S.F. No. 1153: A bill for an act relating to crime; providing guidance to courts on sentencing veterans for criminal offenses related to a service-related disorder; proposing coding for new law in Minnesota Statutes, chapter 609.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [609.1056] MILITARY VETERAN OFFENDERS RESTORATIVE JUSTICE SENTENCE.

Subdivision 1. Offenses as a result of military service; presentence supervision procedures.

(a) In the case of any person charged with a criminal offense that is either Severity Level 7 or D7, or lower, in the Minnesota Sentencing Guidelines, who could otherwise be sentenced to county jail or state prison and who alleges that the person committed the offense as a result of sexual trauma, traumatic brain injury, post-traumatic stress disorder, substance abuse, or mental health conditions stemming from service in the United States military, the court shall, prior to entering a plea of guilty, make a determination as to whether the defendant was, or currently is, a member of the United States military and whether the defendant may be suffering from sexual trauma, traumatic brain injury, post-traumatic stress disorder, substance abuse, or mental health conditions as a result of that person's service. The court may request, through existing resources, an assessment to aid in that determination.

(b) A defendant who requests to be sentenced under this section shall release or authorize access to military service and records relating to the alleged conditions stemming from service in the United States military. These records shall be filed as confidential and remain sealed, except as provided for in this paragraph. The defendant, through existing records or licensed professional evaluation, shall establish the diagnosis of the condition and its connection to military service. The court, on the prosecutor's motion with notice to defense counsel, may order the defendant to furnish to the court for in-camera review or to the prosecutor copies of all medical and military reports and records previously or subsequently made concerning the defendant's condition and its connection to service. Based on the record, the court shall make findings on whether, by clear and convincing evidence, defendant suffers from a diagnosable condition and whether that condition stems from service in the United States military. Within 15 days of the court's findings, either party may file a challenge to the findings and demand a hearing on the defendant's eligibility under this section.

(c) If the court concludes that a defendant who entered a plea of guilty to a criminal offense is a person described in this subdivision or the parties stipulate to eligibility, and if the defendant is otherwise eligible for probation, the court shall, upon the person entering a plea of guilty, without entering a judgment of guilty and with the consent of the person, defer further proceedings and place the person on probation upon reasonable conditions as it may require and for a period, not to exceed the maximum sentence provided for the violation.

(d) Upon violation of a condition of the probation, the court may enter an adjudication of guilt and proceed as otherwise provided by law, including sentencing pursuant to the guidelines, application or waiver of statutory mandatory minimums, or a departure pursuant to subdivision 2, paragraph (d).

(e) As a condition of probation, the court may order the defendant to attend a local, state, federal, or private nonprofit treatment program for a period not to exceed that period that the defendant would have served in state prison or county jail, provided the defendant agrees to participate in the program and the court determines that an appropriate treatment program exists.

(f) A defendant granted probation under this section and ordered to attend a residential treatment program shall earn sentence credits for the actual time the defendant serves in residential treatment.

(g) The court, in making an order under this section to order a defendant to attend an established treatment program, shall give preference to a treatment program that has a history of successfully treating veterans who suffer from sexual trauma, traumatic brain injury, post-traumatic stress disorder, substance abuse, or mental health problems as a result of that service, including, but not limited to, programs operated by the United States Department of Defense or the United States Department of Veterans Affairs.

(h) The court and the assigned treatment program shall, when available, collaborate with a county veterans service officer and the United States Department of Veterans Affairs to maximize benefits and services provided to the veteran.

(i) If available in the county or judicial district having jurisdiction over the case, the defendant may be supervised by the veterans treatment court program pursuant to subdivision 3. If there is a veterans treatment court that meets the requirements of subdivision 3 in the county in which the person resides or works, supervision of the person may be transferred to that county or judicial district veterans treatment court program. If the person successfully completes the veterans treatment court program in the supervising jurisdiction, that jurisdiction shall sentence the person pursuant to this section. If the person is unsuccessful in the veterans treatment court program, the person's supervision should be returned to the jurisdiction that initiated the transfer for standard sentencing.

