available until the project is completed or abandoned subject to Minnesota Statutes, section 16A.642. Unless otherwise specified in this act, money appropriated in this act for activities under Minnesota Statutes, sections 16B.307, 84.946, and 135A.046, should not be used for projects that can be financed within a reasonable time frame under Minnesota Statutes, section 16B.322 or 16C.144. Unless otherwise specified, an appropriation that fully funds a project does not require a nonstate match. Unless otherwise specified, general fund appropriations in this act are onetime and are in fiscal year 2017.

APPROPRIATIONS

Sec. 2. UNIVERSITY OF MINNESOTA

Subdivision 1. **Total Appropriation** **\$ 160,734,000**

Subd. 13. Debt Service

(a) Except as provided in paragraph (b), the Board of Trustees shall pay the debt service on one-third of the principal amount of state bonds sold to finance projects authorized by this section. After each sale of general obligation bonds, the commissioner of management and budget shall notify the board of the amounts assessed for each year for the life of the bonds.

(b) The board need not pay debt service on bonds sold to finance HEAPR. Where a nonstate match is required, the debt service is due on a principal amount equal to one-third of the total project cost, less the match committed before the bonds are sold.

(c) The commissioner of management and budget shall reduce the board's assessment each year by one-third of the net income from investment of general obligation bond proceeds in proportion to the amount of principal and interest otherwise required to be paid by the board. The board shall pay its resulting net assessment to the commissioner of management and budget by December 1 each year. If the board fails to make a payment when due, the commissioner of management and budget shall reduce allotments for appropriations from the general fund otherwise available to the board and apply the amount of the reduction to

cover the missed debt service payment. The commissioner of management and budget shall credit the payments received from the board to the bond debt service account in the state bond fund each December 1 before money is transferred from the general fund under Minnesota Statutes, section 16A.641, subdivision 10.

Subd. 14. Unspent Appropriations

(a) Upon substantial completion of a project authorized in this section and after written notice to the commissioner of management and budget, the board must use any money remaining in the appropriation for that project for HEAPR under Minnesota Statutes, section 135A.046. The Board of Trustees must report by February 1 of each even-numbered year to the chairs of the house of representatives and senate committees with jurisdiction over capital investment and higher education finance, and to the chairs of the house of representatives Ways and Means Committee and the senate Finance Committee, on how the remaining money has been allocated or spent.

(b) The unspent portion of an appropriation for a project in this section that is complete is available for HEAPR under this subdivision, at the same campus as the project for which the original appropriation was made and the debt service requirement under subdivision 18 is reduced accordingly. Minnesota Statutes, section 16A.642, applies from the date of the original appropriation to the unspent amount transferred.

Sec. 4. EDUCATION

Subdivision 1. Total Appropriation

\$ 22,234,000

To the commissioner of education for the purposes specified in this section.

Subd. 2. Library Construction Grants

2,414,000

For a grant to the city of Cambridge to acquire property for and to predesign, design, construct, furnish, and equip a new public library and headquarters for the East Central Regional Library system, to be located in the city of Cambridge. This appropriation is not available until the commissioner of management and budget determines that an equal amount is committed from nonstate sources.

Subd. 5. Grand Rapids - Myles Reif Center

500,000

From the general fund for a grant to Independent School District No. 318, Grand Rapids, to cover cost overruns for the Myles Reif Center for the Performing Arts project in Grand Rapids. This appropriation is added to and is for the same purposes as the project in Laws 2014, chapter 294, article 1, section 21, subdivision 8. This appropriation does not require a nonstate contribution.

Subd. 6. Olmsted County - Dyslexia Institute of Minnesota

1,500,000

For a grant to Olmsted County to acquire land for, and to predesign, design, construct, furnish, and equip a facility in Olmsted County to support the local, regional, and national literacy work of the Dyslexia Institute of Minnesota, subject to Minnesota Statutes, section 16A.695. This appropriation

is not available until the commissioner of management and budget determines that an equal amount is committed from nonstate sources.

Subd. 7. Red Lake - Independent School District No. 38 Facility Projects

14,070,000

(a) This appropriation is from the maximum effort school loan fund for a capital loan to Independent School District No. 38, Red Lake, as provided in Minnesota Statutes, sections 126C.60 to 126C.72. This appropriation is to complete design and construction of a connection structure between the Red Lake Early Learning Childhood Center and Red Lake Elementary School; renovations to various classrooms, labs, and support rooms; updating of mechanical systems; and expansion of the cafeteria. Before any capital loan contract is approved under this subdivision, the district must provide documentation acceptable to the commissioner of education on how the capital loan will be used.

(b) The commissioner of administration may provide project management services to assist the Department of Education with oversight of the project. No money for construction may be distributed by the commissioner of education to the recipient school district until bids have been received on 100 percent of the construction documents and satisfactory documentation has been submitted to the commissioner of education indicating the project can be fully completed with money available for the project.

Subd. 8. Warroad - Northwest Angle School Expansion

700,000

For a grant to the Warroad School District to construct, furnish, and equip an expansion of the Northwest Angle School. No nonstate match is required.

Subd. 9. White Bear Lake - Independent School District No. 624 - Community Achievement Center

1,000,000

(a) For a grant to Independent School District No. 624, White Bear Lake Area Schools, to acquire land or real property for a comprehensive service center to deliver integrated services, including medical and dental services for young children, county human services, family support services, and early childhood education to the northeast metropolitan area.

(b) Any unspent portion of this appropriation after completion of the acquisition in paragraph (a) may be used for predesign and design.

(c) This appropriation does not require a nonstate match.

Sec. 5. **MINNESOTA STATE ACADEMIES**

Subdivision 1. **Total Appropriation**

\$ 2,210,000

To the commissioner of administration for the purposes specified in this section.

Subd. 2. **Asset Preservation**

2,000,000

For capital asset preservation improvements and betterments on both campuses of the Minnesota State Academies, to be spent in accordance with Minnesota Statutes, section 16B.307.

Subd. 3. **Minnesota State Academies Track**

160,000

For the construction of a track located on the Minnesota State Academy for the Blind campus, subject to Minnesota Statutes, section 16A.695. This appropriation is not available until the commissioner of management and budget determines that an amount sufficient to complete the project is committed from nonstate sources.

Subd. 4. **Minnesota State Academies Security Corridor**

50,000

For predesign for a safety corridor on the Minnesota State Academy for the Deaf campus.

Sec. 6. **PERPICH CENTER FOR ARTS
EDUCATION**

\$ 2,300,000

To the commissioner of administration for capital asset preservation improvements and betterments at the Perpich Center for Arts Education, to be spent in accordance with Minnesota Statutes, section 16B.307.

Sec. 7. **NATURAL RESOURCES**

Subdivision 1. **Total Appropriation**

\$ 125,635,000

To the commissioner of natural resources for the purposes specified in this section. The appropriations in this section are subject to the requirements of the natural resources capital improvement program under Minnesota Statutes, section 86A.12, unless this section or the statutes referred to in this section provide more specific standards, criteria, or priorities for projects than Minnesota Statutes, section 86A.12.

Subd. 2. **Natural Resources Asset Preservation**

33,000,000

For the renovation of state-owned facilities and recreational assets operated by the commissioner of natural resources to be spent in accordance with Minnesota Statutes, section 84.946. Notwithstanding Minnesota Statutes, section 84.946: (1) the commissioner may use this appropriation to replace buildings if, considering the embedded energy in the building, that is the most energy-efficient and carbon-reducing method of renovation; and (2) this appropriation may be used for projects to remove life safety hazards such as building code violations or structural defects.

