Sec. 4. Minnesota Statutes 2024, section 590.01, is amended to read:

590.01 AVAILABILITY, CONDITIONS.

Subdivision 1. **Petition.** Except at a time when direct appellate relief is available, a person convicted of a crime~~,~~ or who received a stay of adjudication who claims that:

(1) the conviction or stay of adjudication obtained, or the sentence or other disposition made, violated the person's rights under the Constitution or laws of the United States or of the state; or

(2) scientific evidence not available at trial, obtained pursuant to a motion granted under subdivision 1a, establishes the petitioner's actual innocence;

may commence a proceeding to secure relief by filing a petition in the district court in the county in which the conviction or stay of adjudication was had to vacate and set aside the judgment and to discharge the petitioner or to resentence the petitioner or grant a new trial or correct the sentence or make other disposition as may be appropriate. A petition for postconviction relief after a direct appeal has been completed may not be based on grounds that could have been raised on direct appeal of the conviction, stay of adjudication, or sentence. Nothing contained herein shall prevent the supreme court or the court of appeals, upon application by a party, from granting a stay of a case on appeal for the purpose of allowing an appellant to apply to the district court for an evidentiary hearing under the provisions of this chapter. The proceeding shall conform with sections 590.01 to 590.06.

Subd. 1a. **Motion for fingerprint or forensic testing not available at trial.** (a) A person convicted of a crime, or who received a stay of adjudication, may make a motion for the performance of fingerprint or forensic DNA testing to demonstrate the person's actual innocence if:

(1) the testing is to be performed on evidence secured in relation to the trial which resulted in the conviction or plea; and

(2) the evidence was not subject to the testing because either the technology for the testing was not available at the time of the trial or the testing was not available as evidence at the time of the trial.

The motion shall be filed before the district court that entered the judgment of conviction or stay of adjudication. Reasonable notice of the motion shall be served on the prosecuting attorney who represented the state at trial.

(b) A person who makes a motion under paragraph (a) must present a prima facie case that:

(1) identity was an issue in the trial; and

(2) the evidence to be tested has been subject to a chain of custody sufficient to establish that it has not been substituted, tampered with, replaced, or altered in any material aspect.

(c) The court shall order that the testing be performed if:

(1) a prima facie case has been established under paragraph (b);

(2) the testing has the scientific potential to produce new, noncumulative evidence materially relevant to the defendant's assertion of actual innocence; and

(3) the testing requested employs a scientific method generally accepted within the relevant scientific community. The court shall impose reasonable conditions on the testing designed to protect the state's interests in the integrity of the evidence and the testing process.

Subd. 2. **Remedy.** This remedy takes the place of any other common law, statutory or other remedies which may have been available for challenging the validity of a stay of adjudication, conviction, sentence, or other disposition and must be used exclusively in place of them unless it is inadequate or ineffective to test the legality of the stay of adjudication, conviction, sentence or other disposition.

Subd. 3. **Application for relief.** A person who has been convicted or received a stay of adjudication and sentenced for a crime committed before May 1, 1980, may institute a proceeding applying for relief under this chapter upon the ground that a significant change in substantive or procedural law has occurred which, in the interest of justice, should be applied retrospectively, including resentencing under subsequently enacted law.

No petition seeking resentencing shall be granted unless the court makes specific findings of fact that release of the petitioner prior to the time the petitioner would be released under the sentence currently being served does not present a danger to the public and is not incompatible with the welfare of society.

Subd. 4. **Time limit.** (a) No petition for postconviction relief may be filed more than two years after the later of:

(1) the entry of judgment of conviction, stay of adjudication, or sentence if no direct appeal is filed; or

(2) an appellate court's disposition of petitioner's direct appeal.

(b) Notwithstanding paragraph (a), a court may hear a petition for postconviction relief if:

(1) the petitioner establishes that a physical disability or mental disease precluded a timely assertion of the claim;

(2) the petitioner alleges the existence of newly discovered evidence, including scientific evidence, that provides facts necessary to sustain one or more legally cognizable claims for postconviction relief, if such evidence could not have been ascertained by the exercise of due diligence by the petitioner or petitioner's attorney within the two-year time period for filing a postconviction petition, is not cumulative to evidence presented at trial, and is not for impeachment purposes;

(3) the petitioner asserts a new interpretation of federal or state constitutional or statutory law by either the United States Supreme Court or a Minnesota appellate court and the petitioner establishes that this interpretation is retroactively applicable to the petitioner's case;

(4) the petition is brought pursuant to subdivision 3; or

(5) the petitioner establishes to the satisfaction of the court that the petition is not frivolous and is in the interests of justice.

(c) Any petition invoking an exception provided in paragraph (b) must be filed within two years of the date the claim arises.

Sec. 5. Minnesota Statutes 2024, section 595.02, subdivision 1, is amended to read:

Subdivision 1. **Competency of witnesses.** Every person of sufficient understanding, including a party, may testify in any action or proceeding, civil or criminal, in court or before any person who has authority to receive evidence, except as provided in this subdivision:

(a) A husband cannot be examined for or against his wife without her consent, nor a wife for or against her husband without his consent, nor can either, during the marriage or afterwards, without the consent of the other, be examined as to any communication made by one to the other during the marriage. This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either or against a child under the care of either spouse, nor to a criminal action or proceeding in which one is charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for nonsupport, neglect, dependency, or termination of parental rights.

(b) An attorney cannot, without the consent of the attorney's client, be examined as to any communication made by the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.

(c) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy's or other minister's professional character, without the consent of the person.

(d) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received.

(e) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(f) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(g) A registered nurse, psychologist, consulting psychologist, or licensed social worker engaged in a psychological or social assessment or treatment of an individual at the individual's request shall not, without the consent of the professional's client, be allowed to disclose any information or opinion

based thereon which the professional has acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity. Nothing in this clause exempts licensed social workers from compliance with the provisions of section 626.557 and chapter 260E.

(h) An interpreter for a person disabled in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a "person disabled in communication" means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

(1) when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

(2) when the communications reveal the contemplation or ongoing commission of a crime; or

(3) when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) A parent or the parent's minor child may not be examined as to any communication made in confidence by the minor to the minor's parent. A communication is confidential if made out of the presence of persons not members of the child's immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent's spouse, or a child of either the parent or the parent's spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

(k) Sexual assault counselors may not be allowed to disclose any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this

clause exempts sexual assault counselors from compliance with the provisions of section 626.557 and chapter 260E.

"Sexual assault counselor" for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

(l) A domestic abuse advocate ~~may~~ shall not, without the consent of the victim, be ~~compelled~~ allowed to disclose any opinion or information received from or about the victim ~~without the consent of the victim unless ordered by the court~~ which the advocate acquired in attending the victim in a professional capacity. ~~In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the relationship between the victim and domestic abuse advocate, and the services if disclosure occurs.~~ Nothing in this paragraph (1) exempts domestic abuse advocates from compliance with the provisions of section 626.557 and chapter 260E, or (2) modifies a prosecutor's obligation to disclose material and information to the defense when the information is in the possession or control of members of the prosecution staff and of any others who have participated in the investigation or evaluation of the case and who either regularly report, or with reference to the particular case have reported, to the prosecutor's office.

For the purposes of this section, "domestic abuse advocate" means an employee or supervised volunteer from a community-based ~~battered women's shelter and~~ domestic abuse program eligible to receive grants under section 611A.32; that provides information, advocacy, crisis intervention, emergency shelter, or support to victims of domestic abuse and who is not employed by or under the direct supervision of a law enforcement agency, a prosecutor's office, or by a city, county, or state agency.

(m) A person cannot be examined as to any communication or document, including work notes, made or used in the course of or because of mediation pursuant to an agreement to mediate or a collaborative law process pursuant to an agreement to participate in collaborative law. This does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement or a stipulated agreement resulting from the collaborative law process set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation or collaborative law by the common law.

(n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

(o) A communication assistant for a telecommunications relay system for persons who have communication disabilities shall not, without the consent of the person making the communication, be allowed to disclose communications made to the communication assistant for the purpose of relaying.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 6. Minnesota Statutes 2024, section 595.02, is amended by adding a subdivision to read:

Subd. 1b. **Inadmissibility; exceptions.** (a) For purposes of this subdivision:

(1) "restorative practice" has the meaning given in section 142A.76, subdivision 1; and

(2) "restorative practice participant" means a facilitator, a person who has caused harm, a person who has been harmed, a community member, and any other person attending a restorative practice.

(b) Statements made or documents offered in the course of a restorative practice are not subject to discovery or admissible as evidence in a civil or criminal proceeding. This paragraph does not apply:

(1) to statements or documents that are the subject of a report made pursuant to section 626.557 or chapter 260E;

(2) if a restorative practice participant reasonably believed that disclosure of a statement or document was necessary to prevent reasonably certain death, great bodily harm, or commission of a crime; or

(3) if the statement or document constitutes evidence of professional misconduct by a restorative practice participant acting in the capacity of their professional or occupational license.

(c) Notwithstanding paragraph (b), if a court orders a person who caused harm to participate in a restorative practice, a person overseeing the restorative practice may disclose information necessary to demonstrate whether the person who caused harm participated as ordered.

Sec. 7. Minnesota Statutes 2024, section 609A.06, subdivision 3, is amended to read:

(2) the offense did not involve a dangerous weapon, the intentional infliction of bodily harm on another, an attempt to inflict bodily harm on another, or an act committed with the intent to cause fear in another of immediate bodily harm or death;

(3) the act on which the charge was based would either be a lesser offense or no longer be a crime after August 1, 2023; and

(4) the person did not appeal the conviction, any appeal was denied, or the deadline to file an appeal has expired.

Subd. 7. **Review and determination.** (a) The Cannabis Expungement Board shall review all available records to determine whether the conviction or stay of adjudication or charge is eligible for an expungement or resentencing to a lesser offense. An expungement under this section is presumed to be in the public interest unless there is clear and convincing evidence that an expungement or resentencing to a lesser offense would create a risk to public safety.

(b) If the Cannabis Expungement Board determines that an expungement is in the public interest, the board shall determine whether a person's conviction should be vacated and charges should be dismissed.

(c) If the Cannabis Expungement Board determines that an expungement is in the public interest, the board shall determine whether the limitations under section 609A.03, subdivision 5a, apply.

(f) In making a determination under this subdivision, the Cannabis Expungement Board shall consider:

(1) the nature and severity of the underlying crime, including but not limited to the total amount of marijuana or tetrahydrocannabinols possessed by the person and whether the offense involved a dangerous weapon, the intentional infliction of bodily harm on another, an attempt to inflict bodily harm on another, or an act committed with the intent to cause fear in another of immediate bodily harm or death;

(2) whether an expungement or resentencing the person a lesser offense would increase the risk, if any, the person poses to other individuals or society;

(3) if the person is under sentence, whether an expungement or resentencing to a lesser offense would result in the release of the person and whether release earlier than the date that the person would be released under the sentence currently being served would present a danger to the public or would be compatible with the welfare of society;

(4) aggravating or mitigating factors relating to the underlying crime, including the person's level of participation and the context and circumstances of the underlying crime;

(5) statements from victims and law enforcement, if any;

(6) if an expungement or resentencing the person to a lesser offense is considered, whether there is good cause to restore the person's right to possess firearms and ammunition;

(7) if an expungement is considered, whether an expunged record of a conviction or stay of adjudication may be opened for purposes of a background check required under section 122A.18, subdivision 8; and

(8) whether the person was also charged with other offenses in addition to the underlying crime, the disposition of those other charges, and other factors deemed relevant by the Cannabis Expungement Board.

(g) In making a determination under this subdivision, the Cannabis Expungement Board shall not consider the impact the expungement would have on the offender based on any records held by the Department of Health; Department of Children, Youth, and Families; or Department of Human Services.

(h) The affirmative vote of three members is required for action taken at any meeting.

EFFECTIVE DATE. This section is effective the day following final enactment.

(2) the court file number of the eligible conviction or stay of adjudication;

(3) whether the person is eligible for an expungement;

(4) if the person is eligible for an expungement, whether the person's conviction should be vacated and charges should be dismissed;

(5) if the person is eligible for an expungement, whether there is good cause to restore the offender's right to possess firearms and ammunition;

In addition, the court shall order all records, including those pertaining to probation, incarceration, or supervision, held by the Department of Corrections or local correctional officials sealed. The courts shall not order the Department of Health; the Department of Children, Youth, and Families; or the Department of Human Services to seal records under this section. If the Cannabis Expungement Board determined that the person's conviction should be vacated and charges should be dismissed, the order shall vacate and dismiss the charges.

(b) If the Cannabis Expungement Board determined that there is good cause to restore the person's right to possess firearms and ammunition, the court shall issue an order pursuant to section 609.165, subdivision 1d.

(c) If the Cannabis Expungement Board determined that an expunged record of a conviction or stay of adjudication may not be opened for purposes of a background check required under section 122A.18, subdivision 8, the court shall direct the order specifically to the Professional Educator Licensing and Standards Board.

(d) The court administrator shall send a copy of an expungement order issued under this section to each agency and jurisdiction whose records are affected by the terms of the order and send a letter

(e) In consultation with the commissioner of human services, the court shall establish a schedule on which it shall provide the commissioner of human services a list identifying the name and court file number or, if no court file number is available, the citation number of each record for a person who received an expungement under this section.

(f) Data on the person whose offense has been expunged in a letter sent under this subdivision are private data on individuals as defined in section 13.02, subdivision 12.

EFFECTIVE DATE. This section is effective the day following final enactment.

Section 1. Minnesota Statutes 2024, section 609.101, subdivision 2, is amended to read:

Subd. 2. **Minimum fines.** Notwithstanding any other law, when a court sentences a person convicted of violating section 609.221, 609.222, 609.223, 609.2231, 609.224, 609.2242, 609.267, 609.2671, 609.2672, 609.342, 609.343, 609.344, or 609.345, it must impose a fine of not less than 30 percent of the maximum fine authorized by law nor more than the maximum fine authorized by law.

The court shall forward the remaining 30 percent to the commissioner of management and budget to be credited to the general fund. If more than one victim assistance program serves the county in which the crime was committed, the court may designate on a case-by-case basis which program will receive the fine proceeds, giving consideration to the nature of the crime committed, the types of victims served by the program, and the funding needs of the program. If no victim assistance program serves that county, the court shall forward 100 percent of the fine proceeds to the commissioner of management and budget to be credited to the general fund. Fine proceeds received by a local victim assistance program must be used to provide direct services to crime victims.

The minimum fine required by this subdivision is in addition to the surcharge or assessment required by section 357.021, subdivision 6, and is in addition to any sentence of imprisonment or restitution imposed or ordered by the court.

(4) extending terms of reimprisonment due to violations of disciplinary rules or other factors specified in policy relating to community supervision or public safety.

(b) In no case may a term of reimprisonment exceed 12 months unless:

Sec. 39. Minnesota Statutes 2024, section 401.10, subdivision 1, is amended to read:

Subdivision 1. **Community supervision funding formula.** (a) Beginning July 1, 2023, the community supervision subsidy paid to each county, the commissioner for supervision of non-CCA jurisdictions served by the Department of Corrections, and each applicable Tribal Nation ~~under paragraph (c)~~ providing services as a CCA jurisdiction or CPO jurisdiction as defined in section 244.19, subdivision 1a, paragraph (b), equals the sum of:

(1) a base funding amount equal to $150,000; and

(2) a community supervision formula equal to the sum of:

~~(i) for each individual with a felony sentence, a felony per diem rate of $5.62 multiplied by the sum of the county's or Tribal Nation's adult felony population, adult supervised release and parole populations, and juvenile supervised release and parole populations as reported in the most recent probation survey published by the commissioner, multiplied by 365; and~~

~~(ii) for each individual sentenced for a gross misdemeanor or misdemeanor or under juvenile probation, the felony per diem rate of $5.62 multiplied by 0.5 and then multiplied by the sum of the county's or Tribal Nation's gross misdemeanor, misdemeanor, and juvenile populations as reported in the most recent probation survey published by the commissioner, multiplied by 365.~~

(i) for individuals with a felony sentence, the felony per diem rate of $5.62 shall be multiplied by the average total population over the three most recent years, as reported in the probation surveys published by the commissioner. This population includes the county or Tribal Nation's adult felony population, adult supervised release population, adult parole population, juvenile supervised release population, and juvenile parole populations. The resulting amount shall then be multiplied by 365 to calculate the total annual allocation; and

(ii) for individuals sentenced for a gross misdemeanor or misdemeanor, or under juvenile probation, the felony per diem rate of $5.62 shall be multiplied by 0.5, and then multiplied by the average total population over the three most recent years, as reported in the probation surveys published by the commissioner. This population includes the county or Tribal Nation's gross misdemeanor population, misdemeanor population, and juvenile probation population. The resulting amount shall then be multiplied by 365 to calculate the total annual allocation.

(b) For a non-CCA jurisdiction under section 244.19, subdivision 1b, paragraph (b) or (c), the base funding amount must be shared equally between the jurisdiction and the commissioner for the provision of felony supervision under section 244.20.

(c) If in any year the total amount appropriated for the purpose of this section is more than or less than the total of base funding plus community supervision formula funding for all counties and applicable Tribal Nations, the sum of each county's and applicable Tribal Nation's base funding plus community supervision formula funding is adjusted by the ratio of amounts appropriated for this purpose divided by the total of base funding plus community supervision formula funding for all counties and applicable Tribal Nations.

(d) If in any year the base funding plus the community supervision formula amount based on what was appropriated in fiscal year 2024 is less than the funding paid to the county in fiscal year 2023, the difference is added to the community supervision formula amount for that county. A county is not eligible for additional funding under this paragraph unless the base funding plus community supervision formula results in an increase in funding for the county based on what was appropriated in the previous fiscal year. This paragraph expires June 30, 2029.

~~(e) For each Tribal Nation, a funding amount of $250,000 is allotted annually to purchase probation services or probation-related services, including contracted services, but a Tribal Nation that becomes a CCA jurisdiction or a non-CCA jurisdiction under section 244.19, subdivision 1b, paragraph (b) or (c), is an applicable Tribal Nation under paragraphs (a) to (c) and:~~

~~(1) has the Tribal Nation's funding amount of $250,000 transferred to the total community supervision subsidy amount appropriated for the purposes of this section; and~~

~~(2) is allotted a base funding amount equal to $150,000 plus an amount as determined according to the community supervision formula under paragraph (a), clause (2).~~

~~(f)~~ (e) Minnesota Rehabilitation and Reinvestment Act savings under section 244.50, subdivision 4, clause (2), are appropriated to each CCA jurisdiction and non-CCA jurisdiction served by the Department of Corrections by dividing the three-year average of the number of individuals on supervised release and intensive supervised release within the jurisdiction by the three-year average of the total number of individuals under supervised release and intensive supervised release statewide, using the numbers reported annually in the Probation Survey report.

Subd. 1a. **Prorating subsidy for Interstate Transfer Unit.** Before disbursing the community supervision subsidy in subdivision 1, the commissioner must prorate the cost of the Interstate Transfer Unit based upon the county's share of the average total probation population over the three most

Sec. 41. Minnesota Statutes 2024, section 401.10, subdivision 4, is amended to read:

Inactive investigative data are public unless the release of the data would jeopardize another ongoing investigation or would reveal the identity of individuals protected under subdivision 17. Images and recordings, including photographs, video, and audio records, which are part of inactive investigative files and which are clearly offensive to common sensibilities are classified as private or nonpublic data, provided that the existence of the images and recordings shall be disclosed to any person requesting access to the inactive investigative file. An investigation becomes inactive upon the occurrence of any of the following events:

(a) a decision by the agency or appropriate prosecutorial authority not to pursue the case;

(b) expiration of the time to bring a charge or file a complaint under the applicable statute of limitations, or 30 years after the commission of the offense, whichever comes earliest; or

(c) exhaustion of or expiration of all rights of appeal by a person convicted on the basis of the investigative data.

Any investigative data presented as evidence in court shall be public. Data determined to be inactive under clause (a) may become active if the agency or appropriate prosecutorial authority decides to renew the investigation.

During the time when an investigation is active, any person may bring an action in the district court located in the county where the data are being maintained to authorize disclosure of investigative data. The court may order that all or part of the data relating to a particular investigation be released to the public or to the person bringing the action. In making the determination as to whether investigative data shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the agency or to any person identified in the data. The data in dispute shall be examined by the court in camera.

In cases involving a missing person who has been missing for a continuous period of 20 years, the law enforcement agency and prosecuting authority must release active criminal investigative data to the legal representative of the missing person's next of kin, upon request, if the release of the data is not prohibited under section 13.821. If the law enforcement agency or prosecuting authority reasonably believes that public dissemination of the data will interfere with the investigation, the law enforcement agency or prosecuting authority may release the data to the next of kin's legal representative on the condition that the data remain in the custody and control of a licensed attorney or a licensed private investigator and be used for investigative purposes, until the investigation is inactive.

Sec. 7. Minnesota Statutes 2024, section 13.825, subdivision 4, is amended to read:

Subd. 4. **Access by data subjects.** (a) For purposes of this chapter, a portable recording system data subject includes the peace officer who collected the data, and any other individual or entity, including any other peace officer, regardless of whether the officer is or can be identified by the recording, whose image or voice is documented in the data.

(b) An individual who is the subject of portable recording system data has access to the data, including data on other individuals who are the subject of the recording. If the individual requests a copy of the recording, data on other individuals who do not consent to its release must be redacted from the copy. The identity and activities of an on-duty peace officer engaged in an investigation or response to an emergency, incident, or request for service may not be redacted, unless the officer's identity is subject to protection under section 13.82, subdivision 17, clause (a).

(c) Notwithstanding section 13.82, subdivision 7, a person entitled to a report of a collision under section 169.09, subdivision 13, must be provided with copies of unredacted data from all portable recording systems used in the collision investigation, including data on other individuals who are the subject of the recording. A request must be made in writing and accompanied by the accident report relating to the data. Data provided under this paragraph may only be used to process a claim related to the collision or as evidence in a proceeding related to the collision. The requestor must not further disseminate the data or use the data for any other purpose. A law enforcement agency may deny a request to provide unredacted portable recording system data under this paragraph if:

(1) the agency determines there is a compelling reason that providing access to the data would interfere with an active investigation;

(2) the data is clearly offensive to common sensibilities; or

(3) the data is classified as not public by other provisions under this chapter.

If a law enforcement agency denies access under clause (1), the agency must provide a prompt, written reason for the denial to the individual who requested the data with a description of the compelling reason and must provide notice that relief may be sought from the district court under section 13.82, subdivision 7.

Subd. 2. **Classification of data.** (a) Subject to the provisions of this section, the personal information of all judicial officials collected, created, or maintained in real property records is private data on individuals, as defined in section 13.02, subdivision 12.

(b) If the responsible authority or government entity violates this section, the remedies and penalties under chapter 13 are available only if the judicial official making a claim previously provided a real property notice that complies with subdivision 3. If the subject of the data is the spouse, domestic partner, or adult child of a judicial official who does not reside with the judicial official, the remedies and penalties under chapter 13 are available only if the spouse, domestic partner, or adult child previously provided a notification under subdivision 3 to the responsible authority confirming their status as the spouse, domestic partner, or adult child of a judicial official. In the case of county records, the notification shall be filed with the responsible authority that maintains the personal information for which protection is sought. A notification submitted under this section is private data on individuals, as defined in section 13.02, subdivision 12.

Subd. 3. **Notification.** (a) For the classification in subdivision 2 to apply to personal information in real property records, a judicial official must submit a real property notice in writing to the county recorder in the county where the property identified in the real property notice is located and to the Office of the Secretary of State. To affect real property records maintained by any other government entity, a judicial official must submit a real property notice in writing to the other government entity's responsible authority. If the personal information is that of the spouse, domestic partner, or adult child of a judicial official who does not reside with the judicial official, the spouse, domestic partner, or adult child must submit a real property notice. The real property notice is classified as private data on individuals, as defined in section 13.02, subdivision 12. A real property notice must be on a form provided by the judicial branch and must include:

(1) the full legal name of the individual submitting the form;

(2) the last four digits of the individual's Social Security number;

(3) the individual's date of birth;

(4) the individual's telephone number and email address;

(5) the residential address of the individual in Minnesota;

(6) the legal description, parcel identification number, and street address, if any, of the real property affected by the notice; and

(7) a certification that the individual is a judicial official or the spouse, domestic partner, or adult child of a judicial official that contains the notarized signature of the individual.

(b) A notice submitted by a judicial official employed by the state must include the employer's business address and a verification of current employment signed by the employer's human resources office.

(c) A notice submitted pursuant to this subdivision by a spouse, domestic partner, or adult child of a judicial official not residing with the judicial official must include a notarized verification that the individual is the spouse, domestic partner, or adult child of a judicial official.

(d) Only one parcel of real property may be included in each notice, but an individual may submit more than one notice. A government entity may require an individual to provide additional information necessary to identify the records or the real property described in the notice. An individual submitting a notice must submit a new real property notice if their legal name changes.

Subd. 4. **Access to real property records.** (a) If an individual submits a notice under subdivision 3, the county recorder or other government entity must not disclose the individual's personal information in conjunction with the property identified in the written notice, unless:

(1) the individual has consented to sharing or dissemination of the personal information for the purpose identified in a writing signed by the individual and acknowledged by a notary public;

(2) the personal information is subject to dissemination pursuant to a court order under section 13.03, subdivision 6;

(3) the personal information is shared with a government entity for the purpose of administering assessment and taxation laws;

(4) the personal information is disseminated pursuant to subdivision 5; or

(5) the personal information is shared with the examiner of titles or deputy examiner as necessary to perform their statutory duties under chapters 508 and 508A, including the dissemination of personal information in reports of examiner.

(b) This subdivision does not prevent the county recorder from returning original documents to the person who submitted the documents for recording. Each county recorder shall establish procedures for recording documents to comply with this subdivision. These procedures may include masking personal information and making documents or certificates of title containing the personal information private and not viewable, except as allowed by this paragraph. The procedure must comply with the requirements of chapters 386, 507, 508, and 508A, and other laws as appropriate, to the extent these requirements do not conflict with this section. The procedures must provide public notice of the existence of recorded documents and certificates of title that are not publicly viewable and the provisions for viewing them under this subdivision. Notice that a document or certificate is private and viewable only under this subdivision or subdivision 5 is deemed constructive notice of the document or certificate.

(c) A real property notice submitted under subdivision 3 shall apply retroactively to all online and digital real property records, except digitized or scanned images of tract pages and books, but only to the extent the individual submitting the notice provides the parcel identification number, document number, or certificate of title number of each record for which protection is sought. Otherwise, paragraph (a) applies only to the real property records recorded or filed concurrently with the real property notice specified in subdivision 3 and to real property records affecting the same real property recorded subsequent to the county recorder or other government entity's receipt of the real property notice.

(d) The county recorder or other government entity shall have 60 days from the date of receipt of a real property notice under subdivision 3 to process the request. If the individual cites exigent circumstances, the county recorder or other government entity shall process the request as soon as practicable.

(e) The prohibition on disclosure in paragraph (a) continues until:

(1) the individual has consented to the termination of the real property notice in a writing signed by the individual and acknowledged by a notary public;

(2) the real property notice is terminated pursuant to a court order;

(3) the individual no longer holds a record interest in the real property identified in the real property notice;

(4) the individual is deceased and a certified copy of the death certificate has been filed with the county recorder or other government entity to which a notice under subdivision 3 was given; or

(5) the judicial official no longer qualifies as a judicial official. Notification that the judicial official no longer qualifies as a judicial official must be given by the judicial official to each county recorder or other government entity to which a notice under subdivision 3 was given within 90 days after the judicial official no longer qualifies as a judicial official.

(f) Upon termination of the prohibition of disclosure, the county recorder shall make publicly viewable all documents and certificates of title that were previously partially or wholly private and not viewable pursuant to a notice filed under subdivision 3.

Subd. 5. **Access to personal information in real property records; title examination.** (a) Upon request, the individual who submitted the real property under notice under subdivision 3 shall verify that the individual's real property is the property subject to a bona fide title exam.

(b) The county recorder or other government entity shall provide the unredacted real property records of an individual who submitted a real property notice under subdivision 3 upon request of any of the following persons:

(1) a licensed title insurance company representative, a licensed title insurance agent, a licensed abstractor, or an attorney licensed to practice law in Minnesota;

(2) a mortgage loan originator;

(3) a real estate broker or a real estate salesperson; and

(4) an individual or entity that has made or received an offer for the purchase of real property to or from an individual who submitted a real property notice under subdivision 3 whose address is subject to nondisclosure, provided the request is accompanied by a written consent from the individual.

(c) A request made under paragraph (a) or (b) must be made on a notarized form and include:

(1) the full legal name, title, address, and place of employment, if applicable, of the person requesting the real property records;

(2) the lawful purpose for requesting the real property records;

(3) the requestor's relationship, if any, to the individual who submitted a real property notice under subdivision 3;

(4) the legal description of the property subject to the title examination; and

(5) proof of the requestor's licensure.

(d) Personal information provided under this subdivision may be used only for the purposes authorized in this subdivision or the lawful purposes set forth in the request for disclosure form and may not be further disseminated to any other person. However, the dissemination of personal information in real property records by a licensed attorney or any employees in the office of the licensed attorney is permitted when reasonably necessary for the provision of legal services.

Subd. 6. **Service fees to county recorder or other government entity.** The county recorder or any other government entity is authorized to charge the following service fees:

(1) up to $40 for each real property notice under subdivision 3;

(2) up to $40 for each consent submitted under subdivision 4, paragraphs (a), clause (1), and (e), clause (1); and

(3) up to $40 for each request submitted under subdivision 5.

These service fees shall not be considered county recorder fees under section 357.18 or registrar of titles fees under section 508.82 or 508A.82 and shall be deposited into the county recorder or other government entity's general fund.

EFFECTIVE DATE. This section is effective January 1, 2026.

(c) A corporate action taken in good faith under this subdivision during an emergency to further the business and affairs of the corporation binds the corporation.

Sec. 12. **[302A.166] DEFECTIVE CORPORATE ACTS AND SHARES; RATIFICATION.**

Subdivision 1. **Effect of ratification or validation.** Subject to subdivision 7, a defective corporate act or putative share is not void or voidable solely as a result of a failure of authorization if the defective corporate act or putative share is ratified under this section or validated by a court in a proceeding brought under section 302A.167.

Subd. 2. **Board approval; generally.** (a) In order to ratify one or more defective corporate acts under this section other than ratifying an election of the first board under subdivision 3, the board must adopt resolutions stating:

(1) the defective corporate act or acts to be ratified;

(2) the date of each defective corporate act or acts;

(3) if the defective corporate act or acts involved the issuance of putative shares, the number and type of putative shares issued and the date or dates when the putative shares were purported to have been issued;

(4) the nature of the failure of authorization in respect of each defective corporate act to be ratified; and

(5) that the board approves ratification of the defective corporate act or acts.

(b) The resolutions also may provide that, at any time before the validation effective time in respect of a defective corporate act set forth in the resolutions, notwithstanding the approval of the ratification of the defective corporate act by shareholders, the board may abandon the ratification of the defective corporate act without further action of the shareholders.

(c) The quorum and voting requirements that apply to the board's ratification of any defective corporate act must be the quorum and voting requirements applicable to the type of defective corporate act proposed to be ratified at the time the board adopts the resolutions ratifying the defective corporate act. If the articles or bylaws, any plan or agreement to which the corporation was a party, or any provision of this chapter, in each case as in effect as of the time of the defective corporate act, require a larger number or portion of directors or of specified directors for a quorum to be present or to approve the defective corporate act, the larger number or portion of the directors or the specified directors must be required for a quorum to be present or to adopt the resolutions to ratify the defective corporate act, as applicable; except that the presence or approval of a director elected, appointed, or nominated by holders of any class or series of which no shares are outstanding at the time the board adopts the resolutions ratifying the defective corporate act, or by any person that is no longer a shareholder at the time the board adopts the resolutions ratifying the defective corporate act, is not required.

Subd. 3. **Board approval; election of first board.** To ratify a defective corporate act in respect of the election of the first board under section 302A.201, subdivision 1, a majority of the persons who, at the time the resolutions required by this subdivision are adopted, are exercising the powers of directors under claim and color of an election or appointment as such may adopt resolutions stating:

(1) the name of the person or persons who first took action in the name of the corporation as the first board;

(2) the earlier of the date on which the persons first took the action or were purported to have been elected as the first board; and

(3) that the ratification of the election of the person or persons as the first board is approved.

Subd. 4. **Shareholder approval; when required.** A defective corporate act ratified under subdivision 2 must be submitted to shareholders for approval under subdivision 5, unless:

(1)(i) no other provision of this chapter, and no provision of the articles or bylaws, or of any plan or agreement to which the corporation is a party, requires shareholder approval of the defective corporate act to be ratified, either at the time of the defective corporate act or at the time the board adopts the resolutions ratifying the defective corporate act under subdivision 2, and (ii) the defective corporate act did not result from a failure to comply with section 302A.673; or

(2) as of the adoption of the resolutions of the board under subdivision 2, there are no valid shares outstanding and entitled to vote thereon, regardless of whether there then exist any putative shares.

Subd. 5. **Shareholder approval; process.** (a) If the ratification of a defective corporate act must be submitted to shareholders for approval under subdivision 4, notice of the meeting must be given in the manner set forth in section 302A.435 to each holder of valid shares and putative shares, whether voting or nonvoting.

(b) The notice under this subdivision must be given as follows:

(1) in the case of a defective corporate act that did not involve the establishment of a record date for notice of or voting at any meeting of shareholders, for written action of shareholders in lieu of a meeting, or for any other purpose, to the shareholders of valid shares and putative shares, whether voting or nonvoting, as of the time of the defective corporate act, other than holders whose identities or addresses cannot be determined from the corporation's records; or

(2) in the case of a defective corporate act that involved the establishment of a record date for notice of or voting at any meeting of shareholders, for written action of shareholders in lieu of a meeting, or for any other purpose, to the shareholders of valid shares and putative shares, whether voting or nonvoting, as of the record date for notice of or voting at the meeting, the record date for written action, or the record date for the other action, as the case may be, other than holders whose identities or addresses cannot be determined from the corporation's records.

(c) The notice must contain a copy of the resolutions adopted by the board under subdivision 2 or the information required by subdivision 2, paragraph (a), clauses (1) to (5). The notice must include a statement that any claim that the defective corporate act or putative shares ratified under this section is void or voidable due to the failure of authorization, or that a court should declare in the court's discretion that a ratification in accordance with this section is not effective or is effective only on certain conditions, must be brought within 120 days from the applicable validation effective time.

(d) At the meeting, the quorum and voting requirements that apply to ratification of the defective corporate act must be the same quorum and voting requirements that apply to the type of defective corporate act proposed to be ratified at the time of the approval of the ratification, except that:

(1) if the articles or bylaws, a plan or agreement to which the corporation was a party, or a provision under this chapter in effect as of the time of the defective corporate act requires a larger number or portion of shares or of any class or series thereof or of specified shareholders for a quorum to be present or to approve the defective corporate act, the presence or approval of the larger number or portion of stock or of the class or series thereof or of the specified shareholders must be required for a quorum to be present or to approve the ratification of the defective corporate act, as applicable; except that the presence or approval of shares of any class or series of which no shares are outstanding at the time of the approval of the ratification, or of any person that is no longer a shareholder at the time of the approval of the ratification, is not required; and

(2) the approval by shareholders of the ratification of a director's election requires the affirmative vote of a plurality of shares present at the meeting and entitled to vote on the election of the director in the manner set forth in section 302A.215, except that, if the articles or bylaws then in effect or in effect at the time of the defective election require or required a larger number or portion of shares or of any class or series thereof or of specified shareholders to elect the director, the affirmative vote of the larger number or portion of shares or of any class or series thereof or of the specified shareholders must be required to ratify the election of the director; except that the presence or approval of shares of any class or series of which no shares are outstanding at the time of the approval of the ratification, or of any person that is no longer a shareholder at the time of the approval of the ratification, is not required.

(e) Putative shares, measured as of the adoption by the board of resolutions under subdivision 2 and without giving effect to any ratification that becomes effective after the adoption, are neither entitled to vote nor counted for quorum purposes in a vote to ratify a defective corporate act.

Subd. 6. **Certificate of validation.** (a) If a defective corporate act ratified under this section requires under any other section of this chapter a certificate to be filed with the secretary of state, and either (1) the certificate requires any change to give effect to the defective corporate act in accordance with this section, including a change to the date and time of the effectiveness of the certificate, or (2) a certificate was not previously filed with respect to the defective corporate act, the corporation must file with the secretary of state a certificate of validation with respect to the defective corporate act in lieu of filing the certificate otherwise required by this chapter.

(b) A separate certificate of validation is required for each defective corporate act that requires the filing of a certificate of validation under this section, except that (1) two or more defective corporate acts may be included in a single certificate of validation if the corporation filed with the secretary of state, or to comply with this chapter would have filed with the secretary of state, a single certificate under another provision of this chapter to effect the acts, and (2) two or more overissues of shares, or of any class or series of shares, may be included in a single certificate of validation; provided that the increase in the number of authorized shares, or of each class or series, set forth in the certificate of validation is effective on the date of the first overissue.

(c) The certificate of validation must set forth:

(1) that the corporation has ratified one or more defective corporate acts that would have required filing with the secretary of state of a certificate under this chapter;

(2) that each defective corporate act has been ratified in accordance with this section; and

(3) the following information:

(i) if a certificate was previously filed with the secretary of state under this chapter with respect to the defective corporate act and the certificate requires any change to give effect to the defective corporate act in accordance with this section, including a change to the date and time of the effectiveness of the certificate, the certificate of validation must set forth:

(A) the name, title, and filing date of the certificate previously filed and any certificate of correction to the certificate previously filed;

(B) a statement that a certificate containing all of the information that must be included under the applicable section or sections of this chapter to give effect to the defective corporate act is attached as an exhibit to the certificate of validation; and

(C) the date and time that the certificate is deemed effective pursuant to this section; or

(ii) if a certificate was not previously filed with the secretary of state under this chapter in respect of the defective corporate act and the defective corporate act ratified pursuant to this section would have required under any other section of this chapter the filing with the secretary of state of a certificate, the certificate of validation shall set forth:

(A) a statement that a certificate containing all of the information required to be included under the applicable section or sections of this chapter to give effect to the defective corporate act is attached as an exhibit to the certificate of validation; and

(B) the date and time that the certificate shall be deemed to have become effective pursuant to this section.

(d) A certificate attached to a certificate of validation need not be separately executed and acknowledged and need not include a statement required by another section under this chapter that the instrument has been approved and adopted in accordance with the provisions of the other section under this chapter.

Subd. 7. **Retroactive effect.** From and after the validation effective time, unless otherwise determined in an action brought pursuant to section 302A.167, subject to subdivision 5, paragraph (e):

(1) each defective corporate act ratified in accordance with this section is no longer deemed void or voidable as a result of the failure of authorization described in the resolutions adopted under subdivision 2, effective retroactively from the time of the defective corporate act; and

(2) each share or fraction of a share of putative shares issued or purportedly issued pursuant to the defective corporate act is no longer deemed void or voidable, and is deemed to be an identical outstanding share or fraction of an outstanding share as of the time the share or fraction of a share was purportedly issued.

Subd. 8. **Postratification notice.** (a) Except as provided under paragraph (b), with respect to each defective corporate act ratified by the board under subdivision 2 or 3, prompt notice of the ratification must be given to all shareholders of valid shares and putative shares, whether voting or

nonvoting, as of the date the board adopts the resolutions approving the defective corporate act, or as of a date within 60 days after the date of adoption, as established by the board. The notice must be sent to the address of the holder as the address appears or most recently appeared, as appropriate, on the corporation's records. The notice must be given to the shareholders of valid shares and putative shares, whether voting or nonvoting, as of the time of the defective corporate act, other than holders whose identities or addresses cannot be determined from the records of the corporation. The notice must contain a copy of the resolutions adopted under subdivision 2 or the information specified under subdivision 2, paragraph (a), clauses (1) to (5), or subdivision 3, clauses (1) to (3), as applicable, and a statement that any claim that the defective corporate act or putative shares ratified under this section is void or voidable due to the failure of authorization, or that a court should declare in the court's discretion that a ratification in accordance with this section is not effective or is effective only on certain conditions, must be brought within 120 days from the latter of the validation effective time or the time at which the notice required by this subdivision is given.

(b) Notice is not required if notice of the ratification of the defective corporate act is given in accordance with subdivision 5 and, in the case of a corporation that has a class of shares listed on a national securities exchange, the notice required by this subdivision and subdivision 5 may be deemed given if disclosed in a document publicly filed by the corporation with the Securities and Exchange Commission pursuant to section 13, 14, or 15(d) of the Securities Exchange Act of 1934, as amended, United States Code, title 15, section 78a, et seq., and rules and regulations promulgated under the Securities Exchange Act of 1934, as amended, or the corresponding provisions of any subsequent United States securities laws, rules, or regulations.

(c) If a defective corporate act has been approved by shareholders acting pursuant to section 302A.441, the notice required by this subdivision may be included in a notice required under section 302A.441, subdivision 3. If the notice is given under section 302A.441, the notice must be sent to the shareholders entitled to the notice under section 302A.441, subdivision 3, and to all holders of valid shares and putative shares to whom notice is required under this subdivision if the defective corporate act had been approved at a meeting and the record date for determining the shareholders entitled to notice of the meeting had been the date for determining the shareholders entitled to notice under paragraph (a) other than any shareholder who approved the written action in lieu of a meeting under section 302A.441 or any holder of putative shares who otherwise consented thereto in writing.

(d) For purposes of this subdivision and subdivision 5 only, notice to holders of putative shares, and notice to holders of valid shares and putative shares as of the time of the defective corporate act, is treated as notice to holders of valid shares for purposes of sections 302A.435 and 302A.441.

Sec. 13. **[302A.167] VALIDITY OF DEFECTIVE CORPORATE ACTS AND SHARES; PROCEEDINGS.**

Subdivision 1. **When permitted.** Subject to subdivision 5, upon application by the corporation, a successor entity to the corporation, a member of the board, a shareholder or beneficial owner of valid shares or putative shares, a shareholder or beneficial owner of valid shares or putative shares as of the time of a defective corporate act ratified pursuant to section 302A.166, or other person claiming to be substantially and adversely affected by a ratification pursuant to section 302A.166, a court may:

(1) determine the validity and effectiveness of any defective corporate act ratified pursuant to section 302A.166;

(2) determine the validity and effectiveness of the ratification of any defective corporate act pursuant to section 302A.166;

(3) determine the validity and effectiveness of any defective corporate act not ratified or not ratified effectively pursuant to section 302A.166;

(4) determine the validity of any corporate act or transaction and any shares or rights to purchase; and

(5) modify or waive any of the procedures set forth in section 302A.166 to ratify a defective corporate act.

Subd. 2. **Remedies.** In connection with an action under this section, a court may:

(1) declare that a ratification under section 302A.166 is not effective or is only effective at a time or upon conditions established by the court;

(2) validate and declare effective a defective corporate act or putative shares and impose conditions upon the court's validation;

(3) require measures to remedy or avoid harm to a person substantially and adversely affected by a ratification under section 302A.166 or from a court order pursuant to this section, excluding harm that would have resulted if the defective corporate act had been valid when approved or effectuated;

(4) order the secretary of state to accept an instrument for filing with an effective time specified by the court, which may be before or after the time of the order, provided that the filing date of the instrument must be determined in accordance with section 302A.011, subdivision 11;

(5) approve a share register for the corporation that includes any shares ratified or validated in accordance with this section or section 302A.166;

(6) declare that putative shares are valid shares or require a corporation to issue and deliver valid shares in place of any putative shares;

(8) declare that a defective corporate act validated by a court is effective as of the time of the defective corporate act or at another time the court may determine;

(9) declare that putative shares validated by a court shall be deemed to be an identical share or fraction of a valid share as of the time originally issued or purportedly issued or at such other time as the court may determine; and

(10) make other orders regarding matters as the court deems proper under the circumstances.

Subd. 3. **Service.** Service of the application under subdivision 1 upon the registered agent of the corporation is deemed to be service upon the corporation, and no other party needs to be joined in order for a court to adjudicate the matter. In an action filed by the corporation, a court may require notice of the action be provided to other persons specified by the court and permit the other persons to intervene in the action.

Subd. 4. **Considerations.** In connection with resolving matters pursuant to subdivisions 1 and 2, a court may consider the following:

(1) whether the defective corporate act was originally approved or effectuated with the good faith belief that the approval or effectuation was in compliance with the provisions of this chapter, the articles, or the bylaws;

(2) whether the corporation and board have treated the defective corporate act as a valid act or transaction and whether a person has acted in reliance on the public record that the defective corporate act was valid;

(3) whether any person may be or was harmed by the ratification or validation of the defective corporate act, excluding harm that would have resulted if the defective corporate act had been valid when approved or effectuated;

(4) whether any person is harmed by the failure to ratify or validate the defective corporate act; and

(5) any other factors or considerations the court deems just and equitable.

Subd. 5. **Statute of limitations.** An action asserting that (1) a defective corporate act or putative shares ratified in accordance with section 302A.166 is void or voidable due to a failure of authorization identified in the resolution adopted in accordance with section 302A.166, subdivision 2 or 3, or (2) a court should declare in its discretion that a ratification in accordance with section 302A.166 not be effective or be effective only on certain conditions, is prohibited from being brought after the expiration of 120 days from the later of the validation effective time and the time notice, if any, that is required to be given pursuant to section 302A.166, subdivision 8, is given with respect to the ratification; except that this subdivision does not apply to an action asserting that a ratification was not accomplished in accordance with section 302A.166 or to any person to whom notice of the ratification was required to have been given pursuant to 302A.166, subdivision 5 or 8, but to whom the notice was not given.

Sec. 14. Minnesota Statutes 2024, section 302A.181, is amended by adding a subdivision to read:

(1) procedures for calling a meeting of the board;

(2) quorum requirements for the meeting;

(3) designation of additional or substitute directors; and

(4) procedures for the board to determine the duration of an emergency.

(b) All provisions of the regular bylaws that are not inconsistent with the emergency bylaws remain effective during the emergency.

The members of the first board may be named in the articles or elected by the incorporators pursuant to section 302A.171 or by the shareholders.

Sec. 16. Minnesota Statutes 2024, section 302A.237, is amended by adding a subdivision to read:

If the board acts to approve or take other action with respect to an agreement, instrument, plan, or document that this chapter requires to be filed with the secretary of state or referenced in any certificate filed, the board may, at any time after providing the approval or taking other action and prior to the effectiveness of the filing with the secretary of state, adopt a resolution ratifying the agreement, instrument, plan, or document. Subdivision 1. **Standard; liability.** An officer shall discharge the duties of an office in good faith, in a manner the officer reasonably believes to be in the best interests of the corporation, and with the care an ordinarily prudent person in a like position would exercise under similar circumstances. A person who so performs those duties is not liable by reason of being or having been an officer of the corporation. A person exercising the principal functions of an office or to

whom some or all of the duties and powers of an office are delegated pursuant to section 302A.351 is deemed an officer for purposes of this section and sections 302A.467 and 302A.521.

Subd. 2. **Liability; elimination or limitation.** The articles of a corporation may provide that an officer's personal liability to the shareholders for monetary damages for breach, during the time the corporation is a publicly held corporation, of fiduciary duty as an officer may be eliminated or limited. The articles must not eliminate or limit the liability of an officer:

(1) for any breach of the officer's duty of loyalty to the corporation or the corporation's shareholders;

(2) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

(3) under section 80A.76;

Subd. 4. **Right to inspect.** (a) A shareholder, beneficial owner, or a holder of a voting trust certificate of a corporation that is not a publicly held corporation has an absolute right, upon written demand, to examine and copy, in person or by a legal representative, at any reasonable time, and the corporation shall make available within ten days after receipt by an officer of the corporation of the written demand:

(c) A shareholder, beneficial owner, or a holder of a voting trust certificate of a publicly held corporation has, upon written demand stating the purpose and acknowledged or verified in the manner provided in chapter 358, a right at any reasonable time to examine and copy the corporation's share register and other corporate records reasonably related to the stated purpose and described with reasonable particularity in the written demand upon demonstrating the stated purpose to be a proper purpose. The acknowledged or verified demand must be directed to the corporation at its registered office in this state or at its principal place of business.

(d) For purposes of this section, a "proper purpose" is one reasonably related to the person's interest as a shareholder, beneficial owner, or holder of a voting trust certificate of the corporation.

(e) If a corporation or an officer or director of the corporation violates this section, a court in Minnesota may, in an action brought by a shareholder, beneficial owner, or a holder of a voting trust certificate of the corporation, specifically enforce this section and award expenses, including attorney fees and disbursements, to the shareholder, beneficial owner, or a holder of a voting trust certificate.

(1) alters or abolishes a preferential right of the shares;

(2) creates, alters, or abolishes a right in respect of the redemption of the shares, including a provision respecting a sinking fund for the redemption or repurchase of the shares;

(3) alters or abolishes a preemptive right of the holder of the shares to acquire shares, securities other than shares, or rights to purchase shares or securities other than shares;

(4) excludes or limits the right of a shareholder to vote on a matter, or to cumulate votes, except as the right may be excluded or limited through the authorization or issuance of securities of an existing or new class or series with similar or different voting rights; except that an amendment to the articles of an issuing public corporation that provides that section 302A.671 does not apply to a control share acquisition does not give rise to the right to obtain payment under this section; ~~or~~

(5) eliminates the right to obtain payment under this subdivision; or

(6) pursuant to section 302A.201, subdivision 1, diminishes or abolishes the board's right to manage, or to direct the management of, the corporation's business and affairs;

(b) a sale, lease, transfer, or other disposition of property and assets of the corporation that requires shareholder approval under section 302A.661, subdivision 2, but not including a disposition in dissolution described in section 302A.725, subdivision 2, or a disposition pursuant to an order of a court, or a disposition for cash on terms requiring that all or substantially all of the net proceeds of disposition be distributed to the shareholders in accordance with their respective interests within one year after the date of disposition;

(f) an amendment of the articles in connection with a combination of a class or series under section 302A.402 that reduces the number of shares of the class or series owned by the shareholder to a fraction of a share if the corporation exercises its right to repurchase the fractional share so created under section 302A.423; or

(g) any other corporate action taken pursuant to a shareholder vote with respect to which the articles, the bylaws, or a resolution approved by the board directs that dissenting shareholders may obtain payment for their shares.

Sec. 20. Minnesota Statutes 2024, section 302A.471, subdivision 3, is amended to read:

Subd. 3. **Rights not to apply.** (a) Unless the articles, the bylaws, or a resolution approved by the board otherwise provide, the right to obtain payment under this section does not apply to a shareholder of (1) the surviving corporation in a merger with respect to shares of the shareholder that are not entitled to be voted on the merger and are not canceled or exchanged in the merger or (2) the corporation whose shares will be acquired by the acquiring organization in a plan of exchange with respect to shares of the shareholder that are not entitled to be voted on the plan of exchange and are not exchanged in the plan of exchange.

(b) If a date is fixed according to section 302A.445, subdivision 1, for the determination of shareholders entitled to receive notice of and to vote on an action described in subdivision 1, only shareholders as of the date fixed, and beneficial owners as of the date fixed who hold through shareholders, as provided in subdivision 2, may exercise dissenters' rights.

(c) Notwithstanding subdivision 1, the right to obtain payment under this section, other than in connection with a plan of merger adopted under section 302A.613, subdivision 4, or 302A.621, is limited in accordance with the following provisions:

(2) The applicability of clause (1) is determined as of:

(i) the record date fixed to determine the shareholders entitled to receive notice of, and to vote at, the meeting of shareholders to act upon the corporate action described in subdivision 1; or

(ii) the day before the effective date of corporate action described in subdivision 1 if there is no meeting of shareholders.

(3) Clause (1) is not applicable, and the right to obtain payment under this section is available pursuant to subdivision 1, for the holders of any class or series of shares who are required by the terms of the corporate action described in subdivision 1 to accept for such shares anything other than shares, or cash in lieu of fractional shares, of any class or any series of shares of a domestic or foreign corporation, or any other ownership interest of any other organization, that satisfies the standards set forth in clause (1) at the time the corporate action becomes effective.

ARTICLE 13

TRUSTS

Section 1. Minnesota Statutes 2024, section 501A.01, is amended to read:

501A.01 WHEN NONVESTED INTEREST, POWERS OF APPOINTMENT ARE INVALID; EXCEPTIONS.

(a) A nonvested property interest is invalid unless:

(1) when the interest is created, it is certain to vest or terminate no later than 21 years after the death of an individual then alive; or

(2) the interest either vests or terminates within 90 years after its creation.

(b) A general power of appointment not presently exercisable because of a condition precedent is invalid unless:

(1) when the power is created, the condition precedent is certain to be satisfied or become impossible to satisfy no later than 21 years after the death of an individual then alive; or

(2) the condition precedent either is satisfied or becomes impossible to satisfy within 90 years after its creation.

(c) A nongeneral power of appointment or a general testamentary power of appointment is invalid unless:

(1) when the power is created, it is certain to be irrevocably exercised or otherwise to terminate no later than 21 years after the death of an individual then alive; or

(2) the power is irrevocably exercised or otherwise terminates within 90 years after its creation.

(d) In determining whether a nonvested property interest or a power of appointment is valid under paragraph (a), clause (1), paragraph (b), clause (1), or paragraph (c), clause (1), the possibility that a child will be born to an individual after the individual's death is disregarded.

