EXECUTIVE AND OFFICIAL COMMUNICATIONS

The following communication was received.

January 7, 2019

The Honorable Jeremy R. Miller
President of the Senate

Dear Senator Miller:

The following appointment is hereby respectfully submitted to the Senate for confirmation as required by law:

MINNESOTA DEPARTMENT OF LABOR AND INDUSTRY
COMMISSIONER

Nancy Leppink, 713 Havenhill Rd., Eagan, in the county of Dakota, effective March 4, 2019, for a term expiring on January 2, 2023.

(Referred to the Committee on Jobs and Economic Growth Finance and Policy.)

Sincerely,
Tim Walz, Governor

MESSAGES FROM THE HOUSE

Mr. President:

I have the honor to announce that the House refuses to concur in the Senate amendments to House File No. 14:

H.F. No. 14: A bill for an act relating to elections; transferring and appropriating money for purposes of the Help America Vote Act.

The House respectfully requests that a Conference Committee of 3 members be appointed thereon.

Nelson, Dehn and Vogel have been appointed as such committee on the part of the House.

House File No. 14 is herewith transmitted to the Senate with the request that the Senate appoint a like committee.

Patrick D. Murphy, Chief Clerk, House of Representatives

Transmitted February 28, 2019

Senator Kiffmeyer moved that the Senate accede to the request of the House for a Conference Committee on H.F. No. 14, and that a Conference Committee of 3 members be appointed by the Subcommittee on Conference Committees on the part of the Senate, to act with a like Conference Committee appointed on the part of the House. The motion prevailed.

Mr. President:

I have the honor to announce the passage by the House of the following House Files, herewith transmitted: H.F. Nos. 476 and 861.

Patrick D. Murphy, Chief Clerk, House of Representatives

Transmitted February 28, 2019

FIRST READING OF HOUSE BILLS

The following bills were read the first time.

H.F. No. 476: A bill for an act relating to insurance; regulating certain coverage exclusions; proposing coding for new law in Minnesota Statutes, chapter 60A.

Referred to the Committee on Commerce and Consumer Protection Finance and Policy.

H.F. No. 861: A bill for an act relating to transportation; appropriating money for the Minnesota Licensing and Registration System (MNLARS) and Driver and Vehicle Services; requiring a report.

Senator Gazelka moved that H.F. No. 861 be laid on the table. The motion prevailed.

REPORTS OF COMMITTEES

Senator Gazelka moved that the Committee Reports at the Desk be now adopted. The motion prevailed.

Senator Ruud from the Committee on Environment and Natural Resources Policy and Legacy Finance, to which was referred

S.F. No. 1590: A bill for an act relating to environment; requiring financial assurance for waste tire facilities; proposing coding for new law in Minnesota Statutes, chapter 115A.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. **[115A.903] WASTE TIRE FACILITIES; FINANCIAL QUALIFICATIONS.**

Subdivision 1. **Definitions.** (a) For the purposes of this section, the following terms have the meanings given.

(b) "Commissioner" means the commissioner of the Minnesota Pollution Control Agency.

(c) "Financial qualification" means the ability of an applicant or permit holder to pay the costs to properly design, construct, operate, maintain, and close a waste tire facility.

(d) "Waste tire facility" means a permitted facility operated by a tire collector or tire processor at which waste tires are stored or processed.

Subd. 2. **Application; financial qualification.** (a) An applicant for a permit for a waste tire facility must submit in an application to the commissioner:

(1) information demonstrating the applicant's financial qualification to design, construct, operate, maintain, and close a waste tire facility; and

(2) cost estimates for:

- (i) site investigation;
- (ii) land acquisition costs, including financing terms and costs;
- (iii) project design;
- (iv) construction;
- (v) operations;
- (vi) maintenance; and
- (vii) facility closing.

(b) An applicant or permit holder must provide an audited, certified financial statement to the commissioner as part of the financial qualification review. An applicant may demonstrate financial qualification through a combination of cash deposits, insurance, and binding loan commitments from a financial institution licensed to do business in the state and rated AAA by Standard & Poor's, Moody's Investors Service, or Fitch Ratings. If assets of a parent, subsidiary, or other affiliate of the applicant or permit holder, or a joint venturer with a direct or indirect interest in the applicant or permit holder, are proposed to be used to demonstrate financial qualification, then the party whose assets are to be used must be designated as a joint permittee with the applicant on the permit for the facility.