Subd. 2. **Restorative justice for military veterans; dismissal of charges.** (a) It is in the interests of justice to restore a defendant who acquired a criminal record due to a mental health condition stemming from service in the United States military to the community of law abiding citizens. The restorative provisions of this subdivision shall apply to cases in which a court monitoring the defendant's performance of probation pursuant to this section finds at a public hearing, held after not less than 15 days' notice to the prosecution, the defense, and any victim of the offense, that all of the following describe the defendant:

(1) the person was granted probation and was at the time that probation was granted a person eligible under subdivision 1 of this section;

(2) the person is in substantial compliance with the conditions of that probation;

(3) the person has successfully participated in court-ordered treatment and services to address the sexual trauma, traumatic brain injury, post-traumatic stress disorder, substance abuse, or mental health problems stemming from military service;

(4) the person does not represent a danger to the health and safety of others; and

(5) the person has demonstrated significant benefit from court-ordered education, treatment, or rehabilitation to clearly show that granting restorative relief pursuant to this subdivision would be in the interests of justice.

(b) When determining whether granting restorative relief pursuant to this subdivision is in the interests of justice, the court may consider, among other factors, all of the following:

(1) the defendant's completion and degree of participation in education, treatment, and rehabilitation as ordered by the court;

(2) the defendant's progress in formal education;

(3) the defendant's development of career potential;

(4) the defendant's leadership and personal responsibility efforts;

(5) the defendant's contribution of service in support of the community; and

(6) the level of harm to the community or victim from the offense.

(c) If the court finds that a case satisfies each of the requirements described in paragraph (a), then upon expiration of the period of probation the court shall discharge the person and dismiss the proceedings against that person. Discharge and dismissal under this subdivision shall be without court adjudication of guilt, but a not public record of it shall be retained by the Bureau of Criminal Apprehension for the purpose of use by the courts in determining the merits of subsequent proceedings against the person. The not public record may also be opened only upon court order for purposes of a criminal investigation, prosecution, or sentencing. Upon request by law enforcement, prosecution, or corrections authorities, the bureau shall notify the requesting party of the existence of the not public record and the right to seek a court order to open it pursuant to this section. The court shall forward a record of any discharge and dismissal under this subdivision to the bureau, which shall make and maintain the not public record of it as provided under this subdivision. The discharge or dismissal shall not be deemed a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime or for any other purpose. For purposes of this subdivision, "not public" has the meaning given in section 13.02, subdivision 8a.

(d) If the charge the person entered was a plea of guilty pursuant to subdivision 1, paragraph (c), of this section is for an offense that is a presumptive commitment to state imprisonment, the court may use the factors of paragraph (a) to justify a dispositional or durational departure, or any sentence appropriate, including the application or waiver of statutory mandatory minimums. If the court finds paragraph (a), clauses (1) to (5), factors, defendant is presumed amenable to probation.

(e) A dismissal pursuant to this subdivision does not apply to offense for which registration is required pursuant to section 243.166, subdivision 1, paragraph (b).

Subd. 3. Optional veterans treatment court program; procedures for eligible defendants.
A county or judicial district may supervise probation under this section through a veterans treatment court, using county veterans service officers appointed under sections 197.60 to 197.606, United States Department of Veterans Affairs veterans justice outreach specialists, probation agents, and

any other rehabilitative resources available to the court. "Veterans treatment court program" means a program that has the following essential characteristics:

- (1) the integration of services in the processing of cases in the judicial system;
- (2) the use of a nonadversarial approach involving prosecutors and defense attorneys to promote public safety and to protect the due process rights of program participants;
- (3) early identification and prompt placement of eligible participants in the program;
- (4) access to a continuum of alcohol, controlled substance, mental health, and other related treatment and rehabilitative services;
- (5) careful monitoring of treatment and services provided to program participants;
- (6) a coordinated strategy to govern program responses to participants' compliance;
- (7) ongoing judicial interaction with program participants;
- (8) monitoring and evaluation of program goals and effectiveness;
- (9) continuing interdisciplinary education to promote effective program planning, implementation, and operations;
- (10) development of partnerships with public agencies and community organizations, including the United States Department of Veterans Affairs; and
- (11) inclusion of a participant's family members who agree to be involved in the treatment and services provided to the participant under the program.

Subd. 4. **Authorization for creation of county and city diversion programs.** Any county or city may establish and operate a veterans pretrial diversion program for offenders eligible under subdivision 1 of this section without penalty under section 477A.0175. "Pretrial diversion" means the decision of a prosecutor to refer an offender to a diversion program on condition that the criminal charges against the offender will be dismissed after a specified period of time, or the case will not be charged, if the offender successfully completes the program of treatment recommended by the United States Department of Veterans Affairs or a local, state, federal, or private nonprofit treatment program.

S.F. No. 1424: A bill for an act relating to solar energy; establishing a grant program to enable school districts to finance the installation of solar energy systems on school buildings; creating an account and a reserve account; appropriating money; proposing coding for new law in Minnesota Statutes, chapter 216C.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [216C.375] SOLAR ENERGY GRANTS FOR SCHOOL DISTRICTS.