(e) If, in measuring a period from the creation of a trust or other property arrangement, language in a governing instrument seeks to:

(1) disallow the vesting or termination of any interest trust beyond;

(2) postpone the vesting or termination of any interest or trust until; or

(3) operate in effect in any similar fashion upon,

the later of the expiration of a period of time not exceeding 21 years after the death of the survivor of specified lives in being at the creation of the trust or other property arrangement, or the expiration of a period of time that exceeds or might exceed 21 years after the death of the survivor of lives in being at the creation of the trust or other property arrangement;

that language is inoperative to the extent it produces a period of time that exceeds 21 years after the death of the survivor of the specified lives.

(f) For any trust created on or after August 1, 2025, this section shall apply to a nonvested property interest or power of appointment contained in a trust by substituting the term "500 years" for "90 years" in each place it appears in this section, unless the terms of the trust require that all beneficial interests in the trust vest or terminate within a lesser period.

Sec. 2. Minnesota Statutes 2024, section 501C.0301, is amended to read:

501C.0301 REPRESENTATION: BASIC EFFECT.

(a) Notice to a person who may represent and bind another person under sections 501C.0302 to 501C.0305 has the same effect as if notice were given directly to the other person.

(b) The consent, agreement, or waiver of a person who may represent and bind another person under sections 501C.0302 to 501C.0305 is binding on the person represented unless the person represented objects to the representation before the consent, agreement, or waiver would otherwise have been effective. The provisions of this paragraph shall not apply to representation under section 501C.0302.

(c) Except as otherwise provided in sections 501C.0411 and 501C.0602, a person who under sections 501C.0302 to 501C.0305 may represent a settlor who lacks capacity may receive notice and give a binding consent on the settlor's behalf.

(d) A settlor may not represent and bind a beneficiary under sections 501C.0302 to 501C.0305 with respect to the termination or modification of a trust under section 501C.0411, paragraph (a).

(e) The settlor or another person, including one or more beneficiaries of the trust, designated by the terms of the trust instrument to receive information from the trustee concerning the administration of the trust and the material facts necessary to protect the beneficiaries' interests in the manner described in section 501C.0813, paragraph (b), shall be a representative of the beneficiaries with respect to the limitations period on judicial proceedings against a trustee under section 501C.1005, paragraph (a).

Sec. 3. Minnesota Statutes 2024, section 501C.0302, is amended to read:

501C.0302 REPRESENTATION BY HOLDER OF A ~~GENERAL~~ POWER OF APPOINTMENT.

A settlor's power to consent to a trust's modification or termination may be exercised by an agent under a power of attorney only to the extent expressly authorized by ~~the power of attorney or~~ the terms of the trust, or if the trust instrument is silent with respect to consent to the trust's modification by an agent, then by a power of attorney, other than a statutory short form power of attorney executed in accordance with section 523.23, that expressly authorizes the agent to consent to a trust's modification; by the settlor's conservator with the approval of the court supervising the conservatorship if an agent is not so authorized; or by the settlor's guardian with the approval of the court supervising the guardianship if an agent is not so authorized and a conservator has not been appointed.

(b) A noncharitable irrevocable trust may be terminated upon consent of all of the beneficiaries if the court concludes that continuance of the trust is not necessary to achieve any material purpose of the trust. A noncharitable irrevocable trust may be modified upon consent of all of the beneficiaries if the court concludes that modification is not inconsistent with a material purpose of the trust.

(c) The court is not precluded from modifying or terminating a trust because the trust instrument contains spendthrift provisions.

(d) Upon termination of a trust under paragraph (a) or (b), the trustee shall distribute the trust property as agreed by the beneficiaries.

(e) If not all of the beneficiaries consent to a proposed modification or termination of the trust under paragraph (a) or (b), the modification or termination may be approved by the court if the court is satisfied that:

(1) if all of the beneficiaries had consented, the trust could have been modified or terminated under this section; and

(2) the interests of a beneficiary who does not consent will be adequately protected.

Sec. 6. Minnesota Statutes 2024, section 501C.0414, is amended to read:

(b) The court may modify or terminate a trust or remove the trustee and appoint a different trustee if it determines that the value of the trust property is insufficient to justify the cost of administration.

(c) Upon termination of a trust under this section, the trustee shall distribute the trust property in a manner consistent with the purposes of the trust.

(d) This section does not apply to an easement for conservation or preservation.

Sec. 7. Minnesota Statutes 2024, section 501C.0602, is amended to read:

(ii) if the trust is an oral trust, by any other method manifesting clear and convincing evidence of the settlor's intent.

(d) Upon revocation of a revocable trust, the trustee shall deliver the trust property as the settlor directs.

(f) A conservator of the settlor may exercise a settlor's powers with respect to revocation, amendment, or distribution of trust property only with the approval of the court supervising the conservatorship.

Sec. 14. Minnesota Statutes 2024, section 501C.0808, subdivision 5, is amended to read:

Subd. 5. **Duty and liability of directing party.** (a) A directing party who is a distribution trust advisor or an investment trust advisor is a fiduciary of the trust subject to the same duties and standards applicable to a trustee of a trust as provided by applicable law ~~unless the governing instrument provides otherwise, but the governing instrument may not, however, relieve or exonerate a directing party from the duty to act or withhold acting as the directing party in good faith reasonably believes is in the best interests of the trust.~~, including but not limited to the limitation period for actions against a trustee, the effect of providing a report or account, and the defenses available to a trustee in an action for breach of trust against the trustee. The terms of the governing instrument may vary the duty or liability of an investment trust advisor or a distribution trust advisor, but only to the same extent the terms of the trust could vary the duty or liability of a trustee in a like position and under similar circumstances.

(b) A trust protector is not a fiduciary of the trust unless the governing instrument provides otherwise, provided that a trust protector shall be a fiduciary subject to paragraph (a) if the governing instrument grants the trust protector any of the powers of an investment trust advisor under subdivision 2 or a distribution trust advisor under subdivision 3, but only to the extent of the power or powers granted.

Sec. 15. Minnesota Statutes 2024, section 501C.0808, subdivision 6, is amended to read:

Subd. 6. **Duty and liability of excluded fiduciary.** (a) The excluded fiduciary shall act in accordance with the governing instrument and shall take reasonable steps to comply with the directing party's exercise of the powers granted to the directing party by the governing instrument. Unless otherwise provided in the governing instrument, an excluded fiduciary has no duty to monitor, review, inquire, investigate, recommend, evaluate, or warn with respect to a directing party's exercise of or failure to exercise any power granted to the directing party by the governing instrument, including but not limited to, any power related to the acquisition, disposition, retention, management, or valuation of any asset or investment. Except as otherwise provided in this section or the governing instrument, an excluded fiduciary is not liable, either individually or as a fiduciary, for any action, inaction, consent, or failure to consent by a directing party, including but not limited to~~,~~ any of the following:

(1) if a governing instrument provides that an excluded fiduciary is to follow the direction of a directing party, and the excluded fiduciary acts in accordance with the direction, then except in cases of willful misconduct on the part of the excluded fiduciary in complying with the direction of the directing party, the excluded fiduciary is not liable for any loss resulting directly or indirectly from following the direction, including but not limited to, compliance regarding the valuation of assets for which there is no readily available market value;

(2) if a governing instrument provides that an excluded fiduciary is to act or omit to act only with the consent of a directing party, then except in cases of willful misconduct on the part of the

excluded fiduciary, the excluded fiduciary is not liable for any loss resulting directly or indirectly from any act taken or omitted as a result of the directing party's failure to provide consent after having been requested to do so by the excluded fiduciary; or

(3) if a governing instrument provides that, or if for any other reason, an excluded fiduciary is required to assume the role or responsibilities of a directing party, or if the excluded fiduciary appoints a directing party or successor to a directing party, then except in cases of willful misconduct on the part of the excluded fiduciary, the excluded fiduciary is not liable for any loss resulting directly or indirectly from its actions in carrying out the roles and responsibilities of the directing party.

(b) Any excluded fiduciary is also relieved from any obligation to review or evaluate any direction from a distribution trust advisor or to perform investment or suitability reviews, inquiries, or investigations or to make recommendations or evaluations with respect to investments to the extent the directing party, custodial account owner, or authorized designee of a custodial account owner had authority to direct the acquisition, disposition, or retention of any such investment. If the excluded fiduciary offers such communication to the directing party or any investment person selected by the investment trust advisor, the action may not be deemed to constitute an undertaking by the excluded fiduciary to monitor or otherwise participate in actions within the scope of the advisor's authority or to constitute any duty to do so.

(c) An excluded fiduciary is also relieved of any duty to communicate with, warn, or apprise any beneficiary or third party concerning instances in which the excluded fiduciary would or may have exercised the excluded fiduciary's own discretion in a manner different from the manner directed by the directing party.

(d) Absent a contrary provision in the governing instrument, the actions of the excluded fiduciary, including any communications with the directing party or others, or carrying out, recording, or reporting actions taken at the directing party's direction pertaining to matters within the scope of authority of the directing party, shall be deemed to be administrative actions taken by the excluded fiduciary solely to allow the excluded fiduciary to perform those duties assigned to the excluded fiduciary under the governing instrument. An administrative action described under this paragraph may not be deemed to constitute an undertaking by the excluded fiduciary to monitor, participate, or otherwise take any fiduciary responsibility for actions within the scope of authority of the directing party.

(e) Any person acting in the role of excluded fiduciary or directing party is an interested person who may petition the district court and invoke its jurisdiction as provided in sections 501C.0201 to 501C.0208 for those matters specified in section 501C.0202, and the provisions of section 501C.0202 shall be construed and applied so that the references in that section to a trustee include the excluded fiduciary or directing party, as applicable.

Sec. 16. Minnesota Statutes 2024, section 501C.0808, subdivision 8, is amended to read:

Subd. 8. **Duty to inform excluded fiduciary and directing parties.** (a) Each directing party shall keep the excluded fiduciary and any other directing party reasonably informed regarding the administration of the trust with respect to any specific duty or function being performed by the directing party to the extent that the duty or function would normally be performed by the excluded

fiduciary or to the extent that providing such information to the excluded fiduciary or other directing party is reasonably necessary for the excluded fiduciary or other directing party to perform its duties. The directing party shall provide such information as reasonably requested by the excluded fiduciary or other directing party. Neither the performance nor the failure to perform of a directing party's duty to inform as provided in this subdivision affects the limitation on the liability of the excluded fiduciary as provided in this section.

(b) Each excluded fiduciary shall keep the directing party or parties reasonably informed regarding the administration of the trust with respect to any specific duty or function performed by the excluded fiduciary to the extent that providing such information to the directing party or parties is reasonably necessary for the directing party to perform its duties. The excluded fiduciary shall provide such information as reasonably requested by a directing party. Neither the performance of nor the failure to perform an excluded fiduciary's duty to inform as provided in this subdivision affects the liability of the directing party as provided in this section.

Sec. 17. Minnesota Statutes 2024, section 501C.0808, is amended by adding a subdivision to read:

Subd. 9a. **Office of directing party.** Unless the terms of a governing instrument provide otherwise, the rules applicable to a trustee apply to a directing party regarding the following matters:

(1) acceptance under section 501C.0701;

(2) giving of bond to secure performance under section 501C.0702;

(5) resignation under section 501C.0705;

(6) removal under section 501C.0706; and

(7) vacancy and appointment of successor under section 501C.0704.

Sec. 18. Minnesota Statutes 2024, section 501C.1013, subdivision 4, is amended to read:

Subd. 4. **Effect.** When a certificate of trust is recorded in a county where real property is situated, or in the case of personal property, when it is presented to a third party, the certificate of trust serves to document the existence of the trust, the identity of the trustees, the powers of the trustees and any limitations on those powers, and other matters the certificate of trust sets out, as though the full trust instrument had been recorded or presented. Until amended or revoked under subdivision 5, or until the full trust instrument is recorded or presented, a certificate of trust is prima facie proof as to matters contained in it and any party may rely upon the continued effectiveness of the certificate, and the subsequent revocation or amendment of a certificate of trust shall not affect transactions entered into in reliance on a prior certificate of trust.

Sec. 19. Minnesota Statutes 2024, section 501C.1014, is amended by adding a subdivision to read:

Subd. 5. **Affidavit of trustee.** An affidavit of a trustee or of trustees of an inter vivos trust or a testamentary trust in support of a personal property transaction may be substantially in the form of the affidavit provided in subdivision 1 or 2, as long as the affidavit sets forth a description of the personal property and includes paragraphs 2, 3(a) and (b), changing the property reference to the personal property described, 4, 5, 6, and 7 of the form of the affidavit provided in subdivision 1 or 2.

Sec. 20. Minnesota Statutes 2024, section 501C.1105, subdivision 1, is amended to read:

Sec. 21. Minnesota Statutes 2024, section 501C.1105, is amended by adding a subdivision to read:

Subd. 4. **Decedent's estate.** For purposes of this section, the "decedent's estate" includes the estate of the decedent and any trust that was revocable by the decedent at the time of the decedent's death.

For purposes of creating another trust, any requirement that a trust instrument be signed by the settlor shall be deemed satisfied by the signature of the trustee of the appointed trust. In the discretion of the authorized trustee, the appointed trust may be the same trust as the invaded trust with modified terms which does not require the trustee of the appointed trust to refer to the trust by a different name or obtain a separate tax identification number when applicable.

(c) "Authorized trustee" means, as to an invaded trust, any trustee or trustees with authority to pay trust principal to or for one or more current beneficiaries other than a trustee who is the settlor, or a beneficiary to whom income or principal must be paid currently or in the future, or who is or will become eligible to receive a distribution of income or principal in the discretion of the trustee, other than by the exercise of a power of appointment held in a nonfiduciary capacity.

(d) "Current beneficiary" or "beneficiaries" means the person or persons, or as to a class, any person or persons who are or will become members of that class, to whom the trustees may distribute principal at the time of the exercise of the power, provided that the interest of a beneficiary to whom income, but not principal, may be distributed at the discretion of the trustee of the invaded trust, may be continued in the appointed trust.

(e) "Invade" means the power to pay directly to the beneficiary of a trust or make application for the benefit of the beneficiary.

Sec. 23. Minnesota Statutes 2024, section 502.851, subdivision 2, is amended to read:

Subd. 2. **~~Power of appointment; effect when more or less extensive than authorized~~ Savings provision.** ~~An exercise of a power of appointment is not void if the exercise is:~~

~~(1) more extensive than was authorized but is valid to the extent authorized by the instrument creating its power; or~~

~~(2) less extensive than authorized by the instrument creating the power, unless the donor has manifested a contrary intention.~~

(a) If exercise of the power to invade trust principal under subdivision 3 or 4 would be effective under this section except that the appointed trust instrument in part does not comply with this section, the exercise of the power is effective and the following rules apply with respect to the principal of the appointed trust attributable to the exercise of the power:

(1) a provision in the appointed trust instrument that is not permitted under this section is void to the extent necessary to comply with this section; and

(2) a provision required by this section to be in the appointed trust instrument that is not contained in the trust instrument is deemed to be included in the trust instrument to the extent necessary to comply with this section.

(b) If a trustee or other fiduciary of an appointed trust determines that paragraph (a) applies to a prior exercise of the power to invade trust principal under subdivision 3 or 4, the fiduciary shall take corrective action consistent with the fiduciary's duties.

Sec. 24. Minnesota Statutes 2024, section 502.851, subdivision 3, is amended to read:

Subd. 3. **Authorized trustee with unlimited discretion.** (a) An authorized trustee with unlimited discretion to invade trust principal may appoint part or all of the principal to a trustee of an appointed trust for, and only for the benefit of, one, more than one, or all of the current beneficiaries of the invaded trust, to the exclusion of any one or more of the current beneficiaries. The successor and remainder beneficiaries of the appointed trust ~~may be none,~~ must be one, more than one, or all of the successor and remainder beneficiaries of the invaded trust, and may be to the exclusion of any one, more than one, or all of such successor and remainder beneficiaries.

(b) An authorized trustee exercising the power under paragraph (a) may grant a discretionary power of appointment in the appointed trust to one or more of the current beneficiaries of the invaded trust, provided that the beneficiary granted a power to appoint may receive principal outright under the terms of the invaded trust.

(c) If the authorized trustee grants a power of appointment, the class of permissible appointees in favor of whom the beneficiary may exercise the power of appointment granted in the appointed trust may be broader or otherwise different from the current, successor, and remainder beneficiaries of the invaded trust.

(d) If the beneficiary or beneficiaries of the invaded trust are described by a class, the beneficiary or beneficiaries of the appointed trust may include present or future members of the class.

Sec. 25. Minnesota Statutes 2024, section 502.851, subdivision 4, is amended to read:

Subd. 4. **Authorized trustee without unlimited discretion.** (a) An authorized trustee with the power to invade trust principal but without unlimited discretion may appoint part or all of the principal of the trust to a trustee of an appointed trust, provided that the current beneficiaries of the appointed trust shall be the same as the current beneficiaries of the invaded trust and the successor and remainder beneficiaries shall be the same as the successor and remainder beneficiaries of the invaded trust.

(b) If the authorized trustee exercises the power under this subdivision, the appointed trust shall include the same language authorizing the trustee to distribute the income or invade the principal of the appointed trust as in the invaded trust.

(c) If the authorized trustee exercises the power under this subdivision to extend the term of the appointed trust beyond the term of the invaded trust, for any period after the invaded trust would have otherwise terminated under the provisions of the invaded trust, the appointed trust, in addition to the language required to be included in the appointed trust pursuant to paragraph (b), may also include language providing the trustee with unlimited discretion to invade the principal of the appointed trust during this extended term.

(d) If the beneficiary or beneficiaries of the invaded trust are described by a class, the beneficiary or beneficiaries of the appointed trust shall include present ~~or~~ and future members of the class.

(e) If the authorized trustee exercises the power under this subdivision and if the invaded trust grants a power of appointment to a beneficiary of the trust, the appointed trust shall grant the power of appointment in the appointed trust and the class of permissible appointees shall be the same as in the invaded trust.

Sec. 26. Minnesota Statutes 2024, section 502.851, subdivision 11, is amended to read:

Subd. 11. **Requirements for exercise of power to appoint; notice.** (a) The exercise of the power to appoint to an appointed trust under subdivision 3 or 4 must be evidenced by an instrument in writing, signed~~,~~ and dated~~, and acknowledged~~ by the authorized trustee. The exercise of the power shall be effective 60 days after the date of delivery of notice as specified in paragraph (c), unless each person entitled to notice agrees in writing to an earlier effective date or waives in writing the right to object to the exercise of the power.

(b) An authorized trustee may exercise the power authorized by subdivision 3 or 4 without the consent of the settlor or the persons interested in the invaded trust and without court approval, provided that the authorized trustee may seek court approval for the exercise with notice to all persons interested in the invaded trust.

(c) A copy of the instrument exercising the power, a copy of the appointed trust, and a copy of the invaded trust shall be delivered to:

(1) any person having the right, pursuant to the terms of the invaded trust, to remove or replace the authorized trustee exercising the power under subdivision 3 or 4; ~~and~~

(2) all persons interested in the invaded trust~~.~~; and

(3) any person who would be considered the owner of all or any portion of the appointed trust under sections 671 to 679 of the Internal Revenue Code.

(d) Notice of an exercise of the power must be given in the same manner as provided in section 501C.0109 and is subject to the provisions of section 501C.0301.

(e) The instrument exercising the power shall state whether the appointment is of all the assets comprising the principal of the invaded trust or only a part of the assets comprising the principal of the invaded trust and, if a part, the approximate percentage of the value of the principal of the invaded trust that is subject to the appointment.

(f) A person entitled to notice may object to the authorized trustee's exercise of the power under this section by serving a written notice of objection upon the authorized trustee prior to the effective date of the exercise of the power. The failure to object shall not constitute a consent.

(g) If the authorized trustee does not receive a written objection to the proposed exercise from a person entitled to notice within the applicable period, the authorized trustee is not liable to any person who received the required notice for the exercise of the power.

(h) If the authorized trustee receives a written objection within the applicable period, either the authorized trustee or any person entitled to notice may petition the court to have the proposed exercise of a power performed as proposed, performed with modifications, or denied. In a proceeding, a person objecting to the proposed exercise has the burden of proof as to whether the authorized trustee's proposed exercise should not be performed. A person who has not objected is not estopped from opposing the proposed exercise in the proceeding. If the authorized trustee decides not to implement the proposed exercise, the trustee shall notify all persons entitled to notice of the decision not to exercise the power and the reasons for the decision, and the authorized trustee's decision not to implement the proposed exercise does not itself give rise to liability to any person interested in the invaded trust. A person entitled to notice may petition the court to have the exercise of a power performed and has the burden of proof as to whether it should be performed.

(i) A copy of the instrument exercising the power and a copy of each of the invaded trust and the appointed trust shall be filed with records of the appointed trust and the invaded trust.

Sec. 27. Minnesota Statutes 2024, section 502.851, subdivision 15, is amended to read:

(2) send by first class mail to the occupant, postmarked within three business days of the postponed sale, notice:

The notice must state that the time to vacate the property is 11:59 p.m. on the specified date.

(b) If the rescheduled date of the sale is not known at the time of the initial publication and notice to the occupant of postponement, the foreclosing party must, at its expense if and when a new date of sale is scheduled:

(c) The right of a mortgagee to postpone a foreclosure sale under this section applies to a foreclosure by action taken under chapter 581.

EFFECTIVE DATE. This section is effective August 1, 2025, for judicial foreclosures with the lis pendens recorded on or after the effective date.

Sec. 3. Minnesota Statutes 2024, section 580.07, subdivision 2, is amended to read:

Subd. 2. **Postponement by mortgagor or owner.** (a) If all or a part of the property to be sold is classified as homestead under section 273.124 and contains one to four dwelling units, the mortgagor or owner may, in the manner provided in this subdivision, postpone the sale to the first date that is not a Saturday, Sunday, or legal holiday and is:

(1) five months after the originally scheduled date of sale if the original redemption period was six months under section 580.23, subdivision 1; or

(2) 11 months after the originally scheduled date of sale if the original redemption period was 12 months under section 580.23, subdivision 2. To postpone a foreclosure sale pursuant to this subdivision, at any time after the first publication of the notice of mortgage foreclosure sale under section 580.03 but at least 15 days prior to the scheduled sale date specified in that notice, the mortgagor shall: (1) execute a sworn affidavit in the form set forth in subdivision 3, (2) record the affidavit in the office of each county recorder and registrar of titles where the mortgage was recorded, and (3) file with the sheriff conducting the sale and deliver to the attorney foreclosing the mortgage a copy of the recorded affidavit, showing the date and office in which the affidavit was recorded. Recording of the affidavit and postponement of the foreclosure sale pursuant to this subdivision shall automatically reduce the mortgagor's redemption period under section 580.23 to five weeks. The postponement of a foreclosure sale pursuant to this subdivision does not require any change in the contents of the notice of sale, service of the notice of sale if the occupant was served with the notice of sale prior to postponement under this subdivision, or publication of the notice of sale if publication was commenced prior to postponement under this subdivision, notwithstanding the service and publication time periods specified in section 580.03, but the sheriff's certificate of sale shall indicate the actual date of the foreclosure sale and the actual length of the mortgagor's redemption period. No notice of postponement need be published. An affidavit complying with subdivision 3 shall be prima facie evidence of the facts stated therein, and shall be entitled to be recorded. The right to postpone a foreclosure sale pursuant to this subdivision may be exercised only once, regardless whether the mortgagor reinstates the mortgage prior to the postponed mortgage foreclosure sale.

(b) If the automatic stay under United States Code, title 11, section 362, applies to the mortgage foreclosure after a mortgagor or owner requests postponement of the sheriff's sale under this section, then when the automatic stay is no longer applicable, the mortgagor's or owner's election to shorten the redemption period to five weeks under this section remains applicable to the mortgage foreclosure.

(c) Except for the circumstances set forth in paragraph (b), this section does not reduce the mortgagor's redemption period under section 580.23 for any subsequent foreclosure of the mortgage.

(d) The right of a mortgagor or owner to postpone a foreclosure sale under this section applies to a foreclosure by action taken under chapter 581.

EFFECTIVE DATE. This section is effective August 1, 2025, for judicial foreclosures with the lis pendens recorded on or after the effective date.

Sec. 4. Minnesota Statutes 2024, section 580.10, is amended to read:

Any surplus of $100 or greater shall be held by the sheriff for the duration of the time allowed for redemption under section 580.23 or

582.032, whichever is applicable, and if requested by the owner, applied toward a redemption as described in subdivision 3. If there is no redemption under section 580.23 or 582.032, a surplus of $100 or greater shall be paid first to junior creditors with liens of record at the time of the sheriff's sale in order of priority, if demanded by a junior creditor within the time allowed for redemption under section 580.23 or 582.032, whichever is applicable, and thereafter to the owner of record at the time of the sheriff's sale, or as provided by court order under section 580.28. A demand by a party other than the owner shall be accompanied by an affidavit stating the amount remaining unpaid and the interest creating a right to the surplus.

Subd. 2. **Notice of surplus.** When there is a surplus of $100 or greater, the sheriff shall notify the owner by mail sent to the property address, or, if no street address is assigned for the property on the property tax statement, to the taxpayer's address on the property tax statement, that a surplus exists and to call the sheriff's office for more information about the surplus and how to make a claim to the surplus. The notice shall also include contact information for the Minnesota Homeownership Center and a statement to call the Minnesota Homeownership Center for information about redemption and surplus.

Subd. 3. **Request by owner to have surplus applied.** At any time during the owner's redemption period, the owner of record at the time of the sheriff's sale may submit a written request to the sheriff to have the surplus applied to the redemption amount. The right to have the surplus applied to the redemption amount is not transferable to any subsequent owner.

Subd. 4. **Surplus less than $100.** If a surplus remains under $100, the sheriff may pay the surplus amount to the owner of record at the time of the sheriff's sale.

Subd. 5. **Resolution of competing claims.** If there are competing claims or if it appears to the sheriff that any claim is not meritorious, the sheriff may apply to the court in the county in which the sale was made and set forth by petition the facts then known to the sheriff, and the names and addresses of the owner and all known claimants to the surplus, at no cost to the sheriff. The sheriff shall retain the surplus until further order of the court under section 580.28. If a hearing is scheduled, the sheriff may participate in an advisory capacity. The sheriff shall be represented by the county attorney. The sheriff shall give notice of the opening of the court file to the holders of the claims by service of the petition in the manner of a summons under the Rules of Civil Procedure. Failure of an owner to participate in the court action does not waive the right of that owner to the surplus.

Sec. 5. Minnesota Statutes 2024, section 580.225, is amended to read:

580.225 SATISFACTION OF ~~JUDGMENT~~ MORTGAGE.

The amount received from foreclosure sale under this chapter is full satisfaction of the mortgage debt, except as provided in section 582.30.

If the guardian believes a restriction is necessary, the guardian must first seek limited restrictions whenever possible, including supervised visits, phone calls, video calls, written correspondence, or limits on the length, frequency, or content of communication. Sec. 13. Minnesota Statutes 2024, section 524.5-311, is amended to read:

524.5-311 EMERGENCY GUARDIAN.

(a) If the court finds that compliance with the procedures of this article will likely result in substantial harm to the respondent's health, safety, or welfare, and that no other person appears to have authority and willingness to act in the circumstances, the court, on petition by a person interested

in the respondent's welfare, may appoint an emergency guardian whose authority may not exceed 60 days and who may exercise only the powers specified in the order. A county that is acting under section 626.557, subdivision 10, by petitioning for appointment of an emergency guardian on behalf of a vulnerable adult may be granted authority to act for a period not to exceed 90 days. An emergency guardian's appointment under this section may only be extended once for a period not to exceed 60 days if the court finds good cause for the continuation of the guardianship. Immediately upon receipt of the petition for an emergency guardianship, the court shall appoint a lawyer to represent the respondent in the proceeding. Except as otherwise provided in paragraph (b), reasonable notice of the time and place of a hearing on the petition must be given to the respondent; interested parties, if known; and any other persons as the court directs.

(b) An emergency guardian may be appointed without notice to the respondent and the respondent's lawyer only if the court finds from affidavit or other sworn testimony that the respondent will be substantially harmed before a hearing on the appointment can be held and the petitioner made good faith efforts to provide notice to the respondent or the respondent's lawyer. If the court appoints an emergency guardian without notice to the respondent, the respondent must be given notice of the appointment within 48 hours after the appointment. The court shall hold a hearing on the appropriateness of the appointment within five days after the appointment.

(c) Appointment of an emergency guardian, with or without notice, is not a determination of the respondent's incapacity.

(d) The court may remove an emergency guardian at any time. An emergency guardian shall make any report the court requires. In other respects, the provisions of this article concerning guardians apply to an emergency guardian.

(e) Any documents or information disclosing or pertaining to health or financial information shall be filed as confidential documents, consistent with the bill of particulars under section 524.5-121.

(f) The mere fact that the respondent is a patient in a hospital or a resident of a facility is not in and of itself sufficient evidence to support a risk of substantial harm to the respondent's health, safety, or welfare.

Sec. 14. Minnesota Statutes 2024, section 524.5-313, is amended to read:

524.5-313 POWERS AND DUTIES OF GUARDIAN.

(a) A guardian shall be subject to the control and direction of the court at all times and in all things.

(b) The court shall grant to a guardian only those powers necessary to provide for the demonstrated needs of the person subject to guardianship.

(c) The court may appoint a guardian if it determines that all the powers and duties listed in this section are needed to provide for the needs of the incapacitated person. The court may also appoint a guardian if it determines that a guardian is needed to provide for the needs of the incapacitated person through the exercise of some, but not all, of the powers and duties listed in this section. The duties and powers of a guardian or those which the court may grant to a guardian include, but are not limited to:

(1) the power to have custody of the person subject to guardianship and the power to establish a place of abode within or outside the state, except as otherwise provided in this clause. The person subject to guardianship or any interested person may petition the court to prevent or to initiate a change in abode. A person subject to guardianship may not be admitted to a regional treatment center by the guardian except:

(i) after a hearing under chapter 253B;

(ii) for outpatient services; or

(iii) for the purpose of receiving temporary care for a specific period of time not to exceed 90 days in any calendar year;

(2) the duty to provide for the care, comfort, and maintenance needs of the person subject to guardianship, including food, clothing, shelter, health care, social and recreational requirements, and, whenever appropriate, training, education, and habilitation or rehabilitation. The guardian has no duty to pay for these requirements out of personal funds. Whenever possible and appropriate, the guardian should meet these requirements through governmental benefits or services to which the person subject to guardianship is entitled, rather than from the estate of the person subject to guardianship;

(3) the duty to take reasonable care of the clothing, furniture, vehicles, and other personal effects of the person subject to guardianship, and, if other property requires protection, the power to seek appointment of a conservator of the estate. The guardian must give notice by mail to interested persons prior to the disposition of the clothing, furniture, vehicles, or other personal effects of the person subject to guardianship. The notice must inform the person of the right to object to the disposition of the property within ten days of the date of mailing and to petition the court for a review of the guardian's proposed actions. Notice of the objection must be served by mail or personal service on the guardian and the person subject to guardianship unless the person subject to guardianship is the objector. The guardian served with notice of an objection to the disposition of the property may not dispose of the property unless the court approves the disposition after a hearing;

(4)(i) the power to give any necessary consent to enable the person subject to guardianship to receive necessary medical or other professional care, counsel, treatment, or service, except that no guardian may give consent for psychosurgery, electroshock, sterilization, or experimental treatment of any kind unless the procedure is first approved by order of the court as provided in this clause. The guardian shall not consent to any medical care for the person subject to guardianship which violates the known conscientious, religious, or moral belief of the person subject to guardianship;

(ii) a guardian who believes a procedure described in item (i) requiring prior court approval to be necessary for the proper care of the person subject to guardianship, shall petition the court for an order and, in the case of a public guardianship under chapter 252A, obtain the written recommendation of the commissioner of human services. The court shall fix the time and place for the hearing and shall give notice to the person subject to guardianship in such manner as specified in section 524.5-308 and to interested persons. The court shall appoint an attorney to represent the person subject to guardianship who is not represented by counsel, provided that such appointment shall expire upon the expiration of the appeal time for the order issued by the court under this section or the order dismissing a petition, or upon such other time or event as the court may direct. In every

case the court shall determine if the procedure is in the best interest of the person subject to guardianship. In making its determination, the court shall consider a written medical report which specifically considers the medical risks of the procedure, whether alternative, less restrictive methods of treatment could be used to protect the best interest of the person subject to guardianship, and any recommendation of the commissioner of human services for a public person subject to guardianship. The standard of proof is that of clear and convincing evidence;

(iii) in the case of a petition for sterilization of a person with developmental disabilities subject to guardianship, the court shall appoint a licensed physician, a psychologist who is qualified in the diagnosis and treatment of developmental disability, and a social worker who is familiar with the social history and adjustment of the person subject to guardianship or the case manager for the person subject to guardianship to examine or evaluate the person subject to guardianship and to provide written reports to the court. The reports shall indicate why sterilization is being proposed, whether sterilization is necessary and is the least intrusive method for alleviating the problem presented, and whether it is in the best interest of the person subject to guardianship. The medical report shall specifically consider the medical risks of sterilization, the consequences of not performing the sterilization, and whether alternative methods of contraception could be used to protect the best interest of the person subject to guardianship;

(iv) any person subject to guardianship whose right to consent to a sterilization has not been restricted under this section or section 252A.101 may be sterilized only if the person subject to guardianship consents in writing or there is a sworn acknowledgment by an interested person of a nonwritten consent by the person subject to guardianship. The consent must certify that the person subject to guardianship has received a full explanation from a physician or registered nurse of the nature and irreversible consequences of the sterilization;

(v) a guardian or the public guardian's designee who acts within the scope of authority conferred by letters of guardianship under section 252A.101, subdivision 7, and according to the standards established in this chapter or in chapter 252A shall not be civilly or criminally liable for the provision of any necessary medical care, including, but not limited to, the administration of psychotropic medication or the implementation of aversive and deprivation procedures to which the guardian or the public guardian's designee has consented;

(5) in the event there is no duly appointed conservator of the estate of the person subject to guardianship, the guardian shall have the power to approve or withhold approval of any contract, except for necessities, which the person subject to guardianship may make or wish to make;

(6) the duty and power to exercise supervisory authority over the person subject to guardianship in a manner which limits civil rights and restricts personal freedom only to the extent necessary to provide needed care and services. A guardian may not restrict the ~~ability~~ right of the person subject to guardianship to communicate, visit, or interact with others pursuant to section 524.5-120, clause (10), including receiving visitors ~~or~~, making or receiving telephone calls, sending or receiving personal mail, ~~or~~ sending or receiving electronic communications including through social media, or participating in social activities, unless the guardian has good cause to believe a restriction of communication, visitation, or interaction is necessary because interaction with the person poses ~~a~~ an imminent risk of significant physical, psychological, or financial harm to the person subject to guardianship, and there is no other means to avoid or mitigate such significant harm. If the guardian believes a restriction is necessary, the guardian must first seek limited restrictions whenever possible,

including supervised visits, phone calls, video calls, written correspondence, or limits on the length, frequency, or content of communication. In all cases, the guardian shall provide written notice of the restrictions imposed to the court~~,~~; to the person subject to guardianship~~,~~ and their attorney, if known; and to the person subject to restrictions within 48 hours of imposing the restriction. The notice shall include a description of the reason the restriction is imposed; a description of any limited restrictions attempted; if applicable, the reason the limited restrictions were not sufficient; and instructions on how to seek a modification of the restrictions. The person subject to guardianship or the person subject to restrictions may petition the court to remove or modify the restrictions;

(7) if there is no acting conservator of the estate for the person subject to guardianship, the guardian has the power to apply on behalf of the person subject to guardianship for any assistance, services, or benefits available to the person subject to guardianship through any unit of government;

(8) unless otherwise ordered by the court, the person subject to guardianship retains the right to vote;

(9) the power to establish an ABLE account for a person subject to guardianship or conservatorship. By this provision a guardian only has the authority to establish an ABLE account, but may not administer the ABLE account in the guardian's capacity as guardian. The guardian may appoint or name a person to exercise signature authority over an ABLE account, including the individual selected by the eligible individual or the eligible individual's agent under a power of attorney; conservator; spouse; parent; sibling; grandparent; or representative payee, whether an individual or organization, appointed by the SSA, in that order; and

(10) if there is no conservator appointed for the person subject to guardianship, the guardian has the duty and power to institute suit on behalf of the person subject to guardianship and represent the person subject to guardianship in expungement proceedings, harassment proceedings, and all civil court proceedings, including but not limited to restraining orders, orders for protection, name changes, conciliation court, housing court, family court, probate court, and juvenile court, provided that a guardian may not settle or compromise any claim or debt owed to the estate without court approval.

Subd. 2. **Cause of action.** A cause of action for nonconsensual removal of a sexually protective device exists against the following:

(1) a person who intentionally removed a sexually protective device and caused contact between the sexual organ from which the sexually protective device was removed and the intimate part of another person who did not consent to the removal of the sexually protective device; or

(2) a person who intentionally removed a sexually protective device from another person's sexual organ without the other person's consent and caused contact between the sexual organ from which the sexually protective device was removed and their own intimate part.

(g) "Vulnerable adult" has the meaning given in section 626.5572, subdivision 21.

Subd. 2. **Jurisdiction; petition.** (a) A petitioner may petition the court for an order for protection against financial exploitation of a vulnerable adult seeking injunctive relief and any other equitable remedy the court deems appropriate with the court located in the county where the petitioner, respondent, or the vulnerable adult resides. There are no residency requirements that apply to a petition filed under this section. Actions under this section shall be given docket priorities by the court.

(b) A petition for relief under this section must:

(1) allege the existence of financial exploitation, or the imminent danger of financial exploitation, of the vulnerable adult;

(2) include the specific facts and circumstances for which relief is sought, including the relationship between the vulnerable adult and respondent;

(3) state whether the vulnerable adult has ever applied for or received an order for protection under this section or section 518B.01, or a restraining order under section 609.748; and

(4) state whether there are any pending actions between the vulnerable adult and the respondent.

(c) A person temporarily or permanently vacating a residence or household in an attempt to avoid financial exploitation does not affect the person's right to petition for an order under this section.

(d) The court shall provide simplified forms and clerical assistance to help with the writing and filing of a petition under this section.

Subd. 3. **Filing fee.** The filing fees for an order for protection against financial exploitation for a vulnerable adult under this section are waived for the petitioner and respondent.

Subd. 4. **Hearing.** Upon receipt of the petition, the court shall order a hearing which shall be held no later than 14 days from the date of the order for the hearing unless a temporary ex parte order is issued under subdivision 8. If the court issues a temporary ex parte order, the hearing must be held as provided under subdivision 8.

Subd. 5. **Service.** (a) Except as provided in paragraph (b), the petition and any order issued under this section must be served on the respondent as provided in section 518B.01, subdivisions 8, 8a, and 9a. If the petitioner is not the vulnerable adult, the petitioner must serve the vulnerable adult with a copy of the petition, notice of any hearing, and any orders issued under this section. If any assets or lines of credit are ordered to be frozen, the petitioner must serve the depository or financial institution with the order.

(b) If service on the respondent is not possible as provided in paragraph (a), the petitioner may serve the respondent through the method used to contact the vulnerable adult. The petitioner must provide to the court the reasons that service was not possible under section 518B.01, subdivision 8, 8a, or 9a.

Subd. 6. **Maltreatment report required.** Unless a report was made before a petition was filed under this section, the petitioner must file a report pursuant to section 626.557 within 24 hours of filing a petition under this section. This section does not modify or supersede mandated reporting requirements under section 626.557.

Subd. 7. **Factors.** In determining whether to award relief to the petitioner, the court may consider and evaluate all relevant factors, including any of the following:

(1) the existence of a current or previous order for protection issued under this section or section 518B.01, a current or previous harassment restraining order issued under section 609.748, or any previous or current similar order issued by another jurisdiction;

(2) any history of financial exploitation by the respondent upon the vulnerable adult identified in the petition or any other vulnerable adult;

(3) any history of the vulnerable adult's previous financial exploitation by the respondent or any other person;

(4) the capacity of the vulnerable adult to make decisions related to their finances and property;

(5) the susceptibility of the vulnerable adult to undue influence; or

(6) the respondent's criminal history.

Subd. 8. **Temporary ex parte order.** (a) The court may issue a temporary order for protection ex parte if the court finds that:

(1) there is an immediate and present danger of financial exploitation of the vulnerable adult;

(2) there is a likelihood of irreparable harm and nonavailability of an adequate remedy at law;

(3) there is a substantial likelihood of success on the merits;

(4) the threatened injury to the vulnerable adult outweighs possible harm to the respondent; and

(5) a temporary order protects the vulnerable adult's financial security.

(b) A denial of a petition for an ex parte order must be by written order and must note the grounds for denial. When the only ground for denial is failure to demonstrate the immediate and present danger of financial exploitation of a vulnerable adult, the court must set a full hearing on the petition for an order for protection at the earliest possible date and within 14 days of the date of the court's denial order. Nothing in this paragraph limits a petitioner's right to promptly amend a petition consistent with court rules.

(c) An ex parte temporary order may be effective for a fixed period not to exceed 14 days unless good cause is shown to extend the order. The ex parte temporary order may be extended once for up to an additional 14 days. A full hearing, as provided by this section, must be set for a date no later than the date when the ex parte temporary order expires.

Subd. 9. **Relief.** (a) The court may grant relief as provided under this section, if upon notice and hearing and consideration of all relevant factors, the court finds that:

(1) the vulnerable adult is the victim of financial exploitation or the vulnerable adult is in imminent danger of becoming a victim of financial exploitation;

(2) there is a likelihood of irreparable harm and nonavailability of an adequate remedy at law;

(3) the threatened injury to the vulnerable adult outweighs possible harm to the respondent; and

(4) an order protects the vulnerable adult's financial security.

(b) In addition to any other injunctive or equitable relief the court deems appropriate, the court may grant any or all of the following relief in either a temporary ex parte or final order issued under this section:

(1) prohibit the respondent from direct or indirect contact with the vulnerable adult;

(2) restrain the respondent from committing any acts of financial exploitation against the vulnerable adult;

(3) hold financial accounts in accordance with chapter 45A or freeze any assets of the vulnerable adult in any depository or financial institution whether titled solely in the vulnerable adult's name, solely in the respondent's name, jointly with the respondent, in conservatorship, or in a trust, provided that:

(i) assets held by a conservator for the vulnerable adult may be frozen only by an order entered by the court overseeing the conservatorship proceeding;

(ii) assets held by a trust may be frozen only by an order of the court if all the trustees of the trust are served with process and are given reasonable notice before any hearing on the petition; and

(iii) assets held solely in the name of the respondent may only be frozen on an ex parte basis if the petition and affidavit demonstrate to the court probable cause that such assets are traceable to the financial exploitation of the vulnerable adult, that such assets are likely to be returned to the vulnerable adult after a final evidentiary hearing, and that no other adequate remedy at law is reasonably available;

(4) freeze any line of credit of the vulnerable adult at any depository or financial institution whether listed solely in the vulnerable adult's name or jointly with the respondent, provided that:

(i) lines of credit held by a conservator for the vulnerable adult may be frozen only by an order entered by the court overseeing the conservatorship proceeding; and

(ii) lines of credit held by a trust may be frozen only by an order of the court if all the trustees of the trust are served with process and are given reasonable notice before any hearing on the petition;

(5) if the court has ordered an asset and credit freeze, ordering that living expenses of the vulnerable adult continue to be paid;

(6) award to the vulnerable adult the temporary exclusive use and possession of the dwelling that the vulnerable adult and the respondent share or bar the respondent from the residence of the vulnerable adult;

(7) provide necessary directives to law enforcement agencies; and

(8) provide any terms the court deems necessary for the protection of the vulnerable adult or the vulnerable adult's assets.

Subd. 10. **Modifying or vacating an order; extensions and subsequent orders.** Upon application and notice to all parties as required under this section, the court may vacate an order, modify the terms of an existing order for protection, extend relief granted in an existing order for protection, or, if an order for protection has expired, issue a new order.

Subd. 11. **Copy to law enforcement agency; lead investigative agency.** Within 24 hours of issuance of an order or continuance of an order under this section, the court administrator must forward the order for protection and any continuance of the order for protection to the local law enforcement agency with jurisdiction over the residence of the vulnerable adult and the lead investigative agency that received the report pursuant to subdivision 6. Section 518B.01, subdivision 13, applies to orders granted under this section.

Subd. 12. **Title to real property.** Nothing in this section affects title to real property.

Subd. 13. **Violation of an order for protection.** (a) A person is guilty of a misdemeanor if the person:

(1) knows of the existence of an order for protection issued under this section;

(2) is prohibited from direct or indirect contact with a vulnerable adult or restrained from committing any acts of financial exploitation against a vulnerable adult as provided in subdivision 9, paragraph (b); and

(3) violates the order by committing such conduct.

(b) A person who violates paragraph (a) within ten years of a previous conviction or adjudication of delinquency for a violation of this subdivision or section 609.2335, is guilty of a gross misdemeanor.

(c) A person who violates paragraph (a) within ten years of the first of two or more previous convictions or adjudications of delinquency for a violation of this subdivision or section 609.2335, is guilty of a felony and may be sentenced to imprisonment for not more than five years or to payment of a fine of not more than $10,000, or both.

Subd. 14. **Admissibility of testimony in criminal proceeding.** Any testimony offered by a respondent in a hearing pursuant to this section is inadmissible in a criminal proceeding.

Subd. 15. **Other remedies available.** Any proceeding under this section shall be in addition to other civil or criminal remedies.

Sec. 17. **REPEALER.**

Minnesota Statutes 2024, sections 517.05; and 517.18, are repealed.

Instructions for Completing the Earnings Disclosure Worksheet

~~A. If your answer to either question 1 or 2 is "No," then you must sign the affirmation below and return this disclosure to the sheriff within 20 days after it was served on you, and you do not need to answer the remaining questions.~~

~~B. If your answers to both questions 1 and 2 are "Yes," you must complete this form and the Earnings Disclosure Worksheet as follows:~~

For each payday that falls within 90 days from the date the ~~execution~~ levy was served on you, you **must** calculate the amount of earnings to be ~~retained by completing steps 3 through 11 on page 2, and enter the amounts on the Earnings Disclosure Worksheet. UPON REQUEST, THE EMPLOYER MUST PROVIDE THE DEBTOR WITH INFORMATION AS TO HOW THE CALCULATIONS REQUIRED BY THIS DISCLOSURE WERE MADE~~ withheld. Enter the amounts on the Earnings Disclosure Worksheet.

You **must**:

(1) Withhold the amount of earnings listed in Column I on the Earnings Disclosure Worksheet each payday.

(2) After 90 days, return this Earnings Disclosure Worksheet to the sheriff. Include all the money withheld. Sign the Affirmation at the end of the worksheet before returning.

(3) Deliver a copy of the disclosure and worksheet to the debtor within 10 days after the last payday that falls within the 90-day period.

If the debt (judgment) is fully paid off or if the debtor's job ends before the 90-day period is over, you need to do the last disclosure and withholdings within 10 days of their last payday that you withheld money.

~~Each payday, you must retain the amount of earnings listed in column I on the Earnings Disclosure Worksheet.~~

~~You must pay the attached earnings and return this earnings disclosure form and the Earnings Disclosure Worksheet to the sheriff and deliver a copy of the disclosure and worksheet to the judgment debtor within ten days after the last payday that falls within the 90-day period. If the judgment is wholly satisfied or if the judgment debtor's employment ends before the expiration~~

of the 90-day period, your disclosure and remittance should be made within ten days after the last payday for which earnings were attached.

For steps 3 through 11, "columns" refers to columns on the Earnings Disclosure Worksheet.

(3)	COLUMN A.	Enter the date of judgment debtor's payday.
(4)	COLUMN B.	Enter judgment debtor's gross earnings for each payday.
(5)	COLUMN C.	Enter judgment debtor's disposable earnings for each payday.

(Note: If a payday includes days in excess of whole work weeks, the additional days should be counted as a fraction of a work week equal to the number of workdays in excess of a whole work week divided by the number of workdays in a normal work week.)
(8)	COLUMN F.	Subtract the amount in column E from the amount in column C, and enter here.
(9)	COLUMN G.	Enter here the lesser of the amount in column D and the amount in column F.
(10)	COLUMN H.	Enter here any amount claimed by you as a setoff, defense, lien, or claim, or any amount claimed by any other person as an exemption or adverse interest which would reduce the amount of earnings owing to the judgment debtor. (Note: Any indebtedness to you incurred within ten days prior to your receipt of the first execution levy on a debt may not be set off against the earnings otherwise subject to this levy. Any wage assignment made by the judgment debtor within ten days prior to your receipt of the first execution levy on a debt is void.) You must also describe your claim(s) and the claims of others, if known, in the space provided below the worksheet and state the name(s) and address(es) of these persons. Enter zero in column H if there are no claims by you or others which would reduce the amount of earnings owing to the judgment debtor.

The attached exemption form lists some different ~~sources of~~ ways money in your account ~~that~~ may be protected. If your money ~~is~~ comes from ~~one or more of these sources~~ a benefit on this list, ~~place~~ put a check ~~on the line on the form next to the sources of your money~~ in the box next to it. ~~If it is from one of these sources,~~ The creditor ~~cannot~~ can't take it.

BUT, if you want the bank to unfreeze your money, **you must follow the instructions and return the exemption form ~~and~~ with copies of your bank statements from the last 60 days** ~~to have the bank unfreeze your money~~. How The Process Works

If You ~~Do Not~~ Don't Send in the Exemption Form and Bank Statements:

14 days after the date of this letter some or all of your money may be turned over to the creditor ~~or to the sheriff~~. This happens once they get an order from the court telling the bank to do this.

If You Do Send in the Exemption Form and Bank Statements:

Any money that is NOT protected can be turned over to the ~~sheriff~~ creditor once they get an order from the court.

If the Creditor Does Not Object to Your Claimed Exemptions:

The ~~financial institution will~~ bank should unfreeze your money ~~six~~ 6 business days after ~~the institution gets~~ they get your completed form. If they don't, ask the creditor or the creditor's lawyer to send a release letter to the bank.

If the Creditor Objects to Your Claimed Exemptions:

The money you ~~have~~ said is protected on the form ~~will be~~ is held by the bank. The creditor has ~~six~~ 6 business days to object (disagree) and ask the court to hold a hearing. You ~~will receive~~ get a Notice of Objection and a Notice of Hearing.

The ~~financial institution will hold~~ bank holds the money until a court decides ~~whether~~ if your money is protected or not. Some reasons a creditor may object are because you ~~did not~~ didn't send copies of your bank statements or other proof of the benefits you ~~received~~ got. Be sure to include these when you send your exemption form.

You may want to talk to a lawyer for advice about this process. If you are low income you can call Legal Aid statewide at 1(877) 696-6529.

~~**PENALTIES:**~~

Warnings and Fines

If you claim that your money is protected and a court decides you made that claim in bad faith, ~~the court~~ they can order you to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100. Bad faith is when someone does something wrong on purpose. For example, it may be bad faith if you claim you ~~receive~~ get government benefits ~~that~~ and you ~~do not receive~~ don't.

If the creditor made a bad faith objection to your claim that your money is protected, the court can order them to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100.

IMPORTANT NOTICE

~~**YOUR FUNDS HAVE BEEN LEVIED**~~
Money in Your Account Has Been Frozen

The creditor has frozen money in your account at your ~~financial institution~~ bank.

Your account balance is $.....

The amount being held is $.....

The amount being held ~~will be~~ is frozen for 14 days from the date of this notice.

Some of your money in your account may be protected (the legal word is exempt). You may be able to get it sooner than 14 days if you act quickly and follow the instructions on the next page.

The attached exemption form lists some different ~~sources of~~ ways money in your account ~~that~~ may be protected. If your money ~~is from one or more of these sources, place a check on the line on the form next to the sources of your money. If it is from one of these sources, the Creditor cannot take it~~ comes from a benefit on this list, put a check on the line next to it. The creditor can't take it.

BUT, if you want the bank to unfreeze your money, **you must follow the instructions and return the exemption form ~~and~~ with copies of your bank statements from the last 60 days~~ to have the bank unfreeze your money~~.** Instructions and the form are attached. If you ~~do not~~ don't follow the instructions, your ~~financial institution will give~~ bank gives the money to ~~the~~ your creditor. If your creditor gets an order from the court or writ of execution, your bank gives the money to them. If that happens and ~~it~~ your money is protected, you can still get it back from the creditor later~~, but that is not as easy to do as filling in the form now~~. But filling out the form now is easiest.

~~See next pages for instructions and the exemption form.~~

Sec. 8. Minnesota Statutes 2024, section 551.05, subdivision 1c, is amended to read:

Subd. 1c. **Form of instructions.** The instructions required must be in a separate form and must be substantially in the following form:

INSTRUCTIONS

Note: The creditor is who you owe the money to. You are the debtor.

1. Fill out **both** of the attached exemption forms in this packet.

~~**If you check one of the lines, you should also give proof that shows that some or all of the money in your account is from one or more of the protected sources. Creditors may ask for a hearing if they question your exemptions. To avoid a hearing:**~~

~~**Case numbers should be added to the form. Copies of documents should be sent with the form.**~~

If you check one of the lines, you should also give proof. Use proof that shows that some or all of the money in your account is from one or more of the protected sources. This might be letters or account statements. Creditors may ask for a hearing if they question your exemptions.

To avoid a hearing:

(i) Case numbers should be added to the form.

(ii) Copies of documents should be sent with the form.