Subd. 3. **Financial qualification review.** The commissioner may provide to the state auditor a copy of any filing that an applicant for a permit or a permit holder submits to the commissioner to meet the financial qualification requirement under this section. The state auditor must review the filing and provide the commissioner with a written opinion as to the adequacy of the filing to meet the purposes of this section, including any recommended changes.

Subd. 4. **Changes affecting financial qualification.** (a) To continue to hold a permit for a waste tire facility, a permit holder must maintain financial qualification and must provide any information requested by the commissioner to establish that the permit holder continues to maintain financial qualification. A permit holder must notify the commissioner within 30 days of any significant change in:

(1) the identity of any person or structure of the business entity that holds the permit for the facility;

(2) the identity of any person or structure of the business entity that owns or operates the facility;

or

(3) assets of the permit holder, owner, or operator of the facility.

(b) A change is significant under paragraph (a) if the change:

(1) has the potential to affect the financial qualification of the permit holder, owner, or operator;

or

(2) would result in a change in the identity of the permit holder, owner, or operator for purposes of financial qualification.

The commissioner may, after reviewing the changes, require the permit holder to reestablish financial qualification and may modify or revoke a permit or require issuance of a new permit.

Subd. 5. **Application.** (a) The financial qualification requirements of this section apply only in the first ten years of operation of a waste tire facility permitted in the state.

(b) This section does not apply to political subdivisions operating a waste tire facility.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to waste tire facilities issued a permit on or after that date.

Sec. 2. FINANCIAL ASSURANCE REQUIREMENTS FOR WASTE TIRE FACILITIES; RULE AMENDMENTS.

The commissioner of the Pollution Control Agency must amend Minnesota Rules, chapter 9220, with respect to the financial assurance required of owners and operators of permitted waste tire facilities as follows:

(1) the rules must require financial assurance of \$250 per ton of waste tires stored at the waste tire facility; and

(2) the rules must include as an optional financial assurance mechanism a corporate financial test substantially similar to that allowed in Code of Federal Regulations, title 40, section 258.74, paragraph (e).

EFFECTIVE DATE. This section is effective the day following final enactment."

And when so amended the bill do pass and be re-referred to the Committee on State Government Finance and Policy and Elections. Amendments adopted. Report adopted.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2018, section 116C.779, subdivision 1, is amended to read:

Subdivision 1. **Renewable development account.** (a) The renewable development account is established as a separate account in the special revenue fund in the state treasury. Appropriations and transfers to the account shall be credited to the account. Earnings, such as interest, dividends, and any other earnings arising from assets of the account, shall be credited to the account. Funds remaining in the account at the end of a fiscal year are not canceled to the general fund but remain

in the account until expended. The account shall be administered by the commissioner of management and budget as provided under this section.

(b) On July 1, 2017, the public utility that owns the Prairie Island nuclear generating plant must transfer all funds in the renewable development account previously established under this subdivision and managed by the public utility to the renewable development account established in paragraph (a). Funds awarded to grantees in previous grant cycles that have not yet been expended and unencumbered funds required to be paid in calendar year 2017 under paragraphs (e) and (f) ~~and (g)~~, and sections 116C.7792 and 216C.41, are not subject to transfer under this paragraph.

(c) ~~Except as provided in subdivision 1a, Beginning January 15, 2018~~ 2020, and continuing each January 15 thereafter, the public utility that owns the Prairie Island and Monticello nuclear generating ~~plant~~ plants must transfer to the renewable development account ~~\$500,000 each year for each dry cask containing spent fuel that is located at the Prairie Island power plant for the following amounts each year the either plant is in operation, and \$7,500,000 each year the plant is not in operation:~~ (1) \$33,000,000 in 2020; (2) \$31,000,000 in 2021; and (3) \$20,000,000 in 2022 and each year thereafter. If ordered by the commission pursuant to paragraph ~~(i)~~ (h), the public utility must transfer \$7,500,000 each year the Prairie Island plant is not in operation and \$5,250,000 each year the Monticello plant is not in operation. The fund transfer must be made if nuclear waste is stored in a dry cask at the independent spent-fuel storage facility at Prairie Island or Monticello for any part of a year.

