Subd. 4a. **Alternative review.** (a) The board shall by rule identify alternative forms of environmental review which will address the same issues and utilize similar procedures as an environmental impact statement in a more timely or more efficient manner to be utilized in lieu of an environmental impact statement.

(b) Upon adoption by the responsible governmental unit of the environmental document and plan for mitigation under an alternative urban areawide review process, and notwithstanding any additional environmental review that may otherwise be required for a phased action or connected action, or project component that was not evaluated in the alternative urban areawide review process, environmental review is complete and the prerequisites under subdivision 2b are satisfied with regards to the anticipated residential, commercial, warehousing, and light industrial development projects that are consistent with development assumptions within the established boundaries of the geographic area to which the alternative urban areawide review applies.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2024, section 216B.02, is amended by adding a subdivision to read:

(3) who meets another qualification established by the commission.

Sec. 5. Minnesota Statutes 2024, section 216B.16, subdivision 14, is amended to read:

Subd. 14. **Low-income electric rate discount.** A public utility shall fund an affordability program for low-income customers at a base annual funding level of \$8,000,000. The annual funding level shall increase in the calendar years subsequent to each commission approval of a rate increase for the public utility's residential customers by the same percentage as the approved residential rate increase. Costs for the program shall be included in the utility's base rate. ~~For the purposes of this subdivision, "low-income" describes a customer who is receiving assistance from the federal low-income home energy assistance program.~~ The affordability program must be designed to target participating customers with the lowest incomes and highest energy costs in order to lower the percentage of income they devote to energy bills, increase their payments, lower utility service disconnections, and decrease costs associated with collection activities on their accounts. For low-income customers who are 62 years of age or older or disabled, the program must include a \$15 discount in each billing period. For the purposes of this subdivision, "public utility" includes only those public utilities with more than 200,000 residential electric service customers. The commission may issue orders necessary to implement, administer, and recover the costs of the program on a timely basis.

Sec. 6. Minnesota Statutes 2024, section 216B.16, subdivision 15, is amended to read:

Subd. 15. **Low-income affordability programs.** (a) The commission must consider ability to pay as a factor in setting utility rates and may establish affordability programs for low-income residential ratepayers in order to ensure affordable, reliable, and continuous service to low-income utility customers. A public utility serving low-income residential ratepayers who use natural gas for heating must file an affordability program with the commission. ~~For purposes of this subdivision, "low-income residential ratepayers" means ratepayers who receive energy assistance from the low-income home energy assistance program (LIHEAP).~~

(b) Any affordability program the commission orders a utility to implement must:

(1) lower the percentage of income that participating low-income households devote to energy bills;

(2) increase participating customer payments over time by increasing the frequency of payments;

(3) decrease or eliminate participating customer arrears;

(4) lower the utility costs associated with customer account collection activities; and

(5) coordinate the program with other available low-income bill payment assistance and conservation resources.

(c) In ordering affordability programs, the commission may require public utilities to file program evaluations that measure the effect of the affordability program on:

- (1) the percentage of income that participating households devote to energy bills;
- (2) service disconnections; and
- (3) frequency of customer payments, utility collection costs, arrearages, and bad debt.

(d) The commission must issue orders necessary to implement, administer, and evaluate affordability programs, and to allow a utility to recover program costs, including administrative costs, on a timely basis. The commission may not allow a utility to recover administrative costs, excluding start-up costs, in excess of five percent of total program costs, or program evaluation costs in excess of two percent of total program costs. The commission must permit deferred accounting, with carrying costs, for recovery of program costs incurred during the period between general rate cases.

(e) Public utilities may use information collected or created for the purpose of administering energy assistance to administer affordability programs.

Sec. 8. Minnesota Statutes 2024, section 216B.164, subdivision 3, is amended to read:

Subd. 3. **Purchases; small facilities.** (a) This paragraph applies to cooperative electric associations and municipal utilities. For a qualifying facility having less than 40-kilowatt capacity, the customer shall be billed for the net energy supplied by the utility according to the applicable rate schedule for sales to that class of customer. A cooperative electric association or municipal utility may charge an additional fee to recover the fixed costs not already paid for by the customer through the customer's existing billing arrangement. Any additional charge by the utility must be reasonable and appropriate for that class of customer based on the most recent cost of service study. The cost of service study must be made available for review by a customer of the utility upon request. In the case of net input into the utility system by a qualifying facility having less than 40-kilowatt capacity, compensation to the customer shall be at a per kilowatt-hour rate determined under paragraph (c), ~~(d)~~, or (f).

(b) This paragraph applies to public utilities. For a qualifying facility having less than 1,000-kilowatt capacity, the customer shall be billed for the net energy supplied by the utility according to the applicable rate schedule for sales to that class of customer. In the case of net input into the utility system by a qualifying facility having: (1) more than 40-kilowatt but less than 1,000-kilowatt capacity, compensation to the customer shall be at a per kilowatt-hour rate determined under paragraph (c); or (2) less than 40-kilowatt capacity, compensation to the customer shall be at a per-kilowatt rate determined under paragraph (c) or (d).

(c) In setting rates, the commission shall consider the fixed distribution costs to the utility not otherwise accounted for in the basic monthly charge and shall ensure that the costs charged to the qualifying facility are not discriminatory in relation to the costs charged to other customers of the utility. The commission shall set the rates for net input into the utility system based on avoided costs as defined in the Code of Federal Regulations, title 18, section 292.101, paragraph (b)(6), the factors listed in Code of Federal Regulations, title 18, section 292.304, and all other relevant factors.

(d) Notwithstanding any provision in this chapter to the contrary, a qualifying facility ~~having that is interconnected to a public utility and has~~ less than 40-kilowatt capacity may elect that the compensation for net input by the qualifying facility into the utility system ~~shall be~~ is at the average retail utility energy rate. "Average retail utility energy rate" is defined as the average of the retail energy rates, exclusive of special rates based on income, age, or energy conservation, according to the applicable rate schedule of the utility for sales to that class of customer.

(e) If the qualifying facility or net metered facility is interconnected with a nongenerating utility which has a sole source contract with a municipal power agency or a generation and transmission utility, the nongenerating utility may elect to treat its purchase of any net input under this subdivision as being made on behalf of its supplier and shall be reimbursed by its supplier for any additional costs incurred in making the purchase. Qualifying facilities or net metered facilities having less than 1,000-kilowatt capacity if interconnected to a public utility, or less than 40-kilowatt capacity if interconnected to a cooperative electric association or municipal utility may, at the customer's option, elect to be governed by the provisions of subdivision 4.

(f) A customer with a qualifying facility or net metered facility having a capacity below 40 kilowatts that is interconnected to a cooperative electric association or a municipal utility may elect to be compensated for the customer's net input into the utility system in the form of a kilowatt-hour credit on the customer's energy bill carried forward and applied to subsequent energy bills. Any kilowatt-hour credits carried forward by the customer cancel at the end of the calendar year ~~with no additional compensation~~. A customer must be compensated for a canceled credit at the per kilowatt-hour rate determined under paragraph (c).

(g) This section applies only to qualifying facilities that have submitted interconnection applications after December 31, 2026. Qualifying facilities with interconnection applications submitted on or before that date are subject to Minnesota Statutes 2024, section 216B.164.

EFFECTIVE DATE. This section is effective July 1, 2025.

Subd. 4a. **Aggregation of meters.** (a) For the purpose of measuring electricity under subdivisions 3 and 3a, a public utility must aggregate for billing purposes a customer's designated meter with one or more aggregated meters if a customer requests that it do so. To qualify for aggregation under this subdivision, a meter must be owned by the customer requesting the aggregation, must be located on contiguous property owned by the customer requesting the aggregation, and the total of all aggregated meters must be subject to the size limitation in this section. A cooperative electric association or a municipal utility must aggregate for billing purposes one or more aggregated meters if a customer requests that it do so.

(b) A ~~public~~ utility must comply with a request by a customer-generator to aggregate additional meters within 90 days. The specific meters must be identified at the time of the request. In the event that more than one meter is identified, the customer must designate the rank order for the aggregated meters to which the net metered credits are to be applied. At least 60 days prior to the beginning of the next annual billing period, a customer may amend the rank order of the aggregated meters, subject to this subdivision.

(c) The aggregation of meters applies only to charges that use kilowatt-hours as the billing determinant. All other charges applicable to each meter account shall be billed to the customer.

(d) A ~~public~~ utility will first apply the kilowatt-hour credit to the charges for the designated meter and then to the charges for the aggregated meters in the rank order specified by the customer. If the ~~net-metered~~ facility supplies more electricity to the public utility than the energy usage recorded by the customer-generator's designated and aggregated meters during a monthly billing period, the public utility shall apply credits to the customer's next monthly bill for the excess kilowatt-hours.

(e) With the commission's prior approval, a ~~public~~ utility may charge the customer-generator requesting to aggregate meters a reasonable fee to cover the administrative costs incurred in implementing the costs of this subdivision, pursuant to a tariff approved by the commission for a ~~public~~ utility.

(c) Subject to judicial review under section 216B.52, a financing order is irrevocable and is not reviewable by a future commission. The commission must not: (1) reduce, impair, postpone, or terminate extraordinary event charges approved in a financing order; (2) reduce or impair the extraordinary event property approved in a financing order or impair the collection or recovery of extraordinary event charges and extraordinary event revenue; or (3) change the customers required to pay extraordinary event charges.

(d) Notwithstanding paragraph (c), the commission may, on the commission's own motion or at the request of a utility or any other person, commence a proceeding and issue a subsequent financing order that provides for refinancing, retiring, or refunding extraordinary event bonds issued under the original financing order if:

(1) the commission makes all of the findings specified in subdivision 2 with respect to the subsequent financing order; and

(2) the modification contained in the subsequent financing order does not in any way impair the covenants and terms of the extraordinary event bonds being refinanced, retired, or refunded.

Subd. 5. **Effect on commission jurisdiction.** (a) Except as provided in paragraph (b), the commission, in exercising the powers and carrying out the duties under this section, is prohibited from:

(1) considering extraordinary event bonds issued under this section to be debt of the utility other than for income tax purposes, unless considering the extraordinary event bonds to be debt is necessary to achieve consistency with prevailing utility debt rating methodologies;

(2) considering the extraordinary event charges paid under the financing order to be revenue of the utility;

(3) considering the extraordinary event costs or financing costs specified in the financing order to be the regulated costs or assets of the utility; or

(4) determining that any prudent action taken by a utility that is consistent with the financing order is unjust or unreasonable.

(b) Nothing in this subdivision:

(1) affects the authority of the commission to apply or modify a billing mechanism designed to recover extraordinary event charges;

(2) prevents or precludes the commission from (i) investigating a utility's compliance with the financing order's terms and conditions, and (ii) requiring compliance with the financing order; or

(3) prevents or precludes the commission from imposing regulatory sanctions against a utility for failure to comply with (i) the financing order's terms and conditions, or (ii) the requirements of this section.

(c) The commission is prohibited from refusing to allow a utility to recover any costs associated with the replacement of natural gas facilities solely because the utility has elected to finance the

natural gas facility replacement through a financing mechanism other than extraordinary event bonds.

Sec. 3. **[216B.493] POSTORDER COMMISSION DUTIES.**

Subdivision 1. **Financing costs review.** Within 120 days after the date extraordinary event bonds are issued, a utility subject to a financing order must file with the commission the actual initial and ongoing financing costs, the final structure and pricing of the extraordinary event bonds, and the actual extraordinary event charge. The commission must review the prudence of the natural gas utility's actions to determine whether the actual financing costs were the lowest that could reasonably be achieved given the financing order's terms and market conditions prevailing at the time of the extraordinary event bond's issuance.