~~**Notice: YOU MUST SEND TO THE CREDITOR'S ATTORNEY (OR TO THE CREDITOR, IF NO ATTORNEY) COPIES OF YOUR BANK STATEMENTS FOR THE PAST 60 DAYS BEFORE THE LEVY. Keep a copy of your bank statements in case there are questions about your claim. If you do not send to the creditor's attorney (or to the creditor, if no attorney) bank statements with your exemption claim, the financial institution may release your money to the creditor.**~~

Notice: You must send copies of your bank statements for the past 60 days before the garnishment. Send them to the creditor (or to the creditor's lawyer). Keep a copy of your bank statements in case there are questions about your claim. If you don't send bank statements to the creditor (or to the creditor's lawyer) along with your exemption claim, the financial institution may give your money to the creditor. They would do this once the creditor gives them a court order saying they have to turn over the funds.

2. **Sign** the exemption forms. **Make one copy to keep for yourself.**

3. **Mail or deliver** the other copies of the form by (insert date).

Both Copies Must Be Mailed or Delivered the Same Day.

How The Process Works

If You ~~Do Not~~ Don't Send in the Exemption Form and Bank Statements:

14 days after the date of this letter some or all of your money may be turned over to the creditor ~~pursuant to Minnesota statute~~. This happens once they get an order from the court telling the bank to do this.

If You Do Send in the Exemption Form and Bank Statements:

Any money that is NOT protected can be turned over to the creditor once they get an order from the court.

If the Creditor Does Not Object to Your Claimed Exemptions:

~~The financial institution will unfreeze your money six business days after the institution gets your completed form.~~ The bank should unfreeze your money 6 business days after they get your completed form. If they don't, ask the creditor or the creditor's lawyer to send a release letter to the bank.

If the Creditor Objects to Your Claimed Exemptions:

The money you ~~have~~ said is protected on the form ~~will be~~ is held by the bank. The creditor has ~~six~~ 6 business days to object (disagree) and ask the court to hold a hearing. You ~~will receive~~ get a Notice of Objection and a Notice of Hearing.

The ~~financial institution will hold~~ bank holds the money until a court decides ~~whether~~ if your money is protected or not. Some reasons a creditor may object are because you ~~did not~~ didn't send copies of your bank statements or other proof of the benefits you ~~received~~ got. Be sure to include these when you send your exemption form.

You may want to talk to a lawyer for advice about this process. If you are low income you can call Legal Aid statewide at 1(877) 696-6529.

~~PENALTIES~~ Warnings and Fines:

If you claim that your money is protected and a court decides you made that claim in bad faith, ~~the court~~ they can order you to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100. Bad faith is when someone does something wrong on purpose. For example, it may be bad faith if you claim you ~~receive~~ get government benefits ~~that you do not receive~~ and you don't.

If the creditor made a bad faith objection to your claim that your money is protected, the court can order them to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100.

Subd. 6. **Earnings exemption notice.** Before the first levy on earnings, the attorney for the judgment creditor shall serve upon the judgment debtor no less than ten days before the service of the writ of execution, a notice that the writ of execution may be served on the judgment debtor's employer. Notice of Levy on Earnings for Non-Child Support Judgments

To the employer:

An employee of yours owes a judgment (money) to a creditor. The creditor's lawyer is starting a levy on the earnings you owe the employee. A levy means that you might have to hold part of the employee's earnings and send it to the creditor. By law, you have to do this. The limit on the levy is $10,000. A copy of the writ of execution from the court is enclosed. The amount of the judgment is $.....

The levy applies to "nonexempt disposable earnings" that you owe the employee. There are definitions and instructions below on how to calculate the amount, if any, you have to hold. The levy starts with the pay period when you got this levy. It continues for all pay periods in the 90 days after you got this levy.

You must complete the attached disclosure form and worksheet. Then mail it to the lawyer listed below. If any money is owed under the levy, you must also send a check payable to the creditor listed above. Follow the steps and the deadlines explained below.

Earnings Disclosure and Worksheet For Non-Child Support Judgements

and
Third Party (Debtor's Employer):

This form is called an "Earnings Execution Disclosure" or "Disclosure." It is for the employer to fill out. The "debtor" is the person who owes money. The debtor gets a copy of this form for their own information.

The employer is the "third party." The debtor is also called a "judgment debtor." If the debtor asks how the calculations in this document were made, the employer **must** provide information about it.

Definitions

"Earnings": what is paid or payable to an employee, independent contractor, or self-employed person for personal services (a job). Also called compensation. Compensation can be wages, salary, commission, bonuses, payments, profit-sharing distributions, severance payment, fees, or other. It includes periodic payments from a pension or retirement. It can also be compensation paid or payable to a producer for the sale of agricultural products. This can be things like milk or milk products, or fruit or other horticultural products. Or things produced in the operation of a family farm, a family farm corporation, or an authorized farm corporation. This is defined in Minnesota Statutes, section 500.24, subdivision 2.

"Disposable Earnings": the part of a person's earnings that are left after subtracting the amounts required by law to be withheld. **Note:** Amounts required by law to be withheld do not include things like health insurance, charitable contributions, or other voluntary wage deductions.

"Payday": the date when the employer pays earnings to the debtor for doing their job. If the debtor has no regular payday, then "payday" means the 15th and the last day of each month.

"Payday" means the day which you pay earnings in the ordinary course of business. If the debtor has no regular paydays, "payday" means the 15th day and the last day of each month.~~

~~Your disclosure need not exceed 110 percent of the amount of the creditor's claim that remains unpaid.~~

~~You shall retain garnishable earnings, other indebtedness, money, or other property in your possession in an amount not to exceed 110 percent of the creditor's claim until such time as the creditor causes a writ of execution to be served upon you, until the debtor authorizes you in writing to release the property to the creditor, or until the expiration of ..... days from the date of service of this garnishment summons upon you, at which time you shall return the disposable earnings, other indebtedness, money, or other property to the debtor.~~

A court has ordered that you must serve a written statement to the creditor (or to the creditor's lawyer). You must do this within 20 days after you get this notice. Your written statement should include any money, or other property of the debtor that you have or owe to them. It should also include answers to any questions that are in this summons.

But, if the garnishment is on earnings and the debtor has earnings that can be garnished, fill out the completed disclosure form. Then serve it on the creditor (or the creditor's lawyer). It must be served within 10 days of the last payday within the 90 days after the date you got this summons. If the debtor has no regular paydays, "payday" means the 15th day and the last day of each month.

You don't have to disclose more than 110% of the unpaid amount that is owed to the creditor. Keep earnings that can be garnished, other indebtedness, money, or other property in your possession in an amount not to exceed 110 percent of the creditor's claim. Keep this until:

(i) the creditor has a writ of execution served on you;

(ii) the debtor gives you permission in writing to release the property to the creditor; or

(iii) it's been ... days from the day you got this garnishment summons.

Then you give the debtor back the disposable earnings, other indebtedness, money, or other property.

Earnings

~~In the event~~ If you are summoned as a garnishee because you owe "earnings" ~~(as defined on the Earnings Garnishment Disclosure form attached to this Garnishment Summons, if applicable)~~ to the debtor, then you ~~are required to~~ must serve ~~upon the creditor's attorney, or the creditor if not represented by an attorney, a written~~ an Earnings Disclosure Form ~~within~~ on the creditor (or the creditor's lawyer). The Earnings Disclosure Form must be in writing and must be served in the time limit set ~~forth~~ above. "Earnings" are defined on the Earnings Garnishment Disclosure Form attached to this Garnishment Summons.

In the case of earnings, you ~~are further required to retain in your possession~~ must keep all unpaid, nonexempt disposable earnings ~~owed or to be owed by you and earned or to be earned~~ that you owe or will owe to the debtor ~~within~~ during the pay period ~~in which~~ when this garnishment ~~summons~~ notice is ~~served and within all subsequent pay periods whose paydays (defined above) occur within the 90 days after the date of service of this garnishment summons~~ delivered and for all pay periods within 90 days after this notice is served.

~~Any assignment of earnings made by the debtor to any party within ten days before the receipt of the first garnishment on a debt is void. Any indebtedness to you incurred by the debtor within the ten days before the receipt of the first garnishment on a debt may not be set off against amounts otherwise subject to the garnishment.~~

Any transfer of earnings made by the debtor to someone else within 10 days before the first garnishment notice is invalid. Any debt the debtor owes you from within those 10 days can't be used to lower the amount that can be garnished.

~~You are prohibited~~ By law ~~from discharging or disciplining~~ you can't fire or discipline the debtor because ~~the debtor's~~ their earnings have been subject to garnishment.

This Garnishment Summons includes:

(check ~~applicable box~~ the boxes that apply)

Important Notice

~~**YOUR FUNDS HAVE BEEN GARNISHED**~~

Money in Your Account Has Been Frozen

The Creditor has frozen money in your account at your ~~financial institution~~ bank.

Your account balance is $.....

The amount being held is $.....

The amount being held ~~will be~~ is frozen for 14 days from the date of this notice.

Some of your money in your account may be protected (the legal word is exempt). You may be able to get it sooner than 14 days if you act quickly and follow the instructions on the next page.

The attached exemption form lists some different ~~sources of~~ ways money in your account ~~that~~ may be protected. If your money ~~is~~ comes from ~~one or more of these sources, place~~ a benefit on the list, put a check on the line ~~on the form next to the sources of your money. If it is from one of these sources,~~ next to it. The creditor ~~cannot~~ can't take it.

BUT, if you want the bank to unfreeze your money, **you must follow the instructions and return the exemption form ~~and~~ with copies of your bank statements from the last 60 days** ~~to have the bank unfreeze your money~~. Instructions and the form are attached. If you ~~do not~~ don't follow the instructions ~~or your Creditor gets an order from the court or writ of execution,~~ your ~~financial institution will give~~ bank gives the money to your creditor. If your creditor gets an order from the court or writ of execution, your bank gives the money to them. If that happens and ~~it~~ your money is protected, you can still get it back from the creditor later~~,~~. But ~~that is not as easy to do as~~ filling ~~in~~ out the form now is easiest.

See next pages for instructions and the exemption form.

Subd. 2. **Form of instructions.** The instructions required must be in a separate form and must be substantially in the following form:

Instructions

Note: The creditor is who you owe the money to. You are the debtor.

1. Fill out **both** of the attached exemption forms in this packet.

If you check one of the lines, you should also give proof. Use proof that ~~shows~~ show that some or all of the money in your account is from one or more of the protected sources. This might be letters or account statements. Creditors may ask for a hearing if they question your exemptions.

To avoid a hearing:

(i) Case numbers should be added to the form.

(ii) Copies of documents should be sent with the form.

Notice: You must send ~~to the creditor's attorney (or to the creditor, if no attorney)~~ copies of your bank statements for the past 60 days before the garnishment. Send them to the creditor (or to the creditor's lawyer). Keep a copy of your bank statements in case there are questions about your claim. If you ~~do not~~ don't send bank statements to the ~~creditor's attorney (or to the creditor, if no attorney) bank statements~~ creditor (or to the creditor's lawyer) along with your exemption claim, the financial institution may ~~release~~ give your money to the creditor. They would do this once the creditor gives ~~the financial institution~~ them a court order ~~directing it~~ saying they have to turn over the funds.

2. **Sign** the exemption forms. **Make ~~one~~ a copy to keep for yourself.**

3. **Mail or deliver** the other copies of the form by (insert date).

Both Copies Must Be Mailed or Delivered the Same Day.

How The Process Works

If You ~~Do Not~~ Don't Send in the Exemption Form and Bank Statements:

14 days after the date of this letter some or all of your money may be turned over to the creditor. This happens once they get an order from the court telling the ~~financial institution~~ bank to do this.

If You Do Send in the Exemption Form and Bank Statements:

Any money that is NOT protected can be turned over to the creditor once they get an order from the court.

If the Creditor Does Not Object to Your Claimed Exemptions:

The ~~financial institution will~~ bank should unfreeze your money ~~six~~ 6 business days after ~~the institution gets~~ they get your completed form. If they don't, ask the creditor or the creditor's lawyer to send a release letter to the bank.

If the Creditor Objects to Your Claimed Exemptions:

The money you ~~have~~ said is protected on the form ~~will be~~ is held by the bank. The creditor has ~~six~~ 6 business days to object (disagree) and ask the court to hold a hearing. You ~~will receive~~ get a Notice of Objection and a Notice of Hearing.

The ~~financial institution will hold~~ bank holds the money until a court decides ~~whether~~ if your money is protected or not. Some reasons a creditor may object are because you ~~did not~~ didn't send copies of your bank statements or other proof of the benefits you ~~received~~ got. Be sure to include these when you send your exemption form.

You may want to talk to a lawyer for advice about this process. If you are low income you can call Legal Aid statewide at 1(877) 696-6529.

~~**PENALTIES:**~~

Warnings and Fines

If you claim that your money is protected and a court decides you made that claim in bad faith, ~~the court~~ they can order you to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100. Bad faith is when someone does something wrong on purpose. For example, it may be bad faith if you claim you ~~receive~~ get government benefits ~~that you do not receive~~ and you don't.

If the creditor made a bad faith objection to your claim that your money is protected, the court can order them to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100.

To the extent practicable, summary data and results of projects funded under this section should be readily accessible on the Internet and identified as having received funding from the environment and natural resources trust fund.

Subd. 13. **Project requirements**

(a) As a condition of accepting an appropriation under this section, an agency or entity receiving an appropriation or a party to an agreement from an appropriation must comply with paragraphs (b) to (m) and Minnesota Statutes, chapter 116P, and must submit a work plan and annual or semiannual progress reports in the form determined by the Legislative-Citizen Commission on Minnesota Resources for any project funded in whole or in part with money from the appropriation. Modifications to the approved work plan and budget expenditures must be made through the amendment process established by the Legislative-Citizen Commission on Minnesota Resources.

(b) A recipient of money appropriated in this section that conducts a restoration using money appropriated in this section must use native plant species according to the Board of Water and Soil Resources' native vegetation establishment and enhancement guidelines and include an appropriate diversity of native species selected to provide habitat for pollinators throughout the growing season as required under Minnesota Statutes, section 84.973.

(c) For all restorations conducted with money appropriated under this section, a recipient must prepare an ecological restoration and management plan that, to the degree practicable, is consistent with the highest-quality conservation and ecological goals for the restoration site. Consideration should be given to soil, geology, topography,

and other relevant factors that would provide the best chance for long-term success and durability of the restoration project. The plan must include the proposed timetable for implementing the restoration, including site preparation, establishment of diverse plant species, maintenance, and additional enhancement to establish the restoration; identify long-term maintenance and management needs of the restoration and how the maintenance, management, and enhancement will be financed; and take advantage of the best-available science and include innovative techniques to achieve the best restoration.

(d) An entity receiving an appropriation in this section for restoration activities must provide an initial restoration evaluation at the completion of the appropriation and an evaluation three years after the completion of the expenditure. Restorations must be evaluated relative to the stated goals and standards in the restoration plan, current science, and, when applicable, the Board of Water and Soil Resources' native vegetation establishment and enhancement guidelines. The evaluation must determine whether the restorations are meeting planned goals, identify any problems with implementing the restorations, and, if necessary, give recommendations on improving restorations. The evaluation must be focused on improving future restorations.

(e) All restoration and enhancement projects funded with money appropriated in this section must be on land permanently protected by a conservation easement or public ownership.

(f) A recipient of money from an appropriation under this section must give consideration to contracting with Conservation Corps Minnesota for contract restoration and enhancement services.

(4) be sent to the Legislative-Citizen Commission on Minnesota Resources in an electronic format at least 20 business days before closing;

(5) include a long-term monitoring and enforcement plan and funding for monitoring and enforcing the easement agreement; and

(6) include requirements in the easement document to protect the quantity and quality of groundwater and surface water through specific activities, such as keeping water on the landscape, reducing nutrient and contaminant loading, and not permitting artificial hydrological modifications.

(h) For any acquisition of lands or interest in lands, a recipient of money appropriated under this section must not agree to pay more than 100 percent of the appraised value for a parcel of land using this money to complete the purchase, in part or in whole, except that up to ten percent above the appraised value may be allowed to complete the purchase, in part or in whole, using this money if permission is received in advance of the purchase from the Legislative-Citizen Commission on Minnesota Resources.

(i) For any acquisition of land or interest in land, a recipient of money appropriated under this section must give priority to high-quality natural resources or conservation lands that provide natural buffers to water resources.

(j) For new lands acquired with money appropriated under this section, a recipient

must prepare an ecological restoration and management plan in compliance with paragraph (c), including sufficient funding for implementation unless the work plan addresses why a portion of the money is not necessary to achieve a high-quality restoration.

(k) To ensure public accountability for using public money, a recipient of money appropriated under this section must, within 60 days of a land acquisition, provide to the Legislative-Citizen Commission on Minnesota Resources documentation of the selection process used to identify parcels acquired and provide documentation of all related transaction costs, including but not limited to appraisals, legal fees, recording fees, commissions, other similar costs, and donations. This information must be provided for all parties involved in the transaction. The recipient must also report to the Legislative-Citizen Commission on Minnesota Resources any difference between the acquisition amount paid to the seller and the state-certified or state-reviewed appraisal, if a state-certified or state-reviewed appraisal was conducted.

(a) The commissioner shall maintain a public waters inventory map of each county that shows the waters of this state that are designated as public waters under the public waters inventory and classification procedures prescribed under Laws 1979, chapter 199, and shall provide access to a copy of the maps. As county public waters inventory maps are revised according to this section, the commissioner shall send a notification or a copy of the maps to the auditor of each affected county.

(b) The commissioner ~~must~~ may revise the map of public waters established under Laws 1979, chapter 199, to reclassify those types 3, 4, and 5 wetlands previously identified as public waters wetlands under Laws 1979, chapter 199, as public waters or as wetlands under section 103G.005, subdivision 19. The commissioner may only reclassify public waters wetlands as public waters if:

(1) they are assigned a shoreland management classification by the commissioner under sections 103F.201 to 103F.221;

(2) they are classified as lacustrine wetlands or deepwater habitats according to Classification of Wetlands and Deepwater Habitats of the United States (Cowardin, et al., 1979 edition); or

(3) the state or federal government has become titleholder to any of the beds or shores of the public waters wetlands, subsequent to the preparation of the public waters inventory map filed with the auditor of the county, pursuant to paragraph (a), and the responsible state or federal agency declares that the water is necessary for the purposes of the public ownership.

(c) The commissioner must provide notice of the reclassification to the local government unit, the county board, the watershed district, if one exists for the area, and the soil and water conservation district. Within 60 days of receiving notice from the commissioner, a party required to receive the notice may provide a resolution stating objections to the reclassification. If the commissioner receives an objection from a party required to receive the notice, the reclassification is not effective. If the commissioner does not receive an objection from a party required to receive the notice, the reclassification of a wetland under paragraph (b) is effective 60 days after the notice is received by all of the parties.

(d) The commissioner shall give priority to the reclassification of public waters wetlands that are or have the potential to be affected by public works projects.

(e) The commissioner ~~may~~ must revise the public waters inventory map of each county:

(1) to reflect the changes authorized in paragraph (b); and

(2) as needed, to:

(i) correct errors in the original inventory;

(ii) add or subtract trout stream tributaries within sections that contain a designated trout stream following written notice to the landowner;

(iii) add depleted quarries, and sand and gravel pits, when the body of water exceeds 50 acres and the shoreland has been zoned for residential development; and

(iv) add or subtract public waters that have been created or eliminated as a requirement of a permit authorized by the commissioner under section 103G.245.

(f) $1,000,000 is appropriated from the general fund each year in fiscal years 2025 through 2032 to the commissioner to update the public water inventory as required in this section. The commissioner must develop and implement a process to update the public water inventory. This paragraph expires June 30, 2032.

Sec. 26. Minnesota Statutes 2024, section 103G.271, subdivision 6, is amended to read:

Subd. 6. **Water-use permit; processing fee.** (a) Except as described in paragraphs (b) to (g), a water-use permit processing fee must be prescribed by the commissioner in accordance with the schedule of fees in this subdivision for each water-use permit in force at any time during the year. Fees collected under this paragraph are credited to the water management account in the natural resources fund. The schedule is as follows, with the stated fee in each clause applied to the total amount appropriated:

(1) ~~$140~~ $200 for amounts not exceeding 50,000,000 gallons per year;

(2) ~~$3.50~~ $6 per 1,000,000 gallons for amounts greater than 50,000,000 gallons but less than 100,000,000 gallons per year;

(3) ~~$4~~ $7 per 1,000,000 gallons for amounts greater than 100,000,000 gallons but less than 150,000,000 gallons per year;

(4) ~~$4.50~~ $8 per 1,000,000 gallons for amounts greater than 150,000,000 gallons but less than 200,000,000 gallons per year;

(5) ~~$5~~ $9 per 1,000,000 gallons for amounts greater than 200,000,000 gallons but less than 250,000,000 gallons per year;

(6) ~~$5.50~~ $10 per 1,000,000 gallons for amounts greater than 250,000,000 gallons but less than 300,000,000 gallons per year;

(7) ~~$6~~ $11 per 1,000,000 gallons for amounts greater than 300,000,000 gallons but less than 350,000,000 gallons per year;

(8) ~~$6.50~~ $12 per 1,000,000 gallons for amounts greater than 350,000,000 gallons but less than 400,000,000 gallons per year;

(9) ~~$7~~ $13 per 1,000,000 gallons for amounts greater than 400,000,000 gallons but less than 450,000,000 gallons per year;

(10) ~~$7.50~~ $14 per 1,000,000 gallons for amounts greater than 450,000,000 gallons but less than 500,000,000 gallons per year; and

(11) ~~$8~~ $15 per 1,000,000 gallons for amounts greater than 500,000,000 gallons per year.

(b) For once-through cooling systems, a water-use processing fee must be prescribed by the commissioner in accordance with the following schedule of fees for each water-use permit in force at any time during the year:

(1) for nonprofit corporations and school districts, $200 per 1,000,000 gallons; and

(2) for all other users, $420 per 1,000,000 gallons.

(c) The fee is payable based on the amount of water appropriated during the year and~~, except as provided in paragraph (f),~~ the minimum fee is $100.

(d) For water-use processing fees other than once-through cooling systems:

(1) the fee for a city of the first class may not exceed ~~$250,000~~ $325,000 per year;

(2) the fee for other entities for any permitted use may not exceed:

(3) the fee for agricultural irrigation may not exceed ~~$750~~ $1,500 per year;

(5) the fee for a facility that temporarily diverts a water of the state from its natural channel to produce hydroelectric or hydromechanical power may not exceed $5,000 per year. A permit for such a facility does not count toward the number of permits held by an entity as described in this paragraph; and

(6) no fee is required for a project involving the appropriation of surface water to prevent flood damage or to remove floodwaters during a period of flooding, as determined by the commissioner.

(e) Failure to pay the fee is sufficient cause for revoking a permit. A penalty of ten percent per month calculated from the original due date must be imposed on the unpaid balance of fees remaining 30 days after the sending of a second notice of fees due. A fee may not be imposed on an agency, as defined in section 16B.01, subdivision 2, or federal governmental agency holding a water appropriation permit.

(f) The minimum water-use processing fee for a permit issued for irrigation of agricultural land is ~~$20~~ $100 for years in which:

(1) there is no appropriation of water under the permit; or

(2) the permit is suspended for more than seven consecutive days between May 1 and October 1.

(g) The commissioner shall waive the water-use permit fee for installations and projects that use stormwater runoff or where public entities are diverting water to treat a water quality issue and returning the water to its source without using the water for any other purpose, unless the commissioner determines that the proposed use adversely affects surface water or groundwater.

(h) A surcharge of $50 per million gallons in addition to the fee prescribed in paragraph (a) ~~shall be~~ is applied to the volume of water used in each of the months of May, June, July, August, and September that exceeds the volume of water used in January for municipal water use, irrigation of golf courses, and landscape irrigation. The surcharge for municipalities with more than one permit ~~shall be~~ is determined based on the total appropriations from all permits that supply a common distribution system.

Fees established under this subdivision, unless specified in paragraph (c), must comply with section 16A.1285.

(b) Proposed projects that require water in excess of 100 million gallons per year must be assessed fees to recover the costs incurred to evaluate the project and the costs incurred for environmental review. Fees collected under this paragraph must be credited to an account in the natural resources fund and are appropriated to the commissioner.

(c) The fee to apply for a permit to appropriate water, in addition to any fee under paragraph (b), is ~~$150~~ $600. (b) Recommended rates must be differentiated by methods recommended by the board under subdivision 4, such as local property lease or purchase costs, prevailing local wages, or other factors

to ensure convenient collection statewide according to section 115A.1335, subdivision 3, and that all costs of collection are covered according to paragraph (c).

(c) Recommended rates must cover all costs of collecting covered products and other electrical products incurred by collectors, including at least:

(1) labor and overhead;

(2) covered services performed by a collector in accordance with section 115A.1337, subdivision 1, paragraph (b);

(3) necessary collection and storage structures and containers as provided in section 115A.1347, subdivision 1, paragraph (d);

The commissioner must provide a written notice of determination describing the reasons for the rejection to the board. The board must meet as necessary to submit a revised recommendation to the commissioner.

(e) After consultation under paragraph (b) and review of public comments under paragraph (c), if the commissioner determines that a recommendation meets the requirements of this section, the

commissioner may approve the recommendation. The commissioner must provide a written notice of approval to the board and to the stewardship organization. In the notice, the commissioner must specify the effective date of the approved reimbursement rates.

(f) The stewardship organization must publish approved reimbursement rates on its publicly accessible website within 30 days after receiving the commissioner's written notice of approval. Subd. 9. **More-frequent rate changes.** The board may, for good cause, submit a recommendation for reimbursement rates to the commissioner at less than an annual interval. The commissioner must review the recommendation according to subdivision 8. If the commissioner rejects the recommendation, then the previously approved reimbursement rates for that calendar year continue to be in effect.

EFFECTIVE DATE. This section is effective January 1, 2028.

Sec. 7. **[115A.1339] FEES.**

Subdivision 1. **Administrative fees.** (a) By January 1, 2028, and by July 1 each year thereafter, the commissioner must calculate the sum of all costs that the agency incurs under sections 115A.1331 to 115A.1347, exclusive of recovery and management of covered products under subdivision 2. The sum calculated for the period preceding January 1, 2028, must include the agency's costs of implementing sections 115A.1331 to 115A.1347. For the purposes of this paragraph, costs of the board are considered costs incurred by the agency.

(b) Notwithstanding section 16A.1283, the commissioner must assess administrative fees at an amount that is adequate to reimburse the agency's sum costs of administering sections 115A.1331 to 115A.1347. The stewardship organization must pay the assessed administrative fees by the due dates set by the commissioner.

Subd. 2. **Recovery and proper management fees.** (a) When the commissioner intends to spend money for the recovery and proper management of covered products under section 115A.1343, subdivision 1, notwithstanding section 16A.1283, the commissioner must assess the estimated cost of recovery and proper management of covered products to the stewardship organization.

(b) The cost under paragraph (a) must not include any subsequent remediation of the real properties where the covered products are located nor the cost of any environmental assessment of the properties to determine appropriate subsequent remediation under other law. Such costs must not be paid from any funds assessed, collected, or appropriated under this section. The stewardship organization must pay the assessed recovery and management fee by the due date set by the commissioner.

(c) If, after the covered products have been recovered and properly managed, the actual cost of recovery and proper management of the recovered products is less than the fee paid by the stewardship organization, the commissioner must refund the excess payment. If the cost of recovery and proper management exceeds the fee paid by the stewardship organization, the commissioner must assess the stewardship organization for the deficit. The stewardship organization must pay the assessed recovery and management fee deficit by the due date set by the commissioner.

Subd. 3. **Disposition of fees.** The total amount of net fees collected under this section must not exceed the amount necessary to reimburse agency costs as calculated under subdivisions 1 and 2. All fees received under subdivisions 1 and 2 must be deposited in the state treasury and credited to a product stewardship account in the special revenue fund. The amount collected under this section is annually appropriated to the commissioner to implement and enforce sections 115A.1331 to 115A.1347.

EFFECTIVE DATE. This section is effective January 1, 2027.

Sec. 8. **[115A.1341] COLLECTOR DUTIES.**

Subdivision 1. **Accepting covered products.** (a) All collectors must accept covered products without imposing a fee, charge, surcharge, or other cost to any person other than the stewardship organization.

(b) At a full collection site, a collector must accept from any person at least ten covered products daily of any brand, any type, any physical size, and, in the case of covered batteries and covered products that have covered batteries contained within them or otherwise attached or connected to them, any energy capacity or chemistry, unless the collector determines a specific covered product cannot be safely collected by the collector at a specific collection site at a specific time under paragraph (e). A full collection site must be open to receiving covered products at least 12 operating hours per week, 50 weeks each calendar year.

(c) At a partial collection site, a collector must accept from any person covered products of any brand, but may limit the number, type, physical size, and, in the case of covered batteries and covered products that have covered batteries contained within them or otherwise attached or connected to them, the energy capacity or chemistry of the covered battery of the covered products accepted.

(d) A household hazardous waste collection program may accept covered products at any collection site it operates. The household hazardous waste collection program may limit the persons from which it will accept covered products and may limit the number, type, physical size, and, in the case of covered batteries and covered products that have covered batteries contained within them or otherwise attached or connected to them, the energy capacity or chemistry of the covered battery of the covered products accepted. The stewardship organization may count a collection site operated by the household hazardous waste collection program as a full collection site when demonstrating compliance with the convenience standards of section 115A.1335, subdivision 3, if the household hazardous waste collection program voluntarily agrees in writing with the stewardship organization to comply with paragraph (b) at the site.

(e) A collector that determines that it cannot safely accept a specific covered product must document the reason for not accepting the covered product and immediately notify the stewardship organization of the nonacceptance in order to allow the stewardship organization to arrange for alternate collection of the covered product under section 115A.1337, subdivision 1, paragraph (a), clause (7).

Subd. 2. **Accepting other electrical products.** A collector may accept other electrical products from a person. If a collector accepts other electrical products, the collector may not impose a fee, charge, surcharge, or other cost to any person other than the stewardship organization.

Subd. 3. **Storing accepted products.** A collector must manage and store all accepted covered products and other electrical products safely and in compliance with section 115A.1347, subdivision 1, paragraphs (c) and (d).

Subd. 4. **Training.** A collector must ensure and document that training is provided for collection site employees on identifying and safely handling and storing covered batteries and covered products that have covered batteries contained within them or otherwise attached or connected to them, including damaged, defective, or recalled batteries, also known as DDR batteries. The collector may provide the training or may receive training from the stewardship organization or the stewardship organization's representative.

Subd. 5. **Recordkeeping.** A collector must maintain the following records for at least three years and make them available to the commissioner for inspection:

(1) records of covered products and other electrical products accepted at a collection site;

(2) records of covered products and other electrical products shipped from a collection site; and

(3) documentation of employee training. The three-year record retention period for employee documentation begins on the day following the last day the employee worked for the collector.

EFFECTIVE DATE. This section is effective January 1, 2028.

Sec. 9. **[115A.1343] COVERED PRODUCTS RECOVERY AND PROPER MANAGEMENT.**

Subdivision 1. **Recovery and proper management.** (a) In addition to any authority granted by other law and without limiting that authority, whenever the commissioner determines that covered products have been abandoned, improperly disposed of, or stored on real property within the state in a manner not in compliance with sections 115A.1331 to 115A.1347 or with applicable rules adopted under section 116.07, subdivision 2, paragraph (d), or 4, paragraph (g), the commissioner may issue an order under section 115.071, subdivision 5; 116.07, subdivision 9; or 116.072, subdivision 1, requiring a person responsible for the abandonment, improper disposal, or noncompliant storage of the covered products to recover and properly manage the covered products according to sections 115A.1331 to 115A.1347 and applicable rules. An order under this paragraph must notify the person of the provisions of this subdivision.

(b) If a person that receives an order under paragraph (a) fails to complete the ordered actions to recover and properly manage the covered products within the time specified in the order, then after that time or upon expiration of the appeal period for the order, whichever is later, the commissioner must notify the stewardship organization in writing of:

(1) the commissioner's determination that the covered products have been abandoned, improperly disposed of, or stored in a noncompliant manner;

(2) the name of the person that was issued the order under paragraph (a) and the location of the covered products;

(3) the actions required to recover and properly manage the covered products; and

(4) the amount of time that the stewardship organization may, with the consent of the person, attempt to complete the actions to recover and properly manage the covered products on behalf of the person.

(c) If the stewardship organization intends to recover and properly manage the covered products, the stewardship organization must notify the commissioner of its intent and submit a plan to recover and properly manage the covered products to the commissioner. The stewardship organization must comply with its submitted recovery and management plan.

(d) If, after the period specified in paragraph (b), the ordered actions to recover and properly manage the covered products have not been completed, or upon earlier notice from the stewardship organization that it does not intend to take the actions, the commissioner may recover and properly manage the covered products. The commissioner must estimate the cost for a person contracted to the agency to perform the recovery and management. The commissioner must assess the estimated cost to the stewardship organization according to section 115A.1339, subdivision 2. After the stewardship organization pays the assessed fee, the commissioner may recover and properly manage the covered products. Money appropriated to the commissioner from the product stewardship account may be spent by the commissioner to recover and properly manage the covered products.

(e) In addition to the authority to enter upon any public or private property for the purpose of obtaining information or conducting surveys or investigations under section 115A.06, the commissioner or any designee or agent may enter upon the property to recover covered products when acting under this subdivision.

Subd. 2. **Limited private right of action for recovery and proper management.** (a) The stewardship organization that recovers and properly manages covered products under subdivision 1, paragraph (c), may maintain a civil action against a person issued an order to recover and properly manage those covered products under subdivision 1, paragraph (a). The stewardship organization is entitled to damages under this paragraph of twice its actual cost of recovery and proper management of the covered products. Additional amounts recoverable under this paragraph include an award of reasonable attorney fees and costs.

(b) When the stewardship organization is assessed and pays the cost to recover and properly manage covered products under subdivision 1, paragraph (d), and section 115A.1339, subdivision 2, the stewardship organization may maintain a civil action against a person issued an order to recover and properly manage those covered products under subdivision 1, paragraph (a). The stewardship organization is entitled to damages under this paragraph equal to the cost of recovery and proper management of covered products assessed by the commissioner to the stewardship organization. Additional amounts recoverable under this paragraph include an award of reasonable attorney fees and costs.

(c) The commissioner may not be a party to or be required to provide assistance or otherwise participate in a civil action authorized under this subdivision unless subject to a subpoena before a court of jurisdiction.

EFFECTIVE DATE. This section is effective January 1, 2028.

Sec. 10. **[115A.1345] OTHER AUTHORITIES AND DUTIES.**

Subdivision 1. **Limited private right of action against producers.** (a) Except as provided in paragraph (d), the stewardship organization may maintain a civil action against one or more producers, except a de minimis producer, to recover a portion of the stewardship organization's costs and additional amounts according to this subdivision.

(b) Damages recoverable under this subdivision may not exceed a fair share of the actual costs incurred by the plaintiff stewardship organization in managing covered products or other electrical products of a defendant producer subject to section 115A.1347, subdivision 2, paragraph (b), and covered products or other electrical products of other producers that were not participants. Additional amounts recoverable under this subdivision include an award of reasonable attorney fees and costs. If a defendant producer did not participate in the stewardship program established under sections 115A.1331 to 115A.1347 during the period in which covered products or other electrical products of the defendant producer were managed by the plaintiff stewardship organization, a punitive sum of up to three times the damages awarded may be assessed.

(c) A plaintiff stewardship organization may establish a defendant producer's fair share of the plaintiff's actual costs by providing the court with information establishing the process by which the defendant producer's share of stewardship program costs would have been allocated had the defendant producer been a participant in the program or paid its allocated share if it was a participant. The plaintiff stewardship organization may use data from producers similar in covered product, financial status, or market share to the defendant producer to provide the information.

(d) An action may not be commenced under this subdivision against a potential defendant producer until 60 days after the plaintiff stewardship organization provides to all potential defendants a written notice of the claim setting forth the amount of the claim and the basis for the calculation of the amount.

(e) No action may be brought under this subdivision against a person other than a producer.

(f) The commissioner may not be a party to or be required to provide assistance or otherwise participate in a civil action authorized under this subdivision unless subject to a subpoena before a court of jurisdiction.

Subd. 2. **Conduct authorized.** A producer or stewardship organization that organizes covered services for covered products or other electrical products under sections 115A.1331 to 115A.1347 is immune from liability for the conduct under state laws relating to antitrust, restraint of trade, unfair trade practices, and other regulation of trade or commerce only to the extent that the conduct is necessary to plan and implement the producer's or stewardship organization's chosen system.

Subd. 3. **Duty to provide information.** Upon request of the commissioner for purposes of implementing sections 115A.1331 to 115A.1347, a person must furnish to the commissioner any information that the person has or may reasonably obtain.

Subd. 4. **Contracts.** (a) Any person awarded a contract under chapter 16C for purchase or lease of covered products or other electrical products that is found to be in violation of sections 115A.1331 to 115A.1347 is subject to the following sanctions:

(1) the contract must be voided if the commissioner of administration determines that the potential adverse impact to the state is exceeded by the benefit obtained from voiding the contract; and

(2) the contractor is subject to suspension and disbarment under Minnesota Rules, part 1230.1150.

(b) If the attorney general establishes that any money, property, or benefit was obtained by a contractor as a result of violating sections 115A.1331 to 115A.1347, the court may, in addition to any other remedy, order the disgorgement of the unlawfully obtained money, property, or benefit.

Subd. 5. **Multistate implementation.** The commissioner may participate in establishing a regional multistate organization or compact to assist in carrying out the requirements of sections 115A.1331 to 115A.1347.

Subd. 6. **Rules.** The commissioner may adopt rules to implement sections 115A.1331 to 115A.1347. The 18-month time limit under section 14.125 does not apply to rulemaking under this subdivision.

EFFECTIVE DATE. This section is effective January 1, 2028.

Sec. 11. **[115A.1347] DISPOSAL PROHIBITIONS; BATTERY LABELING; COVERED PRODUCT SALES RESTRICTION.**

Subdivision 1. **Disposal prohibition.** (a) A person may not place a covered product into:

(1) solid waste; or

(2) a recycling container that a collector has not clearly marked for use for collecting covered products.

(b) A person must manage a covered product that is discarded by delivering the covered product to a collection site or to a recycling facility for covered products.

(c) Until recycled, covered products are not exempt from any applicable rules adopted under section 116.07 for managing hazardous waste.

(d) Covered batteries and covered products that have covered batteries contained within them or otherwise attached or connected to them must be stored in containers that are:

(1) designed, constructed, and used in a manner to suppress battery fires in the container or to prevent ignition of materials outside the container; and

(2) held in structures compliant with the local fire code.

Subd. 2. **Labeling and sale; requirements.** (a) A person may not sell, including online sales; offer for sale or promotional purposes; distribute in or into the state; or facilitate a sale of a covered battery or covered product that has a covered battery contained within it or otherwise attached or connected to it unless the covered battery and covered product is labeled to identify the chemistry employed to store energy in the battery. Labeling under this paragraph must be permanently marked on or affixed to the covered battery and covered product and must use either language or graphics that identifies the battery chemistry employed or a QR code compliant with International Organization of Standardization 18004:2015, that accesses equivalent data via the Internet that is available without fee or requirement to create an account.

(b) A person may not sell, including online sales; offer for sale or promotional purposes; distribute in or into the state; or facilitate a sale of a covered product or other electrical product unless the producer of the covered product or other electrical product is named as a participant in a stewardship plan published under section 115A.1335, subdivision 4, paragraph (f), or the brand is named as covered in a stewardship plan published under section 115A.1335, subdivision 4, paragraph (f), and the stewardship plan has not been terminated under section 115A.1335, subdivision 5.

(c) This subdivision does not apply to isolated and occasional sales of a covered product or other electrical product that are not made in the normal course of business, as exempted from sales tax under section 297A.67, subdivision 23.

(d) This subdivision does not apply to sales, including online sales; offers for sale or promotional purposes; distribution; or facilitation of a sale of a used covered product or used other electrical product.

ARTICLE 7

ENVIRONMENTAL PERMITTING REFORM

Section 1. Minnesota Statutes 2024, section 115.542, is amended to read:

115.542 NOTICE REQUIREMENTS FOR PUBLICLY OWNED WASTEWATER TREATMENT FACILITIES.

Subdivision 1. **Definitions.** For the purpose of this section, the following terms have the meanings given:

(1) "permit" means a national pollutant discharge elimination system (NPDES) permit or state disposal system (SDS) permit; and

(2) "permit applicant" means a person or entity submitting an application for a new permit or renewal, modification, or revocation of an existing permit for a publicly owned wastewater treatment facility.

Subd. 2. **Applicability.** This section applies to all draft permits and permits for publicly owned wastewater treatment facilities for which the commissioner of the Pollution Control Agency makes a preliminary determination whether to issue or deny.

Subd. 3. **Prepublic notice review requirements.** Unless waived by the permit applicant, the commissioner of the Pollution Control Agency must provide a permit applicant with a copy of the

draft permit and any fact sheets required by agency rules at least 30 days before the distribution and public notice of the permit application and preliminary determination.

Subd. 4. ~~**Permitting efficiency**~~ **Public notice requirements.** The commissioner must prepare and issue a public notice of a completed application and the commissioner's preliminary determination as to whether the permit should be issued or denied. The public comment period must be at least 60 days for permit applications under this section but may be reduced to 30 days if:

(1) a request for the reduction is made by the permit applicant; and

(2) the commissioner approves the request based on consideration of public or Tribal interest in the permit action.

Subd. 5. **Permitting efficiency.** Notwithstanding section 116.03, it is the goal of the state that tier 2 permits for publicly owned wastewater treatment facilities be issued or denied within 210 days following submission of a permit application.

Sec. 2. Minnesota Statutes 2024, section 116.03, subdivision 2b, is amended to read:

Subd. 2b. **Permitting efficiency.** (a) It is the goal of the state that environmental and resource management permits be issued or denied within 90 days for tier 1 permits or 150 days for tier 2 permits following submission of a permit application. The commissioner ~~of the Pollution Control Agency shall~~ must establish management systems designed to achieve the goal. For the purposes of this section, "tier 1 permits" are permits that do not require individualized actions or public comment periods, and "tier 2 permits" are permits that require individualized actions or public comment periods. Goals established in this paragraph do not apply to permit applications required due to agency enforcement actions.

(b) The commissioner ~~shall~~ must prepare an annual permitting efficiency report that includes statistics on meeting the tier 2 goal in paragraph (a) and the criteria for tier 2 by permit categories. The report must also provide information on consultants regarding achievement of the performance standards under paragraph (e), clauses (1) to (4). The report ~~is due~~ must be submitted to the governor and to the chairs and ranking minority members of the house of representatives and senate committees having jurisdiction over environment policy and finance by October 1 ~~August 1~~ each year and must be posted on the agency's website. Each report must include:

(1) for each permit ~~applications~~ application that ~~have~~ has not met the goal, ~~the report must state the reasons for not meeting the goal. In stating the reasons for not meeting the goal, the commissioner shall separately identify delays~~ an explanation of whether the delay was caused by the responsiveness of the proposer, lack of staff, scientific or technical disagreements, or the level of public engagement~~. The report must specify~~;

(2) for each permit that has not met the goal, the number of days from initial submission of the application to the day of determination that the application is complete~~. The report must aggregate~~;

(3) a summary of the data for the ~~year~~ reporting period and ~~assess~~ an assessment of whether program or system changes are necessary to achieve the tier 2 goal~~. The report must be posted on the agency's website and submitted to the governor and the chairs and ranking minority members~~

~~of the house of representatives and senate committees having jurisdiction over environment policy and finance.~~ in paragraph (a);

(4) a statement of the number of tier 2 permits completed within the reporting period and, immediately following in parentheses, a statement of the percentage of total applications received for that tier 2 permit category that the number represents, stated separately for industrial and municipal permits; and

(5) for permits that did not meet the goal due to lack of staff, a combined estimate of the aggregate staff resources that would have been necessary for all affected permits to meet the goal.

(c) The commissioner ~~shall~~ must allow electronic submission of environmental review and permit documents to the agency.

(d) Within 30 business days of application for a permit subject to paragraph (a), the commissioner ~~of the Pollution Control Agency shall~~ must notify the permit applicant, in writing, ~~whether the application is complete or incomplete. If the commissioner determines that an application is incomplete, the notice to the applicant must enumerate~~ of all deficiencies~~,~~ while citing specific provisions of the applicable rules and statutes, and must advise the applicant on how the deficiencies can be remedied. The applicant shall have five business days to remedy all identified deficiencies before the commissioner determines that the application is complete or incomplete. If the commissioner determines that the application is complete, the ~~notice~~ commissioner must confirm the application's tier 1 or tier 2 permit status. If the commissioner believes that a complete application for a tier 2 construction permit cannot be issued within the 150-day goal, the commissioner must provide notice to the applicant with the commissioner's notice that the application is complete and, upon request of the applicant, provide the permit applicant with a schedule estimating when the agency will begin drafting the permit and issue the public notice of the draft permit. This paragraph does not apply to an application for a permit that is subject to a grant or loan agreement under chapter 446A.

(e) The commissioner must credential consultants who meet the requirements of this paragraph and must provide a logo or similar indicator with the credential that can be used by a consultant in marketing their services. For purposes of this section, "consultant" means a third-party professional representing a facility owner or operator to prepare or assist in preparing a permit application or other similar documentation required by the commissioner for authorizations under chapters 115 to 116. A consultant is credentialed on January 1 each odd-numbered year if, in the preceding two years, the consultant:

(1) submitted permit applications deemed complete under paragraph (d) at a rate of at least 80 percent;

(2) when applicable, met agreed-upon deadlines as part of a plan designed to increase the coordination and efficiency of regulatory activities, such as a plan described under section 116.035;

(3) did not represent an owner or operator to prepare or assist in preparing a permit application or other similar documentation when the owner or operator received a citation under section 116.073, subdivision 1, paragraph (b); and

(4) was not found in violation of Minnesota Rules, part 7000.0300, relating to duty of candor.

(f) If, after notifying the permit applicant that the application is complete, the commissioner determines that additional information is needed, the commissioner must notify the applicant. Upon notice under this paragraph, counting days toward the 90- or 150-day goal described in paragraph (a) stops until the applicant has responded with the additional information. Once the applicant has responded with all the additional information required, counting resumes from where it stopped. The applicant has 30 business days to provide the additional information to the commissioner, but the commissioner may extend the time upon the applicant's request.

~~(e)~~ (g) For purposes of this subdivision, "permit professional" means an individual not employed by the Pollution Control Agency who:

(1) has a professional license issued by the state of Minnesota in the subject area of the permit;

(2) has at least ten years of experience in the subject area of the permit; and

(3) abides by the duty of candor applicable to employees of the Pollution Control Agency under agency rules and complies with all applicable requirements under chapter 326.

~~(f)~~ (h) Upon the agency's request, an applicant relying on a permit professional must participate in a meeting with the agency before submitting an application:

(1) at least two weeks prior to the preapplication meeting, the applicant must submit at least the following:

(i) project description, including, but not limited to, scope of work, primary emissions points, discharge outfalls, and water intake points;

(ii) location of the project, including county, municipality, and location on the site;

(iii) business schedule for project completion; and

(iv) other information requested by the agency at least four weeks prior to the scheduled meeting; and

(2) during the preapplication meeting, the agency ~~shall~~ must provide for the applicant at least the following:

(i) an overview of the permit review program;

(ii) a determination of which specific application or applications will be necessary to complete the project;

(iii) a statement notifying the applicant if the specific permit being sought requires a mandatory public hearing or comment period;

(iv) a review of the timetable established in the permit review program for the specific permit being sought; and

(v) a determination of what information must be included in the application, including a description of any required modeling or testing.

~~(g)~~ (i) The applicant may select a permit professional to undertake the preparation of the permit application and draft permit.

~~(h)~~ (j) If a preapplication meeting was held, the agency ~~shall~~ must, within seven business days of receipt of an application, notify the applicant and submitting permit professional that the application is complete or is denied, specifying the deficiencies of the application.

~~(i)~~ (k) Upon receipt of notice that the application is complete, the permit professional ~~shall~~ must submit to the agency a timetable for submitting a draft permit. The permit professional ~~shall~~ must submit a draft permit on or before the date provided in the timetable. Within 60 days after the close of the public comment period, the commissioner ~~shall~~ must notify the applicant whether the permit can be issued.

~~(j)~~ (l) Nothing in this section shall be construed to modify:

(1) any requirement of law that is necessary to retain federal delegation to or assumption by the state; or

(2) the authority to implement a federal law or program.

~~(k)~~ (m) The permit application and draft permit ~~shall~~ must identify or include as an appendix all studies and other sources of information used to substantiate the analysis contained in the permit application and draft permit. The commissioner ~~shall~~ must request additional studies, if needed, and the permit applicant ~~shall~~ must submit all additional studies and information necessary for the commissioner to perform the commissioner's responsibility to review, modify, and determine the completeness of the application and approve the draft permit.

Sec. 3. Minnesota Statutes 2024, section 116.07, subdivision 4a, is amended to read:

Subd. 4a. **Permits.** (a) The Pollution Control Agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions of noise pollution. The Pollution Control Agency may issue separate permits for constructing a facility described in this paragraph and for its operation, except for a facility required to complete a mandatory environmental impact statement under Minnesota Rules, part 4410.4400. The Pollution Control Agency must prioritize these permits in a manner that minimizes the time required to construct and begin operation of the permitted facility while complying with state and federal requirements.

(b) The Pollution Control Agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the storage, collection, transportation, processing, or disposal of waste, or for the installation or operation of any system or facility, or any part thereof, related to the storage, collection, transportation, processing, or disposal of waste.

(c) The agency may not issue a permit to a facility without analyzing and considering the cumulative levels and effects of past and current environmental pollution from all sources on the environment and residents of the geographic area within which the facility's emissions are likely to

be deposited, provided that the facility is located in a community in a city of the first class in Hennepin County that meets all of the following conditions:

(1) is within a half mile of a site designated by the federal government as an EPA superfund site due to residential arsenic contamination;

(2) a majority of the population are low-income persons of color and American Indians;

(3) a disproportionate percent of the children have childhood lead poisoning, asthma, or other environmentally related health problems;

(4) is located in a city that has experienced numerous air quality alert days of dangerous air quality for sensitive populations between February 2007 and February 2008; and

(5) is located near the junctions of several heavily trafficked state and county highways and two one-way streets which carry both truck and auto traffic.

(d) The Pollution Control Agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

(e) The Pollution Control Agency has the authority for approval over the siting, expansion, or operation of a solid waste facility with regard to environmental issues. However, the agency's issuance of a permit does not release the permittee from any liability, penalty, or duty imposed by any applicable county ordinances. Nothing in this chapter precludes, or shall be construed to preclude, a county from enforcing land use controls, regulations, and ordinances existing at the time of the permit application and adopted pursuant to Minnesota Statutes 2020, sections 366.10 to 366.181, or sections 394.21 to 394.37, or 462.351 to 462.365, with regard to the siting, expansion, or operation of a solid waste facility.

(f) Except as prohibited by federal law, a person may commence construction, reconstruction, replacement, or modification of any facility prior to the issuance of a construction permit by the agency.

(g) For the purposes of this subdivision, the Pollution Control Agency may require the owners and operators of any emission facility, air containment treatment facility, treatment facility, potential air containment storage facility, or storage facility, or any part thereof, to conduct air dispersion modeling of air contaminants.

Sec. 4. Minnesota Statutes 2024, section 116.07, subdivision 4d, is amended to read:

Subd. 4d. **Permit fees.** (a) The agency may collect permit fees in amounts not greater than those necessary to cover the reasonable costs of developing, reviewing, and acting upon applications for agency permits and implementing and enforcing the conditions of the permits pursuant to agency rules. Permit fees shall not include the costs of litigation. The fee schedule must reflect reasonable and routine direct and indirect costs associated with permitting, implementation, and enforcement. The agency may impose an additional enforcement fee to be collected for a period of up to two years to cover the reasonable costs of implementing and enforcing the conditions of a permit under

the rules of the agency. Any money collected under this paragraph shall be deposited in the environmental fund.

(b) Notwithstanding paragraph (a), the agency shall collect an annual fee from the owner or operator of all stationary sources, emission facilities, emissions units, air contaminant treatment facilities, treatment facilities, potential air contaminant storage facilities, or storage facilities subject to a notification, permit, or license requirement under this chapter, subchapters I and V of the federal Clean Air Act, United States Code, title 42, section 7401 et seq., or rules adopted thereunder. The annual fee shall be used to pay for all direct and indirect reasonable costs, including legal costs, required to develop and administer the notification, permit, or license program requirements of this chapter, subchapters I and V of the federal Clean Air Act, United States Code, title 42, section 7401 et seq., or rules adopted thereunder. Those costs include the reasonable costs of reviewing and acting upon an application for a permit; implementing and enforcing statutes, rules, and the terms and conditions of a permit; emissions, ambient, and deposition monitoring; preparing generally applicable regulations; responding to federal guidance; modeling, analyses, and demonstrations; preparing inventories and tracking emissions; and providing information to the public about these activities.

(c) The agency shall set fees that:

(1) will result in the collection, in the aggregate, from the sources listed in paragraph (b), of an amount not less than $25 per ton of each volatile organic compound; pollutant regulated under United States Code, title 42, section 7411 or 7412 (section 111 or 112 of the federal Clean Air Act); and each pollutant, except carbon monoxide, for which a national primary ambient air quality standard has been promulgated;

(2) may result in the collection, in the aggregate, from the sources listed in paragraph (b), of an amount not less than $25 per ton of each pollutant not listed in clause (1) that is regulated under this chapter or air quality rules adopted under this chapter; and

(3) shall collect, in the aggregate, from the sources listed in paragraph (b), the amount needed to match grant funds received by the state under United States Code, title 42, section 7405 (section 105 of the federal Clean Air Act).