Subd. 3. **Buildings and Facilities Development**

2,000,000

Subd. 2. State Match for Federal Grants

25,000,000

To match federal grants for the clean water revolving fund under Minnesota Statutes, section 446A.07, and the drinking water revolving fund under Minnesota Statutes, section 446A.081. This appropriation must be used for qualified capital projects.

Subd. 3. Water Infrastructure Funding Program

80,000,000

(a) For grants to eligible municipalities under the water infrastructure funding program under Minnesota Statutes, section 446A.072.

(b) \$55,000,000 is for wastewater projects listed on the Pollution Control Agency's project priority list in the fundable range under the clean water revolving fund program.

(c) \$25,000,000 is for drinking water projects listed on the Department of Health's project priority list in the fundable range under the drinking water revolving fund program.

(d) After all eligible projects under paragraph (b) or (c) have been funded, the Public Facilities Authority may transfer any remaining, uncommitted money to eligible projects under a program defined in paragraph (b) or (c) based on that program's project priority list.

Subd. 4. Point Source Implementation Grants Program62,000,000

For grants to eligible municipalities under the point source implementation grants program under Minnesota Statutes, section 446A.073. This appropriation must be used for qualified capital projects.

Subd. 5. Big Lake Area Sanitary District - Sewer System and Force Main1,200,000

For a grant to the Big Lake Area Sanitary District to construct a pressure sewer system and force main to convey sewage to the Western Lake Superior Sanitary District connection in the city of Cloquet. This appropriation is not available until the commissioner of management and budget determines that an equal amount is committed from nonstate sources. This appropriation is in addition to the appropriation in Laws 2014, chapter 294, article 1, section 22, subdivision 4.

Subd. 6. Brainerd - Airport Water and Sewer6,000,000

For a grant to the city of Brainerd to design, construct, and equip publicly owned infrastructure to increase the water supply and expand sewer and water service to the Brainerd Lakes Regional Airport.

Subd. 7. Clear Lake and Clearwater - Wastewater Treatment Facility1,400,000

For a grant to the Clear Lake-Clearwater Sewer Authority to remove and replace the existing wastewater treatment facility. This appropriation is not available until the commissioner of management and budget determines that at least \$200,000 is committed to the project from nonstate sources and the authority has applied for at least two grants to offset the cost. Any money received by the authority from grants will be returned to the general fund.

Subd. 8. Dennison - Sewage Treatment System Improvements

726,000

For a grant to the city of Dennison to predesign, design, and construct a new lift station and make sewage pond improvements. This appropriation does not require a nonstate contribution.

Subd. 9. East Grand Forks - Wastewater Infrastructure

5,275,000

For a grant to East Grand Forks to design and construct wastewater infrastructure improvements interconnecting the wastewater system of East Grand Forks to the wastewater treatment system in Grand Forks, North Dakota. This appropriation may not be used for improvements outside the state. This appropriation is in addition to grants under Minnesota Statutes, section 446A.072. This appropriation is not available until the commissioner of management and budget determines that an equal amount is committed from nonstate sources.

Subd. 10. Koochiching County - Voyageurs National Park Clean Water Project

6,240,000

(a) For a grant to Koochiching County to acquire land or interests in land, and to design, engineer, construct, and equip sanitary sewage systems and facilities to implement a portion or portions of the Voyageurs National Park clean water project comprehensive plan. This appropriation is available after the commissioner of management and budget determines that \$4,500,000 is committed from nonstate sources.

(b) This appropriation is in addition to the appropriation in Laws 2014, chapter 294, article 1, section 22, subdivision 7. Notwithstanding the match requirement in Laws 2014, chapter 294, article 1, section 22, subdivision 7, the nonstate match required for this appropriation and the 2014 appropriation for a grant to Koochiching County is 25 percent of the state grant amounts. Any

money remaining from this appropriation after completion of the projects in paragraph (a) is available for grants to Koochiching County or St. Louis County to be used for other projects described in the comprehensive plan.

Subd. 11. Lilydale - Highway 13 Storm Water Conveyance

140,000

From the general fund for a grant to the city of Lilydale to design, acquire, construct, and install a storm water sewer and drop structure along Trunk Highway 13 in Lilydale that will be large enough to effectively collect water from springs and storm water runoff from above the road and safely convey the water to below the bluff. The city must coordinate this project with the Department of Transportation's Trunk Highway 13 project. The appropriation and project also include capital repairs and improvements to existing drainage structures along the Big Rivers Regional Trail at the base of the bluff. This appropriation does not require a nonstate contribution.

Subd. 12. Oronoco - Wastewater Collection and Treatment Facilities

500,000

From the general fund for a grant to the city of Oronoco to commission a study to evaluate options for solving the wastewater infrastructure needs for the region including the city of Oronoco, the city of Pine Island, or the city of Rochester. This appropriation does not require a nonstate match.

Subd. 13. St. James - Storm Sewer Line Replacement

Sec. 29. **MINNESOTA SUPREME COURT** **\$** **6,000,000**

From the general fund to the chief justice of the Supreme Court for a competitive grant program established by the chief justice for the distribution of grants to government entities for capital improvements to make courthouses or other facilities where court proceedings are held safe and secure. Grant recipients must provide a 50 percent nonstate match.

Sec. 30. **BOND SALE EXPENSES**

Subdivision 1. **Total Appropriation** **\$** **1,648,000**

To the commissioner of management and budget for the purposes specified in this section.

Subd. 2. **Bond Proceeds Fund** 1,605,000

From the bond proceeds fund for bond sale expenses under Minnesota Statutes, section 16A.641, subdivision 8.

Subd. 3. **Trunk Highway Fund** 43,000

From the bond proceeds account in the trunk highway fund for bond sale expenses under Minnesota Statutes, sections 16A.641, subdivision 8, and 167.50, subdivision 4.

Sec. 31. Laws 2015, First Special Session chapter 5, article 1, section 19, is amended to read:

Sec. 19. BOND SALE SCHEDULE.

The commissioner of management and budget shall schedule the sale of state general obligation bonds so that, during the biennium ending June 30, 2017, no more than ~~\$1,267,459,000~~ \$1,250,738,000 will need to be transferred from the general fund to the state bond fund to pay principal and interest due and to become due on outstanding state general obligation bonds. During the biennium, before each sale of state general obligation bonds, the commissioner of management and budget shall calculate the amount of debt service payments needed on bonds previously issued and shall estimate the amount of debt service payments that will be needed on the bonds scheduled to be sold. The commissioner shall adjust the amount of bonds scheduled to be sold so as to remain

within the limit set by this section. The amount needed to make the debt service payments is appropriated from the general fund as provided in Minnesota Statutes, section 16A.641.

Sec. 32. **BOND SALE AUTHORIZATION.**

Subdivision 1. **Bond proceeds fund.** To provide the money appropriated in this act from the bond proceeds fund, the commissioner of management and budget shall sell and issue bonds of the state in an amount up to \$1,412,061,000 in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, sections 16A.631 to 16A.675, and by the Minnesota Constitution, article XI, sections 4 to 7.

Subd. 2. **Transportation fund.** To provide the money appropriated in this act from the state transportation fund, the commissioner of management and budget shall sell and issue bonds of the state in an amount up to \$180,400,000 in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, sections 16A.631 to 16A.675, and by the Minnesota Constitution, article XI, sections 4 to 7.