Subd. 2. **Enforcement.** If the commission determines that a utility's actions under this section are not prudent or are inconsistent with the financing order, the commission may apply remedies deemed appropriate for utility actions, provided that any remedy applied must not directly or indirectly: (1) reduce or impair the extraordinary event property approved in the financing order or impair the collection or recovery of extraordinary event charges and extraordinary event revenue; (2) reduce, impair, postpone, or terminate extraordinary event charges approved in the financing order until all principal, interest, and redemption premium, if any, payable on the extraordinary event bonds, all financing costs, and all amounts to be paid to an assignee or financing party under an ancillary agreement are paid in full; or (3) change the customers required to pay extraordinary event charges.

Sec. 4. **[216B.494] USE OF OUTSIDE EXPERTS.**

(a) To carry out the duties under this section, the commission may:

(1) contract with outside consultants and counsel experienced in securitized utility customer-backed bond financing similar to extraordinary event bonds; and

(2) hire and compensate additional temporary staff as needed.

Expenses incurred by the commission under this paragraph must be treated as financing costs paid by the extraordinary event revenue. The costs incurred under clause (1) are not an obligation of the state and are assigned solely to the transaction.

(b) A utility presented with a written request from the commission to reimburse the commission's expenses incurred under paragraph (a), accompanied by a detailed account of the subject expenses, must provide the issuer of the extraordinary event bonds and the indenture trustee for the extraordinary event bonds with such documentation. The indenture trustee must remit full payment of the expenses to the commission on the next interest payment date of the extraordinary event bonds after the payment of interest and scheduled principal of the extraordinary event bonds in accordance with the payment waterfall included in the indenture governing the extraordinary event bonds.

(c) If a utility's application for a financing order is denied or withdrawn for any reason and extraordinary event bonds are not issued, the commission's costs to retain expert consultants under this section must be paid by the applicant utility and are deemed a prudent deferred expense eligible for recovery in the utility's future rates.

Sec. 5. [216B.495] EXTRAORDINARY EVENT CHARGE; BILLING TREATMENT.

(a) A utility that obtains a financing order and issues extraordinary event bonds must:

(1) include on each customer's monthly natural gas bill:

(i) a statement that a portion of the charges represents extraordinary event charges approved in a financing order;

(ii) the amount and rate of the extraordinary event charge as a separate line item titled "extraordinary event charge"; and

(iii) if extraordinary event property has been transferred to an assignee, a statement that the assignee is the owner of the rights to extraordinary event charges and that the utility or other entity, if applicable, is acting as a collection agent or servicer for the assignee; and

(2) file annually with the commission:

(i) a calculation that identifies the impact financing the retirement or replacement of natural gas facilities has on customer rates, itemized by customer class; and

(ii) evidence demonstrating that extraordinary event revenues are applied solely to pay (A) principal and interest on extraordinary event bonds, and (B) other financing costs.

(b) Extraordinary event charges are nonbypassable and must be paid by all existing and future customers receiving service from the utility or the utility's successors or assignees under commission-approved rate schedules or special contracts.

(c) A utility's failure to comply with this section does not invalidate, impair, or affect any financing order, extraordinary event property, extraordinary event charge, or extraordinary event bonds, but does subject the utility to penalties under applicable commission rules provided that any penalty applied must not directly or indirectly: (1) reduce or impair the extraordinary event property approved in the financing order or impair the collection or recovery of extraordinary event charges and extraordinary event revenue; (2) reduce, impair, postpone, or terminate extraordinary event charges approved in the financing order until all principal, interest, and redemption premium, if any, payable on the extraordinary event bonds, all financing costs, and all amounts to be paid to an assignee or financing party under an ancillary agreement are paid in full; or (3) change the customers required to pay extraordinary event charges.

Sec. 6. [216B.496] EXTRAORDINARY EVENT PROPERTY.

Subdivision 1. General. (a) Extraordinary event property is an existing present property right or interest in a property right, even though the imposition and collection of extraordinary event charges depend on the utility collecting extraordinary event charges and on future natural gas consumption. The property right or interest exists regardless of whether the revenues or proceeds arising from the extraordinary event property have been billed, have accrued, or have been collected.

(b) Extraordinary event property exists until all extraordinary event bonds issued under a financing order are paid in full and all financing costs and other extraordinary event bonds costs have been recovered in full.

(c) All or any portion of extraordinary event property described in a financing order issued to a utility may be transferred, sold, conveyed, or assigned to a successor or assignee that is wholly owned, directly or indirectly, by the utility and created for the limited purpose of acquiring, owning, or administering extraordinary event property or issuing extraordinary event bonds authorized by the financing order. All or any portion of extraordinary event property may be pledged to secure extraordinary event bonds issued under a financing order, amounts payable to financing parties and to counterparties under any ancillary agreements, and other financing costs. Each transfer, sale, conveyance, assignment, or pledge by a utility or an affiliate of extraordinary event property is a transaction in the ordinary course of business.

(d) If a utility defaults on any required payment of charges arising from extraordinary event property described in a financing order, a court, upon petition by an interested party and without limiting any other remedies available to the petitioner, must order the sequestration and payment of the revenues arising from the extraordinary event property to the financing parties.

(e) The interest of a transferee, purchaser, acquirer, assignee, or pledgee in extraordinary event property specified in a financing order issued to a utility, and in the revenue and collections arising from the property, is not subject to setoff, counterclaim, surcharge, or defense by the utility or any other person, or in connection with the reorganization, bankruptcy, or other insolvency of the utility or any other entity.

(f) A successor to a utility, whether resulting from a reorganization, bankruptcy, or other insolvency proceeding, merger or acquisition, sale, other business combination, transfer by operation of law, utility restructuring, or otherwise: (1) must perform and satisfy all obligations of, and has the same duties and rights under, a financing order as the utility to which the financing order applies; and (2) must perform the duties and exercise the rights in the same manner and to the same extent as the utility, including (i) collecting extraordinary event bonds revenues, collections, payments, or proceeds, and (ii) paying a person entitled to receive extraordinary event bonds revenues, collections, payments, or proceeds.

Subd. 2. Security interests in extraordinary event property. (a) The creation, perfection, and enforcement of any security interest in extraordinary event property to secure the repayment of the principal and interest on extraordinary event bonds, amounts payable under any ancillary agreement, and other financing costs are governed by this section only.

(b) A security interest in extraordinary event property is created, valid, and binding when:

(1) the financing order that describes the extraordinary event property is issued;

(2) a security agreement is executed and delivered; and

(3) value is received for the extraordinary event bonds.

(c) Once a security interest in extraordinary event property is created, the security interest attaches without any physical delivery of collateral or any other act. The lien of the security interest is valid, binding, and perfected against all parties having claims of any kind in tort, in contract, or otherwise against the person granting the security interest, regardless of whether the parties have notice of the lien, upon the filing of a financing statement with the secretary of state.

(d) The description or indication of extraordinary event property in a transfer or security agreement and a financing statement is sufficient only if the description or indication refers to this section and the financing order creating the extraordinary event property.

(e) A security interest in extraordinary event property is a continuously perfected security interest and has priority over any other lien, created by operation of law or otherwise, that may subsequently attach to the extraordinary event property unless the person that holds the security interest has agreed otherwise in writing.

(f) The priority of a security interest in extraordinary event property is not affected by the commingling of extraordinary event property or extraordinary event revenue with other money. An assignee, bondholder, or financing party has a perfected security interest in the amount of all extraordinary event property or extraordinary event revenue that is pledged to pay extraordinary event bonds even if the extraordinary event property or extraordinary event revenue is deposited in a cash or deposit account owned by the utility in which the extraordinary event revenue is commingled with other money. Any other security interest that applies to the other money does not apply to the extraordinary event revenue.

(g) A subsequent commission order amending a financing order under section 216B.492, subdivision 4, or the application of an adjustment mechanism authorized by a financing order under section 216B.492, subdivision 3, does not affect the validity, perfection, or priority of a security interest in or transfer of extraordinary event property.

Subd. 3. Sales of extraordinary event property. (a) A sale, assignment, or transfer of extraordinary event property is an absolute transfer and true sale of, and not a pledge of or secured transaction relating to, the seller's right, title, and interest in, to, and under the extraordinary event property if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer. A transfer of an interest in extraordinary event property may be created when:

(1) the financing order creating and describing the extraordinary event property is effective;

(2) the documents evidencing the transfer of the extraordinary event property are executed and delivered to the assignee; and

(3) value is received.

(b) The characterization of a sale, assignment, or transfer as an absolute transfer and true sale, and the corresponding characterization of the property interest of the assignee, is not affected or impaired by:

(1) commingling extraordinary event revenue with other money;

(2) the seller retaining:

(i) a partial or residual interest, including an equity interest, in the extraordinary event property, whether (A) direct or indirect, or (B) subordinate or otherwise; or

(ii) the right to recover costs associated with taxes, franchise fees, or license fees imposed on the collection of extraordinary event revenue;

(3) any recourse that the extraordinary event property purchaser may have against the seller;

(4) any indemnification rights, obligations, or repurchase rights made or provided by the extraordinary event property seller;

(5) the extraordinary event property seller's obligation to collect extraordinary event revenues on behalf of an assignee;

(6) the treatment of the sale, assignment, or transfer for tax, financial reporting, or other purposes;

(7) any subsequent financing order amending a financing order under section 216B.492, subdivision 4, paragraph (d); or

(8) any application of an adjustment mechanism under section 216B.492, subdivision 3, paragraph (a), clause (6).

Sec. 7. [216B.497] EXTRAORDINARY EVENT BONDS.

(a) A bank, trust company, savings and loan association, insurance company, executor, administrator, guardian, trustee, or other fiduciary may legally invest any money within the individual's or entity's control in extraordinary event bonds.

(b) Extraordinary event bonds issued under a financing order are not debt of or a pledge of the faith and credit or taxing power of the state, any agency of the state, or any political subdivision. An extraordinary event bonds holder does not possess the ability to compel taxes to be levied by the state or a political subdivision in order to pay the principal or interest on extraordinary event bonds. The issuance of extraordinary event bonds does not directly, indirectly, or contingently obligate the state or a political subdivision to levy any tax or make any appropriation to pay principal or interest on the extraordinary event bonds.

(c) The state pledges to and agrees with an extraordinary event bonds holder, assignee, and financing party that the state and state agencies, including the commission, are prohibited from:

(1) taking or permitting an action that reduces or impairs the extraordinary event property approved in the financing order or impairs the collection or recovery of extraordinary event charges or extraordinary event revenue;

(2) reducing, impairing, postponing, or terminating extraordinary event charges approved in the financing order that are imposed, collected, and remitted for the benefit of an extraordinary event bonds holder, assignee, and financing party until all principal, interest, and redemption premium, if any, payable on extraordinary event bonds, all financing costs, and all amounts to be paid to an assignee or financing party under an ancillary agreement are paid in full; or

(3) changing the customers required to pay the extraordinary event charges.

(d) The commission may include a pledge in the financing order similar to the pledge included in paragraph (c).

(e) A person who issues extraordinary event bonds may include the pledge specified in paragraphs (c) and (d) in the extraordinary event bonds, ancillary agreements, and documentation related to the issuance and marketing of the extraordinary event bonds.

Sec. 8. [216B.498] ASSIGNEE OF FINANCING PARTY NOT SUBJECT TO COMMISSION REGULATION.

An assignee or financing party that is not already regulated by the commission does not become subject to commission regulation solely as a result of engaging in any transaction authorized by or described in sections 216B.491 to 216B.499.

Sec. 9. [216B.499] EFFECT ON OTHER LAWS.

(a) If a provision of sections 216B.491 to 216B.499 conflicts with other law regarding the attachment, assignment, perfection, effect of perfection, or priority of a security interest in or transfer of extraordinary event property, sections 216B.491 to 216B.499 govern.

(b) Nothing in this section precludes a utility for which the commission has initially issued a financing order from applying to the commission for:

(1) a subsequent financing order amending the financing order under section 216B.492, subdivision 4, paragraph (d); or

(2) approval to issue extraordinary event bonds to refund all or a portion of an outstanding series of extraordinary event bonds.