The agency must not include in the calculation of the aggregate amount to be collected under clauses (1) and (2) any amount in excess of 4,000 tons per year of each air pollutant from a source. The increase in air permit fees to match federal grant funds shall be a surcharge on existing fees. The commissioner may not collect the surcharge after the grant funds become unavailable. In addition, the commissioner shall use nonfee funds to the extent practical to match the grant funds so that the fee surcharge is minimized.

(d) To cover the reasonable costs described in paragraph (b), the agency shall provide in the rules promulgated under paragraph (c) for an increase in the fee collected in each year by the percentage, if any, by which the Consumer Price Index for the most recent calendar year ending before the beginning of the year the fee is collected exceeds the Consumer Price Index for the calendar year 1989. For purposes of this paragraph the Consumer Price Index for any calendar year is the average of the Consumer Price Index for all-urban consumers published by the United States Department of Labor, as of the close of the 12-month period ending on August 31 of each calendar

year. The revision of the Consumer Price Index that is most consistent with the Consumer Price Index for calendar year 1989 shall be used.

(e) Any money collected under paragraphs (b) to (d) must be deposited in the environmental fund and must be used solely for the activities listed in paragraph (b).

(f) Permit applicants who wish to construct, reconstruct, or modify a project may ~~offer~~ request expedited permitting under this paragraph. An applicant requesting expedited permitting under this paragraph must agree to reimburse the agency for the costs of staff time or consultant services needed to expedite the preapplication process and permit development process through the final decision on the permit, including the analysis of environmental review documents. The reimbursement ~~shall be~~ is in addition to permit application fees imposed by law. ~~When the agency determines that it needs additional resources to develop the permit application in an expedited manner, and that expediting the development is consistent with permitting program priorities, the agency may accept the reimbursement.~~ The commissioner must give the applicant an estimate of the timeline and costs to be incurred by the commissioner. The estimate must include a brief description of the tasks to be performed, a schedule for completing the tasks, and the estimated cost for each task. If the applicant agrees to the estimated timeline and costs negotiated with the commissioner, the applicant and the commissioner must enter into a written agreement ~~detailing the estimated costs for the expedited permit decision-making process to be incurred by the agency~~ to proceed accordingly. The agreement must ~~also~~ identify staff anticipated to be assigned to the project. The agreement may provide that, if permitting is completed ahead of the schedule set forth in the written agreement, the commissioner may retain any fees that would have been due if the permitting had taken the time contemplated in the written agreement. Fees retained by the commissioner under this paragraph are appropriated to the commissioner for administering the commissioner's permitting duties. The commissioner must not issue a permit until the applicant has paid all fees in full. The commissioner must refund any unobligated balance of fees paid. Reimbursements accepted by the agency are appropriated to the agency for the purpose of developing the permit or analyzing environmental review documents. Reimbursement by a permit applicant shall precede and not be contingent upon issuance of a permit; shall not affect the agency's decision on whether to issue or deny a permit, what conditions are included in a permit, or the application of state and federal statutes and rules governing permit determinations; and shall not affect final decisions regarding environmental review.

(g) The fees under this subdivision are exempt from section 16A.1285.

Sec. 5. Minnesota Statutes 2024, section 116D.04, subdivision 2a, is amended to read:

Subd. 2a. **When prepared.** (a) Where there is potential for significant environmental effects resulting from any major governmental action, the action must be preceded by a detailed environmental impact statement prepared by the responsible governmental unit. The environmental impact statement must be an analytical rather than an encyclopedic document that describes the proposed action in detail, analyzes its significant environmental impacts, discusses appropriate alternatives to the proposed action and their impacts, and explores methods by which adverse environmental impacts of an action could be mitigated. The environmental impact statement must also analyze those economic, employment, and sociological effects that cannot be avoided should the action be implemented. To ensure its use in the decision-making process, the environmental impact statement must be prepared as early as practical in the formulation of an action.

(b) The board shall by rule establish categories of actions for which environmental impact statements and for which environmental assessment worksheets must be prepared as well as categories of actions for which no environmental review is required under this section. A mandatory environmental assessment worksheet is not required for the expansion of an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b), or the conversion of an ethanol plant to a biobutanol facility or the expansion of a biobutanol facility as defined in section 41A.15, subdivision 2d, based on the capacity of the expanded or converted facility to produce alcohol fuel, but must be required if the ethanol plant or biobutanol facility meets or exceeds thresholds of other categories of actions for which environmental assessment worksheets must be prepared. The responsible governmental unit for an ethanol plant or biobutanol facility project for which an environmental assessment worksheet is prepared is the state agency with the greatest responsibility for supervising or approving the project as a whole.

(c) A mandatory environmental impact statement is not required for a facility or plant located outside the seven-county metropolitan area that produces less than 125,000,000 gallons of ethanol, biobutanol, or cellulosic biofuel annually, or produces less than 400,000 tons of chemicals annually, if the facility or plant is: an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b); a biobutanol facility, as defined in section 41A.15, subdivision 2d; or a cellulosic biofuel facility. A facility or plant that only uses a cellulosic feedstock to produce chemical products for use by another facility as a feedstock is not considered a fuel conversion facility as used in rules adopted under this chapter.

(d) The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet by publishing the notice in at least one newspaper of general circulation in the geographic area where the project is proposed, by posting the notice on a website that has been designated as the official publication site for publication of proceedings, public notices, and summaries of a political subdivision in which the project is proposed, or in any other manner determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30-day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit may extend the 30-day comment period for an additional 30 days one time. Further extensions of the comment period may not be made unless approved by the project's proposer. The responsible governmental unit's decision on the need for an environmental impact statement must be based on the environmental assessment worksheet and the comments received during the comment period, and must be made within 15 days after the close of the comment period. The board's chair may extend the 15-day period by not more than 15 additional days upon the request of the responsible governmental unit.

(e) An environmental assessment worksheet must also be prepared for a proposed action whenever material evidence accompanying a petition ~~by not less than 100 individuals who reside or own property in the state~~, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions may be submitted by:

(1) a Minnesota Tribal government as defined under section 10.65, subdivision 2; or

(2) not less than 100 individuals who reside or own property in the state.

(f) Petitions requesting the preparation of an environmental assessment worksheet under paragraph (e) must be submitted to the board. The chair of the board or designee shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet must be made by the responsible governmental unit within 15 days after the petition is received by the responsible governmental unit. The board's chair or designee may extend the 15-day period by not more than 15 additional days upon request of the responsible governmental unit.

~~(f)~~ (g) Except in an environmentally sensitive location where Minnesota Rules, part 4410.4300, subpart 29, item B, applies, the proposed action is exempt from environmental review under this chapter and rules of the board, if:

(1) the proposed action is:

(i) an animal feedlot facility with a capacity of less than 1,000 animal units; or

(ii) an expansion of an existing animal feedlot facility with a total cumulative capacity of less than 1,000 animal units;

(2) the application for the animal feedlot facility includes a written commitment by the proposer to design, construct, and operate the facility in full compliance with Pollution Control Agency feedlot rules; and

(3) the county board holds a public meeting for citizen input at least ten business days before the Pollution Control Agency or county issuing a feedlot permit for the animal feedlot facility unless another public meeting for citizen input has been held with regard to the feedlot facility to be permitted. The exemption in this paragraph is in addition to other exemptions provided under other law and rules of the board.

~~(g)~~ (h) The board may, before final approval of a proposed project, require preparation of an environmental assessment worksheet by a responsible governmental unit selected by the board for any action where environmental review under this section has not been specifically provided for by rule or otherwise initiated.

~~(h)~~ (i) An early and open process must be used to limit the scope of the environmental impact statement to a discussion of those impacts that, because of the nature or location of the project, have the potential for significant environmental effects. The same process must be used to determine the form, content, and level of detail of the statement as well as the alternatives that are appropriate for consideration in the statement. In addition, the permits that will be required for the proposed action must be identified during the scoping process. Further, the process must identify those permits for which information will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The determinations reached in the process must be incorporated into the order requiring the preparation of an environmental impact statement.

~~(i)~~ (j) The responsible governmental unit shall, to the extent practicable, avoid duplication and ensure coordination between state and federal environmental review and between environmental review and environmental permitting. Whenever practical, information needed by a governmental unit for making final decisions on permits or other actions required for a proposed project must be

developed in conjunction with the preparation of an environmental impact statement. When an environmental impact statement is prepared for a project requiring multiple permits for which two or more agencies' decision processes include either mandatory or discretionary hearings before a hearing officer before the agencies' decision on the permit, the agencies may, notwithstanding any law or rule to the contrary, conduct the hearings in a single consolidated hearing process if requested by the proposer. All agencies having jurisdiction over a permit that is included in the consolidated hearing shall participate. The responsible governmental unit shall establish appropriate procedures for the consolidated hearing process, including procedures to ensure that the consolidated hearing process is consistent with the applicable requirements for each permit regarding the rights and duties of parties to the hearing, and shall use the earliest applicable hearing procedure to initiate the hearing. All agencies having jurisdiction over a permit identified in the draft environmental assessment worksheet scoping document must begin reviewing any permit application upon publication of the notice of preparation of the environmental impact statement.

~~(j)~~ (k) An environmental impact statement must be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact statement. If an environmental impact statement is found to be inadequate, the responsible governmental unit has 60 days to prepare an adequate environmental impact statement.

~~(k)~~ (l) The proposer of a specific action may include in the information submitted to the responsible governmental unit a preliminary draft environmental impact statement under this section on that action for review, modification, and determination of completeness and adequacy by the responsible governmental unit. A preliminary draft environmental impact statement prepared by the project proposer and submitted to the responsible governmental unit must identify or include as an appendix all studies and other sources of information used to substantiate the analysis contained in the preliminary draft environmental impact statement. The responsible governmental unit shall require additional studies, if needed, and obtain from the project proposer all additional studies and information necessary for the responsible governmental unit to perform its responsibility to review, modify, and determine the completeness and adequacy of the environmental impact statement.

Sec. 6. Minnesota Statutes 2024, section 116D.04, subdivision 2b, is amended to read:

Subd. 2b. **Project prerequisites.** (a) If an environmental assessment worksheet or an environmental impact statement is required for a governmental action under subdivision 2a, a project may not be started and a final governmental decision may not be made to grant a permit, approve a project, or begin a project, until:

(1) a petition for an environmental assessment worksheet is dismissed;

(2) a negative declaration has been issued on the need for an environmental impact statement;

(3) the environmental impact statement has been determined adequate; or

(4) a variance has been granted from making an environmental impact statement by the environmental quality board.

(b) Nothing in this subdivision precludes a local unit of government from beginning to review a feedlot permit application for a feedlot subject to environmental review under this chapter.

Sec. 7. Minnesota Statutes 2024, section 116D.04, subdivision 5a, is amended to read:

Subd. 5a. **Rules.** The board shall, by January 1, 1981, promulgate rules in conformity with this chapter and the provisions of chapter 15, establishing:

(1) the governmental unit which shall be responsible for environmental review of a proposed action;

(2) the form and content of environmental assessment worksheets;

(3) a scoping process in conformance with subdivision 2a, paragraph ~~(h)~~ (i);

(4) a procedure for identifying during the scoping process the permits necessary for a proposed action and a process for coordinating review of appropriate permits with the preparation of the environmental impact statement;

(5) a standard format for environmental impact statements;

(6) standards for determining the alternatives to be discussed in an environmental impact statement;

(7) alternative forms of environmental review which are acceptable pursuant to subdivision 4a;

(8) a model ordinance which may be adopted and implemented by local governmental units in lieu of the environmental impact statement process required by this section, providing for an alternative form of environmental review where an action does not require a state agency permit and is consistent with an applicable comprehensive plan. The model ordinance shall provide for adequate consideration of appropriate alternatives, and shall ensure that decisions are made in accordance with the policies and purposes of Laws 1980, chapter 447;

(9) procedures to reduce paperwork and delay through intergovernmental cooperation and the elimination of unnecessary duplication of environmental reviews;

(10) procedures for expediting the selection of consultants by the governmental unit responsible for the preparation of an environmental impact statement; and

(11) any additional rules which are reasonably necessary to carry out the requirements of this section.

Sec. 8. Minnesota Statutes 2024, section 116D.045, subdivision 1, is amended to read:

Subdivision 1. **Assessment.** The board must by rule adopt procedures to:

(1) assess the proposer of a specific action for the responsible governmental unit's reasonable costs of preparing, reviewing, and distributing the environmental impact statement. The costs must be determined by the responsible governmental unit according to the rules adopted by the board; and

(2) authorize a responsible governmental unit to allow a proposer of a specific action to prepare a draft environmental impact statement according to section 116D.04, subdivision 2a, paragraph ~~(k)~~ (l).

Sec. 9. **SCOPING ENVIRONMENTAL ASSESSMENT WORKSHEET NOT REQUIRED FOR PROJECTS THAT REQUIRE A MANDATORY ENVIRONMENTAL IMPACT STATEMENT.**

(a) The Environmental Quality Board must amend Minnesota Rules, part 4410.2100, as follows:

(1) to provide that an environmental assessment worksheet does not need to be prepared for a project that falls within a mandatory environmental impact statement category under Minnesota Rules, part 4410.4400, or other applicable law; and

(2) to provide that a scoping process undertaken under Minnesota Rules, part 4410.2100, must be completed no later than 280 days after the process begins.

(b) The board may use the good-cause exemption under Minnesota Statutes, section 14.388, subdivision 1, clause (3), to adopt rules under this section, and Minnesota Statutes, section 14.386, does not apply except as provided under Minnesota Statutes, section 14.388.

Sec. 10. **STATE IMPLEMENTATION PLAN REVISIONS.**

The commissioner of the Pollution Control Agency must seek approval from the federal Environmental Protection Agency for revisions to the state's federal Clean Air Act state implementation plan if changes are needed to reflect the requirements of Minnesota Statutes, section 116.07, subdivision 4a, as amended by this act.

Sec. 11. **REPORT ON USE OF AUTHORITY TO EXTEND TIMELINE FOR CERTAIN AGENCY ACTIONS.**

By February 15, 2028, the Board of Water and Soil Resources must report to the chairs and ranking minority members of the legislative committees with jurisdiction over environment and natural resources policy on the number of extensions noticed under Minnesota Statutes, section 15.99, subdivision 3, paragraph (f), that are made for any decision under Minnesota Rules, chapter 8420, between January 1, 2026, and December 31, 2027. A local government unit must supply the board with information necessary to prepare the report required by this section."

Sec. 3. **[62J.8241] FACILITY FEES PROHIBITED.**

Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have the meanings given.

(b) "Facility fee" means any separate charge or billing by a provider-based clinic in addition to a professional fee for physicians' services that is intended to cover building, electronic medical records systems, billing, and other administrative and operational expenses.

(c) "Health care provider" has the meaning given in section 145B.02. Health care provider does not include any critical access hospital.

(e) Days of swing bed use for care of a person who has been denied admission to every Medicare-certified skilled nursing facility within 25 miles of the eligible hospital shall not count toward the applicable limit in paragraphs (b) and (c). Eligible hospitals must maintain documentation that they have contacted each skilled nursing facility within 25 miles to determine if any skilled nursing facility beds are available and if the skilled nursing facilities are willing to admit the patient. Skilled nursing facilities that are contacted must admit the patient or deny admission within 24 hours of being contacted by the eligible hospital. Failure to respond within 24 hours is deemed a denial of admission.

~~(f) Except for critical access hospitals that have an attached nursing home or that owned a nursing home located in the same municipality as of May 1, 2005, the commissioner of health may approve swing bed use beyond 2,000 days as long as there are no Medicare certified skilled nursing facility beds available within 25 miles of that hospital that are willing to admit the patient and the patient agrees to the referral being sent to the skilled nursing facility. Critical access hospitals exceeding 2,000 swing bed days must maintain documentation that they have contacted skilled nursing facilities within 25 miles to determine if any skilled nursing facility beds are available that are willing to admit the patient and the patient agrees to the referral being sent to the skilled nursing facility. This paragraph expires January 1, 2020.~~

~~(g) After reaching 2,000 days of swing bed use in a year, an eligible hospital to which this limit applies may admit six additional patients to swing beds each year without seeking approval from the commissioner or being in violation of this subdivision. These six swing bed admissions are exempt from the limit of 2,000 annual swing bed days for hospitals subject to this limit. This paragraph expires January 1, 2020.~~

~~(h) A health care system that is in full compliance with this subdivision may allocate its total limit of swing bed days among the hospitals within the system, provided that no hospital in the system without an attached nursing home may exceed 2,000 swing bed days per year. This paragraph expires January 1, 2020.~~

EFFECTIVE DATE. This section is effective January 1, 2026, or upon federal approval, whichever is later. The commissioners of health and human services shall inform the revisor of statutes when federal approval is obtained.

(d) Except as provided in section 144.5621, the hospital must agree, in writing, to limit the length of stay of a patient receiving services in a swing bed to not more than 40 days, or the duration of Medicare eligibility, unless the commissioner of health approves a greater length of stay in an emergency situation. To determine whether an emergency situation exists, the commissioner shall require the hospital to provide documentation that continued services in the swing bed are required by the patient; that no skilled nursing facility beds are available within 25 miles from the patient's home, or in some more remote facility of the resident's choice, that can provide the appropriate level of services required by the patient; and that other alternative services are not available to meet the needs of the patient. If the commissioner approves a greater length of stay, the hospital shall develop a plan providing for the discharge of the patient upon the availability of a nursing home bed or other services that meet the needs of the patient. Permission to extend a patient's length of stay must be requested by the hospital at least ten days prior to the end of the maximum length of stay.

(e) Except as provided in section 144.5621, the hospital must agree, in writing, to limit admission to a swing bed only to (1) patients who have been hospitalized and not yet discharged from the facility, or (2) patients who are transferred directly from an acute care hospital.

(f) The hospital must agree, in writing, to report to the commissioner of health by December 1, 1985, and annually thereafter, in a manner required by the commissioner (1) the number of patients readmitted to a swing bed within 60 days of a patient's discharge from the facility, (2) the hospital's charges for care in a swing bed during the reporting period with a description of the care provided for the rate charged, and (3) the number of beds used by the hospital for transitional care and similar subacute inpatient care.

(g) The hospital must agree, in writing, to report statistical data on the utilization of the swing beds on forms supplied by the commissioner. The data must include the number of swing beds, the number of admissions to and discharges from swing beds, Medicare reimbursed patient days, total patient days, and other information required by the commissioner to assess the utilization of swing beds.

(3) conviction of a felony or gross misdemeanor reasonably related to the practice of certified midwifery. Conviction, as used in this subdivision, includes a conviction of an offense that if committed in this state would be considered a felony or gross misdemeanor without regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not entered;

(4) revocation, suspension, limitation, conditioning, or other disciplinary action against the person's certified midwife credential in another state, territory, or country; failure to report to the board that charges regarding the person's certified midwifery license, certification, or other credential are pending in another state, territory, or country; or failure to report to the board having been refused a license or other credential by another state, territory, or country;

(5) failure or inability to practice as a certified midwife with reasonable skill and safety, or departure from or failure to conform to standards of acceptable and prevailing certified midwifery practice, including failure of a certified midwife to adequately supervise or monitor the performance of acts by any person working at the certified midwife's direction;

(6) engaging in unprofessional conduct, including but not limited to a departure from or failure to conform to statutes relating to certified midwifery practice or to the minimal standards of acceptable and prevailing certified midwifery practice, or engaging in any certified midwifery practice that may create unnecessary danger to a patient's life, health, or safety. Actual injury to a patient need not be established under this clause;

(7) supervision or accepting the supervision of a midwifery function or a prescribed health care function when the acceptance could reasonably be expected to result in unsafe or ineffective patient care;

(8) actual or potential inability to practice certified midwifery with reasonable skill and safety to patients by reason of illness; by the reason of use of alcohol, drugs, chemicals, or any other material; or as a result of any mental or physical condition;

(9) adjudication as mentally incompetent, mentally ill, a chemically dependent person, or a person dangerous to the public by a court of competent jurisdiction, within or outside of Minnesota;

(10) engaging in any unethical conduct, including but not limited to conduct likely to deceive, defraud, or harm the public, or demonstrating a willful or careless disregard for the health, welfare, or safety of a patient. Actual injury need not be established under this clause;

(11) engaging in conduct with a patient that is sexual or may reasonably be interpreted by the patient as sexual, in any verbal behavior that is seductive or sexually demeaning to a patient, or in sexual exploitation of a patient or former patient;

(12) obtaining money, property, or services from a patient, other than reasonable fees for services provided to the patient, through the use of undue influence, harassment, duress, deception, or fraud;

(13) revealing a privileged communication from or relating to a patient except when otherwise required or permitted by law;

(14) engaging in abusive or fraudulent billing practices, including violations of federal Medicare and Medicaid laws or state medical assistance laws;

(15) improper management of patient records, including failure to maintain adequate patient records, to comply with a patient's request made pursuant to sections 144.291 to 144.298, or to furnish a patient record or report required by law;

(16) knowingly aiding, assisting, advising, or allowing an unlicensed person to engage in the unlawful practice of certified midwifery;

(17) violating a rule adopted by the board, an order of the board, a state or federal law relating to the practice of certified midwifery, or a state or federal narcotics or controlled substance law;

(18) knowingly providing false or misleading information to a patient that is directly related to the care of that patient unless done for an accepted therapeutic purpose such as the administration of a placebo;

(19) aiding suicide or aiding attempted suicide in violation of section 609.215 as established by any of the following:

(i) a copy of the record of criminal conviction or plea of guilty for a felony in violation of section 609.215, subdivision 1 or 2;

(ii) a copy of the record of a judgment of contempt of court for violating an injunction issued under section 609.215, subdivision 4;

(iii) a copy of the record of a judgment assessing damages under section 609.215, subdivision 5; or

(iv) a finding by the board that the person violated section 609.215, subdivision 1 or 2. The board must investigate any complaint of a violation of section 609.215, subdivision 1 or 2;

(20) practicing outside the scope of certified midwifery practice as defined under section 148G.03, subdivision 5;

(21) making a false statement or knowingly providing false information to the board, failing to make reports as required by section 148G.15, or failing to cooperate with an investigation of the board as required by section 148G.17;

(22) engaging in false, fraudulent, deceptive, or misleading advertising;

(23) failure to inform the board of the person's certification or recertification status as a certified midwife;

(24) engaging in certified midwifery practice without a license and current certification or recertification by the American Midwifery Certification Board or any successor organization; or

(25) failure to maintain appropriate professional boundaries with a patient. A certified midwife must not engage in practices that create an unacceptable risk of patient harm or of the impairment of a certified midwife's objectivity or professional judgment. A certified midwife must not act or

fail to act in a way that, as judged by a reasonable and prudent certified midwife, inappropriately encourages the patient to relate to the certified midwife outside of the boundaries of the professional relationship or in a way that interferes with the patient's ability to benefit from certified midwife services. A certified midwife must not use the professional relationship with a patient, student, supervisee, or intern to further the certified midwife's personal, emotional, financial, sexual, religious, political, or business benefit or interests.

Subd. 2. **Conviction of a felony-level criminal sexual offense.** (a) Except as provided in paragraph (e), the board must not grant or renew a license to practice certified midwifery to any person who has been convicted on or after August 1, 2014, of any of the provisions of section 609.342, subdivision 1 or 1a; 609.343, subdivision 1 or 1a; 609.344, subdivision 1 or 1a, paragraphs (c) to (g); or 609.345, subdivision 1 or 1a, paragraphs (c) to (g); or a similar statute in another jurisdiction.

(b) A license to practice certified midwifery is automatically revoked if the licensee is convicted of an offense listed in paragraph (a).

(c) A license to practice certified midwifery that has been denied or revoked under this subdivision is not subject to chapter 364.

(d) For purposes of this subdivision, "conviction" means a plea of guilty, a verdict of guilty by a jury, or a finding of guilty by the court, unless the court stays imposition or execution of the sentence and final disposition of the case is accomplished at a nonfelony level.

(e) The board may establish criteria whereby an individual convicted of an offense listed in paragraph (a) may become licensed if the criteria:

(1) utilize a rebuttable presumption that the applicant is not suitable for licensing;

(2) provide a standard for overcoming the presumption; and

(3) require that a minimum of ten years has elapsed since the applicant's sentence was discharged.

(f) The board must not consider an application under paragraph (e) if the board determines that the victim involved in the offense was a patient or a client of the applicant at the time of the offense.

Subd. 3. **Evidence.** In disciplinary actions alleging a violation of subdivision 1, clause (3) or (4), or 2, a copy of the judgment or proceeding under the seal of the court administrator or of the administrative agency that entered the same is admissible into evidence without further authentication and constitutes prima facie evidence of the violation concerned.

Subd. 4. **Examination; access to medical data.** (a) If the board has probable cause to believe that grounds for disciplinary action exist under subdivision 1, clause (8) or (9), it may direct the applicant or certified midwife to submit to a mental or physical examination or chemical dependency evaluation. For the purpose of this subdivision, when a certified midwife licensed under this chapter is directed in writing by the board to submit to a mental or physical examination or chemical dependency evaluation, that person is considered to have consented and to have waived all objections to admissibility on the grounds of privilege. Failure of the applicant or certified midwife to submit to an examination when directed constitutes an admission of the allegations against the applicant

or certified midwife, unless the failure was due to circumstances beyond the person's control, and the board may enter a default and final order without taking testimony or allowing evidence to be presented. A certified midwife affected under this paragraph must, at reasonable intervals, be given an opportunity to demonstrate that the competent practice of certified midwifery can be resumed with reasonable skill and safety to patients. Neither the record of proceedings nor the orders entered by the board in a proceeding under this paragraph may be used against a certified midwife in any other proceeding.

(b) Notwithstanding sections 13.384, 144.651, and 595.02, or any other law limiting access to medical or other health data, the board may obtain medical data and health records relating to a certified midwife or applicant for a license without that person's consent if the board has probable cause to believe that grounds for disciplinary action exist under subdivision 1, clause (8) or (9). The medical data may be requested from a provider, as defined in section 144.291, subdivision 2; an insurance company; or a government agency, including the Department of Human Services or Direct Care and Treatment. A provider, insurance company, or government agency must comply with any written request of the board under this subdivision and is not liable in any action for damages for releasing the data requested by the board if the data are released pursuant to a written request under this subdivision, unless the information is false and the provider giving the information knew or had reason to believe the information was false. Information obtained under this subdivision is classified as private data on individuals as defined in section 13.02.

Sec. 99. **[148G.14] FORMS OF DISCIPLINARY ACTION; AUTOMATIC SUSPENSION; TEMPORARY SUSPENSION; REISSUANCE.**

Subdivision 1. **Forms of disciplinary action.** If the board finds that grounds for disciplinary action exist under section 148G.13, it may take one or more of the following actions:

(1) deny the license application or application for license renewal;

(2) revoke the license;

(3) suspend the license;

(4) impose limitations on the certified midwife's practice of certified midwifery, including but not limited to limitation of scope of practice or the requirement of practice under supervision;

(5) impose conditions on the retention of the license, including but not limited to the imposition of retraining or rehabilitation requirements or the conditioning of continued practice on demonstration of knowledge or skills by appropriate examination, monitoring, or other review;

(6) impose a civil penalty not exceeding $10,000 for each separate violation. The amount of the civil penalty must be fixed so as to deprive the certified midwife of any economic advantage gained by reason of the violation charged; to reimburse the board for the cost of counsel, investigation, and proceeding; and to discourage repeated violations;

(7) order the certified midwife to provide unremunerated service;

(8) censure or reprimand the certified midwife; or

(9) any other action justified by the facts in the case.

Subd. 2. **Automatic suspension of license.** (a) Unless the board orders otherwise, a license to practice certified midwifery is automatically suspended if:

(1) a guardian of a certified midwife is appointed by order of a court under sections 524.5-101 to 524.5-502;

(2) the certified midwife is committed by order of a court under chapter 253B; or

(3) the certified midwife is determined to be mentally incompetent, mentally ill, chemically dependent, or a person dangerous to the public by a court of competent jurisdiction within or outside of Minnesota.

(b) The license remains suspended until the certified midwife is restored to capacity by a court and, upon petition by the certified midwife, the suspension is terminated by the board after a hearing or upon agreement between the board and the certified midwife.

Subd. 3. **Temporary suspension of license.** In addition to any other remedy provided by law, the board may, through its designated board member under section 214.10, subdivision 2, temporarily suspend the license of a certified midwife without a hearing if the board finds that there is probable cause to believe the certified midwife has violated a statute or rule the board is empowered to enforce and continued practice by the certified midwife would create a serious risk of harm to others. The suspension takes effect upon written notice to the certified midwife, served by first-class mail, specifying the statute or rule violated. The suspension must remain in effect until the board issues a temporary stay of suspension or a final order in the matter after a hearing or upon agreement between the board and the certified midwife. At the time it issues the suspension notice, the board must schedule a disciplinary hearing to be held under the Administrative Procedure Act. The board must provide the certified midwife at least 20 days' notice of any hearing held under this subdivision. The board must schedule the hearing to begin no later than 30 days after the issuance of the suspension order.

Subd. 4. **Reissuance.** The board may reinstate and reissue a license to practice certified midwifery, but as a condition may impose any disciplinary or corrective measure that it might originally have imposed. Any person whose license has been revoked, suspended, or limited may have the license reinstated and a new license issued when, at the discretion of the board, the action is warranted, provided that the board must require the person to pay the costs of the proceedings resulting in the revocation, suspension, or limitation of the license; the relicensure fee; and the fee for the current licensure period. The cost of proceedings includes but is not limited to the cost paid by the board to the Office of Administrative Hearings and the Office of the Attorney General for legal and investigative services; the costs of a court reporter and witnesses, reproduction of records, board staff time, travel, and expenses; and the costs of board members' per diem reimbursements, travel costs, and expenses.

Sec. 100. **[148G.15] REPORTING OBLIGATIONS.**

Subdivision 1. **Permission to report.** A person who has knowledge of any conduct constituting grounds for discipline under section 148G.13 may report the alleged violation to the board.

Subd. 2. **Institutions.** The chief nursing executive or chief administrative officer of any hospital, clinic, prepaid medical plan, or other health care institution or organization located in Minnesota must report to the board any action taken by the institution or organization or any of its administrators or committees to revoke, suspend, limit, or condition a certified midwife's privilege to practice in the institution or as part of the organization, any denial of privileges, any dismissal from employment, or any other disciplinary action. The institution or organization must also report the resignation of any certified midwife before the conclusion of any disciplinary proceeding or before commencement of formal charges, but after the certified midwife had knowledge that formal charges were contemplated or in preparation. The reporting described by this subdivision is required only if the action pertains to grounds for disciplinary action under section 148G.13.

Subd. 3. **Licensed professionals.** A person licensed by a health-related licensing board as defined in section 214.01, subdivision 2, must report to the board personal knowledge of any conduct the person reasonably believes constitutes grounds for disciplinary action under section 148G.13 by any certified midwife, including conduct indicating that the certified midwife may be incompetent, may have engaged in unprofessional or unethical conduct, or may be mentally or physically unable to engage safely in the practice of certified midwifery.

Subd. 4. **Insurers.** (a) By the first day of February, May, August, and November each year, each insurer authorized to sell insurance described in section 60A.06, subdivision 1, clause (13), and providing professional liability insurance to certified midwives must submit to the board a report concerning any certified midwife against whom a malpractice award has been made or who has been a party to a settlement. The report must contain at least the following information:

(1) the total number of settlements or awards;

(2) the date a settlement or award was made;

(3) the allegations contained in the claim or complaint leading to the settlement or award;

(4) the dollar amount of each malpractice settlement or award and whether that amount was paid as a result of a settlement or of an award; and

(5) the name and address of the practice of the certified midwife against whom an award was made or with whom a settlement was made.

(b) An insurer must also report to the board any information it possesses that tends to substantiate a charge that a certified midwife may have engaged in conduct in violation of this chapter.

Subd. 5. **Courts.** The court administrator of district court or another court of competent jurisdiction must report to the board any judgment or other determination of the court that adjudges or includes a finding that a certified midwife is a person who is mentally ill, mentally incompetent, chemically dependent, dangerous to the public, guilty of a felony or gross misdemeanor, guilty of a violation of federal or state narcotics laws or controlled substances act, guilty of operating a motor vehicle while under the influence of alcohol or a controlled substance, or guilty of an abuse or fraud under Medicare or Medicaid; or if the court appoints a guardian of the certified midwife under sections 524.5-101 to 524.5-502 or commits a certified midwife under chapter 253B.

Subd. 6. **Deadlines; forms.** Reports required by subdivisions 2, 3, and 5 must be submitted no later than 30 days after the occurrence of the reportable event or transaction. The board may provide forms for the submission of reports required under this section, may require that the reports be submitted on the forms provided, and may adopt rules necessary to ensure prompt and accurate reporting. The board must review all reports, including those submitted after the deadline.

Subd. 7. **Failure to report.** Any person, institution, insurer, or organization that fails to report as required under subdivisions 2 to 6 is subject to civil penalties for failing to report as required by law.

Sec. 101. **[148G.16] IMMUNITY.**

Subdivision 1. **Reporting.** Any person, health care facility, business, or organization is immune from civil liability and criminal prosecution for submitting in good faith a report to the board under section 148G.15 or for otherwise reporting in good faith to the board violations or alleged violations of this chapter. All such reports are investigative data as defined in chapter 13.

Subd. 2. **Investigation.** (a) Members of the board, persons employed by the board or engaged in the investigation of violations and in the preparation and management of charges of violations of this chapter on behalf of the board, or persons participating in the investigation or testifying regarding charges of violations are immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

(b) Members of the board and persons employed by the board or engaged in maintaining records and making reports regarding adverse health care events are immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

Sec. 102. **[148G.17] CERTIFIED MIDWIFE COOPERATION.**

A certified midwife who is the subject of an investigation by or on behalf of the board must cooperate fully with the investigation. Cooperation includes responding fully and promptly to any question raised by or on behalf of the board relating to the subject of the investigation and providing copies of patient or other records in the certified midwife's possession, as reasonably requested by the board, to assist the board in its investigation and to appear at conferences and hearings scheduled by the board. The board must pay for copies requested. If the board does not have written consent from a patient permitting access to the patient's records, the certified midwife must delete any data in the record that identify the patient before providing it to the board. The board must maintain any records obtained pursuant to this section as investigative data under chapter 13. The certified midwife must not be excused from giving testimony or producing any documents, books, records, or correspondence on the grounds of self-incrimination, but the testimony or evidence must not be used against the certified midwife in any criminal case.

Sec. 103. **[148G.18] DISCIPLINARY RECORD ON JUDICIAL REVIEW.**

Upon judicial review of any board disciplinary action taken under this chapter, the reviewing court must seal the administrative record, except for the board's final decision, and must not make the administrative record available to the public.

Sec. 104. **[148G.19] EXEMPTIONS.**

The provisions of this chapter do not prohibit:

(1) the furnishing of certified midwifery assistance in an emergency;

(2) the practice of certified midwifery by any legally qualified certified midwife of another state who is employed by the United States government or any bureau, division, or agency thereof while in the discharge of official duties;

The practice of certified midwifery by any person who is not licensed to practice certified midwifery under this chapter, whose license has been suspended or revoked, or whose national certification credential has expired is inimical to the public health and welfare and constitutes a public nuisance. Upon a complaint being made by the board or any prosecuting officer and upon a proper showing of the facts, the district court of the county where the practice occurred may enjoin such acts and practice. The injunction proceeding is in addition to, and not in lieu of, all other penalties and remedies provided by law.

Sec. 4. Minnesota Statutes 2024, section 256B.0625, subdivision 13d, is amended to read:

Subd. 13d. **Drug formulary.** (a) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the Administrative Procedure Act, but the Formulary Committee shall review and comment on the formulary contents.

(b) The formulary shall not include:

(1) drugs, active pharmaceutical ingredients, or products for which there is no federal funding;

(2) over-the-counter drugs, except as provided in subdivision 13;

(3) drugs or active pharmaceutical ingredients when used for the treatment of impotence or erectile dysfunction;

(4) drugs or active pharmaceutical ingredients for which medical value has not been established;

(5) drugs from manufacturers who have not signed a rebate agreement with the Department of Health and Human Services pursuant to section 1927 of title XIX of the Social Security Act; and

(6) medical cannabis flower as defined in section 342.01, subdivision 54, or medical cannabinoid products as defined in section 342.01, subdivision 52.

(c) If a single-source drug used by at least two percent of the fee-for-service medical assistance recipients is removed from the formulary due to the failure of the manufacturer to sign a rebate agreement with the Department of Health and Human Services, the commissioner shall notify prescribing practitioners within 30 days of receiving notification from the Centers for Medicare and Medicaid Services (CMS) that a rebate agreement was not signed.

(d) Within ten calendar days of any commissioner determination to change the drug formulary, the commissioner must provide written notice to all enrollees affected by the change. The notice must include a description of the change, the reason for the change, and the date the change will become effective.

(e) By January 15, 2026, and annually thereafter, the commissioner of human services must provide a report with data and information related to the effects on enrollees of drug formulary changes made in the prior calendar year to the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services policy and finance. The report must include but is not limited to data and information on:

Sec. 5. Minnesota Statutes 2024, section 256B.0625, subdivision 13e, is amended to read:

Subd. 13e. **Payment rates.** (a) The basis for determining the amount of payment shall be the lower of the ingredient costs of the drugs plus the professional dispensing fee; or the usual and customary price charged to the public. The usual and customary price means the lowest price charged by the provider to a patient who pays for the prescription by cash, check, or charge account and includes prices the pharmacy charges to a patient enrolled in a prescription savings club or prescription discount club administered by the pharmacy or pharmacy chain, unless the prescription savings club or prescription discount club is one in which an individual pays a recurring monthly access fee for unlimited access to a defined list of drugs for which the pharmacy does not bill the member or a payer on a per-standard-transaction basis. The amount of payment basis must be reduced to reflect all discount amounts applied to the charge by any third-party provider/insurer agreement or contract for submitted charges to medical assistance programs. The net submitted charge may not be greater than the patient liability for the service. The professional dispensing fee shall be $11.55 for prescriptions filled with legend drugs meeting the definition of "covered outpatient drugs" according to United States Code, title 42, section 1396r-8(k)(2). The dispensing fee for intravenous solutions that must be compounded by the pharmacist shall be $11.55 per claim. The professional dispensing fee for prescriptions filled with over-the-counter drugs meeting the definition of covered outpatient drugs shall be $11.55 for dispensed quantities equal to or greater than the number of units contained in the manufacturer's original package. The professional dispensing fee shall be prorated based on the percentage of the package dispensed when the pharmacy dispenses a quantity less than the number of units contained in the manufacturer's original package. The pharmacy dispensing fee for prescribed over-the-counter drugs not meeting the definition of covered outpatient drugs shall be $3.65 for quantities equal to or greater than the number of units contained in the manufacturer's original package and shall be prorated based on the percentage of the package dispensed when the pharmacy dispenses a quantity less than the number of units contained in the manufacturer's original package. The ingredient cost for a drug is the lower of the National Average Drug Acquisition Cost (NADAC) ~~shall be used to determine the ingredient cost of a drug~~, the Minnesota actual acquisition cost (MNAAC) as defined in paragraph (i), or the maximum allowable cost. For drugs for which a NADAC, a MNAAC, or a maximum allowable cost is not reported, the commissioner shall estimate the ingredient cost at the wholesale acquisition cost minus two percent. The ingredient cost of a drug for a provider participating in the federal 340B Drug Pricing Program shall be ~~either~~ the 340B Drug Pricing Program ceiling price established by the Health Resources and Services Administration ~~or~~, the NADAC, the MNAAC, or the maximum allowable cost, whichever is lower. Wholesale acquisition cost is defined as the manufacturer's list price for a drug or biological to wholesalers or direct purchasers in the United States, not including prompt pay or other discounts, rebates, or reductions in price, for the most recent month for which information is available, as reported in wholesale price guides or other publications of drug or biological pricing data. The maximum allowable cost of a ~~multisource~~ drug may be set by the commissioner and it shall be comparable to the actual acquisition cost of the drug product and no higher than the NADAC of the generic product. Establishment of the amount of payment for drugs shall not be subject to the requirements of the Administrative Procedure Act.

(b) Pharmacies dispensing prescriptions to residents of long-term care facilities using an automated drug distribution system meeting the requirements of section 151.58, or a packaging system meeting the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse, may employ retrospective billing for prescription

drugs dispensed to long-term care facility residents. A retrospectively billing pharmacy must submit a claim only for the quantity of medication used by the enrolled recipient during the defined billing period. A retrospectively billing pharmacy must use a billing period not less than one calendar month or 30 days.

(c) A pharmacy provider using packaging that meets the standards set forth in Minnesota Rules, part 6800.2700, is required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse, unless the pharmacy is using retrospective billing. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply.

(d) If a pharmacy dispenses a multisource drug, the ingredient cost shall be the lesser of the NADAC of the generic product, the MNAAC of the generic product, or the maximum allowable cost of the generic product established by the commissioner unless prior authorization for the brand name product has been granted according to the criteria established by the Drug Formulary Committee as required by subdivision 13f, paragraph (a), and the prescriber has indicated "dispense as written" on the prescription in a manner consistent with section 151.21, subdivision 2. If prior authorization is granted, the ingredient cost shall be the lesser of the NADAC of the brand name product, the MNAAC of the brand name product, or the maximum allowable cost of the brand name product. A generic product includes a generic drug, an authorized generic drug, and a biosimilar biological product as defined in Code of Federal Regulations, title 42, section 423.4. A brand name product includes a brand name drug, a brand name biological product, and an unbranded biological product as defined in Code of Federal Regulations, title 42, section 423.4.

(e) The basis for determining the amount of payment for drugs administered in an outpatient setting shall be the lower of the usual and customary cost submitted by the provider, 106 percent of the average sales price as determined by the United States Department of Health and Human Services pursuant to title XVIII, section 1847a of the federal Social Security Act, the ~~specialty pharmacy rate~~ MNAAC, or the maximum allowable cost set by the commissioner. If the average sales price ~~is~~, the MNAAC, and the maximum allowable cost are unavailable, the amount of payment must be lower of the usual and customary cost submitted by the provider~~,~~ or the wholesale acquisition cost~~, the specialty pharmacy rate, or the maximum allowable cost set by the commissioner~~. The commissioner shall discount the payment rate for drugs obtained through the federal 340B Drug Pricing Program by 28.6 percent. The payment for drugs administered in an outpatient setting shall be made to the administering facility or practitioner. A retail or specialty pharmacy dispensing a drug for administration in an outpatient setting is not eligible for direct reimbursement.

~~(f) The commissioner may establish maximum allowable cost rates for specialty pharmacy products that are lower than the ingredient cost formulas specified in paragraph (a). The commissioner may require individuals enrolled in the health care programs administered by the department to obtain specialty pharmacy products from providers with whom the commissioner has negotiated lower reimbursement rates. Specialty pharmacy products are defined as those used by a small number of recipients or recipients with complex and chronic diseases that require expensive and challenging drug regimens. Examples of these conditions include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis C, growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms of cancer. Specialty pharmaceutical products include injectable and infusion therapies, biotechnology drugs, antihemophilic factor products, high-cost therapies, and therapies that require complex care. The commissioner shall consult with the Formulary Committee to develop a list of specialty pharmacy products subject to maximum allowable cost reimbursement.~~

~~In consulting with the Formulary Committee in developing this list, the commissioner shall take into consideration the population served by specialty pharmacy products, the current delivery system and standard of care in the state, and access to care issues. The commissioner shall have the discretion to adjust the maximum allowable cost to prevent access to care issues.~~

~~(g)~~ (f) Home infusion therapy services provided by home infusion therapy pharmacies must be paid at rates according to subdivision 8d.

~~(h)~~ (g) The commissioner shall contract with a vendor to conduct a cost of dispensing survey for all pharmacies that are physically located in the state of Minnesota that dispense outpatient drugs under medical assistance. The commissioner shall ensure that the vendor has prior experience in conducting cost of dispensing surveys. Each pharmacy enrolled with the department to dispense outpatient prescription drugs to fee-for-service members must respond to the cost of dispensing survey. The commissioner may sanction a pharmacy under section 256B.064 for failure to respond. The commissioner shall require the vendor to measure a single statewide cost of dispensing for specialty prescription drugs and a single statewide cost of dispensing for nonspecialty prescription drugs for all responding pharmacies to measure the mean, mean weighted by total prescription volume, mean weighted by medical assistance prescription volume, median, median weighted by total prescription volume, and median weighted by total medical assistance prescription volume. The commissioner shall post a copy of the final cost of dispensing survey report on the department's website. The initial survey must be completed no later than January 1, 2021, and repeated every ~~three~~ two years. The commissioner shall provide a summary of the results of each cost of dispensing survey and provide recommendations for any changes to the dispensing fee to the chairs and ranking minority members of the legislative committees with jurisdiction over medical assistance pharmacy reimbursement. Notwithstanding section 256.01, subdivision 42, this paragraph does not expire.

~~(i)~~ (h) The commissioner shall increase the ingredient cost reimbursement calculated in paragraphs (a) and ~~(f)~~ (e) by ~~1.8 percent~~ the amount of the wholesale drug distributor tax for prescription and nonprescription drugs subject to the wholesale drug distributor tax under section 295.52.

(i) The commissioner shall contract with a vendor to create MNAAC through a periodic survey of enrolled pharmacy providers. Each pharmacy enrolled with the department to dispense outpatient prescription drugs must respond to the periodic surveys. The commissioner may sanction a pharmacy under section 256B.064 for failure to respond. The current MNAAC rates must be publicly available on the department's or vendor's website. The commissioner must require that the MNAAC is measured and calculated at least quarterly, but the MNAAC can be measured and calculated more frequently. The commissioner must ensure that the vendor has an appeal process available to providers for the time between the measurement and calculation of the periodically updated MNAAC rates if price fluctuations result in a MNAAC that is lower than the price at which enrolled providers can purchase a drug. Establishment of the MNAAC and survey reporting requirements shall not be subject to the requirements of the Administrative Procedure Act. Data provided by pharmacies for the measurement and calculation of the MNAAC are nonpublic data as defined in section 13.02, subdivision 9.

EFFECTIVE DATE. This section is effective January 1, 2027, or upon federal approval, whichever is later. The commissioner of human services must notify the revisor of statutes when federal approval is obtained.

Sec. 6. Minnesota Statutes 2024, section 256B.064, subdivision 1a, is amended to read:

Subd. 1a. **Grounds for sanctions.** (a) The commissioner may impose sanctions against any individual or entity that receives payments from medical assistance or provides goods or services for which payment is made from medical assistance for any of the following: (1) fraud, theft, or abuse in connection with the provision of goods and services to recipients of public assistance for which payment is made from medical assistance; (2) a pattern of presentment of false or duplicate claims or claims for services not medically necessary; (3) a pattern of making false statements of material facts for the purpose of obtaining greater compensation than that to which the individual or entity is legally entitled; (4) suspension or termination as a Medicare vendor; (5) refusal to grant the state agency access during regular business hours to examine all records necessary to disclose the extent of services provided to program recipients and appropriateness of claims for payment; (6) failure to repay an overpayment or a fine finally established under this section; (7) failure to correct errors in the maintenance of health service or financial records for which a fine was imposed or after issuance of a warning by the commissioner; and (8) any reason for which an individual or entity could be excluded from participation in the Medicare program under section 1128, 1128A, or 1866(b)(2) of the Social Security Act. For the purposes of this section, goods or services for which payment is made from medical assistance includes but is not limited to care and services identified in section 256B.0625 or provided pursuant to any federally approved waiver.

(b) The commissioner may impose sanctions against a pharmacy provider for failure to respond to a cost of dispensing survey under section 256B.0625, subdivision 13e, paragraph ~~(h)~~ (g).

(c) The commissioner may impose sanctions against a pharmacy provider for failure to respond to a Minnesota drug acquisition cost survey under section 256B.0625, subdivision 13e, paragraph (i).

EFFECTIVE DATE. This section is effective January 1, 2027, or upon federal approval, whichever is later. The commissioner of human services must notify the revisor of statutes when federal approval is obtained.

Sec. 7. Minnesota Statutes 2024, section 256B.69, subdivision 6d, is amended to read:

Subd. 6d. **Prescription drugs.** (a) The commissioner may exclude or modify coverage for prescription drugs from the prepaid managed care contracts entered into under this section in order to increase savings to the state by collecting additional prescription drug rebates.

(b) The contracts must maintain incentives for the managed care plan to manage drug costs and utilization and may require that the managed care plans maintain an open drug formulary. In order to manage drug costs and utilization, the contracts may authorize the managed care plans to use preferred drug lists and prior authorization. The contracts must require that the managed care plans enter into contracts with the state's selected pharmacy benefit manager vendor to administer the pharmacy benefit.

(c) This subdivision is contingent on federal approval of the managed care contract changes and the collection of additional prescription drug rebates.

Sec. 8. Minnesota Statutes 2024, section 256B.69, is amended by adding a subdivision to read:

Subd. 6i. **Directed pharmacy dispensing payment.** (a) The commissioner shall provide a directed pharmacy dispensing payment of $4.50 per filled prescription to eligible outpatient retail

pharmacies in Minnesota to improve and maintain access to pharmaceutical services in rural and underserved areas of Minnesota. Managed care and county-based purchasing plans delivering services under section 256B.69 or 256B.692, and any pharmacy benefit managers under contract with these entities, must pay the directed pharmacy dispensing payment to eligible outpatient retail pharmacies for drugs dispensed to medical assistance enrollees. The directed pharmacy dispensing payment is in addition to, and must not supplant or reduce, any other dispensing fee paid by these entities to the pharmacy. Entities paying the directed pharmacy dispensing payment must not reduce other payments to the pharmacy as a result of payment of the directed pharmacy dispensing payment.

(b) For purposes of this subdivision, "eligible outpatient retail pharmacy" means an outpatient retail pharmacy licensed under chapter 151 that is not owned, either directly or indirectly or through an affiliate or subsidiary, by a pharmacy benefit manager licensed under chapter 62W or a health carrier, as defined in section 62A.011, subdivision 2, and that:

(1) is located in a medically underserved area or primarily serves a medically underserved population, as defined by the United States Department of Health and Human Services Health Resources and Services Administration under United States Code, title 42, section 254; or

(2) shares common ownership with 12 or fewer Minnesota pharmacies.

(c) In order to receive the directed pharmacy dispensing payment, a pharmacy must submit to the commissioner a form, developed by the commissioner, attesting that the pharmacy meets the requirements of paragraph (b).

(d) Managed care and county-based purchasing plans, and any pharmacy benefit managers under contract with these entities, shall pay the directed pharmacy dispensing payment to eligible outpatient retail pharmacies. The commissioner shall monitor the effect of this requirement on access to pharmaceutical services in rural and underserved areas of Minnesota. If, for any contract year, federal approval is not received for this subdivision, the commissioner must adjust the capitation rates paid to managed care plans and county-based purchasing plans for that contract year to reflect removal of this subdivision. Contracts between managed care plans and county-based purchasing plans, and any pharmacy benefit managers under contract with these entities, and providers to whom this subdivision applies, must allow recovery of payments from those providers if capitation rates are adjusted in accordance with this paragraph. Payment recoveries must not exceed the amount equal to any increase in rates that results from this subdivision. This subdivision expires if federal approval is not received for this subdivision at any time.

(e) This subdivision expires on December 31, 2026.

EFFECTIVE DATE. This section is effective July 1, 2025, or upon federal approval, whichever is later. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Managed care plans must use the state pharmacy benefit manager pursuant to the terms of the master contract required under subdivision 2, paragraph (b), clause (3). The pharmacy benefit manager selected is the exclusive pharmacy benefit manager used by health plan companies and county-based purchasing organizations when providing coverage to enrollees. (c) Paragraph (a) does not apply if a utilization review organization changes coverage terms for a service or the clinical criteria used to conduct prior authorizations for a service when an independent source of research, clinical guidelines, or evidence-based standards has recommended changes in usage of the service for reasons related to patient harm. This paragraph expires December 31, 2025, for health benefit plans offered, sold, issued, or renewed on or after that date.

(d) Effective January 1, 2026, and applicable to health benefit plans offered, sold, issued, or renewed on or after that date, paragraph (a) does not apply if a utilization review organization changes coverage terms for a service or the clinical criteria used to conduct prior authorizations for a service when an independent source of research, clinical guidelines, or evidence-based standards has recommended changes in usage of the service for reasons related to previously unknown and imminent patient harm.

(e) Paragraph (a) does not apply if a utilization review organization removes a brand name drug from its formulary or places a brand name drug in a benefit category that increases the enrollee's cost, provided the utilization review organization (1) adds to its formulary a generic or multisource brand name drug rated as therapeutically equivalent according to the FDA Orange Book, or a biologic drug rated as interchangeable according to the FDA Purple Book, at a lower cost to the enrollee, and (2) provides at least a 60-day notice to prescribers, pharmacists, and affected enrollees.

Sec. 3. Minnesota Statutes 2024, section 256.9657, is amended by adding a subdivision to read:

Subd. 2b. **Hospital assessment.** (a) For purposes of this subdivision, the following terms have the meanings given:

(1) "eligible hospital" means a hospital licensed under section 144.50 and located in Minnesota;

(2) "net outpatient revenue" means the value reflecting total outpatient revenue less Medicare revenue as calculated from Worksheet G of the hospital's most recent Medicare cost report filed and showing in the Healthcare Cost Report Information System (HCRIS) as of August 1 of each year; and

(3) "total patient days" means the value reflecting total hospital inpatient days as reported on Worksheet S-3 of the hospital's most recent Medicare cost report filed and showing in HCRIS as of August 1 of each year.