~~(d) Except as provided in subdivision 1a, beginning January 15, 2018, and continuing each January 15 thereafter, the public utility that owns the Monticello nuclear generating plant must transfer to the renewable development account \$350,000 each year for each dry cask containing spent fuel that is located at the Monticello nuclear power plant for each year the plant is in operation, and \$5,250,000 each year the plant is not in operation if ordered by the commission pursuant to paragraph (i). The fund transfer must be made if nuclear waste is stored in a dry cask at the independent spent-fuel storage facility at Monticello for any part of a year.~~

~~(e)~~ (d) Each year, the public utility shall withhold from the funds transferred to the renewable development account under ~~paragraphs~~ paragraph (c) ~~and (d)~~ the amount necessary to pay its obligations for that calendar year under paragraphs (e), (f) ~~and (g)~~, (j), and (n), and sections 116C.7792 and 216C.41, ~~for that calendar year.~~

~~(f)~~ (e) If the commission approves a new or amended power purchase agreement, the termination of a power purchase agreement, or the purchase and closure of a facility under section 216B.2424, subdivision 9, with an entity that uses poultry litter to generate electricity, the public utility subject to this section shall enter into a contract with the city in which the poultry litter plant is located to provide grants to the city for the purposes of economic development on the following schedule: \$4,000,000 in fiscal year 2018; \$6,500,000 each fiscal year in 2019 and 2020; and \$3,000,000 in fiscal year 2021. The grants shall be paid by the public utility from funds withheld from the transfer to the renewable development account, as provided in paragraphs (b) and ~~(e)~~ (d).

~~(g)~~ (f) If the commission approves a new or amended power purchase agreement, or the termination of a power purchase agreement under section 216B.2424, subdivision 9, with an entity owned or controlled, directly or indirectly, by two municipal utilities located north of Constitutional Route No. 8, that was previously used to meet the biomass mandate in section 216B.2424, the public

utility that owns a nuclear generating plant shall enter into a grant contract with such entity to provide \$6,800,000 per year for five years, commencing 30 days after the commission approves the new or amended power purchase agreement, or the termination of the power purchase agreement, and on each June 1 thereafter through 2021, to assist the transition required by the new, amended, or terminated power purchase agreement. The grant shall be paid by the public utility from funds withheld from the transfer to the renewable development account as provided in paragraphs (b) and ~~(e)~~ (d).

~~(h)~~ (g) The collective amount paid under the grant contracts awarded under paragraphs ~~(e)~~ and (f) ~~and (g)~~ is limited to the amount deposited into the renewable development account, and its predecessor, the renewable development account, established under this section, that was not required to be deposited into the account under Laws 1994, chapter 641, article 1, section 10.

~~(i)~~ (h) After discontinuation of operation of the Prairie Island nuclear plant or the Monticello nuclear plant and each year spent nuclear fuel is stored in dry cask at the discontinued facility, the commission shall require the public utility to pay \$7,500,000 for the discontinued Prairie Island facility and \$5,250,000 for the discontinued Monticello facility for any year in which the commission finds, by the preponderance of the evidence, that the public utility did not make a good faith effort to remove the spent nuclear fuel stored at the facility to a permanent or interim storage site out of the state. This determination shall be made at least every two years.

(i) The public utility must annually file with the commission a petition to recover through a rider mechanism all funds it is required to transfer or withhold under paragraphs (c) to (f) for the next year. The commission must approve a reasonable cost recovery schedule for all funds under this paragraph.

(j) On or before January 15 of each year, the public utility must file a petition with the commission identifying the amounts withheld by the public utility the prior year under paragraph (d) and the amount actually paid the prior year for obligations identified in paragraph (d). If the amount actually paid is less than the amount withheld, the public utility must deduct the surplus from the amount withheld for the current year under paragraph (d). If the amount actually paid is more than the amount withheld, the public utility must add the deficiency amount to the amount withheld for the current year under paragraph (d). Any surplus remaining in the account after all programs identified in paragraph (d) are terminated must be returned to the public utility's customers.

~~(j)~~ (k) Funds in the account may be expended only for any of the following purposes:

- (1) to stimulate research and development of renewable electric energy technologies;
- (2) to encourage grid modernization, including, but not limited to, projects that implement electricity storage, load control, and smart meter technology; and
- (3) to stimulate other innovative energy projects that reduce demand and increase system efficiency and flexibility.

Expenditures from the fund must benefit Minnesota ratepayers receiving electric service from the utility that owns a nuclear-powered electric generating plant in this state or the Prairie Island Indian community or its members.