Subd. 3. **Trunk highway fund.** To provide the money appropriated in this act from the bond proceeds account in the trunk highway fund, the commissioner of management and budget shall sell and issue bonds of the state in an amount up to \$43,043,000 in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, sections 167.50 to 167.52, and by the Minnesota Constitution, article XIV, section 11, at the times and in the amounts requested by the commissioner of transportation. The proceeds of the bonds, except accrued interest and any premium received from the sale of the bonds, must be deposited in the bond proceeds account in the trunk highway fund.

Subd. 4. **Maximum effort school loan fund.** To provide the money appropriated in this act from the maximum effort school loan fund, the commissioner of management and budget shall sell and issue bonds of the state in an amount up to \$14,070,000 in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, sections 16A.631 to 16A.675, and by the Minnesota Constitution, article XI, sections 4 to 7.

Sec. 33. **CANCELLATIONS; BOND SALE AUTHORIZATION REDUCTIONS.**

(a) The bond sale authorization in Laws 1990, chapter 610, article 1, section 30, subdivision 1, as amended, is reduced by \$3,129.

(b) The bond sale authorization in Laws 1994, chapter 643, section 31, subdivision 1, as amended, is reduced by \$24,480.

(c) The bond sale authorization in Laws 1997, Second Special Session chapter 2, section 12, as amended, is reduced by \$96,992.

(d) The bond sale authorization in Laws 1999, chapter 240, article 1, section 13, subdivision 1, as amended, is reduced by \$212,472.

(e) The bond sale authorization in Laws 2000, chapter 492, article 1, section 26, subdivision 1, as amended, is reduced by \$7,933,538.

(f) The bond sale authorization in Laws 2002, chapter 393, section 30, subdivision 1, as amended, is reduced by \$188,471.

(g) The bond sale authorization in Laws 2002, First Special Session chapter 1, section 9, subdivision 1, is reduced by \$217,959.

(h) The bond sale authorization in Laws 2003, First Special Session chapter 19, article 3, section 2, is reduced by \$201,530.

(i) The bond sale authorization in Laws 2003, First Special Session chapter 19, article 4, section 4, is reduced by \$326,534.

(j) The bond sale authorization in Laws 2005, chapter 20, article 1, section 28, subdivision 1, as amended, is reduced by \$3,366,628.

Sec. 34. **EFFECTIVE DATE.**

Except as otherwise provided, this article is effective the day following final enactment.

ARTICLE 2

MISCELLANEOUS

Section 1. **[16A.693] CERTAIN ENTITIES INELIGIBLE FOR CONTRACTS.**

Notwithstanding any law to the contrary, the following entities involved in the latent design and construction defects necessitating the appropriation in article 1, section 24, subdivision 30 of this act, the general contractor (PCL Construction Services), the design firm (AECOM), and the masonry company (B&D Associates, Inc.), or their successors or assigns, may not enter into any contract to furnish labor, skill, material, or other goods or services related to any project that is funded in whole or in part with an appropriation of state bond proceeds or other state appropriation. This section applies to any building, design, or construction contract contemplated on or after the day following final enactment.

Sec. 2. Minnesota Statutes 2015 Supplement, section 16A.967, is amended to read:

16A.967 LEWIS AND CLARK APPROPRIATION BONDS.

Subdivision 1. **Definitions.** (a) The definitions in this subdivision apply to this section.

(b) "Appropriation bond" or "bond" means a bond, note, or other similar instrument of the state payable during a biennium from one or more of the following sources:

(1) money appropriated by law from the general fund in any biennium for debt service due with respect to obligations described in ~~subdivision 2, paragraph (c)~~ subdivisions 2a and 2b;

(2) proceeds of the sale of obligations described in ~~subdivision 2, paragraph (c)~~ subdivisions 2a and 2b;

(3) payments received for that purpose under agreements and ancillary arrangements described in subdivision 2, paragraph ~~(c)~~ (d); and

(4) investment earnings on amounts in clauses (1) to (3).

(c) "Debt service" means the amount payable in any biennium of principal, premium, if any, and interest on appropriation bonds.

Subd. 2. **Authorization to issue appropriation bonds.** (a) Subject to the limitations of this subdivision, the commissioner may sell and issue appropriation bonds of the state under this section for public purposes as provided by law, ~~including, in particular, the financing of the land acquisition, design, engineering, and construction of facilities and infrastructure necessary to complete the next phase of the Lewis and Clark Regional Water System project, including completion of the pipeline to Magnolia, extension of the project to the Lincoln-Pipestone Rural Water System connection near Adrian, and engineering, design, and easement acquisition for the final phase of the project to Worthington. No bonds shall be sold until the commissioner determines that a nonstate match of at least \$9,000,000 is committed to this project phase.~~ Grant agreements entered into under this section must provide for reimbursement to the state from any federal money provided for the project, consistent with the Lewis and Clark Regional Water System, Inc., agreement.

(b) The appropriation bonds may be issued and sold only after the commissioner determines that the construction and administration for work done on the project will comply with (1) all federal requirements and regulations associated with the Lewis and Clark Rural Water System Act of 2000, and (2) the cooperative agreement between the United States Department of the Interior and the Lewis and Clark Regional Water System, Inc. Proceeds of the appropriation bonds must be credited to a special appropriation Lewis and Clark bond proceeds fund in the state treasury. All income from investment of the bond proceeds, as estimated by the commissioner, is appropriated to the commissioner for the payment of principal and interest on the appropriation bonds.

~~(c) Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient money, not to exceed \$19,000,000 net of costs of issuance, for the purposes as provided under paragraph (a), and pay debt service including capitalized interest, costs of issuance, costs of credit enhancement, or make payments under other agreements entered into under paragraph (e).~~

~~(d)~~ (c) Appropriation bonds may be issued in one or more issues or series on the terms and conditions the commissioner determines to be in the best interests of the state, but the term on any series of appropriation bonds may not exceed 25 years. The appropriation bonds of each issue and series thereof shall be dated and bear interest, and may be includable in or excludable from the gross income of the owners for federal income tax purposes.

~~(e)~~ (d) At the time of, or in anticipation of, issuing the appropriation bonds, and at any time thereafter, so long as the appropriation bonds are outstanding, the commissioner may enter into agreements and ancillary arrangements relating to the appropriation bonds, including but not limited to trust indentures, grant agreements, lease or use agreements, operating agreements, management agreements, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest exchange agreements. Any payments made or received according to the agreement or ancillary arrangement shall be made from or deposited as provided in the agreement or ancillary arrangement. The determination of the commissioner included in an interest exchange agreement that the agreement relates to an appropriation bond shall be conclusive.

~~(f)~~ (e) The commissioner may enter into written agreements or contracts relating to the continuing disclosure of information necessary to comply with or facilitate the issuance of appropriation bonds in accordance with federal securities laws, rules, and regulations, including Securities and Exchange Commission rules and regulations in Code of Federal Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants with purchasers and

holders of appropriation bonds set forth in the order or resolution authorizing the issuance of the appropriation bonds, or a separate document authorized by the order or resolution.

~~(g)~~ (f) The appropriation bonds are not subject to chapter 16C.

Subd. 2a. **Project authorization.** Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient money to the Public Facilities Authority under subdivision 7, paragraph (a), not to exceed \$19,000,000 net of costs of issuance, for the purposes as provided under this subdivision, and pay debt service including capitalized interest, costs of issuance, costs of credit enhancement, or make payments under other agreements entered into under subdivision 2, paragraph (d). The bonds authorized by this subdivision are for the purposes of financing the land acquisition, design, engineering, and construction of facilities and infrastructure necessary to complete Phase 2 of the Lewis and Clark Regional Water System project, including completion of the pipeline to Magnolia; extension of the project to the Lincoln-Pipestone Rural Water System connection near Adrian; and engineering, design, and easement acquisition for the final phase of the project to Worthington. No bonds shall be sold under this subdivision until the commissioner determines that a nonstate match of at least \$9,000,000 is committed to this project phase.