(b) Subject to paragraphs (k) to (n), each eligible hospital must pay to the hospital directed payment program account assessments in an aggregate annual amount equal to the sum of the following:

(1) $120.22 multiplied by total patient days; and

(2) 5.96 percent of the hospital's net outpatient revenue.

(c) The assessment amount for calendar years 2026 and 2027 must be based on the total patient days and net outpatient revenue in 2021 for each eligible hospital.

(d) The commissioner may, after consultation with the Minnesota Hospital Association, modify the rates of assessment in paragraph (b) as necessary to comply with federal law, obtain or maintain a waiver under Code of Federal Regulations, title 42, section 433.72, or to otherwise maximize under this section federal financial participation for medical assistance. Notwithstanding the foregoing authorization to maximize federal financial participation for medical assistance, the commissioner must reduce the rates of assessment in paragraph (b) as necessary to ensure:

(1) the state's aggregated health care-related taxes on inpatient hospital services do not exceed five percent of the net patient revenue attributable to those services; and

(2) the state's aggregated health care-related taxes on outpatient hospital services do not exceed five percent of the net patient revenue attributable to those services.

(e) Eligible hospitals must pay the annual assessment amount under paragraph (b) to the commissioner by paying four equal quarterly assessments. Eligible hospitals must pay the quarterly assessments by January 1, April 1, July 1, and October 1 each year. Eligible hospitals must pay the assessments in the form and manner specified by the commissioner. An eligible hospital is prohibited from paying a quarterly assessment until the eligible hospital has received the applicable invoice under paragraph (f). The commissioner may make the assessment retroactive to the first quarter for which federal approval is effective.

(f) The commissioner must provide eligible hospitals with an invoice by December 1 for the assessment due January 1, March 1 for the assessment due April 1, June 1 for the assessment due July 1, and September 1 for the assessment due October 1 each year.

(g) The commissioner must notify each eligible hospital of its estimated annual assessment amount for the subsequent calendar year by October 15 each year.

(h) If any of the dates for assessments or invoices in paragraphs (e) to (g) fall on a holiday, the applicable date is the next business day.

(i) A hospital is not required to pay an assessment under this subdivision until the start of the first full fiscal year the hospital is an eligible hospital. A hospital that has merged with another hospital must have the hospital's assessment revised at the start of the first full fiscal year after the merger is complete. A closed hospital is retroactively responsible for assessments owed for services provided through the final date of operations.

(j) If the commissioner determines that a hospital has underpaid or overpaid an assessment, the commissioner must notify the hospital of the unpaid assessment or of any refund due.

(k) Revenue from an assessment under this subdivision must only be used by the commissioner to pay the nonfederal share of the directed payment program under section 256B.1974.

(l) The commissioner is prohibited from collecting any assessment under this subdivision during any period of time when:

(1) federal financial participation is unavailable, disallowed, or reduced by at least 15 percent relative to the state's share of medical assistance as of April 1, 2025; or

(2) a directed payment under section 256B.1974 is not approved by the Centers for Medicare and Medicaid Services.

(m) The commissioner must make the following discounts from the inpatient portion of the assessment under paragraph (b), clause (1), in the stated amount or as necessary to achieve federal approval of the assessment in this section:

(1) for Hennepin Healthcare, a discount of 25 percent off the inpatient portion of the assessment rate;

(2) for Mayo Rochester, a discount of ten percent off the inpatient portion of the assessment rate; and

(3) for Gillette Children's Hospital, a discount of 90 percent off the inpatient portion of the assessment rate.

(n) The commissioner must make the following discounts from the outpatient portion of the assessment under paragraph (b), clause (2), in the stated amount or as necessary to achieve federal approval of the assessment in this section:

(1) for each critical access hospital or independent hospital located outside a city of the first class and paid under the Medicare prospective payment system, a discount of 40 percent off the outpatient portion of the assessment rate;

(2) for Gillette Children's Hospital, a discount of 90 percent off the outpatient portion of the assessment rate;

(3) for Hennepin Healthcare, a discount of 60 percent off the outpatient portion of the assessment rate; and

(4) for Mayo Rochester, a discount of 20 percent off the outpatient portion of the assessment rate.

(o) The commissioner must fully exempt the following from the assessment in this section:

(1) federal Indian Health Service facilities;

(2) state-owned or state-operated regional treatment centers and all state-operated services;

(3) federal Veterans Administration Medical Centers; and

(4) long-term acute care hospitals.

(p) If the federal share of the hospital directed payment program under section 256B.1974 is increased as the result of an increase to the federal medical assistance percentage, then the commissioner must reduce the assessment on a uniform percentage basis across eligible hospitals on which the assessment is imposed, such that the aggregate amount collected from hospitals under this subdivision does not exceed the total amount needed to maintain the same aggregate state and federal funding level for the directed payments authorized by section 256B.1974.

(q) Hospitals subject to the assessment under this subdivision must submit to the commissioner on an annual basis, in the form and manner specified by the commissioner in consultation with the Minnesota Hospital Association, all documentation necessary to determine the assessment amounts under this subdivision.

(r) Any disproportionate share hospital payments that are supplanted due to the implementation of the hospital directed payment program under section 256B.1974 must be redirected into the hospital directed payment program as an offset to the assessment under this section owed by all medical assistance disproportionate share hospitals as defined in section 256.969, subdivision 9, and reduce their assessments on a uniform basis.

(s) Any future state funding sources identified and used toward the hospital directed payment program under section 256B.1974 may be used to offset the assessment under this section.

EFFECTIVE DATE. (a) This section is effective the later of January 1, 2026, or federal approval of all of the following:

(1) this section; and

(2) the amendments in this act to Minnesota Statutes, sections 256B.1973 and 256B.1974.

(b) The commissioner of human services shall notify the revisor of statutes when federal approval for all amendments set forth in paragraph (a) is obtained.

Sec. 4. Minnesota Statutes 2024, section 256.969, subdivision 2b, is amended to read:

Subd. 2b. **Hospital payment rates.** (a) For discharges occurring on or after November 1, 2014, hospital inpatient services for hospitals located in Minnesota shall be paid according to the following:

(1) critical access hospitals as defined by Medicare shall be paid using a cost-based methodology;

(2) long-term hospitals as defined by Medicare shall be paid on a per diem methodology under subdivision 25;

(3) rehabilitation hospitals or units of hospitals that are recognized as rehabilitation distinct parts as defined by Medicare shall be paid according to the methodology under subdivision 12; and

(4) all other hospitals shall be paid on a diagnosis-related group (DRG) methodology.

(b) For the period beginning January 1, 2011, through October 31, 2014, rates shall not be rebased, except that a Minnesota long-term hospital shall be rebased effective January 1, 2011, based on its most recent Medicare cost report ending on or before September 1, 2008, with the provisions under subdivisions 9 and 23, based on the rates in effect on December 31, 2010. For rate setting periods after November 1, 2014, in which the base years are updated, a Minnesota long-term hospital's base year shall remain within the same period as other hospitals.

(c) Effective for discharges occurring on and after November 1, 2014, payment rates for hospital inpatient services provided by hospitals located in Minnesota or the local trade area, except for the hospitals paid under the methodologies described in paragraph (a), clauses (2) and (3), shall be rebased, incorporating cost and payment methodologies in a manner similar to Medicare. The base year or years for the rates effective November 1, 2014, shall be calendar year 2012. The rebasing under this paragraph shall be budget neutral, ensuring that the total aggregate payments under the rebased system are equal to the total aggregate payments that were made for the same number and types of services in the base year. Separate budget neutrality calculations shall be determined for payments made to critical access hospitals and payments made to hospitals paid under the DRG system. Only the rate increases or decreases under subdivision 3a or 3c that applied to the hospitals being rebased during the entire base period shall be incorporated into the budget neutrality calculation.

(d) For discharges occurring on or after November 1, 2014, through the next rebasing that occurs, the rebased rates under paragraph (c) that apply to hospitals under paragraph (a), clause (4), shall include adjustments to the projected rates that result in no greater than a five percent increase or decrease from the base year payments for any hospital. Any adjustments to the rates made by the commissioner under this paragraph and paragraph (e) shall maintain budget neutrality as described in paragraph (c).

(e) For discharges occurring on or after November 1, 2014, the commissioner may make additional adjustments to the rebased rates, and when evaluating whether additional adjustments should be made, the commissioner shall consider the impact of the rates on the following:

(1) pediatric services;

(2) behavioral health services;

(3) trauma services as defined by the National Uniform Billing Committee;

(4) transplant services;

(5) obstetric services, newborn services, and behavioral health services provided by hospitals outside the seven-county metropolitan area;

(6) outlier admissions;

(7) low-volume providers; and

(8) services provided by small rural hospitals that are not critical access hospitals.

(f) Hospital payment rates established under paragraph (c) must incorporate the following:

(1) for hospitals paid under the DRG methodology, the base year payment rate per admission is standardized by the applicable Medicare wage index and adjusted by the hospital's disproportionate population adjustment;

(2) for critical access hospitals, payment rates for discharges between November 1, 2014, and June 30, 2015, shall be set to the same rate of payment that applied for discharges on October 31, 2014;

(3) the cost and charge data used to establish hospital payment rates must only reflect inpatient services covered by medical assistance; and

(4) in determining hospital payment rates for discharges occurring on or after the rate year beginning January 1, 2011, through December 31, 2012, the hospital payment rate per discharge shall be based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year or years. In determining hospital payment rates for discharges in subsequent base years, the per discharge rates shall be based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year or years.

(g) The commissioner shall validate the rates effective November 1, 2014, by applying the rates established under paragraph (c), and any adjustments made to the rates under paragraph (d) or (e), to hospital claims paid in calendar year 2013 to determine whether the total aggregate payments for the same number and types of services under the rebased rates are equal to the total aggregate payments made during calendar year 2013.

(h) Effective for discharges occurring on or after July 1, 2017, and every two years thereafter, payment rates under this section shall be rebased to reflect only those changes in hospital costs between the existing base year or years and the next base year or years. In any year that inpatient claims volume falls below the threshold required to ensure a statistically valid sample of claims, the commissioner may combine claims data from two consecutive years to serve as the base year. Years in which inpatient claims volume is reduced or altered due to a pandemic or other public health emergency shall not be used as a base year or part of a base year if the base year includes more than one year. Changes in costs between base years shall be measured using the lower of the hospital cost index defined in subdivision 1, paragraph (a), or the percentage change in the case mix adjusted cost per claim. The commissioner shall establish the base year for each rebasing period considering the most recent year or years for which filed Medicare cost reports are available, except that the base years for the rebasing effective July 1, 2023, are calendar years 2018 and 2019. The estimated change in the average payment per hospital discharge resulting from a scheduled rebasing must be calculated and made available to the legislature by January 15 of each year in which rebasing is scheduled to occur, and must include by hospital the differential in payment rates compared to the individual hospital's costs.

(i) Effective for discharges occurring on or after July 1, 2015, inpatient payment rates for critical access hospitals located in Minnesota or the local trade area shall be determined using a new cost-based methodology. The commissioner shall establish within the methodology tiers of payment designed to promote efficiency and cost-effectiveness. Payment rates for hospitals under this paragraph shall be set at a level that does not exceed the total cost for critical access hospitals as reflected in base year cost reports. Until the next rebasing that occurs, the new methodology shall result in no greater than a five percent decrease from the base year payments for any hospital, except

a hospital that had payments that were greater than 100 percent of the hospital's costs in the base year shall have their rate set equal to 100 percent of costs in the base year. The rates paid for discharges on and after July 1, 2016, covered under this paragraph shall be increased by the inflation factor in subdivision 1, paragraph (a). The new cost-based rate shall be the final rate and shall not be settled to actual incurred costs. Hospitals shall be assigned a payment tier based on the following criteria:

(1) hospitals that had payments at or below 80 percent of their costs in the base year shall have a rate set that equals 85 percent of their base year costs;

(2) hospitals that had payments that were above 80 percent, up to and including 90 percent of their costs in the base year shall have a rate set that equals 95 percent of their base year costs; and

(3) hospitals that had payments that were above 90 percent of their costs in the base year shall have a rate set that equals 100 percent of their base year costs.

(j) The commissioner may refine the payment tiers and criteria for critical access hospitals to coincide with the next rebasing under paragraph (h). The factors used to develop the new methodology may include, but are not limited to:

(1) the ratio between the hospital's costs for treating medical assistance patients and the hospital's charges to the medical assistance program;

(2) the ratio between the hospital's costs for treating medical assistance patients and the hospital's payments received from the medical assistance program for the care of medical assistance patients;

(3) the ratio between the hospital's charges to the medical assistance program and the hospital's payments received from the medical assistance program for the care of medical assistance patients;

(4) the statewide average increases in the ratios identified in clauses (1), (2), and (3);

(5) the proportion of that hospital's costs that are administrative and trends in administrative costs; and

(6) geographic location.

(k) Subject to subdivision 2g, effective for discharges occurring on or after January 1, 2024, the rates paid to hospitals described in paragraph (a), clauses (2) to (4), must include a rate factor specific to each hospital that qualifies for a medical education and research cost distribution under section 62J.692, subdivision 4, paragraph (a).

(l) Effective for discharges occurring on or after January 1, 2028, or on or after the date of federal approval, whichever is later, the commissioner must increase:

(1) payments for inpatient behavioral health services provided by hospitals paid under the DRG methodology by increasing the adjustment for behavioral health services under section 256.969, subdivision 2b, paragraph (e); and

(2) capitation payments made to managed care plans and county-based purchasing plans to reflect the rate increase provided under this paragraph. Managed care and county-based purchasing

plans must use the capitation rate increase provided under this clause to increase payment rates for inpatient behavioral health services provided by hospitals paid under the DRG methodology. The commissioner must monitor the effect of this rate increase on enrollee access to behavioral health services. If for any contract year federal approval is not received for this clause, the commissioner must adjust the capitation rates paid to managed care plans and county-based purchasing plans for that contract year to reflect the removal of this clause. Contracts between managed care plans and county-based purchasing plans and providers to whom this paragraph applies must allow recovery of payments from those providers if capitation rates are adjusted in accordance with this clause. Payment recoveries must not exceed the amount equal to any increase in rates that results from this paragraph.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2024, section 256B.0625, subdivision 3b, is amended to read:

Subd. 3b. **Telehealth services.** (a) Medical assistance covers medically necessary services and consultations delivered by a health care provider through telehealth in the same manner as if the service or consultation was delivered through in-person contact. Services or consultations delivered through telehealth shall be paid at the full allowable rate.

(b) The commissioner may establish criteria that a health care provider must attest to in order to demonstrate the safety or efficacy of delivering a particular service through telehealth. The attestation may include that the health care provider:

(1) has identified the categories or types of services the health care provider will provide through telehealth;

(2) has written policies and procedures specific to services delivered through telehealth that are regularly reviewed and updated;

(3) has policies and procedures that adequately address patient safety before, during, and after the service is delivered through telehealth;

(4) has established protocols addressing how and when to discontinue telehealth services; and

(5) has an established quality assurance process related to delivering services through telehealth.

(c) As a condition of payment, a licensed health care provider must document each occurrence of a health service delivered through telehealth to a medical assistance enrollee. Health care service records for services delivered through telehealth must meet the requirements set forth in Minnesota Rules, part 9505.2175, subparts 1 and 2, and must document:

(1) the type of service delivered through telehealth;

(2) the time the service began and the time the service ended, including an a.m. and p.m. designation;

(3) the health care provider's basis for determining that telehealth is an appropriate and effective means for delivering the service to the enrollee;

(4) the mode of transmission used to deliver the service through telehealth and records evidencing that a particular mode of transmission was utilized;

(5) the location of the originating site and the distant site;

(6) if the claim for payment is based on a physician's consultation with another physician through telehealth, the written opinion from the consulting physician providing the telehealth consultation; and

(7) compliance with the criteria attested to by the health care provider in accordance with paragraph (b).

(d) Telehealth visits provided through audio and visual communication or accessible video-based platforms may be used to satisfy the face-to-face requirement for reimbursement under the payment methods that apply to a federally qualified health center, rural health clinic, Indian health service, 638 tribal clinic, and certified community behavioral health clinic, if the service would have otherwise qualified for payment if performed in person.

(e) For purposes of this subdivision, unless otherwise covered under this chapter:

(1) "telehealth" means the delivery of health care services or consultations using real-time two-way interactive audio and visual communication or accessible telehealth video-based platforms to provide or support health care delivery and facilitate the assessment, diagnosis, consultation, treatment, education, and care management of a patient's health care. Telehealth includes: the application of secure video conferencing consisting of a real-time, full-motion synchronized video; store-and-forward technology; and synchronous interactions, between a patient located at an originating site and a health care provider located at a distant site. Telehealth does not include communication between health care providers, or between a health care provider and a patient that consists solely of an audio-only communication, email, or facsimile transmission or as specified by law, except that from July 1, 2025, to July 1, 2028, telehealth includes communication between a health care provider and a patient that solely consists of audio-only communication;

(2) "health care provider" means a health care provider as defined under section 62A.673; a community paramedic as defined under section 144E.001, subdivision 5f; a community health worker who meets the criteria under subdivision 49, paragraph (a); a mental health certified peer specialist under section 245I.04, subdivision 10; a mental health certified family peer specialist under section 245I.04, subdivision 12; a mental health rehabilitation worker under section 245I.04, subdivision 14; a mental health behavioral aide under section 245I.04, subdivision 16; a treatment coordinator under section 245G.11, subdivision 7; an alcohol and drug counselor under section 245G.11, subdivision 5; or a recovery peer under section 245G.11, subdivision 8; and

(3) "originating site," "distant site," and "store-and-forward technology" have the meanings given in section 62A.673, subdivision 2.

EFFECTIVE DATE. This section is effective July 1, 2025, or upon federal approval, whichever is later. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 6. Minnesota Statutes 2024, section 256B.0625, subdivision 17a, is amended to read:

Subd. 17a. **Payment for ambulance services.** (a) Medical assistance covers ambulance services. Providers shall bill ambulance services according to Medicare criteria. Nonemergency ambulance services shall not be paid as emergencies. Effective for services rendered on or after July 1, 2001, medical assistance payments for ambulance services shall be paid at the Medicare reimbursement rate or at the medical assistance payment rate in effect on July 1, 2000, whichever is greater.

(b) Effective for services provided on or after July 1, 2016, medical assistance payment rates for ambulance services identified in this paragraph are increased by five percent. Capitation payments made to managed care plans and county-based purchasing plans for ambulance services provided on or after January 1, 2017, shall be increased to reflect this rate increase. The increased rate described in this paragraph applies to ambulance service providers whose base of operations as defined in section 144E.10 is located:

(1) outside the metropolitan counties listed in section 473.121, subdivision 4, and outside the cities of Duluth, Mankato, Moorhead, St. Cloud, and Rochester; or

(2) within a municipality with a population of less than 1,000.

(c) Effective for services provided statewide on or after January 1, 2026, medical assistance payment rates for ambulance services are increased by 15 percent. Capitation payments made to managed care plans and county-based purchasing plans for ambulance services provided on or after January 1, 2026, must be increased to reflect this rate increase.

(d) Effective for services provided on or after January 1, 2026, medical assistance payment rates for ambulance services identified in this paragraph are increased by ten percent. Capitation payments made to managed care plans and county-based purchasing plans for ambulance services provided on or after January 1, 2026, must be increased to reflect this rate increase. The increased rate described in this paragraph applies to ambulance service providers whose base of operations, as defined in section 144E.001, is located:

(1) outside the metropolitan counties listed in section 473.121, subdivision 4, and outside the cities of Duluth, Mankato, Moorhead, St. Cloud, and Rochester; or

(2) within a municipality with a population of less than 1,000.

~~(c)~~ (e) Effective for the first day of each calendar quarter in which the price of gasoline as posted publicly by the United States Energy Information Administration exceeds $3.00 per gallon, the commissioner shall adjust the rate paid per mile in paragraph (a) by one percent up or down for every increase or decrease of ten cents for the price of gasoline. The increase or decrease must be calculated using a base gasoline price of $3.00. The percentage increase or decrease must be calculated using the average of the most recently available price of all grades of gasoline for Minnesota as posted publicly by the United States Energy Information Administration.

~~(d)~~ (f) Managed care plans and county-based purchasing plans must provide a fuel adjustment for ambulance services rates when fuel exceeds $3 per gallon. If, for any contract year, federal approval is not received for this paragraph, the commissioner must adjust the capitation rates paid to managed care plans and county-based purchasing plans for that contract year to reflect the removal of this provision. Contracts between managed care plans and county-based purchasing plans and providers to whom this paragraph applies must allow recovery of payments from those providers if

capitation rates are adjusted in accordance with this paragraph. Payment recoveries must not exceed the amount equal to any increase in rates that results from this paragraph. This paragraph expires if federal approval is not received for this paragraph at any time.

Sec. 7. Minnesota Statutes 2024, section 256B.0625, subdivision 25c, is amended to read:

(c) All information posted under paragraph (b) must be written in easily understandable language.

Sec. 8. Minnesota Statutes 2024, section 256B.0625, subdivision 30, is amended to read:

Subd. 30. **Other clinic services.** (a) Medical assistance covers rural health clinic services, federally qualified health center services, nonprofit community health clinic services, and public health clinic services. Rural health clinic services and federally qualified health center services mean services defined in United States Code, title 42, section 1396d(a)(2)(B) and (C). Payment for rural

health clinic and federally qualified health center services shall be made according to applicable federal law and regulation.

(b) A federally qualified health center (FQHC) that is beginning initial operation shall submit an estimate of budgeted costs and visits for the initial reporting period in the form and detail required by the commissioner. An FQHC that is already in operation shall submit an initial report using actual costs and visits for the initial reporting period. Within 90 days of the end of its reporting period, an FQHC shall submit, in the form and detail required by the commissioner, a report of its operations, including allowable costs actually incurred for the period and the actual number of visits for services furnished during the period, and other information required by the commissioner. FQHCs that file Medicare cost reports shall provide the commissioner with a copy of the most recent Medicare cost report filed with the Medicare program intermediary for the reporting year which support the costs claimed on their cost report to the state.

(c) In order to continue cost-based payment under the medical assistance program according to paragraphs (a) and (b), an FQHC or rural health clinic must apply for designation as an essential community provider within six months of final adoption of rules by the Department of Health according to section 62Q.19, subdivision 7. For those FQHCs and rural health clinics that have applied for essential community provider status within the six-month time prescribed, medical assistance payments will continue to be made according to paragraphs (a) and (b) for the first three years after application. For FQHCs and rural health clinics that either do not apply within the time specified above or who have had essential community provider status for three years, medical assistance payments for health services provided by these entities shall be according to the same rates and conditions applicable to the same service provided by health care providers that are not FQHCs or rural health clinics.

(d) Effective July 1, 1999, the provisions of paragraph (c) requiring an FQHC or a rural health clinic to make application for an essential community provider designation in order to have cost-based payments made according to paragraphs (a) and (b) no longer apply.

(e) Effective January 1, 2000, payments made according to paragraphs (a) and (b) shall be limited to the cost phase-out schedule of the Balanced Budget Act of 1997.

(f) Effective January 1, 2001, through December 31, 2020, each FQHC and rural health clinic may elect to be paid either under the prospective payment system established in United States Code, title 42, section 1396a(aa), or under an alternative payment methodology consistent with the requirements of United States Code, title 42, section 1396a(aa), and approved by the Centers for Medicare and Medicaid Services. The alternative payment methodology shall be 100 percent of cost as determined according to Medicare cost principles.

(g) Effective for services provided on or after January 1, 2021, all claims for payment of clinic services provided by FQHCs and rural health clinics shall be paid by the commissioner, according to an annual election by the FQHC or rural health clinic, under the current prospective payment system described in paragraph (f) or the alternative payment methodology described in paragraph (l), or, upon federal approval, for FQHCs that are also urban Indian organizations under Title V of the federal Indian Health Improvement Act, as provided under paragraph (k).

(h) For purposes of this section, "nonprofit community clinic" is a clinic that:

(1) has nonprofit status as specified in chapter 317A;

(2) has tax exempt status as provided in Internal Revenue Code, section 501(c)(3);

(iii) within 45 days of one year after the effective date established in item (ii), the commissioner shall conduct a retroactive review to determine if the actual costs established under clause (3) or encounters result in an increase or decrease of 2.5 percent or higher in the medical or dental organization encounter rate, and if this is the case, the commissioner shall revise the rate accordingly and shall adjust payments retrospectively to the effective date established in item (ii);

(11) for change of scope requests that do not require federal Health Resources Services Administration approval, the FQHC and rural health clinic shall submit the request to the commissioner before implementing the change, and the effective date of the change is the date the commissioner received the FQHC's or rural health clinic's request, or the effective start date of the service, whichever is later. (1) only those services described under section 256B.0625, subdivision 20, and provided in accordance with contracts executed with counties authorized to subcontract for mental health targeted case management services; and

(2) an FQHC's actual incurred costs as separately reported on the cost report submitted to the Centers for Medicare and Medicaid Services and further identified in reports submitted to the commissioner.

(o) Counties contracting with FQHCs for mental health targeted case management remain responsible for the nonfederal share of the cost of the provided mental health targeted case management services. (3) "low-risk patient for birth services" means a person undergoing a normal, uncomplicated prenatal course as determined by documentation of adequate prenatal care who anticipates a normal, uncomplicated labor and birth, as defined by reasonable and generally accepted criteria adopted by professional groups for maternal, fetal, and neonatal health care.

(b) Medical assistance covers birth services provided at home when the following conditions are met:

(1) the birth services are provided by an eligible provider whose scope of practice and experience includes home birth;

(2) the recipient is a low-risk patient for birth services; and

(3) the recipient has a plan of care that includes:

Subd. 5. **Payments.** (a) The commissioner shall make payments to each designated provider for the provision of health home services described in subdivision 3 to each eligible individual under subdivision 2 that selects the health home as a provider. This paragraph expires on the date that paragraph (b) becomes effective.

(b) Effective January 1, 2028, or upon federal approval, whichever is later, the commissioner shall make payments to each designated provider for the provision of health home services described in subdivision 3, except for behavioral health services, to each eligible individual under subdivision 2 who selects the health home as a provider.

Sec. 12. Minnesota Statutes 2024, section 256B.0757, is amended by adding a subdivision to read:

Subd. 5a. **Payments for behavioral health home services.** (a) Notwithstanding subdivision 5, the commissioner must implement a single statewide reimbursement rate for behavioral health home services under this section. The rate must be no less than $425 per member per month. Medicare Economic Index as forecasted in the fourth quarter of the calendar year before the rate year.

(b) The commissioner must review and update the behavioral health home services rate under paragraph (a) at least every four years. The updated rate must account for the average hours required for behavioral health home team members spent providing services and the Department of Labor prevailing wage for required behavioral health home team members. Contracts between managed care plans and county-based purchasing plans and providers to whom this paragraph applies must allow recovery of payments from those providers if capitation rates are adjusted in accordance with this paragraph. Payment recoveries must not exceed the amount equal to any increase in rates that results from this paragraph.

(d) This subdivision is effective January 1, 2028, or upon federal approval, whichever is later.

Sec. 13. Minnesota Statutes 2024, section 256B.1973, is amended by adding a subdivision to read:

Subd. 9. **Interaction with other directed payments.** An eligible provider under subdivision 3 may participate in the hospital directed payment program under section 256B.1974 for inpatient hospital services, outpatient hospital services, or both. A provider participating in the hospital directed payment program must not receive a directed payment under this section for any provider classes paid via the hospital directed payment program. A hospital subject to this section must notify the commissioner in writing no later than 30 days after enactment of this subdivision of its intention to participate in the hospital directed payment program under section 256B.1974 for inpatient hospital services, outpatient hospital services, or both. The election under this subdivision is a onetime election, except that if an eligible provider elects to participate in the hospital directed payment program, and the hospital directed payment program expires, then the eligible provider may thereafter elect to participate in the directed payment program under this section.

EFFECTIVE DATE. (a) This section is effective on the later of January 1, 2026, or federal approval of all of the following:

(1) this section;

(2) the amendments in this act to add Minnesota Statutes, section 256.9657, subdivision 2b; and

(c) "Hospital" means a hospital licensed under section 144.50.

Subd. 2. **Required conditions for program.** The hospital directed payment program is contingent on the satisfaction of all requirements necessary for the collection of an assessment under section 256.9657, and must conform with the requirements for permissible directed managed care organization expenditures under section 256B.6928, subdivision 5.

Subd. 3. **Commissioner's duties; state-directed fee schedule requirement.** (a) For each federally approved directed payment program that is a state-directed fee schedule requirement that includes a quarterly payment amount to be submitted by each health plan to each hospital, the commissioner must determine the quarterly payment amount using the average commercial payer rate, or using another method acceptable to the Centers for Medicare and Medicaid Services if the average commercial payer rate is not approved. The commissioner must ensure that the application of the quarterly payment amounts maximizes the amount generated by the hospital assessment in section 256.9657, subdivision 2b, for allowable directed payments and does not result in payments exceeding federal limits.

(b) The commissioner must use an annual settle-up process that occurs within the time period allowed for medical assistance managed care claims adjustments.

(c) On and after January 1, 2028, if the federal regulations set forth in Code of Federal Regulations, title 42, parts 430, 438, and 457, remain effective, the hospital directed payment program must be specific to each health plan and prospectively incorporated into capitation payments for that plan.

(d) For each federally approved directed payment program that is a state-directed fee schedule requirement, the commissioner must develop a plan for the initial implementation of the state-directed fee schedule requirement to ensure that hospitals receive the entire permissible value of the federally approved directed payment. If federal approval of a directed payment under this subdivision is retroactive, the commissioner must make a onetime pro rata increase to the quarterly payment amount and the initial payments to include claims submitted between the retroactive federal approval date and the period captured by the initial payments.

(e) Directed payments under this section must only be used to supplement, and not supplant, medical assistance reimbursement to hospitals. The directed payment program must not modify, reduce, or offset the medical assistance payment rates determined for each hospital as required by section 256.969.

(f) The commissioner must require health plans to make quarterly directed payments according to this section.

(g) Health plans must make quarterly directed payments using electronic funds transfers, if the hospital provides the information necessary to process such transfers, and in accordance with directions provided by the commissioner. Health plans must make quarterly directed payments:

(1) for the first two quarters for which such payments are due, within 30 calendar days of the date the commissioner issued sufficient payments to the health plan to make the directed payments according to this section; and

(2) for all subsequent quarters, within ten calendar days of the date the commissioner issued sufficient payments to the health plan to make the directed payments according to this section.

(h) The commissioner must publish on the Department of Human Services' website, on a quarterly basis, the dates that the health plans completed their required quarterly payments under this section.

(i) Payments to health plans that would be paid consistent with actuarial certification and enrollment in the absence of the increased capitation payments under this section must not be reduced as a result of this section.

(j) The commissioner must publish all directed payments owed to each hospital from each health plan on the department's website for at least two years. All calculations and reports must be posted no later than the first day of the quarter for which the payments are to be issued.

(k) By December 1 each year, the commissioner must notify each hospital of any changes to the payment methodologies in this section, including but not limited to changes in the directed payment rates, the aggregate directed payment amount for all hospitals, and the hospital's directed payment amount for the upcoming calendar year.

(l) The commissioner must distribute payments required under this section for each hospital within 30 days of a quarterly assessment under section 256.9657, subdivision 2b, being received. The commissioner must pay the directed payments to health plans under contract no later than January 1, April 1, July 1, and October 1 each year.

(m) A hospital is not entitled to payments under this section until the start of the first full fiscal year it is an eligible hospital. A hospital that has merged with another hospital must have its payments under this section revised at the start of the first full fiscal year after the merger is complete. A closed hospital is entitled to the payments under this section for services provided through the final date of operations.

Subd. 4. **Health plan duties; submission of claims.** Each health plan must submit to the commissioner, in accordance with its contract with the commissioner to serve as a managed care organization in medical assistance, payment information for each claim paid to a hospital for services provided to a medical assistance enrollee. Health plans must allow each hospital to review the health plan's own paid claims detail to enable proper validation that the medical assistance managed care claims volume and content is consistent with the hospital's internal records. To support the validation process for the directed payment program, health plans must permit the commissioner to share inpatient and outpatient claims-level details with hospitals identifying only those claims where the

prepaid medical assistance program under section 256B.69 is the payer source. Hospitals must provide notice of discrepancies in claims paid to the commissioner in a form determined by the commissioner. The commissioner is authorized to determine the final disposition of the validation process for disputed claims.

Subd. 5. **Health plan duties; directed payment add-on.** (a) Each health plan must make, in accordance with its contract with the commissioner to serve as a managed care organization in medical assistance, a directed payment to each hospital. The amount of the directed payment to the hospital must be equal to the payment amounts the plan received from the commissioner for the hospital.

(b) Health plans are prohibited from:

(1) setting, establishing, or negotiating reimbursement rates with a hospital in a manner that directly or indirectly takes into account a directed payment that a hospital receives under this section;

(2) unnecessarily delaying a directed payment to a hospital; or

(3) recouping or offsetting a directed payment for any reason, except as expressly authorized by the commissioner.

Subd. 6. **Hospital duties; quarterly supplemental directed payment add-on.** (a) A hospital receiving a directed payment under this section is prohibited from:

(1) setting, establishing, or negotiating reimbursement rates with a managed care organization in a manner that directly or indirectly takes into account a directed payment that a hospital receives under this section; or

(2) directly passing on the cost of an assessment to patients or nonmedical assistance payers, including as a fee or rate increase.

(b) A hospital that violates this subdivision is prohibited from receiving a directed payment under this section for the remainder of the rate year. This subdivision does not prohibit a hospital from negotiating with a payer for a rate increase.

(c) Any hospital receiving a directed payment under this section must meet the commissioner's standards for directed payments as described in subdivision 7.

Subd. 7. **State minimum policy goals established.** (a) The effect of the directed payments under this section must align with the state's policy goals for medical assistance enrollees. The directed payments must be used to maintain quality and access to a full range of health care delivery mechanisms for medical assistance enrollees, and specifically provide improvement for one of the following quality measures:

(1) overall well child visit rates;

(2) maternal depression screening rates; or

(3) colon cancer screening rates.

(b) The commissioner, in consultation with the Minnesota Hospital Association, must submit to the Centers for Medicare and Medicaid Services quality measures performance evaluation criteria and a methodology to regularly measure access to care and the achievement of state policy goals described in this subdivision.

(c) The quality measures evaluation data, as determined by paragraph (b), must be reported to the Centers for Medicare and Medicaid Services after at least 12 months of directed payments to hospitals.

Subd. 8. **Administrative review.** Before making the payments required under this section, and on at least an annual basis, the commissioner must consult with and provide for review of the payment amounts by a permanent select committee established by the Minnesota Hospital Association. Any data or information reviewed by members of the committee are data not on individuals, as defined in section 13.02. The committee's members must not include any current employee or paid consultant of any hospital.

EFFECTIVE DATE. (a) This section is effective the later of January 1, 2026, or federal approval for all of the following:

(b) Money in the account, including interest earned, is annually appropriated to the commissioner for the purposes specified in section 256B.1974.

(c) Transfers from this account to another fund are prohibited, except as necessary to make the payments required under section 256B.1974.

Subd. 2. **Reports to the legislature.** By January 15, 2027, and each January 15 thereafter, the commissioner must submit a report to the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services policy and finance that details the activities and uses of money in the hospital directed payment program account, including the metrics and outcomes of the policy goals established by section 256B.1974, subdivision 7.

(e) The commissioner may, after consultation with health plan companies likely to be affected, modify the rate of assessment, as set forth in paragraphs (a) to (d), as necessary to:

(1) comply with federal law, obtain or maintain a waiver under Code of Federal Regulations, title 42, section 433.72, or to otherwise maximize under this section federal financial participation for medical assistance; and

(2) comply with paragraph (d).

(f) Unpaid assessment amounts accrue interest at a rate of ten percent per annum, beginning the day following the assessment payment's due date. A penalty, equal to the total accrued interest charge, is imposed monthly on payments 60 days or more overdue until the payment, penalty, and interest are paid in full.

Subd. 3. **Assessment computation; collection.** (a) The commissioner must annually determine the following for each health plan company:

(g) The commissioner may waive all or part of the interest or penalty imposed on a health plan company under subdivision 2, paragraph (f), if the commissioner determines the interest or penalty is likely to create an undue financial hardship on the health plan company or a significant financial difficulty in providing necessary services to medical assistance enrollees. A waiver under this paragraph must be contingent on the health plan company's agreement to make assessment payments on an alternative schedule, determined by the commissioner, that accounts for the health plan company's finances and the potential impact on the delivery of services to medical assistance enrollees.

(h) In the event of a merger, acquisition, or other transaction that results in the transfer of health plan responsibility to another health plan company or similar entity during calendar years 2026 to 2029, the surviving, acquiring, or controlling health plan company or similar entity shall be responsible for paying the full assessment amount as provided in this section that would have been the responsibility of the health plan company to which that full assessment amount was assessed upon the effective date of the transaction. Subd. 4. **MCO assessment expenditures.** (a) All amounts collected by the commissioner under this section must be deposited in the health care access fund.

EFFECTIVE DATE. This section is effective January 1, 2026, or upon federal approval for the assessment established in this section to be considered a permissible health care-related tax under Code of Federal Regulations, title 42, section 433.68, eligible for federal financial participation, including but not limited to federal approval of a waiver under Code of Federal Regulations, title 42, section 433.72, if such waiver is necessary to receive health care-related taxes without a reduction in federal financial participation, whichever is later. Payment for mental health case management provided by vendors who contract with a Tribe must be based on a monthly rate negotiated by the Tribe. The rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county or tribe, except to reimburse the county or tribe for advance funding provided by the county or tribe to the vendor.

(g) If the service is provided by a team which includes contracted vendors, tribal staff, and county or state staff, the costs for county or state staff participation in the team shall be included in the rate for county-provided services. In this case, the contracted vendor, the tribal agency, and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles of the team members.

(h) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for mental health case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds. If the service is provided by a tribal agency, the nonfederal share, if any, shall be provided by the recipient's tribe. When this service is paid by the state without a federal share through fee-for-service, 50 percent of the cost shall be provided by the recipient's county of responsibility.

(i) Notwithstanding any administrative rule to the contrary, prepaid medical assistance and MinnesotaCare include mental health case management. When the service is provided through prepaid capitation, the nonfederal share is paid by the state and the county pays no share.

(j) The commissioner may suspend, reduce, or terminate the reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal agency, is responsible for any federal disallowances. The county or tribe may share this responsibility with its contracted vendors.

(k) The commissioner shall set aside a portion of the federal funds earned for county expenditures under this section to repay the special revenue maximization account under section 256.01, subdivision 2, paragraph (n). The repayment is limited to:

(1) the costs of developing and implementing this section; and

(2) programming the information systems.

(l) Payments to counties and tribal agencies for case management expenditures under this section shall only be made from federal earnings from services provided under this section. When this service is paid by the state without a federal share through fee-for-service, 50 percent of the cost shall be provided by the state. Payments to county-contracted vendors shall include the federal earnings, the state share, and the county share.

(m) Case management services under this subdivision do not include therapy, treatment, legal, or outreach services.

(n) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for case management services under this subdivision is limited to the lesser of:

(1) the last 180 days of the recipient's residency in that facility and may not exceed more than six months in a calendar year; or

(2) the limits and conditions which apply to federal Medicaid funding for this service.

(o) Payment for case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

(p) If the recipient is receiving care in a hospital, nursing facility, or residential setting licensed under chapter 245A or 245D that is staffed 24 hours a day, seven days a week, mental health targeted case management services must actively support identification of community alternatives for the recipient and discharge planning.

EFFECTIVE DATE. This section is effective upon federal approval. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

The case manager must review the plan at least every 180 calendar days after it is developed, unless the case manager has received a written request from the child's family or an advocate for the child for a review of the plan every 90 days after it is developed. Subd. 5. **Specialized residential treatment services.** The commissioner of human services shall continue efforts to further interagency collaboration to develop a comprehensive system of services, including family community support and specialized residential treatment services for children. The services shall be designed for children with ~~emotional disturbance~~ mental illness who exhibit violent or destructive behavior and for whom local treatment services are not feasible due to the small number of children statewide who need the services and the specialized nature of the services required. The services shall be located in community settings.

Sec. 40. Minnesota Statutes 2024, section 245.4884, is amended to read:

245.4884 FAMILY COMMUNITY SUPPORT SERVICES.

The commissioner of human services shall work with mental health professionals to develop standards for clinical supervision of family community support services. These standards shall be incorporated in rule and in guidelines for grants for family community support services.

Subd. 2. **Day treatment services provided.** (a) Day treatment services must be part of the family community support services available to each child with ~~severe emotional disturbance~~ serious mental illness residing in the county. Subd. 3. **Professional home-based family treatment provided.** (a) By January 1, 1991, county boards must provide or contract for sufficient professional home-based family treatment within the county to meet the needs of each child with ~~severe emotional disturbance~~ serious mental illness who is at risk of ~~out-of-home placement~~ residential treatment or therapeutic foster care due to the child's ~~emotional disturbance~~ mental illness or who is returning to the home from ~~out-of-home placement~~ residential treatment or therapeutic foster care. The child or the child's parent may be required to pay a fee according to section 245.481. The professional home-based family treatment must be designed to assist each child with ~~severe emotional disturbance~~ serious mental illness who is at risk of or who is returning from ~~out-of-home placement~~ residential treatment or therapeutic foster care and the child's family to:

(1) improve overall family functioning in all areas of life;

(2) treat the child's symptoms of ~~emotional disturbance~~ mental illness that contribute to a risk of ~~out-of-home placement~~ residential treatment or therapeutic foster care;

Professional home-based family treatment providers shall coordinate services and service needs with case managers assigned to children and their families. The treatment team must develop an individual treatment plan that identifies the specific treatment objectives for both the child and the family.

Subd. 4. **Therapeutic support of foster care.** By January 1, 1992, county boards must provide or contract for foster care with therapeutic support as defined in section 245.4871, subdivision 34. Subd. 5. **Benefits assistance.** The county board must offer help to a child with ~~severe emotional disturbance~~ serious mental illness and the child's family in applying for federal benefits, including Supplemental Security Income, medical assistance, and Medicare.

Sec. 41. Minnesota Statutes 2024, section 245.4885, subdivision 1, is amended to read:

Subdivision 1. **Admission criteria.** (a) Prior to admission or placement, except in the case of an emergency, all children referred for treatment of ~~severe emotional disturbance~~ serious mental illness in a treatment foster care setting, residential treatment facility, or informally admitted to a regional treatment center shall undergo an assessment to determine the appropriate level of care if county funds are used to pay for the child's services. An emergency includes when a child is in need of and has been referred for crisis stabilization services under section 245.4882, subdivision 6. A child who has been referred to residential treatment for crisis stabilization services in a residential treatment center is not required to undergo an assessment under this section.

(b) The county board shall determine the appropriate level of care for a child when county-controlled funds are used to pay for the child's residential treatment under this chapter, including residential treatment provided in a qualified residential treatment program as defined in section 260C.007, subdivision 26d. When a county board does not have responsibility for a child's placement and the child is enrolled in a prepaid health program under section 256B.69, the enrolled child's contracted health plan must determine the appropriate level of care for the child. When Indian Health Services funds or funds of a tribally owned facility funded under the Indian Self-Determination and Education Assistance Act, Public Law 93-638, are used for the child, the Indian Health Services or 638 tribal health facility must determine the appropriate level of care for the child. When more than one entity bears responsibility for a child's coverage, the entities shall coordinate level of care determination activities for the child to the extent possible.

(c) The child's level of care determination shall determine whether the proposed treatment:

(1) is necessary;

(2) is appropriate to the child's individual treatment needs;

(3) cannot be effectively provided in the child's home; and

(4) provides a length of stay as short as possible consistent with the individual child's needs.

(d) When a level of care determination is conducted, the county board or other entity may not determine that a screening of a child, referral, or admission to a residential treatment facility is not appropriate solely because services were not first provided to the child in a less restrictive setting and the child failed to make progress toward or meet treatment goals in the less restrictive setting. The level of care determination must be based on a diagnostic assessment of a child that evaluates the child's family, school, and community living situations; and an assessment of the child's need for care out of the home using a validated tool which assesses a child's functional status and assigns an appropriate level of care to the child. The validated tool must be approved by the commissioner of human services and may be the validated tool approved for the child's assessment under section 260C.704 if the juvenile treatment screening team recommended placement of the child in a qualified residential treatment program. If a diagnostic assessment has been completed by a mental health professional within the past 180 days, a new diagnostic assessment need not be completed unless

in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the level of care determination process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether these services are available and accessible to the child and the child's family. The child and the child's family must be invited to any meeting where the level of care determination is discussed and decisions regarding residential treatment are made. The child and the child's family may invite other relatives, friends, or advocates to attend these meetings.

(e) During the level of care determination process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services and family community support services and that an individual family community support plan is being developed by the case manager, if assigned.

(f) The level of care determination, placement decision, and recommendations for mental health services must be documented in the child's record and made available to the child's family, as appropriate.

Sec. 59. Minnesota Statutes 2024, section 256B.055, subdivision 12, is amended to read:

Subd. 12. **Children with disabilities.** (a) A person is eligible for medical assistance if the person is under age 19 and qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance under the state plan if residing in a medical institution, and the child requires a level of care provided in a hospital, nursing facility, or intermediate care facility for persons with developmental disabilities, for whom home care is appropriate, provided that the cost to medical assistance under this section is not more than the amount that medical assistance would pay for if the child resides in an institution. After the child is determined to be eligible under this section, the commissioner shall review the child's disability under United States Code, title 42, section 1382c(a) and level of care defined under this section no more often than annually and may elect, based on the recommendation of health care professionals under contract with the state medical review team, to extend the review of disability and level of care up to a maximum of four years. The commissioner's decision on the frequency of continuing review of disability and level of care is not subject to administrative appeal under section 256.045. The county agency shall send a notice of disability review to the enrollee six months prior to the date the recertification of disability is due. Nothing in this subdivision shall be construed as affecting other redeterminations of medical assistance eligibility under this chapter and annual cost-effective reviews under this section.

(b) For purposes of this subdivision, "hospital" means an institution as defined in section 144.696, subdivision 3, 144.55, subdivision 3, or Minnesota Rules, part 4640.3600, and licensed pursuant to sections 144.50 to 144.58. For purposes of this subdivision, a child requires a level of care provided in a hospital if the child is determined by the commissioner to need an extensive array of health services, including mental health services, for an undetermined period of time, whose health condition requires frequent monitoring and treatment by a health care professional or by a person supervised by a health care professional, who would reside in a hospital or require frequent hospitalization if these services were not provided, and the daily care needs are more complex than a nursing facility level of care.

A child with serious ~~emotional disturbance~~ mental illness requires a level of care provided in a hospital if the commissioner determines that the individual requires 24-hour supervision because the person exhibits recurrent or frequent suicidal or homicidal ideation or behavior, recurrent or frequent psychosomatic disorders or somatopsychic disorders that may become life threatening, recurrent or frequent severe socially unacceptable behavior associated with psychiatric disorder, ongoing and chronic psychosis or severe, ongoing and chronic developmental problems requiring continuous skilled observation, or severe disabling symptoms for which office-centered outpatient treatment is not adequate, and which overall severely impact the individual's ability to function.

(c) For purposes of this subdivision, "nursing facility" means a facility which provides nursing care as defined in section 144A.01, subdivision 5, licensed pursuant to sections 144A.02 to 144A.10, which is appropriate if a person is in active restorative treatment; is in need of special treatments provided or supervised by a licensed nurse; or has unpredictable episodes of active disease processes requiring immediate judgment by a licensed nurse. For purposes of this subdivision, a child requires the level of care provided in a nursing facility if the child is determined by the commissioner to meet the requirements of the preadmission screening assessment document under section 256B.0911, adjusted to address age-appropriate standards for children age 18 and under.

(d) For purposes of this subdivision, "intermediate care facility for persons with developmental disabilities" or "ICF/DD" means a program licensed to provide services to persons with developmental

For purposes of this subdivision, a child requires a level of care provided in an ICF/DD if the commissioner finds that the child has a developmental disability in accordance with section 256B.092, is in need of a 24-hour plan of care and active treatment similar to persons with developmental disabilities, and there is a reasonable indication that the child will need ICF/DD services.

(e) For purposes of this subdivision, a person requires the level of care provided in a nursing facility if the person requires 24-hour monitoring or supervision and a plan of mental health treatment because of specific symptoms or functional impairments associated with a serious mental illness or disorder diagnosis, which meet severity criteria for mental health established by the commissioner and published in March 1997 as the Minnesota Mental Health Level of Care for Children and Adolescents with Severe Emotional Disorders.

(f) The determination of the level of care needed by the child shall be made by the commissioner based on information supplied to the commissioner by (1) the parent or guardian, (2) the child's physician or physicians, advanced practice registered nurse or advanced practice registered nurses, or physician assistant or physician assistants, and (3) other professionals as requested by the commissioner. The commissioner shall establish a screening team to conduct the level of care determinations according to this subdivision.

(g) If a child meets the conditions in paragraph (b), (c), (d), or (e), the commissioner must assess the case to determine whether:

(1) the child qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance if residing in a medical institution; and

(2) the cost of medical assistance services for the child, if eligible under this subdivision, would not be more than the cost to medical assistance if the child resides in a medical institution to be determined as follows:

(i) for a child who requires a level of care provided in an ICF/DD, the cost of care for the child in an institution shall be determined using the average payment rate established for the regional treatment centers that are certified as ICF's/DD;

(ii) for a child who requires a level of care provided in an inpatient hospital setting according to paragraph (b), cost-effectiveness shall be determined according to Minnesota Rules, part 9505.3520, items F and G; and

(iii) for a child who requires a level of care provided in a nursing facility according to paragraph (c) or (e), cost-effectiveness shall be determined according to Minnesota Rules, part 9505.3040, except that the nursing facility average rate shall be adjusted to reflect rates which would be paid for children under age 16. The commissioner may authorize an amount up to the amount medical assistance would pay for a child referred to the commissioner by the preadmission screening team under section 256B.0911.

Sec. 60. Minnesota Statutes 2024, section 256B.0616, subdivision 1, is amended to read:

(2) site-based programs, including day treatment programs, provide staffing and facilities to ensure the client's health, safety, and protection of rights, and that the programs are able to implement each client's individual treatment plan; and

The day treatment program must be provided in and by: (i) an outpatient hospital accredited by the Joint Commission on Accreditation of Health Organizations and licensed under sections 144.50 to 144.55; (ii) a community mental health center under section 245.62; or (iii) an entity that is certified under subdivision 4 to operate a program that meets the requirements of section 245.4884, subdivision 2, and Minnesota Rules, parts 9505.0170 to 9505.0475. The day treatment program must stabilize the client's mental health status while developing and improving the client's independent living and socialization skills. The goal of the day treatment program must be to reduce or relieve the effects of mental illness and provide training to enable the client to live in the community. The remainder of the structured treatment program may include patient and/or family or group psychotherapy, and individual or group skills training, if included in the client's individual treatment plan. Day treatment programs are not part of inpatient or residential treatment services. When a day treatment group that meets the minimum group size requirement temporarily falls below the minimum group size because of a member's temporary absence, medical assistance covers a group session conducted for the group members in attendance. A day treatment program may provide fewer than the minimally required hours for a particular child during a billing period in which the child is transitioning into, or out of, the program.

(b) To be eligible for medical assistance payment, a provider entity must deliver the service components of children's therapeutic services and supports in compliance with the following requirements:

(1) psychotherapy to address the child's underlying mental health disorder must be documented as part of the child's ongoing treatment. A provider must deliver or arrange for medically necessary psychotherapy unless the child's parent or caregiver chooses not to receive it or the provider determines that psychotherapy is no longer medically necessary. When a provider determines that psychotherapy is no longer medically necessary, the provider must update required documentation, including but not limited to the individual treatment plan, the child's medical record, or other authorizations, to include the determination. When a provider determines that a child needs psychotherapy but psychotherapy cannot be delivered due to a shortage of licensed mental health professionals in the child's community, the provider must document the lack of access in the child's medical record;

(2) individual, family, or group skills training is subject to the following requirements:

(i) a mental health professional, clinical trainee, or mental health practitioner shall provide skills training;

(ii) skills training delivered to a child or the child's family must be targeted to the specific deficits or maladaptations of the child's mental health disorder and must be prescribed in the child's individual treatment plan;

(iii) group skills training may be provided to multiple recipients who, because of the nature of their emotional, behavioral, or social dysfunction, can derive mutual benefit from interaction in a group setting, which must be staffed as follows:

(A) one mental health professional, clinical trainee, or mental health practitioner must work with a group of three to eight clients; or

(B) any combination of two mental health professionals, clinical trainees, or mental health practitioners must work with a group of nine to 12 clients;

(iv) a mental health professional, clinical trainee, or mental health practitioner must have taught the psychosocial skill before a mental health behavioral aide may practice that skill with the client; and

(v) for group skills training, when a skills group that meets the minimum group size requirement temporarily falls below the minimum group size because of a group member's temporary absence, the provider may conduct the session for the group members in attendance;

(3) crisis planning to a child and family must include development of a written plan that anticipates the particular factors specific to the child that may precipitate a psychiatric crisis for the child in the near future. The written plan must document actions that the family should be prepared to take to resolve or stabilize a crisis, such as advance arrangements for direct intervention and support services to the child and the child's family. Crisis planning must include preparing resources designed to address abrupt or substantial changes in the functioning of the child or the child's family when sudden change in behavior or a loss of usual coping mechanisms is observed, or the child begins to present a danger to self or others;

(4) mental health behavioral aide services must be medically necessary treatment services, identified in the child's individual treatment plan.