Subdivision 1. **Definitions.** (a) For the purposes of this section, the following terms have the meaning given them.

(b) "Energy storage system" means a commercially available technology capable of (1) absorbing and storing electrical energy, and (2) dispatching stored electrical energy at a later time.

(c) "Photovoltaic device" has the meaning given in section 216C.06, subdivision 16.

(d) "School district" means an independent or special school district.

(e) "Solar energy system" means photovoltaic devices installed alone or in conjunction with a solar thermal system or an energy storage system.

(f) "Solar thermal system" means a flat plate or evacuated tube with a fixed orientation that collects the sun's radiant energy and transfers it to a storage medium for distribution as energy to heat or cool air or water.

Subd. 2. **Establishment.** A grant program is established under the Department of Commerce to award grants to school districts to fund the design, purchase, and installation of solar energy systems on school district buildings.

Subd. 3. **Reserve accounts created; use of funds in reserve accounts.** (a) A solar energy for schools program reserve account number 1 is created in the renewable development account under section 116C.779, subdivision 1, paragraph (a). Money received from the renewable development account must be transferred to the commissioner of commerce and credited to this account. Grant awards made with funds in this account are to be used only for grants for solar energy systems installed on school buildings receiving retail electric service from the public utility that is subject to section 116C.779, subdivision 1, and for reasonable costs incurred by the department to administer this section attributable to the grant awards made from reserve account number 1. Money in the account is held in the account and does not lapse.

(b) A solar energy for schools program reserve account number 2 is created in the renewable development account under section 116C.779, subdivision 1, paragraph (a). Money received from the general fund must be transferred to the commissioner of commerce and credited to this account. Grant awards made with funds in this account are to be used only for grants for solar energy systems installed on school buildings receiving retail electric service from a utility that is not subject to section 116C.779, subdivision 1, and for reasonable costs incurred by the department to administer this section attributable to the grant awards made from reserve account number 2. Money in the account is held in the account and does not lapse.

Subd. 4. **Eligible expenditures.** (a) Grants awarded to a school district under this section:

(1) may be used to pay up to 95 percent of the cost of designing, engineering, purchasing, and installing a solar energy system;

(2) must be used to fund a solar energy system whose capacity matches the electric load of the school district building using the electricity generated, but must not exceed 300 kilowatts; and

(3) must be used to fund a solar energy system placed on, adjacent to, or in proximity to the school district building using the electricity generated.

(b) A school district that receives a rebate or other financial incentive for a solar energy system under section 116C.7792, or from any utility is not eligible to receive a grant under this section for the same solar energy system.

Subd. 5. **Application process.** A school district must submit an application to the commissioner on a form prescribed by the commissioner. The commissioner must develop administrative procedures governing the application and grant award process, and must award grants on a first-come, first-served basis.

Subd. 6. **Geographical distribution of grants.** The commissioner must endeavor to award grants under this section to school districts located throughout the state within the applicable electric service territories.

Subd. 7. **Other funds.** A school district may issue debt under section 123B.62 to provide its share of the costs for a solar energy system receiving a grant under this section.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. **APPROPRIATION.**

(a) \$3,000,000 in fiscal year 2020 is transferred from the renewable development account under Minnesota Statutes, section 116C.779, subdivision 1, to the commissioner of commerce to conduct the program established under Minnesota Statutes, section 216C.375. The commissioner of commerce must deposit the appropriation in the account established under Minnesota Statutes, section 216C.375, subdivision 3, paragraph (a).

(b) \$...... in fiscal year 2020 is appropriated from the general fund to the commissioner of commerce to conduct the program established under Minnesota Statutes, section 216C.375. The commissioner of commerce must deposit the appropriation in the account established under Minnesota Statutes, section 216C.375, subdivision 3, paragraph (b).

EFFECTIVE DATE. This section is effective the day following final enactment."

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2018, section 103I.005, subdivision 2, is amended to read:

Subd. 2. **Boring.** "Boring" means a hole or excavation that ~~is not used to extract water and~~ includes exploratory borings, bored geothermal heat exchangers, temporary borings, and elevator borings.