Sec. 10. Minnesota Statutes 2024, section 216B.62, subdivision 3, is amended to read:

Subd. 3. Assessing all public utilities. The department and commission shall quarterly, at least 30 days before the start of each quarter, estimate the total of their expenditures in the performance of their duties relating to public utilities under sections 216B.01 to 216B.67, other than amounts chargeable to public utilities under subdivision 2, 6, 7, ~~or 8,~~ or 9. The remainder shall be assessed by the commission and department to the several public utilities in proportion to their respective gross operating revenues from retail sales of gas or electric service within the state during the last calendar year. The assessment shall be paid into the state treasury within 30 days after the bill has been transmitted via mail, personal delivery, or electronic service to the several public utilities, which shall constitute notice of the assessment and demand of payment thereof. The total amount which may be assessed to the public utilities, under authority of this subdivision, shall not exceed one-sixth of one percent of the total gross operating revenues of the public utilities during the calendar year from retail sales of gas or electric service within the state. The assessment for the third quarter of each fiscal year shall be adjusted to compensate for the amount by which actual expenditures by the commission and department for the preceding fiscal year were more or less than the estimated expenditures previously assessed.

Sec. 11. Minnesota Statutes 2024, section 216B.62, is amended by adding a subdivision to read:

Subd. 9. Administrative costs for extraordinary event bonds. The commission and the department may assess gas utilities for the actual commission and department costs of administering extraordinary event bonds under sections 216B.491 to 216B.499. The money received from the

assessment shall be deposited into an account in the special revenue fund and all funds deposited are appropriated to the commission or the department for the purposes of this subdivision. The commission and department may initially assess for estimated costs under sections 216B.491 to 216B.499, then must adjust subsequent assessments for actual costs incurred under sections 216B.491 to 216B.499. An assessment made under this subdivision is not subject to the cap on assessments provided in subdivision 3 or any other law.

RENEWABLE DEVELOPMENT ACCOUNT SUNSET

Section 1. Minnesota Statutes 2024, section 116C.7792, is amended to read:

116C.7792 SOLAR ENERGY PRODUCTION INCENTIVE PROGRAM.

Subdivision 1. **Program operations.** (a) The utility subject to section ~~116C.779~~ 216B.1641 shall operate a program to provide solar energy production incentives for solar energy systems of no more than a total aggregate nameplate capacity of 40 kilowatts alternating current per premise. The owner of a solar energy system installed before June 1, 2018, is eligible to receive a production incentive under this section for any additional solar energy systems constructed at the same customer location, provided that the aggregate capacity of all systems at the customer location does not exceed 40 kilowatts.

(b) ~~Through 2025, the program is funded by money withheld from transfer to the renewable development account under section 116C.779, subdivision 1, paragraphs (b) and (c). Program funds must be placed~~ that the utility deposits in a separate account for the purpose of the solar energy production incentive program operated by the utility and not for any other program or purpose.

(c) Funds allocated to the solar energy production incentive program in 2019 and 2020 remain available to the solar energy production incentive program.

(d) The following amounts are allocated to the solar energy production incentive program:

(1) \$10,000,000 in 2021;

(2) \$10,000,000 in 2022;

(3) \$5,000,000 in 2023;

(4) \$11,250,000 in 2024; and

(5) \$6,250,000 in 2025; ~~and.~~

~~(6) \$5,000,000 each year, beginning in 2026 through 2035.~~

(e) Notwithstanding the Department of Commerce's November 14, 2018, decision in Docket No. E002/M-13-1015 regarding operation of the utility's solar energy production incentive program, half of the amounts allocated each year under paragraph (d), clauses (3), (4), and (5), must be reserved for solar energy systems whose installation meets the eligibility standards for the low-income program established in the November 14, 2018, decision or successor decisions of the department.

All other program operations of the solar energy production incentive program are governed by the provisions of the November 14, 2018, decision or successor decisions of the department.

(f) Funds Money allocated to the solar energy production incentive program that ~~have~~ has not been committed to a specific project at the end of a program year ~~remain~~ remains available to the solar energy production incentive program, except that the utility's money that has not been obligated to a specific project by December 31, 2025, must be refunded to the utility's electric service customers in a manner and according to a schedule determined by the Public Utilities Commission.

~~(g) Any unspent amount remaining on January 1, 2028, must be transferred to the renewable development account.~~

~~(h)~~ (g) A solar energy system receiving a production incentive under this section must be sized to less than 120 percent of the customer's on-site annual energy consumption when combined with other distributed generation resources and subscriptions provided under section 216B.1641 associated with the premise. The production incentive must be paid for ten years commencing with the commissioning of the system.

~~(i)~~ (h) The utility must file a plan to operate the program with the commissioner of commerce. The utility may not operate the program until it is approved by the commissioner. A change to the program to include projects up to a nameplate capacity of 40 kilowatts or less does not require the utility to file a plan with the commissioner. Any plan approved by the commissioner of commerce must not provide an increased incentive scale over prior years unless the commissioner demonstrates that changes in the market for solar energy facilities require an increase.

(i) The utility must operate the program through December 31, 2025. Beginning on January 1, 2026, the commissioner of commerce must operate the program under this section in conformance with the orders issued by the Public Utilities Commission in Docket No. E002/M-13-1015, as applicable.

(j) A payment must not be made under this section to an owner of a solar energy system who did not receive a payment under this section before January 1, 2027.

Subd. 2. Establishment of account. (a) The solar energy production incentive account is established in the special revenue fund in the state treasury. Money received from the general fund must be transferred to the commissioner of commerce and credited to the account. The commissioner of commerce must manage the account.

(b) Money in the account may be expended only from January 1, 2026, to December 31, 2036. Any money remaining in the account on December 31, 2036, cancels to the general fund.

(c) The utility subject to this section must advise the commissioner of commerce, on a schedule determined by the commissioner of commerce, regarding:

(1) the total amount required to be withdrawn from the account to pay for solar energy production incentives; and

(2) the amount of payments to be made separately to each program participant due a payment under this section.

(d) Beginning in fiscal year 2027, an amount sufficient is annually appropriated from the general fund to the commissioner to make the payments under paragraph (c) for projects that first received payments under this section no later than December 31, 2026.

Subd. 3. **Expiration.** This section expires April 1, 2037.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2024, section 116J.55, subdivision 5, is amended to read:

Subd. 5. **Grant awards; limitations.** ~~(a)~~ A grant awarded to an eligible community under this section must not exceed \$1,000,000 in any calendar year. The commissioner may accept grant applications on an ongoing or rolling basis.

~~(b) Grants funded with revenues from the renewable development account established in section 116C.779 must be awarded to an eligible community located within the retail electric service territory of the public utility that is subject to section 116C.779 or to an eligible community in which an electric generating plant owned by that public utility is located.~~

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2024, section 216B.1645, subdivision 1, is amended to read:

Subdivision 1. **Commission authority.** Upon the petition of a public utility, the Public Utilities Commission shall approve or disapprove power purchase contracts, investments, or expenditures entered into or made by the utility to satisfy the wind and biomass mandates contained in sections 216B.169, 216B.2423, and 216B.2424, and to satisfy the renewable energy objectives and standards set forth in section 216B.1691, including reasonable investments and expenditures made to:

(1) transmit the electricity generated from sources developed under those sections that is ultimately used to provide service to the utility's retail customers, including studies necessary to identify new transmission facilities needed to transmit electricity to Minnesota retail customers from generating facilities constructed to satisfy the renewable energy objectives and standards, provided that the costs of the studies have not been recovered previously under existing tariffs and the utility has filed an application for a certificate of need or for certification as a priority project under section 216B.2425 for the new transmission facilities identified in the studies; or

(2) provide storage facilities for renewable energy generation facilities that contribute to the reliability, efficiency, or cost-effectiveness of the renewable facilities; ~~or.~~

~~(3) develop renewable energy sources from the account required in section 116C.779.~~

Sec. 3. Minnesota Statutes 2024, section 248.07, subdivision 8, is amended to read:

Subd. 8. Use of revolving fund, licenses for operation of vending ~~stands~~ facilities. "Majority vote" means a majority of blind vending operators voting. Fringe benefits shall be paid only from assessments of operators for specific benefits, gifts to the fund for fringe benefit purposes, and vending income which is not assignable to an individual ~~stand~~ facility.

In granting licenses for new or vacated stands facilities preference on the basis of seniority of experience in operating stands facilities under the control of the commissioner shall be given to capable operators who are deemed competent to handle the enterprise under consideration. ARTICLE 3

HEALTH INSURANCE

Section 1. Minnesota Statutes 2024, section 62A.31, subdivision 1r, is amended to read:

Subd. 1r. **Community rate.** (a) Each health maintenance organization, health service plan corporation, insurer, or fraternal benefit society that sells Medicare-related coverage shall establish a separate community rate for that coverage. Beginning January 1, 1993, no Medicare-related coverage may be offered, issued, sold, or renewed to a Minnesota resident, except at the community rate required by this subdivision. The same community rate must apply to newly issued coverage and to renewal coverage.

(b) For coverage that supplements Medicare and for the Part A rate calculation for plans governed by section 1833 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., the community rate may take into account only the following factors:

- (1) actuarially valid differences in benefit designs or provider networks;
- (2) geographic variations in rates if preapproved by the commissioner of commerce; ~~and~~

(3) premium reductions in recognition of healthy lifestyle behaviors, including but not limited to, refraining from the use of tobacco. Premium reductions must be actuarially valid and must relate only to those healthy lifestyle behaviors that have a proven positive impact on health. Factors used by the health carrier making this premium reduction must be filed with and approved by the commissioner of commerce; and

- (4) premium increases in recognition of late enrollment or reenrollment.

(c) The premium increase permitted under paragraph (b), clause (4), must not exceed ten percent for each late enrollment or reenrollment. The increase must only be applied as a flat percentage of premium for an individual who: (1) enrolls in a Medicare supplement policy outside of the individual's initial enrollment period in Medicare Part B; and (2) is not eligible for a guaranteed issue period under subdivision 1u. Each premium increase permitted under paragraph (b), clause (4), may be applied for more than one plan year, including to renewals and reenrollments.

(d) For insureds not residing in Anoka, Carver, Chisago, Dakota, Hennepin, Ramsey, Scott, or Washington County, a health plan may, at the option of the health carrier, phase in compliance under the following timetable:

(+) (1) a premium adjustment as of March 1, 1993, that consists of one-half of the difference between the community rate that would be applicable to the person as of March 1, 1993, and the premium rate that would be applicable to the person as of March 1, 1993, under the rate schedule permitted on December 31, 1992. A health plan may, at the option of the health carrier, implement the entire premium difference described in this clause for any person as of March 1, 1993, if the premium difference would be 15 percent or less of the premium rate that would be applicable to the person as of March 1, 1993, under the rate schedule permitted on December 31, 1992, if the health

plan does so uniformly regardless of whether the premium difference causes premiums to rise or to fall. The premium difference described in this clause is in addition to any premium adjustment attributable to medical cost inflation or any other lawful factor and is intended to describe only the premium difference attributable to the transition to the community rate; and

~~(ii)~~ (2) with respect to any person whose premium adjustment was constrained under clause ~~(i)~~ (1), a premium adjustment as of January 1, 1994, that consists of the remaining one-half of the premium difference attributable to the transition to the community rate, as described in clause ~~(i)~~ (1).

(e) A health plan that initially follows the phase-in timetable may at any subsequent time comply on a more rapid timetable. A health plan that is in full compliance as of January 1, 1993, may not use the phase-in timetable and must remain in full compliance. Health plans that follow the phase-in timetable must charge the same premium rate for newly issued coverage that they charge for renewal coverage. A health plan whose premiums are constrained by paragraph (d), clause ~~(i)~~ (1), may take the constraint into account in establishing its community rate.

(f) From January 1, 1993 to February 28, 1993, a health plan may, at the health carrier's option, charge the community rate under this paragraph or may instead charge premiums permitted as of December 31, 1992.

Sec. 2. Minnesota Statutes 2024, section 62A.31, subdivision 1w, is amended to read:

Subd. 1w. **Open enrollment.** A medicare supplement policy or certificate must not be sold or issued to an ~~eligible~~ individual outside of the time periods described in ~~subdivision~~ subdivisions 1h and 1u.

This section does not supersede an obligation that an entity subject to this section has to comply with other applicable insurance laws to the extent the other insurance laws do not conflict with this section, except that laws and regulations designed and intended to apply to Medicare supplement insurance policies must not be applied to limited long-term care insurance.

(b) Notwithstanding any other provision of this section, a product, policy, certificate, or rider advertised, marketed, or offered as limited long-term care insurance is subject to this section.

Subd. 4. **Group limited long-term care insurance; extra-territorial jurisdiction.** Group limited long-term care insurance coverage must not be offered to a Minnesota resident under a group policy issued in another state to a group described in subdivision 2, paragraph (f), clause (4), unless Minnesota or another state having statutory and regulatory limited long-term care insurance requirements substantially similar to those adopted in Minnesota makes a determination that the statutory and regulatory limited long-term care insurance requirements have been met.

Subd. 5. **Limited long-term care insurance; disclosure and performance standards.** (a) A limited long-term care insurance policy must not:

(1) cancel, not renew, or otherwise terminate on the basis of the insured individual's or certificate holder's age, gender, or deterioration of mental or physical health;

(3) provide coverage for only skilled nursing care or provide significantly more coverage for skilled nursing care in a facility than coverage provided for lower levels of care.

(b) A limited long-term care insurance policy or certificate issued to a group identified in subdivision 2, paragraph (f), clauses (2) to (4), is prohibited from: (1) using a definition for preexisting condition that is more restrictive than or excludes a condition for which medical advice or treatment was recommended by or received from a health care services provider within the six months preceding the date an insured individual's coverage is effective; and (2) excluding coverage for a loss or confinement that is the result of a preexisting condition unless the loss or confinement begins within six months of the date an insured individual's coverage is effective. The commissioner may extend the limitation periods established in clauses (1) and (2) with respect to specific age group categories in specific policy forms upon a finding that the extension is in the public interest. The definition of preexisting condition required under clause (1) does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant and, on the basis of the applicant's answers on the application, from underwriting in accordance with that insurer's established underwriting standards. Unless otherwise provided in the policy or certificate, an insurer is not required to cover a preexisting condition, regardless of whether the preexisting condition is disclosed on the application, until the waiting period under clause (2) expires. A limited long-term care insurance policy or certificate is prohibited from excluding or using waivers or riders of any kind to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period established in clause (2).

(c) A limited long-term care insurance policy must not be delivered or issued for delivery in Minnesota if the policy conditions eligibility: (1) for any benefits, on a prior hospitalization requirement; (2) for benefits provided in an institutional care setting, on the receipt of a higher level of institutional care; or (3) for any benefits other than waiver of premium, post-confinement, post-acute care, or recuperative benefits, on a prior institutionalization requirement. A limited long-term care insurance policy, certificate, or rider is prohibited from conditioning eligibility for noninstitutional benefits on the prior or continuing receipt of skilled care services.

(d) A limited long-term care insurance applicant has the right to: (1) return the policy, certificate, or rider to the company or the company's agent or insurance producer within 30 days of the date the policy, certificate, or rider is received; and (2) have the premium refunded if, after examination of the policy, certificate, or rider, the applicant is not satisfied with the policy, certificate, or rider for any reason.

(e) A limited long-term care insurance policy, certificate, or rider must have a notice prominently printed on the first page or attached to the policy, certificate, or rider that includes specific instructions for a limited long-term care insurance applicant to return a policy, certificate, or rider under paragraph (d). The following statement or a substantially similar statement must be included with the instructions:

"You have 30 days from the date you receive this policy, certificate, or rider to review and return it to the company if you decide not to keep it. You do not have to tell the company why you are returning it. If you decide to not keep the policy, certificate, or rider, simply return it to the company at the company's administrative office, or you may return it to the agent or insurance producer that you bought it from. You must return the policy, certificate, or rider within 30 days of the date you first received it. The company must refund the full amount of any premium paid within 30 days of the date the company receives the returned policy, certificate, or rider. The premium refund is sent directly to the person who paid it. A returned policy, certificate, or rider is void, as if it never was issued."

This paragraph does not apply to certificates issued pursuant to a policy issued to a group defined in subdivision 2, paragraph (f), clause (1).

(f) A coverage outline must be delivered to a prospective applicant for limited long-term care insurance at the time an initial solicitation is made, using a means that prominently directs the recipient's attention to the coverage outline and the coverage outline's purpose. The commissioner must prescribe: (1) a standard format, including style, arrangement, and overall appearance; and (2) the content that must be contained on a coverage outline. With respect to an agent solicitation, the agent must deliver the coverage outline before presenting an application or enrollment form. With respect to a direct response solicitation, the coverage outline must be provided in conjunction with an application or enrollment form. Delivery of a coverage outline is not required for a policy issued to a group defined in subdivision 2, paragraph (f), clause (1), if the information described in paragraph (g) is contained in other materials relating to enrollment. A copy of the other materials must be made available to the commissioner upon request.

(g) The coverage outline provided under paragraph (f) must include:

(1) a description of the principal benefits and coverage provided in the policy;

(2) a description of the eligibility triggers for benefits and how the eligibility triggers are met;

(3) a statement identifying the principal exclusions, reductions, and limitations contained in the policy;

(4) a statement describing the terms under which the policy, certificate, or both may be continued in force or discontinued, including any reservation in the policy of a right to change premium. A continuation or conversion provision for group coverage must be specifically described;

(5) a statement indicating that coverage outline is a summary only and not an insurance contract, and that the policy or group master policy contains the governing contractual provisions;

(6) a description of the terms under which the policy or certificate may be returned and premium refunded;

(7) a brief description of the relationship between cost of care and benefits; and

(8) a statement that discloses to the policyholder or certificate holder that the policy is not long-term care insurance.

(h) A certificate issued pursuant to a group limited long-term care insurance policy that is delivered or issued for delivery in Minnesota must include:

(1) a description of the principal benefits and coverage provided in the policy;

(2) a statement identifying the principal exclusions, reductions, and limitations contained in the policy; and

(3) a statement indicating that the group master policy determines governing contractual provisions.

(i) If an application for a limited long-term care insurance contract or certificate is approved, the issuer must deliver the contract or certificate of insurance to the applicant no later than 30 days after the date the application is approved.

(j) If a claim under a limited long-term care insurance contract is denied, the issuer must, within 60 days of the date the policyholder, certificate holder, or a representative of the policyholder or certificate holder submits a written request:

(1) provide a written explanation detailing the reasons for the denial; and

(2) make available all information directly related to the denial.

(k) A disclosure, statement, or written information and explanation required in this section, whether in print or electronic form, must accommodate the communication needs of individuals with disabilities and persons with limited English proficiency, as required by law.

Subd. 6. **Incontestability period.** (a) An insurer may (1) rescind a limited long-term care insurance policy or certificate, or (2) deny an otherwise valid limited long-term care insurance claim, for a policy or certificate that has been in force for less than six months upon a showing of misrepresentation that is material to the coverage acceptance.

(b) An insurer may (1) rescind a limited long-term care insurance policy or certificate, or (2) deny an otherwise valid limited long-term care insurance claim, for a policy or certificate that has been in force for at least six months but less than two years upon a showing of misrepresentation that is both material to the coverage acceptance and that pertains to the condition for which benefits are sought.

(c) A policy or certificate that has been in force for two years is not contestable upon the grounds of misrepresentation alone. A policy or certificate that has been in force for two years may be contested only upon a showing that the insured knowingly and intentionally misrepresented relevant facts relating to the insured individual's health.

(d) A limited long-term care insurance policy or certificate may be field issued if compensation to the field issuer is not based on the number of policies or certificates issued. For purposes of this

paragraph, "field issued" means a policy or certificate issued by a producer or a third-party administrator (1) pursuant to the underwriting authority granted to the producer or third-party administrator by an insurer, and (2) using the insurer's underwriting guidelines.

(e) If an insurer paid benefits under the limited long-term care insurance policy or certificate, the benefit payments are not recoverable by the insurer if the policy or certificate is rescinded.

Subd. 7. **Nonforfeiture benefits.** (a) A limited long-term care insurance policy may offer the option to purchase a policy or certificate that includes a nonforfeiture benefit. A nonforfeiture benefit may be offered in the form of a rider that is attached to the policy. If the policyholder or certificate holder does not purchase the nonforfeiture benefit, the insurer must provide a contingent benefit upon lapse that must be available for a specified period of time after a substantial increase in premium rates, as determined by the commissioner under paragraph (c).

(b) When a group limited long-term care insurance policy is issued, a nonforfeiture benefit offer must be made to the group policyholder. If the policy is issued as group limited long-term care insurance, as defined in subdivision 2, paragraph (f), clause (4), to an entity other than a continuing care retirement community or other similar entity, a nonforfeiture benefit offer must be made to each proposed certificate holder.

Subd. 8. **Severability.** If any provision of this section or the application of the provision to any person or circumstance is held invalid for any reason, the remainder of the section and the application of the invalid provision to other persons or circumstances is not affected.

Subd. 9. **Penalties.** In addition to any other penalties provided by the laws of Minnesota, an insurer or producer that violates any requirement under this section or other law relating to the regulation of limited long-term care insurance or the marketing of limited long-term care insurance is subject to a fine of up to three times the amount of commissions paid for each policy involved in the violation or up to \$10,000, whichever is greater.

The premium rate upon renewal must also otherwise comply with this section. A health carrier must not refuse to renew an individual health plan, except for nonpayment of premiums, fraud, or intentional misrepresentation of a material fact.

(2) for network plans, the individual no longer resides, lives, or works in the service area of the health carrier, or the area for which the health carrier is authorized to do business, but only if coverage is terminated uniformly without regard to any health-status-related factor of covered individuals;
or

(3) a decision by the health carrier to discontinue offering a particular type of individual health plan if it meets the following requirements:

(i) provides notice in writing to each individual provided coverage of that type of health plan at least 90 days before the date the coverage is discontinued;

(ii) provides notice to the department at least 30 business days before the issuer or health carrier provides notice to the individuals under item (i);

(iii) offers to each covered individual, on a guaranteed issue basis, the option to purchase any other individual health plan currently being offered by the health carrier or related health carrier for individuals in that market; and

(iv) acts uniformly without regard to any health status-related factor of covered individuals or dependents of covered individuals who may become eligible for coverage.

Sec. 6. Minnesota Statutes 2024, section 62A.65, is amended by adding a subdivision to read:

Subd. 2a. **Uniform modification of plan.** (a) Only at the time of coverage renewal may a health carrier modify the health plan for a product, as defined under Code of Federal Regulations, title 45, section 144.103, offered to an individual in the individual market if the modification is effective uniformly for all individuals with that product.

(b) For purposes of paragraph (a), modifications made uniformly and solely pursuant to applicable federal or state requirements are considered a uniform modification of coverage if:

(1) the modification is made within a reasonable time period after the imposition or modification of the federal or state requirement; and

(2) the modification is directly related to the imposition or modification of the federal or state requirement.

(c) Other types of modifications made uniformly are considered a uniform modification of coverage if the health plan for the product in the individual market meets all of the following criteria:

(1) the product is offered by the same health carrier;

(2) the product is offered as the same product network type, which includes but is not limited to a health maintenance organization, preferred provider organization, exclusive provider organization, point of service, or indemnity;

(3) the product continues to cover at least a majority of the same service area;

(4) within the product, each health plan has the same cost-sharing structure as before the modification, except for any variation in cost sharing solely related to changes in cost and utilization of medical care, or to maintain the same metal level, as defined in section 62K.06, subdivision 4; and

(5) the product provides the same covered benefits, except for any changes in benefits that cumulatively impact the plan-adjusted index rate as defined under Code of Federal Regulations, title 45, section 144.103, for any health plan within the product within an allowable variation of plus or minus two percentage points, not including changes pursuant to applicable federal or state requirements.

Sec. 7. Minnesota Statutes 2024, section 62D.12, subdivision 2, is amended to read:

Subd. 2. **Coverage cancellation; nonrenewal.** No health maintenance organization may cancel or fail to renew the coverage of an enrollee except for (1) failure to pay the charge for health care coverage; (2) termination of the health care plan subject to section 62A.65, subdivisions 2 and 2a; (3) termination of the group plan; (4) enrollee moving out of the area served, subject to section 62A.17, subdivisions 1 and 6, and section 62D.104; (5) enrollee moving out of an eligible group, subject to section 62A.17, subdivisions 1 and 6, and section 62D.104; (6) failure to ~~make co-payments required by~~ pay premiums as provided by the terms of the health care plan, including timeliness requirements; (7) fraud or misrepresentation by the enrollee with respect to eligibility for coverage or any other material fact; or (8) other reasons established in rules promulgated by the commissioner of health.

A natural person or entity licensed under chapter 60K, 82, or 82B shall not be charged costs of an investigation if the investigation results in no finding of a violation. This clause does not apply to a natural person or entity already subject to the assessment provisions of sections 60A.03 and 60A.031-; and

(9) issue data calls.

(b) For purposes of this section, "data call" means a written request from the commissioner to two or more companies or persons subject to the commissioner's jurisdiction to provide data or other information within a reasonable time period for a targeted regulatory oversight purpose. A data call is not market analysis, as defined under section 60A.031, subdivision 4, paragraph (f), and is not subject to section 60A.033.

Sec. 2. Minnesota Statutes 2024, section 45.027, is amended by adding a subdivision to read:

A subpoena issued pursuant to this subdivision must state that the person to whom the subpoena is directed may not disclose the fact that the subpoena was issued or the fact that the requested records have been given to law enforcement personnel except:

(1) insofar as the disclosure is necessary to find and disclose the records; or

(2) pursuant to court order.

Subd. 4a. **Maximum interest rate.** (a) No conventional or cooperative apartment loan or contract for deed shall be made at a rate of interest or loan yield in excess of a maximum lawful interest rate in an amount equal to the ~~Federal National Mortgage Association posted yields on 30-year mortgage~~

~~commitments for delivery within 60 days on standard conventional fixed-rate mortgages published in the Wall Street Journal for the last business day of the second preceding month average prime offer rate, as defined in Code of Federal Regulations, title 12, part 1026.35(a)(2), that applies to a comparable transaction, as most recently published by the United States Consumer Financial Protection Bureau on the last date the discounted interest rate for the transaction is set before consummation, plus four percentage points. If the index is not available, a substitute index may be adopted by a commissioner order.~~

(b) The maximum lawful interest rate applicable to a cooperative apartment loan or contract for deed at the time the loan or contract is made is the maximum lawful interest rate for the term of the cooperative apartment loan or contract for deed. Notwithstanding the provisions of section 334.01, a cooperative apartment loan or contract for deed may provide, at the time the loan or contract is made, for the application of specified different consecutive periodic interest rates to the unpaid principal balance, if no interest rate exceeds the maximum lawful interest rate applicable to the loan or contract at the time the loan or contract is made.

(c) The maximum interest rate that can be charged on a conventional loan or a contract for deed, with a duration of ten years or less, for the purchase of real estate described in section 83.20, subdivisions 11 and 13, is three percentage points above the rate permitted under paragraph (a) or 15.75 percent per year, whichever is less. ~~This paragraph is effective August 1, 1992.~~

(d) Contracts for deed executed pursuant to a commitment for a contract for deed, or conventional or cooperative apartment loans made pursuant to a borrower's interest rate commitment or made pursuant to a borrower's loan commitment, or made pursuant to a commitment for conventional or cooperative apartment loans made upon payment of a forward commitment fee including a borrower's loan commitment issued pursuant to a forward commitment, which commitment provides for consummation within some future time following the issuance of the commitment may be consummated pursuant to the provisions, including the interest rate, of the commitment notwithstanding the fact that the maximum lawful rate of interest at the time the contract for deed or conventional or cooperative apartment loan is actually executed or made is less than the commitment rate of interest, provided the commitment rate of interest does not exceed the maximum lawful interest rate in effect on the date the commitment was issued. The refinancing of: (1) an existing conventional or cooperative apartment loan, (2) a loan insured or guaranteed by the secretary of housing and urban development, the administrator of veterans affairs, or the administrator of the Farmers Home Administration, or (3) a contract for deed by making a conventional or cooperative apartment loan is deemed to be a new conventional or cooperative apartment loan for purposes of determining the maximum lawful rate of interest under this subdivision. The renegotiation of a conventional or cooperative apartment loan or a contract for deed is deemed to be a new loan or contract for deed for purposes of paragraph (b) and for purposes of determining the maximum lawful rate of interest under this subdivision. A borrower's interest rate commitment or a borrower's loan commitment is deemed to be issued on the date the commitment is hand delivered by the lender to, or mailed to the borrower. A forward commitment is deemed to be issued on the date the forward commitment is hand delivered by the lender to, or mailed to the person paying the forward commitment fee to the lender, or to any one of them if there should be more than one. A commitment for a contract for deed is deemed to be issued on the date the commitment is initially executed by the contract for deed vendor or the vendor's authorized agent.

(e) A contract for deed executed pursuant to a commitment for a contract for deed, or a loan made pursuant to a borrower's interest rate commitment, or made pursuant to a borrower's loan commitment, or made pursuant to a forward commitment for conventional or cooperative apartment loans made upon payment of a forward commitment fee including a borrower's loan commitment issued pursuant to a forward commitment at a rate of interest not in excess of the rate of interest authorized by this subdivision at the time the commitment was made continues to be enforceable in accordance with its terms until the indebtedness is fully satisfied.

Sec. 5. Minnesota Statutes 2024, section 60A.201, subdivision 2, is amended to read:

Subd. 2. **Availability of other coverage; presumption.** There shall be a rebuttable presumption that the following coverages are available from a licensed insurer:

~~(b)~~ (2) private passenger automobile physical damage coverage;

~~(c)~~ (3) homeowners and property insurance on owner-occupied dwellings whose value is less than \$500,000. ~~This figure shall be changed annually by the commissioner by the same percentage as the Consumer Price Index for the Minneapolis-St. Paul Metropolitan Area is changed;~~

~~(d)~~ (4) any coverage readily available from three or more licensed insurers unless the licensed insurers quote a premium and terms not competitive with a premium and terms quoted by an eligible surplus lines insurer; and

~~(e)~~ (5) workers' compensation insurance, except excess workers' compensation insurance which is not available from the Workers' Compensation Reinsurance Association.

Sec. 6. Minnesota Statutes 2024, section 60A.201, is amended by adding a subdivision to read:

Subd. 7. **FAIR plan coverage; notice.** If the insurance placed by the surplus lines broker with a nonadmitted insurer is homeowners or property insurance on an owner-occupied dwelling, the broker must print, type, or stamp in not less than ten-point type on the face of the policy the following notice: "YOU MAY BE ELIGIBLE FOR COVERAGE THROUGH THE MINNESOTA FAIR PLAN, WHICH MAKES AVAILABLE PROPERTY AND LIABILITY COVERAGE, AS DEFINED BY THE MINNESOTA FAIR PLAN ACT, TO QUALIFIED APPLICANTS WHO HAVE BEEN UNABLE TO SECURE PROPERTY AND LIABILITY INSURANCE THROUGH THE NORMAL INSURANCE MARKETS." The notice under this subdivision must not be covered or concealed in any manner, and is in addition to the notice required under section 60A.207 or 60A.209.

Sec. 7. Minnesota Statutes 2024, section 60D.09, is amended by adding a subdivision to read:

Subd. 5. **Other violations.** If the commissioner believes a person has committed a violation of section 60D.17 that prevents the full understanding of the enterprise risk to the insurer by affiliates or by the insurance holding company system, the violation may serve as an independent basis for disapproving dividends or distributions and for placing the insurer under an order of supervision under chapter 60B.

Sec. 8. Minnesota Statutes 2024, section 60D.15, subdivision 4, is amended to read:

Subd. 4. **Control.** The term "control," including the terms "controlling," "controlled by," and "under common control with," means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with, or corporate office held by, or court appointment of, the person. Control is presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, ten percent or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by section 60D.19, subdivision 11, that control does not exist in fact. The commissioner may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support ~~such~~ the determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

Sec. 9. Minnesota Statutes 2024, section 60D.15, is amended by adding a subdivision to read:

Subd. 4c. **Group capital calculation instructions.** "Group capital calculation instructions" means the group capital calculation instructions adopted by the NAIC and as amended by the NAIC from time to time in accordance with procedures adopted by the NAIC.

Sec. 10. Minnesota Statutes 2024, section 60D.15, is amended by adding a subdivision to read:

Subd. 6b. **NAIC.** "NAIC" means the National Association of Insurance Commissioners.

Sec. 11. Minnesota Statutes 2024, section 60D.15, is amended by adding a subdivision to read:

Subd. 6c. **NAIC liquidity stress test framework.** "NAIC liquidity stress test framework" means a NAIC publication which includes a history of the NAIC's development of regulatory liquidity stress testing, the scope criteria applicable for a specific data year, and the liquidity stress test instructions and reporting templates for a specific data year, scope criteria, instructions, and reporting template being adopted by the NAIC, and as amended by the NAIC from time to time in accordance with the procedures adopted by the NAIC.

Sec. 12. Minnesota Statutes 2024, section 60D.15, subdivision 7, is amended to read:

Subd. 7. **Person.** A "person" is an individual, a corporation, a limited liability company, a partnership, an association, a joint stock company, a trust, an unincorporated organization, any similar entity or any combination of the foregoing acting in concert, but does not include any joint venture partnership exclusively engaged in owning, managing, leasing, or developing real or tangible personal property.

Sec. 13. Minnesota Statutes 2024, section 60D.15, is amended by adding a subdivision to read:

Subd. 7a. **Scope criteria.** "Scope criteria," as detailed in the NAIC liquidity stress test framework, means the designated exposure bases along with minimum magnitudes of the designated exposure bases for the specified data year that are used to establish a preliminary list of insurers considered scoped into the NAIC liquidity stress test framework for that data year.

Sec. 14. Minnesota Statutes 2024, section 60D.16, subdivision 2, is amended to read:

Subd. 2. **Additional investment authority.** In addition to investments in common stock, preferred stock, debt obligations, and other securities otherwise permitted under this chapter, a domestic insurer may also:

(a) Invest, in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, amounts that do not exceed the lesser of ten percent of the insurer's assets or 50 percent of the insurer's surplus as regards policyholders, provided that after the investments, the insurer's surplus as regards policyholders ~~will be~~ is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs. In calculating the amount of these investments, investments in domestic or foreign insurance subsidiaries and health maintenance organizations must be excluded, and there must be included:

(1) total net money or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of the subsidiary whether or not represented by the purchase of capital stock or issuance of other securities; and

(2) all amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities; and all contributions to the capital or surplus; of a subsidiary subsequent to its acquisition or formation.

(b) Invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries engaged or organized to engage exclusively in the ownership and management of assets authorized as investments for the insurer provided that the subsidiary agrees to limit its investments in any asset so that the investments ~~will do~~ do not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in paragraph (a) or other statutes applicable to the insurer. For the purpose of this paragraph, "the total investment of the insurer" includes:

(1) any direct investment by the insurer in an asset; and

(2) the insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which must be calculated by multiplying the amount of the subsidiary's investment by the percentage of the ownership of the subsidiary.

(c) With the approval of the commissioner, invest any greater amount in common stock, preferred stock, debt obligations, or other securities of one or more subsidiaries, if after the investment the insurer's surplus as regards policyholders ~~will be~~ is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

Sec. 15. Minnesota Statutes 2024, section 60D.17, subdivision 1, is amended to read:

Subdivision 1. **Filing requirements.** (a) No person other than the issuer shall: (1) make a tender offer for or a request or invitation for tenders of, or enter into any agreement to exchange securities ~~or for~~, seek to acquire, or acquire, in the open market or otherwise, any voting security of a domestic insurer if, after the consummation thereof, the person would, directly or indirectly, or by conversion or by exercise of any right to acquire, be in control of the insurer; or (2) enter into an agreement to merge with or otherwise to acquire control of a domestic insurer or any person controlling a domestic insurer unless, at the time the offer, request, or invitation is made or the agreement is entered into,

or before the acquisition of the securities if no offer or agreement is involved, the person has filed with the commissioner and has sent to the insurer, a statement containing the information required by this section and the offer, request, invitation, agreement, or acquisition has been approved by the commissioner in the manner prescribed in this section.

(b) For purposes of this section, a controlling person of a domestic insurer seeking to divest its controlling interest in the domestic insurer, in any manner, shall file with the commissioner, with a copy to the insurer, confidential notice of its proposed divestiture at least 30 days before the cessation of control. The commissioner shall determine those instances in which the party or parties seeking to divest or to acquire a controlling interest in an insurer will be required to file for and obtain approval of the transaction. The information must remain confidential until the conclusion of the transaction unless the commissioner, in the commissioner's discretion, determines that confidential treatment interferes with the enforcement of this section. This paragraph does not apply if the statement referred to in paragraph (a) is otherwise filed.

(c) With respect to a transaction subject to this section, the acquiring person must also file a preacquisition notification with the commissioner, which must contain the information set forth in section 60D.18, subdivision 3, paragraph (b). A failure to file the notification may be subject to penalties specified in section 60D.18, subdivision 5.

(d) For purposes of this section, a domestic insurer includes a person controlling a domestic insurer unless the person, as determined by the commissioner, is either directly or through its affiliates primarily engaged in business other than the business of insurance. For the purposes of this section, "person" does not include any securities broker holding, in the usual and customary ~~brokers~~ broker's function, less than 20 percent of the voting securities of an insurance company or of any person that controls an insurance company.

~~(e) The statement filed with the commissioner pursuant to subdivisions 1 and 2 must remain confidential until the transaction is approved by the commissioner, except that all attachments filed with the statement remain confidential after the approval unless the commissioner, in the commissioner's discretion, determines that confidential treatment of any of this information will interfere with enforcement of this section.~~

Sec. 16. Minnesota Statutes 2024, section 60D.18, subdivision 3, is amended to read:

Subd. 3. Preacquisition notification; waiting period. (a) An acquisition covered by subdivision 2 may be subject to an order pursuant to subdivision ~~4~~ 5 unless the acquiring person files a preacquisition notification and the waiting period has expired. The acquired person may file a preacquisition notification. The commissioner shall give confidential treatment to information submitted under this section in the same manner as provided in section 60D.22.

(b) The preacquisition notification must be in the form and contain the information as prescribed by the National Association of Insurance Commissioners relating to those markets that, under subdivision 2, paragraph (b), clause ~~(5)~~ (4), cause the acquisition not to be exempted from the provisions of this section. The commissioner may require ~~the~~ additional material and information as the commissioner deems necessary to determine whether the proposed acquisition, if consummated, would violate the competitive standard of subdivision 4. The required information may include an opinion of an economist as to the competitive impact of the acquisition in this state accompanied

by a summary of the education and experience of the person indicating that person's ability to render an informed opinion.

(c) The waiting period required begins on the date of receipt of the commissioner of a preacquisition notification and ends on the earlier of the 30th day after the date of its receipt, or termination of the waiting period by the commissioner. Before the end of the waiting period, the commissioner on a onetime basis may require the submission of additional needed information relevant to the proposed acquisition, in which event the waiting period shall end on the earlier of the 30th day after receipt of the additional information by the commissioner or termination of the waiting period by the commissioner.

Sec. 17. Minnesota Statutes 2024, section 60D.19, subdivision 4, is amended to read:

Subd. 4. **Materiality.** No information need be disclosed on the registration statement filed pursuant to subdivision 2 if the information is not material for the purposes of this section. Unless the commissioner by rule or order provides otherwise; sales, purchases, exchanges, loans or extensions of credit, investments, or guarantees involving one-half of one percent or less of an insurer's admitted assets as of the 31st day of December next preceding shall not be deemed material for purposes of this section. The definition of materiality provided in this subdivision does not apply for purposes of the group capital calculation or the NAIC liquidity stress test framework.

Sec. 18. Minnesota Statutes 2024, section 60D.19, is amended by adding a subdivision to read:

Subd. 11b. **Group capital calculation.** (a) Except as otherwise provided in this paragraph, the ultimate controlling person of every insurer subject to registration must concurrently file with the registration an annual group capital calculation as directed by the lead state insurance commissioner. The report must be completed in accordance with the NAIC group capital calculation instructions, which may permit the lead state insurance commissioner to allow a controlling person that is not the ultimate controlling person to file the group capital calculation. The report must be filed with the lead state insurance commissioner of the insurance holding company system, as determined by the commissioner in accordance with the procedures within the Financial Analysis Handbook adopted by the NAIC. The following insurance holding company systems are exempt from filing the group capital calculation:

(1) an insurance holding company system that (i) has only one insurer within the insurance holding company system's holding company structure, (ii) only writes business and is only licensed in the insurance holding company system's domestic state, and (iii) assumes no business from any other insurer;

(2) an insurance holding company system that is required to perform a group capital calculation specified by the United States Federal Reserve Board. The lead state insurance commissioner must request the calculation from the Federal Reserve Board under the terms of information sharing agreements in effect. If the Federal Reserve Board is unable to share the calculation with the lead state insurance commissioner, the insurance holding company system is not exempt from the group capital calculation filing;

(3) an insurance holding company system whose non-United States groupwide supervisor is located within a reciprocal jurisdiction as described in section 60A.092, subdivision 10b, that recognizes the United States state regulatory approach to group supervision and group capital; or

(4) an insurance holding company system:

(i) that provides information to the lead state insurance commissioner that meets the requirements for accreditation under the NAIC financial standards and accreditation program, either directly or indirectly through the groupwide supervisor, that has determined the information is satisfactory to allow the lead state insurance commissioner to comply with the NAIC group supervision approach, as detailed in the NAIC Financial Analysis Handbook; and

(ii) whose non-United States groupwide supervisor that is not in a reciprocal jurisdiction recognizes and accepts, as specified by the commissioner in an administrative rule, the group capital calculation as the worldwide group capital assessment for United States insurance groups that operate in that jurisdiction.

(b) Notwithstanding paragraph (a), clauses (3) and (4), a lead state insurance commissioner must require the group capital calculation for the United States operations of any non-United States based insurance holding company system where, after any necessary consultation with other supervisors or officials, requiring the group capital calculation is deemed appropriate by the lead state insurance commissioner for prudential oversight and solvency monitoring purposes or for ensuring the competitiveness of the insurance marketplace.

(c) Notwithstanding the exemptions from filing the group capital calculation under paragraph (a), the lead state insurance commissioner may exempt the ultimate controlling person from filing the annual group capital calculation or accept a limited group capital filing or report in accordance with criteria specified by the commissioner in an administrative rule.

(d) If the lead state insurance commissioner determines that an insurance holding company system no longer meets one or more of the requirements for an exemption from filing the group capital calculation under this subdivision, the insurance holding company system must file the group capital calculation at the next annual filing date unless given an extension by the lead state insurance commissioner based on reasonable grounds shown.

Sec. 19. Minnesota Statutes 2024, section 60D.19, is amended by adding a subdivision to read:

Subd. 11c. **Liquidity stress test.** (a) The ultimate controlling person of every insurer subject to registration and also scoped into the NAIC liquidity stress test framework must file the results of a specific year's liquidity stress test. The filing must be made to the lead state insurance commissioner of the insurance holding company system, as determined by the procedures within the Financial Analysis Handbook adopted by the NAIC.

(b) The NAIC liquidity stress test framework includes scope criteria applicable to a specific data year. The scope criteria must be reviewed at least annually by the NAIC Financial Stability Task Force or the NAIC Financial Stability Task Force's successor. Any change made to the NAIC liquidity stress test framework or to the data year for which the scope criteria must be measured is effective January 1 of the year following the calendar year in which the change is adopted. An insurer meeting at least one threshold of the scope criteria is scoped into the NAIC liquidity stress test framework for the specified data year unless the lead state insurance commissioner, in consultation with the NAIC Financial Stability Task Force or the NAIC Financial Stability Task Force's successor, determines the insurer should not be scoped into the framework for that data year. An insurer that does not trigger at least one threshold of the scope criteria is scoped out of the NAIC liquidity stress

test framework for the specified data year unless the lead state insurance commissioner, in consultation with the NAIC Financial Stability Task Force or the NAIC Financial Stability Task Force's successor, determines the insurer should be scoped into the framework for the specified data year.

(c) The commissioner and other state insurance commissioners must avoid scoping insurers in and out of the NAIC liquidity stress test framework on a frequent basis. The lead state insurance commissioner, in consultation with the NAIC Financial Stability Task Force or the NAIC Financial Stability Task Force's successor, must assess irregular scope status as part of an insurer's determination.

(d) The performance of and filing of the results from a specific year's liquidity stress test must comply with (1) the NAIC liquidity stress test framework's instructions and reporting templates for the specific year, and (2) any lead state insurance commissioner determinations, in consultation with the NAIC Financial Stability Task Force or the NAIC Financial Stability Task Force's successor, provided within the framework.

Sec. 20. **[60D.195] GROUP CAPITAL CALCULATION.**

Subdivision 1. **Annual group capital calculation; exemption permitted.** The lead state insurance commissioner may exempt the ultimate controlling person from filing the annual group capital calculation if the lead state insurance commissioner makes a determination that the insurance holding company system meets the following criteria:

(1) has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$1,000,000,000;

(2) has no insurers within the insurance holding company's structure that are domiciled outside of the United States or a United States territory;

(3) has no banking, depository, or other financial entity that is subject to an identified regulatory capital framework within the insurance holding company's structure;

(4) attests that no material changes in the transactions between insurers and noninsurers in the group have occurred since the last annual group capital filing; and

(5) the noninsurers within the holding company system do not pose a material financial risk to the insurer's ability to honor policyholder obligations.

Subd. 2. **Limited group capital filing.** The lead state insurance commissioner may accept a limited group capital filing in lieu of the group capital calculation if:

(1) the insurance holding company system has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$1,000,000,000; and

(2) the insurance holding company system:

(i) has no insurers within the insurance holding company's structure that are domiciled outside of the United States or a United States territory;

(ii) does not include a banking, depository, or other financial entity that is subject to an identified regulatory capital framework; and

(iii) attests that no material changes in transactions between insurers and noninsurers in the group have occurred and the noninsurers within the holding company system do not pose a material financial risk to the insurer's ability to honor policyholder obligations.

Subd. 3. Previous exemption; required filing. For an insurance holding company that has previously met an exemption with respect to the group capital calculation under subdivision 1 or 2, the lead state insurance commissioner may at any time require the ultimate controlling person to file an annual group capital calculation, completed in accordance with the NAIC group capital calculation instructions, if:

(1) an insurer within the insurance holding company system is in a risk-based capital action level event under section 60A.62 or a similar standard for a non-United States insurer;

(2) an insurer within the insurance holding company system meets one or more of the standards of an insurer deemed to be in hazardous financial condition, as defined under section 60E.02, subdivision 5; or

(3) an insurer within the insurance holding company system otherwise exhibits qualities of a troubled insurer, as determined by the lead state insurance commissioner based on unique circumstances, including but not limited to the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests.

Subd. 4. Non-United States jurisdictions; recognition and acceptance. A non-United States jurisdiction is deemed to recognize and accept the group capital calculation if the non-United States jurisdiction:

(1) with respect to section 60D.19, subdivision 11b, paragraph (a), clause (4):

(i) recognizes the United States state regulatory approach to group supervision and group capital by providing confirmation by a competent regulatory authority in the non-United States jurisdiction that insurers and insurance groups whose lead state is accredited by the NAIC under the NAIC accreditation program: (A) are subject only to worldwide prudential insurance group supervision, including worldwide group governance, solvency and capital, and reporting, as applicable, by the lead state; and (B) are not subject to group supervision, including worldwide group governance, solvency and capital, and reporting, at the level of the worldwide parent undertaking of the insurance or reinsurance group by the non-United States jurisdiction; or

(ii) if no United States insurance group operates in the non-United States jurisdiction, indicates formally in writing to the lead state with a copy to the International Association of Insurance Supervisors that the group capital calculation is an acceptable international capital standard. The formal indication under this item serves as the documentation otherwise required under item (i); and

(2) provides confirmation by a competent regulatory authority in the non-United States jurisdiction that information regarding an insurer and the insurer's parent, subsidiary, or affiliated entities, if applicable, must be provided to the lead state insurance commissioner in accordance with a memorandum of understanding or similar document between the commissioner and the non-United States jurisdiction, including but not limited to the International Association of Insurance Supervisors Multilateral Memorandum of Understanding or other multilateral memoranda of understanding coordinated by the NAIC. The commissioner must determine, in consultation with the NAIC committee process, if the information sharing agreement requirements are effective.

Subd. 5. **Non-United States jurisdiction; publication.** (a) A list of non-United States jurisdictions that recognize and accept the group capital calculation under section 60D.19, subdivision 11b, paragraph (a), clause (4), must be published through the NAIC committee process to assist the lead state insurance commissioner determine what insurers must file an annual group capital calculation. The list must clarify the situations in which a jurisdiction is exempt from filing under section 60D.19, subdivision 11b, paragraph (a), clause (4). To assist with a determination under section 60D.19, subdivision 11b, paragraph (b), the list must also identify whether a jurisdiction that is exempt under section 60D.19, subdivision 11b, paragraph (a), clause (3) or (4), requires a group capital filing for any United States insurance group's operations in the non-United States jurisdiction.

(b) For a non-United States jurisdiction where no United States insurance group operates, the confirmation provided to comply with subdivision 4, clause (1), item (ii), serves as support for a recommendation to be published that the non-United States jurisdiction is a jurisdiction that recognizes and accepts the group capital calculation pursuant to the NAIC committee process.

(c) If the lead state insurance commissioner makes a determination pursuant to section 60D.19, subdivision 11b, that differs from the NAIC list, the lead state insurance commissioner must provide thoroughly documented justification to the NAIC and other states.

(d) Upon a determination by the lead state insurance commissioner that a non-United States jurisdiction no longer meets one or more of the requirements to recognize and accept the group capital calculation, the lead state insurance commissioner may provide a recommendation to the NAIC that the non-United States jurisdiction be removed from the list of jurisdictions that recognize and accept the group capital calculation.

Sec. 21. Minnesota Statutes 2024, section 60D.20, subdivision 1, is amended to read:

Subdivision 1. **Transactions within an insurance holding company system.** (a) Transactions within an insurance holding company system to which an insurer subject to registration is a party are subject to the following standards:

(1) the terms shall be fair and reasonable;

(2) agreements for cost-sharing services and management shall include the provisions required by rule issued by the commissioner;

(3) charges or fees for services performed shall be reasonable;

(4) expenses incurred and payment received shall be allocated to the insurer in conformity with customary insurance accounting practices consistently applied;

(5) the books, accounts, and records of each party to all such transactions shall be so maintained as to clearly and accurately disclose the nature and details of the transactions including this accounting information as is necessary to support the reasonableness of the charges or fees to the respective parties; ~~and~~

(6) the insurer's surplus as regards policyholders following any dividends or distributions to shareholder affiliates shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs;

(7) if the commissioner determines an insurer subject to this chapter is in a hazardous financial condition, as defined under section 60E.02, subdivision 5, or a condition that would be grounds for supervision, conservation, or a delinquency proceeding, the commissioner may require the insurer to secure and maintain either a deposit, held by the commissioner, or a bond, as determined by the insurer at the insurer's discretion, to protect the insurer for the duration of the contract, agreement, or the existence of the condition for which the commissioner required the deposit or bond. When determining whether a deposit or bond is required, the commissioner must consider whether concerns exist with respect to the affiliated person's ability to fulfill the contract or agreement if the insurer entered into liquidation. Once the insurer is deemed to be in a hazardous financial condition or a condition that would be grounds for supervision, conservation, or a delinquency proceeding, and a deposit or bond is necessary, the commissioner may determine the amount of the deposit or bond, not to exceed the value of the contract or agreement in any one year, and whether the deposit or bond is required for a single contract, multiple contracts, or a contract only with a specific person or persons;

(8) all of an insurer's records and data held by an affiliate are and remain the property of the insurer, are subject to control of the insurer, are identifiable, and are segregated or readily capable of segregation, at no additional cost to the insurer, from all other persons' records and data. For purposes of this clause, records and data include all records and data that are otherwise the property of the insurer in whatever form maintained, including but not limited to claims and claim files, policyholder lists, application files, litigation files, premium records, rate books, underwriting manuals, personnel records, financial records, or similar records within the affiliate's possession, custody, or control. At the request of the insurer, the affiliate must provide that the receiver may (i) obtain a complete set of all records of any type that pertain to the insurer's business, (ii) obtain access to the operating systems on which the data are maintained, (iii) obtain the software that runs the operating systems either through assumption of licensing agreements or otherwise, and (iv) restrict the use of the data by the affiliate if the affiliate is not operating the insurer's business. The affiliate must provide a waiver of any landlord lien or other encumbrance to provide the insurer access to all records and data in the event the affiliate defaults under a lease or other agreement; and

(9) premiums or other funds belonging to the insurer that are collected or held by an affiliate are the exclusive property of the insurer and are subject to the control of the insurer. Any right of offset in the event an insurer is placed into receivership is subject to chapter 576.

(b) The following transactions involving a domestic insurer and any person in its insurance holding company system, including amendments or modifications of affiliate agreements previously

filed pursuant to this section, which are subject to any materiality standards contained in clauses (1) to (7), may not be entered into unless the insurer has notified the commissioner in writing of its intention to enter into the transaction at least 30 days prior thereto, or a shorter period the commissioner permits, and the commissioner has not disapproved it within this period. The notice for amendments or modifications must include the reasons for the change and the financial impact on the domestic insurer. Informal notice must be reported, within 30 days after a termination of a previously filed agreement, to the commissioner for determination of the type of filing required, if any:

(1) sales, purchases, exchanges, loans or extensions of credit, guarantees, or investments provided the transactions are equal to or exceed: (i) with respect to nonlife insurers, the lesser of three percent of the insurer's admitted assets, or 25 percent of surplus as regards policyholders; (ii) with respect to life insurers, three percent of the insurer's admitted assets; each as of the 31st day of December next preceding;

(2) loans or extensions of credit to any person who is not an affiliate, where the insurer makes the loans or extensions of credit with the agreement or understanding that the proceeds of the transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or to make investments in, any affiliate of the insurer making such loans or extensions of credit provided the transactions are equal to or exceed: (i) with respect to nonlife insurers, the lesser of three percent of the insurer's admitted assets or 25 percent of surplus as regards policyholders; (ii) with respect to life insurers, three percent of the insurer's admitted assets; each as of the 31st day of December next preceding;

(3) reinsurance agreements or modifications to those agreements, including: (i) all reinsurance pooling agreements; and (ii) agreements in which the reinsurance premium or a change in the insurer's liabilities, or the projected reinsurance premium or a change in the insurer's liabilities in any of the next three years, equals or exceeds five percent of the insurer's surplus as regards policyholders, as of the 31st day of December next preceding, including those agreements which may require as consideration the transfer of assets from an insurer to a nonaffiliate, if an agreement or understanding exists between the insurer and nonaffiliate that any portion of ~~such~~ the assets will be transferred to one or more affiliates of the insurer;

(4) all management agreements, service contracts, tax allocation agreements, guarantees, and all cost-sharing arrangements;

(5) guarantees when made by a domestic insurer; provided, however, that a guarantee which is quantifiable as to amount is not subject to the notice requirements of this paragraph unless it exceeds the lesser of one-half of one percent of the insurer's admitted assets or ten percent of surplus as regards policyholders as of the 31st day of December next preceding. Further, all guarantees which are not quantifiable as to amount are subject to the notice requirements of this paragraph;

(6) direct or indirect acquisitions or investments in a person that controls the insurer or in an affiliate of the insurer in an amount which, together with its present holdings in the investments, exceeds 2-1/2 percent of the insurer's surplus to policyholders. Direct or indirect acquisitions or investments in subsidiaries acquired pursuant to section 60D.16, as otherwise authorized under this chapter, or in nonsubsidiary insurance affiliates that are subject to the provisions of sections 60D.15 to 60D.29, are exempt from this requirement; and

(7) any material transactions, specified by regulation, which the commissioner determines may adversely affect the interests of the insurer's policyholders.

Nothing contained in this section authorizes or permits any transactions that, in the case of an insurer not a member of the same insurance holding company system, would be otherwise contrary to law.

(c) A domestic insurer may not enter into transactions which are part of a plan or series of like transactions with persons within the insurance holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would occur otherwise. If the commissioner determines that the separate transactions were entered into over any 12-month period for the purpose, the commissioner may exercise the authority under section 60D.25.

(d) The commissioner, in reviewing transactions pursuant to paragraph (b), shall consider whether the transactions comply with the standards set forth in paragraph (a), and whether they may adversely affect the interests of policyholders.

(e) The commissioner shall be notified within 30 days of any investment of the domestic insurer in any one corporation if the total investment in the corporation by the insurance holding company system exceeds ten percent of the corporation's voting securities.

(f) An affiliate that is party to an agreement or contract with a domestic insurer that is subject to paragraph (b), clause (4), is subject to the jurisdiction of any supervision, seizure, conservatorship, or receivership proceedings against the insurer and to the authority of a supervisor, conservator, rehabilitator, or liquidator for the insurer appointed pursuant to chapters 60B and 576 for the purpose of interpreting, enforcing, and overseeing the affiliate's obligations under the agreement or contract to perform services for the insurer that are: (1) an integral part of the insurer's operations, including but not limited to management, administrative, accounting, data processing, marketing, underwriting, claims handling, investment, or any other similar functions; or (2) essential to the insurer's ability to fulfill the insurer's obligations under insurance policies. The commissioner may require that an agreement or contract pursuant to paragraph (b), clause (4), to provide the services described in clauses (1) and (2) must specify that the affiliate consents to the jurisdiction as provided under this paragraph.

Sec. 22. Minnesota Statutes 2024, section 60D.217, is amended to read:

60D.217 GROUPWIDE SUPERVISION OF INTERNATIONALLY ACTIVE INSURANCE GROUPS.

(a) The commissioner is authorized to act as the groupwide supervisor for any internationally active insurance group in accordance with the provisions of this section. However, the commissioner may otherwise acknowledge another regulatory official as the groupwide supervisor where the internationally active insurance group:

(1) does not have substantial insurance operations in the United States;

(2) has substantial insurance operations in the United States, but not in this state; or

(3) has substantial insurance operations in the United States and this state, but the commissioner has determined pursuant to the factors set forth in ~~subsections~~ paragraphs (b) and (f) that the other regulatory official is the appropriate groupwide supervisor.

An insurance holding company system that does not otherwise qualify as an internationally active insurance group may request that the commissioner make a determination or acknowledgment as to a groupwide supervisor pursuant to this section.

(b) In cooperation with other state, federal, and international regulatory agencies, the commissioner ~~will~~ must identify a single groupwide supervisor for an internationally active insurance group. The commissioner may determine that the commissioner is the appropriate groupwide supervisor for an internationally active insurance group that conducts substantial insurance operations concentrated in this state. However, the commissioner may acknowledge that a regulatory official from another jurisdiction is the appropriate groupwide supervisor for the internationally active insurance group. The commissioner shall consider the following factors when making a determination or acknowledgment under this ~~subsection~~ paragraph:

(1) the place of domicile of the insurers within the internationally active insurance group that hold the largest share of the group's written premiums, assets, or liabilities;

(2) the place of domicile of the top-tiered ~~insurer(s)~~ insurer or insurers in the insurance holding company system of the internationally active insurance group;

(3) the location of the executive offices or largest operational offices of the internationally active insurance group;

(4) whether another regulatory official is acting or is seeking to act as the groupwide supervisor under a regulatory system that the commissioner determines to be:

(i) substantially similar to the system of regulation provided under the laws of this state; or

(ii) otherwise sufficient in terms of providing for groupwide supervision, enterprise risk analysis, and cooperation with other regulatory officials; and

(5) whether another regulatory official acting or seeking to act as the groupwide supervisor provides the commissioner with reasonably reciprocal recognition and cooperation.

However, a commissioner identified under this section as the groupwide supervisor may determine that it is appropriate to acknowledge another supervisor to serve as the groupwide supervisor. The acknowledgment of the groupwide supervisor shall be made after consideration of the factors listed in clauses (1) to (5), and shall be made in cooperation with and subject to the acknowledgment of other regulatory officials involved with supervision of members of the internationally active insurance group, and in consultation with the internationally active insurance group.

(c) Notwithstanding any other provision of law, when another regulatory official is acting as the groupwide supervisor of an internationally active insurance group, the commissioner shall acknowledge that regulatory official as the groupwide supervisor. However, in the event of a material change in the internationally active insurance group that results in:

(1) the internationally active insurance group's insurers domiciled in this state holding the largest share of the group's premiums, assets, or liabilities; or

(2) this state being the place of domicile of the top-tiered ~~insurer(s)~~ insurer or insurers in the insurance holding company system of the internationally active insurance group,

the commissioner shall make a determination or acknowledgment as to the appropriate groupwide supervisor for such an internationally active insurance group pursuant to ~~subsection~~ paragraph (b).

(d) Pursuant to section 60D.21, the commissioner is authorized to collect from any insurer registered pursuant to section 60D.19 all information necessary to determine whether the commissioner may act as the groupwide supervisor of an internationally active insurance group or if the commissioner may acknowledge another regulatory official to act as the groupwide supervisor. Prior to issuing a determination that an internationally active insurance group is subject to groupwide supervision by the commissioner, the commissioner shall notify the insurer registered pursuant to section 60D.19 and the ultimate controlling person within the internationally active insurance group. The internationally active insurance group shall have not less than 30 days to provide the commissioner with additional information pertinent to the pending determination. The commissioner shall publish in the State Register and on the department's website the identity of internationally active insurance groups that the commissioner has determined are subject to groupwide supervision by the commissioner.

(e) If the commissioner is the groupwide supervisor for an internationally active insurance group, the commissioner is authorized to engage in any of the following groupwide supervision activities:

(1) assess the enterprise risks within the internationally active insurance group to ensure that:

(i) the material financial condition and liquidity risks to the members of the internationally active insurance group that are engaged in the business of insurance are identified by management; and

(ii) reasonable and effective mitigation measures are in place; or

(2) request, from any member of an internationally active insurance group subject to the commissioner's supervision, information necessary and appropriate to assess enterprise risk, including but not limited to information about the members of the internationally active insurance group regarding:

(i) governance, risk assessment, and management;

(ii) capital adequacy; and

(iii) material intercompany transactions;

(3) coordinate and, through the authority of the regulatory officials of the jurisdictions where members of the internationally active insurance group are domiciled, compel development and implementation of reasonable measures designed to ensure that the internationally active insurance group is able to timely recognize and mitigate enterprise risks to members of ~~such~~ the internationally active insurance group that are engaged in the business of insurance;

(4) communicate with other state, federal and international regulatory agencies for members within the internationally active insurance group and share relevant information subject to the confidentiality provisions of section 60D.22, through supervisory colleges as set forth in section 60D.215 or otherwise;

(5) enter into agreements with or obtain documentation from any insurer registered under section 60D.19, any member of the internationally active insurance group, and any other state, federal, and international regulatory agencies for members of the internationally active insurance group, providing the basis for or otherwise clarifying the commissioner's role as groupwide supervisor, including provisions for resolving disputes with other regulatory officials. Such Agreements or documentation under this clause shall not serve as evidence in any proceeding that any insurer or person within an insurance holding company system not domiciled or incorporated in this state is doing business in this state or is otherwise subject to jurisdiction in this state; and

(6) other groupwide supervision activities, consistent with the authorities and purposes enumerated above, as considered necessary by the commissioner.

(f) If the commissioner acknowledges that another regulatory official from a jurisdiction that is not accredited by the NAIC is the groupwide supervisor, the commissioner is authorized to reasonably cooperate, through supervisory colleges or otherwise, with groupwide supervision undertaken by the groupwide supervisor, provided that:

(1) the commissioner's cooperation is in compliance with the laws of this state; and

(2) the regulatory official acknowledged as the groupwide supervisor also recognizes and cooperates with the commissioner's activities as a groupwide supervisor for other internationally active insurance groups where applicable. Where such recognition and cooperation by the groupwide supervisor is not reasonably reciprocal, the commissioner is authorized to refuse recognition and cooperation.

(g) The commissioner is authorized to enter into agreements with or obtain documentation from any insurer registered under section 60D.19, any affiliate of the insurer, and other state, federal, and international regulatory agencies for members of the internationally active insurance group, that provide the basis for or otherwise clarify a regulatory official's role as groupwide supervisor.

(h) A registered insurer subject to this section shall be liable for and shall pay the reasonable expenses of the commissioner's participation in the administration of this section, including the engagement of attorneys, actuaries, and any other professionals and all reasonable travel expenses.

Sec. 32. **[168A.1502] INSURER APPLICATION FOR TITLE.**

(a) When an insurer licensed to conduct business in Minnesota acquires ownership of a vehicle through payment of damages and the owner fails to deliver the vehicle's title to the insurer within 15 days of payment of the claim, the insurer or a designated agent may apply to the commissioner for a certificate of title as provided in this section. This section only applies to vehicles with a title issued by this state.

(d) Notwithstanding any outstanding liens, upon proper application and payment of applicable fees, the commissioner must issue a certificate of title, salvage title, or prior salvage title in the name of the insurer. (b) The insurance company must provide the auction company notice, by commercial delivery service, email, or a proprietary electronic system accessible by both the insurance company and the auction company, authorizing the auction company to release the vehicle to the vehicle's owner or lienholder.

Subd. 3. **Notice to owner or lienholder.** (a) Upon receiving notice from an insurance company, the auction company must send two notices a minimum of 14 days apart to the owner of the vehicle and any lienholders stating that the vehicle is available to be recovered from the auction company within 30 days of the date the first notice was sent. Each notice must include an invoice for any outstanding charges owed to the auction company that must be paid before the vehicle may be recovered.

(b) Notice under this subdivision must be sent to the address of the owner and any lienholder on record with the commissioner by certified mail or a commercially available delivery service that provides proof of delivery.

Subd. 4. **Vehicle deemed abandoned.** (a) If the owner or any lienholder does not recover the vehicle within 30 days of the date on which the first notice was sent under subdivision 3, (1) the vehicle is considered abandoned, (2) the vehicle's certificate of title is deemed assigned to the auction company, and (3) without surrendering the certificate of title, the auction company may request, on a form provided by the commissioner, that the commissioner issue a certificate of title that is free of liens.

(b) A request under paragraph (a) must be accompanied by a copy of (1) the notice sent by the insurance company required under subdivision 2, and (2) evidence of delivery of the notices sent to the owner and any lienholders required under subdivision 3 or evidence that the notices were undeliverable.

(c) Notwithstanding any outstanding liens against the vehicle, upon proper application and receipt of any fees charged under section 168A.29, the commissioner must issue a certificate of title that is free of liens and bears a salvage or prior salvage brand to the auction company in possession of the vehicle.

Sec. 2. Minnesota Statutes 2024, section 80E.12, is amended to read:

80E.12 UNLAWFUL ACTS BY MANUFACTURERS, DISTRIBUTORS, OR FACTORY BRANCHES.

It shall be unlawful for any manufacturer, distributor, or factory branch to require a new motor vehicle dealer to do any of the following:

(a) order or accept delivery of any new motor vehicle, part or accessory thereof, equipment, or any other commodity not required by law which has not been voluntarily ordered by the new motor vehicle dealer, provided that this paragraph does not modify or supersede reasonable provisions of the franchise requiring the dealer to market a representative line of the new motor vehicles the manufacturer or distributor is publicly advertising;

(b) order or accept delivery of any new motor vehicle, part or accessory thereof, equipment, or any other commodity not required by law in order for the dealer to obtain delivery of any other motor vehicle ordered by the dealer;

(c) order or accept delivery of any new motor vehicle with special features, accessories, or equipment not included in the list price of the motor vehicles as publicly advertised by the manufacturer or distributor;

(d) participate monetarily in an advertising campaign or contest, or to purchase any promotional materials, showroom, or other display decorations or materials at the expense of the new motor vehicle dealer;

(e) enter into any agreement with the manufacturer or to do any other act prejudicial to the new motor vehicle dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and the manufacturer. Notice in good faith to any dealer of the dealer's violation of any terms of the franchise agreement shall not constitute a violation of sections 80E.01 to 80E.17;

(f) change the capital structure of the new motor vehicle dealer or the means by or through which the dealer finances the operation of the dealership; provided, that the new motor vehicle dealer at all times meets any reasonable capital standards agreed to by the dealer; and also provided, that no change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor as provided in section 80E.13, paragraph (j);

(g) prevent or attempt to prevent, by contract or otherwise, any motor vehicle dealer from changing the executive management control of the new motor vehicle dealer unless the franchisor proves that the change of executive management will result in executive management control by a person who is not of good moral character or who does not meet the franchisor's existing reasonable capital standards and, with consideration given to the volume of sales and services of the new motor vehicle dealer, uniformly applied minimum business experience standards in the market area; provided, that where the manufacturer, distributor, or factory branch rejects a proposed change in executive management control, the manufacturer, distributor, or factory branch shall give written notice of its reasons to the dealer;

(h) refrain from participation in the management of, investment in, or the acquisition of, any other line of new motor vehicle or related products or establishment of another make or line of new motor vehicles in the same dealership facilities as those of the manufacturer; provided, however, that this clause does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, and that the new motor vehicle dealer remains in substantial compliance with the terms and conditions of the franchise and with any reasonable facilities requirements of the manufacturer and that the acquisition or addition is not unreasonable in light of all existing circumstances; provided further that if a manufacturer determines to deny a dealer's request for a change described in this paragraph, such denial must be in writing, must offer an analysis of the grounds for the denial addressing the criteria contained in this paragraph, and must be delivered to the new motor vehicle dealer within 60 days after the manufacturer receives the completed application or documents customarily used by the manufacturer for dealer actions described in this paragraph. If a denial that meets the requirements of this paragraph is not sent within this period, the manufacturer shall be deemed to have given its consent to the proposed change.