The utility that owns a nuclear generating plant is eligible to apply for grants under this subdivision.

~~(k)~~ (l) For the purposes of paragraph ~~(j)~~ (k), the following terms have the meanings given:

(1) "renewable" has the meaning given in section 216B.2422, subdivision 1, paragraph (c), clauses (1), (2), (4), and (5); and

(2) "grid modernization" means:

(i) enhancing the reliability of the electrical grid;

(ii) improving the security of the electrical grid against cyberthreats and physical threats; and

(iii) increasing energy conservation opportunities by facilitating communication between the utility and its customers through the use of two-way meters, control technologies, energy storage and microgrids, technologies to enable demand response, and other innovative technologies.

~~(j)~~ (m) A renewable development account advisory group that includes, among others, representatives of the public utility and its ratepayers, and includes at least one representative of the Prairie Island Indian community appointed by that community's tribal council, shall develop recommendations on account expenditures. Members of the advisory group must be chosen by the public utility. The advisory group must design a request for proposal and evaluate projects submitted in response to a request for proposals. The advisory group must utilize an independent third-party expert to evaluate proposals submitted in response to a request for proposal, including all proposals made by the public utility. A request for proposal for research and development under paragraph ~~(j)~~ (k), clause (1), may be limited to or include a request to higher education institutions located in Minnesota for multiple projects authorized under paragraph ~~(j)~~ (k), clause (1). The request for multiple projects may include a provision that exempts the projects from the third-party expert review and instead provides for project evaluation and selection by a merit peer review grant system. In the process of determining request for proposal scope and subject and in evaluating responses to request for proposals, the advisory group must strongly consider, where reasonable, potential benefit to Minnesota citizens and businesses and the utility's ratepayers.

(n) The cost to acquire the services of the independent third-party expert described in paragraph (m), and any other reasonable costs incurred to administer the advisory group and its actions required by this section, must be paid from funds withheld by the public utility under paragraph (d). The total amount withheld under this paragraph must not exceed \$125,000 each year.

~~(m)~~ (o) The advisory group shall submit funding recommendations to the public utility, which has full and sole authority to determine which expenditures shall be submitted by the advisory group to the legislature commission. The commission may approve proposed expenditures, may disapprove proposed expenditures that it finds not to be in compliance with this subdivision or otherwise not in the public interest, and may, if agreed to by the public utility, modify proposed expenditures. The commission shall, by order, submit its funding recommendations to the legislature as provided under paragraph ~~(m)~~ (p).

~~(m)~~ (p) The commission shall present its recommended appropriations from the account to the senate and house of representatives committees with jurisdiction over energy policy and finance

annually by February 15. Expenditures from the account must be appropriated by law. In enacting appropriations from the account, the legislature:

(1) may approve or disapprove, but may not modify, the amount of an appropriation for a project recommended by the commission; and

(2) may not appropriate money for a project the commission has not recommended funding.

~~(q)~~ (q) A request for proposal for renewable energy generation projects must, when feasible and reasonable, give preference to projects that are most cost-effective for a particular energy source.

~~(r)~~ (r) The advisory group must annually, by February 15, report to the chairs and ranking minority members of the legislative committees with jurisdiction over energy policy on projects funded by the account under paragraph (k) for the prior year and all previous years. The report must, to the extent possible and reasonable, itemize the actual and projected financial benefit to the public utility's ratepayers of each project.

(s) By June 1, 2019, and each June 1 thereafter, the public utility that owns the Prairie Island Nuclear Electric Generating Plant must submit to the commissioner of management and budget an estimate of the amount the public utility will deposit into the account January 15 the next year, based on the provisions of paragraphs (c) to (h) and any appropriations made from the fund during the most recent legislative session.

~~(t)~~ (t) By February 1, 2018 June 30, 2019, and each February 1 June 30 thereafter, the commissioner of management and budget shall must estimate the balance in the account as of the following January 31, taking into account the balance in the account as of June 30 and the information provided under paragraph (r). By July 15, 2019, and each July 15 thereafter, the commissioner of management and budget must submit a written report regarding the availability of funds in and obligations of the account to the chairs and ranking minority members of the senate and house committees with jurisdiction over energy policy and finance, the public utility, and the advisory group. If more than \$15,000,000 is estimated to be available in the account as of January 31, the advisory group must, by January 31 the next year, issue a request for proposals to initiate a grant cycle for the purposes of paragraph (k).