Subd. 2b. **Additional project authorization.** Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient money to the Public Facilities Authority under subdivision 7, paragraph (b), not to exceed \$11,500,000 net of costs of issuance, for the purposes as provided under this subdivision, and pay debt service including capitalized interest, costs of issuance, costs of credit enhancement, or make payments under other agreements entered into under subdivision 2, paragraph (d). The bonds authorized by this subdivision are for the purposes of financing the land acquisition, design, engineering, and construction of facilities and infrastructure necessary to complete Phase 3 of the Lewis and Clark Regional Water System project, including extension of the project from the Lincoln-Pipestone Rural Water System connection near Adrian to Worthington, construction of a reservoir in Nobles County and a meter building in Worthington, and acquisition and installation of a supervisory control and data acquisition (SCADA) system. No bonds shall be sold under this subdivision until the commissioner determines that a nonstate match of at least \$9,000,000 is committed to the final phase of the project.

Subd. 3. **Form; procedure.** (a) Appropriation bonds may be issued in the form of bonds, notes, or other similar instruments, and in the manner provided in section 16A.672. In the event that any provision of section 16A.672 conflicts with this section, this section shall control.

(b) Every appropriation bond shall include a conspicuous statement of the limitation established in subdivision 6.

(c) Appropriation bonds may be sold at either public or private sale upon such terms as the commissioner shall determine are not inconsistent with this section and may be sold at any price or percentage of par value. Any bid received may be rejected.

(d) Appropriation bonds must bear interest at a fixed or variable rate.

(e) Notwithstanding any other law, appropriation bonds issued under this section shall be fully negotiable.

Subd. 4. **Refunding bonds.** The commissioner may issue appropriation bonds for the purpose of refunding any appropriation bonds then outstanding, including the payment of any redemption premiums on the bonds, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the appropriation bonds to be refunded, to the redemption of the outstanding appropriation bonds on any redemption date, or to pay interest on the refunding bonds and may, pending application, be placed in escrow to be applied to the purchase, payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on the investment may also be applied to the payment of the appropriation bonds to be refunded or interest or premiums on the refunded appropriation bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of the proceeds and any investment income may be returned to the general fund or, if applicable, the special appropriation Lewis and Clark bond proceeds fund for use in any lawful manner. All refunding bonds issued under this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the appropriation bonds to be refunded.

Subd. 5. **Appropriation bonds as legal investments.** Any of the following entities may legally invest any sinking funds, money, or other funds belonging to them or under their control in any appropriation bonds issued under this section:

- (1) the state, the investment board, public officers, municipal corporations, political subdivisions, and public bodies;
- (2) banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business; and
- (3) personal representatives, guardians, trustees, and other fiduciaries.

Subd. 6. **No full faith and credit; state not required to make appropriations.** The appropriation bonds are not public debt of the state, and the full faith, credit, and taxing powers of the state are not pledged to the payment of the appropriation bonds or to any payment that the state agrees to make under this section. Appropriation bonds shall not be obligations paid directly, in whole or in part, from a tax of statewide application on any class of property, income, transaction, or privilege. Appropriation bonds shall be payable in each fiscal year only from amounts that the legislature may appropriate for debt service for any fiscal year, provided that nothing in this section shall be construed to require the state to appropriate money sufficient to make debt service payments with respect to the appropriation bonds in any fiscal year. Appropriation bonds shall be canceled and shall no longer be outstanding on the earlier of (1) the first day of a fiscal year for which the legislature shall not have appropriated amounts sufficient for debt service, or (2) the date of final payment of the principal of and interest on the appropriation bonds.

Subd. 7. **Appropriation of proceeds.** (a) The proceeds of appropriation bonds issued under subdivision 2a and interest credited to the special appropriation Lewis and Clark bond proceeds fund are appropriated as follows:

(1) to the ~~commissioner~~ Public Facilities Authority for a grant to the Lewis and Clark Joint Powers Board for payment of capital expenses for the purposes provided by as specified in subdivision 2, paragraph (a), 2a; and

(2) to the commissioner for debt service on the bonds including capitalized interest, nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds and payments under any agreements entered into under subdivision 2, paragraph ~~(e)~~ (d), each as permitted by state and federal law, ~~and such proceeds may be granted, loaned, or otherwise provided for the public purposes provided by subdivision 2, paragraph (a).~~

(b) The proceeds of appropriation bonds issued under subdivision 2b and interest credited to the special appropriation Lewis and Clark bond proceeds fund are appropriated as follows:

(1) to the Public Facilities Authority for a grant to the Lewis and Clark Joint Powers Board for payment of capital expenses as specified in subdivision 2b; and

(2) to the commissioner for debt service on the bonds including capitalized interest, nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds, and payments under any agreements entered into under subdivision 2, paragraph (d), each as permitted by state and federal law.

Subd. 8. **Appropriation for debt service and other purposes.** (a) An amount, up to \$1,351,000 needed to pay principal and interest on appropriation bonds issued under ~~this section~~ subdivision 2a is appropriated each fiscal year from the general fund to the commissioner, subject to repeal, unallotment under section 16A.152, or cancellation, otherwise pursuant to subdivision 6, for deposit into the bond payments account established for such purpose in the special Lewis and Clark appropriation bond proceeds fund. The appropriation is available beginning in fiscal year 2017 and through fiscal year 2038.

(b) An amount up to \$855,000 needed to pay principal and interest on appropriation bonds issued under subdivision 2b is appropriated each fiscal year from the general fund to the commissioner, subject to repeal, unallotment under section 16A.152, or cancellation, otherwise pursuant to subdivision 6, for deposit into the bond payments account established for such purpose in the special Lewis and Clark appropriation bond proceeds fund. The appropriation is available beginning in fiscal year 2018 and through fiscal year 2039.

Subd. 9. **Waiver of immunity.** The waiver of immunity by the state provided for by section 3.751, subdivision 1, shall be applicable to the appropriation bonds and any ancillary contracts to which the commissioner is a party.

Sec. 3. Minnesota Statutes 2014, section 85.34, subdivision 1, is amended to read:

Subdivision 1. **Upper bluff; lease terms.** The commissioner of natural resources with the approval of the Executive Council may lease for purposes of restoration, preservation, historical, recreational, educational, and commercial use and development, that portion of Fort Snelling State Park known as the upper bluff consisting of officer's row, area J, the polo grounds, the adjacent golf course, and all buildings and improvements located thereon, all lying within an area bounded by Minneapolis-St. Paul International Airport, Trunk Highways numbered 5 and 55, and Bloomington Road. The lease or leases shall be in a form approved by the attorney general and for a term of not to exceed 99 years. ~~The lease or leases may provide for the provision of capital improvements or~~

~~other performance by the tenant or tenants in lieu of all or some of the payments of rent that would otherwise be required.~~

Sec. 4. **[115.441] VARIANCE ASSISTANCE FOR MUNICIPALITIES.**

Subdivision 1. **Reimbursement account.** A variance assistance account is established as an account in the special revenue fund.

Subd. 2. **Eligible expenditures.** Money in the variance assistance account may be used to reimburse an eligible municipality for up to 95 percent of the fee charged under Minnesota Rules, part 7002.0253, for an application for a variance under section 116.07, subdivision 5.

