Reports the same back with the recommendation that the bill be amended as follows:

Page 1, after line 29, insert:

"Section 1. Minnesota Statutes 2018, section 256B.04, subdivision 21, is amended to read:

Subd. 21. **Provider enrollment.** (a) If the commissioner or the Centers for Medicare and Medicaid Services determines that a provider is designated "high-risk," the commissioner may withhold payment from providers within that category upon initial enrollment for a 90-day period. The withholding for each provider must begin on the date of the first submission of a claim.

(b) An enrolled provider that is also licensed by the commissioner under chapter 245A, or is licensed as a home care provider by the Department of Health under chapter 144A and has a home and community-based services designation on the home care license under section 144A.484, must designate an individual as the entity's compliance officer. The compliance officer must:

(1) develop policies and procedures to assure adherence to medical assistance laws and regulations and to prevent inappropriate claims submissions;

(2) train the employees of the provider entity, and any agents or subcontractors of the provider entity including billers, on the policies and procedures under clause (1);

(3) respond to allegations of improper conduct related to the provision or billing of medical assistance services, and implement action to remediate any resulting problems;

(4) use evaluation techniques to monitor compliance with medical assistance laws and regulations;

(5) promptly report to the commissioner any identified violations of medical assistance laws or regulations; and

(6) within 60 days of discovery by the provider of a medical assistance reimbursement overpayment, report the overpayment to the commissioner and make arrangements with the commissioner for the commissioner's recovery of the overpayment.

The commissioner may require, as a condition of enrollment in medical assistance, that a provider within a particular industry sector or category establish a compliance program that contains the core elements established by the Centers for Medicare and Medicaid Services.

(c) The commissioner may revoke the enrollment of an ordering or rendering provider for a period of not more than one year, if the provider fails to maintain and, upon request from the commissioner, provide access to documentation relating to written orders or requests for payment for durable medical equipment, certifications for home health services, or referrals for other items or services written or ordered by such provider, when the commissioner has identified a pattern of a lack of documentation. A pattern means a failure to maintain documentation or provide access to documentation on more than one occasion. Nothing in this paragraph limits the authority of the commissioner to sanction a provider under the provisions of section 256B.064.

(d) The commissioner shall terminate or deny the enrollment of any individual or entity if the individual or entity has been terminated from participation in Medicare or under the Medicaid program or Children's Health Insurance Program of any other state. The commissioner may exempt a rehabilitation agency from termination or denial that would otherwise be required under this paragraph, if the agency:

(1) is unable to retain Medicare certification and enrollment solely due to a lack of billing to the Medicare program;

(2) meets all other applicable Medicare certification requirements based on an on-site review completed by the commissioner of health; and

(3) serves primarily a pediatric population.

(e) As a condition of enrollment in medical assistance, the commissioner shall require that a provider designated "moderate" or "high-risk" by the Centers for Medicare and Medicaid Services or the commissioner permit the Centers for Medicare and Medicaid Services, its agents, or its designated contractors and the state agency, its agents, or its designated contractors to conduct unannounced on-site inspections of any provider location. The commissioner shall publish in the Minnesota Health Care Program Provider Manual a list of provider types designated "limited," "moderate," or "high-risk," based on the criteria and standards used to designate Medicare providers in Code of Federal Regulations, title 42, section 424.518. The list and criteria are not subject to the requirements of chapter 14. The commissioner's designations are not subject to administrative appeal.

(f) As a condition of enrollment in medical assistance, the commissioner shall require that a high-risk provider, or a person with a direct or indirect ownership interest in the provider of five percent or higher, consent to criminal background checks, including fingerprinting, when required to do so under state law or by a determination by the commissioner or the Centers for Medicare and Medicaid Services that a provider is designated high-risk for fraud, waste, or abuse.

(g)(1) Upon initial enrollment, reenrollment, and notification of revalidation, all durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) medical suppliers meeting the durable

medical equipment provider and supplier definition in clause (3), operating in Minnesota and receiving Medicaid funds must purchase a surety bond that is annually renewed and designates the Minnesota Department of Human Services as the obligee, and must be submitted in a form approved by the commissioner. For purposes of this clause, the following medical suppliers are not required to obtain a surety bond: a federally qualified health center, a home health agency, the Indian Health Service, a pharmacy, and a rural health clinic.