~~(u)~~ (u) A project receiving funds from the account must produce a written final report that includes sufficient detail for technical readers and a clearly written summary for nontechnical readers. The report must include an evaluation of the project's financial, environmental, and other benefits to the state and the public utility's ratepayers.

~~(v)~~ (v) Final reports, any mid-project status reports, and renewable development account financial reports must be posted online on a public website designated by the commissioner of commerce.

~~(w)~~ (w) All final reports must acknowledge that the project was made possible in whole or part by the Minnesota renewable development account, noting that the account is financed by the public utility's ratepayers.

~~(x)~~ (x) Of the amount in the renewable development account, priority must be given to making the payments required under section 216C.417.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. **PRAIRIE ISLAND NET ZERO PROJECT.**

Subdivision 1. **Program established.** The Prairie Island Net Zero Project is established with the goal of the Prairie Island Indian Community developing an energy system that results in net zero emissions.

Subd. 2. **Grant.** The commissioner of employment and economic development must enter into a grant contract with the Prairie Island Indian Community to provide the amount appropriated under section 5 to stimulate research, development, and implementation of renewable energy projects benefiting the Prairie Island Indian Community or its members. Any examination conducted by the commissioner of employment and economic development to determine the sufficiency of the financial stability and capacity of the Prairie Island Indian Community to carry out the purposes of this grant is limited to the Community Services Department of the Prairie Island Indian Community.

Subd. 3. **Plan; report.** The Prairie Island Indian Community must file a plan with the commissioner of employment and economic development no later than July 1, 2019, describing the Prairie Island Net Zero Project elements and implementation strategy. The Prairie Island Indian Community must file a report on July 1, 2020, and each July 1 thereafter until the project is complete, describing the progress made in implementing the project and the uses of expended funds. A final report must be completed within 90 days of the date the project is complete.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 3. **BIOMASS BUSINESS COMPENSATION.**

Subdivision 1. **Definitions.** (a) For the purposes of this section, the following terms have the meanings given.

(b) "Biomass plant" means the biomass plant identified under Minnesota Statutes, section 116C.779, subdivision 1, paragraph (f).

(c) "Early termination" means the early termination of the power purchase agreement authorized under Minnesota Statutes, section 216B.2424, subdivision 9, with the biomass plant.

(d) "Operating income" means a business's revenue minus its operating expenses.

Subd. 2. **Office of Administrative Hearings; claims process.** (a) The chief administrative law judge of the Office of Administrative Hearings must assign an administrative law judge to administer a claims award process to compensate businesses negatively affected by the early termination. The chief administrative law judge may develop a process, prescribe forms, identify documentation affected businesses must submit with claims, and issue awards to eligible businesses consistent with this section. The process must allow, but not require, an authorized representative from each business that applies for compensation to appear in person before the assigned administrative law judge to provide evidence in support of the business's claim.

(b) The chief administrative law judge may contract with and use the services of financial or other consultants to examine financial documentation presented by claimants or otherwise assist in the evaluation and award of claims.

(c) Records submitted to the Office of Administrative Hearings as part of the claims process constitute business data under Minnesota Statutes, section 13.591.

(d) An award made under this section is final and is not subject to judicial review.

(e) An award made under this section does not constitute an admission of liability by the state for any damages or other losses suffered by a business affected by the early termination.

Subd. 3. **Eligibility.** To be eligible for an award of compensation, an affected business must meet the following criteria:

(1) as of May 1, 2017, the affected business was operating under the terms of a valid written contract, or an oral contract that is sufficiently supported by business records, with the company operating the biomass plant or the fertilizer plant integrated with the biomass plant to supply or manage material for, or receive material from, the biomass plant or the fertilizer plant integrated with the biomass plant;

(2) the affected business is located in the state; and

(3) as the result of the early termination, the affected business suffered:

(i) decreased operating income; or

(ii) the loss of value of investments in real or personal property essential to its business operations with the biomass plant.

Subd. 4. **Types of claims.** (a) An eligible business may make claims for a compensation award based on either or both:

(1) decreased operating income; or

(2) the loss of value of investments in real or personal property essential to its business operations with the biomass plant.

(b) To establish and quantify a claim for decreased operating income, an eligible business must:

(1) demonstrate its operating income over the past five years derived from supplying or managing material for, or receiving material from, the biomass plant;

(2) present evidence of any alternative business opportunities it has pursued or could pursue to mitigate the loss of revenue from the termination of its contract with the biomass plant; and

(3) demonstrate the amount that the business's annual operating income, including operating income from any alternative business opportunities, after the termination of the business's contract with the biomass plant is less than the five-year average of the business's annual operating income before the early termination;

(c) To establish and quantify a loss of value of investments in real or personal property claim, an eligible business must provide sufficient evidence of:

(1) the essential nature of the investment made in the property to fulfill the contract with the biomass plant;

(2) the extent to which the eligible business is able to repurpose the property for another productive use after the early termination, including but not limited to the use, sales, salvage, or scrap value of the property for which the loss is claimed; and

(3) the value of the eligible business's nondepreciated investment in the property.

Subd. 5. **Limitations on awards.** (a) A compensation award for a decreased operating income claim must not exceed the amount calculated under subdivision 4, paragraph (b), clause (3), multiplied by two.

(b) The use, sales, salvage, or scrap value of the property for which a loss is claimed must be deducted from a compensation award for a loss of value of investments in real or personal property claim.

(c) A payment received from business interruption insurance policies, settlements, or other forms of compensation related to the termination of the business's contract with the biomass plant must be deducted from any compensation award provided under this section.

Subd. 6. **Priority.** The chief administrative law judge may give priority to claims by eligible businesses that demonstrate a significant effort to pursue alternative business opportunities or to conduct other loss mitigation efforts to reduce its claimed losses related to the termination of its contract with the company operating the biomass plant.

Subd. 7. **Awarding claims.** If the amount provided for compensation in the biomass business compensation account established under section 4 is insufficient to fully award all claims eligible for an award, all awards must be adjusted proportionally based on the value of the claim.

Subd. 8. **Deadlines.** The chief administrative law judge must make the application process for eligible claims available by August 1, 2019. A business seeking an award under this section must file all claims with the chief administrative law judge within 60 days of the date the chief administrative law judge makes the application process for eligible claims available. All preliminary awards on eligible claims must be made within 120 days of the deadline date to file claims. Any requests to reconsider an award denial must be filed with the chief administrative law judge within 60 days of the notice date for preliminary awards. All final awards for eligible claims must be made within 60 days of the deadline date to file reconsideration requests. The commissioner of management and budget must pay all awarded claims within 45 days of the date the commissioner of management and budget receives notice of the final awards from the chief administrative law judge.

Subd. 9. **Expiration.** This section expires June 30, 2022.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. **BIOMASS BUSINESS COMPENSATION ACCOUNT.**

Subdivision 1. **Account established.** A biomass business compensation account is established as a separate account in the special revenue fund in the state treasury. Appropriations and transfers to the account must be credited to the account. Earnings, such as interest, and any other earnings arising from the assets of the account are credited to the account. Funds remaining in the account as of December 31, 2021, must be transferred to the renewable development account established under Minnesota Statutes, section 116C.779.

Subd. 2. **Funding for the special account.** Notwithstanding Minnesota Statutes, section 116C.779, subdivision 1, paragraph (j), on July 1, 2019, \$40,000,000 must be transferred from the renewable development account under Minnesota Statutes, section 116C.779, to the biomass business compensation account established under subdivision 3. The transferred funds are appropriated to pay eligible obligations under the biomass business compensation program established under section 3.

Subd. 3. **Payment of expenses.** The chief administrative law judge must certify to the commissioner of management and budget the total costs incurred to administer the biomass business compensation claims process. The commissioner of management and budget must transfer an amount equal to the certified costs incurred for biomass business compensation claim activities from the renewable development account under Minnesota Statutes, section 116C.779, and deposit it in the administrative hearings account under Minnesota Statutes, section 14.54. Transfers may occur quarterly throughout the fiscal year and must be based on quarterly cost and revenue reports, with final certification and reconciliation after each fiscal year. The total amount transferred under this subdivision must not exceed \$200,000.

Subd. 4. **Expiration.** This section expires June 30, 2022.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 5. **APPROPRIATION; PRAIRIE ISLAND NET ZERO PROJECT.**

Notwithstanding Minnesota Statutes, section 116C.779, subdivision 1, paragraph (j), \$20,000,000 in fiscal year 2020; \$7,500,000 in fiscal years 2021, 2022, and 2023; and \$3,700,000 in fiscal year 2024 are appropriated from the renewable development account under Minnesota Statutes, section 116C.779, subdivision 1, to the commissioner of employment and economic development for a grant to the Prairie Island Indian Community to establish the Net Zero Project under section 2.