Subd. 3. **Eligible municipality.** To be eligible for a reimbursement from the account established in this section, a municipality must demonstrate need for financial assistance in one of the following ways:

(1) a score of 2.0 or less on the Minnesota Pollution Control Agency's multifactor index of financial hardship;

(2) a score greater than 2.0 and up to 2.5 on the financial hardship index and a description of unique extenuating financial circumstances that exist for the municipality resulting in an inability to afford the variance application fee; or

(3) a municipality with a population under 1,000.

Subd. 4. **Term of a variance.** A variance granted for an entity that receives a reimbursement under this section shall be effective until the municipality secures funding for remediation.

Sec. 5. Minnesota Statutes 2014, section 161.14, is amended by adding a subdivision to read:

Subd. 82. **James Metzen Street.** Notwithstanding section 10.49, that segment of marked Trunk Highway 952 located within Dakota County is designated as "James Metzen Street." Notwithstanding section 161.139, the commissioner shall adopt a suitable design to mark this highway and erect appropriate signs.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 6. **[219.016] CRUDE OIL AND HAZARDOUS MATERIALS RAIL SAFETY ACCOUNT AND GRANT PROGRAM.**

Subdivision 1. **Purpose.** A hazardous materials rail safety program is established for the purpose of reducing the risks associated with transporting hazardous material by rail.

Subd. 2. **Creation of account.** A hazardous materials rail safety program account is established in the bond proceeds fund. Money in the account may only be used for capital costs associated with planning, engineering, administration, and construction of public highway-rail grade crossing improvements on rail corridors transporting crude oil and other hazardous materials. Improvements may include upgrades to existing protection systems, the closing of crossings and necessary roadwork, and reconstruction of at-grade crossings to full grade separations.

Subd. 3. **Grants.** The commissioner may approve grants for financial assistance to eligible applicants for capital costs associated with hazardous materials rail safety projects on public highway-rail grade crossings. Qualifying capital costs include, but are not limited to, upgrades to

existing protection systems, the closing of crossings and necessary roadwork, and reconstruction of at-grade crossings to full grade separations.

Subd. 4. **Eligible applicants.** Counties, statutory or home rule charter cities, or towns that are responsible for establishing and maintaining public highway-rail grade crossings on rail corridors transporting crude oil and other hazardous materials may apply to the commissioner for financial assistance for the purposes in this section.

Subd. 5. **Criteria for grant award.** The commissioner shall consider the following criteria to evaluate applications for a grant award for a hazardous materials rail safety project:

(1) whether the crossing was identified as a potential candidate for grade separation in MnDOT's crude by rail grade crossing study (Improvements to Highway Grade Crossings and Rail Safety, December 2014);

(2) roadway traffic volumes and speeds;

(3) train volumes and speeds;

(4) adjacent land use;

(5) crash history;

(6) use of the crossing by emergency vehicles;

(7) use of the crossing by vehicles carrying hazardous materials;

(8) local financial contributions to the project; and

(9) private financial contributions to the project.

Sec. 7. Minnesota Statutes 2014, section 446A.072, is amended to read:

446A.072 ~~WASTEWATER~~ WATER INFRASTRUCTURE FUNDING PROGRAM.

Subdivision 1. **Establishment of program.** The authority will establish a wastewater water infrastructure funding program to provide supplemental assistance to governmental units receiving funding through the clean water revolving fund program, the drinking water revolving fund program, or the United States Department of Agriculture Rural Economic and Community Development's (USDA/RECD) Water and Waste Disposal Loans and Grants program for the predesign, design, and construction of municipal wastewater treatment and drinking water systems, including purchase of land and easements. The purpose of the program is to assist governmental units demonstrating financial need to build cost-effective projects to address existing environmental or public health problems. To implement the program, the authority shall establish a wastewater water infrastructure fund to provide grants ~~and loans~~ for the purposes authorized under title VI of the Federal Water Pollution Control Act and the federal Safe Drinking Water Act. The fund shall be credited with all investment income from the fund and all repayments of loans, grants, and penalties.

Subd. 3. **Program administration.** (a) The authority shall provide supplemental assistance, as provided in subdivision 5a to governmental units:

(1) whose projects are listed on the Pollution Control Agency's project priority list or the commissioner of health's project priority list;

(2) that demonstrate their projects are a cost-effective solution to an existing environmental or public health problem; and

(3) whose projects are approved by the USDA/RECD or certified by the commissioner of the Pollution Control Agency or the commissioner of health.

(b) For a governmental unit receiving grant funding from the USDA/RECD, applications must be made to the USDA/RECD with additional information submitted to the authority as required by the authority. Eligible project costs and affordability criteria shall be determined by the USDA/RECD.

(c) For a governmental unit not receiving grant funding from the USDA/RECD, application must be made to the authority on forms prescribed by the authority for the clean water revolving fund program or the drinking water revolving fund program with additional information as required by the authority. In accordance with section 116.182, the Pollution Control Agency or the commissioner of health shall:

(1) calculate the essential project component percentage based on the portion of project costs necessary to convey or treat the existing wastewater flows and loadings or, for drinking water projects, to provide safe drinking water to meet existing needs, which must be multiplied by the total project cost to determine the eligible project cost for the program under this section; and

(2) review and certify approved projects to the authority.

(d) Each fiscal year the authority shall make funds available for projects based on their ranking on the Pollution Control Agency's project priority list or the commissioner of health's project priority list. The authority shall reserve funds for a project when the applicant receives a funding commitment from the United States Department of Agriculture Rural Development (USDA/RECD) or ~~submits plans and specifications to the project~~ is certified by the Pollution Control Agency or the commissioner of health. Funds must be reserved in an amount based on the project cost estimate submitted to the authority ~~prior to the appropriation of the funds and awarded based on the lesser of that amount or the as-bid cost~~ when the project is certified or the as-bid cost, whichever is less.

Subd. 5a. **Type and amount of assistance.** (a) For a governmental unit receiving grant funding from the USDA/RECD, the authority may provide assistance in the form of a grant of up to 65 percent of the eligible grant need determined by USDA/RECD. A governmental unit may not receive a grant under this paragraph for more than ~~\$4,000,000~~ \$5,000,000 per project or ~~\$15,000~~ \$20,000 per existing connection, whichever is less, unless specifically approved by law.

(b) For a governmental unit receiving a loan from the clean water revolving fund under section 446A.07, the authority may provide assistance under this section in the form of a grant if the average annual residential wastewater system cost after completion of the project would otherwise exceed 1.4 percent of the median household income of the project service area. In determining whether the average annual residential wastewater system cost would exceed 1.4 percent, the authority must consider the total costs associated with building, operating, and maintaining the wastewater system, including existing wastewater debt service, debt service on the eligible project cost, and operation and maintenance costs. Debt service costs for the proposed project are calculated based on the maximum loan term permitted for the clean water revolving fund loan under section 446A.07, subdivision 7. The amount of the grant is equal to 80 percent of the amount needed to reduce the average annual residential wastewater system cost to 1.4 percent of median household income in the project service area, to a maximum of ~~\$4,000,000~~ \$5,000,000 per project or ~~\$15,000~~ \$20,000 per existing connection, whichever is less, unless specifically approved by law. The eligible project cost

is determined by multiplying the total project costs minus any other grants by the essential project component percentage calculated under subdivision 3, paragraph (c), clause (1). In no case may the amount of the grant exceed 80 percent of the eligible project cost.