To be eligible for medical assistance payment, mental health behavioral aide services must be delivered to a child who has been diagnosed with ~~an emotional disturbance or~~ a mental illness, as provided in subdivision 1, paragraph (a). The mental health behavioral aide must document the delivery of services in written progress notes. Progress notes must reflect implementation of the treatment strategies, as performed by the mental health behavioral aide and the child's responses to the treatment strategies; and

(5) mental health service plan development must be performed in consultation with the child's family and, when appropriate, with other key participants in the child's life by the child's treating mental health professional or clinical trainee or by a mental health practitioner and approved by the treating mental health professional. Treatment plan drafting consists of development, review, and revision by face-to-face or electronic communication. The provider must document events, including the time spent with the family and other key participants in the child's life to approve the individual treatment plan. Medical assistance covers service plan development before completion of the child's individual treatment plan. Service plan development is covered only if a treatment plan is completed

for the child. If upon review it is determined that a treatment plan was not completed for the child, the commissioner shall recover the payment for the service plan development.

Sec. 65. Minnesota Statutes 2024, section 256B.0943, subdivision 12, is amended to read:

Subd. 12. **Excluded services.** The following services are not eligible for medical assistance payment as children's therapeutic services and supports:

(1) service components of children's therapeutic services and supports simultaneously provided by more than one provider entity unless prior authorization is obtained;

(2) treatment by multiple providers within the same agency at the same clock time, unless one service is delivered to the child and the other service is delivered to the child's family or treatment team without the child present;

(3) children's therapeutic services and supports provided in violation of medical assistance policy in Minnesota Rules, part 9505.0220;

(4) mental health behavioral aide services provided by a personal care assistant who is not qualified as a mental health behavioral aide and employed by a certified children's therapeutic services and supports provider entity;

(5) service components of CTSS that are the responsibility of a residential or program license holder, including foster care providers under the terms of a service agreement or administrative rules governing licensure; and

(6) adjunctive activities that may be offered by a provider entity but are not otherwise covered by medical assistance, including:

Sec. 70. Minnesota Statutes 2024, section 256B.69, subdivision 23, is amended to read:

Subd. 23. **Alternative services; elderly persons and persons with a disability.** (a) The commissioner may implement demonstration projects to create alternative integrated delivery systems for acute and long-term care services to elderly persons and persons with disabilities as defined in section 256B.77, subdivision 7a, that provide increased coordination, improve access to quality services, and mitigate future cost increases. The commissioner may seek federal authority to combine Medicare and Medicaid capitation payments for the purpose of such demonstrations and may contract with Medicare-approved special needs plans that are offered by a demonstration provider or by an entity that is directly or indirectly wholly owned or controlled by a demonstration provider to provide Medicaid services. Medicare funds and services shall be administered according to the terms and conditions of the federal contract and demonstration provisions. For the purpose of administering medical assistance funds, demonstrations under this subdivision are subject to subdivisions 1 to 22. The provisions of Minnesota Rules, parts 9500.1450 to 9500.1464, apply to these demonstrations, with the exceptions of parts 9500.1452, subpart 2, item B; and 9500.1457, subpart 1, items B and C, which do not apply to persons enrolling in demonstrations under this section. All enforcement and rulemaking powers available under chapters 62D, 62M, and 62Q are hereby granted to the commissioner of health with respect to Medicare-approved special needs plans with which the commissioner contracts to provide Medicaid services under this section. An initial open enrollment period may be provided. Persons who disenroll from demonstrations under this subdivision remain subject to Minnesota Rules, parts 9500.1450 to 9500.1464. When a person is enrolled in a health plan under these demonstrations and the health plan's participation is subsequently terminated for any reason, the person shall be provided an opportunity to select a new health plan and shall have the right to change health plans within the first 60 days of enrollment in the second health plan. Persons required to participate in health plans under this section who fail to make a choice of health plan shall not be randomly assigned to health plans under these demonstrations. Notwithstanding section 256L.12, subdivision 5, and Minnesota Rules, part 9505.5220, subpart 1, item A, if adopted, for the purpose of demonstrations under this subdivision, the commissioner may contract with

managed care organizations, including counties, to serve only elderly persons eligible for medical assistance, elderly persons with a disability, or persons with a disability only. For persons with a primary diagnosis of developmental disability, serious and persistent mental illness, or serious ~~emotional disturbance~~ mental illness in children, the commissioner must ensure that the county authority has approved the demonstration and contracting design. Enrollment in these projects for persons with disabilities shall be voluntary. The commissioner shall not implement any demonstration project under this subdivision for persons with a primary diagnosis of developmental disabilities, serious and persistent mental illness, or serious ~~emotional disturbance,~~ mental illness in children without approval of the county board of the county in which the demonstration is being implemented.

(b) MS 2009 Supplement [Expired, 2003 c 47 s 4; 2007 c 147 art 7 s 60]

(c) Before implementation of a demonstration project for persons with a disability, the commissioner must provide information to appropriate committees of the house of representatives and senate and must involve representatives of affected disability groups in the design of the demonstration projects.

(d) A nursing facility reimbursed under the alternative reimbursement methodology in section 256B.434 may, in collaboration with a hospital, clinic, or other health care entity provide services under paragraph (a). The commissioner shall amend the state plan and seek any federal waivers necessary to implement this paragraph.

(e) The commissioner, in consultation with the commissioners of commerce and health, may approve and implement programs for all-inclusive care for the elderly (PACE) according to federal laws and regulations governing that program and state laws or rules applicable to participating providers. A PACE provider is not required to be licensed or certified as a health plan company as defined in section 62Q.01, subdivision 4. Persons age 55 and older who have been screened by the county and found to be eligible for services under the elderly waiver or community access for disability inclusion or who are already eligible for Medicaid but meet level of care criteria for receipt of waiver services may choose to enroll in the PACE program. Medicare and Medicaid services will be provided according to this subdivision and federal Medicare and Medicaid requirements governing PACE providers and programs. PACE enrollees will receive Medicaid home and community-based services through the PACE provider as an alternative to services for which they would otherwise be eligible through home and community-based waiver programs and Medicaid State Plan Services. The commissioner shall establish Medicaid rates for PACE providers that do not exceed costs that would have been incurred under fee-for-service or other relevant managed care programs operated by the state.

(f) The commissioner shall seek federal approval to expand the Minnesota disability health options (MnDHO) program established under this subdivision in stages, first to regional population centers outside the seven-county metro area and then to all areas of the state. Until July 1, 2009, expansion for MnDHO projects that include home and community-based services is limited to the two projects and service areas in effect on March 1, 2006. Enrollment in integrated MnDHO programs that include home and community-based services shall remain voluntary. Costs for home and community-based services included under MnDHO must not exceed costs that would have been incurred under the fee-for-service program. Notwithstanding whether expansion occurs under this paragraph, in determining MnDHO payment rates and risk adjustment methods, the commissioner must consider the methods used to determine county allocations for home and community-based

program participants. If necessary to reduce MnDHO rates to comply with the provision regarding MnDHO costs for home and community-based services, the commissioner shall achieve the reduction by maintaining the base rate for contract year 2010 for services provided under the community access for disability inclusion waiver at the same level as for contract year 2009. The commissioner may apply other reductions to MnDHO rates to implement decreases in provider payment rates required by state law. Effective January 1, 2011, enrollment and operation of the MnDHO program in effect during 2010 shall cease. The commissioner may reopen the program provided all applicable conditions of this section are met. In developing program specifications for expansion of integrated programs, the commissioner shall involve and consult the state-level stakeholder group established in subdivision 28, paragraph (d), including consultation on whether and how to include home and community-based waiver programs. Plans to reopen MnDHO projects shall be presented to the chairs of the house of representatives and senate committees with jurisdiction over health and human services policy and finance prior to implementation.

(g) Notwithstanding section 256B.0621, health plans providing services under this section are responsible for home care targeted case management and relocation targeted case management. Services must be provided according to the terms of the waivers and contracts approved by the federal government.

(d) A person who is a sexual psychopathic personality as defined in section 253D.02, subdivision 15, or a sexually dangerous person as defined in section 253D.02, subdivision 16, is excluded from enrollment in the demonstration project.

(i) screen and evaluate the child and file its recommendations with the court within 14 days of receipt of the notice; or

(ii) elect not to screen a given case, and notify the court of that decision within three working days.

(c) If the screening team has elected to screen and evaluate the child, the child may not be placed for the primary purpose of treatment for ~~an emotional disturbance~~ mental illness, a developmental disability, or chemical dependency, in a residential treatment facility out of state nor in a residential treatment facility within the state that is licensed under chapter 245A, unless one of the following conditions applies:

(3) the court, having reviewed a screening team recommendation against placement, determines to the contrary that a residential placement is necessary. The court shall state the reasons for its determination in writing, on the record, and shall respond specifically to the findings and recommendation of the screening team in explaining why the recommendation was rejected. The attorney representing the child and the prosecuting attorney shall be afforded an opportunity to be heard on the matter.

A residential

treatment facility does not include a psychiatric residential treatment facility under section 256B.0941 or a family foster home as defined in section 260C.007, subdivision 16b.

Sec. 76. Minnesota Statutes 2024, section 260C.157, subdivision 3, is amended to read:

Subd. 3. **Juvenile treatment screening team.** (a) The responsible social services agency shall establish a juvenile treatment screening team to conduct screenings under this chapter and chapter 260D, for a child to receive treatment for ~~an emotional disturbance~~ a mental illness, ~~a~~ developmental disability, or related condition in a residential treatment facility licensed by the commissioner of human services under chapter 245A, or licensed or approved by a tribe. Screenings are also not required when a child must be placed in a facility due to an emotional crisis or other mental health emergency.

(b) The responsible social services agency shall conduct screenings within 15 days of a request for a screening, unless the screening is for the purpose of residential treatment and the child is enrolled in a prepaid health program under section 256B.69, in which case the agency shall conduct the screening within ten working days of a request. The responsible social services agency shall convene the juvenile treatment screening team, which may be constituted under section 245.4885, 254B.05, or 256B.092. The team shall consist of social workers; persons with expertise in the treatment of juveniles who are emotionally disturbed, chemically dependent, or have a developmental disability; and the child's parent, guardian, or permanent legal custodian. The team may include the child's relatives as defined in section 260C.007, subdivisions 26b and 27, the child's foster care provider, and professionals who are a resource to the child's family such as teachers, medical or mental health providers, and clergy, as appropriate, consistent with the family and permanency team as defined in section 260C.007, subdivision 16a. Prior to forming the team, the responsible social services agency must consult with the child's parents, the child if the child is age 14 or older, and, if applicable, the child's tribe to obtain recommendations regarding which individuals to include on the team and to ensure that the team is family-centered and will act in the child's best interests. If the child, child's parents, or legal guardians raise concerns about specific relatives or professionals, the team should not include those individuals. This provision does not apply to paragraph (c).

(c) If the agency provides notice to tribes under section 260.761, and the child screened is an Indian child, the responsible social services agency must make a rigorous and concerted effort to include a designated representative of the Indian child's tribe on the juvenile treatment screening team, unless the child's tribal authority declines to appoint a representative. The Indian child's tribe may delegate its authority to represent the child to any other federally recognized Indian tribe, as defined in section 260.755, subdivision 12. The provisions of the Indian Child Welfare Act of 1978, United States Code, title 25, sections 1901 to 1963, and the Minnesota Indian Family Preservation Act, sections 260.751 to 260.835, apply to this section.

(d) If the court, prior to, or as part of, a final disposition or other court order, proposes to place a child with ~~an emotional disturbance or~~ a mental illness, developmental disability, or related condition in residential treatment, the responsible social services agency must conduct a screening.

The court shall ascertain whether the child is an Indian child and shall notify the responsible social services agency and, if the child is an Indian child, shall notify the Indian child's tribe as paragraph (c) requires.

(e) When the responsible social services agency is responsible for placing and caring for the child and the screening team recommends placing a child in a qualified residential treatment program as defined in section 260C.007, subdivision 26d, the agency must: (1) begin the assessment and processes required in section 260C.704 without delay; and (2) conduct a relative search according to section 260C.221 to assemble the child's family and permanency team under section 260C.706. Prior to notifying relatives regarding the family and permanency team, the responsible social services agency must consult with the child's parent or legal guardian, the child if the child is age 14 or older, and, if applicable, the child's tribe to ensure that the agency is providing notice to individuals who will act in the child's best interests. The child and the child's parents may identify a culturally competent qualified individual to complete the child's assessment. The agency shall make efforts to refer the assessment to the identified qualified individual. The assessment may not be delayed for the purpose of having the assessment completed by a specific qualified individual.

(f) When a screening team determines that a child does not need treatment in a qualified residential treatment program, the screening team must:

(1) document the services and supports that will prevent the child's foster care placement and will support the child remaining at home;

(2) document the services and supports that the agency will arrange to place the child in a family foster home; or

(g) When the Indian child's tribe or tribal health care services provider or Indian Health Services provider proposes to place a child for the primary purpose of treatment for ~~an emotional disturbance~~ mental illness, a developmental disability, or co-occurring ~~emotional disturbance~~ mental illness and chemical dependency, the Indian child's tribe or the tribe delegated by the child's tribe shall submit necessary documentation to the county juvenile treatment screening team, which must invite the Indian child's tribe to designate a representative to the screening team.

(h) The responsible social services agency must conduct and document the screening in a format approved by the commissioner of human services.

Sec. 77. Minnesota Statutes 2024, section 260C.201, subdivision 1, is amended to read:

Subdivision 1. **Dispositions.** (a) If the court finds that the child is in need of protection or services or neglected and in foster care, the court shall enter an order making any of the following dispositions of the case:

(1) place the child under the protective supervision of the responsible social services agency or child-placing agency in the home of a parent of the child under conditions prescribed by the court directed to the correction of the child's need for protection or services:

(i) the court may order the child into the home of a parent who does not otherwise have legal custody of the child, however, an order under this section does not confer legal custody on that parent;

(ii) if the court orders the child into the home of a father who is not adjudicated, the father must cooperate with paternity establishment proceedings regarding the child in the appropriate jurisdiction as one of the conditions prescribed by the court for the child to continue in the father's home; and

(iii) the court may order the child into the home of a noncustodial parent with conditions and may also order both the noncustodial and the custodial parent to comply with the requirements of a case plan under subdivision 2; or

(2) transfer legal custody to one of the following:

(i) a child-placing agency; or

(ii) the responsible social services agency. In making a foster care placement of a child whose custody has been transferred under this subdivision, the agency shall make an individualized determination of how the placement is in the child's best interests using the placement consideration order for relatives and the best interest factors in section 260C.212, subdivision 2, and may include a child colocated with a parent in a licensed residential family-based substance use disorder treatment program under section 260C.190; or

(3) order a trial home visit without modifying the transfer of legal custody to the responsible social services agency under clause (2). Trial home visit means the child is returned to the care of the parent or guardian from whom the child was removed for a period not to exceed six months. During the period of the trial home visit, the responsible social services agency:

(i) shall continue to have legal custody of the child, which means that the agency may see the child in the parent's home, at school, in a child care facility, or other setting as the agency deems necessary and appropriate;

(ii) shall continue to have the ability to access information under section 260C.208;

(iii) shall continue to provide appropriate services to both the parent and the child during the period of the trial home visit;

(iv) without previous court order or authorization, may terminate the trial home visit in order to protect the child's health, safety, or welfare and may remove the child to foster care;

(v) shall advise the court and parties within three days of the termination of the trial home visit when a visit is terminated by the responsible social services agency without a court order; and

(vi) shall prepare a report for the court when the trial home visit is terminated whether by the agency or court order that describes the child's circumstances during the trial home visit and recommends appropriate orders, if any, for the court to enter to provide for the child's safety and

stability. In the event a trial home visit is terminated by the agency by removing the child to foster care without prior court order or authorization, the court shall conduct a hearing within ten days of receiving notice of the termination of the trial home visit by the agency and shall order disposition under this subdivision or commence permanency proceedings under sections 260C.503 to 260C.515. The time period for the hearing may be extended by the court for good cause shown and if it is in the best interests of the child as long as the total time the child spends in foster care without a permanency hearing does not exceed 12 months;

(4) if the child has been adjudicated as a child in need of protection or services because the child is in need of special services or care to treat or ameliorate a physical or mental disability or ~~emotional disturbance~~ mental illness as defined in section 245.4871, subdivision 15, the court may order the child's parent, guardian, or custodian to provide it. The court may order the child's health plan company to provide mental health services to the child. Section 62Q.535 applies to an order for mental health services directed to the child's health plan company. If the health plan, parent, guardian, or custodian fails or is unable to provide this treatment or care, the court may order it provided. Absent specific written findings by the court that the child's disability is the result of abuse or neglect by the child's parent or guardian, the court shall not transfer legal custody of the child for the purpose of obtaining special treatment or care solely because the parent is unable to provide the treatment or care. If the court's order for mental health treatment is based on a diagnosis made by a treatment professional, the court may order that the diagnosing professional not provide the treatment to the child if it finds that such an order is in the child's best interests; or

(5) if the court believes that the child has sufficient maturity and judgment and that it is in the best interests of the child, the court may order a child 16 years old or older to be allowed to live independently, either alone or with others as approved by the court under supervision the court considers appropriate, if the county board, after consultation with the court, has specifically authorized this dispositional alternative for a child.

(b) If the child was adjudicated in need of protection or services because the child is a runaway or habitual truant, the court may order any of the following dispositions in addition to or as alternatives to the dispositions authorized under paragraph (a):

(1) counsel the child or the child's parents, guardian, or custodian;

(2) place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court, including reasonable rules for the child's conduct and the conduct of the parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child;

(3) subject to the court's supervision, transfer legal custody of the child to one of the following:

(i) a reputable person of good moral character. No person may receive custody of two or more unrelated children unless licensed to operate a residential program under sections 245A.01 to 245A.16; or

(ii) a county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to section 241.021;

(4) require the child to pay a fine of up to $100. The court shall order payment of the fine in a manner that will not impose undue financial hardship upon the child;

(5) require the child to participate in a community service project;

(6) order the child to undergo a chemical dependency evaluation and, if warranted by the evaluation, order participation by the child in a drug awareness program or an inpatient or outpatient chemical dependency treatment program;

(7) if the court believes that it is in the best interests of the child or of public safety that the child's driver's license or instruction permit be canceled, the court may order the commissioner of public safety to cancel the child's license or permit for any period up to the child's 18th birthday. If the child does not have a driver's license or permit, the court may order a denial of driving privileges for any period up to the child's 18th birthday. The court shall forward an order issued under this clause to the commissioner, who shall cancel the license or permit or deny driving privileges without a hearing for the period specified by the court. At any time before the expiration of the period of cancellation or denial, the court may, for good cause, order the commissioner of public safety to allow the child to apply for a license or permit, and the commissioner shall so authorize;

(8) order that the child's parent or legal guardian deliver the child to school at the beginning of each school day for a period of time specified by the court; or

(9) require the child to perform any other activities or participate in any other treatment programs deemed appropriate by the court.

To the extent practicable, the court shall enter a disposition order the same day it makes a finding that a child is in need of protection or services or neglected and in foster care, but in no event more than 15 days after the finding unless the court finds that the best interests of the child will be served by granting a delay. If the child was under eight years of age at the time the petition was filed, the disposition order must be entered within ten days of the finding and the court may not grant a delay unless good cause is shown and the court finds the best interests of the child will be served by the delay.

(c) If a child who is 14 years of age or older is adjudicated in need of protection or services because the child is a habitual truant and truancy procedures involving the child were previously dealt with by a school attendance review board or county attorney mediation program under section 260A.06 or 260A.07, the court shall order a cancellation or denial of driving privileges under paragraph (b), clause (7), for any period up to the child's 18th birthday.

(d) In the case of a child adjudicated in need of protection or services because the child has committed domestic abuse and been ordered excluded from the child's parent's home, the court shall dismiss jurisdiction if the court, at any time, finds the parent is able or willing to provide an alternative safe living arrangement for the child as defined in paragraph (f).

(e) When a parent has complied with a case plan ordered under subdivision 6 and the child is in the care of the parent, the court may order the responsible social services agency to monitor the parent's continued ability to maintain the child safely in the home under such terms and conditions as the court determines appropriate under the circumstances.

(f) For the purposes of this subdivision, "alternative safe living arrangement" means a living arrangement for a child proposed by a petitioning parent or guardian if a court excludes the minor from the parent's or guardian's home that is separate from the victim of domestic abuse and safe for the child respondent. A living arrangement proposed by a petitioning parent or guardian is presumed to be an alternative safe living arrangement absent information to the contrary presented to the court. In evaluating any proposed living arrangement, the court shall consider whether the arrangement provides the child with necessary food, clothing, shelter, and education in a safe environment. Any proposed living arrangement that would place the child in the care of an adult who has been physically or sexually violent is presumed unsafe.

Sec. 78. Minnesota Statutes 2024, section 260C.201, subdivision 2, is amended to read:

Subd. 2. **Written findings.** (a) Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition and case plan ordered and shall also set forth in writing the following information:

(1) why the best interests and safety of the child are served by the disposition and case plan ordered;

(2) what alternative dispositions or services under the case plan were considered by the court and why such dispositions or services were not appropriate in the instant case;

(3) when legal custody of the child is transferred, the appropriateness of the particular placement made or to be made by the placing agency using the relative and sibling placement considerations and best interest factors in section 260C.212, subdivision 2, or the appropriateness of a child colocated with a parent in a licensed residential family-based substance use disorder treatment program under section 260C.190;

(4) whether reasonable efforts to finalize the permanent plan for the child consistent with section 260.012 were made including reasonable efforts:

(i) to prevent the child's placement and to reunify the child with the parent or guardian from whom the child was removed at the earliest time consistent with the child's safety. The court's findings must include a brief description of what preventive and reunification efforts were made and why further efforts could not have prevented or eliminated the necessity of removal or that reasonable efforts were not required under section 260.012 or 260C.178, subdivision 1;

(ii) to identify and locate any noncustodial or nonresident parent of the child and to assess such parent's ability to provide day-to-day care of the child, and, where appropriate, provide services necessary to enable the noncustodial or nonresident parent to safely provide day-to-day care of the child as required under section 260C.219, unless such services are not required under section 260.012 or 260C.178, subdivision 1. The court's findings must include a description of the agency's efforts to:

(A) identify and locate the child's noncustodial or nonresident parent;

(B) assess the noncustodial or nonresident parent's ability to provide day-to-day care of the child; and

(C) if appropriate, provide services necessary to enable the noncustodial or nonresident parent to safely provide the child's day-to-day care, including efforts to engage the noncustodial or nonresident parent in assuming care and responsibility of the child;

(iii) to make the diligent search for relatives and provide the notices required under section 260C.221; a finding made pursuant to a hearing under section 260C.202 that the agency has made diligent efforts to conduct a relative search and has appropriately engaged relatives who responded to the notice under section 260C.221 and other relatives, who came to the attention of the agency after notice under section 260C.221 was sent, in placement and case planning decisions fulfills the requirement of this item;

(iv) to identify and make a foster care placement of the child, considering the order in section 260C.212, subdivision 2, paragraph (a), in the home of an unlicensed relative, according to the requirements of section 142B.06, a licensed relative, or other licensed foster care provider, who will commit to being the permanent legal parent or custodian for the child in the event reunification cannot occur, but who will actively support the reunification plan for the child. If the court finds that the agency has not appropriately considered relatives for placement of the child, the court shall order the agency to comply with section 260C.212, subdivision 2, paragraph (a). The court may order the agency to continue considering relatives for placement of the child regardless of the child's current placement setting; and

(v) to place siblings together in the same home or to ensure visitation is occurring when siblings are separated in foster care placement and visitation is in the siblings' best interests under section 260C.212, subdivision 2, paragraph (d); and

(5) if the child has been adjudicated as a child in need of protection or services because the child is in need of special services or care to treat or ameliorate a mental disability or ~~emotional disturbance~~ mental illness as defined in section 245.4871, subdivision 15, the written findings shall also set forth:

(i) whether the child has mental health needs that must be addressed by the case plan;

(ii) what consideration was given to the diagnostic and functional assessments performed by the child's mental health professional and to health and mental health care professionals' treatment recommendations;

(iii) what consideration was given to the requests or preferences of the child's parent or guardian with regard to the child's interventions, services, or treatment; and

(iv) what consideration was given to the cultural appropriateness of the child's treatment or services.

(b) If the court finds that the social services agency's preventive or reunification efforts have not been reasonable but that further preventive or reunification efforts could not permit the child to safely remain at home, the court may nevertheless authorize or continue the removal of the child.

(c) If the child has been identified by the responsible social services agency as the subject of concurrent permanency planning, the court shall review the reasonable efforts of the agency to develop a permanency plan for the child that includes a primary plan that is for reunification with

the child's parent or guardian and a secondary plan that is for an alternative, legally permanent home for the child in the event reunification cannot be achieved in a timely manner.

Sec. 79. Minnesota Statutes 2024, section 260C.301, subdivision 4, is amended to read:

Subd. 4. **Current foster care children.** Except for cases where the child is in placement due solely to the child's developmental disability or ~~emotional disturbance~~ mental illness, where custody has not been transferred to the responsible social services agency, and where the court finds compelling reasons to continue placement, the county attorney shall file a termination of parental rights petition or a petition to transfer permanent legal and physical custody to a relative under section 260C.515, subdivision 4, for all children who have been in out-of-home care for 15 of the most recent 22 months. This requirement does not apply if there is a compelling reason approved by the court for determining that filing a termination of parental rights petition or other permanency petition would not be in the best interests of the child or if the responsible social services agency has not provided reasonable efforts necessary for the safe return of the child, if reasonable efforts are required.

Sec. 80. Minnesota Statutes 2024, section 260D.01, is amended to read:

260D.01 CHILD IN VOLUNTARY FOSTER CARE FOR TREATMENT.

(a) Sections 260D.01 to 260D.10, may be cited as the "child in voluntary foster care for treatment" provisions of the Juvenile Court Act.

(b) The juvenile court has original and exclusive jurisdiction over a child in voluntary foster care for treatment upon the filing of a report or petition required under this chapter. All obligations of the responsible social services agency to a child and family in foster care contained in chapter 260C not inconsistent with this chapter are also obligations of the agency with regard to a child in foster care for treatment under this chapter.

(c) This chapter shall be construed consistently with the mission of the children's mental health service system as set out in section 245.487, subdivision 3, and the duties of an agency under sections 256B.092 and 260C.157 and Minnesota Rules, parts 9525.0004 to 9525.0016, to meet the needs of a child with a developmental disability or related condition. This chapter:

(1) establishes voluntary foster care through a voluntary foster care agreement as the means for an agency and a parent to provide needed treatment when the child must be in foster care to receive necessary treatment for ~~an emotional disturbance or~~ a mental illness, developmental disability, or related condition;

(2) establishes court review requirements for a child in voluntary foster care for treatment due to ~~emotional disturbance or~~ a mental illness, developmental disability, or ~~a~~ related condition;

(3) establishes the ongoing responsibility of the parent as legal custodian to visit the child, to plan together with the agency for the child's treatment needs, to be available and accessible to the agency to make treatment decisions, and to obtain necessary medical, dental, and other care for the child;

(4) applies to voluntary foster care when the child's parent and the agency agree that the child's treatment needs require foster care either:

(i) due to a level of care determination by the agency's screening team informed by the child's diagnostic and functional assessment under section 245.4885; or

(ii) due to a determination regarding the level of services needed by the child by the responsible social services agency's screening team under section 256B.092, and Minnesota Rules, parts 9525.0004 to 9525.0016; and

(5) includes the requirements for a child's placement in sections 260C.70 to 260C.714, when the juvenile treatment screening team recommends placing a child in a qualified residential treatment program, except as modified by this chapter.

(d) This chapter does not apply when there is a current determination under chapter 260E that the child requires child protective services or when the child is in foster care for any reason other than treatment for the child's ~~emotional disturbance or~~ mental illness, developmental disability, or related condition. When there is a determination under chapter 260E that the child requires child protective services based on an assessment that there are safety and risk issues for the child that have not been mitigated through the parent's engagement in services or otherwise, or when the child is in foster care for any reason other than the child's ~~emotional disturbance or~~ mental illness, developmental disability, or related condition, the provisions of chapter 260C apply.

(e) The paramount consideration in all proceedings concerning a child in voluntary foster care for treatment is the safety, health, and the best interests of the child. The purpose of this chapter is:

(1) to ensure that a child with a disability is provided the services necessary to treat or ameliorate the symptoms of the child's disability;

(2) to preserve and strengthen the child's family ties whenever possible and in the child's best interests, approving the child's placement away from the child's parents only when the child's need for care or treatment requires out-of-home placement and the child cannot be maintained in the home of the parent; and

(3) to ensure that the child's parent retains legal custody of the child and associated decision-making authority unless the child's parent willfully fails or is unable to make decisions that meet the child's safety, health, and best interests. The court may not find that the parent willfully fails or is unable to make decisions that meet the child's needs solely because the parent disagrees with the agency's choice of foster care facility, unless the agency files a petition under chapter 260C, and establishes by clear and convincing evidence that the child is in need of protection or services.

(f) The legal parent-child relationship shall be supported under this chapter by maintaining the parent's legal authority and responsibility for ongoing planning for the child and by the agency's assisting the parent, when necessary, to exercise the parent's ongoing right and obligation to visit or to have reasonable contact with the child. Ongoing planning means:

(1) actively participating in the planning and provision of educational services, medical, and dental care for the child;

(2) actively planning and participating with the agency and the foster care facility for the child's treatment needs;

(3) planning to meet the child's need for safety, stability, and permanency, and the child's need to stay connected to the child's family and community;

(4) engaging with the responsible social services agency to ensure that the family and permanency team under section 260C.706 consists of appropriate family members. For purposes of voluntary placement of a child in foster care for treatment under chapter 260D, prior to forming the child's family and permanency team, the responsible social services agency must consult with the child's parent or legal guardian, the child if the child is 14 years of age or older, and, if applicable, the child's Tribe to obtain recommendations regarding which individuals to include on the team and to ensure that the team is family-centered and will act in the child's best interests. If the child, child's parents, or legal guardians raise concerns about specific relatives or professionals, the team should not include those individuals unless the individual is a treating professional or an important connection to the youth as outlined in the case or crisis plan; and

(5) for a voluntary placement under this chapter in a qualified residential treatment program, as defined in section 260C.007, subdivision 26d, for purposes of engaging in a relative search as provided in section 260C.221, the county agency must consult with the child's parent or legal guardian, the child if the child is 14 years of age or older, and, if applicable, the child's Tribe to obtain recommendations regarding which adult relatives the county agency should notify. If the child, child's parents, or legal guardians raise concerns about specific relatives, the county agency should not notify those relatives.

(g) The provisions of section 260.012 to ensure placement prevention, family reunification, and all active and reasonable effort requirements of that section apply.

Sec. 81. Minnesota Statutes 2024, section 260D.02, subdivision 5, is amended to read:

Subd. 5. **Child in voluntary foster care for treatment.** "Child in voluntary foster care for treatment" means a child with ~~emotional disturbance~~ a mental illness or developmental disability~~,~~ or who has a related condition and is in foster care under a voluntary foster care agreement between the child's parent and the agency due to concurrence between the agency and the parent when it is determined that foster care is medically necessary:

(1) due to a determination by the agency's screening team based on its review of the diagnostic and functional assessment under section 245.4885; or

(2) due to a determination by the agency's screening team under section 256B.092 and Minnesota Rules, parts 9525.0004 to 9525.0016.

A child is not in voluntary foster care for treatment under this chapter when there is a current determination under chapter 260E that the child requires child protective services or when the child is in foster care for any reason other than the child's ~~emotional or~~ mental illness, developmental disability, or related condition.

Sec. 82. Minnesota Statutes 2024, section 260D.02, subdivision 9, is amended to read:

Subd. 9. **~~Emotional disturbance~~ Mental illness.** "~~Emotional disturbance~~ Mental illness" means ~~emotional disturbance~~ mental illness as described in section 245.4871, subdivision 15.

Sec. 83. Minnesota Statutes 2024, section 260D.03, subdivision 1, is amended to read:

Subdivision 1. **Voluntary foster care.** When the agency's screening team, based upon the diagnostic and functional assessment under section 245.4885 or medical necessity screenings under section 256B.092, subdivision 7, determines the child's need for treatment due to ~~emotional disturbance or~~ a mental illness, developmental disability, or related condition requires foster care placement of the child, a voluntary foster care agreement between the child's parent and the agency gives the agency legal authority to place the child in foster care.

Sec. 84. Minnesota Statutes 2024, section 260D.04, is amended to read:

260D.04 REQUIRED INFORMATION FOR A CHILD IN VOLUNTARY FOSTER CARE FOR TREATMENT.

An agency with authority to place a child in voluntary foster care for treatment due to ~~emotional disturbance or~~ a mental illness, developmental disability, or related condition~~,~~ shall inform the child, age 12 or older, of the following:

(e) After receiving the required report, the court has jurisdiction to make the following determinations and must do so within ten days of receiving the forwarded report, whether a hearing is requested:

(1) whether the voluntary foster care arrangement is in the child's best interests;

(2) whether the parent and agency are appropriately planning for the child; and

(3) in the case of a child age 12 or older, who disagrees with the foster care facility or services provided under the out-of-home placement plan, whether it is appropriate to appoint counsel and a guardian ad litem for the child using standards and procedures under section 260C.163.

(f) Unless requested by a parent, representative of the foster care facility, or the child, no in-court hearing is required in order for the court to make findings and issue an order as required in paragraph (e).

The court may make this determination notwithstanding the child's disagreement, if any, reported under paragraph (d).

(h) The court shall send a copy of the order to the county attorney, the agency, parent, child, age 12 or older, and the foster parent or foster care facility.

(i) The court shall also send the parent, the child, age 12 or older, the foster parent, or representative of the foster care facility notice of the permanency review hearing required under section 260D.07, paragraph (e).

(j) If the court finds continuing the voluntary foster care arrangement is not in the child's best interests or that the agency or the parent are not appropriately planning for the child, the court shall notify the agency, the parent, the foster parent or foster care facility, the child, age 12 or older, and the county attorney of the court's determinations and the basis for the court's determinations. In this case, the court shall set the matter for hearing and appoint a guardian ad litem for the child under section 260C.163, subdivision 5.

Sec. 86. Minnesota Statutes 2024, section 260D.07, is amended to read:

260D.07 REQUIRED PERMANENCY REVIEW HEARING.

(a) When the court has found that the voluntary arrangement is in the child's best interests and that the agency and parent are appropriately planning for the child pursuant to the report submitted under section 260D.06, and the child continues in voluntary foster care as defined in section 260D.02, subdivision 10, for 13 months from the date of the voluntary foster care agreement, or has been in placement for 15 of the last 22 months, the agency must:

(1) terminate the voluntary foster care agreement and return the child home; or

(2) determine whether there are compelling reasons to continue the voluntary foster care arrangement and, if the agency determines there are compelling reasons, seek judicial approval of its determination; or

(3) file a petition for the termination of parental rights.

(b) When the agency is asking for the court's approval of its determination that there are compelling reasons to continue the child in the voluntary foster care arrangement, the agency shall file a "Petition for Permanency Review Regarding a Child in Voluntary Foster Care for Treatment" and ask the court to proceed under this section.

(c) The "Petition for Permanency Review Regarding a Child in Voluntary Foster Care for Treatment" shall be drafted or approved by the county attorney and be under oath. The petition shall include:

(1) the date of the voluntary placement agreement;

(2) whether the petition is due to the child's developmental disability or ~~emotional disturbance~~ mental illness;

(3) the plan for the ongoing care of the child and the parent's participation in the plan;

(4) a description of the parent's visitation and contact with the child;

(5) the date of the court finding that the foster care placement was in the best interests of the child, if required under section 260D.06, or the date the agency filed the motion under section 260D.09, paragraph (b);

(6) the agency's reasonable efforts to finalize the permanent plan for the child, including returning the child to the care of the child's family;

(7) a citation to this chapter as the basis for the petition; and

(8) evidence as specified in section 260C.712 when a child is placed in a qualified residential treatment program as defined in section 260C.007, subdivision 26d.

(d) An updated copy of the out-of-home placement plan required under section 260C.212, subdivision 1, shall be filed with the petition.

(e) The court shall set the date for the permanency review hearing no later than 14 months after the child has been in placement or within 30 days of the petition filing date when the child has been in placement 15 of the last 22 months. The court shall serve the petition together with a notice of hearing by United States mail on the parent, the child age 12 or older, the child's guardian ad litem, if one has been appointed, the agency, the county attorney, and counsel for any party.

(f) The court shall conduct the permanency review hearing on the petition no later than 14 months after the date of the voluntary placement agreement, within 30 days of the filing of the petition when the child has been in placement 15 of the last 22 months, or within 15 days of a motion

to terminate jurisdiction and to dismiss an order for foster care under chapter 260C, as provided in section 260D.09, paragraph (b).

(g) At the permanency review hearing, the court shall:

(1) inquire of the parent if the parent has reviewed the "Petition for Permanency Review Regarding a Child in Voluntary Foster Care for Treatment," whether the petition is accurate, and whether the parent agrees to the continued voluntary foster care arrangement as being in the child's best interests;

(2) inquire of the parent if the parent is satisfied with the agency's reasonable efforts to finalize the permanent plan for the child, including whether there are services available and accessible to the parent that might allow the child to safely be with the child's family;

(3) inquire of the parent if the parent consents to the court entering an order that:

(i) approves the responsible agency's reasonable efforts to finalize the permanent plan for the child, which includes ongoing future planning for the safety, health, and best interests of the child; and

(ii) approves the responsible agency's determination that there are compelling reasons why the continued voluntary foster care arrangement is in the child's best interests; and

(4) inquire of the child's guardian ad litem and any other party whether the guardian or the party agrees that:

(i) the court should approve the responsible agency's reasonable efforts to finalize the permanent plan for the child, which includes ongoing and future planning for the safety, health, and best interests of the child; and

(ii) the court should approve of the responsible agency's determination that there are compelling reasons why the continued voluntary foster care arrangement is in the child's best interests.

(h) At a permanency review hearing under this section, the court may take the following actions based on the contents of the sworn petition and the consent of the parent:

(1) approve the agency's compelling reasons that the voluntary foster care arrangement is in the best interests of the child; and

(2) find that the agency has made reasonable efforts to finalize the permanent plan for the child.

(i) A child, age 12 or older, may object to the agency's request that the court approve its compelling reasons for the continued voluntary arrangement and may be heard on the reasons for the objection. Notwithstanding the child's objection, the court may approve the agency's compelling reasons and the voluntary arrangement.

(j) If the court does not approve the voluntary arrangement after hearing from the child or the child's guardian ad litem, the court shall dismiss the petition. In this case, either:

(1) the child must be returned to the care of the parent; or

(2) the agency must file a petition under section 260C.141, asking for appropriate relief under sections 260C.301 or 260C.503 to 260C.521.

Subdivision 1. **Scope.** (a) Subject to federal approval, medical assistance covers medically necessary, assertive community treatment when the services are provided by an entity certified under and meeting the standards in this section.

~~(b) Subject to federal approval, medical assistance covers medically necessary, intensive residential treatment services when the services are provided by an entity licensed under and meeting the standards in section 245I.23.~~

~~(c)~~ (b) The provider entity must make reasonable and good faith efforts to report individual client outcomes to the commissioner, using instruments and protocols approved by the commissioner.

Sec. 2. Minnesota Statutes 2024, section 256B.0622, subdivision 8, is amended to read:

Subd. 8. **Medical assistance payment for assertive community treatment ~~and intensive residential treatment~~ services.** (a) Payment for ~~intensive residential treatment services and~~ assertive community treatment in this section shall be based on one daily rate per provider inclusive of the following services received by an eligible client in a given calendar day: all rehabilitative services under this section, staff travel time to provide rehabilitative services under this section, and nonresidential crisis stabilization services under section 256B.0624.

(b) Except as indicated in paragraph ~~(d)~~ (c), payment will not be made to more than one entity for each client for services provided under this section on a given day. If services under this section are provided by a team that includes staff from more than one entity, the team must determine how to distribute the payment among the members.

~~(c) Payment must not be made based solely on a court order to participate in intensive residential treatment services. If a client has a court order to participate in the program or to obtain assessment for treatment and follow treatment recommendations, payment under this section must only be provided if the client is eligible for the service and the service is determined to be medically necessary.~~

~~(d)~~ (c) The commissioner shall determine ~~one rate for each provider that will bill medical assistance for residential services under this section and~~ one rate for each assertive community treatment provider under this section. If a single entity provides both ~~services~~ intensive residential treatment services under section 256B.0632 and assertive community treatment under this section, one rate is established for the entity's intensive residential treatment services under section 256B.0632 and another rate for the entity's ~~nonresidential~~ assertive community treatment services under this section. A provider is not eligible for payment under this section without authorization from the commissioner. The commissioner shall develop rates using the following criteria:

(1) the provider's cost for services shall include direct services costs, other program costs, and other costs determined as follows:

(i) the direct services costs must be determined using actual costs of salaries, benefits, payroll taxes, and training of direct service staff and service-related transportation;

(ii) other program costs not included in item (i) must be determined as a specified percentage of the direct services costs as determined by item (i). The percentage used shall be determined by the commissioner based upon the average of percentages that represent the relationship of other program costs to direct services costs among the entities that provide similar services;

(iii) physical plant costs calculated based on the percentage of space within the program that is entirely devoted to treatment and programming. This does not include administrative or residential space;

(iv) assertive community treatment physical plant costs must be reimbursed as part of the costs described in item (ii); and

(v) subject to federal approval, up to an additional five percent of the total rate may be added to the program rate as a quality incentive based upon the entity meeting performance criteria specified by the commissioner;

(2) actual ~~cost is~~ costs are defined as costs which are allowable, allocable, and reasonable, and consistent with federal reimbursement requirements under Code of Federal Regulations, title 48, chapter 1, part 31, relating to for-profit entities, and Office of Management and Budget Circular Number A-122, relating to nonprofit entities;

(3) the number of service units;

(4) the degree to which clients will receive services other than services under this section or section 256B.0632; and

(5) the costs of other services that will be separately reimbursed.

~~(c)~~ (d) The rate for ~~intensive residential treatment services and~~ assertive community treatment must exclude the medical assistance room and board rate, as defined in section 256B.056, subdivision 5d, and services not covered under this section, such as partial hospitalization, home care, and inpatient services.

~~(f) Physician services that are not separately billed may be included in the rate to the extent that a psychiatrist, or other health care professional providing physician services within their scope of practice, is a member of the intensive residential treatment services treatment team. Physician services, whether billed separately or included in the rate, may be delivered by telehealth. For purposes of this paragraph, "telehealth" has the meaning given to "mental health telehealth" in section 256B.0625, subdivision 46, when telehealth is used to provide intensive residential treatment services.~~

~~(g)~~ (e) When services under this section are provided by an assertive community treatment provider, case management functions must be an integral part of the team.

~~(h)~~ (f) The rate for a provider must not exceed the rate charged by that provider for the same service to other payors.

~~(i)~~ (g) The rates for existing programs must be established prospectively based upon the expenditures and utilization over a prior 12-month period using the criteria established in paragraph ~~(d)~~ (c). The rates for new programs must be established based upon estimated expenditures and estimated utilization using the criteria established in paragraph ~~(d)~~ (c).

~~(j)~~ (h) Effective for the rate years beginning on and after January 1, 2024, rates for assertive community treatment, adult residential crisis stabilization services, and intensive residential treatment services must be annually adjusted for inflation using the Centers for Medicare and Medicaid Services Medicare Economic Index, as forecasted in the third quarter of the calendar year before the rate year. The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined. This paragraph expires upon federal approval.

(i) Effective upon the expiration of paragraph (h), and effective for the rate years beginning on and after January 1, 2024, rates for assertive community treatment services must be annually adjusted for inflation using the Centers for Medicare and Medicaid Services Medicare Economic Index, as forecasted in the third quarter of the calendar year before the rate year. The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined.

~~(k)~~ (j) Entities who discontinue providing services must be subject to a settle-up process whereby actual costs and reimbursement for the previous 12 months are compared. In the event that the entity was paid more than the entity's actual costs plus any applicable performance-related funding due the provider, the excess payment must be reimbursed to the department. If a provider's revenue is less than actual allowed costs due to lower utilization than projected, the commissioner may reimburse the provider to recover its actual allowable costs. The resulting adjustments by the commissioner must be proportional to the percent of total units of service reimbursed by the commissioner and must reflect a difference of greater than five percent.

~~(l)~~ (k) A provider may request of the commissioner a review of any rate-setting decision made under this subdivision.

Sec. 3. Minnesota Statutes 2024, section 256B.0622, subdivision 11, is amended to read:

Subd. 11. **Sustainability grants.** The commissioner may disburse grant funds directly to ~~intensive residential treatment services providers and~~ assertive community treatment providers to maintain access to these services.

Sec. 4. Minnesota Statutes 2024, section 256B.0622, subdivision 12, is amended to read:

Subd. 12. **Start-up grants.** The commissioner may, within available appropriations, disburse grant funding to counties, Indian tribes, or mental health service providers to establish additional assertive community treatment teams~~, intensive residential treatment services, or crisis residential services~~.

Subdivision 1. **Scope.** (a) Subject to federal approval, medical assistance covers medically necessary, intensive residential treatment services when the services are provided by an entity licensed under and meeting the standards in section 245I.23.

(b) The provider entity must make reasonable and good faith efforts to report individual client outcomes to the commissioner, using instruments and protocols approved by the commissioner.

Subd. 2. **Provider entity licensure and contract requirements for intensive residential treatment services.** (a) The commissioner shall develop procedures for counties and providers to submit other documentation as needed to allow the commissioner to determine whether the standards in this section are met.

(b) A provider entity must specify in the provider entity's application what geographic area and populations will be served by the proposed program. A provider entity must document that the capacity or program specialties of existing programs are not sufficient to meet the service needs of the target population. A provider entity must submit evidence of ongoing relationships with other providers and levels of care to facilitate referrals to and from the proposed program.

(c) A provider entity must submit documentation that the provider entity requested a statement of need from each county board and Tribal authority that serves as a local mental health authority in the proposed service area. The statement of need must specify if the local mental health authority supports or does not support the need for the proposed program and the basis for this determination. If a local mental health authority does not respond within 60 days of the receipt of the request, the commissioner shall determine the need for the program based on the documentation submitted by the provider entity.

Subd. 3. **Medical assistance payment for intensive residential treatment services.** (a) Payment for intensive residential treatment services in this section shall be based on one daily rate per provider inclusive of the following services received by an eligible client in a given calendar day: all rehabilitative services under this section, staff travel time to provide rehabilitative services under this section, and nonresidential crisis stabilization services under section 256B.0624.

(b) Except as indicated in paragraph (d), payment will not be made to more than one entity for each client for services provided under this section on a given day. If services under this section are provided by a team that includes staff from more than one entity, the team must determine how to distribute the payment among the members.

(c) Payment must not be made based solely on a court order to participate in intensive residential treatment services. If a client has a court order to participate in the program or to obtain assessment for treatment and follow treatment recommendations, payment under this section must only be provided if the client is eligible for the service and the service is determined to be medically necessary.

(d) The commissioner shall determine one rate for each provider that will bill medical assistance for intensive residential treatment services under this section. If a single entity provides both intensive residential treatment services under this section and assertive community treatment under section 256B.0622, one rate is established for the entity's intensive residential treatment services under this section and another rate for the entity's assertive community treatment services under section 256B.0622. A provider is not eligible for payment under this section without authorization from the commissioner. The commissioner shall develop rates using the following criteria:

(1) the provider's cost for services shall include direct services costs, other program costs, and other costs determined as follows:

(i) the direct services costs must be determined using actual costs of salaries, benefits, payroll taxes, and training of direct service staff and service-related transportation;

(ii) other program costs not included in item (i) must be determined as a specified percentage of the direct services costs as determined by item (i). The percentage used shall be determined by the commissioner based upon the average of percentages that represent the relationship of other program costs to direct services costs among the entities that provide similar services;

(iii) physical plant costs calculated based on the percentage of space within the program that is entirely devoted to treatment and programming. This does not include administrative or residential space; and

(iv) subject to federal approval, up to an additional five percent of the total rate may be added to the program rate as a quality incentive based upon the entity meeting performance criteria specified by the commissioner;

(2) actual costs are defined as costs which are allowable, allocable, and reasonable, and consistent with federal reimbursement requirements under Code of Federal Regulations, title 48, chapter 1, part 31, relating to for-profit entities, and Office of Management and Budget Circular Number A-122, relating to nonprofit entities;

(3) the number of services units;

(4) the degree to which clients will receive services other than services under this section or section 256B.0622; and

(5) the costs of other services that will be separately reimbursed.

(e) The rate for intensive residential treatment services must exclude the medical assistance room and board rate, as defined in section 256B.056, subdivision 5d, and services not covered under this section, such as partial hospitalization, home care, and inpatient services.

(f) Physician services that are not separately billed may be included in the rate to the extent that a psychiatrist, or other health care professional providing physician services within their scope of practice, is a member of the intensive residential treatment services treatment team. Physician services, whether billed separately or included in the rate, may be delivered by telehealth. For purposes of this paragraph, "telehealth" has the meaning given to "mental health telehealth" in section 256B.0625, subdivision 46, when telehealth is used to provide intensive residential treatment services.

(g) The rate for a provider must not exceed the rate charged by that provider for the same service to other payors.

for new programs must be established based upon estimated expenditures and estimated utilization using the criteria established in paragraph (d).

(i) Effective upon the expiration of section 256B.0622, subdivision 8, paragraph (h), and effective for rate years beginning on and after January 1, 2024, rates for intensive residential treatment services and adult residential crisis stabilization services must be annually adjusted for inflation using the Centers for Medicare and Medicaid Services Medicare Economic Index, as forecasted in the third quarter of the calendar year before the rate year. The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined.

(j) Entities who discontinue providing services must be subject to a settle-up process whereby actual costs and reimbursement for the previous 12 months are compared. In the event that the entity was paid more than the entity's actual costs plus any applicable performance-related funding due the provider, the excess payment must be reimbursed to the department. If a provider's revenue is less than actual allowed costs due to lower utilization than projected, the commissioner may reimburse the provider to recover its actual allowable costs. The resulting adjustments by the commissioner must be proportional to the percent of total units of service reimbursed by the commissioner and must reflect a difference of greater than five percent.

(k) A provider may request of the commissioner a review of any rate-setting decision made under this subdivision.

Subd. 4. **Provider enrollment; rate setting for county-operated entities.** Counties that employ their own staff to provide services under this section shall apply directly to the commissioner for enrollment and rate setting. In this case, a county contract is not required.

Subd. 5. **Provider enrollment; rate setting for specialized program.** A county contract is not required for a provider proposing to serve a subpopulation of eligible clients under the following circumstances:

(1) the provider demonstrates that the subpopulation to be served requires a specialized program which is not available from county-approved entities; and

(2) the subpopulation to be served is of such a low incidence that it is not feasible to develop a program serving a single county or regional group of counties.

By January 15, 2004, the commissioner shall report to the legislature how these services should be included in prepaid plans. The commissioner shall consult with mental health advocates, health plans, and counties in developing this report. The report recommendations must include a plan to ensure coordination of these services between health plans and counties, assure recipient access to essential community providers, and monitor the health plans' delivery of services through utilization review and quality standards.

Sec. 10. Minnesota Statutes 2024, section 256D.44, subdivision 5, is amended to read:

Subd. 5. **Special needs.** (a) In addition to the state standards of assistance established in subdivisions 1 to 4, payments are allowed for the following special needs of recipients of Minnesota

(b) The county agency shall pay a monthly allowance for medically prescribed diets if the cost of those additional dietary needs cannot be met through some other maintenance benefit. The need for special diets or dietary items must be prescribed by a licensed physician, advanced practice registered nurse, or physician assistant. Costs for special diets shall be determined as percentages of the allotment for a one-person household under the thrifty food plan as defined by the United States Department of Agriculture. The types of diets and the percentages of the thrifty food plan that are covered are as follows:

(1) high protein diet, at least 80 grams daily, 25 percent of thrifty food plan;

(d) A fee for guardian or conservator service is allowed at a reasonable rate negotiated by the county or approved by the court. This rate shall not exceed five percent of the assistance unit's gross monthly income up to a maximum of $100 per month. If the guardian or conservator is a member of the county agency staff, no fee is allowed.

(e) The county agency shall continue to pay a monthly allowance of $68 for restaurant meals for a person who was receiving a restaurant meal allowance on June 1, 1990, and who eats two or more meals in a restaurant daily. The allowance must continue until the person has not received Minnesota supplemental aid for one full calendar month or until the person's living arrangement

changes and the person no longer meets the criteria for the restaurant meal allowance, whichever occurs first.

(f) A fee equal to the maximum monthly amount allowed by the Social Security Administration is allowed for representative payee services provided by an agency that meets the requirements under SSI regulations to charge a fee for representative payee services. This special need is available to all recipients of Minnesota supplemental aid regardless of their living arrangement.