EFFECTIVE DATE. This section is effective the day following final enactment."

"Section 1. DEFICIENCY FUNDING FOR MNLARS AND DRIVER'S LICENSE SYSTEM; APPROPRIATION.

(a) \$11,200,000 in fiscal year 2019 is appropriated from the general fund to the commissioner of public safety for the continued development and improvement of the Minnesota Licensing and Registration System (MNLARS) and the Driver's License System. Of this amount: (1) \$5,500,000 is for Phase 2 of the Driver's License System development and implementation, contracting staff and technology costs; and (2) \$5,700,000 is for Minnesota Licensing and Registration System development, technology costs, contracts, MNLARS development contractors, MNLARS data and tools contractors, business analysts, and user acceptance testers. This is a onetime appropriation and is available until June 30, 2020. This appropriation must not be used for the public information center or for other similar customer service functions.

(b) The appropriation in paragraph (a) is not subject to the appropriation review procedure required by Laws 2018, chapter 101, section 4, subdivision 5.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. DEFICIENCY FUNDING FOR DVS; APPROPRIATION.

(a) \$2,000,000 in fiscal year 2019 is appropriated from the general fund to the commissioner of public safety to temporarily increase the capacity of Driver and Vehicle Services to meet the customer service levels needs of business partners and the public. This appropriation is only for work performed or expenses incurred on or before June 30, 2019. This appropriation must be spent to hire temporary or contract employees and equipment and space for these employees. This appropriation must not be spent for permanent state employees.

(b) This is a onetime appropriation and is available until June 30, 2019.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 3. QUARTERLY PROGRESS REPORTS.

As part of the quarterly progress reports required by Laws 2018, chapter 101, section 2, subdivision 3, the commissioner of public safety and the state chief information officer must report on how the appropriations in sections 1 and 2 have been spent and the plans for how the remaining funds will be spent. The report must include detailed explanation of how the funds were spent, including a line-item breakdown of costs.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. INDEPENDENT EXPERT REVIEW OF MNLARS; APPROPRIATION.

(a) Notwithstanding Minnesota Statutes, chapter 16C, or any law to the contrary, the chair of the Governor's Blue Ribbon Council on Information Technology, established by Executive Order 19-02, must conduct a review of MNLARS as provided by this section. The chair may select two additional people to assist the chair in conducting the review. The commissioner of public safety and the state chief information officer must provide access to MNLARS, including the code, and provide any requested information to the chair.

(b) By May 1, 2019, the chair must, at a minimum:

(1) render an independent expert's opinion on:

(i) whether DPS and MN.IT have the necessary technology, software development processes, and staffing plans to correct all current critical, high, and medium defects and gaps, as identified by external end users, that do not require major architectural changes to MNLARS by the end of calendar year 2019;

(ii) whether DPS and MN.IT have the necessary technology, software development processes, and staffing plans to fulfill all required back end work, including decommissioning of the legacy system by the end of fiscal year 2021, given full development, operating, and maintenance funding as proposed in the governor's February 2019 budget;

(iii) whether DPS and MN.IT are poised to successfully deliver all project deliverables on time and on budget by the end of fiscal year 2021; and

(iv) whether DPS and MN.IT would, or would not, be more apt to succeed in meeting project deliverables and timeframes, within the funding as proposed in the governor's February 2019 budget, by adopting a commercial off-the-shelf software solution or an outsourced service to replace all or part of the MNLARS functionality;

(2) produce a detailed report of the chair's findings, recommendations, and opinions, including recommendations on whether to outsource all or parts of MNLARS functionality based on information provided pursuant to paragraph (a) and received from private sector entities; and

(3) provide the report in clause (2) to the chairs and ranking minority members of the house of representatives and senate committees with jurisdiction over transportation finance and policy. This report must also be provided to the legislative auditor.

(c) \$100,000 is appropriated in fiscal year 2019 from the general fund to the legislative auditor to compensate the chair and the two people appointed by the chair, including reimbursement for expenses, for work completed pursuant to paragraph (a). This is a onetime appropriation.

EFFECTIVE DATE. This section is effective the day following final enactment."

And when so amended the bill do pass and be re-referred to the Committee on Finance. Amendments adopted. Report adopted.