(c) For a governmental unit receiving a loan from the drinking water revolving fund under section 446A.081, the authority may provide assistance under this section in the form of a grant if the average annual residential drinking water system cost after completion of the project would otherwise exceed 1.2 percent of the median household income of the project service area. In determining whether the average annual residential drinking water system cost would exceed 1.2 percent, the authority must consider the total costs associated with building, operating, and maintaining the drinking water system, including existing drinking water debt service, debt service on the eligible project cost, and operation and maintenance costs. Debt service costs for the proposed project are calculated based on the maximum loan term permitted for the drinking water revolving fund loan under section 446A.081, subdivision 8, paragraph (c). The amount of the grant is equal to 80 percent of the amount needed to reduce the average annual residential drinking water system cost to 1.2 percent of median household income in the project service area, to a maximum of \$5,000,000 per project or \$20,000 per existing connection, whichever is less, unless specifically approved by law. The eligible project cost is determined by multiplying the total project costs minus any other grants by the essential project component percentage calculated under subdivision 3, paragraph (c), clause (1). In no case may the amount of the grant exceed 80 percent of the eligible project cost.

~~(e)~~ (d) Notwithstanding the limits in paragraphs (a) and (b), and (c), for a governmental unit receiving supplemental assistance under this section after January 1, 2002, if the authority determines that the governmental unit's construction and installation costs are significantly increased due to geological conditions of crystalline bedrock or karst areas and discharge limits that are more stringent than secondary treatment, the maximum award under this section shall not be more than \$25,000 per existing connection.

~~Subd. 5b. **Special assessment deferral.** A governmental unit receiving a loan under subdivision 5a that levies special assessments to repay the loan under subdivision 5a or section 446A.07 may defer payment of such assessments under the provisions of sections 435.193 to 435.195.~~

Subd. 6. **Disbursements.** Disbursements of grants or loans awarded under this section by the authority to recipients must be made for eligible project costs as incurred by the recipients, and must be made by the authority in accordance with the project financing agreement and applicable state and federal laws and rules governing the payments.

~~Subd. 7. **Loan repayments.** Notwithstanding the limitations set forth in section 475.54, subdivision 1, this subdivision shall govern the maturities and mandatory sinking fund redemptions of the loans under this section. A governmental unit receiving a loan under this section shall repay the loan in semiannual payment amounts determined by the authority. The payment amount must be based on the average payments on the governmental unit's clean water revolving fund loan or, if greater, the minimum amount required to fully repay the loan by the maturity date. Payments must begin within one year of the date of the governmental unit's final payment on the clean water revolving fund loan. The final maturity date of the loan under this section must be no later than 20 years from the date of the first payment on the loan under this section and no later than 40 years from the date of the first payment on the clean water revolving fund loan.~~

Subd. 8. **Eligibility.** A governmental unit is eligible for assistance under this section only after applying for grant funding from other sources and funding has been obtained, rejected, or the authority has determined that the potential funding is unlikely.

Subd. 9. **Funding limitation.** Supplemental assistance may not be used to reduce the sewer service charges of a significant ~~wastewater contributor~~ industrial user that has a separate service charge agreement with the recipient, or a single user that has caused the need for the project or whose current or projected ~~flow and load exceed usage exceeds~~ one-half of the current wastewater treatment plant's or drinking water system capacity.

Subd. 11. **Report on needs.** By February 1 of each even-numbered year, the authority, in conjunction with the Pollution Control Agency and the commissioner of health, shall prepare a report to the Finance Division of the senate Environment and Natural Resources Committee and the house of representatives Environment and Natural Resources Finance Committee on wastewater and drinking water funding assistance needs of governmental units under this section.

Subd. 12. **System replacement fund.** Each governmental unit receiving a ~~loan or grant~~ under this section shall establish a system replacement fund and shall annually deposit a minimum of \$.50 per 1,000 gallons of flow for major rehabilitation or, expansion, or replacement of the ~~treatment wastewater or drinking water system, or replacement of the treatment system at the end of its useful life.~~ Money must remain in the account for the life of the corresponding project loan from the authority or USDA/RECD, unless use of the fund is approved in writing by the authority for major rehabilitation, expansion, or replacement of the treatment wastewater or drinking water system. By March 1 each year during the life of the loan, each recipient shall submit a report to the authority regarding the amount deposited and the fund balance for the prior calendar year. A recipient is not required to maintain a fund balance greater than the amount of the grant received. Failure to comply with the requirements of this subdivision shall result in the authority assessing a penalty fee to the recipient equal to one percent of the supplemental assistance amount for each year of noncompliance. ~~Failure to make the required deposit or pay the penalty fee as required constitutes a default on the loan.~~

Subd. 14. **Consistency with land use plans.** A governmental unit applying for a project in an unsewered area shall include in its application to the authority a certification from the county in which the project is located that:

- (1) the project is consistent with the county comprehensive land use plan, if the county has adopted one;
- (2) the project is consistent with the county water plan, if the county has adopted one; and
- (3) the county has adopted specific land use ordinances or controls so as to meet or exceed the requirements of Minnesota Rules, part 7080.0305.

Sec. 8. Minnesota Statutes 2014, section 446A.073, as amended by Laws 2015, First Special Session chapter 4, article 4, sections 127, 128, and 129, is amended to read:

446A.073 POINT SOURCE IMPLEMENTATION GRANTS.

Subdivision 1. **Program established.** When money is appropriated for grants under this program, the authority shall award grants up to a maximum of ~~\$3,000,000~~ \$7,000,000 to

governmental units to cover ~~up to one-half~~ 80 percent of the cost of water infrastructure projects made necessary by:

(1) a wasteload reduction prescribed under a total maximum daily load plan required by section 303(d) of the federal Clean Water Act, United States Code, title 33, section 1313(d);

(2) a phosphorus concentration or mass limit which requires discharging one milligram per liter or less at permitted design flow which is incorporated into a permit issued by the Pollution Control Agency;

(3) any other water quality-based effluent limit established under section 115.03, subdivision 1, paragraph (e), clause (8), and incorporated into a permit issued by the Pollution Control Agency that exceeds secondary treatment limits; or

(4) a total nitrogen concentration or mass limit of that requires discharging ten milligrams per liter or less for a land-based treatment system at permitted design flow.

Subd. 2. **Grant application.** Application for a grant must be made to the authority on forms prescribed by the authority ~~for the total maximum daily load grant program, with additional information as required by the authority,~~ including a project schedule and cost estimate for the work necessary to comply with the point source wasteload allocation requirements listed in subdivision 1. The Pollution Control Agency shall:

~~(1) in accordance with section 116.182, calculate the essential project component percentage, which must be multiplied by the total project cost to determine the eligible project cost; and~~

~~(2) review and certify to the authority those projects that have plans and specifications approved under section 115.03, subdivision 1, paragraph (f).~~

Subd. 3. **Project priorities.** ~~When money is appropriated for grants under this program,~~ The authority shall accept applications under this program during the month of July and reserve money for projects expected to proceed with construction by the end of the fiscal year in the order listed on the Pollution Control Agency's project priority list and in an amount based on the cost estimate submitted to the authority in the grant application or the as-bid costs, whichever is less. Notwithstanding Minnesota Rules, chapter 7077, the Pollution Control Agency may rank a drinking water infrastructure project on the agency's project priority list if the project is necessary to meet an applicable requirement in subdivision 1.

Subd. 4. **Grant approval.** The authority must make a grant for an eligible project only after:

(1) the applicant has submitted the as-bid cost for the water infrastructure project;

(2) the Pollution Control Agency has approved the as-bid costs and certified the grant eligible portion of the project; and

(3) the authority has determined that the additional financing necessary to complete the project has been committed from other sources.