Sec. 2. Minnesota Statutes 2018, section 103I.005, subdivision 8a, is amended to read:

Subd. 8a. **Environmental well.** "Environmental well" means an excavation 15 or more feet in depth that is drilled, cored, bored, washed, driven, dug, jetted, or otherwise constructed to:

(1) conduct physical, chemical, or biological testing of groundwater, and includes a groundwater quality monitoring or sampling well;

(2) lower a groundwater level to control or remove contamination in groundwater, and includes a remedial well and excludes horizontal trenches; or

(3) monitor or measure physical, chemical, radiological, or biological parameters of the earth and earth fluids, or for vapor recovery or venting systems. An environmental well includes an excavation used to:

(i) measure groundwater levels, including a piezometer;

(ii) determine groundwater flow direction or velocity;

(iii) measure earth properties such as hydraulic conductivity, bearing capacity, or resistance;

(iv) obtain samples of geologic materials for testing or classification; or

(v) remove or remediate pollution or contamination from groundwater or soil through the use of a vent, vapor recovery system, or sparge point.

An environmental well does not include an exploratory boring.

Sec. 3. Minnesota Statutes 2018, section 103I.005, subdivision 17a, is amended to read:

Subd. 17a. **Temporary environmental well boring.** ~~"Temporary environmental well" means an environmental well as defined in section 103I.005, subdivision 8a, that is sealed within 72 hours of the time construction on the well begins.~~ "Temporary boring" means an excavation that is 15 feet

or more in depth that is sealed within 72 hours of the time of construction and is drilled, cored, washed, driven, dug, jetted, or otherwise constructed to:

(1) conduct physical, chemical, or biological testing of groundwater, including groundwater quality monitoring;

(2) monitor or measure physical, chemical, radiological, or biological parameters of earth materials or earth fluids, including hydraulic conductivity, bearing capacity, or resistance;

(3) measure groundwater levels, including use of a piezometer; and

(4) determine groundwater flow direction or velocity.

Sec. 4. Minnesota Statutes 2018, section 103I.205, subdivision 1, is amended to read:

Subdivision 1. **Notification required.** (a) Except as provided in paragraph (d), a person may not construct a water-supply, dewatering, or environmental well until a notification of the proposed well on a form prescribed by the commissioner is filed with the commissioner with the filing fee in section 103I.208, and, when applicable, the person has met the requirements of paragraph (e). If after filing the well notification an attempt to construct a well is unsuccessful, a new notification is not required unless the information relating to the successful well has substantially changed. A notification is not required prior to construction of a temporary ~~environmental well~~ boring.

(b) The property owner, the property owner's agent, or the licensed contractor where a well is to be located must file the well notification with the commissioner.

(c) The well notification under this subdivision preempts local permits and notifications, and counties or home rule charter or statutory cities may not require a permit or notification for wells unless the commissioner has delegated the permitting or notification authority under section 103I.111.

(d) A person who is an individual that constructs a drive point water-supply well on property owned or leased by the individual for farming or agricultural purposes or as the individual's place of abode must notify the commissioner of the installation and location of the well. The person must complete the notification form prescribed by the commissioner and mail it to the commissioner by ten days after the well is completed. A fee may not be charged for the notification. A person who sells drive point wells at retail must provide buyers with notification forms and informational materials including requirements regarding wells, their location, construction, and disclosure. The commissioner must provide the notification forms and informational materials to the sellers.

(e) When the operation of a well will require an appropriation permit from the commissioner of natural resources, a person may not begin construction of the well until the person submits the following information to the commissioner of natural resources:

(1) the location of the well;

(2) the formation or aquifer that will serve as the water source;

(3) the maximum daily, seasonal, and annual pumpage rates and volumes that will be requested in the appropriation permit; and

(4) other information requested by the commissioner of natural resources that is necessary to conduct the preliminary assessment required under section 103G.287, subdivision 1, paragraph (c).

The person may begin construction after receiving preliminary approval from the commissioner of natural resources.

Sec. 5. Minnesota Statutes 2018, section 103I.205, subdivision 4, is amended to read:

Subd. 4. **License required.** (a) Except as provided in paragraph (b), (c), (d), or (e), section 103I.401, subdivision 2, or 103I.601, subdivision 2, a person may not drill, construct, repair, or seal a well or boring unless the person has a well contractor's license in possession.

(b) A person may construct, repair, and seal an environmental well or temporary boring if the person:

(1) is a professional engineer licensed under sections 326.02 to 326.15 in the branches of civil or geological engineering;

(2) is a hydrologist or hydrogeologist certified by the American Institute of Hydrology;

(3) is a professional geoscientist licensed under sections 326.02 to 326.15;

(4) is a geologist certified by the American Institute of Professional Geologists; or

(5) meets the qualifications established by the commissioner in rule.

A person must be licensed by the commissioner as an environmental well contractor on forms provided by the commissioner.