(2) At the time of initial enrollment or reenrollment, durable medical equipment providers and suppliers defined in clause (3) must purchase a surety bond of \$50,000. If a revalidating provider's Medicaid revenue in the previous calendar year is up to and including \$300,000, the provider agency must purchase a surety bond of \$50,000. If a revalidating provider's Medicaid revenue in the previous calendar year is over \$300,000, the provider agency must purchase a surety bond of \$100,000. The surety bond must allow for recovery of costs and fees in pursuing a claim on the bond.

(3) "Durable medical equipment provider or supplier" means a medical supplier that can purchase medical equipment or supplies for sale or rental to the general public and is able to perform or arrange for necessary repairs to and maintenance of equipment offered for sale or rental.

(h) The Department of Human Services may require a provider to purchase a surety bond as a condition of initial enrollment, reenrollment, reinstatement, or continued enrollment if: (1) the provider fails to demonstrate financial viability, (2) the department determines there is significant evidence of or potential for fraud and abuse by the provider, or (3) the provider or category of providers is designated high-risk pursuant to paragraph (a) and as per Code of Federal Regulations, title 42, section 455.450. The surety bond must be in an amount of \$100,000 or ten percent of the provider's payments from Medicaid during the immediately preceding 12 months, whichever is greater. The surety bond must name the Department of Human Services as an obligee and must allow for recovery of costs and fees in pursuing a claim on the bond. This paragraph does not apply if the provider currently maintains a surety bond under the requirements in section 256B.0659 or 256B.85."

Subd. 7. Deposit of fees. (a) The license fees collected under this section, with the exception of the fees identified in paragraph (b), shall be deposited in the state government special revenue fund.

(b) \$5,000 of each fee collected under subdivision 1, clauses 6 to 15 and 17, and subdivision 3, clauses (4) to (13) and (15), and the fees collected under subdivision 1, clause (16), and subdivision 3, clause (14) shall be deposited in the opiate epidemic response account.

Sec. 4. **[151.066] OPIATE PRODUCT REGISTRATION FEE.**

Subdivision 1. **Definition.** (a) For purposes of this section, the following terms have the meanings given to them in this subdivision.

(b) "Manufacturer" means a manufacturer licensed under section 151.252 that is engaged in the manufacturing of an opiate.

(c) "Opiate" means any opiate-containing controlled substance listed in section 152.02, subdivisions 3 to 5, that is distributed, delivered, sold, or dispensed into or within this state.

(d) "Wholesaler" means a wholesale drug distributor licensed under section 151.47 that is engaged in the wholesale drug distribution of an opiate.

Subd. 2. **Reporting requirements.** (a) By March 1 of each year, beginning March 1, 2020, each manufacturer and each wholesaler must report to the board every sale, delivery, or other distribution within or into this state of any opiate that is made to any practitioner, pharmacy, hospital, veterinary hospital, or other person who is permitted by section 151.37 to possess controlled substances for administration or dispensing to patients that occurred during the previous calendar year. Reporting must be in the automation of reports and consolidated orders system format unless otherwise specified by the board. If a manufacturer or wholesaler fails to provide information required under this paragraph on a timely basis, the board may assess an administrative penalty of \$100 per day. This penalty shall not be considered a form of disciplinary action.

(b) By March 1 of each year, beginning March 1, 2020, each owner of a pharmacy with at least one location within this state must report to the board any intracompany delivery or distribution into this state, of any opiate, to the extent that those deliveries and distributions are not reported to the board by a licensed wholesaler owned by, under contract to, or otherwise operating on behalf of the owner of the pharmacy. Reporting must be in the manner and format specified by the board for deliveries and distributions that occurred during the previous calendar year.

Subd. 3. **Determination of an opiate product registration fee.** (a) The board shall annually assess an opiate product registration fee on any manufacturer of an opiate that annually sells, delivers, or distributes an opiate within or into the state 2,000,000 or more units as reported to the board under subdivision 2.

(b) The annual registration fee for each manufacturer meeting the requirement under paragraph (a) is \$250,000.

(c) In conjunction with the data reported under this section, and notwithstanding section 152.126, subdivision 6, the board may use the data reported under section 152.126, subdivision 4, to determine which manufacturers meet the requirement under paragraph (a) and are required to pay the registration fees under this subdivision.

(d) By April 1 of each year, beginning April 1, 2020, the board shall notify a manufacturer that the manufacturer meets the requirement in paragraph (a) and is required to pay the annual registration fee in accordance with section 151.252, subdivision 1, paragraph (b).

(e) A manufacturer may dispute the board's determination that the manufacturer must pay the registration fee no later than 30 days after the date of notification. However, the manufacturer must still remit the fee as required by section 151.252, subdivision 1, paragraph (b). The dispute must be

filed with the board in the manner and using the forms specified by the board. A manufacturer must submit, with the required forms, data satisfactory to the board that demonstrates that the assessment of the registration fee was incorrect. The board must make a decision concerning a dispute no later than 60 days after receiving the required dispute forms. If the board determines that the manufacturer has satisfactorily demonstrated that the fee was incorrectly assessed, the board must refund the amount paid in error.

Subd. 4. **Report.** (a) The Board of Pharmacy shall evaluate the registration fee on drug manufacturers established under this section, and whether the registration fee and the increased licensure fees have impacted the prescribing practices of opiates by reducing the number of opiate prescriptions issued during calendar years 2020, 2021, and 2022, to the extent the board has the ability to effectively identify a correlation. Notwithstanding section 152.126, subdivision 6, the board may access the data reported under section 152.126, subdivision 4, to conduct this evaluation.

(b) The board shall submit the results of its evaluation to the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services policy and finance by March 1, 2023.

Subd. 5. **Legislative review.** The legislature shall review the reports from the Opiate Epidemic Response Advisory Council under section 256.042, subdivision 5, paragraph (a), the reports from the commissioner of management and budget on the Results First evaluation activities under section 256.042, subdivision 5, paragraph (b), the report from the Board of Pharmacy under subdivision 4, and any other relevant report or information related to the opioid crisis in Minnesota, to make a determination about whether the opiate product registration fee assessed under this section should continue beyond July 1, 2023."

"Sec. 5. Minnesota Statutes 2018, section 151.252, subdivision 1, is amended to read:

Subdivision 1. **Requirements.** (a) No person shall act as a drug manufacturer without first obtaining a license from the board and paying any applicable fee specified in section 151.065.

(b) In addition to the license required under paragraph (a), each manufacturer required to pay the registration fee under section 151.066 must pay the fee by June 1 of each year, beginning June 1, 2020. In the event of a change of ownership of the manufacturer, the new owner must pay the registration fee specified under section 151.066, subdivision 3, that the original owner would have been assessed had the original owner retained ownership. The registration fee collected under this paragraph shall be deposited in the opiate epidemic response account established under section 256.043.

~~(b)~~ (c) Application for a drug manufacturer license under this section shall be made in a manner specified by the board.

~~(c)~~ (d) No license shall be issued or renewed for a drug manufacturer unless the applicant agrees to operate in a manner prescribed by federal and state law and according to Minnesota Rules.

~~(d)~~ (e) No license shall be issued or renewed for a drug manufacturer that is required to be registered pursuant to United States Code, title 21, section 360, unless the applicant supplies the

board with proof of registration. The board may establish by rule the standards for licensure of drug manufacturers that are not required to be registered under United States Code, title 21, section 360.

(~~e~~) (f) No license shall be issued or renewed for a drug manufacturer that is required to be licensed or registered by the state in which it is physically located unless the applicant supplies the board with proof of licensure or registration. The board may establish, by rule, standards for the licensure of a drug manufacturer that is not required to be licensed or registered by the state in which it is physically located.

(~~f~~) (g) The board shall require a separate license for each facility located within the state at which drug manufacturing occurs and for each facility located outside of the state at which drugs that are shipped into the state are manufactured.

(~~g~~) (h) The board shall not issue an initial or renewed license for a drug manufacturing facility unless the facility passes an inspection conducted by an authorized representative of the board. In the case of a drug manufacturing facility located outside of the state, the board may require the applicant to pay the cost of the inspection, in addition to the license fee in section 151.065, unless the applicant furnishes the board with a report, issued by the appropriate regulatory agency of the state in which the facility is located or by the United States Food and Drug Administration, of an inspection that has occurred within the 24 months immediately preceding receipt of the license application by the board. The board may deny licensure unless the applicant submits documentation satisfactory to the board that any deficiencies noted in an inspection report have been corrected."