Subd. 5. **Grant disbursement.** Disbursement of a grant must be made for eligible project costs as incurred by the governmental unit and in accordance with a project financing agreement and applicable state and federal laws and rules governing the payments.

Sec. 9. Minnesota Statutes 2014, section 446A.081, subdivision 9, is amended to read:

Subd. 9. **Other uses of fund.** (a) The drinking water revolving loan fund may be used as provided in the act, including the following uses:

(1) to buy or refinance the debt obligations, at or below market rates, of public water systems for drinking water systems, where the debt was incurred after the date of enactment of the act, for the purposes of construction of the necessary improvements to comply with the national primary drinking water regulations under the federal Safe Drinking Water Act;

(2) to purchase or guarantee insurance for local obligations to improve credit market access or reduce interest rates;

(3) to provide a source of revenue or security for the payment of principal and interest on revenue or general obligation bonds issued by the authority if the bond proceeds are deposited in the fund;

(4) to provide loans or loan guarantees for similar revolving funds established by a governmental unit or state agency;

(5) to earn interest on fund accounts;

(6) to pay the reasonable costs incurred by the authority, the Department of Employment and Economic Development, and the Department of Health for conducting activities as authorized and required under the act up to the limits authorized under the act;

(7) to develop and administer programs for water system supervision, source water protection, and related programs required under the act;

(8) notwithstanding Minnesota Rules, part 7380.0280, to provide principal forgiveness or grants to the extent permitted under the federal Safe Drinking Water Act and other federal law, based on the criteria and requirements established for drinking water projects under the water infrastructure funding program under section 446A.072;

(9) to provide loans, principal forgiveness or grants to the extent permitted under the federal Safe Drinking Water Act and other federal law to address green infrastructure, water or energy efficiency improvements, or other environmentally innovative activities; and

(10) to provide principal forgiveness, or grants for 50 percent of the project cost up to a maximum of \$10,000 for projects needed to comply with national primary drinking water standards for an existing community or noncommunity public water system.

~~(b) Principal forgiveness or grants under paragraph (a), clause (8), must only be provided if the average annual residential drinking water system cost after completion of the project would otherwise exceed 1.2 percent of the median household income in the project service area. In determining whether the average annual residential drinking water system cost would exceed 1.2 percent, the authority must consider the total costs associated with building, operating, and maintaining the drinking water system, including debt service and operation and maintenance costs. Debt service costs for the proposed project must be calculated based on the maximum loan term permitted for the drinking water revolving fund loan under this section. The amount of the principal forgiveness or grant must be equal to 80 percent of the amount needed to reduce the average annual residential drinking water system cost to 1.2 percent of median household income in the project service area, to a maximum of \$4,000,000 or \$15,000 per connection, whichever is less, and not to exceed 80 percent of the total project cost.~~

(e) (b) Principal forgiveness or grants provided under paragraph (a), clause (9), may not exceed 25 percent of the eligible project costs as determined by the Department of Health for project components directly related to green infrastructure, water or energy efficiency improvements, or other environmentally innovative activities, up to a maximum of \$1,000,000.

(d) The authority may reduce the percentage of median household income at which a loan term could extend to 30 years under subdivision 8, paragraph (c), and at which principal forgiveness or grants could be provided under paragraph (b) if it determines that the federal money allotted to the state cannot be fully utilized without the reduction. If it determines that the reduction is necessary to fully utilize the federal money, the authority must effect the change through its approval of the annual intended use plan.

Sec. 10. Minnesota Statutes 2014, section 446A.12, subdivision 1, is amended to read:

Subdivision 1. **Bonding authority.** The authority may issue negotiable bonds in a principal amount that the authority determines necessary to provide sufficient funds for achieving its purposes, including the making of loans and purchase of securities, the payment of interest on bonds of the authority, the establishment of reserves to secure its bonds, the payment of fees to a third party providing credit enhancement, and the payment of all other expenditures of the authority incident to and necessary or convenient to carry out its corporate purposes and powers, but not including the making of grants. Bonds of the authority may be issued as bonds or notes or in any other form authorized by law. The principal amount of bonds issued and outstanding under this section at any time may not exceed ~~\$1,500,000,000~~ \$2,000,000,000, excluding bonds for which refunding bonds or crossover refunding bonds have been issued, and excluding any bonds issued for the credit enhanced bond program or refunding or crossover refunding bonds issued under the program. The principal amount of bonds issued and outstanding under section 446A.087, may not exceed \$500,000,000, excluding bonds for which refunding bonds or crossover refunding bonds have been issued.

Sec. 11. Minnesota Statutes 2014, section 462A.37, is amended by adding a subdivision to read:

Subd. 2c. **Additional authorization.** In addition to the amount authorized in subdivisions 2, 2a, and 2b, the agency may issue up to \$70,000,000 in housing infrastructure bonds in one or more series to which the payments under this section may be pledged.

Sec. 12. Minnesota Statutes 2015 Supplement, section 462A.37, subdivision 5, is amended to read:

Subd. 5. **Additional appropriation.** (a) The agency must certify annually to the commissioner of management and budget the actual amount of annual debt service on each series of bonds issued under subdivisions 2a ~~and~~ 2b, and 2c.

(b) Each July 15, beginning in 2015 and through 2037, if any housing infrastructure bonds issued under subdivision 2a remain outstanding, the commissioner of management and budget must transfer to the housing infrastructure bond account established under section 462A.21, subdivision 33, the amount certified under paragraph (a), not to exceed \$6,400,000 annually. The amounts necessary to make the transfers are appropriated from the general fund to the commissioner of management and budget.

(c) Each July 15, beginning in 2017 and through 2038, if any housing infrastructure bonds issued under subdivision 2b remain outstanding, the commissioner of management and budget must transfer to the housing infrastructure bond account established under section 462A.21, subdivision

33, the amount certified under paragraph (a), not to exceed \$800,000 annually. The amounts necessary to make the transfers are appropriated from the general fund to the commissioner of management and budget.

(d) Each July 15, beginning in 2018 and through 2039, if any housing infrastructure bonds issued under subdivision 2c remain outstanding, the commissioner of management and budget must transfer to the housing infrastructure bond account established under section 462A.21, subdivision 33, the amount certified under paragraph (a), not to exceed \$5,600,000 annually. The amounts necessary to make the transfers are appropriated from the general fund to the commissioner of management and budget.

~~(d)~~ (e) The agency may pledge to the payment of the housing infrastructure bonds the payments to be made by the state under this section.

Sec. 13. Laws 2002, chapter 393, section 22, subdivision 6, as amended by Laws 2005, chapter 20, article 1, section 43, and Laws 2013, chapter 136, section 10, is amended to read:

Subd. 6. Fergus Falls Regional Treatment Center

3,000,000

To design, renovate, construct, furnish, and equip ancillary support and program facilities, including improvements to basic infrastructure, such as sanitary and storm sewer and water lines, public streets, curb, gutter, street lights, or sidewalks, to make improvements for building envelope and structural integrity for the purposes of stabilizing the buildings for sale, for hazardous materials abatement, and for demolition of all or portions of surplus, nonfunctional, or deteriorated facilities and infrastructure or to renovate surplus, nonfunctional, or deteriorated facilities and infrastructure to facilitate the redevelopment of the Fergus Falls Regional Treatment Center campus. If the property is sold or transferred to a local unit of government, the unspent portion of this appropriation may be granted to the local unit of government that acquires the campus for the purposes stated in this subdivision.