(3) "Housing assistance" means that the assistance unit incurs monthly shelter costs that exceed 40 percent of the assistance unit's gross income before the application of this special needs standard. "Gross income" for the purposes of this section is the applicant's or recipient's income as defined in section 256D.35, subdivision 10, or the standard specified in subdivision 3, paragraph (a) or (b), whichever is greater. A recipient of a federal or state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be considered in need of housing assistance for purposes of this paragraph.

Subd. 2. **Activities pending completion of background study.** The subject of a background study may not perform any activity requiring a background study under paragraph (c) until the commissioner has issued one of the notices under paragraph (a).

The notice that more time is needed to complete the study must also indicate whether the individual is required to be under continuous direct supervision prior to completion of the background study. When more time is necessary to complete a background study of an individual affiliated with a Title IV-E eligible children's residential facility or foster residence setting, the individual may not work in the facility or setting regardless of whether or not the individual is supervised;

(2) a notice that a disqualification has been set aside under section 245C.23; or

(3) a notice that a variance has been granted related to the individual under section 245C.30.

(b) For a background study affiliated with a licensed child care center or certified license-exempt child care center, the notice sent under paragraph (a), clause (1), item (ii), must not be issued until the commissioner receives a qualifying result for the individual for the fingerprint-based national criminal history record check or the fingerprint-based criminal history information from the Bureau of Criminal Apprehension. The notice must require the individual to be under continuous direct supervision prior to completion of the remainder of the background study except as permitted in subdivision 3.

(2) living in the household where the licensed program will be provided;

(ii) disqualified, but the personal care assistant has received a set aside of the disqualification under section 245C.22.

EFFECTIVE DATE. This section is effective January 15, 2026.

Sec. 2. Minnesota Statutes 2024, section 245C.14, is amended by adding a subdivision to read:

EFFECTIVE DATE. This section is effective July 1, 2025.

DEPARTMENT OF HUMAN SERVICES PROGRAM INTEGRITY

Section 1. Minnesota Statutes 2024, section 13.46, subdivision 3, is amended to read:

Subd. 3. **Investigative data.** (a) Data on persons, including data on vendors of services, licensees, and applicants that is collected, maintained, used, or disseminated by the welfare system in an investigation, authorized by statute, and relating to the enforcement of rules or law are confidential data on individuals pursuant to section 13.02, subdivision 3, or protected nonpublic data not on individuals pursuant to section 13.02, subdivision 13, and shall not be disclosed except:

(1) pursuant to section 13.05;

(2) pursuant to statute or valid court order;

(3) to a party named in a civil or criminal proceeding, administrative or judicial, for preparation of defense;

(4) to an agent ~~of the welfare system~~ or ~~an~~ investigator acting on behalf of a county, state, or federal government, including a law enforcement officer or attorney in the investigation or prosecution of a criminal, civil, or administrative proceeding, unless the commissioner of human services or commissioner of children, youth, and families determines that disclosure may compromise a Department of Human Services or Department of Children, Youth, and Families ongoing investigation; or

(5) to provide notices required or permitted by statute.

The data referred to in this subdivision shall be classified as public data upon submission to an administrative law judge or court in an administrative or judicial proceeding. Inactive welfare investigative data shall be treated as provided in section 13.39, subdivision 3.

(b) Notwithstanding any other provision in law, the commissioner of human services shall provide all active and inactive investigative data, including the name of the reporter of alleged maltreatment under section 626.557 or chapter 260E, to the ombudsman for mental health and developmental disabilities upon the request of the ombudsman.

(c) Notwithstanding paragraph (a) and section 13.39, the existence of an investigation by the commissioner of human services of possible overpayments of public funds to a service provider or recipient or the reduction or withholding of payments may be disclosed if the commissioner determines that it will not compromise the investigation.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 2. Minnesota Statutes 2024, section 245.095, subdivision 5, is amended to read:

Subd. 5. **Withholding of payments.** (a) Except as otherwise provided by state or federal law, the commissioner may withhold payments to a provider, vendor, individual, associated individual, or associated entity in any program administered by the commissioner if the commissioner determines:

(1) there is a credible allegation of fraud for which an investigation is pending for a program administered by a Minnesota state or federal agency.;

(2) the individual, the entity, or an associated individual or entity was convicted of a crime charged in state or federal court with an offense that involves fraud or theft against a program administered by the commissioner or another Minnesota state or federal agency. For purposes of this subdivision, "convicted" means a judgment of conviction has been entered by a federal, state, or local court, regardless of whether an appeal from the judgment is pending, and includes a stay of adjudication, a court-ordered diversion program, or a plea of guilty or nolo contendere;

(3) the provider is operating after a Minnesota state or federal agency orders the suspension, revocation, or decertification of the provider's license;

(4) the provider, vendor, associated individual, or associated entity, including those receiving funds under any contract or registered program, has a background study disqualification under chapter 245C that has not been set aside and for which no variance has been issued, except for a disqualification under sections 245C.14, subdivision 5, and 245C.15, subdivision 4c; or

(5) by a preponderance of the evidence that the provider, vendor, individual, associated individual, or associated entity intentionally provided materially false information on the provider's billing forms.

(b) For purposes of this subdivision, "credible allegation of fraud" means an allegation that has been verified by the commissioner from any source, including but not limited to:

(1) fraud hotline complaints;

(2) claims data mining;

(3) patterns identified through provider audits, civil false claims cases, and law enforcement investigations; and

(4) court filings and other legal documents, including but not limited to police reports, complaints, indictments, informations, affidavits, declarations, and search warrants.

(c) The commissioner must send notice of the withholding of payments within five days of taking such action. The notice must:

(1) state that payments are being withheld according to this subdivision;

(2) set forth the general allegations related to the withholding action, except the notice need not disclose specific information concerning an ongoing investigation;

(3) state that the withholding is for a temporary period and cite the circumstances under which the withholding will be terminated; and

(4) inform the provider, vendor, individual, associated individual, or associated entity of the right to submit written evidence to contest the withholding action for consideration by the commissioner.

(d) If the commissioner withholds payments under this subdivision, the provider, vendor, individual, associated individual, or associated entity has a right to request administrative reconsideration. A request for administrative reconsideration must be made in writing, state with specificity the reasons the payment withholding decision is in error, and include documents to support the request. Within 60 days from receipt of the request, the commissioner shall judiciously review allegations, facts, evidence available to the commissioner, and information submitted by the provider, vendor, individual, associated individual, or associated entity to determine whether the payment withholding should remain in place.

(e) The commissioner shall stop withholding payments if the commissioner determines there is insufficient evidence of fraud by the provider, vendor, individual, associated individual, or associated entity or when legal proceedings relating to the alleged fraud are completed, unless the commissioner has sent notice under subdivision 3 to the provider, vendor, individual, associated individual, or associated entity.

(f) The withholding of payments is a temporary action and is not subject to appeal under section 256.045 or chapter 14.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 3. Minnesota Statutes 2024, section 245.095, is amended by adding a subdivision to read:

Subd. 6. **Data practices.** The commissioner may exchange information, including claims data, with state or federal agencies, professional boards, departments, or programs for the purpose of investigating or prosecuting a criminal, civil, or administrative proceeding related to suspected fraud or exclusion from any program administered by a state or federal agency.

Sec. 4. Minnesota Statutes 2024, section 245A.04, subdivision 1, is amended to read:

Subdivision 1. **Application for licensure.** (a) An individual, organization, or government entity that is subject to licensure under section 245A.03 must apply for a license. The application must be made on the forms and in the manner prescribed by the commissioner. The commissioner shall

provide the applicant with instruction in completing the application and provide information about the rules and requirements of other state agencies that affect the applicant. An applicant seeking licensure in Minnesota with headquarters outside of Minnesota must have a program office located within 30 miles of the Minnesota border. An applicant who intends to buy or otherwise acquire a program or services licensed under this chapter that is owned by another license holder must apply for a license under this chapter and comply with the application procedures in this section and section 245A.043.

The commissioner shall act on the application within 90 working days after a complete application and any required reports have been received from other state agencies or departments, counties, municipalities, or other political subdivisions. The commissioner shall not consider an application to be complete until the commissioner receives all of the required information. If the applicant or a controlling individual is the subject of a pending administrative, civil, or criminal investigation, the application is not complete until the investigation has closed or the related legal proceedings are complete.

When the commissioner receives an application for initial licensure that is incomplete because the applicant failed to submit required documents or that is substantially deficient because the documents submitted do not meet licensing requirements, the commissioner shall provide the applicant written notice that the application is incomplete or substantially deficient. In the written notice to the applicant the commissioner shall identify documents that are missing or deficient and give the applicant 45 days to resubmit a second application that is substantially complete. An applicant's failure to submit a substantially complete application after receiving notice from the commissioner is a basis for license denial under section 245A.043.

(b) An application for licensure must identify all controlling individuals as defined in section 245A.02, subdivision 5a, and must designate one individual to be the authorized agent. The application must be signed by the authorized agent and must include the authorized agent's first, middle, and last name; mailing address; and email address. By submitting an application for licensure, the authorized agent consents to electronic communication with the commissioner throughout the application process. The authorized agent must be authorized to accept service on behalf of all of the controlling individuals. A government entity that holds multiple licenses under this chapter may designate one authorized agent for all licenses issued under this chapter or may designate a different authorized agent for each license. Service on the authorized agent is service on all of the controlling individuals. It is not a defense to any action arising under this chapter that service was not made on each controlling individual. The designation of a controlling individual as the authorized agent under this paragraph does not affect the legal responsibility of any other controlling individual under this chapter.

(c) An applicant or license holder must have a policy that prohibits license holders, employees, subcontractors, and volunteers, when directly responsible for persons served by the program, from abusing prescription medication or being in any manner under the influence of a chemical that impairs the individual's ability to provide services or care. The license holder must train employees, subcontractors, and volunteers about the program's drug and alcohol policy.

(d) An applicant and license holder must have a program grievance procedure that permits persons served by the program and their authorized representatives to bring a grievance to the highest level of authority in the program.

(e) The commissioner may limit communication during the application process to the authorized agent or the controlling individuals identified on the license application and for whom a background study was initiated under chapter 245C. Upon implementation of the provider licensing and reporting hub, applicants and license holders must use the hub in the manner prescribed by the commissioner. The commissioner may require the applicant, except for child foster care, to demonstrate competence in the applicable licensing requirements by successfully completing a written examination. The commissioner may develop a prescribed written examination format.

(f) When an applicant is an individual, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Social Security number or Minnesota tax identification number, and federal employer identification number if the applicant has employees;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, if any;

(3) if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(4) if applicable, the applicant's National Provider Identifier (NPI) number and Unique Minnesota Provider Identifier (UMPI) number; and

(5) at the request of the commissioner, the notarized signature of the applicant or authorized agent.

(g) When an applicant is an organization, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Minnesota tax identification number and federal employer identification number;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, and if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(3) the first, middle, and last name, and address for all individuals who will be controlling individuals, including all officers, owners, and managerial officials as defined in section 245A.02, subdivision 5a, and the date that the background study was initiated by the applicant for each controlling individual;

(4) if applicable, the applicant's NPI number and UMPI number;

(5) the documents that created the organization and that determine the organization's internal governance and the relations among the persons that own the organization, have an interest in the organization, or are members of the organization, in each case as provided or authorized by the organization's governing statute, which may include a partnership agreement, bylaws, articles of organization, organizational chart, and operating agreement, or comparable documents as provided in the organization's governing statute; and

(6) the notarized signature of the applicant or authorized agent.

(h) When the applicant is a government entity, the applicant must provide:

(1) the name of the government agency, political subdivision, or other unit of government seeking the license and the name of the program or services that will be licensed;

(2) the applicant's taxpayer identification numbers including the Minnesota tax identification number and federal employer identification number;

(3) a letter signed by the manager, administrator, or other executive of the government entity authorizing the submission of the license application; and

(4) if applicable, the applicant's NPI number and UMPI number.

(i) At the time of application for licensure or renewal of a license under this chapter, the applicant or license holder must acknowledge on the form provided by the commissioner if the applicant or license holder elects to receive any public funding reimbursement from the commissioner for services provided under the license that:

(1) the applicant's or license holder's compliance with the provider enrollment agreement or registration requirements for receipt of public funding may be monitored by the commissioner as part of a licensing investigation or licensing inspection; and

(2) noncompliance with the provider enrollment agreement or registration requirements for receipt of public funding that is identified through a licensing investigation or licensing inspection, or noncompliance with a licensing requirement that is a basis of enrollment for reimbursement for a service, may result in:

(i) a correction order or a conditional license under section 245A.06, or sanctions under section 245A.07;

(ii) nonpayment of claims submitted by the license holder for public program reimbursement;

(iii) recovery of payments made for the service;

(iv) disenrollment in the public payment program; or

(v) other administrative, civil, or criminal penalties as provided by law.

Sec. 5. Minnesota Statutes 2024, section 245A.05, is amended to read:

245A.05 DENIAL OF APPLICATION.

(a) The commissioner may deny a license if an applicant or controlling individual:

(1) fails to submit a substantially complete application after receiving notice from the commissioner under section 245A.04, subdivision 1;

(2) fails to comply with applicable laws or rules;

(3) knowingly withholds relevant information from or gives false or misleading information to the commissioner in connection with an application for a license or during an investigation;

(4) has a disqualification that has not been set aside under section 245C.22 and no variance has been granted;

(5) has an individual living in the household who received a background study under section 245C.03, subdivision 1, paragraph (a), clause (2), who has a disqualification that has not been set aside under section 245C.22, and no variance has been granted;

(6) is associated with an individual who received a background study under section 245C.03, subdivision 1, paragraph (a), clause (6), who may have unsupervised access to children or vulnerable adults, and who has a disqualification that has not been set aside under section 245C.22, and no variance has been granted;

(7) fails to comply with section 245A.04, subdivision 1, paragraph (f) or (g);

(8) fails to demonstrate competent knowledge as required by section 245A.04, subdivision 6;

(9) has a history of noncompliance as a license holder or controlling individual with applicable laws or rules, including but not limited to this chapter and chapters 142E and 245C; ~~or~~

(10) is prohibited from holding a license according to section 245.095~~.~~<u>; or</u>

<u>(11) is the subject of a pending administrative, civil, or criminal investigation.</u>

(b) An applicant whose application has been denied by the commissioner must be given notice of the denial, which must state the reasons for the denial in plain language. Notice must be given by certified mail, by personal service, or through the provider licensing and reporting hub. The notice must state the reasons the application was denied and must inform the applicant of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The applicant may appeal the denial by notifying the commissioner in writing by certified mail, by personal service, or through the provider licensing and reporting hub. If mailed, the appeal must be postmarked and sent to the commissioner within 20 calendar days after the applicant received the notice of denial. If an appeal request is made by personal service, it must be received by the commissioner within 20 calendar days after the applicant received the notice of denial. If the order is issued through the provider hub, the appeal must be received by the commissioner within 20 calendar days from the date the commissioner issued the order through the hub. Section 245A.08 applies to hearings held to appeal the commissioner's denial of an application.

Sec. 6. Minnesota Statutes 2024, section 245A.07, subdivision 2, is amended to read:

Subd. 2. **Temporary immediate suspension.** (a) The commissioner shall act immediately to temporarily suspend a license issued under this chapter if:

(1) the license holder's <u>or controlling individual's</u> actions or failure to comply with applicable law or rule, or the actions of other individuals or conditions in the program, pose an imminent risk of harm to the health, safety, or rights of persons served by the program;

(2) while the program continues to operate pending an appeal of an order of revocation, the commissioner identifies one or more subsequent violations of law or rule which may adversely affect the health or safety of persons served by the program; or

(3) the license holder or controlling individual is criminally charged in state or federal court with an offense that involves fraud or theft against a program administered by ~~the commissioner~~ a state or federal agency.

(b) No state funds shall be made available or be expended by any agency or department of state, county, or municipal government for use by a license holder regulated under this chapter while a license issued under this chapter is under immediate suspension. A notice stating the reasons for the immediate suspension and informing the license holder of the right to an expedited hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612, must be delivered by personal service to the address shown on the application or the last known address of the license holder. The license holder may appeal an order immediately suspending a license. The appeal of an order immediately suspending a license must be made in writing by certified mail, personal service, or other means expressly set forth in the commissioner's order. If mailed, the appeal must be postmarked and sent to the commissioner within five calendar days after the license holder receives notice that the license has been immediately suspended. If a request is made by personal service, it must be received by the commissioner within five calendar days after the license holder received the order. A license holder and any controlling individual shall discontinue operation of the program upon receipt of the commissioner's order to immediately suspend the license.

(c) The commissioner may act immediately to temporarily suspend a license issued under this chapter if the license holder or controlling individual is the subject of a pending administrative, civil, or criminal investigation or subject to an administrative or civil action related to fraud against a program administered by a state or federal agency.

Sec. 7. Minnesota Statutes 2024, section 254B.06, is amended by adding a subdivision to read:

Subd. 5. **Prohibition of duplicative claim submission.** (a) For time-based claims, submissions must follow the guidelines in the Centers for Medicare and Medicaid Services' Healthcare Common Procedure Coding System and the American Medical Association's Current Procedural Terminology to determine the appropriate units of time to report.

(b) More than half the duration of a time-based code must be spent performing the service to be eligible under this section. Any provision of service during the remaining balance of the unit of time is not eligible for any other claims submission and would be considered a duplicative claim submission.

(c) A provider may only round up to the next whole number of service units on a submitted claim when more than one and one-half times the defined value of the code has occurred and no additional time increment code exists.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 8. Minnesota Statutes 2024, section 256.983, subdivision 4, is amended to read:

Subd. 4. **Funding.** (a) County and Tribal agency reimbursement shall be made through the settlement provisions applicable to the Supplemental Nutrition Assistance Program (SNAP), MFIP, child care assistance programs, the medical assistance program, and other federal and state-funded programs.

(b) The commissioners will maintain program compliance if for any ~~three consecutive month period~~ quarter, a county or Tribal agency fails to comply with fraud prevention investigation program guidelines, or fails to meet the cost-effectiveness standards developed by the commissioners. This result is contingent on the commissioners providing written notice, including an offer of technical assistance, within 30 days of the end of the ~~third or subsequent month~~ quarter of noncompliance. The county or Tribal agency shall be required to submit a corrective action plan to the commissioners within 30 days of receipt of a notice of noncompliance. Failure to submit a corrective action plan or, continued deviation from standards of more than ten percent after submission of a corrective action plan, will result in denial of funding for each subsequent month, or billing the county or Tribal agency for fraud prevention investigation (FPI) service provided by the commissioners, or reallocation of program grant funds, or investigative resources, or both, to other counties or Tribal agencies. The denial of funding shall apply to the general settlement received by the county or Tribal agency on a quarterly basis and shall not reduce the grant amount applicable to the FPI project.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 9. Minnesota Statutes 2024, section 256B.04, subdivision 21, is amended to read:

Subd. 21. **Provider enrollment.** (a) The commissioner shall enroll providers and conduct screening activities as required by Code of Federal Regulations, title 42, section 455, subpart E. A provider must enroll each provider-controlled location where direct services are provided. The commissioner may deny a provider's incomplete application if a provider fails to respond to the commissioner's request for additional information within 60 days of the request. The commissioner must conduct a background study under chapter 245C, including a review of databases in section 245C.08, subdivision 1, paragraph (a), clauses (1) to (5), for a provider described in this paragraph. The background study requirement may be satisfied if the commissioner conducted a fingerprint-based background study on the provider that includes a review of databases in section 245C.08, subdivision 1, paragraph (a), clauses (1) to (5).

(b) The commissioner shall revalidate ~~each~~:

(1) each provider under this subdivision at least once every five years; ~~and~~

(2) each personal care assistance agency under this subdivision once every three years~~.~~; and

(3) at the commissioner's discretion, any other Medicaid-only provider type the commissioner deems "high risk" under this subdivision.

(c) The commissioner shall conduct revalidation as follows:

(1) provide 30-day notice of the revalidation due date including instructions for revalidation and a list of materials the provider must submit;

(2) if a provider fails to submit all required materials by the due date, notify the provider of the deficiency within 30 days after the due date and allow the provider an additional 30 days from the notification date to comply; and

(3) if a provider fails to remedy a deficiency within the 30-day time period, give 60-day notice of termination and immediately suspend the provider's ability to bill. The provider does not have the right to appeal suspension of ability to bill.

(d) If a provider fails to comply with any individual provider requirement or condition of participation, the commissioner may suspend the provider's ability to bill until the provider comes into compliance. The commissioner's decision to suspend the provider is not subject to an administrative appeal.

(e) Correspondence and notifications, including notifications of termination and other actions, may be delivered electronically to a provider's MN-ITS mailbox. This paragraph does not apply to correspondences and notifications related to background studies.

(f) If the commissioner or the Centers for Medicare and Medicaid Services determines that a provider is designated "high-risk," the commissioner may withhold payment from providers within that category upon initial enrollment for a 90-day period. The withholding for each provider must begin on the date of the first submission of a claim.

(g) An enrolled provider that is also licensed by the commissioner under chapter 245A, is licensed as a home care provider by the Department of Health under chapter 144A, or is licensed as an assisted living facility under chapter 144G and has a home and community-based services designation on the home care license under section 144A.484, must designate an individual as the entity's compliance officer. The compliance officer must:

(1) develop policies and procedures to assure adherence to medical assistance laws and regulations and to prevent inappropriate claims submissions;

(2) train the employees of the provider entity, and any agents or subcontractors of the provider entity including billers, on the policies and procedures under clause (1);

(3) respond to allegations of improper conduct related to the provision or billing of medical assistance services, and implement action to remediate any resulting problems;

(4) use evaluation techniques to monitor compliance with medical assistance laws and regulations;

(5) promptly report to the commissioner any identified violations of medical assistance laws or regulations; and

(6) within 60 days of discovery by the provider of a medical assistance reimbursement overpayment, report the overpayment to the commissioner and make arrangements with the commissioner for the commissioner's recovery of the overpayment.

The commissioner may require, as a condition of enrollment in medical assistance, that a provider within a particular industry sector or category establish a compliance program that contains the core elements established by the Centers for Medicare and Medicaid Services.

(h) The commissioner may revoke the enrollment of an ordering or rendering provider for a period of not more than one year, if the provider fails to maintain and, upon request from the commissioner, provide access to documentation relating to written orders or requests for payment

for durable medical equipment, certifications for home health services, or referrals for other items or services written or ordered by such provider, when the commissioner has identified a pattern of a lack of documentation. A pattern means a failure to maintain documentation or provide access to documentation on more than one occasion. Nothing in this paragraph limits the authority of the commissioner to sanction a provider under the provisions of section 256B.064.

(i) The commissioner shall terminate or deny the enrollment of any individual or entity if the individual or entity has been terminated from participation in Medicare or under the Medicaid program or Children's Health Insurance Program of any other state. The commissioner may exempt a rehabilitation agency from termination or denial that would otherwise be required under this paragraph, if the agency:

(1) is unable to retain Medicare certification and enrollment solely due to a lack of billing to the Medicare program;

(2) meets all other applicable Medicare certification requirements based on an on-site review completed by the commissioner of health; and

(3) serves primarily a pediatric population.

(j) As a condition of enrollment in medical assistance, the commissioner shall require that a provider designated "moderate" or "high-risk" by the Centers for Medicare and Medicaid Services or the commissioner permit the Centers for Medicare and Medicaid Services, its agents, or its designated contractors and the state agency, its agents, or its designated contractors to conduct unannounced on-site inspections of any provider location. The commissioner shall publish in the Minnesota Health Care Program Provider Manual a list of provider types designated "limited," "moderate," or "high-risk," based on the criteria and standards used to designate Medicare providers in Code of Federal Regulations, title 42, section 424.518. The list and criteria are not subject to the requirements of chapter 14. The commissioner's designations are not subject to administrative appeal.

(k) As a condition of enrollment in medical assistance, the commissioner shall require that a high-risk provider, or a person with a direct or indirect ownership interest in the provider of five percent or higher, consent to criminal background checks, including fingerprinting, when required to do so under state law or by a determination by the commissioner or the Centers for Medicare and Medicaid Services that a provider is designated high-risk for fraud, waste, or abuse.

(l)(1) Upon initial enrollment, reenrollment, and notification of revalidation, all durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) medical suppliers meeting the durable medical equipment provider and supplier definition in clause (3), operating in Minnesota and receiving Medicaid funds must purchase a surety bond that is annually renewed and designates the Minnesota Department of Human Services as the obligee, and must be submitted in a form approved by the commissioner. For purposes of this clause, the following medical suppliers are not required to obtain a surety bond: a federally qualified health center, a home health agency, the Indian Health Service, a pharmacy, and a rural health clinic.

(2) At the time of initial enrollment or reenrollment, durable medical equipment providers and suppliers defined in clause (3) must purchase a surety bond of $50,000. If a revalidating provider's Medicaid revenue in the previous calendar year is up to and including $300,000, the provider agency must purchase a surety bond of $50,000. If a revalidating provider's Medicaid revenue in the previous

calendar year is over $300,000, the provider agency must purchase a surety bond of $100,000. The surety bond must allow for recovery of costs and fees in pursuing a claim on the bond. Any action to obtain monetary recovery or sanctions from a surety bond must occur within six years from the date the debt is affirmed by a final agency decision. An agency decision is final when the right to appeal the debt has been exhausted or the time to appeal has expired under section 256B.064.

(3) "Durable medical equipment provider or supplier" means a medical supplier that can purchase medical equipment or supplies for sale or rental to the general public and is able to perform or arrange for necessary repairs to and maintenance of equipment offered for sale or rental.

(m) The Department of Human Services may require a provider to purchase a surety bond as a condition of initial enrollment, reenrollment, reinstatement, or continued enrollment if: (1) the provider fails to demonstrate financial viability, (2) the department determines there is significant evidence of or potential for fraud and abuse by the provider, or (3) the provider or category of providers is designated high-risk pursuant to paragraph (f) and as per Code of Federal Regulations, title 42, section 455.450. The surety bond must be in an amount of $100,000 or ten percent of the provider's payments from Medicaid during the immediately preceding 12 months, whichever is greater. The surety bond must name the Department of Human Services as an obligee and must allow for recovery of costs and fees in pursuing a claim on the bond. This paragraph does not apply if the provider currently maintains a surety bond under the requirements in section 256B.0659 or 256B.85.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 10. Minnesota Statutes 2024, section 256B.0659, subdivision 21, is amended to read:

The revenue generated by the qualified professional and the reasonable costs associated with the qualified professional shall not be used in making this calculation; and

(13) effective May 15, 2010, documentation that the agency does not burden recipients' free exercise of their right to choose service providers by requiring personal care assistants to sign an agreement not to work with any particular personal care assistance recipient or for another personal care assistance provider agency after leaving the agency and that the agency is not taking action on any such agreements or requirements regardless of the date signed.

(b) Personal care assistance provider agencies shall provide the information specified in paragraph (a) to the commissioner at the time the personal care assistance provider agency enrolls as a vendor or upon request from the commissioner. The commissioner shall collect the information specified in paragraph (a) from all personal care assistance providers beginning July 1, 2009.

Employees in management and supervisory positions and owners who are active in the day-to-day operations of an agency who have completed the required training as an employee with a personal care assistance provider agency do not need to repeat the required training if they are hired by another agency, if they have completed the training within the past three years. By September 1, 2010, the required training must be available with meaningful access according to title VI of the Civil Rights Act and federal regulations adopted under that law or any guidance from the United States Health and Human Services Department. The required training must be available online or by electronic remote connection. The required training must provide for competency testing. ARTICLE 15

DEPARTMENT OF HUMAN SERVICES OFFICE OF THE INSPECTOR GENERAL POLICY

Section 1. Minnesota Statutes 2024, section 142E.51, subdivision 5, is amended to read:

Subd. 5. **Administrative disqualification of child care providers caring for children receiving child care assistance.** (a) The department shall pursue an administrative disqualification, if the child care provider is accused of committing an intentional program violation, in lieu of a criminal action when it has not been pursued. Intentional program violations include intentionally making false or misleading statements; receiving or providing a kickback, as defined in subdivision 6, paragraph (b); intentionally misrepresenting, concealing, or withholding facts; and repeatedly and intentionally violating program regulations under this chapter. Intent may be proven by demonstrating a pattern of conduct that violates program rules under this chapter.

(b) To initiate an administrative disqualification, the commissioner must send written notice using a signature-verified confirmed delivery method to the provider against whom the action is being taken. Unless otherwise specified under this chapter or Minnesota Rules, chapter 3400, the commissioner must send the written notice at least 15 calendar days before the adverse action's effective date. The notice shall state (1) the factual basis for the agency's determination, (2) the

action the agency intends to take, (3) the dollar amount of the monetary recovery or recoupment, if known, and (4) the provider's right to appeal the agency's proposed action.

(c) The provider may appeal an administrative disqualification by submitting a written request to the state agency. A provider's request must be received by the state agency no later than 30 days after the date the commissioner mails the notice.

(d) The provider's appeal request must contain the following:

(1) each disputed item, the reason for the dispute, and, if applicable, an estimate of the dollar amount involved for each disputed item;

(2) the computation the provider believes to be correct, if applicable;

(3) the statute or rule relied on for each disputed item; and

(4) the name, address, and telephone number of the person at the provider's place of business with whom contact may be made regarding the appeal.

(e) On appeal, the issuing agency bears the burden of proof to demonstrate by a preponderance of the evidence that the provider committed an intentional program violation.

(f) The hearing is subject to the requirements of section 142A.20. The human services judge may combine a fair hearing and administrative disqualification hearing into a single hearing if the factual issues arise out of the same or related circumstances and the provider receives prior notice that the hearings will be combined.

(g) A provider found to have committed an intentional program violation and is administratively disqualified must be disqualified, for a period of three years for the first offense and permanently for any subsequent offense, from receiving any payments from any child care program under this chapter.

(h) Unless a timely and proper appeal made under this section is received by the department, the administrative determination of the department is final and binding.

Sec. 2. Minnesota Statutes 2024, section 142E.51, subdivision 6, is amended to read:

Subd. 6. **Prohibited hiring ~~practice~~ practices.** (a) It is prohibited to hire a child care center employee when, as a condition of employment, the employee is required to have one or more children who are eligible for or receive child care assistance, if:

(1) the individual hiring the employee is, or is acting at the direction of or in cooperation with, a child care center provider, center owner, director, manager, license holder, or other controlling individual; and

(2) the individual hiring the employee knows or has reason to know the purpose in hiring the employee is to obtain child care assistance program funds.

(b) Program applicants, participants, and providers are prohibited from receiving or providing a kickback or payment in exchange for obtaining or attempting to obtain child care assistance benefits for their own financial gain. This paragraph does not apply to:

(1) marketing or promotional offerings that directly benefit an applicant or recipient's child or dependent for whom the child care provider is providing child care services; or

(2) child care provider discounts, scholarships, or other financial assistance allowed under section 142E.17, subdivision 7.

(c) An attempt to buy or sell access to a family's child care subsidy benefits to an unauthorized person by an applicant, a participant, or a provider is a kickback, an intentional program violation under subdivision 5, and wrongfully obtaining assistance under section 256.98.

Sec. 3. Minnesota Statutes 2024, section 245A.04, subdivision 1, is amended to read:

Subdivision 1. **Application for licensure.** (a) An individual, organization, or government entity that is subject to licensure under section 245A.03 must apply for a license. The application must be made on the forms and in the manner prescribed by the commissioner. The commissioner shall provide the applicant with instruction in completing the application and provide information about the rules and requirements of other state agencies that affect the applicant. An applicant seeking licensure in Minnesota with headquarters outside of Minnesota must have a program office located within 30 miles of the Minnesota border. An applicant who intends to buy or otherwise acquire a program or services licensed under this chapter that is owned by another license holder must apply for a license under this chapter and comply with the application procedures in this section and section 245A.043.

The commissioner shall act on the application within 90 working days after a complete application and any required reports have been received from other state agencies or departments, counties, municipalities, or other political subdivisions. The commissioner shall not consider an application to be complete until the commissioner receives all of the required information.

When the commissioner receives an application for initial licensure that is incomplete because the applicant failed to submit required documents or that is substantially deficient because the documents submitted do not meet licensing requirements, the commissioner shall provide the applicant written notice that the application is incomplete or substantially deficient. In the written notice to the applicant the commissioner shall identify documents that are missing or deficient and give the applicant 45 days to resubmit a second application that is substantially complete. An applicant's failure to submit a substantially complete application after receiving notice from the commissioner is a basis for license denial under section 245A.043.

(b) An application for licensure must identify all controlling individuals as defined in section 245A.02, subdivision 5a, and must designate one individual to be the authorized agent. The application must be signed by the authorized agent and must include the authorized agent's first, middle, and last name; mailing address; and email address. By submitting an application for licensure, the authorized agent consents to electronic communication with the commissioner throughout the application process. The authorized agent must be authorized to accept service on behalf of all of the controlling individuals. A government entity that holds multiple licenses under this chapter may designate one authorized agent for all licenses issued under this chapter or may designate a different

authorized agent for each license. Service on the authorized agent is service on all of the controlling individuals. It is not a defense to any action arising under this chapter that service was not made on each controlling individual. The designation of a controlling individual as the authorized agent under this paragraph does not affect the legal responsibility of any other controlling individual under this chapter.

(c) An applicant or license holder must have a policy that prohibits license holders, employees, subcontractors, and volunteers, when directly responsible for persons served by the program, from abusing prescription medication or being in any manner under the influence of a chemical that impairs the individual's ability to provide services or care. The license holder must train employees, subcontractors, and volunteers about the program's drug and alcohol policy before the employee, subcontractor, or volunteer has direct contact, as defined in section 245C.02, subdivision 11, with a person served by the program.

(d) An applicant and license holder must have a program grievance procedure that permits persons served by the program and their authorized representatives to bring a grievance to the highest level of authority in the program.

(e) The commissioner may limit communication during the application process to the authorized agent or the controlling individuals identified on the license application and for whom a background study was initiated under chapter 245C. Upon implementation of the provider licensing and reporting hub, applicants and license holders must use the hub in the manner prescribed by the commissioner. The commissioner may require the applicant, except for child foster care, to demonstrate competence in the applicable licensing requirements by successfully completing a written examination. The commissioner may develop a prescribed written examination format.

(f) When an applicant is an individual, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Social Security number or Minnesota tax identification number, and federal employer identification number if the applicant has employees;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, if any;

(3) if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(4) if applicable, the applicant's National Provider Identifier (NPI) number and Unique Minnesota Provider Identifier (UMPI) number; and

(5) at the request of the commissioner, the notarized signature of the applicant or authorized agent.

(g) When an applicant is an organization, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Minnesota tax identification number and federal employer identification number;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, and if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(3) the first, middle, and last name, and address for all individuals who will be controlling individuals, including all officers, owners, and managerial officials as defined in section 245A.02, subdivision 5a, and the date that the background study was initiated by the applicant for each controlling individual;

(4) if applicable, the applicant's NPI number and UMPI number;

(5) the documents that created the organization and that determine the organization's internal governance and the relations among the persons that own the organization, have an interest in the organization, or are members of the organization, in each case as provided or authorized by the organization's governing statute, which may include a partnership agreement, bylaws, articles of organization, organizational chart, and operating agreement, or comparable documents as provided in the organization's governing statute; and

(6) the notarized signature of the applicant or authorized agent.

(h) When the applicant is a government entity, the applicant must provide:

(1) the name of the government agency, political subdivision, or other unit of government seeking the license and the name of the program or services that will be licensed;

(2) the applicant's taxpayer identification numbers including the Minnesota tax identification number and federal employer identification number;

(3) a letter signed by the manager, administrator, or other executive of the government entity authorizing the submission of the license application; and

(4) if applicable, the applicant's NPI number and UMPI number.

(i) At the time of application for licensure or renewal of a license under this chapter, the applicant or license holder must acknowledge on the form provided by the commissioner if the applicant or license holder elects to receive any public funding reimbursement from the commissioner for services provided under the license that:

(1) the applicant's or license holder's compliance with the provider enrollment agreement or registration requirements for receipt of public funding may be monitored by the commissioner as part of a licensing investigation or licensing inspection; and

(2) noncompliance with the provider enrollment agreement or registration requirements for receipt of public funding that is identified through a licensing investigation or licensing inspection, or noncompliance with a licensing requirement that is a basis of enrollment for reimbursement for a service, may result in:

(i) a correction order or a conditional license under section 245A.06, or sanctions under section 245A.07;

(ii) nonpayment of claims submitted by the license holder for public program reimbursement;

(iii) recovery of payments made for the service;

(iv) disenrollment in the public payment program; or

(v) other administrative, civil, or criminal penalties as provided by law.

Sec. 4. Minnesota Statutes 2024, section 245A.04, subdivision 7, is amended to read:

Subd. 7. **Grant of license; license extension.** (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license consistent with this section or, if applicable, a temporary change of ownership license under section 245A.043. At minimum, the license shall state:

(1) the name of the license holder;

(2) the address of the program;

(3) the effective date and expiration date of the license;

(4) the type of license;

(5) the maximum number and ages of persons that may receive services from the program; and

(6) any special conditions of licensure.

(b) The commissioner may issue a license for a period not to exceed two years if:

(1) the commissioner is unable to conduct the observation required by subdivision 4, paragraph (a), clause (3), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

(c) A decision by the commissioner to issue a license does not guarantee that any person or persons will be placed or cared for in the licensed program.

(d) Except as provided in paragraphs (i) and (j), the commissioner shall not issue a license if the applicant, license holder, or an affiliated controlling individual has:

(1) been disqualified and the disqualification was not set aside and no variance has been granted;

(2) been denied a license under this chapter or chapter 142B within the past two years;

(3) had a license issued under this chapter or chapter 142B revoked within the past five years; or

CHILD PROTECTION AND WELFARE

Section 1. Minnesota Statutes 2024, section 142A.03, subdivision 2, is amended to read:

Subd. 2. **Duties of the commissioner.** (a) The commissioner may apply for and accept on behalf of the state any grants, bequests, gifts, or contributions for the purpose of carrying out the duties and responsibilities of the commissioner. Any money received under this paragraph is appropriated and dedicated for the purpose for which the money is granted. The commissioner must biennially report to the chairs and ranking minority members of relevant legislative committees and divisions by January 15 of each even-numbered year a list of all grants and gifts received under this subdivision.

(b) Pursuant to law, the commissioner may apply for and receive money made available from federal sources for the purpose of carrying out the duties and responsibilities of the commissioner.

(c) The commissioner may make contracts with and grants to Tribal Nations, public and private agencies, for-profit and nonprofit organizations, and individuals using appropriated money.

(d) The commissioner must develop program objectives and performance measures for evaluating progress toward achieving the objectives. The commissioner must identify the objectives, performance measures, and current status of achieving the measures in a biennial report to the chairs and ranking minority members of relevant legislative committees and divisions. The report is due no later than January 15 each even-numbered year. The report must include, when possible, the following objectives:

(1) centering and including the lived experiences of children and youth, including those with disabilities and mental illness and their families, in all aspects of the department's work;

(2) increasing the effectiveness of the department's programs in addressing the needs of children and youth facing racial, economic, or geographic inequities;

(3) increasing coordination and reducing inefficiencies among the department's programs and the funding sources that support the programs;

(4) increasing the alignment and coordination of family access to child care and early learning programs and improving systems of support for early childhood and learning providers and services;

(5) improving the connection between the department's programs and the kindergarten through grade 12 and higher education systems; and

(6) minimizing and streamlining the effort required of youth and families to receive services to which the youth and families are entitled.

(e) The commissioner shall administer and supervise the forms of public assistance and other activities or services that are vested in the commissioner. Administration and supervision of activities or services includes but is not limited to assuring timely and accurate distribution of benefits, completeness of service, and quality program management. In addition to administering and supervising activities vested by law in the department, the commissioner has the authority to:

(1) require county agency participation in training and technical assistance programs to promote compliance with statutes, rules, federal laws, regulations, and policies governing the programs and activities administered by the commissioner;

(2) monitor, on an ongoing basis, the performance of county agencies in the operation and administration of activities and programs; enforce compliance with statutes, rules, federal laws, regulations, and policies governing welfare services; and promote excellence of administration and program operation;

(3) develop a quality control program or other monitoring program to review county performance and accuracy of benefit determinations;

(4) require county agencies to make an adjustment to the public assistance benefits issued to any individual consistent with federal law and regulation and state law and rule and to issue or recover benefits as appropriate;

(5) delay or deny payment of all or part of the state and federal share of benefits and administrative reimbursement according to the procedures set forth in section 142A.10;

(6) make contracts with and grants to public and private agencies and organizations, both for-profit and nonprofit, and individuals, using appropriated funds; and

(7) enter into contractual agreements with federally recognized Indian Tribes with a reservation in Minnesota to the extent necessary for the Tribe to operate a federally approved family assistance program or any other program under the supervision of the commissioner. The commissioner shall consult with the affected county or counties in the contractual agreement negotiations, if the county or counties wish to be included, in order to avoid the duplication of county and Tribal assistance

program services. The commissioner may establish necessary accounts for the purposes of receiving and disbursing funds as necessary for the operation of the programs.

The commissioner shall work in conjunction with the commissioner of human services to carry out the duties of this paragraph when necessary and feasible.

(f) The commissioner shall inform county agencies, on a timely basis, of changes in statute, rule, federal law, regulation, and policy necessary to county agency administration of the programs and activities administered by the commissioner.

(g) The commissioner shall administer and supervise child welfare activities, including promoting the enforcement of laws preventing child maltreatment and protecting children with a disability and children who are in need of protection or services, licensing and supervising child care and child-placing agencies, and supervising the care of children in foster care. The commissioner shall coordinate with the commissioner of human services on activities impacting children overseen by the Department of Human Services, such as disability services, behavioral health, and substance use disorder treatment.

(h) The commissioner shall assist and cooperate with local, state, and federal departments, agencies, and institutions.

(i) The commissioner shall establish and maintain any administrative units reasonably necessary for the performance of administrative functions common to all divisions of the department.

(j) The commissioner shall act as designated guardian of children pursuant to chapter 260C. For children under the guardianship of the commissioner or a Tribe in Minnesota recognized by the Secretary of the Interior whose interests would be best served by adoptive placement, the commissioner may contract with a licensed child-placing agency or a Minnesota Tribal social services agency to provide adoption services. For children in out-of-home care whose interests would be best served by a transfer of permanent legal and physical custody to a relative under section 260C.515, subdivision 4, or equivalent in Tribal code, the commissioner may contract with a licensed child-placing agency or a Minnesota Tribal social services agency to provide permanency services. A contract with a licensed child-placing agency must be designed to supplement existing county efforts and may not replace existing county programs or Tribal social services, unless the replacement is agreed to by the county board and the appropriate exclusive bargaining representative, Tribal governing body, or the commissioner has evidence that child placements of the county continue to be substantially below that of other counties. Funds encumbered and obligated under an agreement for a specific child shall remain available until the terms of the agreement are fulfilled or the agreement is terminated.

(k) The commissioner has the authority to conduct and administer experimental projects to test methods and procedures of administering assistance and services to recipients or potential recipients of public benefits. To carry out the experimental projects, the commissioner may waive the enforcement of existing specific statutory program requirements, rules, and standards in one or more counties. The order establishing the waiver must provide alternative methods and procedures of administration and must not conflict with the basic purposes, coverage, or benefits provided by law. No project under this paragraph shall exceed four years. No order establishing an experimental project as authorized by this paragraph is effective until the following conditions have been met:

(1) the United States Secretary of Health and Human Services has agreed, for the same project, to waive state plan requirements relative to statewide uniformity; and

(2) a comprehensive plan, including estimated project costs, has been approved by the Legislative Advisory Commission and filed with the commissioner of administration.

(l) The commissioner shall, according to federal requirements and in coordination with the commissioner of human services, establish procedures to be followed by local welfare boards in creating citizen advisory committees, including procedures for selection of committee members.

(m) The commissioner shall allocate federal fiscal disallowances or sanctions that are based on quality control error rates for the aid to families with dependent children (AFDC) program formerly codified in sections 256.72 to 256.87 or the Supplemental Nutrition Assistance Program (SNAP) in the following manner:

(1) one-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs. For AFDC, disallowances shall be shared by each county board in the same proportion as that county's expenditures to the total of all counties' expenditures for AFDC. For SNAP, sanctions shall be shared by each county board, with 50 percent of the sanction being distributed to each county in the same proportion as that county's administrative costs for SNAP benefits are to the total of all SNAP administrative costs for all counties, and 50 percent of the sanctions being distributed to each county in the same proportion as that county's value of SNAP benefits issued are to the total of all benefits issued for all counties. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due under this paragraph, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due; and

(2) notwithstanding the provisions of clause (1), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in clause (1), an amount equal to the portion of the total disallowance that resulted from the noncompliance and may distribute the balance of the disallowance according to clause (1).

(n) The commissioner shall develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches $1,000,000. When the balance in the account exceeds $1,000,000, the excess shall be transferred and credited to the general fund. All money in the account is appropriated to the commissioner for the purposes of this paragraph.

(o) The commissioner has the authority to establish and enforce the following county reporting requirements:

(1) the commissioner shall establish fiscal and statistical reporting requirements necessary to account for the expenditure of funds allocated to counties for programs administered by the commissioner. When establishing financial and statistical reporting requirements, the commissioner

shall evaluate all reports, in consultation with the counties, to determine if the reports can be simplified or the number of reports can be reduced;

(2) the county board shall submit monthly or quarterly reports to the department as required by the commissioner. Monthly reports are due no later than 15 working days after the end of the month. Quarterly reports are due no later than 30 calendar days after the end of the quarter, unless the commissioner determines that the deadline must be shortened to 20 calendar days to avoid jeopardizing compliance with federal deadlines or risking a loss of federal funding. Only reports that are complete, legible, and in the required format shall be accepted by the commissioner;

(3) if the required reports are not received by the deadlines established in clause (2), the commissioner may delay payments and withhold funds from the county board until the next reporting period. When the report is needed to account for the use of federal funds and the late report results in a reduction in federal funding, the commissioner shall withhold from the county boards with late reports an amount equal to the reduction in federal funding until full federal funding is received;

(4) a county board that submits reports that are late, illegible, incomplete, or not in the required format for two out of three consecutive reporting periods is considered noncompliant. When a county board is found to be noncompliant, the commissioner shall notify the county board of the reason the county board is considered noncompliant and request that the county board develop a corrective action plan stating how the county board plans to correct the problem. The corrective action plan must be submitted to the commissioner within 45 days after the date the county board received notice of noncompliance;

(5) the final deadline for fiscal reports or amendments to fiscal reports is one year after the date the report was originally due. If the commissioner does not receive a report by the final deadline, the county board forfeits the funding associated with the report for that reporting period and the county board must repay any funds associated with the report received for that reporting period;

(6) the commissioner may not delay payments, withhold funds, or require repayment under clause (3) or (5) if the county demonstrates that the commissioner failed to provide appropriate forms, guidelines, and technical assistance to enable the county to comply with the requirements. If the county board disagrees with an action taken by the commissioner under clause (3) or (5), the county board may appeal the action according to sections 14.57 to 14.69; and

(7) counties subject to withholding of funds under clause (3) or forfeiture or repayment of funds under clause (5) shall not reduce or withhold benefits or services to clients to cover costs incurred due to actions taken by the commissioner under clause (3) or (5).

(p) The commissioner shall allocate federal fiscal disallowances or sanctions for audit exceptions when federal fiscal disallowances or sanctions are based on a statewide random sample in direct proportion to each county's claim for that period.

(q) The commissioner is responsible for ensuring the detection, prevention, investigation, and resolution of fraudulent activities or behavior by applicants, recipients, and other participants in the programs administered by the department. The commissioner shall cooperate with the commissioner of education to enforce the requirements for program integrity and fraud prevention for investigation for child care assistance under chapter 142E.

(r) The commissioner shall require county agencies to identify overpayments, establish claims, and utilize all available and cost-beneficial methodologies to collect and recover these overpayments in the programs administered by the department.

(s) The commissioner shall develop recommended standards for child foster care homes that address the components of specialized therapeutic services to be provided by child foster care homes with those services.

(t) The commissioner shall authorize the method of payment to or from the department as part of the programs administered by the department. This authorization includes the receipt or disbursement of funds held by the department in a fiduciary capacity as part of the programs administered by the department.

(u) In coordination with the commissioner of human services, the commissioner shall create and provide county and Tribal agencies with blank applications, affidavits, and other forms as necessary for public assistance programs.

(v) The commissioner shall cooperate with the federal government and its public welfare agencies in any reasonable manner as may be necessary to qualify for federal aid for temporary assistance for needy families and in conformity with Title I of Public Law 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 and successor amendments, including making reports that contain information required by the federal Social Security Advisory Board and complying with any provisions the board may find necessary to assure the correctness and verification of the reports.

(w) On or before January 15 in each even-numbered year, the commissioner shall make a biennial report to the governor concerning the activities of the agency.

(x) The commissioner shall enter into agreements with other departments of the state as necessary to meet all requirements of the federal government.

(y) The commissioner may cooperate with other state agencies in establishing reciprocal agreements in instances where a child receiving Minnesota family investment program (MFIP) assistance or its out-of-state equivalent moves or contemplates moving into or out of the state, in order that the child may continue to receive MFIP or equivalent aid from the state moved from until the child has resided for one year in the state moved to.

(z) The commissioner shall provide appropriate technical assistance to county agencies to develop methods to have county financial workers remind and encourage recipients of aid to families with dependent children, the Minnesota family investment program, the Minnesota family investment plan, family general assistance, or SNAP benefits whose assistance unit includes at least one child under the age of five to have each young child immunized against childhood diseases. The commissioner must examine the feasibility of utilizing the capacity of a statewide computer system to assist county agency financial workers in performing this function at appropriate intervals.

(aa) The commissioner shall have the power and authority to accept on behalf of the state contributions and gifts for the use and benefit of children under the guardianship or custody of the commissioner. The commissioner may also receive and accept on behalf of such children money due and payable to them as old age and survivors insurance benefits, veterans benefits, pensions,

or other such monetary benefits. Gifts, contributions, pensions, and benefits under this paragraph must be deposited in and disbursed from the social welfare fund provided for in sections 256.88 to 256.92.

(bb) The specific enumeration of powers and duties in this section must not be construed to be a limitation upon the general powers granted to the commissioner.

Sec. 2. Minnesota Statutes 2024, section 260.810, subdivision 1, is amended to read:

Subdivision 1. **Payments.** The commissioner shall make grant payments to each approved program in four quarterly installments a year. The commissioner may certify an advance payment for the first quarter of the state fiscal year. Sec. 3. Minnesota Statutes 2024, section 142B.47, is amended to read:

The court must order the agency to continue to appropriately engage relatives who responded to the notice under section 260C.221 in placement and case planning decisions and to consider relatives for foster care placement consistent with section 260C.221. Notwithstanding a court's finding that the agency has made reasonable efforts to search for and notify relatives under section 260C.221, the court may order the agency to continue making reasonable efforts to search for, notify, engage, and consider relatives who came to the agency's attention after sending the initial notice under section 260C.221.

Sec. 17. Minnesota Statutes 2024, section 260C.204, is amended to read:

260C.204 PERMANENCY PROGRESS REVIEW FOR CHILDREN IN FOSTER CARE FOR SIX MONTHS.

(a) When a child continues in placement out of the home of the parent or guardian from whom the child was removed, no later than six months after the child's placement the court shall conduct a permanency progress hearing to review:

(1) the progress of the case, the parent's progress on the case plan or out-of-home placement plan, whichever is applicable;

(2) the agency's reasonable, or in the case of an Indian child, active efforts for reunification and its provision of services;

(3) the agency's reasonable efforts to finalize the permanent plan for the child under section 260.012, paragraph (e), and to make a placement as required under section 260C.212, subdivision 2, in a home that will commit to being the legally permanent family for the child in the event the child cannot return home according to the timelines in this section; and

(4) in the case of an Indian child, active efforts to prevent the breakup of the Indian family and to make a placement according to the placement preferences under United States Code, title 25, chapter 21, section 1915.

(b) When a child is placed in a qualified residential treatment program setting as defined in section 260C.007, subdivision 26d, the responsible social services agency must submit evidence to the court as specified in section 260C.712.

(c) The court shall ensure that notice of the hearing is sent to any relative who:

(1) responded to the agency's notice provided under section 260C.221, indicating an interest in participating in planning for the child or being a permanency resource for the child and who has kept the court apprised of the relative's address; or

(2) asked to be notified of court proceedings regarding the child as is permitted in section 260C.152, subdivision 5.

(d)(1) If the parent or guardian has maintained contact with the child and is complying with the court-ordered out-of-home placement plan, and if the child would benefit from reunification with the parent, the court may either:

(i) return the child home, if the conditions that led to the out-of-home placement have been sufficiently mitigated that it is safe and in the child's best interests to return home; or

(ii) continue the matter up to a total of six additional months. If the child has not returned home by the end of the additional six months, the court must conduct a hearing according to sections 260C.503 to 260C.521.

(2) If the court determines that the parent or guardian is not complying, is not making progress with or engaging with services in the out-of-home placement plan, or is not maintaining regular contact with the child as outlined in the visitation plan required as part of the out-of-home placement plan under section 260C.212, the court may order the responsible social services agency:

(i) to develop a plan for legally permanent placement of the child away from the parent;

(ii) to consider, identify, recruit, and support one or more permanency resources from the child's relatives and foster parent, consistent with clause (3) and section 260C.212, subdivision 2, paragraph (a), to be the legally permanent home in the event the child cannot be returned to the parent. Any relative or the child's foster parent may ask the court to order the agency to consider them for

permanent placement of the child in the event the child cannot be returned to the parent. A relative or foster parent who wants to be considered under this item shall cooperate with the background study required under section 245C.08, if the individual has not already done so, and with the home study process required under chapter 142B for providing child foster care and for adoption under section 259.41. The home study referred to in this item shall be a single-home study in the form required by the commissioner of children, youth, and families or similar study required by the individual's state of residence when the subject of the study is not a resident of Minnesota. The court may order the responsible social services agency to make a referral under the Interstate Compact on the Placement of Children when necessary to obtain a home study for an individual who wants to be considered for transfer of permanent legal and physical custody or adoption of the child; and

(iii) to file a petition to support an order for the legally permanent placement plan.

(3) Consistent with section 260C.223, subdivision 2, paragraph (b), the responsible social services agency must not define a foster family as the permanent home for a child until:

(i) inquiry and Tribal notice requirements under section 260.761, subdivisions 1 and 2, are satisfied;

(ii) inquiry about the child's heritage, including their race, culture, and ethnicity pursuant to section 260.63, subdivision 10, has been completed; and

(iii) the court has determined that reasonable or active efforts toward completing the relative search requirements in section 260C.221 have been made.

(e) Following the review under this section:

(1) if the court has either returned the child home or continued the matter up to a total of six additional months, the agency shall continue to provide services to support the child's return home or to make reasonable efforts to achieve reunification of the child and the parent as ordered by the court under an approved case plan;

(2) if the court orders the agency to develop a plan for the transfer of permanent legal and physical custody of the child to a relative, a petition supporting the plan shall be filed in juvenile court within 30 days of the hearing required under this section and a trial on the petition held within 60 days of the filing of the pleadings; or

(3) if the court orders the agency to file a termination of parental rights, unless the county attorney can show cause why a termination of parental rights petition should not be filed, a petition for termination of parental rights shall be filed in juvenile court within 30 days of the hearing required under this section and a trial on the petition held within 60 days of the filing of the petition.

Within 60 days of placing the child in foster care, the agency must file the child's initial out-of-home placement plan with the court. After filing the child's ~~initial~~ out-of-home placement plan, the agency shall update and file the child's out-of-home placement plan with the court as follows:

(1) when the agency moves a child to a different foster care setting, the agency shall inform the court within 30 days of the child's placement change or court-ordered trial home visit. The agency must file the child's updated out-of-home placement plan summary and out-of-home placement plan with the court at the next required review hearing;

(2) when the agency places a child in a qualified residential treatment program as defined in section 260C.007, subdivision 26d, or moves a child from one qualified residential treatment program to a different qualified residential treatment program, the agency must update the child's out-of-home placement plan within 60 days. To meet the requirements of section 260C.708, the agency must file the child's out-of-home placement plan along with the agency's report seeking the court's approval of the child's placement at a qualified residential treatment program under section 260C.71. (2) of their responsibility to keep the responsible social services agency and the court informed of their current address in order to receive notice in the event that a permanent placement is sought for the child and to receive notice of the permanency progress review hearing under section 260C.204. A relative who fails to provide a current address to the responsible social services agency and the court forfeits the right to receive notice of the possibility of permanent placement and of the permanency progress review hearing under section 260C.204, until the relative provides a current address to the responsible social services agency and the court. A decision by a relative not to be identified as a potential permanent placement resource or participate in planning for the child shall not affect whether the relative is considered for placement of, or as a permanency resource for, the child with that relative at any time in the case, and shall not be the sole basis for the court to rule out the relative as the child's placement or permanency resource;

(3) that the relative may participate in the care and planning for the child, as specified in subdivision 3, including that the opportunity for such participation may be lost by failing to respond to the notice sent under this subdivision;

(5) of the relatives' right to ask to be notified of any court proceedings regarding the child, to attend the hearings, and of a relative's right to be heard by the court as required under section 260C.152, subdivision 5;

(6) that regardless of the relative's response to the notice sent under this subdivision, the agency is required to establish permanency for a child, including planning for alternative permanency options if the agency's reunification efforts fail or are not required; ~~and~~

(7) that by responding to the notice, a relative may receive information about participating in a child's family and permanency team if the child is placed in a qualified residential treatment program as defined in section 260C.007, subdivision 26d; and

(8) information advising a relative on access to legal services and support.

(b) The responsible social services agency shall send the notice required under paragraph (a) to relatives who become known to the responsible social services agency, except for relatives that the agency does not contact due to safety reasons under subdivision 5, paragraph (b). The responsible social services agency shall continue to send notice to relatives notwithstanding a court's finding that the agency has made reasonable efforts to conduct a relative search.

(c) The responsible social services agency is not required to send the notice under paragraph (a) to a relative who becomes known to the agency after an adoption placement agreement has been fully executed under section 260C.613, subdivision 1. If the relative wishes to be considered for adoptive placement of the child, the agency shall inform the relative of the relative's ability to file a motion for an order for adoptive placement under section 260C.607, subdivision 6.

The transition plan must be as detailed as the youth elects and include specific options, including but not limited to:

(2) failure to protect a child from conditions or actions that seriously endanger the child's physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;

(4) failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's child with sympathomimetic medications, consistent with section 125A.091, subdivision 5;

(d) Nothing in this chapter shall be construed to mean that a child who has a mental, physical, or emotional condition is neglected solely because the child remains in an emergency department or hospital setting because services, including residential treatment, that are deemed necessary by the child's medical or mental health care professional or county case manager are not available to the child's parent, guardian, or other person responsible for the child's care, and the child cannot be safely discharged to the child's family.

The local welfare agency or agency responsible for assessing or investigating the report shall accept a report made under section 260E.06 notwithstanding refusal by a reporter to provide the reporter's name or address as long as the report is otherwise sufficient under this paragraph. Each agency shall prepare a separate report of the results of the agency's investigation or assessment.

(c) In cases of alleged child maltreatment resulting in death, the local agency may rely on the fact-finding efforts of a law enforcement investigation to make a determination of whether or not maltreatment occurred.

(e) In performing any of these duties, the local welfare agency shall maintain an appropriate record.

(f) In conducting a family assessment, noncaregiver human trafficking assessment, or investigation, the local welfare agency shall gather information on the existence of substance abuse and domestic violence.

(g) If the family assessment, noncaregiver human trafficking assessment, or investigation indicates there is a potential for abuse of alcohol or other drugs by the parent, guardian, or person responsible for the child's care, the local welfare agency must coordinate a comprehensive assessment pursuant to section 245G.05.

(h) The agency may use either a family assessment or investigation to determine whether the child is safe when responding to a report resulting from birth match data under section 260E.03, subdivision 23, paragraph (c). If the child subject of birth match data is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.503, subdivision 2.

(i) When conducting any assessment or investigation, the agency shall ask the child, if age appropriate; parents; extended family; and reporter about the child's family heritage, including the child's Tribal lineage pursuant to section 260.761 and the child's race, culture, and ethnicity pursuant to section 260.63, subdivision 10.

Sec. 29. Minnesota Statutes 2024, section 260E.24, subdivision 2, is amended to read:

Subd. 2. **Determination after family assessment or a noncaregiver human trafficking assessment.** After conducting a family assessment or a noncaregiver human trafficking assessment, the local welfare agency shall determine whether child protective services are needed to address the safety of the child and other family members and the risk of subsequent maltreatment. The local welfare agency must document the information collected under section 260E.20, subdivision 3, related to the completed family assessment or noncaregiver human trafficking assessment in the child's or family's case notes.

Sec. 30. **[260E.291] REPORTING OF SCHOOL ATTENDANCE CONCERNS.**

A voluntary reporter under paragraph (b) may refuse to provide their name or address if the report is otherwise sufficient, and such a report must be accepted by the local welfare agency.

Subd. 2. **Local welfare agency.** (a) The local welfare agency or partner designated to provide child welfare services must provide a child welfare response for a report that alleges a child enrolled in school has seven or more unexcused absences. When providing a child welfare response under this paragraph, the local welfare agency or designated partner must offer services to the child and the child's family to address school attendance concerns or may partner with a county attorney's office, a community-based organization, or other community partner to provide the services. The services must be culturally and linguistically appropriate and tailored to the needs of the child and the child's family. This section is subject to all requirements of the Minnesota Indian Family Preservation Act under sections 260.751 to 260.835, and the Minnesota African American Family Preservation and Child Welfare Disproportionality Act under sections 260.61 to 260.693.

(b) If the child's unexcused absences continue and the family has not engaged with services under paragraph (a) after the local welfare agency, Tribal social services agency, or partner designated to provide child welfare services has made multiple varied attempts to engage the child's family, a

report of educational neglect must be made regardless of the number of unexcused absences the child has accrued. The local welfare agency must determine the response path assignment pursuant to section 260E.17 and may proceed with the process outlined in section 260C.141.

Sec. 31. **REVISOR INSTRUCTION.**

The revisor of statutes shall change paragraphs to subdivisions, clauses to paragraphs, and items to clauses in Minnesota Statutes, sections 260C.203 and 260C.204. CHILDREN AND FAMILIES LICENSING POLICY

Section 1. Minnesota Statutes 2024, section 142B.10, subdivision 14, is amended to read:

Subd. 14. **Grant of license; license extension.** (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license consistent with this section or, if applicable, a temporary change of ownership license under section 142B.11. At minimum, the license shall state:

(1) the name of the license holder;

(2) the address of the program;

(3) the effective date and expiration date of the license;

(4) the type of license;

(5) the maximum number and ages of persons that may receive services from the program; and

(6) any special conditions of licensure.

(b) The commissioner may issue a license for a period not to exceed two years if:

(1) the commissioner is unable to conduct the observation required by subdivision 11, paragraph (a), clause (3), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

(c) A decision by the commissioner to issue a license does not guarantee that any person or persons will be placed or cared for in the licensed program.

(d) Except as provided in paragraphs (i) and (j), the commissioner shall not issue a license if the applicant, license holder, or an affiliated controlling individual has:

(1) been disqualified and the disqualification was not set aside and no variance has been granted;

(2) been denied a license under this chapter or chapter 245A within the past two years;

(3) had a license issued under this chapter or chapter 245A revoked within the past five years; or

(4) failed to submit the information required of an applicant under subdivision 1, paragraph (f), (g), or (h), after being requested by the commissioner.

When a license issued under this chapter or chapter 245A is revoked, the license holder and each affiliated controlling individual with a revoked license may not hold any license under chapter 142B for five years following the revocation, and other licenses held by the applicant or license holder or licenses affiliated with each controlling individual shall also be revoked.

(e) Notwithstanding paragraph (d), the commissioner may elect not to revoke a license affiliated with a license holder or controlling individual that had a license revoked within the past five years if the commissioner determines that (1) the license holder or controlling individual is operating the program in substantial compliance with applicable laws and rules and (2) the program's continued operation is in the best interests of the community being served.

(f) Notwithstanding paragraph (d), the commissioner may issue a new license in response to an application that is affiliated with an applicant, license holder, or controlling individual that had an application denied within the past two years or a license revoked within the past five years if the commissioner determines that (1) the applicant or controlling individual has operated one or more programs in substantial compliance with applicable laws and rules and (2) the program's operation would be in the best interests of the community to be served.

(g) In determining whether a program's operation would be in the best interests of the community to be served, the commissioner shall consider factors such as the number of persons served, the availability of alternative services available in the surrounding community, the management structure of the program, whether the program provides culturally specific services, and other relevant factors.

(h) The commissioner shall not issue or reissue a license under this chapter if an individual living in the household where the services will be provided as specified under section 245C.03, subdivision 1, has been disqualified and the disqualification has not been set aside and no variance has been granted.

(i) Pursuant to section 142B.18, subdivision 1, paragraph (b), when a license issued under this chapter has been suspended or revoked and the suspension or revocation is under appeal, the program may continue to operate pending a final order from the commissioner. If the license under suspension or revocation will expire before a final order is issued, a temporary provisional license may be issued provided any applicable license fee is paid before the temporary provisional license is issued.

(j) Notwithstanding paragraph (i), when a revocation is based on the disqualification of a controlling individual or license holder, and the controlling individual or license holder is ordered under section 245C.17 to be immediately removed from direct contact with persons receiving services or is ordered to be under continuous, direct supervision when providing direct contact services, the program may continue to operate only if the program complies with the order and submits documentation demonstrating compliance with the order. If the disqualified individual fails to submit a timely request for reconsideration, or if the disqualification is not set aside and no variance is granted, the order to immediately remove the individual from direct contact or to be under continuous, direct supervision remains in effect pending the outcome of a hearing and final order from the commissioner.

(k) For purposes of reimbursement for meals only, under the Child and Adult Care Food Program, Code of Federal Regulations, title 7, subtitle B, chapter II, subchapter A, part 226, relocation within the same county by a licensed family day care provider, shall be considered an extension of the license for a period of no more than 30 calendar days or until the new license is issued, whichever occurs first, provided the county agency has determined the family day care provider meets licensure requirements at the new location.

(l) Unless otherwise specified by statute, all licenses issued under this chapter expire at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must ~~apply for and be granted~~ comply with the requirements in section 142B.12 and be reissued a new license to operate the program or the program must not be operated after the expiration date. Child foster care license holders must apply for and be granted a new license to operate the program or the program must not be operated after the expiration date. Upon implementation of the provider licensing and reporting hub, licenses may be issued each calendar year.

(m) The commissioner shall not issue or reissue a license under this chapter if it has been determined that a tribal licensing authority has established jurisdiction to license the program or service.

(n) The commissioner of children, youth, and families shall coordinate and share data with the commissioner of human services to enforce this section.

Sec. 2. Minnesota Statutes 2024, section 142B.16, subdivision 2, is amended to read:

Subd. 2. **Reconsideration of correction orders.** (a) If the applicant or license holder believes that the contents of the commissioner's correction order are in error, the applicant or license holder may ask the Department of Children, Youth, and Families to reconsider the parts of the correction order that are alleged to be in error. The request for reconsideration must be made in writing and must be postmarked and sent to the commissioner within 20 calendar days after receipt of the correction order by the applicant or license holder or submitted in the provider licensing and reporting hub within 20 calendar days from the date the commissioner issued the order through the hub, and:

(1) specify the parts of the correction order that are alleged to be in error;

(2) explain why they are in error; and

(3) include documentation to support the allegation of error.

(b) Upon implementation of the provider licensing and reporting hub, the provider must use the hub to request reconsideration. A request for reconsideration does not stay any provisions or requirements of the correction order. The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14.

~~(b)~~ (c) This paragraph applies only to licensed family child care providers. A licensed family child care provider who requests reconsideration of a correction order under paragraph (a) may also request, on a form and in the manner prescribed by the commissioner, that the commissioner expedite the review if:

(1) the provider is challenging a violation and provides a description of how complying with the corrective action for that violation would require the substantial expenditure of funds or a significant change to their program; and

(2) describes what actions the provider will take in lieu of the corrective action ordered to ensure the health and safety of children in care pending the commissioner's review of the correction order.

(d) The commissioner must not publicly post the correction order for licensed child care centers or licensed family child care providers on the department's website until:

(1) after the 20-calendar-day period for requesting reconsideration; or

(2) if the applicant or license holder requested reconsideration, after the commissioner's disposition of a request for reconsideration is provided to the applicant or license holder.

EFFECTIVE DATE. This section is effective January 1, 2026, or upon federal approval, whichever is later. The commissioner of children, youth, and families must notify the revisor of statutes when federal approval is obtained.

(1) the license holder has failed to comply with a requirement in this chapter or Minnesota Rules, chapter 9502 or 9503, that the commissioner determines to be low risk as determined by the child care weighted risk system;

(2) the noncompliance does not imminently endanger the health, safety, or rights of the persons served by the program; and

(3) the license holder did not receive documented technical assistance or a correction order for the same violation at the license holder's most recent annual licensing inspection.

(b) Documented technical assistance must include communication from the commissioner to the license holder that:

Sec. 10. Minnesota Statutes 2024, section 125A.15, is amended to read:

125A.15 PLACEMENT IN ANOTHER DISTRICT; RESPONSIBILITY.

The responsibility for special instruction and services for a child with a disability temporarily placed in another district for care and treatment shall be determined in the following manner:

(a) The district of residence of a child shall be the district in which the child's parent resides, if living, or the child's guardian. If there is a dispute between school districts regarding residency, the district of residence is the district designated by the commissioner.

(b) If a district other than the resident district places a pupil for care and treatment, the district placing the pupil must notify and give the resident district an opportunity to participate in the placement decision. When an immediate emergency placement of a pupil is necessary and time constraints foreclose a resident district from participating in the emergency placement decision, the district in which the pupil is temporarily placed must notify the resident district of the emergency placement within 15 days. The resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

(c) When a child is temporarily placed for care and treatment in a day program located in another district and the child continues to live within the district of residence during the care and treatment, the district of residence is responsible for providing transportation to and from the care and treatment program and an appropriate educational program for the child. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the educational program at a school within the district of residence, at the child's residence, or in the district in which the day treatment center is located by paying tuition to that district. If a child's district of residence, district of open enrollment under section 124D.03, or charter school of enrollment under section 124E.11 is authorized to provide online learning instruction under state statutes, the child's district of residence may utilize that online learning program in fulfilling its educational program responsibility under this section if the child, or the child's parent or guardian for a pupil under the age of 18, agrees to that form of instruction.

(d) When a child is temporarily placed in a residential program for care and treatment, the nonresident district in which the child is placed is responsible for providing an appropriate educational program for the child and necessary transportation while the child is attending the educational program; and must bill the district of the child's residence for the actual cost of providing the program, as outlined in section 125A.11, except as provided in paragraph (e). However, the board, lodging, and treatment costs incurred in behalf of a child with a disability placed outside of the school district of residence by the commissioner of human services; the commissioner of children, youth, and families; or the commissioner of corrections or their agents, for reasons other than providing for the child's special educational needs must not become the responsibility of either the district providing the instruction or the district of the child's residence. For the purposes of this section, the state correctional facilities operated on a fee-for-service basis are considered to be residential programs for care and treatment. If a child's district of residence, district of open enrollment under section 124D.03, or charter school of enrollment under section 124E.11 is authorized to provide online learning instruction under state statutes, the nonresident district may utilize that online learning program in fulfilling its educational program responsibility under this section if the child, or the child's parent or guardian for a pupil under the age of 18, agrees to that form of instruction.

(e) A privately owned and operated residential facility may enter into a contract to obtain appropriate educational programs for special education children and services with a joint powers entity. The entity with which the private facility contracts for special education services shall be the district responsible for providing students placed in that facility an appropriate educational program in place of the district in which the facility is located. If a privately owned and operated residential facility does not enter into a contract under this paragraph, then paragraph (d) applies.

(f) The district of residence shall pay tuition and other program costs, not including transportation costs, to the district providing the instruction and services. The district of residence may claim general education aid for the child as provided by law. Transportation costs must be paid by the district responsible for providing the transportation and the state must pay transportation aid to that district.

(b) Each commissioner shall provide insurance for the providers the commissioner licenses.

(c) For purposes of this subdivision, insurance for homes licensed to provide adult foster care shall be limited to family adult foster care homes as defined in section 245A.02, subdivision 6f, and family adult day services licensed under section 245A.143.

Sec. 35. Minnesota Statutes 2024, section 245.814, subdivision 2, is amended to read:

Subd. 2. **Application of coverage.** Coverage shall apply to all foster homes licensed by the Department of Human Services or the Department of Children, Youth, and Families, licensed by a federally recognized tribal government, or established by the juvenile court and certified by the commissioner of corrections pursuant to section 260B.198, subdivision 1, paragraph (a), clause (3), item (v), to the extent that the liability is not covered by the provisions of the standard homeowner's or automobile insurance policy. The insurance shall not cover property owned by the individual foster home provider, damage caused intentionally by a person over 12 years of age, or property damage arising out of business pursuits or the operation of any vehicle, machinery, or equipment.

Sec. 36. Minnesota Statutes 2024, section 245.814, subdivision 3, is amended to read:

Subd. 3. **Compensation provisions.** If the commissioner of human services or the commissioner of children, youth, and families is unable to obtain insurance through ordinary methods for coverage of foster home providers, the appropriation shall be returned to the general fund and the state shall pay claims subject to the following limitations.

(a) Compensation shall be provided only for injuries, damage, or actions set forth in subdivision 1.

(b) Compensation shall be subject to the conditions and exclusions set forth in subdivision 2.

(c) The state shall provide compensation for bodily injury, property damage, or personal injury resulting from the foster home providers activities as a foster home provider while the foster child or adult is in the care, custody, and control of the foster home provider in an amount not to exceed $250,000 for each occurrence.

(d) The state shall provide compensation for damage or destruction of property caused or sustained by a foster child or adult in an amount not to exceed $250 for each occurrence.

(e) The compensation in paragraphs (c) and (d) is the total obligation for all damages because of each occurrence regardless of the number of claims made in connection with the same occurrence, but compensation applies separately to each foster home. The state shall have no other responsibility to provide compensation for any injury or loss caused or sustained by any foster home provider or foster child or foster adult.

This coverage is extended as a benefit to foster home providers to encourage care of persons who need out-of-home care. Nothing in this section shall be construed to mean that foster home providers are agents or employees of the state nor does the state accept any responsibility for the selection, monitoring, supervision, or control of foster home providers which is exclusively the responsibility of the counties which shall regulate foster home providers in the manner set forth in the rules of the ~~commissioner~~ commissioners of human services and children, youth, and families.

Sec. 37. Minnesota Statutes 2024, section 245.814, subdivision 4, is amended to read:

Subd. 4. **Liability insurance; risk pool.** If the commissioner that licenses a program determines that appropriate commercial liability insurance coverage is not available for a licensed foster home, group home, developmental achievement center, or day care provider, and that coverage available through the joint underwriting authority of the commissioner of commerce or other public entity is not appropriate for the provider or a class of providers, the commissioner of human services; the

commissioner of children, youth, and families; and the commissioner of commerce may jointly establish a risk pool to provide coverage for licensed providers out of premiums or fees paid by providers. The commissioners may set limits on coverage, establish premiums or fees, determine the proportionate share of each provider to be collected in a premium or fee based on the provider's claim experience and other factors the commissioners consider appropriate, establish eligibility and application requirements for coverage, and take other action necessary to accomplish the purposes of this subdivision. A human services risk pool fund is created for the purposes of this subdivision. Fees and premiums collected from providers for risk pool coverage are appropriated to the risk pool fund. Interest earned from the investment of money in the fund must be credited to the fund and money in the fund is appropriated to the ~~commissioner~~ commissioners of human services and children, youth, and families in proportion to the amounts insured by each commissioner to pay administrative costs and covered claims for participating providers. In the event that money in the fund is insufficient to pay outstanding claims and associated administrative costs, the ~~commissioner~~ commissioners of human services and children, youth, and families may assess providers participating in the risk pool amounts sufficient to pay the costs. The ~~commissioner~~ commissioners of human services and children, youth, and families may not assess a provider an amount exceeding one year's premiums collected from that provider.

Sec. 38. Minnesota Statutes 2024, section 245C.02, subdivision 7, is amended to read:

Subd. 7. **Commissioner.** "Commissioner" ~~has the meaning given in section 245A.02, subdivision 5~~ means the commissioner of human services.

Sec. 39. Minnesota Statutes 2024, section 245C.02, subdivision 12, is amended to read:

Subd. 12. **License.** "License" ~~has the meaning given in section 245A.02, subdivision 8~~ means a certificate issued by the commissioner of human services; children, youth, and families; corrections; or health authorizing the license holder to provide a specified program for a specified period of time and in accordance with the terms of the license and the rules of the commissioner issuing the license.

Sec. 40. Minnesota Statutes 2024, section 245C.02, subdivision 13, is amended to read:

Subd. 13. **License holder.** "License holder" ~~has the meaning given in section 245A.02, subdivision 9~~ means an individual, organization, or government entity that is legally responsible for the operation of the program or service and has been granted a license by the commissioner of human services; children, youth, and families; corrections; or health.

Sec. 41. Minnesota Statutes 2024, section 245C.031, subdivision 9, is amended to read:

Subd. 9. **Guardians ad litem; required checks.** (a) An alternative background study for a guardian ad litem under subdivision 8 must include:

(1) criminal history data from the Bureau of Criminal Apprehension and other criminal history data obtained by the commissioner of human services; and

(2) data regarding whether the person has been a perpetrator of substantiated maltreatment of a minor or a vulnerable adult. If the study subject has been determined by the Department of Human Services; the Department of Children, Youth, and Families; or the Department of Health to be the perpetrator of substantiated maltreatment of a minor or a vulnerable adult in a licensed facility, the

response must include a copy of the public portion of the investigation memorandum under section 260E.30 or the public portion of the investigation memorandum under section 626.557, subdivision 12b. When the background study shows that the subject has been determined by a county adult protection or child protection agency to have been responsible for maltreatment, the court shall be informed of the county, the date of the finding, and the nature of the maltreatment that was substantiated.

(b) For checks of records under paragraph (a), clauses (1) and (2), the commissioner shall provide the records within 15 working days of receiving the request. The information obtained under sections 245C.05 and 245C.08 from a national criminal history records check shall be provided within three working days of the commissioner's receipt of the data.

(c) Notwithstanding section 260E.30 or 626.557, subdivision 12b, if the commissioner or county lead agency or lead investigative agency has information that a person of whom a background study was previously completed under this section has been determined to be a perpetrator of maltreatment of a minor or vulnerable adult, the commissioner or the county may provide this information to the court that requested the background study.

Sec. 42. Minnesota Statutes 2024, section 245C.033, subdivision 2, is amended to read:

Subd. 2. **State licensing agency data.** (a) Requests for state licensing agency data submitted pursuant to section 524.5-118 must include information from a check of state licensing agency records.

(b) The commissioner shall provide the court with licensing agency data for licenses directly related to the responsibilities of a guardian or conservator if the guardian or conservator has a current or prior affiliation with the:

(1) Lawyers Responsibility Board;

(2) State Board of Accountancy;

(3) Board of Social Work;

(4) Board of Psychology;

(5) Board of Nursing;

(6) Board of Medical Practice;

(7) Department of Education;

(8) Department of Commerce;

(9) Board of Chiropractic Examiners;

(13) Department of Children, Youth, and Families;

~~(13)~~ (14) Peace Officer Standards and Training (POST) Board; or

~~(14)~~ (15) Professional Educator Licensing and Standards Board.

(c) The commissioner shall provide to the court the electronically available data maintained in the agency's database, including whether the guardian or conservator is or has been licensed by the agency and whether a disciplinary action or a sanction against the individual's license, including a condition, suspension, revocation, or cancellation, is in the licensing agency's database.

Sec. 43. Minnesota Statutes 2024, section 245C.05, subdivision 7, is amended to read:

Subd. 7. **Probation officer and corrections agent.** (a) A probation officer or corrections agent shall notify the commissioner of an individual's conviction if the individual:

(1) has been affiliated with a program or facility regulated by the Department of Human Services; Department of Children, Youth, and Families; or Department of Health, a facility serving children or youth licensed by the Department of Corrections, or any type of home care agency or provider of personal care assistance services within the preceding year; and

(2) has been convicted of a crime constituting a disqualification under section 245C.14.

(b) For the purpose of this subdivision, "conviction" has the meaning given it in section 609.02, subdivision 5.

(c) The commissioner, in consultation with the commissioner of corrections, shall develop forms and information necessary to implement this subdivision and shall provide the forms and information to the commissioner of corrections for distribution to local probation officers and corrections agents.

(d) The commissioner shall inform individuals subject to a background study that criminal convictions for disqualifying crimes shall be reported to the commissioner by the corrections system.

(e) A probation officer, corrections agent, or corrections agency is not civilly or criminally liable for disclosing or failing to disclose the information required by this subdivision.

(f) Upon receipt of disqualifying information, the commissioner shall provide the notice required under section 245C.17, as appropriate, to agencies on record as having initiated a background study or making a request for documentation of the background study status of the individual.

(g) This subdivision does not apply to family child care programs or legal nonlicensed child care programs for individuals whose background study was completed in NETStudy 2.0.

Sec. 44. Minnesota Statutes 2024, section 245C.07, is amended to read:

245C.07 STUDY SUBJECT AFFILIATED WITH MULTIPLE FACILITIES.

(a) Subject to the conditions in paragraph (d), when a license holder, applicant, or other entity owns multiple programs or services that are licensed by the Department of Human Services~~,~~; Department of Children, Youth, and Families; Department of Health~~,~~; or Department of Corrections, only one background study is required for an individual who provides direct contact services in one or more of the licensed programs or services if:

(1) the license holder designates one individual with one address and telephone number as the person to receive sensitive background study information for the multiple licensed programs or services that depend on the same background study; and

(2) the individual designated to receive the sensitive background study information is capable of determining, upon request of the department, whether a background study subject is providing direct contact services in one or more of the license holder's programs or services and, if so, at which location or locations.

(b) When a license holder maintains background study compliance for multiple licensed programs according to paragraph (a), and one or more of the licensed programs closes, the license holder shall immediately notify the commissioner which staff must be transferred to an active license so that the background studies can be electronically paired with the license holder's active program.

(c) When a background study is being initiated by a licensed program or service or a foster care provider that is also licensed under chapter 144G, a study subject affiliated with multiple licensed programs or services may attach to the background study form a cover letter indicating the additional names of the programs or services, addresses, and background study identification numbers.

When the commissioner receives a notice, the commissioner shall notify each program or service identified by the background study subject of the study results.

The background study notice the commissioner sends to the subsequent agencies shall satisfy those programs' or services' responsibilities for initiating a background study on that individual.

(d) If a background study was conducted on an individual related to child foster care and the requirements under paragraph (a) are met, the background study is transferable across all licensed programs. If a background study was conducted on an individual under a license other than child foster care and the requirements under paragraph (a) are met, the background study is transferable to all licensed programs except child foster care.

(e) The provisions of this section that allow a single background study in one or more licensed programs or services do not apply to background studies submitted by adoption agencies, supplemental nursing services agencies, personnel pool agencies, educational programs, professional services agencies, temporary personnel agencies, and unlicensed personal care provider organizations.

(f) For an entity operating under NETStudy 2.0, the entity's active roster must be the system used to document when a background study subject is affiliated with multiple entities. For a background study to be transferable:

(1) the background study subject must be on and moving to a roster for which the person designated to receive sensitive background study information is the same; and

(2) the same entity must own or legally control both the roster from which the transfer is occurring and the roster to which the transfer is occurring. For an entity that holds or controls multiple licenses, or unlicensed personal care provider organizations, there must be a common highest level entity that has a legally identifiable structure that can be verified through records available from the secretary of state.

Sec. 45. Minnesota Statutes 2024, section 256.88, is amended to read:

256.88 SOCIAL WELFARE FUND ESTABLISHED.

Except as otherwise expressly provided, all moneys and funds held by the commissioner of human services~~,~~; the commissioner of children, youth, and families; the Direct Care and Treatment executive board~~,~~; and the local social services agencies of the several counties in trust or for the benefit of children with a disability and children who are dependent, neglected, or delinquent~~,~~; children born to mothers who were not married to the children's fathers at the times of the conception nor at the births of the children~~,~~; persons determined to have developmental disability, mental illness, or substance use disorder~~,~~; or other wards or beneficiaries, under any law, shall be kept in a single fund to be known as the "social welfare fund" which shall be deposited at interest, held, or disbursed as provided in sections 256.89 to 256.92.

Sec. 46. Minnesota Statutes 2024, section 256.89, is amended to read:

256.89 FUND DEPOSITED IN STATE TREASURY.

The social welfare fund and all accretions thereto shall be deposited in the state treasury, as a separate and distinct fund, to the credit of the commissioner of human services; the commissioner of children, youth, and families; and the Direct Care and Treatment executive board as trustees for their respective beneficiaries in proportion to the beneficiaries' several interests. The commissioner of management and budget shall be responsible only to the commissioner of human services; the commissioner of children, youth, and families; and the Direct Care and Treatment executive board for the sum total of the fund, and shall have no duties nor direct obligations toward the beneficiaries thereof individually. Subject to the applicable rules of the commissioner of human services; the commissioner of children, youth, and families; or the Direct Care and Treatment executive board, money so received by a local social services agency may be deposited by the executive secretary of the local social services agency in a local bank carrying federal deposit insurance, designated by the local social services agency for this purpose. The amount of such deposit in each such bank at any one time shall not exceed the amount protected by federal deposit insurance.

Sec. 47. Minnesota Statutes 2024, section 256.90, is amended to read:

256.90 SOCIAL WELFARE FUND; USE; DISPOSITION; DEPOSITORIES.

The commissioner of human services, in consultation with the commissioner of children, youth, and families and the Direct Care and Treatment executive board, at least 30 days before the first day of January and the first day of July in each year shall file with the commissioner of management and budget an estimate of the amount of the social welfare fund to be held in the treasury during the succeeding six-month period, subject to current disbursement. Such portion of the remainder thereof as may be at any time designated by the request of the commissioner of human services may be invested by the commissioner of management and budget in bonds in which the permanent trust

funds of the state of Minnesota may be invested, upon approval by the State Board of Investment. The portion of such remainder not so invested shall be placed by the commissioner of management and budget at interest for the period of six months, or when directed by the commissioner of human services, for the period of 12 months thereafter at the highest rate of interest obtainable in a bank, or banks, designated by the board of deposit as a suitable depository therefor. All the provisions of law relative to the designation and qualification of depositories of other state funds shall be applicable to sections 256.88 to 256.92, except as herein otherwise provided. Any bond given, or collateral assigned or both, to secure a deposit hereunder may be continuous in character to provide for the repayment of any moneys belonging to the fund theretofore or thereafter at any time deposited in such bank until its designation as such depository is revoked and the security thereof shall be not impaired by any subsequent agreement or understanding as to the rate of interest to be paid upon such deposit, or as to time for its repayment. The amount of money belonging to the fund deposited in any bank, including other state deposits, shall not at any time exceed the amount of the capital stock thereof. In the event of the closing of the bank any sum deposited therein shall immediately become due and payable.

Sec. 48. Minnesota Statutes 2024, section 256.91, is amended to read:

256.91 PURPOSES.

From that part of the social welfare fund held in the state treasury subject to disbursement as provided in section 256.90, the commissioner of human services; the commissioner of children, youth, and families; or the Direct Care and Treatment executive board at any time may pay out such amounts as the ~~commissioner~~ commissioners or executive board deems proper for the support, maintenance, or other legal benefit of any of the children with a disability and children who are dependent, neglected, or delinquent~~,~~; children born to mothers who were not married to the children's fathers at the times of the conception nor at the births of the children~~,~~; persons with developmental disability, substance use disorder, or mental illness~~,~~; or other wards or persons entitled thereto, not exceeding in the aggregate to or for any person the principal amount previously received for the benefit of the person, together with the increase in it from an equitable apportionment of interest realized from the social welfare fund.

When any such person dies or is finally discharged from the guardianship, care, custody, and control of the commissioner of human services; the commissioner of children, youth, and families; or the Direct Care and Treatment executive board, the amount then remaining subject to use for the benefit of the person shall be paid as soon as may be from the social welfare fund to the persons thereto entitled by law.

Sec. 49. Minnesota Statutes 2024, section 256.92, is amended to read:

256.92 ~~COMMISSIONER OF HUMAN SERVICES AND DIRECT CARE AND TREATMENT~~ COMMISSIONERS AND EXECUTIVE BOARD, ACCOUNTS.

It shall be the duty of the commissioner of human services~~,~~; the commissioner of children, youth, and families; the Direct Care and Treatment executive board~~,~~; and the local social services agencies of the several counties of this state to cause to be deposited with the commissioner of management and budget all moneys and funds in their possession or under their control and designated by section 256.91 as and for the social welfare fund; and all such moneys and funds shall be so deposited in

the state treasury as soon as received. The commissioner of human services, in consultation with the commissioner of children, youth, and families and the Direct Care and Treatment executive board, shall keep books of account or other records showing separately the principal amount received and deposited in the social welfare fund for the benefit of any person, together with the name of such person, and the name and address, if known to the commissioner of human services; the commissioner of children, youth, and families; or the Direct Care and Treatment executive board, of the person from whom such money was received; and, at least once every two years, the amount of interest, if any, which the money has earned in the social welfare fund shall be apportioned thereto and posted in the books of account or records to the credit of such beneficiary.

The provisions of sections 256.88 to 256.92 shall not apply to any fund or money now or hereafter deposited or otherwise disposed of pursuant to the lawful orders, decrees, judgments, or other directions of any district court having jurisdiction thereof.

Sec. 50. Minnesota Statutes 2024, section 256G.01, subdivision 1, is amended to read:

Subdivision 1. **Applicability.** This chapter governs the Minnesota human services system. The system includes the Department of Human Services~~,~~; the Department of Children, Youth, and Families; Direct Care and Treatment~~,~~; local social services agencies~~,~~; county welfare agencies~~,~~; human service boards~~,~~; community mental health center boards~~,~~; state hospitals~~,~~; state nursing homes~~,~~; and persons, agencies, institutions, organizations, and other entities under contract to any of those agencies to the extent specified in the contract.

Sec. 51. Minnesota Statutes 2024, section 256G.01, subdivision 3, is amended to read:

Subd. 3. **Program coverage.** This chapter applies to all social service programs administered by the commissioner of human services; the commissioner of children, youth, and families; or the Direct Care and Treatment executive board in which residence is the determining factor in establishing financial responsibility. These include, but are not limited to: commitment proceedings, including voluntary admissions; emergency holds; poor relief funded wholly through local agencies; social services, including title XX, IV-E and section 256K.10; social services programs funded wholly through the resources of county agencies; social services provided under the Minnesota Indian Family Preservation Act, sections 260.751 to 260.781; costs for delinquency confinement under section 393.07, subdivision 2; service responsibility for these programs; and housing support under chapter 256I.

Sec. 52. Minnesota Statutes 2024, section 256G.03, subdivision 2, is amended to read:

Subd. 2. **No durational test.** Except as otherwise provided in sections 142G.12; 142G.78; 256B.056, subdivision 1; and 256D.02, subdivision 12a for purposes of this chapter, no waiting period is required before securing county or state residence. A person cannot, however, gain residence while physically present in an excluded time facility unless otherwise specified in this chapter or in a federal regulation controlling a federally funded human service; children, youth, and families; or direct care and treatment program. Interstate migrants who enter a shelter for battered women directly from another state can gain residency while in the facility provided the person can provide documentation that the person is a victim of domestic abuse and the county determines that the placement is appropriate.

Sec. 53. Minnesota Statutes 2024, section 256G.04, subdivision 2, is amended to read:

Subd. 2. **Moving out of state.** (a) A person retains county and state residence so long as the person's absence from Minnesota is viewed as a temporary absence within the context of the affected program.

(b) Direct entry into a facility in another state does not end Minnesota residence for purposes of this chapter. Financial responsibility does not continue, however, unless placement was initiated by a human service; children, youth, and families; or direct care and treatment agency or another governmental entity that has statutory authority to bind the human service; children, youth, and families; or direct care and treatment agency and is based on a formal, written plan of treatment, or unless federal regulations require payment for an out-of-state resident.

Sec. 54. Minnesota Statutes 2024, section 256G.09, subdivision 2, is amended to read:

Subd. 2. **Financial disputes.** (a) If the county receiving the transmittal does not believe it is financially responsible, it should provide to the commissioner of human services and the initially responsible county a statement of all facts and documents necessary for the commissioner to make the requested determination of financial responsibility. The submission must clearly state the program area in dispute and must state the specific basis upon which the submitting county is denying financial responsibility.

(b) The initially responsible county then has 15 calendar days to submit its position and any supporting evidence to the commissioner of human services. The absence of a submission by the initially responsible county does not limit the right of the commissioner of human services; the commissioner of children, youth, and families; or Direct Care and Treatment executive board to issue a binding opinion based on the evidence actually submitted.

(c) A case must not be submitted until the local agency taking the application or making the commitment has made an initial determination about eligibility and financial responsibility, and services have been initiated. This paragraph does not prohibit the submission of closed cases that otherwise meet the applicable statute of limitations.

Sec. 55. Minnesota Statutes 2024, section 256G.09, subdivision 3, is amended to read:

Subd. 3. **Commissioner of human services obligations.** (a) Except as provided in paragraph (b) for matters solely under the jurisdiction of the Direct Care and Treatment executive board or the commissioner of children, youth, and families, the commissioner of human services shall then promptly decide any question of financial responsibility as outlined in this chapter and make an order referring the application to the local agency of the proper county for further action. Further action may include reimbursement by that county of assistance that another county has provided to the applicant under this subdivision. The commissioner shall decide disputes within 60 days of the last county evidentiary submission and shall issue an immediate opinion.

(b) For disputes regarding financial responsibility relating to matters solely under the jurisdiction of the Direct Care and Treatment executive board or the commissioner of children, youth, and families, the commissioner of human services shall promptly issue an advisory opinion on any question of financial responsibility as outlined in this chapter and recommend to the executive board or commissioner of children, youth, and families an order referring the application to the local agency of the proper county for further action. Further action may include reimbursement by that county of assistance that another county has provided to the applicant under this subdivision. The

commissioner of human services shall provide an advisory opinion and recommended order to the executive board or commissioner of children, youth, and families within 30 days of the last county evidentiary submission. The executive board or commissioner of children, youth, and families shall decide to accept or reject the commissioner's advisory opinion and recommended order within 60 days of the last county evidentiary submission and shall issue an immediate opinion stating the reasons for accepting or rejecting the ~~commissioner's~~ recommendation of the commissioner of human services.

(c) The commissioner of human services may make any investigation it considers proper before making a decision or a recommendation to the executive board or commissioner of children, youth, and families. The commissioner of human services may prescribe rules it considers necessary to carry out this subdivision except that the commissioner of human services must not create rules purporting to bind the ~~executive board's~~ decision of the executive board or commissioner of children, youth, and families on any advisory opinion or recommended order under paragraph (b).

(d) Except as provided in paragraph (e) for matters solely under the jurisdiction of the executive board or the commissioner of children, youth, and families, the order of the commissioner of human services binds the local agency involved and the applicant or recipient. That agency shall comply with the order unless reversed on appeal as provided in section 256.045, subdivision 7. The agency shall comply with the order pending the appeal.

(e) For disputes regarding financial responsibility relating to matters solely under the jurisdiction of the Direct Care and Treatment executive board or the commissioner of children, youth, and families, the order of the executive board or the commissioner of children, youth, and families binds the local agency involved and the applicant or recipient. That agency shall comply with the order of the executive board or the commissioner of children, youth, and families unless the order is reversed on appeal as provided in section 142A.20, subdivision 5, or 256.045, subdivision 7. The agency shall comply with the order of the executive board or the commissioner of children, youth, and families pending the appeal.

Sec. 56. Minnesota Statutes 2024, section 256G.09, subdivision 4, is amended to read:

Subd. 4. **Appeals.** A local agency that is aggrieved by the order of the ~~department~~ commissioner of human services, executive board, or commissioner of children, youth, and families under subdivision 3, paragraph (e), may appeal the opinion to the district court of the county responsible for furnishing assistance or services by serving a written copy of a notice of appeal on the commissioner of human services and any adverse party of record within 30 days after the date the department issued the opinion, and by filing the original notice and proof of service with the court administrator of district court. Service may be made personally or by mail. Service by mail is complete upon mailing.

The commissioner of human services; the commissioner of children, youth, and families; or the executive board may elect to become a party to the proceedings in district court. The court may consider the matter in or out of chambers and shall take no new or additional evidence.

Sec. 57. Minnesota Statutes 2024, section 256G.09, subdivision 5, is amended to read:

Subd. 5. **Payment pending appeal.** After the ~~department~~ commissioner of human services, or the executive board or commissioner of children, youth, and families under subdivision 3, paragraph

(e), issues an opinion in any submission under this section, the service or assistance covered by the submission must be provided or paid pending or during an appeal to the district court.

Sec. 58. Minnesota Statutes 2024, section 256G.10, is amended to read:

256G.10 DERIVATIVE SETTLEMENT.

(a) The residence of the parent of a minor child, with whom that child last lived in a nonexcluded time setting, or guardian of a ward shall determine the residence of the child or ward for all social services governed by this chapter.

(b) For purposes of this chapter, a minor child is defined as being under 18 years of age unless otherwise specified in a program administered by the commissioner of human services; the commissioner of children, youth, and families; or the Direct Care and Treatment executive board.

(c) Physical or legal custody has no bearing on residence determinations. This section does not, however, apply to situations involving another state, limit the application of an interstate compact, or apply to situations involving state wards where the commissioner of human services or children, youth, and families is defined by law as the guardian.

Sec. 59. Minnesota Statutes 2024, section 256G.11, is amended to read:

256G.11 NO RETROACTIVE EFFECT.

(a) This chapter is not retroactive and does not require redetermination of financial responsibility for cases existing on January 1, 1988. This chapter applies only to applications and redeterminations of eligibility taken or routinely made after January 1, 1988.

(b) Notwithstanding this section, existing social services cases shall be treated in the same manner as cases for those programs outlined in section 256G.02, subdivision 4, paragraph (g), for which an application is taken or a redetermination is made after January 1, 1988.

(c) The requirement under section 256G.09, subdivision 3, for the Direct Care and Treatment executive board or the commissioner of children, youth, and families to accept or reject the recommendation of the commissioner of humans services regarding the county of financial responsibility for matters solely under the jurisdiction of the executive board or the commissioner of children, youth, and families is not retroactive and does not require redetermination of financial responsibility for cases existing prior to the effective date of the transfer of all authorities and responsibilities from the Department of Human Services to Direct Care and Treatment.

(d) Notwithstanding paragraph (c), existing cases relating to matters under the jurisdiction of the executive board must be treated in the same manner as cases relating to matters under the jurisdiction of the executive board opened or redetermined after the effective date of the transfer of all authorities and responsibilities from the Department of Human Services to Direct Care and Treatment or the Department of Children, Youth, and Families.

Sec. 60. Minnesota Statutes 2024, section 256G.12, subdivision 1, is amended to read:

Subdivision 1. **Limitation.** A submission to the commissioner of human services; the commissioner of children, youth, and families; or the Direct Care and Treatment executive board

for a determination of financial responsibility must be made within three years from the date of application for the program in question or from the date of admission or commitment to state or other institutions.

Sec. 61. Minnesota Statutes 2024, section 260.762, subdivision 2a, is amended to read:

Subd. 2a. **Required findings that active efforts were provided.** (a) A court shall not order a child placement, termination of parental rights, guardianship to the commissioner of children, youth, and families under section 260C.325, or temporary or permanent change in custody of an Indian child unless the court finds that the child-placing agency or petitioner demonstrated that active efforts were made to preserve the Indian child's family. Active efforts to preserve the Indian child's family include efforts to prevent placement of the Indian child to correct the conditions that led to the placement by ensuring remedial services and rehabilitative programs designed to prevent the breakup of the family were provided in a manner consistent with the prevailing social and cultural conditions of the Indian child's Tribe and in partnership with the Indian child, the Indian child's parents, the Indian custodian, extended family members, and Tribe, and that these efforts have proved unsuccessful.

(b) The court, in determining whether active efforts were made to preserve the Indian child's family for purposes of child placement or permanency, shall ensure the provision of active efforts designed to correct the conditions that led to the placement of the Indian child and shall make findings regarding whether the following activities were appropriate and necessary, and whether the child-placing agency or petitioner ensured appropriate and meaningful services were available based upon the family's specific needs, whether listed in this paragraph or not:

(1) whether active efforts were made at the earliest point possible to inquire into the child's heritage, to identify any federally recognized Indian Tribe the child may be affiliated with, to notify all potential Tribes at the earliest point possible, and to request participation of the Indian child's Tribe;

(2) whether a Tribally designated representative with substantial knowledge of the prevailing social and cultural standards and child-rearing practices within the Tribal community was provided an opportunity to consult with and be involved in any investigations or assessments of the family's circumstances, participate in identifying the family's needs, and participate in development of any plan to keep the Indian child safely in the home, identify services designed to prevent the breakup of the Indian child's family, and to reunify the Indian child's family as soon as safety can be assured if out-of-home placement has occurred;

(3) whether the Tribal representative was provided with all information available regarding the proceeding, and whether it was requested that the Tribal representative assist in identifying services designed to prevent the breakup of the Indian child's family and to reunify the Indian child's family as soon as safety can be assured if out-of-home placement has occurred;

(4) whether, before making a decision that may affect an Indian child's safety and well-being or when contemplating placement of an Indian child, guidance from the Indian child's Tribe was sought regarding family structure, how the family can seek help, what family and Tribal resources are available, and what barriers the family faces that could threaten the family's preservation;

(5) whether a Tribal representative was consulted to determine and arrange for visitation in the most natural setting that ensures the Indian child's safety, when the Indian child's safety requires supervised visitation;

(6) whether early and ongoing efforts occurred to identify, locate, and include extended family members as supports for the Indian child and the Indian child's family;

(7) whether continued active efforts were made to identify and place the Indian child in a home that is compliant with the placement preferences in sections 260.751 to 260.835, including whether extended family members were consulted to provide support to the Indian child and Indian child's parents; to inform the child-placing agency, petitioner, and court as to cultural connections and family structure; to assist in identifying appropriate cultural services and supports for the Indian child and Indian child's parents; and to identify and serve as placement and permanency resources for the Indian child. If there was difficulty contacting or engaging extended family members, whether assistance was sought from the Tribe~~,~~; the Department of Human Services~~,~~; the Department of Children, Youth, and Families; or other agencies with expertise in working with Indian families;

(8) whether services and resources were provided to extended family members who are considered the primary placement option for an Indian child, as agreed upon by the child-placing agency or petitioner and the Tribe, to overcome licensing and other barriers to providing care to an Indian child. The need for services or resources shall not be a basis to exclude an extended family member from consideration as a primary placement. Services and resources include but are not limited to child care assistance, financial assistance, housing resources, emergency resources, and foster care licensing assistance and resources;

(9) whether concrete services and access to both Tribal and non-Tribal services were provided to the Indian child's parents and Indian custodian and, where necessary, members of the Indian child's extended family members who provide support to the Indian child and the Indian child's parents; and whether these services were provided in an ongoing manner throughout the child-placing agency or petitioner's involvement with the Indian family to directly assist the Indian family in accessing and utilizing services to maintain the Indian family, or to reunify the Indian family as soon as safety can be assured if out-of-home placement has occurred. Services include but are not limited to financial assistance, food, housing, health care, transportation, in-home services, community support services, and specialized services; and

(10) whether visitation occurred whenever possible in the home of the Indian child's parent, Indian custodian, or extended family member or in another noninstitutional setting in order to keep the Indian child in close contact with the Indian child's parents, siblings, and other relatives regardless of the Indian child's age and to allow the Indian child and those with whom the Indian child visits to have natural, unsupervised interaction when consistent with protecting the child's safety.

Sec. 62. Minnesota Statutes 2024, section 260B.171, subdivision 4, is amended to read:

(3) the disposition, including, but not limited to, dismissal of the petition, diversion, probation and conditions of probation, detention, fines, or restitution.

The court shall maintain the confidentiality of adoption files and records in accordance with the provisions of laws relating to adoptions. In juvenile court proceedings any report or social history furnished to the court shall be open to inspection by the attorneys of record and the guardian ad litem a reasonable time before it is used in connection with any proceeding before the court.

(e) When a judge of a juvenile court, or duly authorized agent of the court, determines under a proceeding under this chapter that a child has violated a state or local law, ordinance, or regulation pertaining to the operation of a motor vehicle on streets and highways, except parking violations, the judge or agent shall immediately report the violation to the commissioner of public safety. The report must be made on a form provided by the Department of Public Safety and must contain the information required under section 169.95.

(1) whether the actions of the facility or the individual caregivers were according to, and followed the terms of, an erroneous physician order, prescription, individual care plan, or directive; however, this is not a mitigating factor when the facility or caregiver was responsible for the issuance of the erroneous order, prescription, individual care plan, or directive or knew or should have known of the errors and took no reasonable measures to correct the defect before administering care;

(2) comparative responsibility between the facility, other caregivers, and requirements placed upon an employee, including the facility's compliance with related regulatory standards and the adequacy of facility policies and procedures, facility training, an individual's participation in the training, the caregiver's supervision, and facility staffing levels and the scope of the individual employee's authority and discretion; and

(3) whether the facility or individual followed professional standards in exercising professional judgment.

(b) The evaluation of the facility's responsibility under paragraph (a), clause (2), must not be based on the completeness of the risk assessment or risk reduction plan required under section ~~245A.66~~ 142B.54, but must be based on the facility's compliance with the regulatory standards for policies and procedures, training, and supervision as cited in Minnesota Statutes and Minnesota Rules.

(c) Notwithstanding paragraphs (a) and (b), when maltreatment is determined to have been committed by an individual who is also the facility license holder, both the individual and the facility must be determined responsible for the maltreatment, and both the background study disqualification standards under section 245C.15, subdivision 4, and the licensing or certification actions under section 142B.16, 142B.18, 142C.06, 142C.07, 245A.06, or 245A.07 apply.

As provided for under section 142B.20, subdivision 3, or 245A.08, subdivision 2a, the scope of the

Except for family child care and child foster care, reconsideration of a maltreatment determination as provided under this subdivision and reconsideration of a disqualification as provided under section 245C.22 shall also not be conducted when:

(1) a denial of a license under section 142B.15 or 245A.05 or a licensing sanction under section 142B.18 or 245A.07 is based on a determination that the license holder is responsible for maltreatment or the disqualification of a license holder based on serious or recurring maltreatment;

(2) the denial of a license or licensing sanction is issued at the same time as the maltreatment determination or disqualification; and

(3) the license holder appeals the maltreatment determination or disqualification and denial of a license or licensing sanction.

Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under subdivision 2 and section 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under subdivision 2 and sections 245C.27 and 626.557, subdivision 9d.

If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under chapter 245C, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.