(c) A person may do the following work with a limited well/boring contractor's license in possession. A separate license is required for each of the four activities:

(1) installing, repairing, and modifying well screens, pitless units and pitless adaptors, well pumps and pumping equipment, and well casings from the pitless adaptor or pitless unit to the upper termination of the well casing;

(2) sealing wells and borings;

(3) constructing, repairing, and sealing dewatering wells; or

(4) constructing, repairing, and sealing bored geothermal heat exchangers.

(d) A person may construct, repair, and seal an elevator boring with an elevator boring contractor's license.

(e) Notwithstanding other provisions of this chapter requiring a license, a license is not required for a person who complies with the other provisions of this chapter if the person is:

(1) an individual who constructs a water-supply well on land that is owned or leased by the individual and is used by the individual for farming or agricultural purposes or as the individual's place of abode;

(2) an individual who performs labor or services for a contractor licensed under the provisions of this chapter in connection with the construction, sealing, or repair of a well or boring at the direction and under the personal supervision of a contractor licensed under the provisions of this chapter; or

(3) a licensed plumber who is repairing submersible pumps or water pipes associated with well water systems if: (i) the repair location is within an area where there is no licensed well contractor within 50 miles, and (ii) the licensed plumber complies with all relevant sections of the plumbing code.

Sec. 6. Minnesota Statutes 2018, section 103I.208, subdivision 1, is amended to read:

Subdivision 1. **Well notification fee.** The well notification fee to be paid by a property owner is:

(1) for construction of a water supply well, \$275, which includes the state core function fee;

(2) for a well sealing, \$75 for each well or boring, which includes the state core function fee, except that a single fee of \$75 is required for all temporary ~~environmental wells borings~~ recorded on the sealing notification for a single property, ~~having depths within a 25-foot range, and sealed within 72 hours of start of construction, except that temporary environmental borings less than 25 feet in depth are exempt from the notification and fee requirements in this chapter;~~

(3) for construction of a dewatering well, \$275, which includes the state core function fee, for each dewatering well except a dewatering project comprising five or more dewatering wells shall be assessed a single fee of \$1,375 for the dewatering wells recorded on the notification; and

(4) for construction of an environmental well, \$275, which includes the state core function fee, except that a single fee of \$275 is required for all environmental wells recorded on the notification that are located on a single property, and except that no fee is required for construction of a temporary ~~environmental well~~ boring.

Sec. 7. Minnesota Statutes 2018, section 103I.235, subdivision 3, is amended to read:

Subd. 3. **Temporary ~~environmental well boring~~ and unsuccessful well exemption.** This section does not apply to temporary ~~environmental wells borings~~ or unsuccessful wells that have been sealed by a licensed contractor in compliance with this chapter.

Sec. 8. Minnesota Statutes 2018, section 103I.301, subdivision 3, is amended to read:

Subd. 3. ~~Dewatering wells~~ **Temporary boring.** (a) The owner of the property where a ~~dewatering well~~ temporary boring is located must have the ~~dewatering well~~ temporary boring sealed ~~when the dewatering well is no longer in use~~ within 72 hours after the start of construction of the temporary boring.

(b) The owner must have a well contractor, limited well/boring sealing contractor, or ~~limited dewatering an environmental~~ well contractor ~~shall seal the dewatering well~~ temporary boring.

Sec. 9. Minnesota Statutes 2018, section 103I.301, subdivision 6, is amended to read:

Subd. 6. **Notification required.** A person may not seal a well or boring until a notification of the proposed sealing is filed as prescribed by the commissioner. Temporary borings less than 25 feet in depth are exempt from the notification requirements in this chapter.

Sec. 10. Minnesota Statutes 2018, section 103I.601, subdivision 4, is amended to read:

Subd. 4. **Notification and map of borings.** (a) By ten days before beginning exploratory boring, an explorer must submit to the commissioner of health a notification of the proposed boring ~~on a form prescribed by the commissioner,~~ map and a fee of \$275 ~~for each exploratory boring.~~

(b) By ten days before beginning exploratory boring, an explorer must submit to the commissioners of health and natural resources a county road map on a single sheet of paper that is eight and one-half by 11 inches in size and having a scale of one-half inch equal to one mile, as prepared by the Department of Transportation, or a 7.5 minute series topographic map (1:24,000 scale), as prepared by the United States Geological Survey, showing the location of each proposed exploratory boring to the nearest estimated 40 acre parcel. Exploratory boring that is proposed on the map may not be commenced later than 180 days after submission of the map, unless a new map is submitted."