Notwithstanding Minnesota Statutes, section 16A.642, the bond sale authorization and appropriation of bond proceeds in this subdivision are available until December 31, ~~2016~~ 2018.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 14. Laws 2011, First Special Session chapter 12, section 13, subdivision 8, is amended to read:

**Subd. 8. Rail Service Improvement - St. Louis Park
Noise Barrier**

700,000

For a grant to the city of St. Louis Park to predesign, design, construct, and install noise mitigation barriers associated with route changes for freight rail. This appropriation may be used to design and construct trail safety improvements for the Beltline trail bridge, the Wooddale trail underpass, and the Louisiana trail underpass. Notwithstanding Minnesota Statutes, section 16A.642, this appropriation is available until January 1, 2018.

Sec. 15. Laws 2012, chapter 293, section 7, subdivision 8, is amended to read:

Subd. 8. Lake Zumbro

3,000,000

For a grant to Olmsted County for the removal of sedimentation in Lake Zumbro, including final engineering, dredging, and dredged soil disposal from the sites identified in the Preliminary Engineering Report for Dredging Lake Zumbro. This project is designed to improve the recreational economy, water quality, and habitat, and increase water storage capacity within the lake to achieve renewable energy goals by optimizing long-term hydroelectric operations. This appropriation is not available until the commissioner has determined that at least an equal amount has been committed to the project from nonstate sources. Notwithstanding Minnesota Statutes, section 16A.642, the bond authorization and appropriation of bond proceeds for this project are available until December 31, 2018.

Sec. 16. Laws 2012, chapter 293, section 17, subdivision 4, is amended to read:

Subd. 4. Phillips Community Center

1,750,000

For a grant to the Minneapolis Park and Recreation Board to predesign, design, engineer, reconstruct, renovate, furnish,

and equip the Phillips Community Center indoor competitive swimming pool and to predesign, design, engineer, and construct an additional indoor multipurpose family pool and facilities associated with an aquatic center in the community center, subject to Minnesota Statutes, section 16A.695.

This appropriation is not available until the commissioner determines that at least \$350,000 is committed from nonstate sources. Notwithstanding Minnesota Statutes, section 16A.642, the bond authorization and appropriation of bond proceeds for this project are available until December 31, 2018.

Sec. 17. Laws 2014, chapter 294, article 1, section 17, subdivision 6, is amended to read:

Subd. 6. Inver Grove Heights - Heritage Village Park

2,000,000

\$1,500,000 of this appropriation is for a grant to the city of Inver Grove Heights and \$500,000 of this appropriation is for a grant to Dakota County. This appropriation is for public infrastructure improvements and land acquisition in and adjacent to the Heritage Village Park, the Mississippi River Trail, and the Rock Island Swing Bridge. These improvements will include but are not limited to motor vehicle access, utility service, stormwater treatment, and trail and sidewalk connections. This appropriation is not available until the commissioner of management and budget has determined that at least an equal amount has been committed to the project from nonstate sources.

Sec. 18. Laws 2014, chapter 294, article 1, section 17, subdivision 12, is amended to read:

Subd. 12. ~~West St. Paul - North Urban Regional Trail Bridge~~ River-to-River Greenway Crossing

2,000,000

For a grant to the city of West St. Paul to predesign, design, and construct a pedestrian bridge grade-separated crossing for the North Urban Regional Trail as an overpass River-to-River Greenway of Robert Street in

the area near Wentworth Avenue in West St. Paul. This appropriation may also be used to acquire property or purchase rights-of-way needed for bridge construction. A nonstate match is not required.

Sec. 19. OFFICE OF LEGISLATIVE AUDITOR REPORT - FUNDING FOR ASSET PRESERVATION.

Subdivision 1. **Report.** By November 15, 2016, the legislative auditor shall report to the chairs and ranking minority members of the committees in the senate with jurisdiction over finance and capital investment and in the house of representatives with jurisdiction over ways and means and capital investment, with recommendations for sustainable, reliable, predictable funding for preservation of capital assets owned by agencies.

Subd. 2. **Funding options and approaches.** The report shall assess the feasibility of implementing the following options and may include evaluation of other feasible options:

(1) establishing a standing appropriation from the general fund to pay a portion of certified asset preservation needs;

(2) establishing a standing appropriation from the bond proceeds fund, and authorizing the sale of general obligation bonds, to pay a portion of certified asset preservation needs;

(3) dedicating a specified portion of fees collected by agencies to use for asset preservation; and

(4) shifting asset preservation from the capital budget to the operating budget so that asset preservation is built into the base budget.

Evaluations should include a comparison to current law and practice.

Subd. 3. **Real property portfolio management system.** The commissioner of administration shall provide assistance, as requested by the legislative auditor, for preparing the report, including providing data from the ARCHIBUS real property portfolio management system.

Subd. 4. **Demolition.** The report shall evaluate whether the metrics and process used by each agency to recommend demolition of capital assets are comprehensive enough to reflect what is in the best interest of the state.

Subd. 5. **Definition.** "Agencies" as used in this section means all executive branch agencies, the Board of Regents of the University of Minnesota, and the Board of Trustees of Minnesota State Colleges and Universities.

Sec. 20. VETERANS HOMES; MONTEVIDEO AND BEMIDJI.

The fiscal year 2018 and fiscal year 2019 general fund base appropriation for veterans homes is increased by \$10,000,000 each fiscal year. This increase is for the operating costs of 143 skilled nursing beds added after July 1, 2016, in one or more veteran homes, including Montevideo and Bemidji. None of this increased amount may be used for operating costs at a veterans home in Minneapolis.

Sec. 21. APPROPRIATION; WATER SUPPLY SUSTAINABILITY STUDY.

(a) \$1,780,000 is appropriated in fiscal year 2017 from the general fund to the commissioner of natural resources.

(b) Of this amount:

(1) \$1,500,000 is for a study to evaluate long-term water supply sustainability in the north and east metro, identify options to address any challenges identified to the north and east metro's long-term water supply sustainability, and assess the feasibility and costs of those options. The study must consider available information concerning interactions between the region's surface water and groundwater systems, including White Bear Lake. The commissioner must conduct this study in consultation and coordination with affected communities, the Metropolitan Council and other state and regional agencies, water utilities, watershed districts, counties, industrial water permit holders, and other entities with a demonstrated interest in the water supply challenges facing the north and east metro. The commissioner must complete a report summarizing study findings regarding long-term water supply sustainability challenges in the north and east metro and the feasibility of various options for addressing those challenges. Efficient water use and water reuse options must be included in the report. The commissioner's report must consider sufficient detail regarding preliminary design considerations, including supply source, treatment, distribution, operation, and financing, of all feasible options evaluated. The report must be provided no later than January 15, 2018, to the chairs and ranking minority members of the house of representatives and senate committees and divisions with jurisdiction over environment and natural resources finance and policy and the clean water fund. No detailed design may be undertaken by the commissioner without legislative approval. A copy of the draft report will be provided to all affected local agencies for review and comment prior to finalization and presentation by the commissioner to the legislature. The appropriation in this clause is available until June 30, 2018; and

(2) \$280,000 is for water quality monitoring, modeling, and data analysis to establish baseline water quality conditions and to assess the water quality impacts and other potential ecological effects of augmenting White Bear Lake with water from Vadnais Lake on both White Bear Lake and Vadnais Lake. The appropriation in this clause is available until June 30, 2018.

Sec. 22. **REPEALER.**

Minnesota Statutes 2014, section 123A.446, is repealed.

Sec. 23. **EFFECTIVE DATE.**

Except as otherwise provided, this act is effective the day following final enactment."

Delete the title and insert:
